

REGULAR MEETING MAYOR & BOARD OF TRUSTEES VILLAGE OF BURR RIDGE

AGENDA

Monday, January 11, 2021 7:00 P.M.

Attendance and Public Comment Procedures: Due to the current state of emergency, consistent with the Governor's Disaster Proclamation issued on November 13, 2020, and in accordance with 5 ILCS 120/7(e), the physical presence of a quorum of the corporate authorities being excused, participation by Village Board members at this meeting will be carried out remotely via the ZOOM meeting platform. The Mayor will be present in the Board Room to preside over the meeting, as required by law, along with select staff. Trustees' attendance shall occur via the Zoom meeting platform by accessing the meeting link. All Trustees must participate in the meeting with a video-enabled webcam. Trustees using a webcam without a microphone may call into the meeting at (312) 626-6799, using Meeting ID 872 4474 1683; Password 588051.

Pursuant to Governor Pritzker's Executive Order 2020-71 physical attendance at this meeting shall be limited to 10 people. Therefore, attendance by members of the public for the January 11, 2021 Village of Burr Ridge Board of Trustees meeting will be permitted both in person (subject to social distancing and capacity limitations) and virtually. Members of the public may attend the meeting by accessing the meeting link, using either a computer microphone or by calling into the meeting at (312) 626-6799, using Meeting ID 872 4474 1683; Password 588051. Public comments will also be taken prior to the meeting via email at BRMeetings@burr-ridge.gov. E-mailed public comments shall identify whether the comment is intended to address a specific agenda item (please identify the agenda item) or is intended for general public comment under Section 9 of this Agenda. Public comments may also be made during the meeting at the applicable time. All public participants will be muted upon entering the virtual meeting. Prior to voting on each agenda item, public participants will be unmuted and asked for comments. The same procedure will be followed for any person seeking to address the Board under Section 9 - Public Comment. Each speaker addressing the Board of Trustees is asked to limit comments to five minutes.

- 1. CALL TO ORDER & PLEDGE OF ALLEGIANCE
- 2. ROLL CALL
- 3. PRESENTATIONS AND PUBLIC HEARINGS
- 4. CONSENT AGENDA OMNIBUS VOTE

All items listed with an asterisk (*) are considered routine by the Village Board and will be enacted by one motion. There will be no separate discussion of these items unless a Board member or citizen so request, in which event the item will be removed from the Consent Agenda, discussed by the Board, opened for public comment, and voted upon during this meeting.

5. MINUTES

- A. * Approval of Regular Board Meeting of December 14, 2020
- B. * Receive and File Street Policy Committee Meeting of December 14, 2020
- **C.** * Receive and File Water Committee Meeting of December 16, 2020
- **D.** * Receive and File Plan Commission Meeting of December 21, 2020

6. ORDINANCES

- A. Consideration of an Ordinance Granting Special Use Approvals Pursuant to the Burr Ridge Zoning Ordinance for a Restaurant with Sales of Alcoholic Beverages,

 Live Entertainment and Outdoor Dining (Z-15-2020: 212 Burr Ridge Parkway Halleran)
- B. Consideration of an Ordinance Granting a Variation from the Burr Ridge Zoning
 Ordinance to Permit a Restaurant in County Line Square Without the Required
 Number of Parking Spaces (Z-15-2020: 212 Burr Ridge Parkway Halleran)
- * Approval of Ordinance Granting a Special Use for a Medical Office (Z-12-2020: 7512 County Line Road – Giadla)

7. RESOLUTIONS

- A. Consideration of a Resolution Appointing Acting Finance Director For the Village of Burr Ridge
- **B.** * Adoption of Resolution for Maintenance Under the Illinois Highway Code Appropriating Motor Fuel Tax Funds for the 2021 Road Program

8. CONSIDERATIONS

- A. Consideration of Street Policy Committee Recommendation to Approve the 2021

 Road Program
- B. <u>Consideration of Special Use for a Preschool at 7508 County Line Road (Z-14-2020: Kammala)</u>
- * Receive and File Letter of Resignation of Utility Worker I George Macha from the Burr Ridge Public Works Department
- * Approval of Recommendation to Hire Replacement General Utility Worker I to Fill Vacancy Created by the Resignation of George Macha
- * Receive and File Letter of Resignation of Utililty Worker I Andre Timmons from the Burr Ridge Public Works Department
- * Approval of Recommendation to Hire Replacement General Utility Worker I to Fill Vacancy Created by the Resignation of Andre Timmons
- **G.** * Receive and File Letter of Resignation of Officer Patrick Patla from the Burr Ridge Police Department

- **H.** * Approval of Recommendation to Hire Replacement Patrol Officer to Fill Vacancy Created by the Resignation of Patrick Patla
- * Approval of Vendor List Dated January 11, 2021, in the Amount of \$247,553.36 for all Funds, plus \$187,331.28 for Payroll for the Period Ending December 12, 2020 for a Grand Total of \$434,884.64, Which Includes Special Expenditures of \$47,040.67 to Compass Minerals America for Three Deliveries of Bulk Rock Salt; and \$24,622.24 to Unique Plumbing Company for Sewer System Improvements
- 9. PUBLIC COMMENTS
- 10. REPORTS AND COMMUNICATIONS FROM VILLAGE OFFICIALS
- 11. ADJOURNMENT

TO: Mayor and Board of Trustees

FROM: Village Administrator Evan Walter and Staff

SUBJECT: Regular Meeting of January 11, 2021

DATE: January 7, 2021

6. ORDINANCES

A. Special Use for Restaurant with Entertainment and Sales of Alcohol

B. Variation for Restaurant Without Required Parking

Attached are Ordinances granting special use approvals and a parking variation for a restaurant to be located at 212 Burr Ridge Parkway in County Line Square. At its December 7, 2020 meeting, the Plan Commission recommended approval of these requests while the Board directed staff to prepare the Ordinances at its December 14, 2020 meeting.

The special use ordinance includes approval for a restaurant with sales of alcoholic beverages, live entertainment, and outdoor dining. The parking variation allows the restaurant without the shopping center having sufficient parking for the restaurant. The Ordinance granting the parking variation includes conditions requiring valet parking for the restaurant with valet parked vehicles being located west of the main entryway to the shopping center.

It is staff's recommendation: That the Ordinances be approved.

C. Special Use for Medical Office in the T-1 District

Attached is an Ordinance granting special use approval for a medical office in an existing office building. At its November 16, 2020 meeting, the Plan Commission recommended approval of this request, and at its December 14, 2020 meeting, the Village Board directed staff to prepare the Ordinance. Conditions of the special use include requirements for improvements to the rear transitional yard including drainage, landscaping, and fencing that match the improvements on the adjacent property occupied by Shirley Ryan Ability Lab.

It is staff's recommendation: That the ordinance be approved.

7. RESOLUTIONS

A. Appoint Acting Finance Director

Due to the extended absence of the Village's Finance Director, Assistant

- **1** - January 7, 2021

Finance Director Amy Nelson has been performing the duties of Finance Director. The Finance Director is a position created by the Burr Ridge Municipal Code, exercising supervision over the staff of the Finance Department as well as management of various accounting and financial control functions on behalf of the Village. Ms. Nelson should be appointed to the position of Acting Finance Director to ensure proper supervision of the aforementioned functions of this Department. Ms. Nelson would receive an approximate 20% increase in annualized compensation during her service in this position, if approved.

<u>It is staff's recommendation:</u> That the Board approve a resolution to appoint Assistant Finance Director Amy Nelson as Acting Finance Director at an annualized salary of \$110,000.

B. Motor Fuel Tax Funds for 2021 Road Program

To apply incoming Motor Fuel Tax (MFT) funds from the State towards the Village's 2021 Road Program, it is necessary to adopt the attached "Resolution for Maintenance Under the Illinois Highway Code". This resolution appropriates the entire allotment of MFT funds for the Village from the State to the 2021 Road Program, which is estimated to be \$370,500 for FY21-22.

<u>It is staff's recommendation:</u> That the resolution be adopted.

8. CONSIDERATIONS

A. Approval of 2021 Road Program

The Engineering Division in the Public Works Department annually develops the Village's Road Program by using assessments from its biennial street condition rating survey and targeting specific roadways with the proper treatment at the proper time. Road Programs schedule the resurfacing of local roads, as well as preventative pavement maintenance (crack sealing) and traffic markings. The Road Program is budgeted annually in the Capital Improvement Fund and for FY 2020-21, relied on revenues of the Motor Fuel Tax (MFT) and transfers from the Hotel/Motel Tax Fund.

Road Program contracts in FY2020-21, for their advantageous bulk prices and contractor availability, also completed work on water main repair patching (Water Fund) and various sidewalk repairs (Sidewalk/Pathway Fund). The sum total amount completed for Road Program work and Sidewalk/Pathway Fund maintenance is \$654,567, which is \$100,543 under budget.

In FY2021-22, the proposed Road Program is estimated in the amount of \$978,200. Motor Fuel Tax (MFT) revenue is forecasted approximately in the amount of \$370,500. Therefore, a total local obligation of \$607,700 would be anticipated to fund this work. The Street Policy Committee reviewed and recommended the 2021 Road Program at its regular meeting on Monday,

December 14, 2020, thereby directing staff to prepare bid documents and funding resolutions to advance the proposed program for a March 2021 bid opening.

As staff works through the upcoming FY 2021-22 budget, the Board may adjust the Road Program and Capital Improvements Fund depending on availability of surpluses or other transfers to the General Fund.

At the Village Board meeting on January 11, 2021, the Director of Public Works will present summaries of the completed 2020 Road Program and proposed 2021 Road Program. Several documents are attached which show the scope of the proposed 2021 Road Program as well as a five-year projection of future needs.

<u>It is staff's recommendation</u>: That the Village Board approve the Street Policy Committee recommendation for the 2021 Road Program.

B. Special Use for Preschool at 7508 County Line Road

Please find attached a letter from the Plan Commission recommending approval of a request by Guidepost A, LLC for a special use for a building addition; a special use for a "Day Care Center"; and a variation to permit a reduction of the required 8 foot side yard landscaping area. The Plan Commission held public hearings for this petition on November 16, 2020, December 7, 2020, and December 21, 2020. The petitioner seeks approval to use the property at 7508 County Line Road for a Montessori School. The property is currently developed and occupied as a funeral home. Planned improvements include a 2,626 square foot building addition to the existing 4,512 square foot building, an outdoor play area, and reconfigured parking, access and landscaping.

The petitioner originally filed this request with a larger addition and several other variations including a request to exceed the maximum permitted floor area ratio. After two meetings with the Plan Commission, the petitioner reduced the size of the building addition, added perimeter landscaping in the front, sides, and rear yards, and was able to eliminate all but one variation (which seeks to reduce the depth of the side landscaping yards).

The Plan Commission was concerned about the land use and in particular, the outdoor play area. The petitioner was able to address this concern with a solid fence enclosure for the outdoor play area and solid perimeter landscaping on both sides of the property. The petitioner also agreed to enhance the rear yard by creating a drainage swale and adding fencing and landscaping. The petitioner also volunteered to remove the front yard turnaround, add a public sidewalk and provide for underground stormwater storage. The conditions for approval of the special use and variation are included in the attached letter.

In regards to the variation, the Plan Commission determined that the property

was unique in that it was smaller than the required minimum lot size, and it was developed before there was any required side yard landscaping. The Commission determined that these conditions created a hardship relative to full compliance with the Zoning Ordinance.

Three neighbors spoke at the public hearings. The neighbors expressed concerns about stormwater management, rear yard landscaping, and parking. Their comments are included in the minutes from these meetings.

<u>It is staff's recommendation</u>: That the Board direct staff to prepare ordinances granting a special use and variation for the subject petition.

C. Resignation of General Utility Worker 1 George Macha

D. <u>Hire Replacement General Utility Worker 1</u>

Please find attached a letter from General Utility Worker 1 George Macha tendering his resignation from the Public Works Department effective January 5, 2021. After an evaluation of the position, Interim Village Administrator Evan Walter recommends that the now-vacant GU1 position referenced in agenda item 8C be filled with immediate effect. This position is located in the Operations Division and serves to primarily maintain Village buildings and grounds as well as maintain the Village's street infrastructure and assist in snow and ice management.

