

**VILAGE OF BURR RIDGE - STREET POLICY COMMITTEE
BURR RIDGE VILLAGE HALL
JANUARY 9, 2023 – 6:00 PM**

- 1. CALL TO ORDER**
- 2. ROLL CALL**
- 3. APPROVAL OF MINUTES OF DECEMBER 13, 2021 MEETING**
- 4. CONSIDERATION OF YEAR-END SUMMARY OF 2022 CAPITAL PROGRAM**
- 5. CONSIDERATION OF FY2024 MOTOR FUEL TAX FUND**
- 6. CONSIDERATION OF THE 2023 ROAD PROGRAM**
- 7. OTHER CONSIDERATIONS**
- 8. PUBLIC COMMENT**
- 9. ADJOURNMENT**

M E M O

To: Mayor Grasso & Street Policy Committee
From: David Preissig, P.E., Director of Public Works & Village Engineer
Date: January 6, 2023
Subject: Summary of Agenda Items for the 01/09/2023 Committee Meeting

1) CALL TO ORDER

2) ROLL CALL

3) APPROVAL OF DECEMBER 13, 2021 MINUTES

Please see minutes in *Attachment A* for consideration.

4) YEAR-END SUMMARY OF THE 2022 CAPITAL PROGRAM

The Capital Project Funds consist of the Capital Improvement Fund (streets, buildings and sidewalks), the Equipment Replacement Fund, and the Stormwater Management Fund. In this current fiscal year and continuing in future years, the capital outlay within the Capital Improvement Fund now includes the previously separated the Sidewalk/Pathway Fund.

The Capital Improvement Fund, related to streets, is discussed herein. In FY23, this fund relied on the Motor Fuel Tax (MFT) and transfers from the Hotel/Motel Tax Fund to complete the Village's annual road program.

The total of Capital Improvement Program contracts completed in FY2023 is \$634,385, which is \$165,095 under budget. Significant savings were achieved in asphalt patching that was anticipated for our first-ever project on 89th Street, but which were not actually needed due to the better-than-anticipated condition of the road. Road Program contracts this year, for their advantageous pricing and contractor availability, incorporated additional work on water main repair patching (Water Fund) and various sidewalk repairs.

The Director of Public Works/Village Engineer will discuss each contract and the overall expenditures summarized as follows:

<u>2022 Road Program (FY2023)</u>	<u>Final Cost</u>	<u>Budget</u>
Resurfacing, Patching, Sidewalk Repairs	\$ 526,318	\$ 684,480
Crack Sealing Streets Contract	\$ 79,977	\$ 80,000
Pavement Marking Program	\$ 18,480	\$ 20,000
Material Testing Services	\$ 9,610	\$ 15,000
<u>Total Road Program</u>	<u>\$ 634,385</u>	<u>\$ 799,480</u>
	<u>\$165,095 under budget</u>	

5) CONSIDERATION OF FY2024 MOTOR FUEL TAX FUND

The Motor Fuel Tax (MFT) Fund accounts for the Village's share of the State imposed tax on gasoline and diesel fuels. This fuel tax is collected by the State and partially distributed to municipalities based on a specific formula related to resident population. In July 2020, the fuel tax was increased to \$.387 per gallon of gasoline and \$.462 per gallon of diesel fuel. In September 2022, the Illinois Department of Transportation (IDOT) updated its allocations to municipalities using the populations as certified by the 2020 Census. The September allotment, disbursed in October is the first to use these updated populations. IDOT does not make retroactive changes to previous allotments as a result of census updates. The Village annually is forecast to receive an additional \$39,900 in motor fuel tax resulting from the 2020 Census figures.

