November 8, 2021 Board Meeting – Staff Summary

6. ORDINANCES

A. <u>PUD – County Line Square</u>

Please find attached an ordinance enacting a Planned Unit Development (PUD) at the County Line Square shopping center (50-124 and 200-324 Burr Ridge Parkway). Staff has proposed a revised standing and loading lane which further specifies where and when valet-specific zones may operate in accordance with previous Board direction. The Board directed staff to prepare this ordinance at its October 11 meeting. If approved, staff will also create an ordinance rescinding the designation of a fire lane at County Line Square at the Board's next meeting.

It is staff's recommendation: That the ordinance be approved.

B. <u>Variation – Floor Area Ratio</u>

Please find attached an ordinance granting a variation for a proposed home to be built with a Floor Area Ratio in excess of 20%. The Board directed staff to prepare this ordinance at its October 11 meeting.

It is staff's recommendation: That the ordinance be approved.

7. **RESOLUTIONS**

A. <u>Appointment of Amy Sullivan as Treasurer</u>

The Village has by statute established the role of Village Treasurer. The position of Village Treasurer has very few duties except to sign certain audit, grant, and fiduciary documents, overall totaling no more than a few hours per year, in an unpaid capacity. Staff recommends that Accounting Analyst Amy Sullivan assume this currently-vacant role. While the Village Administrator assumes the role of Budget Officer by statute, it is recommended that the position of Village Treasurer be handled by an alternate person to ensure separation of powers and financial controls are maintained.

<u>It is staff's recommendation:</u> That the resolution appointing Amy Sullivan as Village Treasurer be adopted.

B. <u>Appointment of IRMA Delegates</u>

The Village is a member of the Intergovernmental Risk Management Agency (IRMA). As part of its IRMA membership, the Village must appoint two staff delegates to act as agents of the Village with IRMA in the roles of Primary and Alternate Delegate. It is recommended that Village Administrator Walter, who is the current Alternate Delegate, and Executive Assistant Julie Tejkowski, assume the roles of Primary and Alternate Delegate, respectively.

It is staff's recommendation: That the resolution appointing Evan Walter as Primary Delegate and Julie Tejkowski as Alternate Delegate to the Intergovernmental Risk Management Agency be adopted.

C. <u>Cook County Health Department Inspections</u>

Attached is a Resolution authorizing an agreement with the Cook County Health Department to provide health inspection services for the period of December 1, 2021 through November 30, 2022. The agreement is identical to that which has been signed in previous years with no increase in the per-inspection fee of \$100.00. The fee is billed to the businesses for which an inspection is required.

It is our recommendation: That the resolution be adopted.

8. CONSIDERATIONS

A. <u>FY2022 Six Month Update</u>

Finance Consultant Annmarie Mampe will provide a FY2022 six-month update. Overall, FY2022 actual revenues are in line with or exceeding budgeted values, while actual expenditures are in line with or are less than budgeted values, presenting the Village with a healthy budgetary outlook at the fiscal year midpoint. Further details are provided in the backup. No action is necessary on this item.

B. <u>2021 Property Tax Levy Scenarios</u>

As the first official consideration related to the FY2023 budget, staff is pleased to present options related to the 2021 property tax levy to the Board for consideration. The proposed levy value is included in the table presented below.

| | | | 2021 Property Tax Levy Options | | | | |
|--------------------------|-----------------|-----------|--------------------------------|----|---------------------|-----|---------------------|
| | | | New EAV Growth - 1.5% | Ne | w EAV Growth - 1.5% | New | / EAV Growth - 1.5% |
| | 2020 Levy Value | | Levy Increase - 0.0% | Le | evy Increase - 2.5% | Le | vy Increase - 5.0% |
| Police Pension | \$ | 245,148 | \$ 248,825 | \$ | 254,954 | \$ | 261,083 |
| Corporate | \$ | 910,306 | \$ 923,961 | \$ | 946,718 | \$ | 969,476 |
| Police Protection | \$ | 163,432 | \$ 165,883 | \$ | 169,969 | \$ | 174,055 |
| TOTAL | \$ | 1,318,886 | \$ 1,338,669 | \$ | 1,371,641 | \$ | 1,404,614 |
| Increase over 2020 | | | 1.50% | | 4.00% | | 6.50% |

The 2021 property tax levy is proposed with no tax rate increase; while no rate increase is proposed, minor additional revenue compared to the 2020 levy would be generated due to the Village capturing the new growth which occurred in the Village over the previous 12 months. The total proposed 2021 tax levy amounts to \$1,338,669, an increase of \$19,783 as compared to the 2020 tax levy. The proposed levy includes the Village's minimum statutorily required payment to the Police Pension Fund provided in the most recent actuarial valuation (\$899,964) along with an additional above-and-beyond \$24,000 one-time payment to the Police Pension Fund. At a zero-percent increase, the Village would represent approximately 1.6% as a share of the average local property tax bill. In addition to a zero-percent rate increase, staff has also provided options for a 2.5% and 5.0% property tax increase

including a 1.5% new growth value in each option for additional consideration. The Village is not permitted to levy more than a 5.0% rate increase in the property tax levy unless permitted via an approved voter referendum. Staff will return with an ordinance approving the 2021 property tax levy as directed by the Board on December 13.

It is staff's recommendation: That the Board provide direction regarding the 2021 property tax levy.

C. <u>Downtown Moratorium</u>

Please find attached a letter from the Plan Commission recommending that the Board approve and enact a land use moratorium in the Downtown Business Development District for the purposes of creating or updating plans and pursuing other zoning changes as required. The Plan Commission reached a consensus that the proposed moratorium served a legitimate Village purpose and recommended clear guidelines related to the enforcement of the moratorium.

Communities establishing a temporary moratorium should ensure the moratorium:

- a. advances a legitimate governmental interest;
- b. relates to an issue the community is actively studying;
- c. precisely defines what activities are subject to the moratorium;
- d. only extends for limited duration of time; and
- e. is clearly and completely communicated in the ordinance establishing the moratorium.

The Plan Commission adopted the recommended language provided in the staff report as evidence of the moratorium's legal appropriateness.

It is staff's recommendation: That the Board direct staff to prepare an ordinance enacting a land use moratorium in the Downtown Business Development District subject to the language included in the Plan Commission's staff report.

D. <u>Purchase of Body Worn Cameras/Tasers/Fleet Cameras</u>

Background and Context

On January 1, 2016, the Law Enforcement Officer Worn Body Camera Act took effect in Illinois. The Act contained many provisions to ensure that all activity between a police officer and persons with whom they interact with while on duty are captured with a recording, applying to all law enforcement agencies, including State, county, and municipal police officers. Traffic and pedestrian stops as well as traffic control activities must be captured via body camera and stored for a minimum of 90 days, with the recording being available to all requestors during that time period while also being maintained longer than the 90 day period when they are relevant to an arrest and charge against an offender, death, or great bodily harm resulted

from police contact, and other investigatory matters into a police officer's conduct. Adoption of body cameras was not required in the Body Worn Camera Act.

In May 2021, the SAFE-T Act (Safety, Accountability, Fairness and Equity – Today; HB 3653) was approved by the State of Illinois. The SAFE-T Act, among many other items, mandates that all communities adopt officer-worn body cameras by July 1, 2025. The Police Department has studied the topic of officer-worn body cameras for some time, but practical issues have precluded the adoption of this technology. With body cameras becoming mandated and certain practical barriers being recently mitigated through technological innovation, staff requests consideration of adoption of a body worn camera program for the Police Department.

Technological Overview

Since body worn cameras were introduced, smart technology has recently arrived in this industry, making the adoption of body worn cameras much more integrated into the normal duties, behaviors, and procedures of a modern police officer. For example, if a department previously adopted body worn cameras, the municipality would be required to hire additional staff to download, edit, and redact recordings, as well as purchase additional server space due to the size of the files, thus becoming very expensive propositions. Staff has researched modern body camera options and has identified AXON Technologies as the best fit for the Village's body camera needs. AXON's camera system utilizes smart technology and machine learning to eliminate many of the previous hindrances to the adoption of body worn cameras as well as leverage the Village's current software systems, including:

- While cameras may always be turned on manually, cameras are automatically activated if a Police vehicle's sirens or lights are on, a TASER or firearm is removed from its holster, or if an officer is within a certain distance of another officer with an active camera (officers frequently call for backup to ensure complete safety of both Village personnel as well as members of the public).
- Each body worn camera integrates with an in-car (fleet) system which is equipped with technology that allows seamless integration with the Village's Flock "Wing" technology. In other words, the cameras would act to detect license plates of stolen or wanted vehicles by simply observing and reading license plates, acting as a force multiplier for the Village's past investments in subdivision camera technology. AXON's integration of License Plate Reader (LPR) technology is not available from any other manufacturer's body camera/incar camera system. AXON Fleet cameras will replace the existing dashboard cameras in the patrol vehicles as well as provide new Taser 7 Electronic Control Devices (ECD) for each officer, ensuring each officer receives like equipment.
- AXON's technology automatically records and uploads video data to cloud storage. For example, if an officer recorded a 20 minute conversation between themselves and an individual, the technology would automatically upload the data to Axon's evidence.com secure cloud storage servers continually during the officer's shift. If video is needed for release under FOIA or other mechanism, any administrative personnel could simply select the portion of the video subject to redaction, with the technology automatically pixelating the selected images

throughout the extent of the recording. It is estimated that AXON's smart technology represents a 98% time savings compared to a manual process.

For these reasons, staff has determined that AXON has met the standard of a "sole source" product, meaning it is the only such product of its kind which suits the Village's specifications and standards. If approved, the Village would order 27 sets of cameras and TASER's (one for each of its sworn personnel) as well as 10 in-car fleet cameras. Police administrative staff will coordinate the purchase and installation of as well as manage training on the equipment.

Cost and Implementation Timeline

The annual estimated costs of the AXON program, including installation and training, is **§84,960** for the first year and **§72,758** in years two through five for a total five-year cost of **§375,992**. The agreement is not a purchase agreement; rather, it is a leasing agreement similar to the Enterprise agreement. The annual cost includes replacement of each body camera every $2\frac{1}{2}$ years along with replacing each TASER device and in-car camera system every 5 years. If any equipment were to be damaged, AXON would supply the Village with a replacement item at no cost. The implementation timeline for this project would be late Q1/early Q2 2022.

Should the agreement be approved as proposed, the Village would be able to terminate or forgo certain planned expenditures totaling <u>\$156,348</u> over the same five-year period due to the integrated technology provided by AXON replacing outmoded systems. Additionally, IRMA, the Village's risk management agency, currently offers a one-time body camera adoption grant in the amount of \$10,000. The State of Illinois also offers one-time grant funding in the amount of \$10,000 for body camera adoption needs. Grant priority from the State is given to first year applicants. The Village would by definition automatically qualify for and receive this grant if this program is enacted by the Village. Should the Village enact the body camera program and receive the aforementioned grants, the net cost of the five-year body camera program would be **\$199,644**, an average of **\$39,929 per year**.

If the Village were to not move forward with the body camera program at this time, the Village would alternatively need to immediately proceed with a fleet camera replacement program totaling approximately **\$35,000**, as the Police Department's current Vigilant L3 fleet camera system is operating well beyond its useful life and are rapidly approaching failure mode. Such costs are budgeted in the FY2022 budget, but staff recommends that these costs be replaced with the technology found in the more comprehensively integrated AXON body camera program.