<u>It is staff's recommendation:</u> That the letter of resignation be received and filed and the Board approve filling the vacant position.

E. Resignation of General Utility Worker 1 Andre Timmons

F. <u>Hire Replacement General Utility Worker 1</u>

Please find attached a letter from General Utility Worker 1 Andre Timmons tendering his resignation from the Public Works Department effective December 23, 2020. After an evaluation of the position, Interim Village Administrator Evan Walter recommends that the now-vacant GU1 position referenced in agenda item 8E be filled with immediate effect. This position is located in the Water/Wastewater Division and serves to primarily support the maintenance of the Village's underground utility system as well as assist in snow and ice management.

<u>It is staff's recommendation:</u> That the letter of resignation be received and filed and the Board approve filling the vacant position.

G. Resignation of Police Officer Patrick Patla

H. Hire Replacement Police Officer

Please find attached a letter from Police Officer Patrick Patla tendering his resignation from the Police Department effective December 26, 2020. Interim Village Administrator Evan Walter recommends that the now-vacant Police Officer position referenced in agenda item 8G be filled with immediate effect.

<u>It is staff's recommendation:</u> That the letter of resignation be received and filed and the Board approve filling the vacant position.

I. Vendor List of January 11, 2021

Attached is the vendor list dated January 11, 2021, in the amount of \$247,553.36 for all funds, plus \$187,331.28 for payroll period ending December 12, 2020, for a grand total of \$434,884.64, which includes special expenditures of \$47,040.67 to Compass Minerals America for three deliveries of bulk rock salt; and \$24,622.24 to Unique Plumbing Company for sewer system improvements.

<u>It is staff's recommendation:</u> That the January 11, 2021, vendor list be approved.

9. PUBLIC COMMENTS

REGULAR MEETING MAYOR AND BOARD OF TRUSTEES VILLAGE OF BURR RIDGE

December 14, 2020

<u>CALL TO ORDER</u> The Regular Meeting of the Mayor and Board of Trustees of December 14, 2020, was held in the Meeting Room of the Village Hall, 7660 County Line Road, Burr Ridge, Illinois and called to order at 7:05 p.m. by Mayor Gary Grasso.

PLEDGE OF ALLEGIANCE Mayor Grasso led the Pledge of Allegiance.

ROLL CALL Roll call was taken by the Acting Village Clerk and the results denoted the following present: Trustees Franzese, Schiappa, Paveza, Snyder, and Mital via Zoom. Present in the Board Room were Mayor Grasso and Trustee Mottl.

In addition, present in the Board Room were Interim Village Administrator Evan Walter, Police Chief John Madden, Deputy Police Chief Marc Loftus, Public Works Director David Preissig, Assistant Finance Director Amy Nelson and Village Attorney Mike Durkin.

Mayor Grasso read the following declaration.

"I hereby declare as Mayor of the Village of Burr Ridge that I have determined that an in person meeting is not practical nor prudent on account of the disaster declaration issued by Governor Pritzker because of the COVID-19 pandemic."

PRESENTATIONS AND PUBLIC HEARINGS

Public Hearing – 2020 Tax Levy

Assistant Finance Director Amy Nelson presented the 2020 Tax Levy. The Village is required to hold a public hearing if the projected Tax Levy is over 5% of the 2019 tax levy under the Truth and Taxation Law. The proposed request at the November 9th board meeting for the 2020 Tax Levy is \$1,341,760, a 6.31% increase or \$79,661 over 2019. Burr Ridge is subject to the Property Tax Extension Limitation Law (tax cap) which dictates any increase by limiting it to a cost-of-living adjustment plus the capture of new growth resulting from annexation or new construction. The cost-of-living increase is based on the Consumer Price Index (CPI) which is set at 2.3% this year.

The Village of Burr Ridge is a non-home-rule community and is subject to the State-imposed tax levy cap of 5% over the previous year's tax levy or the cost of living increase; whichever is lower, plus new growth. Ms. Nelson continued that there is an unknown factor, which is the new growth, and the Village historically estimates a growth factor of 4%, adding the CPI 2.3% for the final increased value of 6.3%.

The Tax Levy Ordinance must be adopted and filed with both counties (Cook and DuPage) no later than the last Tuesday in December. To comply with this deadline, the village must estimate the increase for new growth, which has historically been approximately 4%. The Village has historically estimated a slightly higher amount to capture all of the property tax revenue under the tax cap, and not lose any income.

The Tax Levy is divided into three separate levies: Police Pension, Corporate, and Police Protection. The amount for the Police Pension Levy is determined by the Village's independent actuary and is the State of Illinois statutory minimum requirement. The remainder of the Levy is divided between the Corporate Levy (60%) and the Police Protection Levy (40%). The Police Pension Levy increased approximately 20% this year, resulting in a reduction of about \$71,000 for General Fund revenues for this year.

Mayor Grasso asked staff to provide scenarios for a 4.50% and 4.99% (net dollar) property tax increase for reference, in addition to what was presented at the November 9 meeting. Ms. Nelson reviewed the other scenarios: with a 4.50% increase, the proposed levy would be \$1,318,886, with a 4.99%; the increase would be \$1,325,084. A 4.5% increase would result in a \$95,000 general fund reduction and the 4.99% increase would result in a general fund reduction of \$88,388. Ms. Nelson asked for Board direction and offered to answer any questions.

Ms. Nelson added that the Village has established statutory authority to request up to \$1,341,760. Approval of the Tax Levy Ordinance at any value would continue the trend of the Village in representing less than 2% of the local property tax bill.

Mayor Grasso asked for public comments. There were none. He asked the Village Clerk if there were any written comments received, there were none.

Motion was made by Trustee Schiappa, seconded by Trustee Snyder that the Public Hearing be closed.

The Motion was approved by unanimous vote by the Board of Trustees and the Public Hearing was adjourned at 7:20 pm.

CONSENT AGENDA – OMNIBUS VOTE

After reading the Consent Agenda by Mayor Grasso, motion was made by Trustee Snyder and seconded by Trustee Mital that the Consent Agenda – Omnibus Vote (attached as Exhibit A, except 7C, 8C, 8D, 8F) and the recommendations indicated for each respective item be hereby approved. Any item removed from the Consent Agenda will be discussed by the Board, opened for public comment, and voted upon during this meeting.

After reading the Consent Agenda by Mayor Grasso, the following motions were made to remove the following agenda items from the Consent Agenda:

> Remove 7C (Motion by Trustee Mottl) Remove 8C (Motion by Trustee Franzese) Remove 8D (Unintelligible) Remove 8F (Motion by Trustee Mottl)

On Roll Call, Vote Was:

AYES: 6 - Trustees Snyder, Mital, Mottl, Franzese Schiappa, Paveza

NAYS: 0 - None ABSENT: 0 - None

There being six affirmative votes the motion carried.

<u>APPROVAL OF REGULAR BOARD MEETING MINUTES OF NOVEMBER 23, 2020</u> were approved for publication, under the Consent Agenda by Omnibus Vote.

RECEIVE AND FILE ECONOMIC DEVELOPMENT MEETING OF DECEMBER 2, 2020 were noted as received and filed under the Consent Agenda by Omnibus Vote.

RECEIVE AND FILE PLAN COMMISSION MEETING OF DECEMBER 7, 2020 were noted as received and filed under the Consent Agenda by Omnibus Vote.

APPROVAL OF ORDINANCE AUTHORIZING THE DESTRUCTION OF PERSONAL PROPERTY OWNED BY THE VILLAGE OF BURR RIDGE the Board, under the Consent Agenda by Omnibus Vote, Approved the Ordinance.

APPROVAL OF A RESOLUTION PROVIDING FOR THE SUBMISSION TO THE ELECTORS OF THE VILLAGE OF BURR RIDGE, AT THE CONSOLIDATED ELECTION TO BE HELD ON APRIL 6, 2021, A PUBLIC QUESTION AS TO WHETHER TO INCREASE THE ANNUAL COMPENSATION FOR THE VILLAGE PRESIDENT/MAYOR the Board, under the Consent Agenda by Omnibus Vote, Approved the Resolution.

<u>APPROVAL OF 2021 VILLAGE BOARD MEETING SCHEDULE</u> the Board, under the Consent Agenda by Omnibus Vote, approved the schedule.

APPROVAL OF AN ORDINANCE LEVYING TAXES FOR ALL PURPOSES FOR ALL CORPORATE PURPOSES FOR THE VILLAGE OF BURR RIDGE, DUPAGE AND COOK COUNTIES, ILLINOIS, FOR THE FISCAL YEAR COMMENCING ON MAY 1, 2020 AND ENDING APRIL 30, 2021

Evan Walter, Interim Village Administrator explained that this is an extension period of the property taxes for the year in which the Board takes action for an ordinance to levy taxes for the 2020 fiscal

year in arrears (2020-2021 fiscal year). Mayor Grasso explained the projected 6.31% increase is over the historical percentage non-home rule village levied. As such, Mayor Grasso asked staff to prepare scenarios at 4.5% and 4.99%, recommending we remain under 5%, the non-home rule cap. Trustee Paveza asked if requested amount (6.31%) would increase the Burr Ridge Village tax rate. Amy Nelson explained that the county factors into the 6.31% the lesser of the CPI rate of 2.3% or 5% cap, so we are guaranteed the 2.3% and any additional new growth. The last three years, Burr Ridge has seen an average of 1.5% in new growth, with a levy around 4% (averaging about 3% over the last ten years). Mayor Grasso confirmed with Ms. Nelson that if the amount that we put into this proposal at 6.31%, driven largely by the Police Pension, with a CPI of 2.31%, it is unlikely we will get 4%. Ms. Nelson confirmed that was correct. Mayor Grasso asked the Board to consider the other two options presented (4.5% and 4.9%) in the discussions. Trustee Paveza recommended that we request more and consider the higher 4.9% option. Trustee Schiappa asked for some historical numbers on previous growth, which Ms. Nelson reported. In 2019, we estimated 5.9%, we actually saw 3.3%, in 2018 it was 3.19%, 2017 it was 3.1%, and in 2016 it was 1.36%, so we have not seen over 5% for any previous tax levy since 2008. Based on the historical numbers, Trustee Schiappa agreed with Trustee Paveza recommendation to go with 4.9%. Trustee Mital asked what the downside would be to ask for the 6.31%. Mayor Grasso responded that asking for a percentage that has never been granted, and to be consistent with the 5% non-home rule village cap, that we consider the staying under 5%. Mayor Grasso clarified that at the 6.31% we are asking for approximately \$80,000 increase, at 4.5% it is \$57,000, and at 4.99% it is \$63,000. We are likely to get something in the 3% range, which is about \$50,000. Trustee Franzese clarified that anticipated growth in the village is new property development, tax rate classification changes, and property improvements, that all result in higher tax bill assessments. That anticipated growth does not affect resident fees. Ms. Nelson confirmed that resident tax fees would not increase due to these factors. Trustee Mottl thanked Mayor Grasso for presenting the options and commented that when residents elected to be a non-home rule village it was a reminder that they want to keep their taxes low. He also mentioned the importance of government maintaining restraints in spending and that he would support conserving village expenses and a cost of living or zero levy request. Mayor Grasso disagreed, stating that the village strives to save money whenever it is prudent to do so, and keeps the village's best interest in mind when governing and budgeting, which is evident in the considerable surplus the village has. He also mentioned that no matter how well one governs locally, that there are unfunded mandates, such as the police pension obligation, that impact finances. This year there was a significant increase from last year.

Mayor Grasso asked what the delta between last year and this year alone as to what our obligations are. Ms. Nelson said the village is on a fiscal year that ends in April 30, and that the market returns at that time were terrible. The state also made significant changes to the tier-two pension benefits that affected Village obligations.

Interim Village Administrator Walter outlined the financial impact of the pension obligation, which went up from \$758,000 last year to \$910,000 this year, up 20%. He also reviewed the alternative tax levy options that were discussed earlier.

Mayor Grasso added that non-home rule villages such as Burr Ridge have a limited ability to ask for funds Next year the pension obligation will likely be over \$1 million, and we may have to go into reserves – keeping in mind that we will probably receive something in the 3% range.

