PLEDGE OF ALLEGIANCE

Unfortunately, we were unable to schedule a student for this meeting.

6. ORDINANCES

A. Deny Variations (7383 Madison Street - Gofis)

Attached is an Ordinance denying a zoning variation for a driveway gate. At the December 12, 2016 meeting, the Board of Trustees directed staff to prepare this Ordinance based on the Zoning Board of Appeals (i.e. Plan Commission) recommendation and the determination that the request does not meet the zoning standards for a variation. Also on this agenda is a Resolution prepared by the Village Attorney granting temporary approval of the same variations based on the requirements of the Americans With Disabilities Act and the Fair Housing Act Amendments.

It is our recommendation: that the Board approves the Ordinance.

B. Special Use Approvals (7660-7630 County Line Road - Med Properties)

C. Variations (7660-7630 County Line Road - Med Properties Group)

Attached are Ordinances approving special uses and variations to accommodate the construction of the RIC (Rehabilitation Institute of Chicago) building. At the December 12, 2016 meeting, the Board of Trustees directed staff to prepare these Ordinances based on the Plan Commission recommendation for approval.

The conditions for approval in both ordinances include a requirement to present final stormwater engineering plans and final architectural plans to the Plan Commission for review. Staff and the petitioner have met with some of the neighbors regarding stormwater and are progressing toward a final stormwater plan that will be acceptable to the petitioner and to the neighbors. Staff has also met with Chairman Trzupek and the petitioner to review final architectural materials. It is anticipated that the final engineering and final architectural plans will be presented to the Plan Commission at one of the two upcoming meetings.

The petitioner has also requested that the Board of Trustees modify the condition recommended by the Plan Commission requiring a vinyl or other maintenance free fence. The petitioner would like the option of installing a wood fence with the understanding that they would maintain both sides of the fence. If this is done, staff would recommend establishing a fence easement that requires the property owner to maintain the fence similar to what would be required for stormwater ponds. The easement would give the Village the right but not the duty to perform maintenance on the fence if the owner fails to do so and to lien the property for any costs incurred.

It is our recommendation: that the Board approves the Ordinance with the change to permit the option of a wood fence and establishment of a fence easement as described above.

D. Annex Properties (15W720 and 15W760 89th Street)

Attached is an Ordinance annexing the property at 15W720 89th Street and a small strip of land that is part of the annexed property at 15W760 89th Street. Both parcels are surrounded by the Village and, thus, may be annexed by Village initiative. Staff has talked with both property owners and neither object to the annexation.

This property was not included in the pre-annexation agreements referenced in Agenda item 6-E below. At the time of those agreements, this property was the subject of foreclosure related actions and was split to add 26 feet to the Burr Ridge property at 15W760 89th Street. Those actions have been completed.

It is our recommendation: that the Board approves the Ordinance.

E. Annex Properties (15W620 89th Street, 15W560 89th Street, 15W520 89th Street, 15W450 89th Street, 15W599 89th Street, 10S230 Grant Street)

Attached is an Ordinance annexing six parcels in the vicinity of 89th Street and Grant Street. In August of 2015, the Village entered into Pre-Annexation Agreements with each of the six property owners. The agreement mandated that the properties would be annexed in January, 2017. As per the Agreements and as per the Zoning Ordinance, all legally established structures on the property are grandfathered.

It is our recommendation: that the Board approves the Ordinance.

F. Amend Chapter 25 (Liquor Control)

Attached please find an Ordinance amending the Liquor Control Ordinance to increase the number of Class A Liquor Licenses to one, thereby establishing a liquor license for King Bruwaert House.

It is our recommendation: that the Ordinance amending Section 25.09 of

Chapter 25 of the Burr Ridge Municipal Code regarding Liquor Control be approved.

7. RESOLUTIONS

A. Allow Driveway Gate (7383 Madison Street – Gofis)

Attached is a Resolution prepared by the Village Attorney approving temporary zoning relief for a driveway gate. The approval is based on the Americans With Disabilities Act and the Fair Housing Act Amendments rather than on the Zoning Ordinance standards for zoning variations. The Resolution provides for temporary relief up to 10 years with a stipulation that it can be extended by the Village Board as may be shown to be needed by the property owner.

A question that came up in the Board discussion was whether a vehicle could turn idle within the driveway apron without interfering with traffic on Madison Street. With the 3 foot proposed setback, there is approximately 30 feet between the street curb and the gate. A typical vehicle is less than 20 feet in length.

It is our recommendation: that the Board approves the Resolution.

B. Approve Plat of Easement (7820 County Line Road)

Attached is a Resolution approving a Plat of Easement for landscape preservation on the property at the northwest corner of County Line Road and 79th Street. The Zoning Ordinance states that the front yard setback for a new home on County Line Road “may be reduced to not less than 60 feet provided that the property is landscaped in accordance with a landscaping plan approved by the Village and provided that a Declaration of Covenants or landscape easement be recorded to ensure the maintenance of said landscaping in such a manner as to retain at least the intended standards of the approved landscaping plan”. There is a new home built on this property which utilizes the provision for a 60 foot front yard setback. A landscape plan was provided and the Plat of Easement will require the continued maintenance of the landscaping.

It is our recommendation: that the Board approves the Resolution.

8. CONSIDERATIONS

A. Plan Commission Recommendation – Deny Variation (15W241 81st Street – Paulan)

Please find attached a letter from the Plan Commission recommending denial of a request by Mr. Ken Paulan for a variation from the Zoning Ordinance to permit the combined horizontal area of all accessory buildings, structures and uses to be 45% of the rear yard rather than the maximum permitted area of 30% of the rear yard.

The petitioner claimed a hardship based on the configuration of the property and the location of the home at the far south end of the property which results in a very small back yard for this 2.5 acre property (the back yard is less than 12,000 square feet). Based on the information presented at the hearing, the Plan Commission determined that that any hardship that existed resulted from the petitioner's decision to construct a large accessory building on the property. The accessory building used 2,400 square feet of the permitted 3,646 square feet of rear yard coverage. There was also concern from neighbors who did not want to see any additional construction in the rear yard and were concerned about drainage impacts on their property.

The petitioner asked that the Board consideration be tabled from the December 12, 2016 meeting. Since that time, the petitioner has met with the neighbors and has submitted information clarifying that the driveway will be built with permeable pavers (attached). At the Plan Commission meeting, the petitioner testified that the driveway would be impervious.

The petitioner has also met with staff and has indicated he is willing to limit the variation to 38% rear lot coverage which would permit a driveway to the detached accessory building but no additional accessory structures in the rear yard. As previously reported, staff mistakenly issued the permit for the accessory building with a driveway that resulted in 38% rear lot coverage. A copy of the approved site plan for the 2013 accessory building permit is attached.

It is our recommendation: that the Board concurs with the Plan Commission and directs staff to prepare an Ordinance denying the variation.

B. Street Policy Committee Recommendation – 2017 Road Program

The Capital Improvements Program consists of the annual Road Program which includes resurfacing of local roads, preventative maintenance, and pavement marking in the amount of \$675,500, and Improvement projects which includes larger projects on Federal-Aid routes. This year's improvement project includes a grant for the resurfacing of 79th Street from County Line Road to Madison Street in the amount of \$506,000. The Road Program is developed by the Engineering Division from the biennial street rating survey as well as coordination with grant funded projects.

The total costs of the proposed 2017 Capital Improvements Program is \$1,181,500 which includes construction costs in the amount of \$1,112,500, and \$69,000 for engineering services. Detailed analysis of the proposed program can be found on the following page. Motor Fuel Tax (MFT) revenue is the only dedicated funding source for this work, which is forecasted in the amount of \$275,000. The federal Surface Transportation Program (STP) grant will provide 75% of the costs for resurfacing 79th Street, or approximately \$339,000. Therefore, a total Village obligation of \$567,500 is anticipated to fund this work.

In addition to existing Capital Projects Fund surplus, Staff anticipates the need to transfer approximately \$180,024 into the Capital Projects Fund to fully fund the 2017 Capital Improvement Program. Staff recommends utilizing one-time revenues from the Village's IRMA Excess/Surplus Account to cover this expense. (See note below**)

The Street Policy Committee at its re-scheduled meeting on December 19, 2016, recommended approval of the 2017 Capital Improvements Program and the aforementioned use of one-time revenues to fund this program.