The costs of this program will be borne by the IRMA Reserve Fund, with annual transfers made into the Information Technology Fund. The IRMA Reserve Fund is a Village-controlled reserve fund held and invested by IRMA; the Reserve Fund contains a nearly \$1 million fund balance and is very selectively used to fund specific risk mitigation or capital projects in the Village. For example, the lone notable purchase funded by the IRMA Reserve Fund in the previous five years was the recent Public Works radio purchase. Traditionally, IRMA has provided the Village with an experience credit of approximately \$20,000 per year due to our safe

employees and work environment. Additionally, IRMA provided the Village with a \$230,000 excess income credit in FY2021 due to extraordinary investment returns that were realized by IRMA over the past five years. In summary, the historical results from a combination of experience credit, interest income, and generally-recurring excess income credits dictate that the costs of the body camera program may be borne by the IRMA Reserve Fund for the initial five-year purchase term proposed by staff with no material impact on Village's finances.

If approved, staff will review the body camera program at regular intervals to ensure favorable pricing, product quality, and satisfaction of the program's deliverables.

It is staff's recommendation: That staff be directed to enter into an agreement with AXON to procure necessary body cameras, TASER's, fleet cameras, and all other necessary hardware and software to implement the program.

E. <u>FY2022 Budget Amendments</u>

The primary locus of control in the Village budget is at the fund level, such as the General Fund, while funds are comprised of many different accounts. As part of its budgetary process, the Village is required to provide sufficient expenditure amounts in each account. As such, budget amendments are necessary in a small percentage of the Village's accounts to reflect increased spending in said accounts. While these amendments represent an increase in these accounts' spending levels, there is a complementary combination of expenditure reductions and increased revenues which exceed the value of the stated budget amendments which are not part of the budget amendment process. As discussed in item 8A, the Village's overall FY2022 budgetary outlook is strong and is expected to continue to gather further strength as new sales tax-generating businesses open in the second half of the fiscal year.

It is staff's recommendation: That the FY2022 budget amendments be approved.

F. <u>Holiday Decorations</u>

In 2020, the Village approved a contract with McFarlane Douglass to decorate the I-55 bridge and entrance to downtown Burr Ridge. McFarlane Douglass exceeded expectations and their holiday decorations received overwhelmingly positive public feedback. Staff again sought quotes from McFarlane Douglass to decorate the same locations for the upcoming Holiday season. The attached proposal include most of the same décor concepts from 2020. McFarlane Douglass will directly install only the decorations on the I-55 bridge, while Public Works staff will install the balance of the decorations, therefore creating the same festive experience but at a reduced cost compared to last year. Public Works staff has already completed its standard tree lighting projects along County Line Road; the attached proposal is above and beyond this level of service.

<u>It is staff's recommendation</u>: That the Board approve a contract with McFarlane Douglass for holiday decorations in an amount not to exceed \$21,550.

G. Bulk Rock Salt Purchase

The FY2022 budget allocates \$121,725 for the bulk rock salt purchase contract. The Village participated again in the Illinois Department of Central Management Services (CMS) statewide salt procurement bid. The State recently awarded its contract, in which the unit price specifically for Burr Ridge is \$55.18 per ton from Compass Minerals America of Overland Park, Kansas. This is a 29.1% decrease of \$22.68 per ton from last season's contract with Compass Minerals.

Again this year, the CMS contract is less than the joint-bid contract through DuPage County. DuPage County renewed a contract using its 2020 prices at \$81.13 per ton from the same vendor awarded through CMS. While the Village had used the DuPage County contract in the past for its early bid results and service reliability, the Director of Public Works transferred to the CMS contract in 2019. Using the CMS state-wide bid process saved the Village 47% this year when compared to the DuPage County contract, and its vendors provide reliable, on-time salt deliveries.

The Village's contract is typically awarded for 1,500 tons, its average seasonal salt use. Occasionally during extreme winter weather, the Department has requested additional salt purchases. With the historically low prices achieved by this year's CMS bid, the Department recommends a maximum contract purchase of 2,160 tons, for a total contract cost of \$119,190, which is \$2,535 under the FY2022 budget.

It is staff's recommendation: That the Board award the FY2022 bulk rock salt purchase contract to Compass Minerals America of Overland Park, Kansas, in the amount of \$119,190.

H. Liquid Chlorides Purchase

The Public Works Department has fully incorporated liquid chlorides into its snow and ice control operations, with the remaining front-line plow trucks arriving in January 2022 having this capability as well. Liquid chlorides can pre-wet the rock salt during a snow or ice event to increase its effectiveness on the roadway, or used before an event by applying the liquid to the pavement for anti-icing that inhibits the development of bonded ice. Overall, liquid chloride blends reduce the use of solid rock salt while maintaining roads in the best conditions possible, which reduces operational costs as well as environmental impacts.

KTech Specialty Coatings of Ashley, Indiana, has been the competitively-bid supplier for the DuPage County Division of Transportation, Illinois Tollway, and several neighboring municipalities that utilize the Beet Heat product from this supplier. Therefore, the Village solicited directly from KTech Specialty Coatings to receive the best available pricing as that offered to the DuPage County bid, which is shown on the attached 2021-2022 Price Quote. The unit price for the product used in Village snow and ice control operations is \$1.42 per gallon, and the Village

crews typically use two delivered truckloads per season, for a total amount of \$13,064. The FY2022 budget includes \$14,000 for this line item purchase.

It is staff's recommendation: That the Board award the FY2022 purchase contract for blended liquid chlorides to KTech Specialty Coatings of Ashley, Indiana, in the amount of \$13,064.

I. <u>HVAC Maintenance Contract</u>

The Village currently contracts with Dynamic Heating & Piping Company, of Crestwood, Illinois, for its Heating, Ventilation, and Air Conditioning (HVAC) System Maintenance Contract at Village facilities. This contract provides routine maintenance, inspections, lubrication, and replacement of filters and belts for HVAC systems at four Village buildings, while establishing fixed rates for non-routine and emergency service calls. Dynamic Heating & Piping Company was the low bidder and awarded the Village's contract in November 2016 for the initial period and subsequent annual renewals through November 30, 2021. Each renewal has been at the Village's discretion and rates adjusted by no more than the Chicago Area Consumer Price Index as stipulated in the contract terms. The Department of Public Works has been very pleased with the responsiveness, knowledge, and awareness of this contractor's technicians for the past five years. As seen in the attached proposal, Dynamic Heating & Piping Company will agree to a fifth renewal and CPI adjustment for the 2021-2022 period in the amount of \$14,471.24.

It is staff's recommendation: That the contract for facility HVAC maintenance be awarded to Dynamic Heating & Piping Company of Crestwood, Illinois in the amount of \$14,471.24.

J. Appointment of Enza Parrella to Plan Commission

A Plan Commission vacancy currently exists after Luisa Hoch resigned her position on July 26, 2021. Mayor Grasso has nominated current Alternate Plan Commissioner Enza Parrella, who has served in this role since March 30, 2020, to replace Ms. Hoch and fill her term expiring February 1, 2023.

It is staff's recommendation: That Mayor Grasso's nomination of Enza Parrella as a full Plan Commissioner to a term expiring February 1, 2023 be approved.

K. <u>Vendor List of October 25, 2021</u>

Attached is the vendor list dated October 25, 2021, in the amount of \$635,028.58 for all funds, plus \$171,904.75 for payroll for the period ending October 2, 2021, for a grand total of \$806,933.33, which includes special expenditures of \$29,109 to GO Painters, Inc. for cleaning and painting of fire hydrants.

<u>It is staff's recommendation</u>: That the October 25, 2021, vendor list be approved.

L. Vendor List of November 8, 2021

Attached is the vendor list dated November 8, 2021, in the amount of \$168,462.65 for all funds, plus \$177,927.84 for payroll for the period ending October 16, 2021, for a grand total of \$346,390.49, which includes no special expenditures.

<u>It is staff's recommendation</u>: That the November 8, 2021, vendor list be approved.

REGULAR MEETING MAYOR AND BOARD OF TRUSTEES VILLAGE OF BURR RIDGE

October 11, 2021

<u>CALL TO ORDER</u> The Regular Meeting of the Mayor and Board of Trustees of October 11, 2021, was held in the Meeting Room of the Village Hall, 7660 County Line Road, Burr Ridge, Illinois and called to order at 7:00 p.m. by Mayor Gary Grasso.

<u>PLEDGE OF ALLEGIANCE</u> Mayor Grasso asked Trustee Russell Smith to lead the Pledge of Allegiance.

<u>ROLL CALL</u> was taken by the Village Clerk and the results denoted the following present: Trustees Franzese, Snyder, Schiappa, Paveza, Mital, Smith and Mayor Grasso. Also present were Interim Village Administrator Evan Walter, Village Attorney Mike Durkin, Finance Consultant Annmarie Mampe, Police Chief John Madden, Deputy Chief Marc Loftus, and Public Works Director David Preissig.

INCLUDES NO SPECIAL EXPENDITURES the Board, under the Consent Agenda by Omnibus Vote, Approved the Vendor List for the Period ending October 11, 2021 plus Payroll for the Period Ending September 18, 2021.

Mayor Grasso asked if there were any Trustee or public comments on any items on the Consent Agenda, or if any comments had been received via e-mail. There were none.

<u>Motion</u> was made by Trustee Snyder, seconded by Trustee Schiappa, to approve the Consent Agenda – Omnibus Vote (attached as Exhibit A), and the recommendations indicated for each respective item be hereby approved.

On Roll Call, Vote Was:AYES:6 - Trustees Snyder, Schiappa, Paveza, Mital, Smith, FranzeseNAYS :0 - NoneABSENT:0 - NoneThere being six affirmative votes the motion carried.

PRESENTATION OF FISCAL YEAR 2021 AUDIT

Matt Beran, with Lauterbach & Amen (the Village auditors) presented the Fiscal Year 2021 final financial audit. The Village received a "clean and unmodified opinion," the highest level of financial control possible. Trustee Snyder asked how the Village audit compared to comparable villages. Mr. Beran said it is difficult to compare villages but said that Burr Ridge had a very good fund balance and there was a plan in place to pay off the debt. The Village is in a favorable position and is doing well compared to other communities and is fiscally healthy.

Trustee Mital asked about the net position, which decreased by 1.28M due to OPEB (other post employee benefits), and if it was due to retiring of two senior level employees or something else. Mr. Beran stated that these benefits related to insurance – health insurance for what the Village has, and numbers are based on health rates and age demographics and pertains to items other than the pension fund.

Trustee Schiappa mentioned the depreciation of assets, and the Village expenses that will be coming up. Mr. Beran stated that the calculated life span of each asset in the Village is calculated and depreciation is taken into consideration. Trustee Schiappa also asked about the measured police pension funding going from 59 to 69. Mr. Beran said that this information comes from actuaries who look at what it will take for the Village to meet its commitments. He said that the Village has a healthy fund balance.

Mayor Grasso asked for public comment.

Eddie Downs, 8425 Walredon, asked about pensions, and if there were any pensions besides the police pension – and if so, were they healthy? Mr. Beran responded that there is an IRMF fund for employees outside of the police fund. IRMF is well funded and was not a concern as it was 99% funded at the end of the year. Mr. Downs asked that if the police pension analysis was a "moment in time" as Mr. Beran mention, what the future projection was. Mr. Beran said that actuaries do look into the future and what it will take to get the Village fully funded. And as long as the actuary

recommendation is followed, the Village is in good shape. Mayor Grasso added that the Village does not have a fire department or library so does not have the financial burden for those pensions.

Mayor Grasso asked if there were any additional Trustee comments, or public comments, or if any comments had been received via e-mail. There were none.

Motion was made by Trustee Paveza, seconded by Trustee Snyder, to receive and file the Fiscal Year 2021 Financial Audit.