Trustee Mottl brought up the Village's hiring practices that may be responsible in some part for the state protection and pension numbers but that we may want to look into new ways of looking into the police hiring in terms of more officers on a part-time basis, hiring fewer police officers, or reducing salaries. Mayor Grasso agreed, noting that a review is done on an annual basis and that this was not the time to review that topic. He also mentioned that union contracts must be adhered to and that there are some expenses out of our control. Mayor Grasso stressed that public safety is a number one priority for the village, and that Burr Ridge is consistently being highly rated with an AAA bond rating. He said we should always be looking at ways to improve services and streamline costs, but that this was not the time do so, but to focus on the tax levy.

Motion was made by Trustee Schiappa and seconded by Trustee Mital to approve a tax levy of 4.5%.

Mayor Grasso asked if there was any further discussion by the Board. There was none.

Village Attorney Mike Durkin pointed out that the tax levy ordinance in the packet would then be amended in various sections to reflect the 4.5% tax levy and the amount changed to \$1,318,886.

Mayor Grasso asked if there was any public comment. There was none.

On Roll Call, Vote Was:

AYES: 5 - Trustees Schiappa, Mital, Franzese, Paveza, Snyder

NAYS: 1 - Mottl ABSENT: 0 - None

There being five affirmative votes, the motion carried.

<u>CONSIDERATION OF A RESOLUTION CENSURING TRUSTEE ZACHARY MOTTL</u> FOR THE SIXTH TIME

Motion was made by Trustee Snyder and seconded by Trustee Schiappa.

Mayor Grasso asked if there was any discussion.

It was requested that the Mayor read the resolution. Mayor Grasso read the resolution, which included a request for Trustee Mottl to resign based on his past actions.

Mayor Grasso asked for any public comment. There was none.

The Mayor asked for any further discussion. Trustee Mottl said that the negative comments he made should have stayed in his head, he apologized and added that he meant it as a dry humor joke not related to any specific resident. As for the censures in general and other items mentioned, he said he felt the Mayor had also made comments that could be interpreted as being inappropriate and asked that the Board stop censuring him and asking for his resignation. Trustee Mottl said that this is the definition of insanity and that he will not resign and he would continue to bring items up. He said he would not make an inappropriate comment again as he had in the past and apologized for any offense to any resident. He did not agree with the items in the resolution and felt that they were distractions. Trustee Mottl said he has tried to get some items on the agenda unsuccessfully, such as apparent liquor violations by licensees in the village, referring to Mayor Grasso's son's valet business. Point of Order was called and Trustee Mottl was asked to remain on topic by one of the Trustees. Mayor Grasso confirmed that Trustee Mottl was off point and that he could bring up specific topics or concerns at a future meeting.

On Roll Call, Vote Was:

AYES: 5 - Trustees Snyder, Mital, Franzese, Schiappa, Paveza

NAYS: 1 - Mottl ABSENT: 0 - None

There being five affirmative votes, the motion carried.

APPROVAL OF A RESOLUTION APPROVING A LEGAL SERVICES AGREEMENT FOR ADMINISTRATIVE HEARING OFFICER FOR THE VILLAGE OF BURR RIDGE

Trustee Mottl said he is opposed to hiring Judge Filan, and that he feels that it is a conflict of interest for Mayor Grasso as he is an attorney. Trustee Mottl did not feel that this is a good program for the village, not in the best interest of the residents and that it takes away resident rights and freedoms. He felt that one does not need to have a preponderance of evidence to be found guilty, and he felt it could give the Mayor an opportunity to reward friends and supporters as it creates an opportunity for impropriety and corruption. Trustee Mottl added he did not feel it would save money or time for the police. Mayor Grasso responded that his comments were unsubstantiated.

Motion was made by Trustee Franzese and seconded by Trustee Schiappa.

Mayor Grasso asked for any further comments.

Trustee Paveza stated that the reason to do this was that tickets and minor infractions could be handled locally by a judge here in Burr Ridge. Mayor Grasso stated that the reason this was brought up for Burr Ridge by the Village Administrator and Police Chief was that since part of the village is in DuPage County, ordinance violations and traffic court had historically been held in Downers Grove.

For several years, security issues had been noted at that facility and it has been shut down. Residents and the police officer will now have to travel to Wheaton for court appearances. Mayor Grasso stated that several surrounding communities had already successfully implemented this program with success. Judge Filan, the Hearing Officer chosen, was vetted and has no affiliation with the village. Ms. Filan has 20 years' experience in private practice. She was elected and re-elected twice as a Cook County judge and is now retired. She also serves as a Hearing Officer for at least five other communities and is well qualified. Mayor Grasso said the program was a good one. Trustee Paveza agreed that the program was worthwhile and did not agree with the negative implications mentioned by Trustee Mottl. Trustee Snyder said that it was too bad that Trustee Mottl continually felt that the village went against him and if Trustee Mottl would attend all the meetings, he wouldn't have missed the discussions and details leading up to these decisions. Trustee Schiappa said that the program and candidate would both be beneficial to the village and motioned for this resolution. Trustee Franzese mentioned the time savings for the residents and that the Judge was very well qualified and respected, and would act as an independent contractor.

Mayor Grasso asked for public comment. Christine Formanski asked if there was any data relating to the percentage of residents who pay for their tickets and don't go to court compared to those who go to court. Chief Madden said he did not have data readily available but would get it. She said that she would prefer to go to Wheaton to traffic court. Mayor Grasso said that if a resident disagreed with the outcome at Burr Ridge, that they had the right to contest the decision. Ms. Formanski said that in her opinion most people pay for their speeding tickets. Mayor Grasso said that the convenience for residents and the travel time saved by the police were benefits for the program. He added that the police would be present at the Village Hall hearings.

Ellen Raymond, resident, asked about the hiring process and how the job was posted. She said she did not feel she was more qualified than a judge but wanted to know more about the process. Deputy Chief Loftus said he reached out to surrounding towns and received several recommendations. They secured more detail on the fees and experience of each candidate who was recommended to them by other communities, and selected the most qualified candidate. With four very qualified candidates they did not post the job as this was also a new program and there was no existing hiring protocol. Trustee Mottl asked if the final candidate was asked for the same information as the other three candidates and why all four candidates were not solicited at the same time. Deputy Chief Marc Loftus said that the final candidate was solicited after they had received information on the other three. They were made aware of a judge in Burr Ridge who was an excellent candidate, so she was asked for the same information as the other three candidates. Mrs. Raymond asked if there was any previous procedure set forth on hiring. Mayor Grasso said he was not aware of any. Mayor Grasso also clarified that residents who wanted to contest results of a Village Hall hearing could, and the case would be reviewed to see if it should be retried in Wheaton.

On Roll Call. Vote Was:

AYES: 5 - Trustees Franzese, Schiappa, Paveza, Snyder, Mital

NAYS: 1 - Mottl ABSENT: 0 - None

There being five affirmative votes, the motion carried.

CONSIDERATION OF PLAN COMMISSION RECOMMENDATION TO APPROVE A SPECIAL USE AS PER SECTION VIII.B.ff OF THE ZONING ORDINANCE FOR A RESTAURANT WITH LIVE ENTERTAINMENT AND SALES OF ALCOHOLIC BVERAGES; A SPECIAL USE TO PERMIT AN OUTDOOR DINING AREA AT A RESTAURANT; AND A VARIATION FROM SECTION XI.C.13 OF THE ZONING ORDINANCE TO PERMIT A RESTAURANT WITHOUT A REQUIRED NUMBER OF PARKING SPACES AT THE SUBJECT PROPERTY, ALL IN THE B-1 BUSINESS DISTRICT (Z-15-2020;212 BURR RIDGE PARKWAY – HALLERAN)

Village Planner Doug Pollock said that the Plan Commission held public hearings at their November 16 and December 7 meetings where this request was discussed and considered appropriate. The Commission requested Board approval for special use for a restaurant coming into the County Line Square Shopping Center, for live entertainment, sales of alcoholic beverages, and outdoor dining. The only concern the Commission had was related to parking. The shopping center landlord had added 36 additional parking spaces to the property in 2016 but the shopping center is still somewhat short on parking. The restaurant is anticipated to have higher parking needs than the Fred Astaire Dance studio (the previous tenant), which had 14 parking spaces. The restaurant would require 49 parking spaces. The Plan Commission asked the restaurant owner for a parking management plan, which he presented at the December meeting. The proposed parking included providing valet parking services with cars being parked on the western half of the shopping center, which is largely unused in the evening. The Plan Commission unanimously approved the parking plan.

Mayor Grasso asked for any questions or comments, also asking for public comments. Trustee Schiappa asked what the current number of parking spaces at the shopping center was. Mr. Pollock said that there are 468 parking spaces, which includes the additional 36 created in 2016. Trustee Franzese asked of those 468 spots, were the Chase Bank parking spaces included. Mr. Pollock confirmed that they were not. Trustee Franzese also asked about the number of handicapped spaces, and Mr. Pollock did not have that number handy, but confirmed that the parking lot has the appropriate number of handicapped parking spaces. There was no public comment.

Staff was directed to prepare ordinances approving the special use request and the parking variation as recommended by the Plan Commission.

Mayor Grasso asked for any other comment. Trustee Franzese expressed confidence that the parking would work, and said he wanted to be sure that the noise would be properly managed to avoid resident complaints. Trustee Mottl said he had some concerns about the noise complaints, and asked who the valet company would be. The valet company was not known. Trustee Franzese noted that there were

only four complaints about noise since the village was forced to have only outside dining. He said he was confident that there would be no issues with this new vendor. Trustee Schiappa said that he visits the County Line Square often and parking does not seem to be problem. He also commended the restaurant owner for opening a restaurant at this time in the village. Trustee Mital said that while she had noticed that there was some parking congestion during the day when all businesses were busy, she was confident with a restaurant coming in that the parking would not be a problem.

Motion to approve by Trustee Snyder, seconded by Trustee Mital.

On Roll Call, Vote Was:

AYES: 5 - Trustees Snyder, Mital, Franzese, Schiappa, Paveza

NAYS: 1 - Mottl ABSENT: 0 - None

There being five affirmative votes, the motion carried.

APPROVAL OF HOA SURVEILLANCE CAMERA SOFTWARE UPGRADE

Trustee Franzese asked Chief John Madden to clarify if the existing HOA cameras are active or passive, as most HOA cameras are implemented as being passive and only used in the event of a crime investigation. Chief Madden clarified that the HOA cameras are passive and gave an overview. HOA cameras are now located in 16 subdivisions in Burr Ridge and there are currently 82 HOA cameras in Burr Ridge, all passive. The data, which is only video, is fed into servers in the Village Hall. Two police cars are equipped with cameras on their cars that can read license plate data and compare it to the "hot" files for stolen cars or crime activity. Over the past few months, Chief Madden was introduced to new technology that he feels would be beneficial to the Village. It would integrate data from existing cameras and query data in real time for stolen cars, license plates or car owners related to criminal activity. The technology also allows for the reading of paper vehicle stickers and can be programmed for specific details if needed like a car rack or car color should a specific car need to be tracked. Photos are tracked, no video, and the information is encrypted, and then deleted after 30 days. If there was any potential threat, the information can be also shared with other communities. The Village of Burr Ridge would own the data and it would remain secure. Currently, the 82 current cameras are high quality that can capture license plate images and can be accessed by police officers when needed. Every subdivision is different in terms of how long the photos are saved.

Chief Madden gave an example of how the updated technology would have assisted in recovering a stolen vehicle. The vehicle in question was in one of our subdivisions for three minutes before leaving. Had the new technology been in use, the officers would have been notified of the stolen vehicle upon its entering the subdivision, responded to the location in less than two minutes and stopped the vehicle before it left the area. There is also a cost savings for the technology if purchased before the end of the year. Of the existing 82 HOA subdivision cameras, 42 would become LPR-enabled with the "Wing" program from Flock Safety. It is not a budgeted item but Chief Madden felt it would be a

benefit to the Village and a significant tool for the police department. The regular price for this technology is \$89 per camera per month; law enforcement municipalities are currently being offered a special price of \$39 per camera if they agree to buy the software by December 31, 2020. Chief Madden recommended integrating this technology for the 42 cameras (those in the locations that would be most beneficial) at the special price of \$19,656, plus a \$1,000 registration fee (\$20,656 total annual fee), which would be valid for two years (an annual savings of \$25,200). For the third year, the price would then go up to the \$89 per camera (\$44,856). Chief Madden also secured quotes for new cameras and integrating this technology with other vendors that would be at a much higher cost for the same result.

