

**REGULAR MEETING
VILLAGE OF BURR RIDGE
PLAN COMMISSION**

**June 15, 2015
7:30 P.M.**

I. ROLL CALL

Greg Trzupek, Chairman

**Mike Stratis
Dehn Grunsten
Robert Grela**

**Luisa Hoch
Greg Scott
Mary Praxmarer**

II. APPROVAL OF PRIOR MEETING MINUTES

A. June 1, 2015 Plan Commission Regular Meeting

III. PUBLIC HEARINGS

A. Z-08-2015: 400-800 Village Center Dr. (Trademark); PUD Amendment and Findings of Fact

Requests an amendment to the Village Center Planned Unit Development, Ordinance #A-834-10-05, to provide for changes to the common areas including the Village Green and adjacent traffic circle, landscaping and seating areas, and entryway signs.

IV. CORRESPONDENCE

A. Board Report - June 8, 2015

B. Building Report – May, 2015

V. OTHER CONSIDERATIONS

There are no other considerations scheduled.

VI. FUTURE SCHEDULED MEETINGS

A. July 6, 2015: The filing deadline for this meeting is June 15, 2015.

B. July 20, 2015: The filing deadline for this meeting is June 29, 2015

VII. ADJOURNMENT

PLEASE NOTE: All Plan Commission recommendations are advisory and are submitted to the Mayor and Board of Trustees for review and final action. Any item being voted on at this Plan Commission meeting will be forwarded to the Mayor and Board of Trustees for consideration at their June 22, 2015 Regular Meeting beginning at 7:00 P.M. Commissioner Scott is the scheduled Plan Commission representative for the June 22, 2015 Board meeting.

PLAN COMMISSION/ZONING BOARD OF APPEALS

VILLAGE OF BURR RIDGE

MINUTES FOR REGULAR MEETING OF

JUNE 1, 2015

1. ROLL CALL

The Regular Meeting of the Plan Commission/Zoning Board of Appeals was called to order at 7:30 P.M. at the Burr Ridge Village Hall, 7660 County Line Road, Burr Ridge, Illinois by Chairman Trzupek.

ROLL CALL was noted as follows:

PRESENT: 6 – Stratis, Hoch, Grunsten, Grela, Scott, and Trzupek

ABSENT: 1 – Praxmarer

Also present was Community Development Director Doug Pollock. In the audience were Trustees Bolos and Schiappa.

2. APPROVAL OF PRIOR MEETING MINUTES

A **MOTION** was made by Commissioner Grela and **SECONDED** by Commissioner Grunsten to approve minutes of the May 18, 2015 Plan Commission meeting.

ROLL CALL VOTE was as follows:

AYES: 6 – Grela, Grunsten, Hoch, Scott, and Trzupek

NAYS: 0 – None

ABSTAIN: 1 – Stratis

MOTION CARRIED by a vote of 6-0.

3. PUBLIC HEARINGS

There were no public hearings scheduled.

4. CORRESPONDENCE

There were no questions or comments regarding the Board Report or the Building Report.

5. OTHER CONSIDERATIONS

A. PC-02-2015: Informal Discussion; 9191 Kingery Highway (Spectrum); Annexation and Zoning for Senior Housing and Retail

Chairman Trzupek asked Mr. Pollock to summarize this request. Mr. Pollock responded that the contract purchaser of the 19 acre property at the southeast corner of 91st Street and Kingery Highway (Route 83) is asking for an informal review of plans for a senior housing and retail development. Mr. Pollock said the property is contiguous to the Village but not incorporated.

Mr. Mike Longfellow of Spectrum Senior Living introduced himself and his engineer, Mr. Steve Cross. Mr. Longfellow described his company. He said Spectrum is primarily an operator of senior housing projects in the west and Midwest. He said they are based on Denver and have 3,000 senior housing units in 27 projects and in 11 states. He said

Spectrum has 1,700 employees. Mr. Longfellow said they have two other projects in the Chicago area and are planning several more. He said they provide assisted living, memory care, and independent living units.