<u>CONSIDERATION OF OPTIONS REGARDING THE REPAYMENT OF DEBT</u> <u>CERTIFICATES IN RELATION TO THE CONSTRUCTION OF THE POLICE STATION</u>

Evan Walter, Interim Village Administrator, asked Annmarie Mampe, Finance Consultant, to present the options. Ms. Mampe gave an overview, stating that at the September 13 Board meeting, staff presented preliminary options related to the Village's outstanding debt related to the Police Station's facility construction loan. The original bond issuance occurred in 2010, follow by refunding issues in 2012 and 2017. The current principal amount outstanding is \$5,970,000; this amount represents the cost of construction and outfitting of the Police Station. The remaining interest payments (\$179,100 total) are due on December 15, 2021, June 15, 2022, and December 15, 2022.

The options previously presented included:

Option #1: Refinance the entire principal Option #2: Refinance the outstanding principal less the amount currently available in the Village's Debt Service Fund Option #3: Retire the full amount of the outstanding principal

Option #1. Refinancing the entire principal allows the Village to continue to earn interest on the funds on hand and provides additional time to compile more funds to pay the debt in full without utilizing General Fund Reserves. The refinancing scenario presented is for three (3) years, with a

coupon rate of 2.0%, a reoffering premium of \$242,736, and total interest over the life of the issuance of \$350,424.

Option #2. Refinancing the amount more than funds available in the Debt Service Fund, approximately \$1,300,000, would allow the Village to pay down a significant portion of the outstanding debt without making a draw on General Fund reserves. The refinancing scenario presented is for three (3) years, with a coupon rate of 0.65%, and total interest over the life of the issuance of \$25,373. This option provides the Village with additional time to compile the funds necessary to pay the debt in full without utilizing General Fund reserves.

Option #3. Retirement of the full amount of the outstanding principal requires a total payment of \$6,089,400. Funding for this payment would consist of the projected balance in the Debt Service Fund as of December 15, 2021 of \$4,820,500, the previously assigned General Fund reserves derived from the OPUS contribution of \$850,000, and unrestricted General Fund reserves of \$418,900. As per the April 30, 2021 audited financial statements, General Fund reserves amounted to approximately 67% of annual operating expenditures. The Village's minimum General Fund reserve policy is a minimum of 20%. Based on information provided by the Village's investment advisor, a conservative return estimated of 0.55% is anticipated over the next eighteen (18) months. Based on the current amount available in the Debt Service Fund, estimated interest earnings over the next 18 months would amount to approximately \$39,800. This is significantly less than the annual earnings over the last few years as the higher yield investment holdings will mature and be replaced with holdings which carry a much lower interest rate.

Including cost of issuing bonds as well as interest payments measured against reoffering premiums and investment income, the Village would pay approximately \$150,000 more in Option #1 and \$60,000 more in Option #2 compared to retiring the debt in Option #3 through December 15, 2025.

Mayor Grasso summarized the options and stated that the Village could pay off the debt in entirety and noted that there is \$800,000 from the Opus agreement that could be used towards this debt.

Trustee Schiappa asked for confirmation that more was paid out than what was earned in interest and Ms. Mampe confirmed that was the case. Trustee Schiappa also asked if the debt was paid off, would there be an interest payment saved. Ms. Mampe confirmed that was the case.

Trustee Mital asked what the term "reoffering premium" meant. Ms. Mampe stated that when the Village was originally issue bond in 2011, the Village had a good bond rating, so the purchase of the bonds paid a premium to make that purchase, so the Village had additional funds that were paid.

Trustee Paveza said that in the past, instead of paying off bonds, the Village earned interest which made sense to do so but asked if that made sense now. Ms. Mampe said it did not make sense with the interest rates being so small at this time. Trustee Snyder added that the Village has limitations on what it can invest in and doesn't have the flexibility or options that the police pension fund does. The Village does not have the same ability on investments.

Trustee Smith added that the lack of interest rates that the Village is getting is basically causing a \$79K hit that must be absorbed, and said he was in support of paying off the debt at this time. Mayor Grasso stated that it was the smart thing to do and was in the best interest of the residents. Trustee Paveza agreed.

Trustee Franzese said that two things had significantly changed since 2017. The first was the sale of pump center property that increased the balance of the fund by \$1.9M in 2018, which he had mentioned previously. The second was now that the Village was "upside down" with the interest payments, paying more than it was taking in, which was not the case previously. The Village would have to rely less on the general fund to pay this off, and by transferring the Opus fund, it would serve all the residents, so he supported paying off the debt and said the Village and residents will be in a better position in the future should funds be needed in the future.

Trustee Snyder said the decision to pay the debt at this time with the current returns would benefit all residents. Mayor Grasso said that there are different returns now and that paying off the debt does not reflect negatively on past boards as it was a different fiscal situation in the past. The present returns and funding the Village has now make paying off the debt the right decision. Trustee Franzese agreed.

Ms. Mampe stated that she will reach out to the paying agent and bring the information back to the Board along with the budget adjustment.

Mayor Grasso asked for a motion to direct staff to prepare the necessary documents to pay off the debt on a timely basis and to give the notice to call the bonds to pay off the debt in December of 2021 (Option #3).

Mayor Grasso asked if there were any additional Trustee or public comments or if any comments had been received via e-mail. There were none.

Motion was made by Trustee Paveza, seconded by Trustee Mital to pursue Option # 3 to pay off the debt for the police station.

<u>CONSIDERATION OF A PLAN COMMISSION RECOMMENDATION TO APPROVE A</u> (V-04-2021:6100 GRANT STREET – TOLAND)

Evan Walter, Interim Village Administrator, gave an overview of the Plan Commission recommendation requesting the Board to approve a variation for a home with a Floor Area Ratio (FAR) in excess of 20% at 6100 Grant Street (PIN #09-13-306-013). The Plan Commission considered a petition by Judith Toland to build a house exceeding 20% FAR as the petitioner claimed an inability to construct a sufficiently deep basement due to a higher-than- normal water table on the subject property. The petitioner conducted soil testing of the subject property which indicated that the water table was encountered from 6-10', with the maximum bottom of foundation being prescribed as no more than 5' below grade. As any basement whose ceiling line is more than 54" above grade would be counted towards the FAR of the subject property, the petitioner relocated some of their desired living space to an above-grade area, which resulted in the FAR of the home being measured at around 21.5% on a 22,300 square foot lot. The Plan Commission ultimately concluded that the presence of the higher-than- normal water table on the subject property, combined with the marginal nature of the variation, demonstrated both a hardship was present, and that the petitioner took steps to reduce the impact of the variation by redesigning their proposed home to generally align with the development patterns of the neighborhood. Several nearby residents had commented on the need to not permit an excessively large development in the area to not further impact any flooding concerns in the area. Mr. Walter mentioned that Plan Commission Chairman Trzupek was present at meeting to answer any questions.

Trustee Schiappa asked about a previous plot that was approved at this meeting asking if the water table extended to both properties. Mr. Walter said that he believed that the water table issue was only applicable to the Toland property, but that soil testing was only done on the Toland property. Julie Toland, the petitioner, stated that the elevation was about seven feet higher on the east side of her property, so soil testing was not done on that side.

Mayor Grasso said Ms. Toland is his neighbor and said when he had built his house, he did not have a water table issue as he had water wells. He did not have a soil test done and did not have this issue but added that Ms. Toland's property is closer to the pond.

Trustee Franzese asked Plan Commission Chairman Greg Trzupek about the one dissenting vote on this item. Mr. Trzupek stated that it was felt by one member of the Plan Commission that the water table issue/threshold was not a burden of proof for hardship. The petitioner did submit a soil test, but other properties might also have this issue.

Mayor Grasso stated that the lot north of the Toland lot (Gear property), between Toland and Grasso properties expressed concern that they may now see water damage in the future. Evan Walter, Interim Village Administrator confirmed that the Gears had communicated with him and that they are concerned with water flow and pooling. But added that the Toland house will be a berm, which should direct water towards the nearest water infrastructure, and water will also be channeled towards the street.

Trustee Smith asked about the channeling of the grade – and if this is something that the Village enforces. Mr. Walter said yes, and that there would be future reviews of this plan.

Mayor Grasso asked if there were any additional Trustee or public comments, or if any comments had been received via e-mail. There were none.

Motion was made by Trustee Mital, seconded by Trustee Snyder, to approve the Consideration.

CONSIDERATION OF PLAN COMMISSION RECOMMENDATION TO ESTABLISH A PLANNED UNIT DEVELOPMENT AT BOTH COUNTY LINE SQUARE SHOPPING CENTER (Z-08-2021: 50-124 AND 200-324 BURR RIDGE PARKWAY

Evan Walter, Interim Village Administrator, commended the work of the Plan Commission and gave an overview of their unanimous decision to recommend that the Board grant a Planned Unit Development (PUD) for the subject property at 50-124/200-324 Burr Ridge Parkway, otherwise known as the County Line Square shopping center. The Plan Commission considered this petition (led by the Village) over four separate hearings. The intent of the PUD is to create specific regulations germane to County Line Square rather than have the standard B-1 Business zoning regulations apply. The Plan Commission has recommended, among other items, that the PUD include a shared parking calculation, revised permitted/special uses, including permitting outdoor dining by right, as well as the removal of the fire lane from the front of the building, being replaced in near entirety by a standing/loading area, which would allow patrons the right to stand vehicles for 5 minutes.

The Plan Commission also made a separate, non-binding recommendation (separate from the petition itself) that the Board consider the creation of on-street parking spaces on Lincolnshire Drive between Burr Ridge Parkway and Chasemoor wherever appropriate. Staff performed preliminary analysis of the area and has determined that approximately 10 additional spaces could be created in this area without impact to existing traffic patterns or nearby uses, such as PACE.

Trustee Snyder thanked Mr. Walter, Mayor Grasso, and the Plan Commission for their work on this. Trustee Smith agreed and asked if the hours of operation would be grandfathered in for the businesses opening at 7:00 am. Mr. Walter confirmed that would be the case. Trustee Smith also expressed concern about the parking on Lincolnshire Drive, recommending that parking be limited to the north side of the street so that traffic towards Chasemoor would not be impacted.

Trustee Franzese thanked the Plan Commission, Mayor Grasso and Mr. Walter for their hard work. He had a question about removing the fire lane, stating that since the pandemic, there has been an increase in takeout orders. If the orders are not ready in time, was there any limit on how long people can wait. Mr. Walter said five minutes, which was to be regulated by the police, which includes food delivery third parties. Mr. Walter also said that restaurant employees would pick up orders in the back of the restaurants, and that there would be signs posted every 100 feet on the new parking regulation. Trustee Franzese said that he did not want any further burden on the police to monitor parking if possible, and also asked about crosswalk parking limitations near Brookhaven, which Mr. Walter confirmed.

Trustee Franzese asked about implementing valet loading zones at restaurants so that they would not need to compete with takeout orders, food delivery services, etc., and asked that there be some consideration to establishing dedicated valet loading zones. He also said that his preference was that Lincolnshire parking be left as a last resort only

Trustee Mital thanked the Plan Commission, the Mayor and Mr. Walter, and that she agreed on having separate parking spots for valet services, as Trustee Franzese mentioned. Mayor Grasso said that different valet options would be investigated and stated that the fire department had worked with the Village on this and saw the plans. Trustee Schiappa also supported a dedicated area for valet services and asked if parking on Lincolnshire would be defined by specific spots. Mr. Walter stated if established, that there would be parking spots striped out. Trustee Schiappa was concerned about the road turns and proximity to PACE and reiterated that he has always found a spot in the County Line Square parking lot, regardless of when he was there. He also asked for confirmation that all the special uses for existing businesses would be grandfathered in, which Mr. Walter confirmed.

Mayor Grasso asked for public comment.

Mark Tomas, 7515 Drew, expressed concerns about eliminating the fire department lane and using it for a loading zone, due to the safety issues. He also mentioned that this brings more vehicles, the build out of dining area in front of the restaurants, and it will also bring more car exhaust. He also said that he understood that the fire department saw the plans and that a fire lane was not needed, but he was concerned during peak season that it would also be very difficult to maneuver in the traffic.