Chief Madden said he would reach out to each of the subdivisions to discuss this new technology before the end of the year if this was approved. He also said he would like to have cameras for the interchanges at I-55 down the line that would have allowed for quicker identification of a car connected with a recent village crime.

Deputy Chief Loftus confirmed that the images would be owned by the Village and that the images are only accessed when connected with criminal activity. Data cannot be sold by Flock and can only be accessed with approval and at the request of the Village. There is a 30-day data storage time limit per our contract.

Mayor Grasso asked for questions. Trustee Schiappa asked about the 82 HOA cameras and asked for confirmation that the plan would be to fit 42 cameras with the new technology and why not all of them. Chief Madden said that not all cameras needed integration, as not all were needed based on location. He also confirmed that at this time, the cost of this technology would be absorbed by the village. Trustee Paveza asked about the costs and Chief Madden confirmed that the cost would be on an annual basis and that in the third year, the fee would go up. Interim Village Administrator Walter confirmed that there would be no significant impact to the budget or IT Fund, which is budgeted to accommodate improving technology for the village. Chief Madden also confirmed that the subdivisions would still bear the cost of the cameras -- the village is just paying for the integration technology for the camera.

Trustee Mottl expressed concerns about the privacy and civil liberties of residents and asked if the December 31 deadline and special pricing could be extended so that there would be more time to discuss it with the subdivisions. He also asked if the village would save any money elsewhere in the budget with this technology or if there could be a reduction in the number of police officers. Chief Madden clarified that this technology would be a force multiplier and would drastically increase response time for improved capability. There was no plan to reduce the number of police officers at this time. Trustee Mottl then asked about how one gets on the "bad license plate" list as he did not want to get on the list. Chief Madden explained that when a resident reports their car stolen or criminal activity is reported, the license plate gets added. Chief Madden said that the information is only added when a crime is suspected; the information is entered in by the Burr Ridge Police Department.

Resident Richard Morton gave an example of an incident that recently happened where the video camera systems were very beneficial. Mr. Morton felt that the camera technology was somewhere between active and passive. He added that the nature of the system is evolving for the Flock software. He also felt that all HOAs/subdivisions should have the option to participate. Mr. Morton asked about the data and if it could be downloaded after 30 days in case the information was needed. He also said that this new technology will not deter the criminal element, and that the Village should still consider more cameras to capture more images in isolated areas.

Motion for approval was made by Trustee Franzese, seconded by Trustee Snyder.

Mayor Grasso asked if there was any further discussion.

Trustee Mottl asked for an extension for another month for discussions with the subdivisions. Chief Madden said he would be talking to each HOA and that they would have the option not to participate if they did not want to. Chief Madden added that no subdivision would be forced into the program.

Trustee Franzese stated that this would be a great benefit, so it might be worth discussing with new subdivisions down the line. Mayor Grasso agreed that the more subdivisions that have the cameras, the more police coverage would be available for the Village.

On Roll Call, Vote Was:

AYES: 6 - Trustees Franzese, Snyder, Mital, Mottl, Schiappa, Paveza

NAYS: 0 - None ABSENT: 0 - None

There being six affirmative votes, the motion carried.

APPROVAL OF PLAN COMMISSION RECOMMENDATION TO APPROVE A SPECIAL USE FOR A MEDICAL OFFICE IN THE T-1 TRANSITIONAL DISTRICT (Z-12-2020: 7512 COUNTY LINE ROAD – GIADLA)

Interim Village Administrator Walter stated that the direction from the Planning Commission was to make sure that there was orderly planning about noise, light, landscaping of the proposal to make sure this complies with resident concerns. Approval for the parking plan, should diagrams presented be agreed upon, will be put in writing for the next board meeting.

Peter Giadla, business owner, expressed his concerns on several issues and it was agreed upon that once the ordinance was drafted, he would be able to review it prior to the formal vote in January.

Motion was made by Trustee Mottl, seconded by Trustee Mital.

Mayor Grasso asked if there was any public comment. There was none.

On Roll Call, Vote Was:

AYES: 6 - Trustees Mottl, Mital, Franzese, Schiappa, Paveza, Snyder

NAYS: 0 - None ABSENT: 0 - None

There being six affirmative votes, the motion carried.

APPROVAL OF VENDOR LIST DATED DECEMBER 14, 2020, IN THE AMOUNT OF \$551,447.50 FOR ALL FUNDS, PLUS \$445,029.99 FOR TWO PAYROLL PERIODS ENDING NOVEMBER 14, 2020 AND NOVEMBER 28, 2020, FOR A GRAND TOTAL OF \$996,477.49 WHICH INCLUDES SPECIAL EXPENDITURES OF \$36,569.02 TO SCHROEDFER ASPHALT SERVICES FOR SIDEWALK AND PATHWAY MAINTENANCE; AND \$43,583.46 TO RJN GROUP, INC. FOR THE MWRD PROGRAM

Trustee Mottl said he was looking at some of the dollar amounts and asked about the \$45,631 fee for documents for legal fees and asked for clarity for the cost of those over the last few months. The other question he had pertained to the payroll for the Administration Department for \$93,969.75. He added that the administration payroll would typically be about \$40,000 if this included two payroll cycles, and questioned whether it was the added expense for Doug's termination or vacation payout.

Mayor Grasso asked Mr. Walter to address these questions but mentioned that if these questions had been asked earlier, but also that detailed explanations could have been provided and questions answered in more specificity had the question been brought up prior to the meeting.

Mayor Grasso asked for any additional comments and asked that Trustee Mottl be provided the detail requested above prior to the next meeting.

Motion to approve by Trustee Snyder, seconded by Trustee Mital.

CONTINUED DISCUSSION OF BUSINESS INCENTIVE PROGRAMS

Mayor Grasso made a recommendation that since it was 9:20 pm and this item was not time sensitive, that it be tabled and placed on the next Board Meeting agenda.

Motion to table was made by Trustee Mottl, seconded by Trustee Schiappa.

On Roll Call, Vote Was:

AYES: 6 - Trustees Mottl, Schiappa, Franzese, Paveza, Snyder, Mital,

NAYS: 0 - None. ABSENT: 0 - None

There being six affirmative votes, the motion carried.

PUBLIC COMMENTS

Mayor Grasso asked for public comments.

Patricia Davis, resident, said that she has a master's degree in public health, and reported that in the past week the positivity rate in region 8 (Burr Ridge is in that region) for COVID was 13.5%, up from 12.9% on a rolling average. In Cook County, the rate was up from 13.1% up on a seven day rolling average from 12.3%. She referenced a presentation at the Board Meeting on October 26 regarding restaurant dining tents. She said that Evan Walter, then Assistant Village Administrator, reported on phase four of the Governor's COVID mitigation/efforts and asked for clarification – and if it meant that that outdoor dining would still be allowed but that inside dining would not allowed per the state ordinance. Trustee Franzese asked for a distinction between outdoor dining in a tent with walls down for winter and inside dining. Mr. Walter clarified that a tent with all four walls down is considered indoor dining. To be considered outdoor dining, that would require at least two walls being open or windows open. Mr. Walter stated that in winter, the tents would be considered inside dining if the walls were down and heaters were on. Ms. Davis said that none of the restaurants in Burr Ridge have open tents or having windows that are open, yet call this outside dining. She referenced a photo that she took two weeks ago at Capri, which has a tent with no windows and all four sides of the tents down. It was completely enclosed and was not "outdoor dining". With the positivity rates climbing, she asked how these restaurants remain open and how the village justifies keeping them open and stressed monitoring capacity. Ms. Davis asked that the safety of the residents be made a priority and that the recommended guidelines be better monitored for restaurants.

REPORTS AND COMMUNICATIONS FROM VILLAGE OFFICIALS

Trustee Mital stated that Jingle Mingle has been canceled this year and postponed to 2021.

Trustee Mottl said he had some items that he wanted to bring up. He commented that some restaurants were not complying with the law for COVID restrictions, and said that he will be interested to see the

tax bill receipts for restaurants that have expanded space with outside dining. He also asked that the closed session minutes of Board Meetings from September 14 and 28 be released. He said that he was troubled by what he had heard and asked the Board to release the closed session minutes or portions thereof and asked that this be placed on the next meeting's agenda. He also implied that there might be illegal activity going on. The other items he brought up were an apparent violation of the liquor control act by a one licensee that may have been resolved. Trustee Mottl also wanted to discuss if Michael Grasso's valet business in Burr Ridge represents any conflict of interest for Mayor Grasso. Trustee Mottl speculated that an additional payment to Mr. Pollock and the reasons for that payment and if there is more money that is being paid out than the public is aware of. He then mentioned the status of Finance Director Jerry Stapp and his return to work plan and the costs involved. Trustee Mottl went on to request for a review of undocumented legal fees, and stated that he felt there might be a conflict of interest as Trustee Snyder had a relationship with the legal firm used, implying a "best friend" relationship. He concluded by asking why he cannot participate in the Board Meetings via phone only and was asked by one Trustee to supply documentation for his phone.

Trustee Paveza stated that the Board can and has allowed some minutes from closed session meetings public when it makes sense to do so. Trustee Mital mentioned that Trustee Mottl had inappropriately disclosed to the public confidential closed session minutes from a meeting he did not attend.

Trustee Franzese addressed Trustee Mottl's request for financial back up and detail, stating that finances are summarized for the meetings and that staff would be happy to provide details with advance notice and time prior to a meeting. It was also mentioned that Trustee Mottl had missed ten meetings since September 2018. Trustee Mottl then asked Trustee Paveza if he was drinking alcohol on the call, and that it would be inappropriate if he were. Trustee Paveza said he was drinking water.

Mayor Grasso recognized and commended the Finance and Administration Departments; they had applied for the Government Finance Officers Association award for distinguished budget presentation and won. He congratulated Jerry Sapp, Amy Nelson, Amy Sullivan, and all staff who participated. The award recognized a budget that presents itself as a policy document, financial plan, operational guide and communication device. The budget met all of those parameters and had won the award.

He also welcomed Susan Schaus as the newly appointed Acting Village Clerk to her first village Board Meeting and thanked her for filling in when Karen Thomas retired.

Mayor Grasso announced that Village Hall would be closed thru January 4 to promote the health and safety of staff and residents. Staff is working remotely and is available by phone and email to conduct business. Deliveries and permit documents can be left in the vestibule of the Village Hall and permit and utility payments can be left in the drop box on the outside of the building by the main entrance. Accommodations have been made for candidates filing for office. He mentioned that the Village Hall would be fully closed on December 24 and 25, the afternoon of December 31, and on January 1.

Mayor Grasso mentioned all the positive comments received about the beautiful holiday lights in the village and in closing he wished everyone a happy holiday season. Mayor Grasso asked that everyone enjoy time with family whether it be together or via Zoom this year, He asked everyone to take care of their health and those around them, and to look forward to 2021 with more promise.

CLOSED SESSION

Motion was made by Trustee Schiappa, seconded by Trustee Mital that the regular meeting be

adjourned and that the Board go into closed session to discuss the appointment, employment, compensation, or performance of specific employees of the public body.
On Roll Call, Vote Was:
AYES: 6 -Trustees Schiappa, Mital, Mottl, Franzese, Paveza, Snyder NAYS: 0 - None
ABSENT: 0 - None
The motion was approved by unanimous vote for the Board of Trustees and the meeting was adjourned at 9:44 pm.
PLEASE NOTE: Where there is no summary or discussion on any items in the minutes, this reflects that no discussion occurred other than the introduction of the item.
Susan Schaus Acting Village Clerk
Burr Ridge, Illinois
APPROVED BY the Mayor and Board of Trustees this day of, 2020.

MINUTES

STREET POLICY COMMITTEE

Burr Ridge Village Hall Board Room 7660 S. County Line Road, Burr Ridge

Monday, December 14, 2020

CALL TO ORDER

Mayor Grasso called the meeting to order at 5:30 p.m.

