

MANAGER'S REPORT
December 14, 2017

Dog Licenses – A reminder that 2018 dog licenses are now available at the Town Office. Dogs must be licensed by January 31st to avoid a \$25 state-imposed late fee.

Hunt/Fish Licenses – 2018 Hunting and fishing licenses are also available for purchase at the Town Office.

Parade of Lights – Thanks to Chris Grindle and all the helpers and participants who made the 2nd Annual Parade of Lights such a success. We truly appreciate the public spirit of the Town's residents and businesses. The floats were creative and festive and the support of those lining the parade route was amazing!

Wilson Hall Update – I spoke with Developer Richard Campbell today and he reports that he has been meeting with financing sources as well as state regulators and service providers and plans on having a concept drawing and more details related to the proposed project to present at the Council meeting on January 11th.

Night on the Town – Tonight is the Night on the Town celebration sponsored by Heart & Soul and Main Street Bucksport. Many businesses had music playing and a photo booth was in the Heart & Soul building. Despite the COLD temperatures it has been a success and is one more example of holiday fun and community spirit in Bucksport!