Trustee Snyder asked if there was any possibility for a tunnel or walkway to be placed in the Center by the old dance studio to the PACE parking lot. Mr. Walter said there is a water main in that area which did not make it possible.

Trustee Franzese addressed the issue brought up by Mr. Tomas, about cars pulling up and car exhaust when dining outside. He said that he had eaten outside in the past and had to complain to the business owner about the exhaust during the summer. Mayor Grasso said that this will need to be monitored and reviewed with time. Mr. Walter said that the Plan Commission had recommended a one-year review. Mr. Walter said that there will also be more reviews as this plan is revised.

Trustee Mital asked for clarification on parking specifics. Mr. Walter said that the preference of the Board was to direct staff to do some work to review the parking options. Trustee Franzese stated that

there is clarification on parking for valet and food pick-up that works well in Oak Brook, with specific lanes which makes it very clear, and that something like that may be worth considering in the future.

Mayor Grasso asked if there were any additional Trustee or public comments or if any comments had been received via e-mail. There were none.

Mayor Grasso asked for a motion to approve the plan and direct staff to prepare an ordinance for County Line Square consistent with the comments made at this meeting.

Motion was made by Trustee Snyder, seconded by Trustee Schiappa to approve the Consideration.

REPORTS AND COMMUNICATIONS

Trustee Mital said that the Car Show and Taste of Burr Ridge was a success. The weather was great, and she commended Hanna Weyant and the staff, who did a great job. She said that the concerts were over and shared details on an event being held at Five Seasons, a "trunk and treat" event which will be a twist on trick and treating where candy will be passed out from cars in the parking lot. This event will take place on October 24 from 2:00-4:00 pm. She encouraged residents to attend.

Trustee Smith commended Ms. Weyant and the staff, as well as the Police Department on a great event and great job. He also stated that a friend to the Village, Mayor Frank Trillo of Willowbrook was hosting a fundraiser on Saturday, October 16, for the National Kidney Foundation at the King Car Wash. And if the weather was inclement that checks to the National Kidney Foundation could be sent or dropped off directly to the King Car Wash.

Trustee Franzese stated that as a long-time participant in car shows that this was the best one so far. He said that Ms. Weyant did a great job, he thanked Trustee Mital and the Public Works Department for their work. He said that the police had exceptional presence at the event as well. He walked Taste of Burr Ridge and said that the food was great, the band was great, and it was a good idea to couple the two events. Trustee Schiappa concurred with Trustee Franzese and commended all who worked hard to make the event a success.

Evan Walter, Interim Village Administrator thanked the Board for their support with this new initiative and for their thanks to the staff, commending Ms. Weyant for her work. He commended the police for their support and the volunteers as well as the restaurants who came out to participate.

Mayor Grasso added final comments and agreed that the two events were great and combining them was a good idea. He added his thanks to Ms. Weyant and said that he received many positive comments on the car show. He also said that the stage and sound system will be reviewed in the future and will hopefully be updated for next year. He thanked the Board for their work on the debt pay off at this meeting and said there will be a review of the police pension soon, which is solid but worth looking at options. He reminded residents that the annual fall branch pick-up will begin on October 25th and that Halloween trick or treating will take place between 3:00 -8:00 pm. He reminded everyone that the next Board meeting would be held on November 8, not in two weeks.

|------------------|---|
| ROLL CALL: | Present: Trustee Russell Smith, Bhagwan Sharma, Kirsten Jepsen, Debbie Hamilton, and Michael Simmons. Paul Stettin and Ramzi Hassan (arrived 5:09) participated digitally by Zoom. |

DISCUSSION OF THE DEVELOPMENT OF A DOWNTOWN BUSINESS DISTRICT FINANCIAL INCENTIVE POLICY

Mr. Beltran stated that with the establishment of the Downtown Business District officially on October 1, 2021, the Village has the ability to use funds in pursuit of the Business District goals. To ensure funds are used in the best possible manner, the Economic Development Committee should discuss possible criteria, requirements, and scoring for any projects/requests that may arise. He asked that if the Committee agreed, staff could develop a policy in one of two ways: internally or by using a consultant. Mr. Beltran advised engaging a consultant firm to do so as they would have greater expertise in the area than staff. Finally, he stated that if an outside firm is employed that it would be an eligible cost to the Business District both to Financial Policy and to administer it.

Vice-Chair Smith asked if there was an estimation of cost. Mr. Beltran stated that he inquired with SB Freidman on a potential cost but had not heard anything back. Mr. Sharma asked if it could be done as an RFP for the services. Mr. Beltran stated that it is possible to do that, but it would take a longer period to develop the RFP, get quotes, and award the contract. Vice-Chair Smith stated that he would like to see a couple quotes for the contract. The Committee concurred with directing Mr. Beltran to try to find additional quotes.

UPDATE ON PUBLIC HEARING PASSED BY VILLAGE BOARD FOR DOWNTOWN DEVELOPMENT MORATORIUM

Vice-Chair Smith stated that the Village Board started the process of establishing a downtown development moratorium over the same area as the business district. Part of the Village's plan is to rezone the downtown to better reflect the long-term vision of the community, a moratorium would keep any development that would not follow vision. This does not stop development already happening in the downtown, merely new development.

DISCUSSION OF ECONOMIC DEVELOPMENT EVENTS TO HOLD IN 2022

Mr. Beltran stated that in previous years the EDC hosted events. He asked if the Committee were interested in something like that in 2022. Ms. Hamilton stated that in 2019 the last event was a business walk in Village Center where they stopped in at a number of shops to mingle. Mr. Hassan

Economic Development Committee Minutes – October 6, 2021

stated that it helped neighboring businesses get out and get to know each other. Mr. Sharma stated that in the past the Village did realtor events, like a breakfast, as well. Vice-Chair Smith stated that they could do multiple events at different audiences the next year. Mr. Beltran said he would look into coordinating with Hannah Weyant, the Village's Community Engagement Analyst.

OTHER CONSIDERATIONS

Mr. Stettin stated that one economic development idea was to find what industry clusters the Village had and marketing to them. Businesses like to be near businesses. Mr. Hassan agreed and stated that the Village would need accurate data for it to work.

PUBLIC COMMENT

There were no public comments.

VILLAGE OF BURR RIDGE PLAN COMMISSION/ZONING BOARD OF APPEALS MINUTES FOR REGULAR MEETING OF NOVEMBER 1, 2021

I. ROLL CALL

The meeting of the Plan Commission/Zoning Board of Appeals was called to order at 7:00 p.m. at the Burr Ridge Village Hall, 7660 County Line Road, Burr Ridge, Illinois by Chairman Trzupek.

ROLL CALL was noted as follows:

PRESENT: 6 – Broline, Petrich, Irwin, Farrell, Parrella, and Trzupek **ABSENT:** 1 – Stratis

Village Administrator Evan Walter was also present.

II. APPROVAL OF PRIOR MEETING MINUTES

Commissioner Petrich asked how previous revisions to the minutes are recorded. Mr. Walter said that these revisions are made administratively, as the Plan Commission directs their amendment prior to voting in final on the items.

A **MOTION** was made by Commissioner Farrell and **SECONDED** by Commissioner Broline to approve the amended minutes of the October 4, 2021 Plan Commission meeting.

ROLL CALL VOTE was as follows:

AYES: 6 – Farrell, Broline, Petrich, Irwin, Parrella, and Trzupek NAYS: 0 – None

MOTION CARRIED by a vote of 6-0.

III. PUBLIC HEARINGS

Chairman Trzupek conducted the swearing in of all those wishing to speak during the public hearings on the agenda for the meeting.

<u>Z-12-2021: Business Development District (Village of Burr Ridge); Development</u> <u>Moratorium</u>

Chairman Trzupek asked for a summary of the petition. Mr. Walter said that on September 27, 2021, the Board of Trustees considered the concept of a potential moratorium which would temporarily restrict the consideration of applications for new development within the Downtown Business Development District. Subsequent to their review and discussion, the Board of Trustees recommended the Plan Commission host a public hearing to consider a moratorium. The proposed moratorium would be an Ordinance adopting a policy establishing a temporary hold on certain types of development undertaken while the Village considers potential land-use and zoning

amendments. Illinois courts have recognized the use of moratoria as a viable land use tool, and the United States Supreme Court has acknowledged both the importance and appropriateness of moratoria in certain planning efforts. Communities establishing a temporary moratorium should ensure the moratorium:

- a. advances a legitimate governmental interest;
- b. relates to an issue the community is actively studying;
- c. precisely defines what activities are subject to the moratorium;
- d. only extends for limited duration of time; and
- e. is clearly and completely communicated in the ordinance establishing the moratorium.

Given the Village's recent development of economic development priorities, creation and implementation of the Downtown Business Development District, a temporary pause in review of any new downtown development could allow for any desired adjustments to the Village's downtown regulations and future vision to be evaluated. The Plan Commission and subsequently the Village Board should review the five components noted to provide the public with an understanding of the goals and terms of the moratorium. Before considering a recommendation to the Board of Trustees, the Plan Commission should review the following criteria and identify findings that would be included in a draft ordinance for the Village Board's consideration at an upcoming meeting.

Chairman Trzupek asked for public comment.

Alice Krampits, 7515 Drew, said that while she did not want the Village to be shown as uninterested in new development, she understood the need to pause to ensure that zoning regulations were put in place which made sense.

Mr. Walter said that the Village has received more calls about the downtown district in the previous 60 days compared to the last 5 years, meaning that there is significant renewed interest in Burr Ridge, and that the development community supported the Village pausing development for a short time. The reason for their support is that clear zoning creates more clear opportunities to good developers, as developing the vision for a property can often be an expensive process. Once the zoning review is completed, they would be better able to adjust their proposals to meet the new zoning regulations, rather than having to ask for many variations which may be required under standard zoning. Chairman Trzupek agreed with these statements, saying that he would be looking forward to the input from the private sector to develop mutually acceptable zoning regulations.

Commissioner Parrella asked what was being considered for moratorium. Mr. Walter said that the moratorium as proposed would only pertain to the development of new foundations; build out of tenant space in existing buildings, as an example, would not be affected.

Commissioner Farrell supported the moratorium as proposed and felt it would be a tool in the process of creating better outcomes in downtown Burr Ridge. Commissioner Farrell suggested specifically noting the age of the Comprehensive Plan as a factor in pursuing the moratorium.

Commissioner Broline supported the moratorium as proposed.

Commissioner Petrich asked if the proposed deadline of May 1, 2022 was realistic. Mr. Walter said that it was legally simpler to extend the moratorium, if such action was necessary, than to pull deadlines back, as he was unaware of any example where moving deadlines up had occurred. Commissioner Petrich asked about possible exceptions. Mr. Walter said he was only aware of exceptions being granted wherein additional footprint expansions were necessary to meet new code requirements, but would otherwise not alter the essential use or character of the property.

Commissioner Parrella said that the benefits of creating good downtown regulations greatly outweighed any perceived negative connotation of the Village being uninterested in new investment. Commissioner Parrella asked how a planning consultant would be identified and if such criteria were already established. Mr. Walter said that a consultant would be identified through a competitive process.

A **MOTION** was made by Commissioner Irwin and **SECONDED** by Commissioner Broline to close the public hearing for Z-12-2021.

ROLL CALL VOTE was as follows:

AYES:6 – Irwin, Broline, Farrell, Petrich, Parrella, and TrzupekNAYS:0 – None

MOTION CARRIED by a vote of 6-0.

A **MOTION** was made by Commissioner Irwin and **SECONDED** by Commissioner Petrich to recommend that the Board approve a temporary land use moratorium on new development projects in the Downtown Business Development District, with the recommended language included in the "Findings of Fact and Recommendation" section of the staff report as supporting evidence thereof.