ROLL CALL

Present in the Board Room: Mayor Grasso

Present via Zoom: Trustee Al Paveza, Trustee Guy Franzese, Trustee Tony Schiappa

Also Present: Interim Village Administrator Evan Walter, Public Works Director/Village Engineer

David Preissig, and Assistant Finance Director Amy Nelson

APPROVAL OF JANUARY 13, 2020 MINUTES

Trustee Paveza made a motion to approve the minutes of January 13, 2020. The motion was **seconded** by Trustee Franzese and **approved** by a vote of 3-0; Trustee Schiappa was considered absent while still connecting via Zoom.

YEAR-END SUMMARY OF 2020 CAPITAL PROGRAM

Public Works Director David Preissig indicated that the 2020 Road and Improvement Program was completed in the amount of \$654,567, which was \$100,543 less than budget. The program included resurfacing on Devon Ridge Drive, Devon Ridge Court, Circle Ridge Drive, Circle Ridge Court, 81st Street, Ridgepoint Drive, Lake Ridge Drive, Lake Ridge Court, and Erin Lane. He stated that parking lot seal coating was identified this year for the parking lots at Village Hall, Police Station, and Public Works, but these contracts were waitlisted.

Due to advantageous pricing, Mr. Preissig noted that sidewalk and pathway repair was completed as well. Though it is from a separate fund, the pricing incorporated the project at 8750 County Line Road. He thanked the Partipilo family for allowing the Village to use some of their property for the project, which kept it under budget. Other work included pavement patching, crack sealing, and pavement marking throughout different streets in the Village.

Trustee Franzese thanked Mr. Preissig and Staff and extended a special thank you to the Partipilo family. Mayor Grasso mentioned how beautiful the Partipilo family property looks. Trustee Paveza agreed with Mayor Grasso.

DISCUSSION OF 2021 MOTOR FUEL TAX FUND REVENUE FORECAST

Public Works Director Preissig explained that the Motor Fuel Tax (MFT) had increased from 19 cents to 38 cents per gallon in July 2019. Mr. Preissig called attention to the detailed report by Assistant Finance Director Amy Nelson in the agenda packet for the analysis of MFT revenue. It was noted that the COVID-19 pandemic caused a decrease in both vehicle-miles-traveled and consumption of gasoline, which subsequently lowered the forecasted revenue from MFT.

PRESENTATION OF 2021 ROAD PROGRAM RECOMMENDATION

Public Works Director Preissig discussed the status of the Village's system-wide Pavement Condition Rating (PCR) on all of the streets as a benchmark for comparison. Overall, the PCR for Village streets is 85.2 out of 100, where 100 would be considered a perfect road. Around 75 PCR, the residents begin to notice and call Village Hall. Also, around 15 to 20 years, between resurfacings, residents start to call. Several of the collector roads have been resurfaced recently, so they are in good condition with a higher PCR that contributes more to the overall PCR. Additionally, with an aggressive crack-sealing program over the past five years, approximately 58% of the streets are crack sealed, and these streets overall have a PCR of 88.

Director Preissig expressed a growing concern for the Village streets. From 1999-2004 the Road Program spent approximately a million dollars each year to resurface more than 5 miles of Village roads each year. Asphalt prices, the major component of the resurfacing contracts, ranged \$35-44/ton. Recently, the Road Program has averaged fewer than two miles per year, while asphalt prices now average approximately \$68/ton. The roads that were resurfaced in 1999-2004 are at or exceeding the 20-year expected life. Director Preissig explained that maintaining the current 85.2 PCR would require an increase in capital improvement funds.

Based on the 2019 Street Rating Survey, the following list of streets were recommended for the 2021 Road Program at approximately \$978,200:

- Dartmouth Ct
- Lakewood Subdivision
 - o Heather Dr & Ct
 - o Lakewood Cir
 - o Wedgewood D
- Braemoor (Part of Units 1 & 2)
 - o Bennacott Ln
 - o Park Ave South Of 83rd Street
- Braemoor Estates:
 - o 81st St at Garfield Ave
 - o Garfield Ave South of 79th Street
 - o Park Ave North of 83rd St.
 - o Kathryn Ct
- Old Oak Highlands:
 - o Hamilton Ave South of 79th Street
 - o Highland Ct
 - o Old Oak Ct
- Village Hall, Police, and Public Works Parking Lots: Sealcoating and Striping
- Pavement Patching, Crack Sealing, Pavement Marking, Material Testing

Director Preissig called attention to the State's Rebuild Illinois Bond Fund (RBI) to be used by July 1, 2025. This new program allocates a total of \$695,880 to the Village, which will be received in six (6) installments over the next three (3) years. It is to be treated like MFT; however, the State requires that it be used on a substantial improvement in the transportation infrastructure. He identified two (2) streets toward which the RBI might be used: S. Frontage Road and 83rd Street. Director Preissig noted that nothing needs to be decided during the meeting for the RBI Funds, but

Minutes – Street Policy Committee Meeting of December 14, 2020 Page 3

it is worth mentioning these additional funds. Separated pathway projects are not an eligible use of RBI funds.

Trustee Schiappa added the idea of a bicycle lane for use with the RBI funds. He questioned if we can add another transportation mode to the street and potentially receive more money for that purpose. Preissig explained that RBI is maxed for the Village already, allocated per capita.

Trustee Paveza asked about S. Frontage Road and 83rd Street and wondered if we put them in the same category as other streets. Preissig answered that RBI has specific requirements for how it can be used to resurface streets, based on traffic volume and a designed pavement life. Trustee Paveza asked if the State, IML, or anyone else has looked at MFT reduction as people move to electric cars. Assistant Finance Director Amy Nelson noted there had not been a specific mention of electric vehicles in the publications.

Mayor Grasso questioned if the RBI funds may change when the 2020 Census results come in. Ms. Nelson explained that the funds were allocated in summer 2019, and the funds would not be reallocated based on the 2020 Census results. She mentioned that we have already received two (2) installments, but we cannot touch the funds until the Village identifies a project.

Trustee Franzese agreed there are some great possibilities for the RBI funds. He suggested coming up with a list of potential projects to get started and provide added value to the Village. Mayor Grasso asked how soon we should act. Mr. Preissig said we have to identify a project by 2024. Trustee Paveza agreed that we should be ready to act.

Mayor Grasso asked for further explanation on the proposed Capital Improvements Funding projects over the next five (5) years.

Interim Village Administrator Evan Walter explained that during the early 2000s, the Village's accumulation of building permit fees accounted for the excess spending on roads, and the Village would not realistically see such revenue again due to the lack of available land for growth, . In 2010, the Village reduced spending in the depths of a recession and only allocated the MFT allotment on the Road Program. Road Program expenditures in subsequent years went up as the economy improved, similar to the early 2000s.. Money from permits is approximately \$300,000 per year instead of the \$1,000,000 from the early 2000s. As such, the Road Program spending decreased comparatively. Mr. Walter noted that the capital improvement fund will need to find a substantial amount of additional money to maintain its current 85 PCR throughout the Village.

Additionally, Mr. Walter stated that MFT funds do not have to be allocated to the Road Program. They can be used for other related expenses such as paying certain staff, purchasing salt, and other projects. The reallocation of MFT funds would allow the Village to open up the bidding to more contractors that cannot bid on MFT projects.

Mr. Walter noted some challenges moving forward on how the Village can maintain an 85 PCR. Traditionally, good roads assume a high priority in the Village's funding structure. As such, Staff has taken this approach to make sure there are funding options available, so this can stay a priority. Mr. Walter asked the Committee if the 85 PCR represented sustainable service level for the Village to maintain. He noted he did not need the answer this year but that the Committee and Village begin to consider the question.

Trustee Franzese agreed that it is a good question and that all Trustees should provide input with information from staff, and other experts.

Minutes – Street Policy Committee Meeting of December 14, 2020 Page 4

Mayor Grasso asked when they need to start making these decisions. Mr. Walter noted that there would not be a major challenge to fund the 2021 Road Program, but that the Village should have the question answered in time for the 2022 Road Program. As such, sometime after the fiscal year closes, a long-term discussion should begin about the philosophy and impact of staying with an 85 PCR.

Mayor Grasso noted there should be a special meeting in summer 2021 to discuss the Road Program's priorities. He stated that the Road Program is important to him and many of the other Trustees. He would like to know more about the road quality and the funds expended if the Village maintains a PCR at 85, or adjusts to an alternate service level, whether that be greater or lesser.

Trustee Schiappa expressed his appreciation for the Road Programs. For the summer meeting, he agreed there is a need to look at the different scenarios Mayor Grasso mentioned. Trustee Schiappa suggested also 80, 75, or 70 PCR projections and how does that impact spending by the Village in 10 to 15 years.

Trustee Franzese noted that a summer meeting would allow the committee to see progress on the 2021 Road Program and evaluate any savings. He supports a summer meeting. Trustee Paveza concurred.

A motion to recommend approval of the 2021 Road Program as submitted by staff was made by Trustee Al Paveza. Trustee Guy Franzese **seconded** the motion.

Before votes, Trustee Franzese asked that all documentation be presented to the Village Board, including the map with the proposed projects from the PowerPoint presentation, the PCR chart that shows all of the roads in the Village with the ratings, and when the PCR chart will be updated. He suggested giving the Board more information so the Committee can explain the spending increases proposed over the next five (5) years.

The motion was **approved** by a vote of 4-0.

ADJOURNMENT

There was no public comment. There being no further business, a **motion** was made by Trustee Schiappa to adjourn the meeting. The motion was **seconded** by Trustee Paveza and **approved** by a vote of 4-0. The meeting was adjourned at 6:10 p.m.

Respectively submitted,

David Preissig, P.E.
Public Works Director/Village Engineer

MINUTES WATER COMMITTEE MEETING Wednesday, December 16, 2020

CALL TO ORDER

The meeting was called to order by Trustee Al Paveza at 7:08 p.m.

ROLL CALL

Present: Trustees Al Paveza, Guy Franzese and Joe Snyder

Absent: None

Also Present: Village Administrator Evan Walter, Public Works Director David Preissig,

Assistant Finance Director Amy Nelson, and Accounting Specialist Preeti Goel

APPROVAL OF MINUTES OF FEBRUARY 24, 2020 AND MARCH 9, 2020 MEETINGS

A **motion** was made by Trustee Snyder to approve the minutes of the February 24, 2020 and March 9, 2020 meetings. The motion was **seconded** by Trustee Paveza and approved by a vote of 3-0.

UPDATE REGARDING FINANCIAL PERFORMANCE FISCAL YEAR 2020-21 WATER FUND

Assistant Finance Director Nelson provided a brief update of the Water Fund's financial performance to date in FY 20-21. Ms. Nelson said that due to high consumption in summer 2020, the Fund was on target to slightly exceed projected revenues for FY 20-21. Ms. Nelson said that one item of note to consider going forward is the structure of the Village's three-tiered system, wherein water prices increase if a residential user exceeds 70,000 gallons for a given period and again if a user exceeds 90,000 gallons. Accounting Specialist Goel confirmed that not all communities use a tiered structure in any capacity, while other communities employ tiers but have decreasing prices if additional water is used. Trustee Snyder asked for the number of residential accounts that generally fell into each of the three tiers to allow for greater context of the Village's user base. Ms. Nelson suggested that further education related to water rates and increases be explored in the future. The Committee concurred with this suggestion.

UPDATE REGARDING WATER RATE MODEL STUDY

Public Works Director Preissig provided a general timeframe for the water consultant to provide new information to the Committee, with the next meeting of the Water Committee to include a preliminary analysis of the Village's water rate structure as well as present a hydraulic modeling of the distribution system. Mr. Preissig noted that the development of a 10-year water line replacement capital plan would be forthcoming in summer 2021. Final recommendations would be made to the Village Board in Q1 2022. Mr. Preissig concluded by providing a status update for several larger projects that were ongoing or planned for the near future.

CONSIDERATION OF CUSTOMER SERVICE DELIVERY UPGRADES

Ms. Goel made a presentation regarding "Water Smart", a software-as-a-service (SAAS) customer engagement and analytics platform that allows users to track their own water usage, receive relevant notifications, and enhance customer experience.

