

MANAGER'S REPORT  
July 12, 2018

Transfer Station Decals – In order to solve the problem for people who own property here but who are not year round residents, I have ordered different color transfer station decals. These will be distributed to those property owners that are currently required to come to the Town Office and get a paper pass, which then has to be produced any time that someone goes to the transfer station.

Bucksport Bay Festival – A reminder that the Bay Festival kicks off next Friday (July 20<sup>th</sup>) and a full slate of activities is planned for the weekend. Mark your calendar to participate in this great annual event. There is something for everyone planned into the list of activities.

Wednesday on Main – Another very successful Wednesday on Main was held last night on the Waterfront with Mainely Country for music. We look forward to next Wednesday's entertainment in the same location but this time it will feature jazz! Bring a lawn chair and enjoy some great music in a truly beautiful location.

Main Street Bucksport – An update on Main Street Bucksport activities is included with this report. They have a number of activities ongoing and are only a month away from the first 2 day Bucksport Arts Festival!

Pirates on the Waterfront! – This weekend is the Fort Knox Pirate Parlay and the pirate ship will be departing the Bucksport Town Dock for cruises and cannon firing. There is a cost of \$25 for an hour cruise. There will be many activities related to this event happening at Fort Knox.

Audit – The auditors will be here next week to do the Town's audit for 17/18. They will be here Monday through Wednesday.