Mr. Longfellow described the plan for the subject property. He said there would be 178 units total including memory care, assisted living, and independent living units with 12 of the independent living units being in the 6 duplex cottages. He said Spectrum would also develop the retail portion of the plan. He introduced Mr. Steve Cross as the engineer for the project.

Mr. Cross described some of the topographical challenges of the site noting a 47 foot change in grade from the west to the east and the use of detention ponds and retaining walls to manage the grade change and stormwater. He noted that the project will have 200 foot or more setbacks from the east and south lot lines and 53 percent open space.

Chairman Trzupek asked about the phasing of the project. Mr. Cross said the entire property would be mass graded but the main senior housing building would go up first. He said they would try to get all of the project done concurrently as they do not want to have residents moving into the units during construction. He said the commercial would be contingent on signing tenants and that the cottage units would be rental units.

Commissioner Stratis asked Mr. Pollock about the Comprehensive Plan. Mr. Pollock said the Comprehensive Plan recommends single family residential for this property.

Commissioner Stratis asked a series of questions to the developer. Mr. Cross said that they would like to annex to become part of Burr Ridge and that they could obtain water and sewer from Du Page County without annexation. Mr. Cross said they intend to contact the Fallingwater Homeowners Association immediately after this meeting; that they will improve 91st Street as required by Village code; that the residences would be age restricted; that the 12 car garage is for residents in the main building; and that the building would be primarily masonry.

Commissioner Stratis said he is an advocate for fencing for a project of this type. He said that he cannot support the three drive through windows for the three commercial buildings as he is concerned they will be heard from the Fallingwater homes.

Commissioner Hoch said she likes the large buffer provided adjacent to the Fallingwater Subdivision. She also agreed that the drive through windows may be a concern relative to their impact on the nearby residents.

Commissioner Grunsten asked about tree retention. Mr. Cross said that most of the trees on the property are scrub trees that will be removed due to the grading. He said there are some larger trees along the east side and along 91st Street that may be preserved. Commissioner Grunsten added that she shares the concern regarding the drive through windows.

Commissioner Grela said the project was intriguing and interesting. He said he is not a proponent of informal discussions as he prefers to hear from neighbors prior to forming an opinion about a project. He said he would like to see building elevations and that he is not opposed to the drive through windows and that separate hearings for drive through services will be required.

Commissioner Grela said that a property value impact analysis should be done by an appraiser or other qualified professional to determine impacts on property values.

Mr. Cross said that they will have a meeting with the Fallingwater Homeowners Association before proceeding with the public hearing. He said from his experience, a project like this will have a positive impact on property values because of the low impact and low traffic volumes.

Commissioner Scott asked if the developer had any fencing planned for the property. Mr. Longfellow said that they looking at fencing on a case by case basis. He said for this project they would likely provide a fence to enclose one of the court yards for security purposes. Also in response to Commissioner Scott, Mr. Longfellow described their security measures for the memory care facility. He noted that the building would be staffed 24 hours a day.

Commissioner Scott suggested section drawings showing the heights of building and grade changes relative to the Fallingwater Subdivision.

Chairman Trzupek asked about exterior building materials and noted that the Village does not want to see the use of EIFS. Mr. Longfellow said the building will be primarily brick and stone and stucco would only be used as an accent.

In response to Chairman Trzupek, Mr. Cross described the nature of the detention ponds. He said they would not hold water all the time and would include a bio swale to filter the stormwater. Chairman Trzupek added that the Village is always concerned about maintenance of stormwater facilities.

Chairman Trzupek expressed his concern with the alignment of the curb cuts on 91st Street. Mr. Cross said they would do a traffic study to review this and other traffic issues.

Mr. Jim Broline, 8473 Carlisle Court, suggested this would be a great opportunity for a LEED certified green building. Mr. Longfellow responded that they typically design the buildings with LEED criteria in mind but not necessarily with LEED certification. He said they are working toward buildings that would be LEED certified.

There being no further questions or comments, Chairman Trzupek closed the discussion on this matter.

B. PC-03-2015: Informal Discussion; 15W069 91st Street (DeRosa); Annexation, Rezoning and Subdivision Variation

Chairman Trzupek asked Mr. Pollock to summarize this request.