In past years on an annual basis, the Village typically records transfers from the Motor Fuel Tax Fund to the Capital Improvement Fund to partially cover the actual cost of the Village's Annual Road Program. Beginning in FY2024, staff proposes to allocate its MFT funds to other uses previous paid by General Fund revenues, such as salt purchases, maintenance contracts, or other expenditures which are annually recurring in the Village's budget. Use of MFT funds is permitted for a wide range of road maintenance and improvement programs, contracts, and other payments as authorized by IDOT [See Attachment B for excerpts of the State's policy "Motor Fuel Tax Funds Source, Distribution, & Uses for Municipality"]. Staff's reasoning for this change of policy is threefold: first, it will create a significant time savings in the overall development of the Road Program since IDOT will not be required to review or approve the Village's bid documents and award recommendation; second, additional contractors which would not otherwise be statutorily permitted to bid on IDOT contracts would be invited to bid on the Village's Road Program, thus opening the process up to more competitive bidding and likely possibly lower final bids; third, Village staff has experienced the aforementioned points when the 2019 Road Program contracts did not use MFT funds.

The projected Motor Fuel Tax Fund forecasts are still in progress, but could now total approximately \$468,000 annually based on a revised population of 11,192.

6) CONSIDERATION OF THE 2023 ROAD PROGRAM RECOMMENDATION

Utilizing primarily the Pavement Condition Rating (PCR) tabulations from the 2021 Street Rating Survey, while considering anticipated schedules for private site development, Village water main replacement and other Village street improvements, staff develops a comprehensive plan for its annual Road Program. Staff is committed to providing a balanced, nominal budget while ensuring a sustainable pavement condition on the Village's street network, which incorporates a proactive pavement maintenance strategy.

Using the methodology above, the Public Works Department also projects a 5-year sustainable budget amount that provides for future Road Program projects, as included for discussion in *Attachment C*.

Proposed 2023 Road Program

The proposed 2023 Road Program presented for consideration by the Committee includes the following Burr Ridge roadways:

- Devon of Burr Ridge subdivision (between 87th and 91st Streets)
 - Aintree Ln
 - Grant St – south of 87th St
 - Hunter Ct
 - Bridle Ct
 - Devon Dr
 - Devon Ct
 - Wedgewood Dr – south of 87th St
 - Saddle Ct
 - Hanover Ct
 - Regent Ct
 - Royal Dr
 - Morgan Ct
 - Tori Ct
 - Westminster Dr
- Design engineering for the 2024 Rebuild Illinois (RBI)-funded project for 83rd Street
- Pavement maintenance including patching, crack sealing, pavement marking
- Quality assurance with material testing contract

2023 Capital Improvement Summary

In 2023, proposed street resurfacing and preventative maintenance in the Capital Improvement Fund would include construction and related services in the amount of \$954,500.

ACTION: It is our recommendation that the Street Policy Committee direct staff to prepare plans, specifications, estimates, and funding resolutions to advance the proposed 2023 Capital Improvement Program as described herein.

7) RESIDENT QUESTIONS

Appendix A: 2021 Street Survey Report, updated to 2022 Road Program contracts

**MINUTES
STREET POLICY COMMITTEE
Burr Ridge Village Hall Board Room
7660 S. County Line Road, Burr Ridge
Monday, December 13, 2021**

CALL TO ORDER

Mayor Grasso called the meeting to order at 5:34 p.m.

ROLL CALL

Present: Mayor Grasso, Trustee Al Paveza, Trustee Guy Franzese, Trustee Tony Schiappa
Also Present: Village Administrator Evan Walter, Public Works Director/Village Engineer David Preissig, Assistant to the Public Works Director Andrez Beltran, Administrative Intern Gabriel Lopez

APPROVAL OF DECEMBER 14, 2020 MINUTES

Trustee Paveza made a motion to approve the minutes of December 14, 2020. The motion was **seconded** by Trustee Schiappa, and **approved** by a vote of 3-0.

YEAR-END SUMMARY OF 2021 CAPITAL PROGRAM

Public Works Director David Preissig stated that the total 2021 Capital Improvement Program contracts completed for street maintenance, which extended to Sidewalk/Pathway Fund maintenance tasks, was \$880,496, coming in \$10,122 under budget. Due to advantageous pricing and contractor availability, the 2021 Road Program incorporated additional work on water main repair patching (Water Fund), various sidewalk repairs (Sidewalk/Pathway Fund), and parking lot maintenance at public buildings. Mayor Grasso thanked staff for bringing in these contracts under budget, while continuing to provide the great service for which the Village is known.

