

MANAGER'S REPORT
July 28, 2016

Senior Resource Committee – I met with the Senior Resource Committee on July 27th to discuss the walking tour we did of the downtown area, recommendations in regard to that tour, and other items of interest to the group. In addition to accessibility issues, the topics of transportation and housing were raised as issues that the group is interested in discussing with the Town as we move forward.

Draft Financials – Year End 2015-16 – Attached to this report is a draft of the year end budget financials from 2015-16. I am pleased to report that we returned 6.6% of the total budget to fund balance at year end.

Great Pond Mountain Conservation Trust – Assessor Jef Fitzgerald and I met with the executive director of the Great Pond Mountain Conservation Trust this week to discuss holdings they have in Bucksport and plans for those. In addition, the Trust indicated that it would be happy to work with Bucksport on any conservation/recreation projects that the Town identifies in the future.