Mr. Pollock said the property owner would like to annex the property to Burr Ridge, rezone to the R-3 District, and subdivide the property. He said that due to the narrow width of the property, the owner believes it can only be done if the required 60 foot right of way is narrowed to 50 feet.

Mr. David Schultz, Architect, was present on behalf of the property owner. Mr. Schultz described the property and said that the reduced right of way would allow for a 44 foot deep building pad which is just enough to build a home. He said if they had to dedicate the additional 10 feet, a 34 foot deep building pad would not be sufficient.

Chairman Trzupek asked if they believe they can build marketable homes within the building pad. Mr. Schultz reiterated that they would need the 10 foot variation for the right of way dedication.

Chairman Trzupek asked staff about the Comprehensive Plan for this area and R-3 zoning versus R-2B zoning. Mr. Pollock responded the Future Land Use Plan in the Comprehensive Plan recommends single-family residential for this area and in other sections, the Plan encourages all new residential to be on 30,000 square foot lots or larger.

Commissioner Scott asked staff if there were any other 50 foot rights of way in the Village. Mr. Pollock said he was not sure but that none had been approved for public streets in the last 20 years.

Commissioner Scott said it would be helpful to see how typical homes built in Burr Ridge would fit on the lots.

Commissioner Grela said that he cannot support a variation for the right of way width. He said he thought the building pads were too small even with a 50 foot right of way.

Commissioner Grunsten said she agrees with Commissioner Grela.

Commissioner Hoch said she agrees as well but also would like to see what else exists in this area and how the subdivision would fit into the area.

Commissioner Stratis suggested that if the area is developed, the developer needs to do an assemblage of properties.

Chairman Trzupek wondered what else could be done with the property. He said platting the property as proposed may encourage other development in the area and an overall improvement of the area.

Commissioner Stratis questioned whether the utility easement could be used for the public street turnaround. Mr. Schultz said he was not sure.

There being no other questions, Chairman Trzupek closed the discussion on this matter.

C. PC-04-2015: Annual Nomination of Vice Chair

A **MOTION** was made by Commissioner Grela and **SECONDED** by Commissioner Scott to recommend to the Board of Trustees that Louisa Hoch be appointed as Vice Chairperson of the Plan Commission for a one year term expiring June 9, 2016.

MOTION CARRIED by a vote of a unanimous roll call vote.

6. FUTURE SCHEDULED MEETINGS

Mr. Pollock said the Village Center project was the only matter on the June 15, 2015 Plan Commission agenda. He said this project includes changes to the common area including the traffic circle and new signs.

7. ADJOURNMENT

A **MOTION** was made by Commissioner Hoch and **SECONDED** by Commissioner Stratis to **ADJOURN** the meeting at 9:21 p.m. **ALL MEMBERS VOTING AYE**, the meeting was adjourned at 9:21 p.m.

**Respectfully
Submitted:**

June 15, 2015

J. Douglas Pollock, AICP

**VILLAGE OF BURR RIDGE
COMMUNITY DEVELOPMENT DEPARTMENT
STAFF REPORT AND SUMMARY**

Z-08-2015; 400-800 Village Center Drive (Trademark); Requests an amendment to the Village Center Planned Unit Development, Ordinance #A-834-10-05, to provide for changes to the common areas including the Village Green and adjacent traffic circle, landscaping and seating areas, and entryway signs.

Prepared For: Village of Burr Ridge Plan Commission / Zoning Board of Appeals
Greg Trzupek, Chairman

Prepared By: Doug Pollock, AICP
Community Development Director

Date of Hearing: June 15, 2015

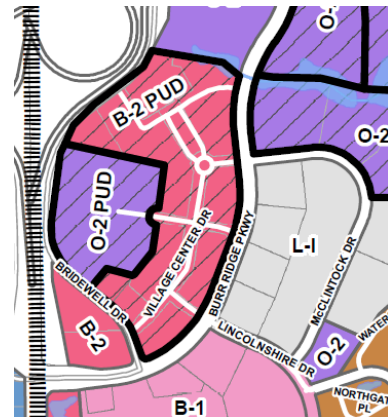

GENERAL INFORMATION

Petitioner: Trademark Property

Property Owner: Founders Properties, LLC

Petitioner's Status: Property Manager

Land Use Plan: Recommends Mixed Use (Retail, Office, and Residential)