PRESENTATION OF 2021 BIENNIAL STREET SURVEY

Mr. Preissig presented the findings of the 2021 Street Rating Survey, which calculates a Pavement Condition Rating (PCR) for each street from a number of factors. These ratings help to determine project priorities and ensure that pavement maintenance is programmed in such a manner as to maximize benefits, minimize costs, and provide equity among stakeholders. Mr. Preissig estimated that the resurfacing cycle for Burr Ridge streets is currently between 16 and 26 years, and highlighted how small investments can reduce future costs through preventative maintenance to stop future deterioration.

Trustee Schiappa made a note of how he can tell how much nicer Village of Burr Ridge roads are compared to neighboring villages. Mayor Grasso spoke highly of the Village of Burr Ridge standards for roads and shared that he hears from residents with the same sentiment as Trustee Schiappa. He continued that the quality of roads in the Village is an example of the long standing policy of the Village's high standards in service provided to residents.

DISCUSSION OF FY22 & 23 MOTOR FUEL TAX FUND REVENUE FORECAST

Mr. Preissig provided a projection of Motor Fuel Tax (MFT) funds for fiscal year 2022 (\$423,967) and 2023 (\$429,233). Village Administrator Walter shared that once the state certifies the 2020 Census numbers, the Village should receive additional MFT revenues of approximately \$48,000.

PRESENTATION OF 2022 ROAD PROGRAM RECOMMENDATION

Mr. Preissig presented the 2022 Road Program and Capitol Improvement budget, which included a five-year projected budget that ensures a sustainable pavement condition on the Village's street network using a proactive pavement maintenance strategy.

The proposed 2022 Road Program highlights Cabernet Court, the Woodcreek Subdivision and Grant Court (specifically from Grant Street to the west end; Garfield Avenue to Woodcreek Drive, and Woodcreek Drive & Court), 82nd Street, 89th Street, Longwood Drive, and Lee Court. Pavement maintenance including patching, crack sealing, pavement marking, and quality assurance with material testing contract.

The proposed 2022 Road Program includes construction in the amount of \$768,300. With MFT revenue forecasted approximately in the amount of \$429,223 with other Village revenue transfers such as Hotel/Motel funds forecasted at approximately \$407,357. It includes \$68,280 in contingency costs included in staff's cost projection. Administrator Walter addressed the funding amounts and highlighted the sustainability of a "lock box" funding strategy, which will contain funds dedicated sufficiently to maintain the high standards of road maintenance.

The Committee discussed the proposed 2022 Road Program and the Village's system-wide PCR. With the projected cost of keeping the roads at an 85 PCR rating being approximately \$1.4 million per year, the Committee asked for example of roads that were of lesser PCRs. Mr. Preissig presented roads with roads between 55 and 70 PCR. The Committee agreed that the 70 PCR roads were in good shape with only a little maintenance. Overall, they liked the balance of using only restricted funds and meeting the highest needs first.

A motion to recommend approval of the 2022 Road Program as submitted was made by Trustee Franzese. Trustee Paveza **seconded** the motion. Mayor Grasso called for a roll call. Trustee Paveza voted Aye, Trustee Franzese voted Aye, Trustee Schiappa voted Aye, Mayor Grasso voted Aye. The motion was **approved** by a vote of 4-0.

ADJOURNMENT

There was no public comment. There being no further business, a **motion** was made by Trustee Franzese to adjourn the meeting. The motion was **seconded** by Trustee Schiappa and **approved** by a vote of 4-0. The meeting was adjourned at 6:04 p.m.