At the Village Board meeting on January 9, 2017, the Director of Public Works will present summaries of the completed 2016 construction season and details of the proposed 2017 Capital Improvements Program.

Please do not be confused by the fact that we may be able to squeak by another year to fund the Road Program with the need to find additional revenue for future years. Future deficits in the Capital Projects Funds are real. With all existing Capital Projects Fund surpluses exhausted in FY 17-18, the only source of revenue remaining will be the Motor Fuel Tax (\$275,000 per year). Future deficits for the Road Program and Capital Improvement Projects are projected as follows:

FY 2018-19	\$499,230
FY 2019-20	\$672,580
FY 2020-21	\$423,130
FY 2021-22	\$412,770

These deficits are unsustainable and must be addressed by the Village Board.

It is our recommendation: that the Village Board approve the Street Policy Committee recommendation for the 2017 Capital Road Improvements Program and commits to use one-time surplus funds found in our IRMA Excess/Surplus Account, to cover the amount needed to fully fund this program.

****Note:** IRMA (Intergovernmental Risk Management Agency) is a liability insurance pool designed for municipalities. The Village has been a member of IRMA since 1990. In IRMA, each claim year (based on the calendar year) is kept separate for accounting purposes. After several years go by, as a claim year "matures," a determination is made whether there is sufficient funds in that claim year to cover anticipated claims. If it is determined that there is more money in a specific claim year than is needed, the IRMA Board of Directors declares a surplus and money is returned to the members, based on each municipality's prorated share. Conversely, if it is determined that there are insufficient funds available in any claim year, a "special assessment" may be assessed and members of the pool will be required to pay in more to that claim year, again based on the member's prorated share.

Over the years, the Village has generated a surplus in the IRMA

Excess/Surplus Fund, with the current amount being \$640,158. These dollars are separate from the equity figures found in the General Fund and are kept in the IRMA account due to the ability of generate better investments returns.

IRMA surpluses were last used by the Village during the great recession. Although the total amount of the surplus is available to the Village at any time, I would recommend that at least \$200,000 be kept in the fund to cover any potential “special assessments” that may occur in the future.

C. 2017 Raffle License/Hosting Facility License – Chamber of Commerce

Enclosed is an application from the WB/BR Chamber of Commerce to conduct raffles at various times throughout calendar year 2017, as part of their ongoing fundraising efforts, as well as a letter requesting waiver of the fidelity bond requirement. Also enclosed is a request from the Chamber that a blanket hosting facility license be issued to allow them to hold their raffles at various locations throughout the year.

It is our recommendation: that a Blanket 2017 Raffle and Chance License be issued to the WB/BR Chamber of Commerce for its various fundraising events throughout the year, with the fidelity bond waived, and that a blanket hosting facility license be issued to allow them to hold their raffles at various locations throughout the year.

D. Contract for Tree Trimming

Village parkway trees between 83rd Street and 87th Street are scheduled for parkway tree trimming and pruning during this winter season. Parkway trees are routinely trimmed and pruned on a 7-year cycle, and this area was last trimmed in 2010. Parkway trees with diameters greater than 8” would be trimmed by a contractor, while smaller-diameter trees would be trimmed by the Forestry and Grounds Division of our Public Works Department.

The Forestry and Grounds Division denotes this section of the Village as Area 6, and has measured and recorded the diameters and quantity of trees within this area. Meadowbrook Drive is excluded since it was completed in 2016. A total of 1,108 trees in Area 6 will be contractually trimmed this year with a total diameter of 17,670 inches.

The Village has maintained a tree trimming contract with Winkler’s Tree Service of LaGrange Park. Winkler’s has agreed to hold their contracted prices, unchanged since 2008. This contractor has become proficient at providing this service to the exacting standards of our Village Arborist, who has been pleased with the quality of work performed by Winkler’s crews.

The diameter-inch unit price for tree trimming is \$3.60 for a total contract cost not to exceed \$63,610. This amount is \$4,810 more than the budget amount of \$58,800. Adequate funds are available in the Maintenance-Trees account for this work because Com Ed transmission line tree trimming was completed

at no cost to the Village, for a savings of \$5,000 in the FY 16-17 budget.

It is our recommendation: that the contract for tree trimming be awarded to Winkler's Tree Service in the amount not to exceed \$63,610.

E. Vendor List

Enclosed is the Vendor List in the Amount of \$1,030,440.25 for all Funds, plus \$494,498.41 for payroll, for a grand total of \$1,524,938.66, which includes Special Expenditures of \$247,040.00 to IRMA for our 2017 Annual Contribution.

It is our recommendation: that the Vendor List be approved.

PUBLIC HEARING
2016 TAX LEVY

CALL TO ORDER The Public Hearing of the President and Board of Trustees for the 2016 Tax Levy was held in the Meeting Room of the Village Hall, 7660 South County Line Road, Burr Ridge, Illinois and called to order by President Straub at 7:23 p.m., with the same Trustees in attendance as immediately preceding the Public Hearing.

NOTICE OF HEARING was published in The Suburban Life Newspaper on December 2, 2016.

PURPOSE OF HEARING is to consider the 2016 Tax Levy.

PRESENTATION Village Administrator Steven Stricker gave an overview of the 2016 tax levy. He stated the Corporate Levy is \$243,903, Police Protection Levy is \$162,602 and the Police Pension is \$780,713 for a total request of \$1,187,218 or a 4.7% increase or \$53,348 over the prior year. He explained that the Village always requests a higher amount than is anticipated in order to capture all the dollars that are available.

He continued that the actual 2015 extended amount and what is being proposed for this year is in the Police Pension Levy which increased by \$98,777 with the total tax increasing \$53,081. In order to make up that difference there was a reduction in Corporate Levy and Police Protection Levy of \$45,429. He continued that the Debt Service for the Lake Michigan Water Project ended in December, 2016 and next year this will represent a savings to the taxpayers of \$520,655.

Mr. Stricker pointed out the majority of the property tax dollars goes to the Police Pension Levy which increased from 60.1% in 2015 to the proposed 65.8% in 2016. He continued that less than 3% of tax bill goes to the Village of Burr Ridge and with the reduction of the Bond and Interest Levy on the Lake Michigan Water Project it will be less than 2%.

AUDIENCE QUESTIONS AND COMMENTS there were none.

BOARD QUESTIONS AND COMMENTS there were none.

THIS IS ORDINANCE NO. 1166

CONSIDERATION OF PLAN COMMISSION RECOMMENDATION TO DENY A REQUEST FOR VARIATIONS FROM THE ZONING ORDINANCE TO PERMIT THE CONSTRUCTION OF A DRIVEWAY GATE ON A LOT OF 14,600 SQUARE FEET IN AREA RATHER THAN THE REQUIRED 2 ACRES AND WITH THE GATES LOCATED 3 FEET FROM THE FRONT LOT LINE RATHER THAN THE REQUIRED SETBACK OF 30 FEET (V-06-2016: 7383 MADISON STREET – GOFIS) Community Development

Director Doug Pollock presented the Plan Commission/Zoning Board of Appeals recommendation to deny the zoning variation request for a driveway gate on a lot that is 14,600 square feet in area rather than the required 2 acres and with the gates located 3 feet from the front lot line rather than the required 30 foot setback. He said the property is located at 7383 Madison Street. He said the findings of fact indicated that the request for variation is based on the fact that the petitioner has a child with autism and that the gate would enable their child to enjoy the property consistent with other properties. The petitioner indicated that based on the location of the property on a very busy street and next to an industrial and commercial development, and that the child does not react to instructions well and is easily distracted, the gate would provide additional protection.

Mr. Pollock continued that autism is a protected disability under the federal government's Americans with Disabilities Act (ADA), which requires local governments to make reasonable accommodations for persons with a disability. He said the Plan Commission heard this as a zoning variation and as such they were directed, by the Village Attorney, to review this based on the Findings of Fact Standards and were specifically directed that the ADA issue was not their role. He continued that the Commission unanimously agreed that the gate could not be justified, that the

busy street and the industrial properties were not unique to this property and did not create a hardship as required by the standards for a zoning variation.