Existing Zoning: B-2 Planned Unit Development

Existing Land Use: Mixed Use (Retail, Office, and Residential)

Site Area: @20 Acres

Subdivision: Burr Ridge Village Center

SUMMARY

The owners and management company for the Burr Ridge Village Center have been working with their design team and the residents of the Village Center on a plan for improvements to the common areas. The planned improvements include new landscaping, replacement and addition of seating areas, enhancements to the pedestrian passageways (i.e. paseos) through the 800 and 801 Village Center Drive buildings, redesign of the Village Green including elimination of the traffic circle, and additional signs along Burr Ridge Parkway. Amendments to the Burr Ridge Village Center Planned Unit Development are required for the changes to the Village Green, the elimination of the traffic circle and the additional signs.

Redesign of Village Green: The Village Green is the common area located at the north end of the Village Center between the buildings known as 800-1000 Village Center Drive. It is used on a daily basis as an informal gathering area for residents and shoppers. It is also used for events including the summer concert series, the farmer's market, car show, and jingle mingle.

The redesign of the Village Green includes new landscaping and sitting areas, construction of a permanent concert pavilion at the north end, and construction of a fire pavilion at the south end. The Village Green would also be extended to incorporate the existing traffic circle (see additional comments below). Other than the extension to include the traffic circle, the perimeter dimensions of the Village Green would not change. Sidewalks, on-street parking and curbing adjacent to the Village Green would remain the same.