ROLL CALL VOTE was as follows:

AYES:6 – Irwin, Petrich, Farrell, Broline, Parrella, and TrzupekNAYS:0 – None

MOTION CARRIED by a vote of 6-0.

IV. CORRESPONDENCE

V. OTHER PETITIONS

S-01-2021: 7508 County Line Road (Guidepost Montessori); Special Uses, Variations and Findings of Fact

Chairman Trzupek asked for a summary of the petition. Mr. Walter said that the petitioner is Guidepost Montessori, tenant of the building at 7508 County Line Road. The petitioner is seeking conditional approvals as per Section 55.05 of the Sign Ordinance for a wall sign and a ground sign

as well as variations from Section 55.05 of the Sign Ordinance to permit a wall sign in excess of 16 square feet in area and a ground sign less than ten (10) feet from a lot line, all at a non-residential lot in the T-1 Transitional District. Section 55.05 of the Sign Ordinance permits each non-residential lot in Transitional Districts to have one ground sign not exceeding 16 square feet in area and not more than 8 feet in height along with being located 10 feet from all lot lines, and one wall sign not exceeding 16 square feet in area. The primary plans for the property include a Montessori school which was approved by the Village under petition Z-14-2020 (final plans attached). The property's previous tenant, Coglianese Funeral Home, had one ground sign measuring approximately 33 square feet in size. This sign was erected by right prior to the Sign Ordinance's overall revision in 2001, which established the current regulations in the T-1 Transitional District; this sign has since been removed from the premises. The petitioner provided multiple options for a ground sign; however, the petitioner requested that Option 3 be solely considered by the Plan Commission. To be approved as shown, the proposed ground sign requires a variation to permit a sign located within 10 feet of a lot line. The proposed wall sign is located on the east-facing wall and requires a variation due to its size (18 square feet in size).

Chairman Trzupek asked for public comment.

Mark Thoma, 7515 Drew, said that the petition was excessive in its request and asked for the petition to be tabled until engineering concerns may be addressed at the subject property. Mr. Walter said that while the current state of the property would not meet legal standards set forth in the previous special use granted for the use, the Village was not currently able to make any enforcement due to special uses permitting certain time periods for development to occur. Mr. Walter also said that the current petition would be permitted to be considered at this time independent of the state of the development if so desired.

Commissioner Irwin asked as to the Findings of Fact for the petition. Mr. Walter reviewed both the Findings of Fact for conditional signs as well as sign variations. Commissioner Irwin asked why the petitioner could not comply with the regulations. Scott Heguy, petitioner, said that the wall sign was increased in size due to creating a higher-quality rendering being available at said size, while the sign was restricted in terms of where it would be able to be located since the majority of the front of the building is a detention easement.

Commissioner Parrella said that the exterior elevations appeared to be within scope of the property.

Commissioner Petrich said that the location of the sign appeared awkward and wondered if the sign could be placed in the detention area. Mr. Walter said that it was highly unlikely that such a location could be accepted by neither the petitioner nor the Village. At Commissioner Irwin's request, Mr. Walter denoted the approximate area of the detention area as well as the setbacks from the nearby property lines. Commissioner Petrich asked if the sign could be placed in the right of way. Mr. Walter said that no signs are permitted in public rights of way. Commissioner Petrich asked why the site was designed with no permitted area for signage. Chairman Trzupek said that he understood why the detention area was placed where it is presently located, and that it would not be reasonable to expect the site engineer to account for signage possibilities.

Commissioner Broline asked for further context regarding neighboring sign locations. Mr. Walter said that of all properties on the block, this sign would be the nearest to the street.

Commissioner Farrell asked for the actual setbacks of the sign. Mr. Walter said that the sign was between 5' and 9' from both front and side property lines. Commissioner Farrell said that other signs were somewhat similar to the previous sign in size but were farther back from the road, thus possibly making the character of the subject property different. Commissioner Farrell asked for the boundaries of the detention area to better understand the sign's possible locations.

Chairman Trzupek asked if a variation could be granted to allow a sign in the detention area. Mr. Walter said such an action would not be likely.

Commissioner Petrich asked if other buildings in the area had a double driveway similar to this situation. Mr. Walter acknowledged that while Shirley Ryan had such a driveway, their property is much larger and lends itself to the possibility of a second driveway.

The Plan Commission recommended the petition be tabled to the November 22, 2021 meeting.

VI. PUBLIC COMMENT

Mark Thoma, 7515 Drew, asked what could be done about engineering issues and relevant deadlines in the Village. Mr. Walter said that the Zoning Ordinance would need to be amended as in any other instance. Commissioner Irwin asked that such an amendment be placed on the annual zoning review for consideration in January 2022.

ORDINANCE NO. A-834-___-21

AN ORDINANCE GRANTING A PLANNED UNIT DEVELOPMENT AS PER SECTION VIII.B.2.CC OF THE ZONING ORDINANCE FOR THE PURPOSE OF CREATING PARKING AND LAND USE REGULATIONS AT THE SUBJECT PROPERTY

(Z-08-2021: 50-124 and 200-324 Burr Ridge Parkway -Village of Burr Ridge)

WHEREAS, an application for special use approval for certain real estate has been filed with the Village Administrator of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Plan Commission of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Plan Commission of this Village held public hearings on the question of granting said special use approval on July 19, 2021, August 16, 2021, September 20, 2021, and October 4, 2021 at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

WHEREAS, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in <u>The</u> <u>Doings</u>, a newspaper of general circulation in this Village, there being no newspaper published in this Village; and

WHEREAS, the Village of Burr Ridge Plan Commission has made

its report on the request for a PUD Amendment, including its findings and recommendations, to this Mayor and Board of Trustees, and this Mayor and Board of Trustees has duly considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the Mayor and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

<u>Section 1</u>: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This Mayor and Board of Trustees find that the granting of special use approval indicated herein is in the public good and in the best interests of the Village of Burr Ridge and its residents, is consistent with and fosters the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

<u>Section 2</u>: That this Mayor and Board of Trustees, after considering the report, findings, and recommendations of the Plan Commission and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the special use for the property located at 50-124 and 200-324 Burr Ridge Parkway, Burr Ridge, Illinois, is the Village of Burr Ridge (hereinafter "Petitioner"). The Petitioner requests a Planned Unit Development as per Section VIII.B.2.cc of the Zoning Ordinance for the purpose of creating parking and land use regulations at the subject property.
- B. That the shopping center is unique in its overall development pattern.

C. That the subject property requires a PUD to ensure proper land use regulations are put in place which deliver adequate municipal control but also permit the healthy development of the subject property.

<u>Section 3</u>: That special use approval for a PUD *is hereby granted* for the property commonly known as 50-124 and 200-324 Burr Ridge Parkway and identified by the Permanent Real Estate Index Numbers of <u>18-30-305-003-0000; 18-30-301-001-0000; and 18-</u> <u>30-305-005-0000.</u>

Section 4: That the PUD is subject to the following terms and conditions set forth in **Exhibit A**.

<u>Section 5</u>: That this Ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law. The Village Clerk is hereby directed and ordered to publish this Ordinance in pamphlet form.

Exhibit A

PLANNED UNIT DEVELOPMENT REGULATIONS RELATED TO THE SHOPPING CENTER AT 50-324 (EXCLUDING 150) BURR RIDGE PARKWAY

The following regulations are intended to govern the current use, scope, as well as present and future conditions of the subject property at 50-324 (excluding 150) Burr Ridge Parkway, known at this time as "County Line Square Shopping Center", as described in Exhibit A (Plat of Survey).

Operation within Enclosed Buildings

All business, service, storage, merchandise display, repair, and processing, where allowed, shall be conducted within a completely enclosed building, except as follows:

- a. Outdoor activities are permitted for uses which by definition require outdoor activities such as parking and loading areas, automobile service stations, or recreation areas for child care centers and nurseries.
- b. Outdoor activities listed as special uses may be approved by the Board of Trustees upon recommendation from the Plan Commission subject to the Zoning Ordinance.
- c. Temporary (less than or equal to 72 hours in total duration) outdoor activities may be permitted subject to written approval by the Village Administrator or their designee. Such activities shall not include any permanent improvements, buildings, or structures. Outdoor activities which may be permitted include festivals, tent sales, or seasonal sidewalk sales.

Signs

Building Signs located at the subject property are subject to the issuance of a sign permit by the Village. Building Signs are subject to the following regulations:

- a. Each tenant shall be permitted one Building Sign on the building façade.
- b. Each Building Sign shall not exceed one square foot for each lineal foot of the storefront or tenant space width with a minimum area allowed of 20 square feet and a maximum area allowed of 40 square feet.
- c. All tenants are permitted to affix Storefront/Window Signs, defined as any covering of the front window for advertisement purposes, without need for a sign permit and in adherence to the following regulations:
 - 1. The sum total of all Storefront Signs shall not exceed 30 percent of the total area of the windows in which they are located.
 - 2. Storefront Signs shall not have any moving parts.
 - 3. A series of windows that are separated by frames and supporting material of less than six inches in width shall be considered as a single window for the purpose of computation.
 - 4. Storefront Signs must be hung from some appurtenance of the tenant space and may not be taped or suction-cupped to the window, except if the advertisement is not related to the business' primary functions and is equal or less than 8 ½ x 11 inches in size and laminated.

Design guidelines for Building Signs shall be defined as follows:

- a. Signs are limited to trade names and logo (as identified in the lease). Listing of merchandise or descriptions of categories are not permitted. Signs may not include payment options or the terms "We Accept" in any form or variant.
- b. Iridescent and flashing signs, flashing lights, animated elements, formed plastic, injection molded plastic, and internally illuminated box signs are prohibited.
- c. Exposed raceways, exposed transformers, and visible sign company labels are not allowed. Transformers should not be visible and installed within a tenant's frontage. Animated components, formed plastic, or non-durable signs are not allowed. All signage materials shall be UL-Rated.
- d. No sign maker's labels or identifications may be visible on the exterior of the sign.
- e. No signs with a visible back are permitted and fasteners should be concealed. All supports and fasteners must be of a non-ferrous metal of a quality material and finish.
- f. Exposed neon is not permitted.
- g. All signs must include a seven-day, 24-hour clock to control illumination of storefronts.
- h. All signs must not be more than 12 inches in depth.

Non-Internally Illuminated Individual Letter Signs

- a. Dimensional letter or graphics, pin-set or otherwise applied directly to the face of storefront area with external illumination. Signage types include metal, acrylic, or wood letters.
- b. Signs shall not be placed on background material.
- c. All signs must be lit with either a concealed fixture or as a design element i.e. decorative gooseneck fixture.

Silhouette (Halo) Reverse Channel Lettering

- a. Background surfaces of the sign shall be opaque and not reflect the illumination of image of the neon lamps within the letters.
- b. All neon tubing must be fully concealed within the letter to not be visible to the public.
- c. The rear edge of the letter shall be approximately one inch from the background surface.
- d. Standoff brackets shall be mounted in the least visible location to support the letters.
- e. Standoff brackets and fasteners visible within the one-inch dimension between the background surface and the back of the letter shall be painted to match the background surface.
- f. P-K transformer housings shall be provided to feed the neon to each letter of the sign.
- g. Halo-type signs must have clear Lexan backing on the rear of the letters.

In all instances, signs must not exceed three total colors, including white.

Shopping Center Ground Sign

Shopping center signs are subject to the approval of the Board of Trustees upon review by the Plan Commission. One shopping center ground sign may be allowed subject to the following:

- a. Shopping center ground signs shall be consistent in design and materials with wall signs.
- b. Shopping center ground signs shall be a maximum area of 100 square feet in area.
- c. Shopping center ground signs shall not exceed a maximum height of 8 feet except as allowed by paragraph e below.