Village Attorney Scott Uhler said the Board has two considerations. One, is the standard variation process as set forth in the Zoning Ordinance, which in this case, is whether the request for a driveway gate warrants the relief requested. Based on these standards, the Plan Commission recommended denial of the request. The second consideration, that has been raised by the petitioner and that exists under the Americans with Disabilities Act is the effect of a disability on one of the members of the family that resides at this property and is adversely impacted by the standard in the Zoning Ordinance that does not allow for a driveway gate. The request that is being made and the right that is being asserted by the family, is that the safety issues raised by the child's disability and the benefits that the child would receive if the Village waives the requirement or makes an exception to the zoning standards in this district for a driveway gate; justify the zoning relief.

Mr. Uhler said the Board can grant an exception, for this property, for temporary relief in the form of the driveway gate for the time that this particular family might need the relief. He said what the Village is being asked to consider is whether or not the Zoning Ordinance potentially discriminates against this family and the beneficial use of their property, as any other family in town may be able to use their property safely. The discrimination would be in not allowing them to use their property in the same fashion as other families in town.

In answer to Trustee Bolos, Mr. Uhler explained that the petitioner is not asking to enclose the property, they are asking for the increased safety of a driveway gate which is intended to address truck turn around traffic and the fact that the property is located on a thoroughfare with a good amount of traffic.

In answer to Trustee Paveza, Mr. Uhler explained if the concern is precedent setting, what is being requested is temporary relief for this property and it is unique to this property. This is an individual family, individual child, the nature of his particular circumstances and condition, the location, the road that exists there and the truck traffic are all conditions that probably do not exist anywhere else in the Village. He continued that under the Federal Law there is a right to this relief and does not set a precedent for the next potential request of this kind.

In answer to Trustee Bolos, Mr. Stricker said that it is his understanding that the terms and conditions that are being discussed are agreeable to the family.

Trustee Grasso said that rather than have an end date of ten years, if the family and child still live in the home in ten years and there is still a safety concern or if the petitioner sells to a family with a similar need, there should be a way to ask for an extension without having to reapply.

Trustee Franzese said he is not in favor of an automatic renewal. He continued that several commissioners were concerned about the landscaping perimeter which the petitioner feels is

adequate, but they may be back in another year saying the landscaping is not adequate and a fence is needed. He continued that cars turn around in everyone's driveway, it is a fact if you live on a street and some streets are busier than others. He said he feels the gate should be positioned so a full size truck or car can safely pull off Madison and turn around.

Mr. Uhler said that the distinction may be that the Village does allow driveway gates under certain circumstances but does not allow front yard fences on any property.

Motion was made by Trustee Paveza and seconded by Trustee Franzese to concur with the Plan Commission and direct staff to prepare an Ordinance denying the zoning variation

Motion was made by Trustee Grasso and seconded by Trustee Bolos to direct staff to prepare Resolution approving a temporary exception to the Zoning Ordinance to grant a driveway gate at 7383 Madison based upon the following and including placement of the gate, a process for an extension after 10 years and if the property is sold to someone with a similar situation with an autistic child:

1. This exception is approved to address certain requirements which appear to apply under the Americans with Disabilities Act and is not a zoning variation under the Zoning Code of the Village.
2. This exception is temporary, is unique to this property and owner, and does not run with the land. Upon any transfer or sale of this property, the driveway gate must first be removed. No subsequent owner will be allowed to continue the driveway gate on the property and, if not removed prior to any sale or purchase of this property, the new owner will be fully responsible for immediate removal of the gate.
3. This exception for this property shall last as long as the disability-based need continues, but no longer than 10 years (whichever is sooner), and will automatically expire by its terms no longer than 10 years from this approval.
4. Upon the expiration of this approval, the property owner shall be responsible for the complete removal of the driveway gate. Failure to remove the gate shall render the property owner subject to citations for the violation of the Zoning Code of the Village.

CONSIDERATION OF PLAN COMMISSION RECOMMENDATION TO APPROVE A SPECIAL USE FOR SITE, LANDSCAPING AND BUILDING ELEVATION PLAN REVIEW; A SPECIAL USE FOR THE USE OF THE PROPERTY FOR A MEDICAL OFFICE; A VARIATION TO PERMIT THE CONSTRUCTION OF A PARKING LOT AND DUMPSTER ENCLOSURE 20 FEET FROM THE REAR LOT LINE RATHER THAN THE REQUIRED 30 FEET; A VARIATION TO PERMIT THE PARKING LOT AND SHARED ACCESS DRIVE WITHOUT THE REQUIRED 8 FOOT SETBACK FROM THE SOUTH SIDE LOT LINE; AND A VARIATION TO PERMIT A PARKING LOT DRIVE AISLE TO ENCROACH INTO THE FRONT YARD (Z-12-2016: 7600 AND 7630 COUNTY LINE ROAD – MED PROPERTIES GROUP)

Community Development Director Doug Pollock presented the Plan Commission's recommendation to approve the petition for the property at 7600 and 7630 County Line Road. The petitioner owns two properties and is proposing to remove the two existing buildings, consolidate the property and construct a single medical office building on the property. There were several neighbors present at the Public Hearings to express concerns regarding the architecture of the building and the drainage on the property. The Plan Commission concluded that the site plan, landscaping plan, and the architecture of the building are consistent with the T-1 Transitional District and the surrounding development; that the architecture, although modern in appearance, was transitional and appropriate for the site; that the variation for the south side parking lot setback is justified because it is necessary to maintain the shared access and parking with the property to the south; that the variation for the front yard parking encroachment is nominal and results primarily from an odd angle in the front lot line; that the rear yard setback variation for the parking lot was of concern but it was necessary to maintain the continuity of the shared access drive with the property to the south and with a fence being added to the rear lot line, a reduction of the setback would not adversely impact the residential properties.

Trustee Bolos said this is the entrance to the Village and this is not a residential T-1 looking building.

Trustee Franzese stated his concerns regarding the stormwater management. He stated that there are serious drainage concerns with the properties to the west.

Mr. Lance Theis, architect for the petitioner, said they have been meeting with the Village Engineer to discuss the drainage process and to get a conceptual understanding for what the drainage should

Regular Meeting

be on the property and both their engineer and the Village Engineer were in concurrence with the approach they want to take. They will meet all the appropriate codes and ordinances.

Trustee Franzese suggested that the ditch to the west of the property be deepened and instead of the required 10 inch concrete pipe maybe you could install a 12 inch pipe to service the area. The bare minimum may not be enough, what you install should not adversely impact what is already in place but should be just as good or improve the situation. Trustee Franzese continued that the building does not have the residential elements to comply with architecture requirement of the T-1 Zoning District. He continued that the concrete blocks, glass, aluminum are out of character with other buildings in the area and what is being demolished. He asked if the exterior of the building could be softened but still meet the design criteria that is needed for the interior space.

Tom Lee, HDR Architecture, said it is not concrete block, it is a light colored masonry, it will not be too far off from the building currently on site. It will have the same character but maybe lighter in color. The buildings will be brick with some wood trim used to soften the appearance. He said they will be studying the roofing material, they are not looking for something shiny and light but with more of a mat finish.

Greg Trzupek, Plan Commission Chairman, said he was not at the second Plan Commission hearing but he feels they should review the pitch of the roof so shingles could be used, the exterior material could be a bit softer, but the overall design is transitional.

Mr. Pollock suggested that the review of the final building materials and colors by the Plan Commission be a condition of an approval. Mr. Stricker suggested that they present their initial engineering findings at that meeting as well.

Alice Krampits, 7515 Drew Ave., said several residents are present and the concern is, this is a beautiful building, but it is not appropriate for that site. They are concerned about the reduction of parking spaces being granted and the future use of the building. The architecture does not fit the transitional zoning requirement. She continued the traffic is a concern, sales tax will not be generated from this location, the exhaust fumes and emissions from the medi-vans, possible damage to the fence by snow pushed from the plows, drainage and flooding issues that currently affect the six Drew Avenue properties behind the buildings. She said they are asking the Board to allow the residents to be informed and involved in the stormwater management process. They are willing to have an outside engineering firm review the plans. She said if we are allowed to work together, we can all benefit from this project.