The Village's bi-monthly water billing cycle for the months of July/August 2020 covered one of the hottest and driest summers on record. The finance staff answered numerous phone calls from the residents about their high water bills and where necessary, scheduled work orders to re-read the meters and provide utmost customer service. During the same time, staff became aware of Water Smart. Water Smart is a customer engagement and self-service platform for water utilities. Data driven digital communications allows residents access to their own water usage in the manner and time of their choosing. This provides prompt solutions to some of the most common issues residents call about and increases customer satisfaction.

The Water Smart portal would be available to the residents through a mobile and web application interface. It provides a single place for the residents to see consumption, check and resolve leaks, and receive targeted messages about utility prompted events and programs. Water Smart provides alerts to the residents to notify of potential high volume or continuous use leaks, to notify the residents that they have reached a self-selected water consumption threshold, or to inform residents before the end of the billing cycle that they are likely to have high water use on their upcoming bill. Alerts can be sent through multiple channels - email, text message, or automated voice call.

In Illinois, Water Smart has been successfully implemented by Evanston, Glenview, Downers Grove, Oak Lawn, Lombard, Elmhurst, Park Ridge, and Franklin Park. The cost for the program depends largely on the number of utility accounts and type of services requested. For instance, the Village of Downers Grove entered into a three-year agreement in 2020 with Water Smart for \$139,260 while the City of Elmhurst approved an agreement in 2017 that included an initial setup fee of \$12,000 with an annual fee of \$20,250. Ms. Goel noted that other vendors, such as Fathom and Sensus, are present in the market and provide similar features to that of Water Smart.

The Village currently has Sensus Smart Meters that have the capability to provide radio-reads through Automatic Meter Reading (AMR) technology. The water meters are read by the staff from the Department of Public Works (DPW), approximately every 8 weeks. Meter readings are completed by a drive-by radio read instrument, which is placed in a DPW vehicle, and the meters are read automatically as a Village employee drives a pre-determined route. Under the Village's current meter technology, neither staff nor residents are able to view real-time data on water usage, receive alerts for leaks or high usage, etc.

To achieve the goal of providing real-time information to the residents regarding their water usage, it is essential to invest in a strong Advanced Metering Infrastructure (AMI) network. AMI systems provide a number of important functions that are currently not available, such as the ability to automatically and remotely measure usage, connect and disconnect service, detect irrigation violators, and monitor hourly/daily usage. AMI methodology would allow staff to read meters from a remote site without accessing each property. This can be performed by a fixed instrument that could be located on the water tower and would

Minutes - Water Committee Meeting of December 16, 2020 Page 3

automatically read all the meters when prompted to do so and interface the data with the utility billing software. The Village is currently not equipped for this scenario and before investing in customer portals like Water Smart, it is recommended to build an AMI network. Ms. Goel estimated that the cost of setting up AMI technology would be approximately \$150,000-\$200,000.

Trustee Franzese asked how many residents use the technology in other communities. Ms. Goel noted that the first year signup rate in other communities is 12-15% but increase to about one-third of the community after some time.

Trustee Franzese asked for staff's recommendation for next steps. Mr. Walter said that there appeared to be interest from the Water Committee regarding hearing more information about Water Smart, and therefore would return with more information at a future meeting in Q1 2021.

ADJOURNMENT

A **motion** was made by Trustee Snyder to adjourn the meeting. The motion was **seconded** by Trustee Franzese and **approved** by a vote of 3-0. The meeting was adjourned at 8:17 p.m.

Respectively submitted,

Evan Walter Village Administrator

PLAN COMMISSION/ZONING BOARD OF APPEALS VILLAGE OF BURR RIDGE MINUTES FOR REGULAR MEETING OF DECEMBER 21, 2020

I. ROLL CALL

The Regular Meeting of the Plan Commission/Zoning Board of Appeals was called to order at 7:00 p.m. at the Burr Ridge Village Hall, 7660 County Line Road, Burr Ridge, Illinois by Chairman Trzupek.

Chairman Trzupek read aloud the following statement:

"As Chairman of the Village of Burr Ridge Plan Commission and Zoning Board of Appeals, I am advising you in your capacity as Deputy Village Clerk that I hereby declare that conducting an inperson meeting of the Burr Ridge Plan Commission/Zoning Board of Appeals on November 16, 2020 is neither practical nor prudent due to Governor Pritzker's May 29, 2020 Declaration of a State of Emergency caused by the COVID-19 pandemic."

ROLL CALL was noted as follows:

PRESENT: 8 – Broline, Petrich, Hoch, Irwin, Stratis, Farrell, Parella, and Trzupek

ABSENT: 0 - None

(Commissioner Hoch did not respond to Roll Call but later indicated she was present but having trouble unmuting her computer)

Village Planner Doug Pollock was also present.

II. APPROVAL OF PRIOR MEETING MINUTES

A **MOTION** was made by Commissioner Irwin and **SECONDED** by Commissioner Broline to approve the minutes of the December 07, 2020 Plan Commission meeting.

ROLL CALL VOTE was as follows:

AYES: 7 – Irwin, Broline, Hoch, Petrich, Farrell, Stratis and Trzupek

NAYS: 0 - None

MOTION CARRIED by a vote of 7-0.

III. PUBLIC HEARINGS

Chairman Trzupek conducted the swearing in of all those wishing to speak during the public hearing on the agenda for the meeting.

Z-14-2020: 7508 County Line Road (Guidepost); Special Use, Text Amendment, Variations, and Findings of Fact

Chairman Trzupek asked for a summary of the petition. Mr. Pollock said that the public hearing for this petition was continued from November 16 and from December 7 to allow the petitioner to revise the plans and petition.

Chairman Trzupek asked the petitioner for further comment.

Mr. Zubin Kammula, Attorney for the petitioner, summarized the additional changes. He said that the following changes were made to the plans: additional stormwater storage was proposed as recommended by the Village Engineer; a 3 foot side yard buffer was added to the side lot lines except adjacent to the existing building; the front yard turnaround was removed; rear yard landscaping, fencing and drainage was added consistent with the two properties to the south; details of the play area were added to the plan; and a public sidewalk was also added. He further described a drop off and pick up schedule to show that congestion would not be an issue. He said that they do not anticipate traffic congestion; but if there were to be a problem, they could implement the more stringent schedule.

Chairman Trzupek asked for public comments.

Carol Novak, 7508 Drew Avenue, asked who removed the children from car seats and if that takes more time than was indicated. Mr. Elan Walsh responded that the staff will take care of removing children from the car seats and that the video shown at the last meeting takes that into consideration. She also questioned the number of parking spaces, and Mr. Kummala said that there are 18 parking spaces.

Mr. Mark Toma, 7515 Drew Avenue, thanked the petitioner for agreeing to the additional stormwater storage. He said he is concerned that the solid fencing will make the building look bigger. He said he remains concerned that there is not enough parking and that the drive aisles are too narrow.

Mr. Walsh responded that they will follow the lead of the Village regarding open or solid fencing. He said they have done both in different locations and will do whatever is preferred by the Village.

Ms. Alice Krampits, 7515 Drew Avenue, agreed with Mr. Toma regarding the stormwater. She said she is still concerned about snow removal and storage and noted that the number of parking spaces was reduced from the prior site plan. She stated that the side yard landscaping variation was a self imposed hardship due to the size of the building addition.

Mr. Pollock read a letter from the property owner to the south who stated support for the petition provided that concerns with landscaping and screening were satisfied.

Chairman Trzupek asked for comments and questions from the Commissioners.

Commissioner Stratis asked if there was a minimum percentage of impervious lot area required by the Zoning Ordinance. Mr. Pollock explained that there was language in the T1 District that referenced minimum green space but that he does not think it applies to this development. Commissioner Petrich said he had asked about that before, but he is not too concerned because they are improving the property and adding more green space.

Commissioner Stratis said that it appears there would not be sufficient parking to return the building to use as an office, even after the play area were removed. He said he is struggling with the project and is concerned that he building addition is too much for the property.

Commissioner Farrell said that she prefers the solid fence because it will help with noise abatement. She said that in regards to the side yard landscaping, they are either maintaining or improving on current conditions.

Commissioner Petrich said he prefers the solid fence and asked about the second egress from the basement. In response, Mr. Yang stated that the ingress and egress from the basement is code compliant. Mr. Pollock added that the building will have to comply with the building code and added that building codes are not within the jurisdiction of the Plan Commission.

Commissioner Broline said that he thinks the traffic circulation will work, that the solid fence is preferable, and that he appreciates the changes made to the plans.

Commissioner Parella thanked the petitioner for the changes and agreed that the solid fence is preferred.

Commissioner Irwin agreed and said he especially appreciates the added stormwater storage and the public sidewalk. He noted that the property does not currently provide the required side yard landscaping and wondered if a variation has previously been approved. In response, Mr. Pollock said that the property was developed before there was a requirement for side yard landscaping and therefore is legally non-conforming.

Commissioner Irwin also asked about safety in regards to the narrow driveways and access to the rear of the property. Mr. Pollock stated that the proposed driveways comply with the minimum zoning standards. He added that input from the Fire District could be requested, but he speculated that the Fire District would be satisfied in that there are two separate points of access, and access from adjoining properties is available in an emergency.

Chairman Trzupek asked about the reference in the staff report to the lot being undersized. Mr. Pollock explained that the minimum lot size in the T1 District is 40,000 square feet in area and 125 feet in lot width and that the subject property was approximately 25% smaller at 31,000 square feet and 100 feet wide.

Chairman Trzupek asked the petitioner if they had reviewed the conditions recommended by staff and if they agreed with those conditions. Mr. Kammula said that they were in agreement with those conditions.

Commissioner Hoch added that she believes the revised plans are a big improvement.

There being no further comments, Chairman Trzupek asked for a motion to close the public hearing.

A **MOTION** was made by Commissioner Stratis and **SECONDED** by Commissioner Irwin to close the public hearing for Z-14-2020.

ROLL CALL VOTE was as follows:

AYES: 7 – Stratis, Irwin, Farrell, Broline, Petrich, Hoch, and Trzupek

NAYS: 0 - None

MOTION CARRIED by a vote of 7-0.

A **MOTION** was made by Commissioner Stratis and **SECONDED** by Commissioner Irwin to recommend that the Board of Trustees approve Z-14-2020 subject to the following conditions:

- 1. Prior to issuance of a permit for the building addition, the petitioner shall submit final site engineering plans and landscaping plans consistent with the submitted preliminary plan including but not limited to the following:
 - a. A solid row of evergreen bushes shall be planted and maintained within the 3 foot side yard buffer area. The bushes shall be a minimum of 4 feet tall at the time of planting.
 - b. Rear yard landscaping, drainage and fencing shall be provided as per the attached plan and subject to the approval of the Village Engineer.
 - c. Dead, dying or diseased plant materials shall be replaced in a reasonable time and as needed but in all cases shall be replaced within one year.
 - d. Underground stormwater storage shall be provided as per the submitted recommendation of the Village Engineer with final plans subject to the approval by the Village Engineer.
 - e. A public sidewalk shall be constructed in the adjacent right of way subject to the approval of the Village Engineer.

ROLL CALL VOTE was as follows:

AYES: 7 – Stratis, Irwin, Petrich, Hoch, Broline, Farrell, and Trzupek

NAYS: 0 - None

MOTION CARRIED by a vote of 7-0.

IV. CORRESPONDENCE

There were no comments regarding the Board Report.

V. OTHER PETITIONS

There were no other Petitions on the agenda.

VI. PUBLIC COMMENT

There were no further public comments.

VII. FUTURE MEETINGS

Mr. Pollock said that there was no business scheduled for the January 4, 2021 meeting.

A **MOTION** was made by Commissioner Irwin and **SECONDED** by Commissioner Farrell to cancel the January 4, 2021 meeting. The **MOTION** was unanimously **APPROVED** by the Plan Commission.

VII. ADJOURNMENT

A **MOTION** was made by Commissioner Hoch and **SECONDED** by Commissioner Petrich to adjourn the meeting at 8:12 pm.

ROLL CALL VOTE was as follows:

AYES: NAYS:	$8-\mbox{Hoch, Petrich, Broline, Irwin, Farrell, Stratis, Parella, and Trzupel0-\mbox{None}$
MOTION	CARRIED by a vote of 8-0.