- d. Shopping center ground signs shall be setback a minimum of 10 feet from all property lines except as required by paragraph e below;
- e. The height of shopping center ground signs may be increased up to 12 feet provided that the sign is setback an additional 3 feet for each 1 foot increase in height. For example, a 9 foot high sign would require a 13 foot setback from all property lines, a 10 foot high sign would require a 16 foot setback.

Landscaping and Buffering

Any element of the subject property which adjoins or is across the street from a Residential District, a fence or wall of architectural design approved by the Village and not less than five nor more than six feet in height, or a densely planted tree or shrub hedge, initially not less than five feet in height, shall be provided along the entire length of the property line which adjoins or is across the street from the Residential District. The proposed method of buffering shall be considered as part of the site plan review process herein set forth. The decision whether to require a wall, fence, trees, or shrub hedge shall be made by the Village based on site considerations.

Hours of Operation for Business Uses

- a. The hours of operation for all uses within this Ordinance shall not exceed 7 A.M. to 10 P.M. on a permitted basis.
- b. Any use may request special use approval in accordance with the procedures and requirements outlined in the Zoning Ordinance to exceed these permitted hours.
- c. Any previously-approved special use shall be considered a use's permitted hours of operation until and unless revisions are specifically made to this extent.

Restaurant outdoor dining areas shall be subject to the following:

- Dining areas must be limited to the linear frontage of the principal business to which the outdoor area is intended to serve;
- Dining areas shall be enclosed by an open fence of approved design preventing access to the outdoor dining area except by a doorway from the interior of the restaurant if table service is provided or alcohol served in the outdoor dining area;
- Door to the dining area shall be self-closing;
- Tables shall be cleaned promptly following use;
- Furniture and umbrellas shall be weighted to prevent their movement in the wind;
- Seating shall not exceed one chair for every 10 square feet devoted to outdoor dining and shall be counted in determining restroom and parking requirements;
- No outdoor dining area shall be located so as to impede pedestrian traffic or proper access to and from the restaurant, defined as being within 48" of a curbline or so as to impede the normal flow of pedestrian traffic into or from a doorway;
- Outdoor food preparation, storage or display is prohibited;
- All furniture must be stored in the rear or off-site of the subject property when not in use;
- Any and all outdoor dining areas must cease to be occupied not less than one-half hour prior to the closure of the principal business;
- Outdoor music, performances, and other such entertainment is prohibited within outdoor dining areas, except when specifically exempted by one-time permit by the Village Administrator or their designee;
- Approval of outdoor dining areas shall be subject to the Village's adopted building codes;
- Approval of outdoor dining areas may only be approved by the Village if they are also approved by the property owner;

- Outdoor dining areas must be cumulatively approved by the Village Administrator or their designee to determine final compliance with the regulations set forth herein; and
- Outdoor dining areas shall be included as part of the size calculation for restaurants.

Parking Design Regulations

The subject property shall provide one parking space for each 200 gross square feet of commercial space available.

Every parking lot in excess of fifteen spaces shall contain planting islands for shade trees in compliance with the following standards:

- a. There shall be one island for every 15 parking spaces and one shade tree for each island.
- b. Each parking lot landscape island shall be a minimum of 9 feet wide and 18 feet in length.
- c. Required shade trees shall have a minimum 3 inch diameter measured two feet above ground level.
- d. Parking lot landscape islands generally shall be located at the ends of each row of parking (one double island to be located at the end of a double row of parking) and every 15 parking spaces within a row.
- e. Maintenance of Landscape Areas and Screening: All such landscaped areas and screening shall, once installed, be maintained in such manner as to retain at least the intended standards of the initial landscaping and to conform to the landscaping requirements of the Village.

| Angle of Parking | 45 Degrees | 60 Degrees | 90 Degrees |

Minimum Standards for Parking Stalls and Aisles

*One-way aisles only

Parallel parking shall be permitted with stalls at least 24' in length with an aisle of 14' Accessible parking areas shall be designed in accordance with State requirements

All open off-street loading berths, access drives, aisles, and maneuvering spaces shall be improved with an all-weather hard surface pavement including, at a minimum, a two inch (2") bituminous concrete surface course, with a twelve inch (12") minimum thickness aggregate base course, and six inch (6") high perimeter concrete curbing (Type B or Type B6:12) installed in accordance with Illinois Department of Transportation specifications.

Parking and Loading Regulations

The area immediately adjacent to the curbline shall be permitted to be used as a standing and loading zone (as shown in Exhibit C in yellow), except no parking, standing, or loading areas shall

be designated near the traffic intersection (as shown in Exhibit C in red). It shall be unlawful for the driver of a vehicle to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, groceries, or freight in any place along the curbline. It is prohibited to park a vehicle, whether occupied or not, along the curbline at the subject property. Parking or excessive standing/loading shall be defined as five (5) consecutive minutes. Signs shall be erected every 100 feet along the curbline to this effect. Additionally, restaurants may exclusively operate valet services in areas shown in Exhibit C in blue between 5:00pm-10:00pm from Thursday-Sunday if they provide written notice to the Village and the property owner. Blue-designated areas shall serve as yellow-designated standing and loading zones outside of these hours. All employees of and agents or parties directly affiliated with a business must provide or receive deliveries in the rear of the property; third party agents may provide or receive deliveries in the front of the property.

All restaurant uses over 4,000 gross square feet must provide and continually operate a parking management plan, which shall include, at minimum, valet service to be present on Thursday-Saturday evenings after 5:00pm.

Employees at all businesses shall park behind the primary building (articulated in Exhibit B), except when cases when all legally permitted spaces behind the building are occupied.

Parking of trucks in the open shall be prohibited. Trucks making deliveries to the business premises shall make deliveries only at loading docks where provided and, if there is no loading dock, such trucks may park only for such time as is necessary to complete the delivery.

INTERGOVERNMENTAL AGREEMENT FOR THE PROVISION OF ENVIRONMENTAL HEALTH INSPECTIONAL SERVICES

5 5

This **AGREEMENT** entered into as of December 1, 2021 by and between the Village of Burr Ridge, Cook County, Illinois a municipal corporation (hereinafter called the **VILLAGE**), and the County of Cook, Illinois a body corporate and politic (hereinafter called the **COUNTY**).

WITNESSETH:

WHEREAS, The VILLAGE wishes to provide environmental health inspectional services relating to food service sanitation and retail food store sanitation; and

WHEREAS, the COUNTY is willing to provide the VILLAGE with certain environmental health services through the work of its Department of Public Health, (hereinafter called the **DEPARTMENT**) upon the terms and conditions as hereinafter set forth; and

WHEREAS, the COUNTY is a home rule unit as provided in the 1970 Illinois Constitution (Art. VII, Sec. 6); and

WHEREAS, the VILLAGE is a municipality deriving its authority as provided in the Illinois Compiled Statutes (65 ILCS 5); and

WHEREAS, the 1970 Illinois Constitution (Art. VII, Section 10) and the Illinois Compiled Statutes (5 ILCS 220) provide authority for intergovernmental cooperation; and

WHEREAS, the Illinois Compiled Statutes (55 ILCS 5/5-25013 (B) 5), provides that the **DEPARTMENT** may contract for the sale of health services; and

WHEREAS, the parties hereto seek to protect the health of the citizens of the COUNTY and the VILLAGE by undertaking the AGREEMENTS contained herein through their joint effort.

NOW THEREFORE, in consideration of the premises, and such other considerations as hereinafter set forth, the parties hereto agree as follows:

- 1. The **DEPARTMENT**, through its Environmental Health Division Staff, shall provide the following environmental services to the **VILLAGE**:
 - a. Make inspections as required by the food sanitation provisions of the Code of Ordinances of the VILLAGE (hereinafter called the VILLAGE CODE) of all food service establishments and retail food stores licensed or permitted by the VILLAGE as scheduled by the VILLAGE and the DEPARTMENT during the term of this AGREEMENT to assure compliance with the VILLAGE CODE;

- b. Reinspect all food service establishments and retail food stores to monitor the correction of violations identified at the time of the initial inspection pursuant to (a.) above;
- c. Provide the VILLAGE with reports of inspections undertaken;
- d. Report immediately to the **VILLAGE** on matters which in the opinion of the inspector are of serious concern;
- e. Testify as required in any court cases brought by the **VILLAGE** for correction of food sanitation code violations cited pursuant to inspections conducted by the **DEPARTMENT**;
- f. Review plans for any new or extensively remodeled food service establishment or retail food store in the **VILLAGE** to assure compliance with current Federal, State, **COUNTY**, and **VILLAGE** Food Service Establishment and Retail Food Store Regulations.
- 2. The **DEPARTMENT** agrees to furnish its employees with means of transportation to, from, and within the **VILLAGE** in order to carry out the duties and inspections as described herein.
- 3. The VILLAGE agrees:
 - To maintain in force during the term and any extension of this intergovernmental AGREEMENT, ordinances or regulations at least equivalent to the COUNTY Food Service Establishment and Retail Food Store Ordinances;
 - To maintain files and records of inspections and licensing or permitting of food service establishments and retail food stores, and to provide the DEPARTMENT with one copy of inspection reports prepared by DEPARTMENT personnel and upon reasonable notice provide the COUNTY with access to said files and records;
 - c. To provide any legal action in the determination of the **VILLAGE** necessary to enforce the **VILLAGE** ordinances or regulations.
- 4. To provide the **DEPARTMENT** with the necessary authority to perform the duties and services referred to above.
- 5. The **DEPARTMENT** agrees to provide all of the services outlined in Paragraph Number 1 above, at a cost of **\$100.00 per inspection** billed to the **VILLAGE** for the term of the **AGREEMENT**.

- 6. The VILLAGE agrees to hold harmless and to indemnify the COUNTY, its Board members, officers, agents and employees from liabilities, costs, judgments, attorneys' fees or other expenses resulting from any negligence or act or failure to act under this **AGREEMENT** by the **VILLAGE**, its officers, agents or employees. The **COUNTY** agrees to hold harmless and to indemnify the **VILLAGE**, its Board members, officers, agents and employees from liabilities, costs, judgments, attorneys' fees or other expenses resulting from any negligence or act or failure to act under this AGREEMENT by the COUNTY, its officers, agents or employees. Nothing herein shall be construed to require the VILLAGE to indemnify the COUNTY for the negligence of the DEPARTMENT or its officers, agents, or employees; and further, nothing herein shall be construed to require the VILLAGE to indemnify or make any payments in connection with any claim for which the COUNTY or the DEPARTMENT otherwise would not be liable, nor shall it be construed to waive any defenses that the COUNTY, the DEPARTMENT or the VILLAGE may otherwise have to any such claim. Furthermore, nothing herein shall be construed to require the COUNTY to indemnify the VILLAGE for the negligence of the VILLAGE or its officers, agents or employees; and further, nothing herein shall be construed to require the **COUNTY** to indemnify or make payments in connection with any claim for which the VILLAGE otherwise would not be liable.
- 7. This AGREEMENT shall become effective as of December 1, 2021 and shall continue through November 30, 2022 unless otherwise terminated by either party as hereinafter provided. This AGREEMENT may be renewed on an annual basis by resolution of the corporate authority of both parties or with the written agreement of the parties through their designated representatives. For purposes of the renewal of the terms and conditions contained in this AGREEMENT the COUNTY authorizes the Chief of the Bureau of Health Services or the Director of the DEPARTMENT to renew on its behalf.
- 8. The parties hereto shall at any time during the term of this AGREEMENT have the right to terminate same upon 30 days written notice to the other party, said notice to be sent certified mail, return receipt to: Director, Cook County Department of Public Health, 10220 S. 76th Avenue, Room 250, Bridgeview, IL 60455; or to the Village Clerk, with a copy each to the Village President and the Village Administrator, Village of Burr Ridge, 7660 South County Line Road, Burr Ridge, Illinois 60521.
- 9. It is expressly agreed by the parties hereto that all environmental health staff members of the **DEPARTMENT** shall be deemed its employees and shall be under the sole supervision and control of the **DEPARTMENT**.