There was some discussion.

Motion was made by Trustee Grasso and seconded by Trustee Schiappa to accept the Plan Commission's recommendations and direct Staff to prepare the Ordinances with the conditions that the Plan Commission review the building materials, the review of the stormwater plan and the

**MINUTES
HOTEL MARKETING SUBCOMMITTEE
Tuesday, December 6, 2016**

CALL TO ORDER

Village Administrator Steve Stricker called the meeting to order at 2:00 p.m.

ROLL CALL

Present: Robert Hines, of Marriott Hotel; Vicki Kroll, of Spring Hill Suites; Brian Summers, of Crowne Plaza, and Veronica Tabb, of Extended Stay

Absent: None

Also Present: Village Administrator Steve Stricker, Communications and Public Relations Coordinator Janet Kowal, and Phil Yaeger, of Boost Creative Marketing

APPROVAL OF MINUTES

A **motion** was made by Vicki Kroll to approve the minutes of May 19, 2016. The motion was **seconded** by Robert Hines and **approved** by a vote of 4-0.

FY 15-16 HOTEL/MOTEL TAX FUND AUDIT

Village Administrator Steve Stricker indicated that the Finance Department conducted its annual testing and analysis of the Hotel/Motel Tax Fund revenues for FY 15-16. He stated that the results of the audit concluded that all amounts reported on the Confirmation Data Request Form for Gross Revenues agreed with the amounts reported on the monthly tax returns for each hotel with no exceptions noted.

A **motion** was made by Vicki Kroll to receive and file the FY 15-16 Hotel/Motel Tax Fund Audit. The motion was **seconded** by Brian Summers and **approved** by a vote of 4-0.

FINANCIAL REPORT THROUGH OCTOBER 2016

Administrator Stricker stated that revenues for the Hotel/Motel Tax Fund are down due to the fact that the Crowne Plaza Hotel has yet to open and that \$125,000 was budgeted in revenues to be generated from this hotel. Robert Hines, of the Marriott Burr Ridge, indicated that his revenues would also be lower than originally anticipated due to the renovation of their hotel. Vicki Kroll, of the Spring Hill Suites, stated that her numbers were up and she should meet her projections. Veronica Tabb, of Extended Stay America, stated that her numbers were trending down somewhat. Brian Summers, of Chesapeake Hospitality, indicated that the Crowne Plaza Hotel was anticipated to open in March 2017, but that it would be a soft opening and not to expect a lot of revenue during the last two months of the fiscal year.

With this in mind, Administrator Stricker stated that the Committee needed to cut back on marketing expenditures and that he has asked Phil Yaeger, of Boost Creative Marketing, to cut \$60,000 out of the Hotel Marketing Budget and \$10,000 out of the Restaurant Marketing Budget, for a total reduction of \$70,000. He stated that a surplus in the Hotel Marketing Fund was available to absorb the balance of any shortfall at the end of the fiscal year.

FY 16-17 HOTEL MARKETING PLAN STATUS UPDATE

Phil Yaeger, of Boost Creative Marketing, provided the Committee with an overview of what has been done in terms of marketing for the restaurants in FY 16-17, including showing pictures of various print and online ads that have been prepared.

Mr. Yaeger presented the Committee with the updated STAR Reports, which showed the performance of the Burr Ridge hotels vs. hotels in Oak Brook, Midway Airport and Bolingbrook. Mr. Yaeger stated that, over the five-year period, occupancy is up 3.43%, the average daily room rate is up 8.12%, the ratio of revenue to available rooms is up 15.14% and the room revenue is up 10.5% and that the Burr Ridge numbers still compare very well with the market.

Vicki Kroll stated that there is a need to add additional hotels to the STAR Report for Bolingbrook and Bedford Park, where the Hilton Garden Inn has been built in Bolingbrook and a Hyatt Place has been built in Bedford Park. Ms. Kroll stated that her hotel would be agreeable to provide the STAR Report information again for next year.

Mr. Yaeger stated that, by cutting \$60,000 by the end of the fiscal year, as mentioned by the Village Administrator, several projects, including updating video for the website, would be placed on hold. He also stated that social media, Internet media, advertising media and Pandora radio ads would also be cut back. He stated that there is still money available to advertise in *Hinsdale Living* magazine, *West Suburban Living* magazine, some *Chicago Tribune* online ads and Facebook.

Mr. Yaeger asked the Committee if they wanted to continue with tote bags for next year. He stated that, if they do, money would need to be set aside to purchase the tote bags this fiscal year. After some discussion, it was agreed that the tote bag order should continue, but be cut in half. It was agreed that half the normal number would be sufficient for the Village's needs.

FY 17-18 MARKETING PLAN AND BUDGET

Administrator Stricker stated that, based upon comments received from the hotels regarding revenues and with the Crowne Plaza opening in March, he anticipated being able to provide a \$300,000 budget again for the Hotel Marketing Committee, with \$25,000 of that going to restaurant marketing. He stated that he would use a 3% growth factor for the three hotels with the same dollar amount that was included in last year's figures for the Crowne Plaza.

Phil Yaeger presented the Committee with his proposed marketing plans for FY 17-18. He stated that the program is similar to what we have done the last couple of years, with a new idea, which is to spend \$18,000 in television advertising through Comcast TV, Oak Brook

Zone. He stated that he felt that TV advertising would be affordable and that it could run for three 3-week time periods throughout the year for a total of \$2,000 a week, or \$18,000 a year. He stated that the Village would receive 110 30-second spots per week for this deal. He stated that the channels that they would focus on would be things like Turner Network, Entertainment Network, Food Channel, CNN, etc., focusing on channels that women would be more apt to watch.

Robert Hines stated his concern regarding the proposed use of marketing dollars for TV ads, stating that he was concerned that these ads would play late at night and nobody would see them. In response, Mr. Yaeger stated that he believed that we could sign a contract for this dollar amount that would allow the vast majority of the ads to be shown in early evening prime time. After some discussion, it was agreed that more information is needed and that Mr. Yaeger would provide additional information to the Committee after the first of the year.

In response to a question from Administrator Stricker regarding other types of marketing that the Committee may want to pursue next year, Mr. Hines stated that he would like to figure out a way to promote Burr Ridge hotels with travelling teams of various sporting events, i.e., polo, soccer, hockey, bowling, etc. Mr. Yaeger stated that he would like into this issue more closely and would come back to the Committee with more information.

The balance of the FY 2017-18 Hotel Marketing Budget is as follows:

DESCRIPTION	NOTES/DETAIL	COST
Business Media	Print & Online	\$22,690
Group Travel Media	Print	\$7,750
Social/Leisure Media	Newspaper, Magazine	\$56,400
Radio Media	Holiday Sponsorship, Pandora	\$22,000
Television Media	Comcast	\$18,000
Online Advertising	Social/Leisure	\$34,260
Website	Upgrades, hosting, video updates	\$21,500
Creative Development	Print, B-to-B, Online, Radio, all	\$35,900
ChooseChicago.com	Annual Membership Fees (4)	\$4,000
Social Media Program	Facebook, Twitter, Blog	\$18,000
Concert Series/Tote Bags	Qty.: 1,500	\$4,500
Media Planning/Buying	Negotiate, plan, buy, update	\$12,000
Agency Services	Management, Planning	\$18,000
TOTAL BUDGET		\$275,000

After some discussion, a **motion** was made by Vicki Kroll to recommend approval of the FY 17-18 Hotel Marketing Budget, with the understanding that more information was needed on the Comcast TV advertising before final approval would be given on that marketing effort. The motion was **seconded** by Veronica Tabb and **approved** by a vote of 4-0.

ADJOURNMENT

There being no further business, a **motion** was made by Vicki Kroll to adjourn the meeting. The motion was **seconded** by Robert Hines and **approved** by a vote of 4-0. The meeting was adjourned at 3:45 p.m.

CALL TO ORDER

The meeting was started by Village Administrator Steve Stricker at 9:15 a.m.

ROLL CALL

Present: Roxanne Scavone, of Cooper's Hawk; Lynn Falco, of Falco's Pizza; Kirsten Jepsen, of Kirsten's Danish Bakery; and Becky Fleck, of Topaz Café (arrived at 9:30 a.m.)