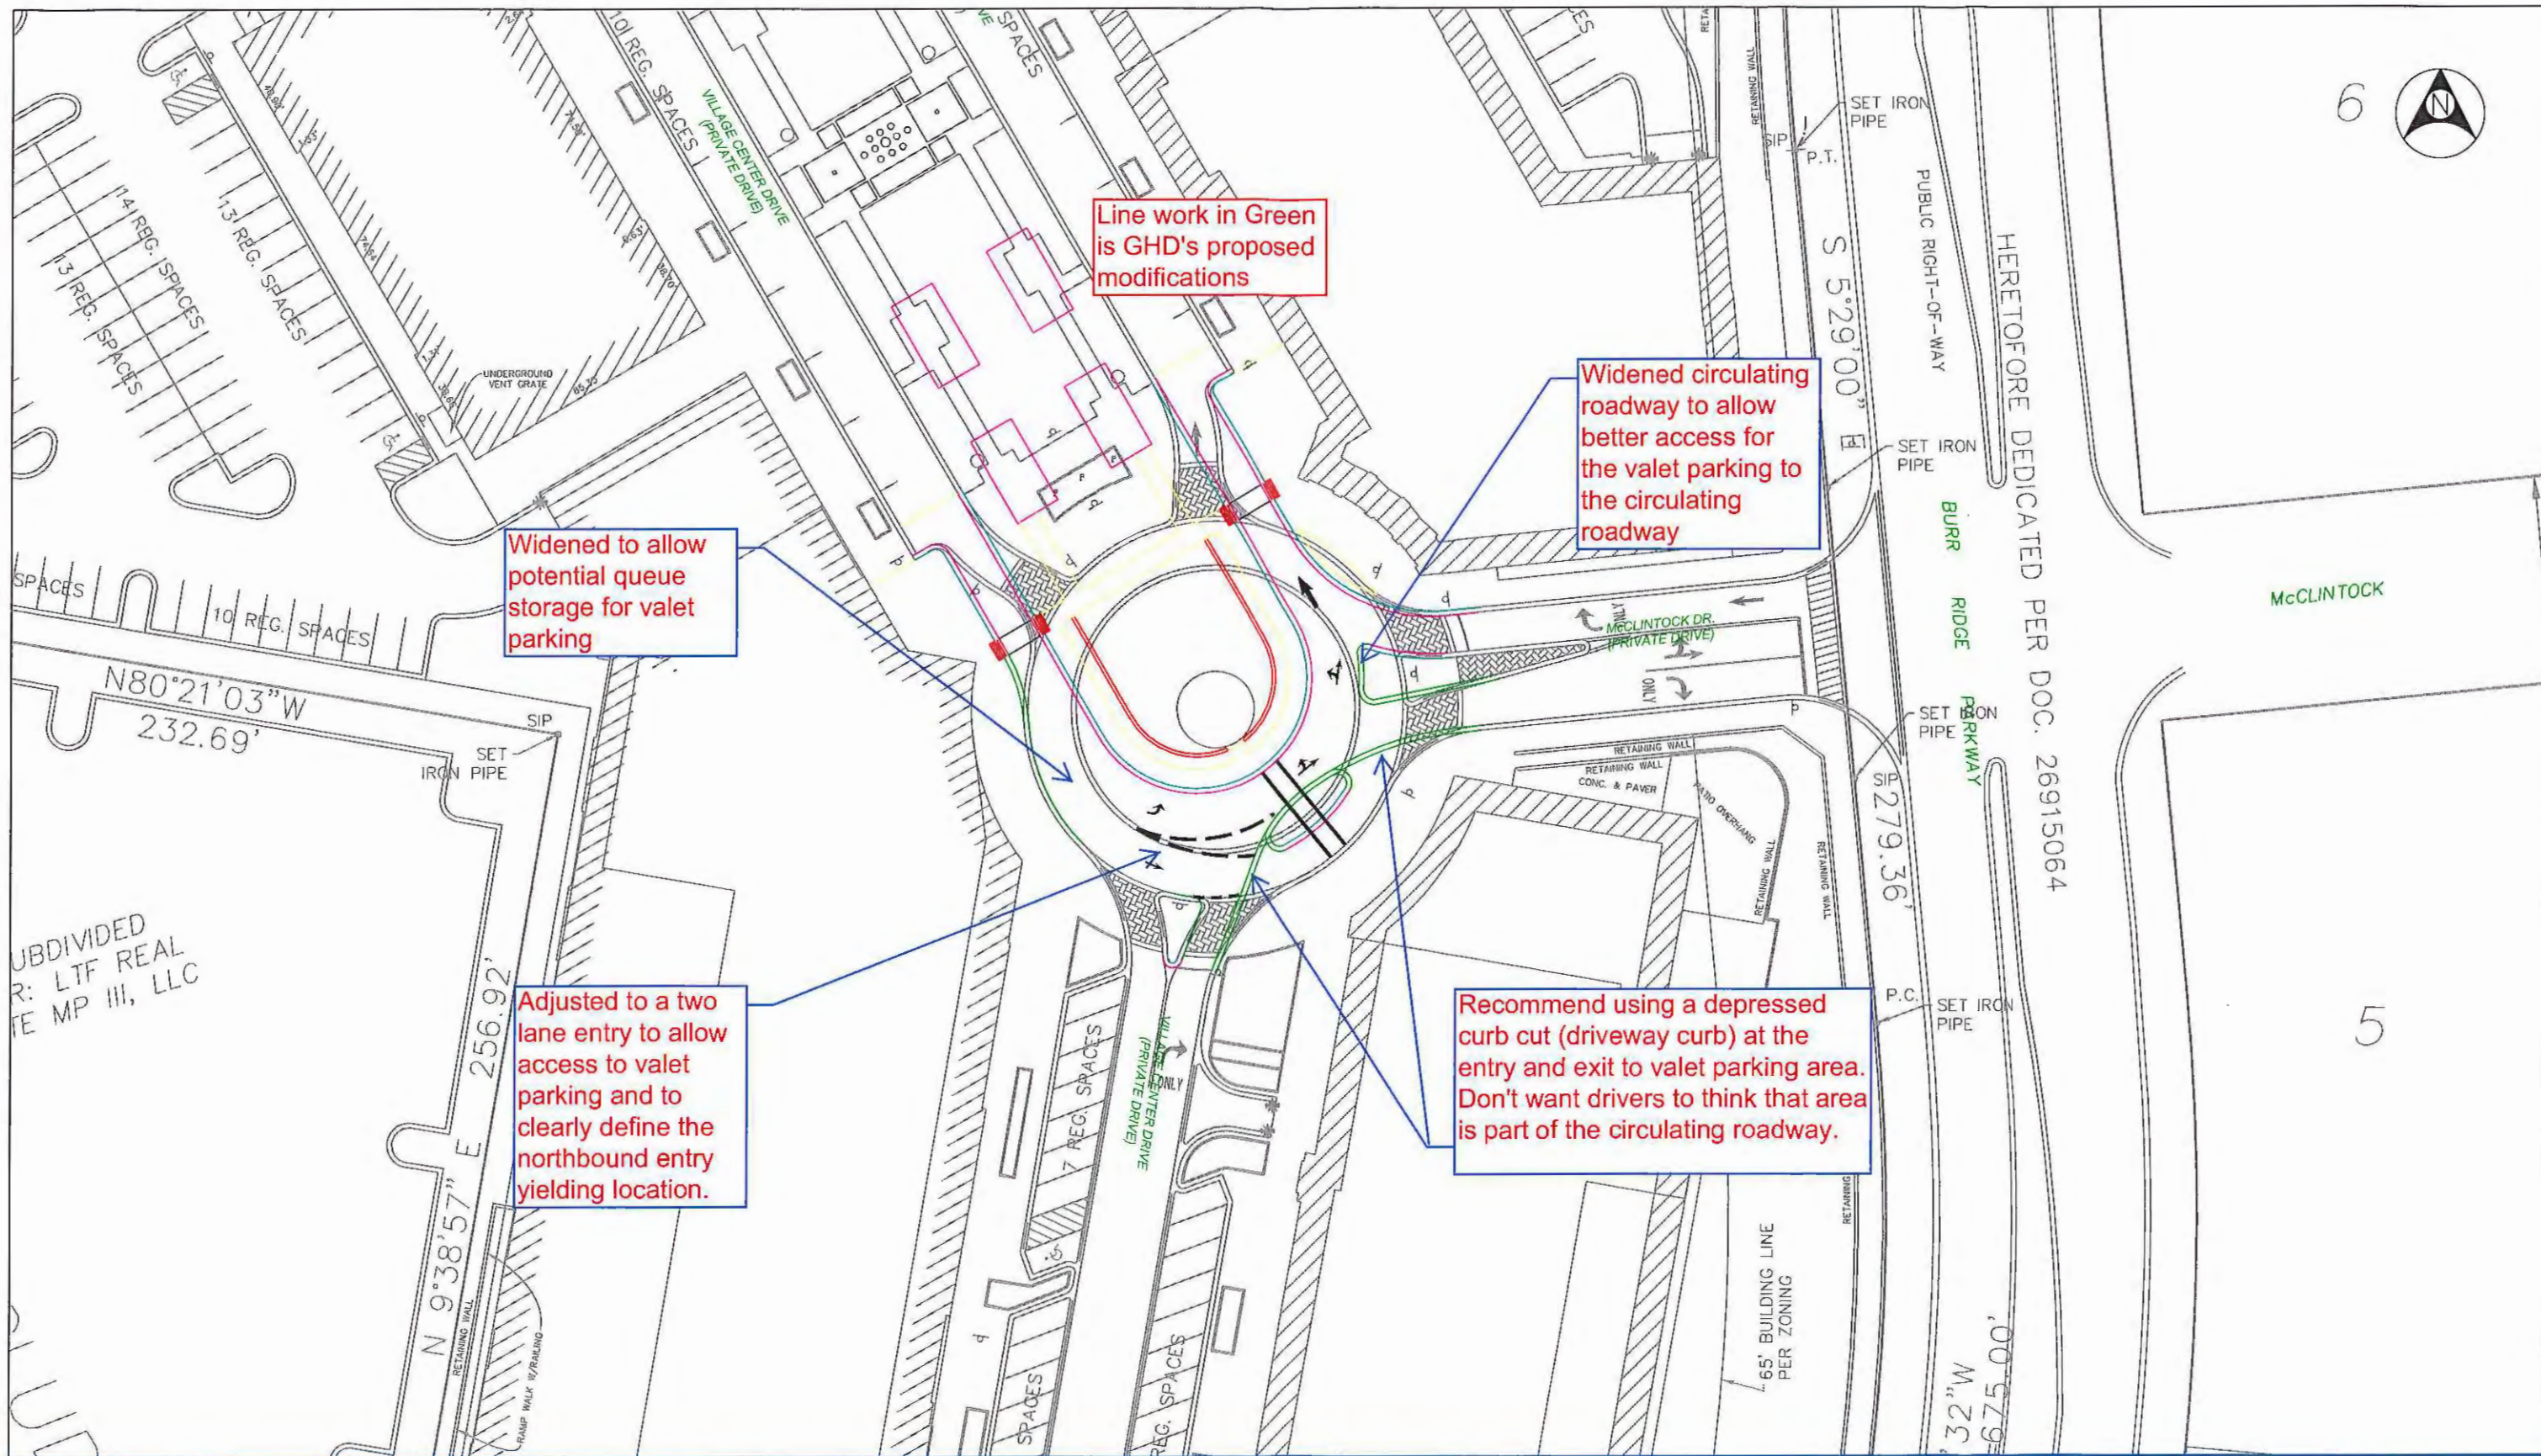

Elimination of Traffic Circle: The re-design of the Village Green includes extending the Village Green and eliminating the existing traffic circle. The leaf sculpture would be relocated to the area in front of 1000 Village Center Drive. The fire pavilion would be located in the current location of the leaf sculpture. Staff hired a traffic engineer to review the proposed reconfiguration of this intersection. Attached is a plan proposing changes intended to improve traffic flow. The changes maintain the proposed reconfiguration of the Village Green and the proposed valet parking drop off lane for Topaz' Restaurant.

Additional Signs on Burr Ridge Parkway: Additional and replacement signs are planned for the four main entrances into the Village Center. The signs include the following:

Two "Large Monument Signs": At the intersection of LifeTime Drive and Burr Ridge Parkway, the petitioner plans to replace the current signs with two pillar signs, four