Respectfully submitted,

David Preissig, P.E.
Public Works Director/Village Engineer

Motor Fuel Tax Funds

Source, Distribution & Uses for Municipality 2020

Motor Fuel Tax Funds Source, Distribution, & Uses for Municipality

Prepared and Published by
Illinois Department of Transportation
Bureau of Local Roads & Streets

Springfield, IL
July 1, 2020

DOCUMENT CONTROL AND REVISION HISTORY

The Motor Fuel Tax Funds Source, Distribution, & Uses for Municipality is reviewed after the general township election every four years. Changes to this manual are approved by the Bureau of Local Roads & Streets, Illinois Association of County Engineers, and the Township Officials of Illinois.

Distribution

This manual is available in the Illinois Technology Transfer Center's library as a Portable Document Format (PDF) on the Center's web site and as a hard copy. Hard copies are also provided to the Illinois Association of County Engineers and the Township Officials of Illinois for highway commissioner training.

Revision History

The Bureau of Local Roads & Streets maintains archived copies of the manual since 2001.

<u>Revision Date</u>	<u>Description</u>	<u>Approval</u>
July 1, 2017	Updated Changes in Policy and Statute	Barry Kent
July 1, 2020	Updated Added information on Transportation Renewal Fund	Stephane Seck-Birhame

PREFACE

This pamphlet was prepared to provide local public agencies officials with a quick reference to the source, distribution and uses of Motor Fuel Tax funds. The contents of this document shall serve as a reference and not the final authority on the receipt or expenditure of Motor Fuel Tax funds.

The following chapters of the Illinois Compiled Statutes were used in the development of this pamphlet:

- Chapter 35 Revenue,
- Chapter 55 Counties,
- Chapter 60 Townships,
- Chapter 65 Municipalities, Chapter 605 Highway Code.

The following chapters of the Bureau of Local Roads and Streets Manual were used in the developments of this pamphlet:

- Chapter 2, 3, and 4.

EXPENDITURE OF THE ILLINOIS MOTOR FUEL TAX FUND

The expenditure of MFT funds requires the approval and supervision of the Department of Transportation. The corporate authorities of the municipality must adopt an ordinance or a resolution appropriating the MFT funds. The ordinance or resolution shall state how the funds will be used and shall be submitted to the appropriate IDOT district office for approval. When MFT funds are used for construction, the ordinance or resolution must specify the location, type(s), length and width of proposed construction.

The Department of Transportation's approval of plans, specifications, and estimates of any construction project must be obtained prior to advertising it for bids as well as prior to awarding any contract. When MFT funds are used for maintenance, the Department of Transportation's approval of the maintenance estimate must be obtained prior to advertising the project for bid. All work requiring bids must be advertised in the Department of Transportation's weekly Contractors Bulletin. Engineering agreements also require approval by the Department.

Please contact the Bureau of Local Roads and Streets in your IDOT district if you have any questions regarding MFT expenditures.

PERMISSIBLE USES OF THE ILLINOIS MOTOR FUEL TAX FUND FOR MUNICIPALITIES

WORK ITEM	REFERENCE
Construction and Maintenance of:	
• Joint Improvements/ Construction or Maintenance Agreements	605 ILCS 5/4-409, 605 ILCS 5/9-101
• Municipal Streets and Extensions, Municipal Alleys, County Highways and Extensions, State Highways, and Federal-aid Routes within the municipality	605 ILCS 5/7-202.1, 202.1a, 202.1b, 202.2, 202.3 & 202.4
• Traffic Control and School Crossing Signals	605 ILCS 5/7-202.5
• Street Lighting Systems	605 ILCS 5/7-202.6
• Storm Sewers	605 ILCS 5/7-202.7
• Pedestrian Subway or Overhead Crossings	605 ILCS 5/7-202.8
• Sidewalks and Pedestrian Paths	605 ILCS 5/7-202.15
• Off-Street Parking Facilities	605 ILCS 5/7-202.17
• Bicycle Signs, Paths, Lanes, or Bicycle Parking Facilities	605 ILCS 5/7-202.20
• Grade Separations and Approaches	605 ILCS 5/7-202.21
• Non-dedicated Subdivision Roads established before July 23, 1959	605 ILCS 5/7-202.21a
Allotment of Funds for:	
• Investments and Deposits	50 ILCS 340/1