Absent: Steve Zambrzycki, of Eddie Merlot's; Victoria Alanis, of Wok N Fire; and Steve Green, of Ciazza-Marriott

Also Present: Village Administrator Steve Stricker, Communications & Public Relations Coordinator Janet Kowal; Phil Yaeger, of Boost Creative Marketing

APPROVAL OF MINUTES

The minutes of July 21, 2016, were not approved, due to the fact that there was no quorum.

FY 16-17 RESTAURANT MARKETING PLAN STATUS UPDATE

Village Administrator Steve Stricker explained that the FY 16-17 Restaurant Marketing Budget consisted of \$25,000 from the General Fund for the Restaurant Week and \$25,000 in the Hotel/Motel Tax Fund for all other marketing efforts. Although the \$25,000 for this year's Restaurant Week event has been spent, he stated that, due to the late opening of the Crowne Plaza Hotel, revenues will be down in the Hotel/Motel Tax Fund and, therefore, \$10,000 out of the \$25,000 would have to be held back.

Communications & Public Relations Coordinator Janet Kowal played for the Committee the video and radio spots that were created for the Restaurant Week program. The Committee agreed that the video and radio spots were very well done and stated that Steve Zambrzycki did a great job representing the Village in these spots. Administrator Stricker stated that he was somewhat disappointed that several restaurants did not participate in Restaurant Week and wondered if this is something we should continue in the future. Kirsten Jepsen, of Kirsten's Danish Bakery, suggested that, if we do something like this in the future, a flyer be sent out announcing Restaurant Week to the residents within the trade area, using higher quality food photography. Phil Yaeger, of Boost Creative Marketing, reminded the committee that, in years past, a coupon flyer was placed in the Chicago Tribune highlighting the Restaurant Week event. He also suggested that, in the future, Pandora radio could be used to help promote the event.

In response to a question from Administrator Stricker, Mr. Yaeger stated that, with holding back \$10,000, the Committee still had \$5,900 left to spend prior to the end of the fiscal year.

Mr. Yaeger suggested the possibility of a coupon insert in the newspapers, which would cost \$4,500, and use the balance for Facebook ads and Pandora radio ads.

After some discussion, it was agreed that offering coupons was not something the Restaurant Committee wanted to pursue. Instead, it was suggested that the remaining dollars focus on online and Facebook advertising, print advertising in the Hinsdale magazines and the Pandora radio spots.

FY 17-18 MARKETING PLAN AND BUDGET

Phil Yaeger stated that his focus for FY 17-18 would be to update the restaurant website in the amount of \$7,000, to make it a responsive website. He stated that it has been a few years since the website had been updated and he felt that it is very important that it be done. Committee member Becky Fleck stated that we should hold off on updating the brochures until the website has been completed, so that the title page of the brochure matches the title page on the website.

The balance of the FY 17-18 Restaurant Marketing Budget as presented by Mr. Yaeger is as follows:

DESCRIPTION	NOTES	COST
Print Media	Magazines	\$0
Radio Media	Holiday & Pandora	\$3,000
Digital Media	Online and Facebook	\$3,850
Tote Bags	Production (split with Hotels)	\$3,500
Brochures	Updates and Printing	\$2,000
Social Media	Posts and Updates (Facebook)	\$750
Media Planning & Buying	All Media	\$250
Creative Services	All Media	\$2,000
Website	New site, Maintenance, Hosting	\$7,000
Agency Services	Management, Planning	\$2,650
TOTAL NET BUDGET		\$25,000

Mr. Yaeger state that, although the chart shows \$0 spent on magazine print advertising, print advertising would continue, it's just that the Hotel Marketing Committee would pay for those joint ads.

After some discussion, a **motion** was made by Kirsten Jepsen to recommend approval of the FY 17-18 Restaurant Marketing Budget. The motion was **seconded** by Lynn Falco and **approved** by a vote of 4-0.

OTHER BUSINESS

Administrator Stricker mentioned that he had asked Janet Kowal to prepare a flyer that would explain how residents could sign up for the Village app, the Village's eBriefs, the Village's Police Department Nixle Program and other social media opportunities and asked

the Restaurant Committee members to help the Village in getting the word out once the flyer has been prepared.

ADJOURNMENT

There being no further business, a **motion** was made by Becky Fleck to adjourn the meeting. The motion was **seconded** by Lynn Falco and **approved** by a vote of 4-0. The meeting was adjourned at 10:15 a.m.

STREET POLICY COMMITTEE

CALL TO ORDER

Mayor Mickey Straub called the meeting to order at 6:30 p.m.

ROLL CALL

Present: Mayor Mickey Straub, Trustee Guy Franzese, Trustee Al Paveza, Trustee Tony Schiappa, Trustee Paula Murphy (by phone)

Absent: None

Also Present: Village Administrator Steve Stricker and Public Works Director/Village Engineer David Preissig

APPROVAL OF DECEMBER 14, 2015 MINUTES

A **motion** was made by Trustee Guy Franzese to approve the minutes of December 14, 2015. The motion was **seconded** by Trustee Al Paveza and **approved** by a vote of 5-0.

YEAR-END SUMMARY OF 2016 CAPITAL PROGRAM

Public Works Director David Preissig indicated that the 2016 Road Program was completed in the amount of \$625,769, which was \$37,731 or 5.7% less than the budget of \$663,500. He stated that the program included resurfacing on Chasemoor Drive, Oak Hill Subdivision, Polo Ridge Court, Clubside & Andrew Courts, South Drive and Woodview Road, as well as a section on Tomlin Drive in lieu of patching. He stated that the entire program was completed before Memorial Day. Trustee Franzese complimented Mr. Preissig for a job well-done and mentioned the Chasemoor speed bumps as being well-designed.

UPDATE ON STP GRANT PROJECTS

Public Works Director Preissig updated the Committee on three STP projects, the first being Garfield Avenue, which was completed in 2016, for a total cost of \$276,000 with the Village cost being \$115,595 plus \$46,595 for engineering services.

The second project was 79th Street from Madison Street to County Line Road, which is projected to be completed in 2017 at a total cost of \$452,000 with the Village's cost estimated at \$207,000 plus engineering. Mr. Preissig stated that the project limits will include the section recently completed by Cook County near County Line Road to include new guardrails near Drew Avenue and 79th Street. He stated that the match on this project is 25%, as opposed to 30%, due to an incentive that was provided by the DuPage Mayors and Managers Conference in order to expedite projects.

The third project was Burr Ridge Parkway from County Line Road to Bridewell Drive, which is expected to be completed in the summer of 2019 at a total cost of \$724,800 with the Village's share to be \$374,400.

In response to a question from Trustee Franzese, Mr. Preissig stated that he did not foresee the Village applying for STP funds for road projects over the course of the next five years.

PROPOSED 2017 ROAD PROGRAM RECOMMENDATION

Public Works Director Preissig stated that, based on the 2015 Street Rating Survey and an initial review of these streets, he proposed the following list of streets for the 2017 Road Program:

• 61 st Place & Park Avenue	\$ 55,100
• 62 nd Street	\$ 49,800
• Cove Creek Court	\$ 28,800
• Steepleside Drive	\$ 87,500
• Greystone Court	\$ 50,200
• Babson Park Subdivision	\$354,100
• Crack Sealing	\$ 25,000
• Pavement Marking	\$ 10,000
• Material Testing	\$ 15,000
TOTAL	\$675,500

He stated that the total cost of this year's Road Program be \$675,500, which is \$35,700 less than originally anticipated due to the fact that 59th Street, which is a shared road with Hinsdale, was removed because Hinsdale will not be able to appropriate the necessary funds for this project in 2017.

Mr. Preissig also indicated that there is a possibility that the residents on Forest Hill Road may wish to participate in a shared cost with the Village to install curb and gutter on a certain portion of that street at a cost of \$46,000 for the residents and \$46,000 for the Village. In response to a question from Trustee Schiappa, Mr. Preissig stated that the average rating of the Babson Park streets is 65 and that this puts us in a position where resurfacing is still an option.