tenant name signs, and two, "Live Shop Dine" logo signs. The pillar signs would be on either side of LifeTime Drive. The pillars are 43'-8" high and about 6.25' wide. The tenant name signs would be added to the existing wall and each would be approximately 22.5 square feet in area. The Live Shop Dine signs would each be about 40 square feet.

Five "ID Style Monument Signs": At the corner of Burr Ridge Parkway and McClintock Drive and at the corner of Burr Ridge Parkway and Lincolnshire Drive, the petitioner proposes a smaller pillar sign on each side of the entryway. These pillars are 24'-8" tall and about 6.25' wide and also include the Live Shop Dine logo. One pillar sign is proposed for the intersection of Bridewell Drive and Burr Ridge Parkway.

Findings and Recommendations: The petitioner has completed the findings of fact which may be adopted if the Plan Commission is in agreement. Due to last minute clarifications regarding the sign plans, staff has not completed comparative calculations regarding existing signs or the sign regulations. Further information will be available on Monday prior to the public hearing. If there is specific information desired regarding signs or any aspect of the proposed PUD amendment, please contact staff and we will try to respond at or before the public hearing.

VILLAGE OF BURR RIDGE

MEMORANDUM

TO: Village of Burr Ridge Plan Commission
Greg Trzupek, Chairman

FROM: Doug Pollock, AICP

DATE: June 11, 2015

RE: Board Report for June 15, 2015 Plan Commission Meeting

At its June 8, 2015 meeting, the following actions were taken by the Board of Trustees relative to matters forwarded from the Plan Commission.

Z-07-2015: 16W020 79th Street (Lyons Truck Sales); The Board approved an Ordinance granting this special use as recommended by the Plan Commission.

Z-04-2015: 322-324 Burr Ridge Parkway (Capri Restaurant); The Board approved Ordinances granting the special uses and parking variation as recommended by the Plan Commission.