- 10. This intergovernmental **AGREEMENT** may be amended only by resolution of the corporate authority of each party hereto.
- 11. If any provision of this **AGREEMENT** is invalid for any reason, such invalid portion shall not render invalid the remaining provisions of this **AGREEMENT** which can be given effect without the invalid provision to carry out the intent of the parties as stated herein.
- 12. Neither party hereto may assign this **AGREEMENT** in whole or in part without the written consent of the other party.
- 13. The waiver by a party or any breach or failure of the other party to perform any covenant or obligation contained herein shall not constitute a waiver of any subsequent breach.
- 14. This **AGREEMENT** represents the entire **AGREEMENT** between the parties and supersedes any and all prior **AGREEMENTS**, whether written or oral. Any modification of this **AGREEMENT** shall be valid only if in writing and signed by all parties hereto.
- 15. This **AGREEMENT** shall be governed by and construed in accordance with the laws of the State of Illinois.
- 16. All notices relating to the **AGREEMENT** shall be either hand delivered to the party or mailed to the party by certified mail, return receipt requested to all respective parties at addresses as both appear in Section 8 of this **AGREEMENT**.
- 17. None of the provisions of this AGREEMENT is intended to create nor shall be designed or construed to create any relationship between the COUNTY and the VILLAGE other than of independent entities contracting with each other hereunder solely for effecting the provisions of the AGREEMENT. Neither of the parties hereto nor any of their respective representatives shall be construed to be the agent, the employer or representative of the other. The VILLAGE and the COUNTY will maintain separate and independent managements and each has full unrestricted authority and responsibility regarding its own organization and structure.
- The execution of this AGREEMENT by the COUNTY shall be subject to the authorization of the Cook County Board of Commissioners adopted in accordance with applicable law.

IN WITNESS WHEREOF, the undersigned governmental units have caused this **AGREEMENT** to be duly executed and attached herewith are copies of the respective resolutions authorizing the signing official to execute this **AGREEMENT**.

MID-YEAR BUDGET REVIEW FISCAL YEAR 2022

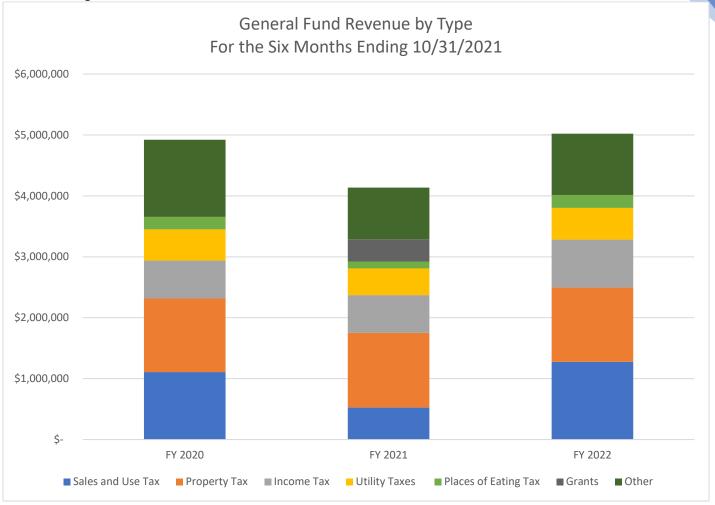

Opening Comments

- ✓ FY2021 ending fund balance in the General Fund increased by \$275,587 when compared to the ending FY2020 fund balance, for a total fund balance in the Village's General Fund as of April 30, 2021 amounting to \$5,594,520, or 66.76% of General Fund expenditures
- ✓ A draw on fund balance within the General Fund, in the amount of \$1,268,900, will occur in FY2022 for the purpose of retiring the outstanding General Obligation Refunding Bonds, Series 2017
 - If revenues and expenditures are fairly even within the General Fund in FY2022, fund balance in the General Fund will amount to approximately \$4,325,620, or 51.62% of General Fund expenditures.
 - In order to maintain a healthy fund balance within the General Fund, revenue sources need to increase at the same or greater pace than the Village's operating expenditures increase in order to maintain a healthy fund balance and continue the practice of funding the Village's non-enterprise capital improvements with General Fund revenues
- ✓ Based on the analysis presented below, revenues for FY2022 are coming in at or over the amount budgeted for the first six (6) months of FY2022, while expenditures are trending on target.

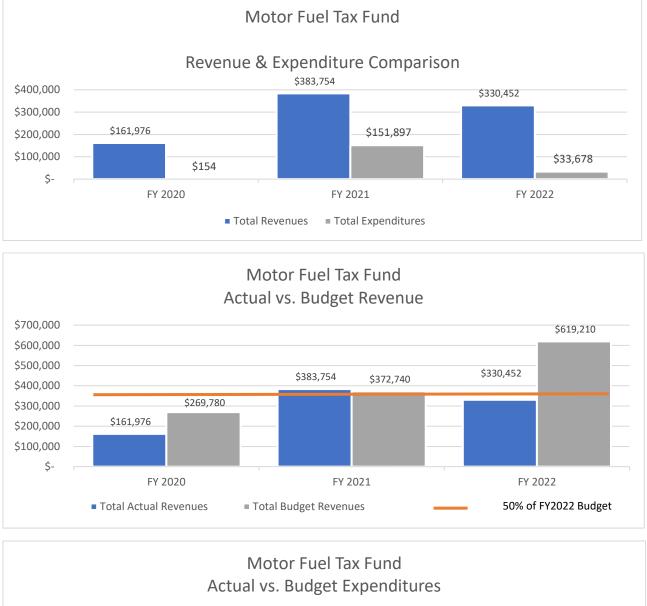

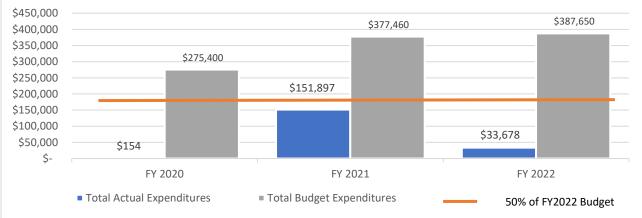

- ✓ General Fund actual revenues are exceeding actual expenditures as of October 31, 2021, as well as exceeding 50% of total budgeted revenues; actual expenditures are lower than budget as of the same date
- ✓ Village incurred approximately \$62,000 in costs due to the 2021 Father's Day Tornado; a budget amendment has been proposed for these items

- ✓ Sales, Use, and Telecommunications Taxes are received from the State on a 3-month lag (October 2021 revenues will be received in January 2022)
- ✓ Revenues continued to rebound in FY2022. Sales and Use tax collection of \$1.2 million reflect a year-overyear increase of 142%, while Places of Eating Taxes are up 70% from last year
- ✓ Property Tax revenues remain consistent with prior year collections
- ✓ Income Tax collections are approximately 27% higher than the same time period in FY2020 and the Village has collected approximately 67% of the amount budgeted in the first six months of FY2022
- ✓ Cable Franchise Fees, collected quarterly, are up 72% from this time last year.
- ✓ Fines and Forfeitures collected are \$64,160, up 79% from last year as a result of the reopening of the court systems.

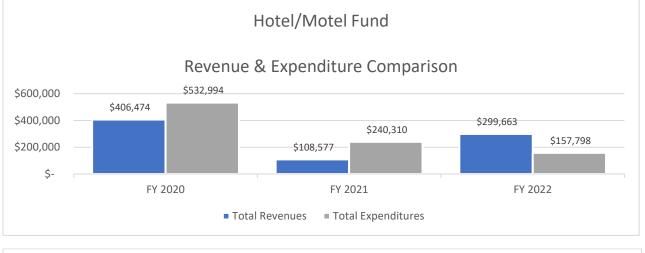

Note: In September 2021 the Village received installment 1 of 2 of the American Rescue Plan (ARPA) Grant in the amount of \$731,244. The 2nd installment will be received in September 2022. These amounts have been recorded as deferred revenue until covered expenses are identified and incurred and therefore, this revenue source is not included above.

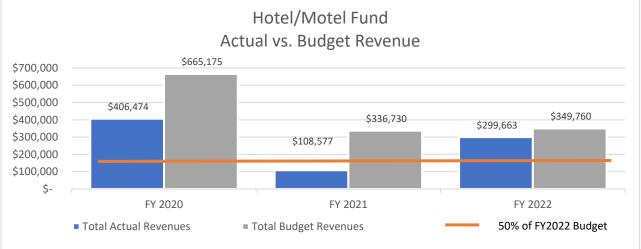

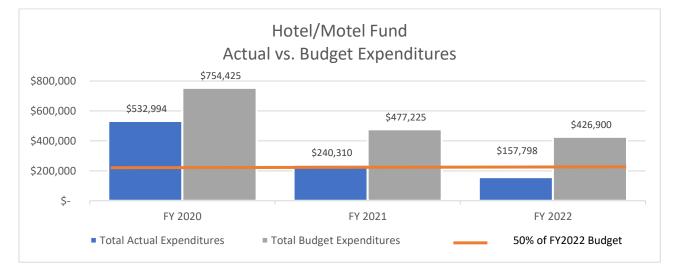

In the Motor Fuel Tax Fund, the Village has received four of the six installments from the Rebuild Illinois Bond Fund in the amount of \$115,980 each. Transfers, in the amount of \$32,270, have been recorded to the Capital Improvement Fund to fund targeted future projects. The Village has also received \$231,960 in Motor Fuel Taxes from the Illinois Department of Transportation (IDOT).

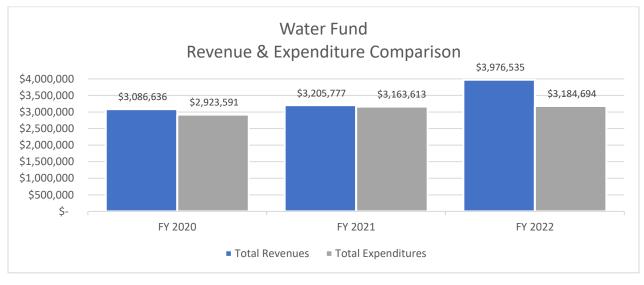

4

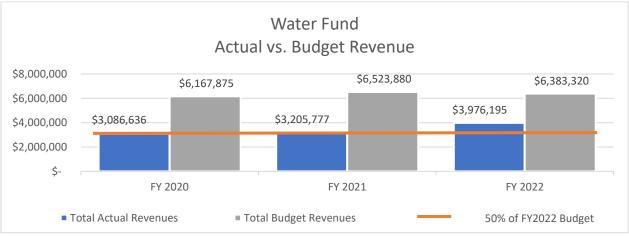

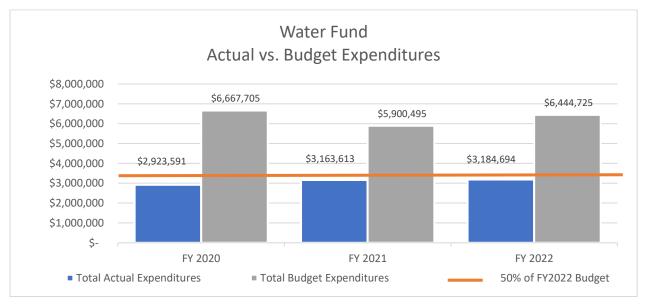

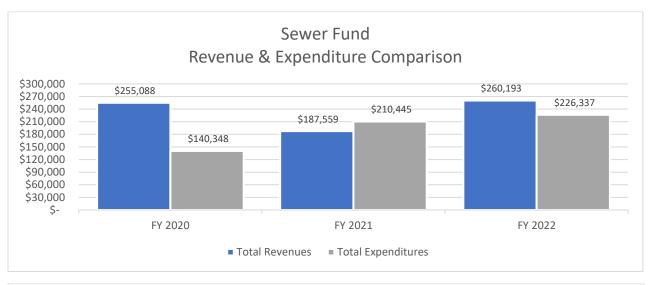

Hotel/Motel Taxes are exceeding 50% of the budget through October 31, 2021, while expenditures are lower than budget for the first six months. Expenditures for Special Events is 25% of the amount budgeted for the first six months, while expected transfers to the Capital Improvement Fund will occur later in the fiscal year.