Village Administrator Steve Stricker stated that, based on the recommended program, the Capital Projects Budget will still be \$180,025 short. He stated that the original Five-Year Budget showed a need to transfer \$431,830 from the General Fund to the Capital Projects Fund to fully fund the 2017 Road Program. However, it did not take into account the fact that \$100,000 was transferred from the General Fund to the Capital Projects Fund at the end of FY 2015-16 and that there was a \$50,000 savings due to the close out of the Madison Street

Traffic Signal Project by IDOT without requiring additional payment, which then freed up those dollars for future use, the \$19,990 savings after the Madison Street LAPP Project was closed out, the \$37,731 savings from the 2016 Road Program, \$6,000 in revenues associated with unanticipated donations from Phase 3 of the Highland Fields development, and the \$35,000 reduction in the Road Program due to the elimination of 59th Street.

Administrator Stricker stated that the Village Board has four options in regard to the \$180,024 deficit, including:

1. Hope for end-of-year surpluses that can be transferred to the Capital Projects Fund.
2. Hope for FY 2017-18 surpluses in the General Fund that can be transferred to the Capital Projects Fund.
3. Utilize one-time revenues found in the IRMA excess/surplus account (current balance \$640158).
4. Reduce the 2017 Road Program accordingly.

Administrator Stricker stated that he is recommending the one-time use of the IRMA excess/surplus account revenues to cover the \$180,024 shortfall, with the understanding that, if the yearend or next year's surpluses are available, they also be transferred to the Capital Projects Fund.

Administrator Stricker informed the Committee that future year deficits will exceed half a million dollars per year and that, without any additional revenue, the Road Program will have to be reduced. He also mentioned that, even at the current levels, it will take on average 23 years to resurface a street in Burr Ridge, which is about seven years longer than what it took just 10 years ago.

In response to a question from Trustee Franzese regarding sidewalk funding, Administrator Stricker stated he anticipated that the Pathway Commission would be requesting the Village seek grant funding for a sidewalk on the Southwest Frontage Road from County Line Road to the Crowne Plaza Hotel. He stated that, if grant funding is secured, the Village's portion of the project could be paid for using Hotel/Motel Tax Funds. He stated that he was unaware of any other additional projects contemplated by the Pathway Commission at this time. He reminded the Committee that the request for additional STP funds for the sidewalk on the east side of County Line Road from Plainfield Road to Katherine Legge Park was once again rejected, but that, if the Village were to ever receive additional funding for the project, all remaining dollars in the Pathway Fund would go toward this project.

After some discussion, a **motion** was made by Trustee Al Paveza to recommend approval of the 2017 Road Program as submitted by Staff, with the understanding that it would be paid for in part using IRMA excess/surplus dollars. The motion was **seconded** by Trustee Guy Franzese and **approved** by a vote of 5-0.

ADJOURNMENT

There being no further business, a **motion** was made by Trustee Al Paveza to adjourn the meeting. The motion was **seconded** by Trustee Guy Franzese and **approved** by a vote of 5-0. The meeting was adjourned at 7:15 p.m.

CONSTRUCTION OF A DRIVEWAY GATE ON A LOT OF 14,600 SQUARE FEET
RATHER THAN THE REQUIRED 2 ACRES AND WITH THE GATES LOCATED 3
FEET FROM THE FRONT LOT LINE RATHER THAN THE REQUIRED 30 FEET

(V-06-2016: 7383 Madison Street - Gofis)

WHEREAS, an application for a variation from the Village of Burr Ridge Zoning Ordinance for certain real estate has been filed with the Village Clerk of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Zoning Board of Appeals of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Zoning Board of Appeals of this Village held a public hearing on the question of granting said zoning variation on November 21, 2016, at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

WHEREAS, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in The Doings Weekly, a newspaper of general circulation in this Village, there being no newspaper published in this Village; and

WHEREAS, the Village of Burr Ridge Zoning Board of Appeals has made its report on the request for zoning variations, including its findings and recommendations, to this President and Board of Trustees; and this President and Board of Trustees has duly considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

Section 1: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This President and Board of Trustees find that the granting of the zoning variations indicated herein is not in the public good and is not in the best interests of the Village of Burr Ridge and its residents, is not consistent with and does not foster the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

Section 2: That this President and Board of Trustees, after considering the report, findings, and recommendations of the Zoning Board of Appeals and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the variation for the property located at 7383 Madison Street, Burr Ridge, Illinois,

is Efy and Andrew Gofis (hereinafter "Petitioner"). The Petitioner requests variations from Section IV.I.12 of the Burr Ridge Zoning Ordinance to permit the construction of a driveway gate on a lot of 14,600 square feet in area rather than the required 2 acres and with the gates located 3 feet from the front lot line rather than the required setback of 30 feet.

- B. That the Board of Trustees concurs with the findings of fact adopted by the Plan Commission at their December 5, 2016 meeting and attached hereto as Exhibit A.

Section 3: That variations from Section IV.I.12 of the Burr Ridge Zoning Ordinance to permit the construction of a driveway gate on a lot of 14,600 square feet in area rather than the required 2 acres and with the gates located 3 feet from the front lot line rather than the required setback of 30 feet **are hereby denied** for the property commonly known as 7383 Madison Street and identified with the Permanent Real Estate Index Number of 09-25-102-010.

Section 4: That this Ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law. The Village Clerk is hereby directed and ordered to publish this Ordinance in pamphlet form.

Findings of Fact

V-06-2016

Variation from the Village of Burr Ridge Zoning Ordinance

As per Section XIII.H.3 of the Village of Burr Ridge Zoning Ordinance, the Zoning Board of Appeals has determined that the variation requested by V-07-2016 does not comply with each and every one of the standards for granting a variation. The Zoning Board of Appeals findings are as follows:

- a. Because of the particular physical surroundings, shape, or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of the regulations were to be carried out

The petitioner cited the location of the property on a busy street and in the vicinity of several industrial parks as a hardship in the continued use of this property as a single family home. However, the Zoning Board of Appeals does not find this to be a hardship as there are many homes throughout the Village located on busy streets and with non-residential uses in close proximity.

- b. The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the zoning district in which it is located.

The Zoning Board found no evidence that the property cannot continue to be used as single family home without a gate. There are many other properties in the vicinity and in other locations with similar circumstances that are reasonably used without a driveway gate.

- c. The conditions upon which an application for a variation is based are unique to the property for which the variance is sought, and are not applicable, generally, to other property within the same zoning classification.

The petitioner cited the location of the property on a busy street and in the vicinity of several industrial parks as unique conditions. However, the Zoning Board of Appeals does not find this to be unique as there are many homes throughout the Village located on busy streets and with non-residential uses in close proximity.

ORDINANCE NO. A-834-____-16

AN ORDINANCE GRANTING SPECIAL USE APPROVALS PURSUANT TO THE
BURR RIDGE ZONING ORDINANCE FOR FINAL PLAN APPROVAL AND TO
PERMIT A MEDICAL OFFICE IN THE T-1 TRANSITIONAL DISTRICT

Z-12-2016: 7600-7630 County Line Road (Med Properties Group)

WHEREAS, an application for a special use for certain real estate has been filed with the Village Clerk of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Plan Commission of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Plan Commission of this Village held a public hearing on the question of granting said special use on October 17, 2016, November 21, 2016, and December 5, 2016 at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

WHEREAS, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in The Doings Weekly, a newspaper of general circulation in this Village, there being no newspaper published in this Village; and

WHEREAS, the Village of Burr Ridge Plan Commission has made its report on the request for a special use, including its

findings and recommendations, to this President and Board of Trustees, and this President and Board of Trustees has duly considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

Section 1: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This President and Board of Trustees find that the granting of special use indicated herein is in the public good and in the best interests of the Village of Burr Ridge and its residents, is consistent with and fosters the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

Section 2: That this President and Board of Trustees, after considering the report, findings, and recommendations of the Plan Commission and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the special use for the property located at 7600-7630 County Line Road, Burr Ridge, Illinois, is Med Properties Group (hereinafter "Petitioner"). The Petitioner requests special use approval as per Section VII.B.8-10 for site, landscaping and building elevation plan approval and special use approval as per Section VII.C.2.i for the use of the property for a medical office.
- B. That the proposed building and site improvements are consistent in design and character with the requirements of the transitional district;

- C. That the use of the building for medical offices is consistent with other uses in this T-1 District and will not adversely impact adjacent residential uses.