ORDINANCE NO. A-834- -21

AN ORDINANCE GRANTING SPECIAL USE APPROVALS PURSUANT TO THE BURR RIDGE ZONING ORDINANCE FOR A RESTAURANT WITH SALES OF ALCOHOLIC BEVERAGES, LIVE ENTERTAINMENT AND OUTDOOR DINING

(Z-15-2020: 212 Burr Ridge Parkway - Halleran)

WHEREAS, an application for special use approvals for certain real estate has been filed with the Assistant Village Administrator of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Plan Commission of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Plan Commission of this Village held a public hearing on the question of granting said special use approvals on November 16, 2020 and December 7, 2020 at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

WHEREAS, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in The Doings, a newspaper of general circulation in this Village, there being no newspaper published in this Village; and

WHEREAS, the Village of Burr Ridge Plan Commission has made its report on the request for special use approvals, including its findings and recommendations, to this Mayor and Board of

Trustees, and this Mayor and Board of Trustees has duly considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the Mayor and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

Section 1: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This Mayor and Board of Trustees find that the granting of special use approvals indicated herein is in the public good and in the best interests of the Village of Burr Ridge and its residents, is consistent with and fosters the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

<u>Section 2</u>: That this Mayor and Board of Trustees, after considering the report, findings, and recommendations of the Plan Commission and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the special use for the property located at 212 Burr Ridge Parkway, Burr Ridge, Illinois, is Gene Halleran (hereinafter "Petitioner"). The Petitioner requests special use approval as per Section VIII.B.2.ff to permit a restaurant with alcoholic beverage sales and live entertainment and a special use approval as per Section VIII.B.2.x to permit outdoor dining for said restaurant.
- B. That the proposed restaurant is in a shopping center with a variety of commercial tenants including other restaurants.

C. That the subject property is appropriate for restaurants with sales of alcoholic beverages, live entertainment, and outdoor dining.

<u>Section 3</u>: That special use approvals for a restaurant with sales of alcoholic beverages, live entertainment, and outdoor dining *are hereby granted* for the property commonly known as 212 Burr Ridge Parkway and identified by the Permanent Real Estate Index Numbers of 18-30-301-001; and 18-30-305-003.

Section 4: That the special use is subject to the following
terms and conditions:

- 1. The special use shall be limited to Gene Halleran and shall be null and void should Gene Halleran no longer have ownership interest in the restaurant consisting of approximately 4,200 square feet commonly known as 212 Burr Ridge Parkway.
- 2. Outdoor dining shall conform to the requirements of Section VII.A.5 of the Zoning Ordinance.
- 3. The enclosure of the outdoor dining area and design of outdoor furniture shall match the adjacent Dao Restaurant subject to staff review and approval.
- 4. Hours of operation for the restaurant and outdoor dining areas shall comply with Section VIII.A.11.c of the Zoning Ordinance.
- 5. The restaurant shall comply with the following parking management conditions:
 - a. All employees shall park behind the building or west of the shopping center main entryway.
 - b. Valet parking shall be provided each and every evening that the restaurant is open for business.
 - c. Four parking spaces shall be designated in the parking lot for staging of valet parking and under no circumstances shall the drive aisle/fire lane be used for valet parking or staging of valet parking.
 - d. At all times, valet customer vehicles shall be parked west of the shopping center main entryway. Before 8 pm each evening, valet customer vehicles shall be parked west of the first two double rows

(four single rows) of parking spaces that are west of the main entryway.

<u>Section 5</u>: That this Ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law. The Acting Village Clerk is hereby directed and ordered to publish this Ordinance in pamphlet form.

ORDINANCE NO. A-834-___--21

AN ORDINANCE GRANTING A VARIATION FROM THE BURR RIDGE ZONING ORDINANCE TO PERMIT A RESTAURANT IN COUNTY LINE SQUARE WITHOUT THE REQUIRED NUMBER OF PARKING SPACES

(Z-15-2020: 212 Burr Ridge Parkway - Halleran)

WHEREAS, an application for a variation from the Village of Burr Ridge Zoning Ordinance for certain real estate has been filed with the Assistant Village Administrator of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Zoning Board of Appeals of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Zoning Board of Appeals of this Village held a public hearing on the question of granting said zoning variation on November 16, 2020 and December 7, 2020, at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

WHEREAS, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in <a href="https://doi.org/10.2016/j.com/no.2016/j.com

WHEREAS, the Village of Burr Ridge Zoning Board of Appeals has made its report on the request for zoning variation, including its findings and recommendations, to this Mayor and

Board of Trustees; and this Mayor and Board of Trustees has duly considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the Mayor and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

<u>Section 1</u>: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This Mayor and Board of Trustees find that the granting of the zoning variation indicated herein are in the public good and in the best interests of the Village of Burr Ridge and its residents, is consistent with and fosters the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

<u>Section 2</u>: That this Mayor and Board of Trustees, after considering the report, findings, and recommendations of the Zoning Board of Appeals and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the variation for the property located at 212 Burr Ridge Parkway, Burr Ridge, Illinois, is Gene Halleran (hereinafter "Petitioner"). The Petitioner requests a variation from Section XI.C.13 to permit a restaurant in a shopping center without the required number of parking spaces.
- B. That the proposed restaurant results in the shopping center requiring approximately 35 more parking spaces than is currently available within the shopping center.

- C. That documentation was provided indicating that based on the varying hours of operation of businesses within the shopping center, sufficient parking is available during the peak hours of the proposed restaurant.
- D. That the petitioner has agreed to provide valet parking so that the customer vehicles may be parked at the far west end of the shopping center where parking is most available during the peak hours of the proposed restaurant.

<u>Section 3</u>: That a variation from Section XI.C.13 to permit a restaurant in a shopping center without the required number of parking spaces *is hereby granted* for the property commonly known as 212 Burr Ridge Parkway and identified with the Permanent Real Estate Index Numbers of <u>18-30-301-001</u>; and <u>18-30-305-003</u>.

<u>Section 4</u>: That the variation is subject to the following conditions:

- 1. All employees shall park behind the building or west of the shopping center main entryway.
- 2. Valet parking shall be provided each and every evening that the restaurant is open for business.
- 3. Four parking spaces shall be designated in the parking lot for staging of valet parking and under no circumstances shall the drive aisle/fire lane be used for valet parking or staging of valet parking.
- 4. At all times, valet customer vehicles shall be parked west of the shopping center main entryway. Before 8 pm each evening, valet customer vehicles shall be parked west of the first two double rows (four single rows) of parking spaces that are west of the main entryway.

<u>Section 5</u>: That this Ordinance shall be in full force and effect from and after its passage, approval, and publication

as required by law. The Acting Village Clerk is hereby directed and ordered to publish this Ordinance in pamphlet form.

ORDINANCE NO. A-___-21

AN ORDINANCE GRANTING A SPECIAL USE FOR A MEDICAL OFFICE

(Z-12-2020: 7512 County Line Road - Giadla)

WHEREAS, an application for an amendment to a special use for certain real estate has been filed with the Assistant Village Administrator of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, and said application has been referred to the Plan Commission of said Village and has been processed in accordance with the Burr Ridge Zoning Ordinance; and

WHEREAS, said Plan Commission of this Village held a public hearing on the question of granting said special use on September 21, 2020 and October 19, 2020, at the Burr Ridge Village Hall, at which time all persons desiring to be heard were given the opportunity to be heard; and

whereas, public notice in the form required by law was provided for said public hearing not more than 30 nor less than 15 days prior to said public hearing by publication in The Doings Weekly, a newspaper of general circulation in this Village, there being no newspaper published in this Village; and

WHEREAS, the Village of Burr Ridge Plan Commission has made its report on the request for special uses, including its findings and recommendations, to this Mayor and Board of Trustees, and this Mayor and Board of Trustees has duly

considered said report, findings, and recommendations.

NOW THEREFORE, Be It Ordained by the Mayor and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

<u>Section 1</u>: All Exhibits submitted at the aforesaid public hearing are hereby incorporated by reference. This Mayor and Board of Trustees find that the granting of special use indicated herein is in the public good and in the best interests of the Village of Burr Ridge and its residents, is consistent with and fosters the purposes and spirit of the Burr Ridge Zoning Ordinance as set forth in Section II thereof.

<u>Section 2</u>: That this Mayor and Board of Trustees, after considering the report, findings, and recommendations of the Plan Commission and other matters properly before it, in addition to the findings set forth in Section 1, finds as follows:

- A. That the Petitioner for the special use for the property located at 7512 County Line Road, Burr Ridge, Illinois, is Peter Giadla (hereinafter "Petitioner"). The Petitioner requests a special use for a medical office as a tenant in an existing building.
- B. That the special use will not detract from the public health, safety, morals, comfort, or general welfare.
- C. That the special use will not adversely impact any adjacent properties.

<u>Section 3</u>: That the special use for a medical office as a tenant in an existing building is *hereby granted* for the property commonly known as 7512 County Line Road and identified by the

Permanent Real Estate Index Number of: 09-25-402-018.

<u>Section 4</u>: That approval of the amended special use shall be subject to the following conditions:

- 1. The special use permit shall be limited to Balance Chiropractic Medicine at 7512 County Line Road in a manner consistent with the submitted business plan, attached hereto as **Exhibit A**. The special use shall be null and void at such time that Balance Chiropractic Medicine no longer occupies the space at 7512 County Line Road or at which time there is an assignment or termination of the lease for the space at 7512 County Line Road.
- 2. The business hours of Balance Chiropractic Medicine shall be limited to 7:00am-6:00pm on Monday-Friday, 7:00am-3:00pm on Saturday, and closed on Sunday.
- 3. The petitioner shall provide drainage, landscaping and fencing improvements as follows:
 - a. The rear yard landscaping area shall be improved consistent with the concept plans attached hereto as **Exhibit B**.
 - b. A solid row of arborvitae shall be provided adjacent to the edge of pavement that is parallel to the rear property line. Said arborvitae shall be at least 6 foot tall at the time of planting and with sufficient space for staggering and sufficient girth to fill the intervening space.
 - c. Sporadic plantings shall be provided on the west side of the fence for softening the appearance of the fence.
 - d. The final engineering and landscaping for these improvements shall be subject to the review and approval of the Village Engineer.
 - e. All landscaping and fencing improvements shall be maintained by the property owner in perpetuity.

<u>Section 5</u>: That this Ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law. The Acting Village Clerk is hereby directed

and ordered to publish this Ordinance in pamphlet form.

RESOLUTION NO. R -__-21

A RESOLUTION APPOINTING ACTING FINANCE DIRECTOR FOR THE VILLAGE OF BURR RIDGE

WHEREAS, due to the extended absence of the Village's Finance Director, the corporate authorities of the Village have determined that it is in the best interest of the Village to appoint Assistant Finance Director Amy Nelson to the position of Acting Finance Director, in order to ensure proper supervision over the Village's Finance Department and management of various accounting and financial controls of the Village.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Board of Trustees of the Village of Burr Ridge, Cook and DuPage Counties, Illinois, as follows:

<u>Section 1</u>: The Board of Trustees hereby appoints Amy Nelson to the position of Acting Finance Director for the Village of Burr Ridge with all of the duties and obligations attendant to the position of Finance Director for the Village and as set forth in Article VI, entitled "Finance Department," of Chapter 2, entitled "Administration," of the Village Code for the Village of Burr Ridge.

Section 2. Amy Nelson shall serve in the position of Acting Finance Director for the Village of Burr Ridge at an annual salary of One Hundred Ten Thousand Dollars (\$110,000.00), and for an indefinite term, pending further action of the Village Board.

Section 3: This Resolution shall be in full force and effect from and after its adoption.