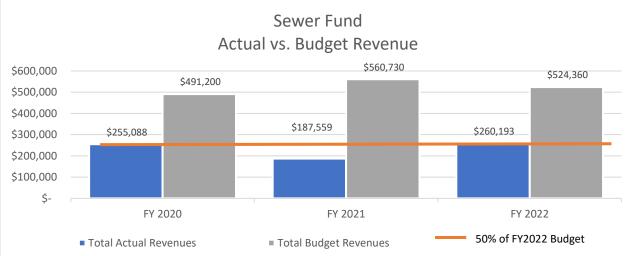

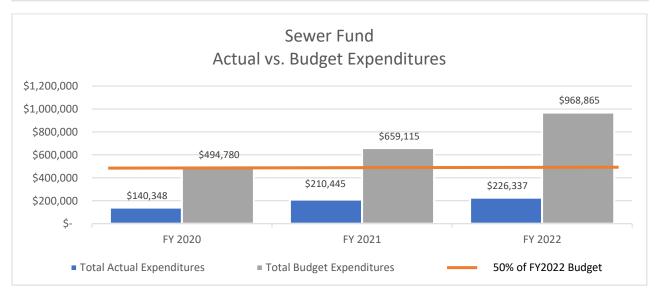

In the Water Fund, revenues are exceeding budget with three billing cycles completed through October 31, 2021. Expenditures are in line with the budget for the first six months.

Sewer Fund revenues are exceeding expenditures and are at 50% of the total budget for the first six months, while expenditures are lower than budget.

MAYOR GARY GRASSO VILLAGE CLERK SUE SCHAUS VILLAGE ADMINISTRATOR EVAN WALTER

November 2, 2021

Mayor Gary Grasso and Board of Trustees 7660 County Line Road Burr Ridge, Illinois 60527

Re: Z-12-2021: Business Development District (Village of Burr Ridge); Development Moratorium

Dear Mayor and Board of Trustees:

The Plan Commission transmits its recommendation to approve a request by the Village of Burr Ridge to establish a temporary moratorium on new development projects in the Downtown Business Development District.

After due notice as required by law, the Plan Commission held a public hearing on November 1, 2021. The Board directed the Plan Commission to hold this public hearing. In summary, the Plan Commission recommends that the Village adopt a land use moratorium in the Downtown Business Development District related to the development of new buildings or foundations in this geographic area. The Plan Commission reached a consensus that the Village, in its overall goal of downtown development, would be well served to enact such a moratorium for the purpose of creating master plans, comprehensive plan amendments or overall updates, as well as more precise zoning regulations. The Plan Commission noted that the Village would likely receive higher quality development proposals if the Village undertook this endeavor, which necessitated such a moratorium.

Based on the above considerations, the Plan Commission, by a vote of 6 to 0, *recommends that the Board of Trustees approve* this petition subject to the recommended language included in the "Findings of Fact and Recommendation" section of the staff report acting as supporting evidence thereof.

Sincerely,

Greg Trzupek, Chairman Plan Commission/Zoning Board of Appeals

Z-12-2021: Downtown Business Development District (Village of Burr Ridge); Requests imposition of a temporary moratorium on new development projects in the Downtown Business Development District, and other relief as required.

Staff Report Z-12-2021: Downtown Business Development District (Village of Burr Ridge); Development Moratorium and Findings of Fact Page 2 of 4

On September 27, 2021, the Board of Trustees considered the concept of a potential moratorium which would temporarily restrict the consideration of applications for new development within the Downtown Business Development District. Subsequent to their review and discussion, the Board of Trustees recommended the Plan Commission host a public hearing to consider a moratorium. An excerpt from the minutes of this meeting including the entirety of the Board's discussion is attached to this report.

<u>Moratorium in Brief</u>

The proposed moratorium would be an Ordinance adopting a policy establishing a temporary hold on certain types of development undertaken while the Village considers potential land-use and zoning amendments. Illinois courts have recognized the use of moratoria as a viable land use tool, and the United States Supreme Court has acknowledged both the importance and appropriateness of moratoria in certain planning efforts. Communities establishing a temporary moratorium should ensure the moratorium:

- a. advances a legitimate governmental interest;
- b. relates to an issue the community is actively studying;
- c. precisely defines what activities are subject to the moratorium;
- d. only extends for limited duration of time; and
- e. is clearly and completely communicated in the ordinance establishing the moratorium.

Given the Village's recent development of economic development priorities, creation and implementation of the Downtown Business Development District, a temporary pause in review of any new downtown development could allow for any desired adjustments to the Village's downtown regulations and future vision to be evaluated. The area within which the moratorium would apply includes those portions of downtown Burr Ridge east of County Line Road, south of I-55, west of all residential development in Burr Oaks Glen North and 72nd Street, as well as north of Ambriance! and Chasemoor subdivisions. The Plan Commission and subsequently the Village Board should review the five components noted to provide the public with an understanding of the goals and terms of the moratorium.

Staff requests the Plan Commission's review, consideration of public comments, and a recommendation to the Village Board of Trustees regarding the proposed moratorium components.

Proposed Ordinance (Moratorium) Components

Before considering a recommendation to the Village Board of Trustees, the Plan Commission should review the following criteria and identify findings that would be included in a draft ordinance for the Village Board's consideration at an upcoming meeting.

The moratorium advances a legitimate governmental interest

A moratorium would prevent further development under existing land use and zoning regulations in the Downtown Business Development District which are expected to be amended through the Village's Comprehensive Plan, current zoning ordinance regulations, the Economic Development Plan goals and directives, as well as establish a proposed Downtown Master Plan.

The moratorium relates to an issue the community is actively studying

Staff Report Z-12-2021: Downtown Business Development District (Village of Burr Ridge); Development Moratorium and Findings of Fact Page 3 of 4

The Village recently retained the third-party assistance of SB Friedman, a reputable area economic development consultant to study, design, and produce a Business District Plan for Downtown Burr Ridge, which was implemented by the Board of Trustees on September 27, 2021. The Village's Economic Development Committee has subsequently begun its research into hiring an appropriate consultant to begin review and establishment of incentive policies, including the possibility of retaining SB Friedman, while preliminary analysis has begun at the staff level to identify the most plausible and effective path forward to design Comprehensive Plan amendments, a proposed Downtown Master Plan, as well as other land use and zoning regulations as necessary.

The moratorium precisely defines what activities are subject to the moratorium

As currently proposed, those projects types impacted by the moratorium would be new development projects such as an application for zoning relief (a Planned Unit Development, rezoning to accommodate a new development, or setback/height variation request), redevelopment of a property, or major site modifications (e.g. Final Site Plan Review). A process and associated evaluation criteria would be included in the proposed moratorium ordinance to allow consideration by the Board of Trustees of exceptions on a case-by-case basis for a given project. Interior remodeling projects (e.g. tenant buildout of existing spaces), signage, outdoor dining, façade enhancement, and minor site modifications would be permitted to proceed during the proposed moratorium. The moratorium would not be retroactively applied to any projects that have been previously approved by the Board of Trustees. Staff is not aware of any projects which will be impacted by such a moratorium, should one be implemented in accordance with the standards applied as described in this report.

The moratorium only extends for limited duration of time

The proposed moratorium on new downtown development would be expected to span until May 1, 2022. If necessary, the Board of Trustees would be permitted consider whether to extend the term of the proposed moratorium without further need for Plan Commission input. Upon adoption of the new code amendments, the moratorium would be lifted and new developments would need to comply with the updated downtown plan and zoning.

The moratorium is clearly and completely communicated in the ordinance establishing the moratorium

The components outlined above would be included in a draft motion for consideration and deliberation by the Village Board at an upcoming meeting.

Public Comment

Staff has received a number of informational inquiries related to this petition, but none have resulted in definitive support or opposition to the petition.

Findings of Fact and Recommendation

Land use moratoriums such as this petition do not have established Findings of Fact; rather, an affirmative recommendation to implement such a policy would include language in a motion which asserts concurrence with the legal standards related to the adoption of such a policy. Sample language to this effect is as follows:

a. The moratorium advances a legitimate governmental interest

Staff Report

Z-12-2021: Downtown Business Development District (Village of Burr Ridge); Development Moratorium and Findings of Fact

Page 4 of 4

• The proposed moratorium prevents further development under existing land use and zoning provisions for the Downtown Business Development District.

The moratorium relates to an issue the community is actively studying

• A process has begun to amend the Village's Comprehensive Plan, current zoning ordinance regulations, the Economic Development Plan goals and directives, as well as establish a proposed Downtown Master Plan.

The moratorium precisely defines what activities are subject to the moratorium

- The proposed moratorium encumbers and is effective related to the receipt of applications for the processing of, the approval of, and the issuance of any new development projects such as an application for zoning relief (a Planned Unit Development, re-zoning to accommodate a new development, or setback/height variation request), redevelopment of a property, or major site modifications (e.g. Final Site Plan Review).
- A process should be included to allow consideration of exceptions by the Board of Trustees on case-by-case basis.
- Interior remodeling projects (e.g. tenant buildout of existing spaces), signage, outdoor dining, façade enhancement, and minor site modifications would be permitted to proceed during the moratorium period.
- The moratorium would not be retroactively applied to any projects approved by the Board of Trustees.

The moratorium only extends for limited duration of time

- The proposed moratorium would be expected to span until May 1, 2022.
- The Board of Trustees would consider whether to extend the term of the proposed based on the progress of the proposed planning efforts and code update depending on the current progress of all such review projects at a date to be determined.
- Upon adoption of the new code amendments, the moratorium would be lifted.

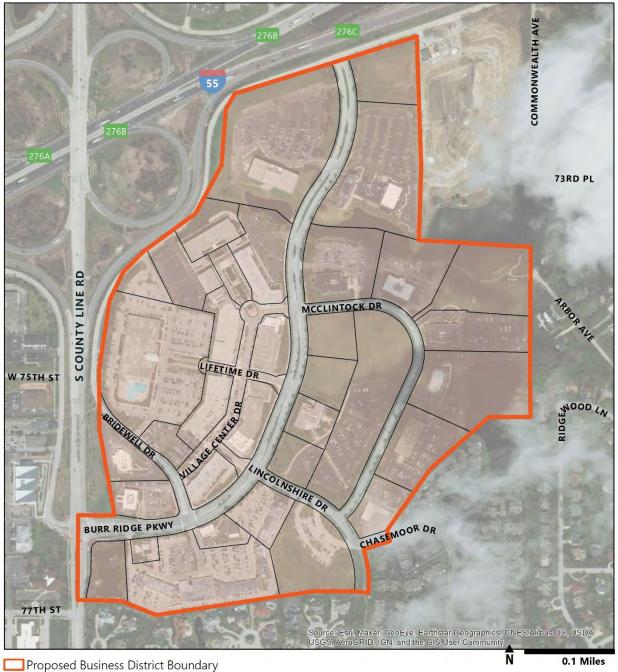

The moratorium is clearly and completely communicated in the ordinance establishing the moratorium

• The area included in the proposed moratorium would be the coterminous to those of the Downtown Business Development District (see Exhibit A).