Section 3: That special use approval as per Section VII.B.8-10 for site, landscaping and building elevation plan approval and special use approval as per Section VII.C.2.i for the use of the property for a medical office ***is hereby granted*** for the property commonly known as 7600-7630 County Line Road and identified by the Permanent Real Estate Index Numbers (PIN) of: 09-25-402-019 and 09-25-402-026.

Section 4: That approval of this special use is subject to compliance with the following conditions:

- A. Development shall comply with the submitted site plan, landscaping plan and building elevations attached hereto as **Exhibit A** except as specifically modified herein.
- B. The fence on the rear lot line shall be a maintenance-free fence such as vinyl with the final design and material subject to staff review and approval.
- C. A sidewalk connection shall be provided between the building and the proposed public sidewalk.
- D. The design and location of the proposed public sidewalk shall be subject to staff review and approval and may include a railing between the sidewalk and detention pond if determined appropriate by staff.
- E. The materials, colors and final architectural details shall be subject to the review and approval of the Plan Commission. It is understood that the general architectural design shall be consistent with the approved plans referenced herein and that the final review shall not require legal notices for a formal public hearing. Such review and approval by the Plan Commission shall not be unduly conditioned or delayed.

F. Final engineering plans shall be presented to the Plan Commission for public review prior to issuance of a building permit with the intent that stormwater facilities will be oversized to the extent reasonably possible. Final engineering plan review shall not require legal notices for a formal public hearing.

Section 5: That this Ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law. The Village Clerk is hereby directed and ordered to publish this Ordinance in pamphlet form.

ORDINANCE NO. A-834-____-16

AN ORDINANCE GRANTING VARIATIONS FROM THE VILLAGE OF BURR RIDGE ZONING ORDINANCE TO PERMIT THE CONSTRUCTION OF A PARKING LOT AND DUMPSTER ENCLOSURE 20 FEET FROM THE REAR LOT LINE RATHER THAN THE REQUIRED 30 FEET; TO PERMIT THE PARKING LOT AND SHARED ACCESS DRIVE WITHOUT THE REQUIRED 8 FOOT SETBACK FROM THE SOUTH SIDE LOT LINE; AND TO PERMIT A PARKING LOT DRIVE AISLE TO ENCROACH INTO THE FRONT YARD.

Z-12-2016: 7660-7630 County Line Road (Med Properties Group)

WHEREAS, an application for a variation from the Village of Burr Ridge Zoning Ordinance for certain real estate has been filed with the Village Clerk of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Zoning Board of Appeals of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Zoning Board of Appeals of this Village held a public hearing on the question of granting said zoning variation on October 17, 2016, November 21, 2016, and December 5, 2016, at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

WHEREAS, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in The Doings Weekly, a newspaper of general circulation in this Village, there being no newspaper published in this Village; and

WHEREAS, the Village of Burr Ridge Zoning Board of Appeals has made its report on the request for zoning variations, including its findings and recommendations, to this President and Board of Trustees; and this President and Board of Trustees has duly considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

Section 1: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This President and Board of Trustees find that the granting of the zoning variations indicated herein are in the public good and in the best interests of the Village of Burr Ridge and its residents, is consistent with and fosters the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

Section 2: That this President and Board of Trustees, after considering the report, findings, and recommendations of the Zoning Board of Appeals and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the variations for the property located at 7600-7630 County Line Road, Burr Ridge, Illinois, is Med Properties Group (hereinafter "Petitioner"). The Petitioner requests a variation

from Section XI.C.11.a(2)(a) to permit the construction of a parking lot and dumpster enclosure 20 feet from the rear lot line rather than the required 30 feet; a variation from Section XI.C.11.a(2)(c) to permit the parking lot and shared access drive without the required 8 foot setback from the south side lot line; and a variation from Section XI.C.8 to permit a parking lot drive aisle to encroach into the front yard.

- B. That the reduction of the 30 foot rear yard parking lot setback is based on existing conditions that include a cross access driveway with the property to the south and the addition of a solid fence that mitigates the need for additional screening for the residential properties to the west.
- C. That the reduction of the 8 foot setback along the south lot line is an existing condition that is necessary to maintain the shared parking spaces and shared driveway.
- D. That the encroachment of the drive aisle into the front setback is minimal and results from an odd angle on the front property line.

Section 3: That variations from Section XI.C.11.a(2)(a) to permit the construction of a parking lot and dumpster enclosure 20 feet from the rear lot line rather than the required 30 feet; a variation from Section XI.C.11.a(2)(c) to permit the parking lot and shared access drive without the required 8 foot setback from the south side lot line; and a variation from Section XI.C.8 to permit a parking lot drive aisle to encroach into the front yard **are hereby granted** for the property commonly known as 7600-7630 County Line Road and identified with the Permanent

Real Estate Index Numbers of 09-25-402-019 and 09-25-402-026.

Section 4: That approval of these variations is subject to compliance with the following conditions:

- A. Development shall comply with the submitted site plan, landscaping plan and building elevations attached hereto as Exhibit A except as specifically modified herein.
- B. The fence on the rear lot line shall be a maintenance-free fence such as vinyl with the final design and material subject to staff review and approval.
- C. A sidewalk connection shall be provided between the building and the proposed public sidewalk.
- D. The design and location of the proposed public sidewalk shall be subject to staff review and approval and may include a railing between the sidewalk and detention pond if determined appropriate by staff.
- E. The materials, colors and final architectural details shall be subject to the review and approval of the Plan Commission. It is understood that the general architectural design shall be consistent with the approved plans referenced herein and that the final review shall not require legal notices for a formal public hearing. Such review and approval by the Plan Commission shall not be unduly conditioned or delayed.
- F. Final engineering plans shall be presented to the Plan Commission for public review prior to issuance of a building permit with the intent that stormwater facilities will be oversized to the extent reasonably possible. Final engineering plan review shall not require legal notices for a formal public hearing.

Section 5: That this Ordinance shall be in full

force and effect from and after its passage, approval, and publication as required by law. The Village Clerk is hereby directed and ordered to publish this Ordinance in pamphlet form.

WHEREAS, although not required by state statute, notice of this contemplated annexation was also sent by First Class U.S. Mail to each taxpayer of record in the territory hereinafter described, on December 8, 2016; and

WHEREAS, it is in the best interest of the Village of Burr Ridge that said territory be annexed to the Village;

NOW, THEREFORE BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF BURR RIDGE, COOK and DuPAGE COUNTIES, ILLINOIS, as follows:

SECTION 1: That the findings set forth above are incorporated by reference into this Section 1 as if fully set forth herein.

SECTION 2: That the territory legally described on the Plat of Annexation, attached hereto as **Exhibit A**, be and the same is hereby annexed to the Village of Burr Ridge, Cook and DuPage Counties, Illinois, pursuant to Section 7-1-13 of the Illinois Municipal Code (65 ILCS 5/7-1-13), all in conformance with and as shown on a plat and map of annexation of said territory prepared by a registered land surveyor of the State of Illinois, attached hereto and made a part hereof as **Exhibit A**.

SECTION 3: The new boundary of the Village of Burr Ridge shall extend to the far side of any adjacent right-of-way, provided said right-of-way is not currently located within the corporate limits of another municipality, and shall include all of every right-of-way within the area annexed hereby.

SECTION 4: The Village Clerk is hereby directed to record with the Recorder of Deeds and to file with the County Clerk, a certified copy of this Ordinance, and the original Plat of Annexation, said Plat to be attached to the aforesaid certified copy of this Ordinance.

SECTION 5: This Ordinance shall be in full force and effect immediately upon its adoption and approval as required by law.

RESOLUTION NO. _____

**A RESOLUTION APPROVING TEMPORARY IMPROVEMENT(s)
(7383 Madison Street – Gofis)**

WHEREAS, an application for a variation from the Village of Burr Ridge Zoning Ordinance (“Zoning Ordinance”) for the residential property located at 7383 Madison Street (“Property”) was filed with the Village by the owner of the Property (“Owner”); and

WHEREAS, the variations sought were to allow the construction of a driveway gate on a lot of 14,600 square feet in area rather than the required 2 acres under Section IV.I.12 of the Zoning Ordinance and to allow the gates to be located 3 feet from the front lot line rather than the required setback of 30 feet under the same Section IV.I.12 of the Zoning Ordinance; and

WHEREAS, said application was referred to the Zoning Board of Appeals of the Village and was processed under the standards and procedures established in accordance with the Zoning Ordinance; and

WHEREAS, said Zoning Board of Appeals of this Village held a public hearing on November 21, 2016 and determined that the Owner did not satisfy the standards for the grant of either of the requested variations under the Zoning Ordinance and recommended that the request for these variations be denied; and

WHEREAS, following said Zoning Board of Appeals meeting and its recommendation for denial to the Village Board of Trustees, the Owner also appeared before the Village Board of Trustees to request similar relief from the requirements of the Zoning Ordinance under the Americans With Disabilities Act and the Fair Housing Act Amendments based upon asserted limitations created by the requirements of the Zoning Ordinance on the reasonable use of the Property due to a disability of the Owner’s son; and

WHEREAS, after considering the considered report, findings, and recommendations of the Zoning Board of Appeals, the President and Board of Trustees agreed with the recommendation of the Zoning Board of Appeals, authorized the preparation of an ordinance denying the requested variations and approved said Ordinance; and

WHEREAS, after considering the Owner's information regarding his unique circumstances involving his Property, the Property location and the nature of his son's disability in relation to the requirements under the Americans With Disabilities Act and the Fair Housing Act Amendments ("ACTS"), the President and Board of Trustees determined that the relief requested by Owner was reasonably consistent with the requirements of the ACTS and determined to grant certain limited relief from the Zoning Ordinance for this Owner at this Property.

NOW THEREFORE, Be Resolved by the President and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

Section 1: That the above recitals are hereby restated and incorporated herein as the formal findings of the President and Board of Trustees.

Section 2: That although these requested variations do not qualify for relief under the Illinois and Village standards established in and required by the Zoning Ordinance, this President and Board of Trustees, after considering the information presented to the Zoning Board of Appeals and that information presented directly by the Owner to the Board of Trustees seeking relief under the Americans With Disabilities Act and the Fair Housing Act Amendments, the Owner is hereby granted limited temporary exceptions to Section IV.I.12 of the Zoning Ordinance to permit the construction of a driveway gate on a lot which does not meet the minimum size requirement of 2 acres and to allow the gates to be located up to 3 feet from the front lot line rather than the minimum required setback distance. These exceptions are granted subject to the following terms and conditions:

1. These exceptions are not granted under and do not constitute a zoning variation under the Zoning Ordinance of the Village of Burr Ridge but rather are granted solely to address certain requirements which appear to apply under the Americans with Disabilities Act and Fair Housing Act Amendments.
2. These exceptions shall be temporary, are unique to this Property and Owner, and do not grant or convey any rights which run with the land to subsequent owners or successors. Upon any transfer or sale of this Property, the driveway gates must first be removed. No subsequent owner will be allowed to continue the driveway gates on the Property and, if not removed prior to any sale or purchase or other use of this Property by a new occupant, the new owner or occupant will be fully responsible for immediate removal of the gates.

3. These exceptions for this Property shall last as long as the disability-based need of the Owner's son continues, but no longer than 10 years (whichever is sooner), and will automatically expire no later than 10 years from this approval. However, if the Owner continues to own the property after 10 years and can show that the disability-based need of the Owner's son continues, the Owner may petition the Village Board of Trustees for an extension to allow the gates to remain.
4. Upon the expiration of this approval, the Property Owner shall be responsible for the complete removal of the driveway gates. Failure to remove the gates shall render the Property Owner subject to citations for the violation of the Zoning Code of the Village.
5. If the Property is sold to another family with an autistic child with the same needs prior to the required removal of the driveway gates, the new owner is allowed to petition the Village Board of Trustees for an extension after 10 years to allow the gates to remain if required under federal law to address a need based on a similar disability.
6. This Resolution shall be recorded on the Property following its approval.

Section 3: This Resolution shall be in full force and effect from and after its adoption and approval as provided by law.

Re: V-07-2016: 15W241 81st Street (Paulan); Variation

Dear President and Board of Trustees:

The Zoning Board of Appeals (ZBA) transmits for your consideration its recommendation to deny a request by Kenneth R. Paulan for a variation from Section IV.H.9.a of the Burr Ridge Zoning Ordinance to permit the combined horizontal area of all accessory buildings, structures and uses to be 45% of the rear yard rather than the maximum permitted area of 30% of the rear yard.

After due notice, as required by law, the Zoning Board of Appeals held a public hearing on December 5, 2016. The petitioner claimed a hardship based on the configuration of the property and the location of the home at the far south end of the property which results in a very small back yard for this 2.5 acre property.

The ZBA did not agree with the petitioner's findings of fact but instead found that any hardship that existed resulted from the petitioner's decision to construct a large accessory building on the property. The size of the building used most of the allowable rear lot coverage. Thus, the hardship does not result from any pre-existing condition on the property.

After due consideration, the Zoning Board of Appeals concluded that the proposed variation does not comply with the standards of the Zoning Ordinance. Accordingly, by a vote of 5 to 0, the **Zoning Board of Appeals recommends denial of V-07-2016.**

Sincerely,

Greg Trzupek, Chairman,

To whom it may concern,

This letter is to confirm that the Townhall and Thornbury pavers from Unilock are in fact permeable pavers. Unilock had delivered numerous loads of these pavers to the Paulan Residence in Burr Ridge, at 15W241 81st Street, for Loboz and Associates throughout the 2016 landscape season. If any other information regarding these pavers is required, please reach out to me, and I will be more than happy to assist. Thank you.

TOWN HALL™

TRADITIONAL BRICK STREET PAVERS
WITH A DISTRESSED, TIME-WORN APPEARANCE.

UNILOCK®
DESIGNED TO CONNECT.

TOWN HALL™

TRADITIONAL, CHARMING & PERMEABLE

Town Hall has been designed to satisfy both traditional and permeable installation methods while maintaining a historical worn and distressed appearance.

The intention inherent to the design of this product is the use of blended colors during installation to mimic heritage brick pavers. Quickly named 'the Street Paver,' this product is an ideal alternate to clay pavers due to its strength, availability of supply, ease of installation and the vintage streetscape charm it creates.

Manufactured in North America.

Salt and chlorine pool water resistant.
All measurements are nominal.

PRODUCT TECHNOLOGY

Reala™ Surface Technology

Ultra-realistic textures cast from natural stone, brick and historic cobblestones.

Ultima™ Concrete Technology

This proprietary manufacturing process creates pavers and walls with up to four times the strength of poured concrete.

ENDURACOLOR™ PLUS

A NEW STANDARD FOR EVERLASTING BEAUTY.

EnduraColor™ Plus products promise long-lasting beauty through a **proprietary blend of exclusive and superior ingredients**. A complex blend of granite and quartz, some of nature's highest performing minerals, are combined with non-fading color pigments that hold fast under UV light and extreme weather conditions. This combination is used to create ultra-realistic surface textures and unique style options that are exceptionally durable.

Pavement Condition Rating (PCR)

- Visually inspect roadways on a bi-annual basis with consistent evaluation of distress types and severity *(next inspection Summer 2017)*
- Identify pavements for preventative maintenance and preservation: Proper treatment at the proper time, to maximize benefits and minimize costs.
- Coordinate projects by neighborhood, and schedule around other improvements.

Mr. Steve Stricker, Village Administrator
Village of Burr Ridge
7660 So. County Line Road
Burr Ridge, IL 60527

Dear Steve:

The Willowbrook Burr Ridge Chamber of Commerce and Industry occasionally holds raffles, i.e. split the pot, at our business meeting luncheons and at different events throughout the year. In that we often have our meetings and different events within the Village of Burr Ridge, we would like to request consideration of a Village of Burr Ridge raffle license that would encompass the entire 2017 calendar year. Please let us know what forms and information we would need to provide you in order to obtain this raffle license.

Thank you for your consideration of our request. As usual we are grateful for the continuing cooperation between the local businesses and the Village of Burr Ridge. Please do not hesitate to call us with any questions.

Respectfully submitted,

Debbie Jackson, President