2019 STREET SURVEY REPORT

Prepared for the Mayor and members of the Street Policy Committee

Prepared by:

David Preissig, P.E. Director of Public Works Village of Burr Ridge 451 Commerce Street Burr Ridge, Illinois 60527 (630) 323-4733

November 12, 2019

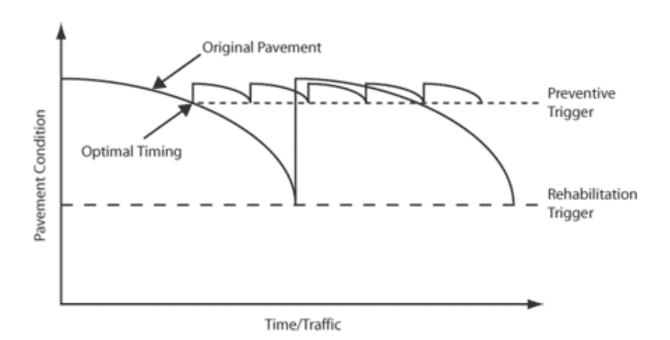

Introduction

Every two years, Village Engineering staff performs an evaluation of each segment of roadway in the Village, which includes over 93 miles of roadway. The purpose of the biennial study is to document the rate of pavement deterioration, and to develop a scientifically based condition rating for each roadway segment. This data is then used to determine pavement rehabilitation priorities and to ensure that pavement maintenance is programmed in such a manner as to maximize benefits, minimize costs, and provide equity amongst stakeholders. The objective of the Road Program is to budget funds for resurfacing and other maintenance activities at such time when the work will have the greatest economic benefit.

The 2019 Street Rating Survey is presented on the following pages, and data sorted by:

- 1) Pavement Condition Rating (PCR),
- 2) Street Name
- 3) Subdivision Name/Neighborhood Area

Utilizing primarily the Pavement Condition Rating (PCR) tabulations from the 2019 Street Rating Survey, while considering anticipated schedules for private development, water main improvement projects, and other Village improvements, staff develops a comprehensive plan for the Road Program and Capital Improvements budget. Staff is committed to ensuring a balanced, nominal budget while ensuring a sustainable pavement condition on the Village's street network, which incorporates a progressive pavement maintenance strategy.

The following chart highlights current (2019) pavement conditions Village-wide:

Village Roadways	Total	% of Total	
Asphalt	930,400	sq yd	98.7%
Concrete	11,940	sq yd	1.3%
	942,340	sq yd	
System-wide PCR	PCR = 85.2	OVERALL	
PCR < 70	48,240	sq yd	5.1%
PCR 71 - 80	233,820	sq yd	24.8%
PCR 81 - 90	240,060	sq yd	25.5%
PCR > 91	420,220	sq yd	44.6%
DATE <=2006	353,730	sq yd	37.5%
Cracksealed	543,350	sq yd	57.7%
	Cracksealed PCR = 88 (AVERAGE)		

At the Village's prior funding levels, the estimated resurfacing cycle for Burr Ridge streets has grown between 16 and 26 years. Also, a backlog of older street pavement is progressing toward its rehabilitation stage.

BURR RIDGE A VERY SPECIAL PLACE

7660 County Line Rd. - Burr Ridge, IL 60527 (630) 654-8181- Fax (630) 654-8269 - www.burr-ridge.gov

Gary Grasso Mayor

Sue Schaus Village Clerk

Evan Walter Village Administrator

December 22, 2020

Mayor Gary Grasso and Board of Trustees 7660 County Line Road Burr Ridge, Illinois 60527

Re: Z-14-2020: 7508 County Line Road (Guidepost LLC); Special Uses, Variation, and Findings of Fact

Dear Mayor and Board of Trustees:

The Plan Commission transmits its recommendation to approve a request by Guidepost A, LLC. The petitioner requests the following approvals as per the Burr Ridge Zoning Ordinance: a special use as per Section VII.C for site, architectural, and landscape plan approval for a building addition; a special use as per Section VII.C for a "Day Care Center"; and a variation from Section XI.B.11.a(2)(c) to permit a reduction of the required 8 foot side yard landscaping area.

After due notice, as required by law, the Plan Commission held a public hearing on November 16, 2020, December 7, 2020, and December 21, 2020. The petitioner seeks approval to use the property at 7508 County Line Road for a Montessori School. The property is currently developed and occupied as a funeral home. Planned improvements include a 2,626 square foot building addition to the existing 4,512 square foot building, an outdoor play area, and reconfigured parking, access and landscaping.

The petitioner originally filed this request with a larger addition and several other variations including a request to exceed the maximum permitted floor area ratio. After two meetings with the Plan Commission, the petitioner reduced the size of the building addition, added perimeter landscaping in the front, sides, and rear yard, and was able to reduce the number of variations to the reduction in the depth of the side landscaping yards.

The Plan Commission was concerned about the land use and in particular, the outdoor play area. The petitioner was able to address this concern with solid fence enclosure for the outdoor play area and solid perimeter landscaping on both sides of the property. The petitioner also agreed to enhance the rear yard by creating a drainage swale and adding fencing and landscaping. The petitioner also volunteered to remove the front yard turnaround, add a public sidewalk and provide for underground stormwater storage.

In regards to the variation, the Commission determined that the property was unique in that it was smaller than the required minimum lot size and it was developed before there was any required side yard landscaping. The Commission determined that these conditions created a hardship relative to full compliance with the Zoning Ordinance.

Three neighbors spoke at the public hearings. The neighbors expressed concerns about stormwater management, rear yard landscaping, and parking. Their comments are included

in the minutes from these meetings.

Based on the above considerations and the submitted findings of fact, the Plan Commission, by a vote of 7 to 0, *recommends that the Board of Trustees approve* this petition subject to the following conditions:

- 1. Prior to issuance of a permit for the building addition, the petitioner shall submit final site engineering plans and landscaping plans consistent with the submitted preliminary plan which shall include the following:
 - a. A solid row of evergreen bushes shall be planted and maintained within the 3 foot side yard buffer area. The bushes shall be a minimum of 4 feet tall at the time of planting.
 - b. Rear yard landscaping, drainage and fencing shall be provided as per the attached plan and subject to the approval of the Village Engineer.
 - c. Dead, dying or diseased plant materials shall be replaced in a reasonable time and as needed but in all cases shall be replaced within one year.
 - d. Underground stormwater storage shall be provided as per the submitted recommendation of the Village Engineer with final plans subject to the approval by the Village Engineer.
 - e. A public sidewalk shall be constructed in the adjacent right of way subject to the approval of the Village Engineer.

Sincerely,

Greg Trzupek, Chairman Plan Commission/Zoning Board of Appeals

Address: 7508 County Line Road

As per Section XII.K.7 of the Village of Burr Ridge Zoning Ordinance, for a special use to be approved, the petitioner must confirm all of the following findings by providing facts supporting each finding.

a. The use meets a public necessity or otherwise provides a service or opportunity that is not otherwise available within the Village and is of benefit to the Village and its residents.

Petitioner will operate a school that meets a public necessity by offering a Montessori education emphasizing project-based learning and social-emotional learning to toddlers and children, ages 3 to 6 years old.

b. The establishment, maintenance, or operation of the special use will not be detrimental to, or endanger the public health, safety, morals, comfort, or general welfare.

The operation of the school by Petitioner will benefit and preserve the public health, safety, morals, comfort, or general welfare by offering educational programming that has proven beneficial to the healthy development of young children. The use is valuable to families residing in the Village with young children that seek a Montessori based education and is not harmful to the public in any way.

c. The special use will not be injurious to the uses and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish or impair property values within the neighborhood in which it is to be located.

The proposed use will not be injurious to the uses and enjoyment of other property in the immediate vicinity nor substantially diminish or impair property values. The school will only operate from 7:00 a.m. to 6:00 p.m. and will not generate excessive noise, traffic or similar undesirable effects.

d. The establishment of the special use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.

The proposed use will not impact any other parcels.

e. Adequate utilities, access roads, drainage and/ or necessary facilities have been or will be provided.

Existing drainage is in place and adequate utilities and necessary facilities will be provided.

f. Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.

The property includes a private parking lot. Pick-up and drop-off of students will be fully contained on the property without impeding traffic on S. County Line Road and proceed in one direction with separate ingress and egress. Staff will monitor traffic and escort students to waiting vehicles.

g. The proposed special use is not contrary to the objectives of the Official Comprehensive Plan of the Village of Burr Ridge as amended.

Correct. The proposed use meets the objectives of the Official Comprehensive Plan by offering services that benefit the community and enhancing the quality of life of residents of the Village.

h. The special use shall, in other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may, in each instance, be modified pursuant to the recommendations of the Plan Commission or, if applicable, the Zoning Board of Appeals.

Correct.

a. Because of the particular physical surroundings, shape, or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of the regulations were to be carried out.

Correct. Petitioner seeks variations to reduce the 8-foot side yard landscaping and for an outdoor play area. The variation for the side yard landscaping setback is necessary for the re-development of this parcel which is smaller in area and width than a typical lot in this zoning district. In order for the school to safely accommodate its prospective students while minimizing impact to the surrounding community, it is necessary to reduce the side yard landscaping setback.

In regards to the outdoor play area, the T-1 District allows schools as a permitted use and allows day care centers as a special use. An outdoor play area is an expected part of a school or child care center. It would be a hardship not to allow an outdoor play area for a school or day care center.

b. The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the zoning district in which it is located.

Correct. Because the property is smaller in area and width than is otherwise required by the T-1 District, redevelopment of the property for the permitted use as a school or for the special use as a day care center, strict compliance with the zoning standards precludes reasonable use of the property. Petitioner has factored in the proposed size of the school building which is necessary to achieve a reasonable rate of return.

c. The conditions upon which an application for a variation is based are unique to the property for which the variance is sought, and are not applicable, generally, to other property within the same zoning classification.

Correct. Those conditions being the size of the lot in regards to lot area and lot width and relative to typical lot sizes in the T-1 District.

d. The purpose of the variation is not based primarily upon a desire to increase financial gain.

Correct. The primary purpose of the variation is to create a safe and productive environment for the prospective students of the school.

e. The alleged difficulty or hardship is caused by this Ordinance and has not been created by any persons presently having an interest in the property.

Correct. Petitioner and the property owners have played no role or created the hardships caused by the Ordinance.

f. The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located.

Correct. The variations sought will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located.

g. The granting of the variation will not alter the essential character of the neighborhood or locality.

Correct. The variations will not have any noticeable impact upon the essential character of the neighborhood.

h. The proposed variation will not impair an adequate supply of light and air to adjacent property or substantially increase the congestion of the public streets, or increase the danger of fire, or impair natural drainage or create drainage problems on adjacent properties, or endanger the public safety, or substantially diminish or impair property values within the neighborhood.

Correct. The variations will not impact the supply of light and air to adjacent property. The property includes a private parking lot exceeding the minimum parking requirement. Pick-up and drop-off of students will be fully contained on the property without impeding traffic on S. County Line Road and proceed in one direction with separate ingress and egress. Staff will monitor traffic and escort students to waiting vehicles. Petitioner will improve existing drainage and stormwater storage following the direction and recommendations of the Village Engineer and adequate utilities and necessary facilities will be provided.

i. The proposed variation is consistent with the official Comprehensive Plan of the Village of Burr Ridge and other development codes of the Village.

Correct. The proposed use meets the objectives of the Official Comprehensive Plan by offering services that benefit the community and enhancing the quality of life of residents of the Village

7508 S County Line Road

Drop Off and Pick Up Plan

Student Counts:

14 Young Toddlers (approximately 15 to 23 months) 14 Toddlers (approximately 2 years to 3 years) 96 Children's House (approximately 3-6 year)

Approximate Staff Count: 12

Drop-Off Times

- 1. Staff will arrive and depart the school outside of student drop off and pick up times.
- 2. Open to all drop off time from 7:00AM 8:00AM.
- 3. 28 Young Toddlers and Toddlers will arrive between 8:00AM 8:15AM.
- 4. 48 Children's House students (classrooms 1 and 2) will arrive between 8:15AM and 8:30AM.
- 5. 48 Children's House students (classrooms 3 and 4) will arrive between 8:30AM and 8:45AM.

Pick-Up Times

- 1. Staff will depart outside of the student pick times.
- 2. Young Toddlers, and Toddlers will depart between 2:30PM and 6:00PM as convenient for parents.
- 3. Children's House students will depart between 3:00PM -6:00PM as convenient for parents.

Key notes

- 1. Approximately 40% of students on average across 76 schools are siblings which.
- Parent drop off and pick up times are allowed as a range of time as convenient for parents. We do not
 experience a 'rush' right before class instruction times start because we are not a traditional school.
 Before and after care are offered at no additional cost to our families, and we do not bring kids from off
 campus for after school care.
- 3. With are child valet system we can off-load 6 cars every minute, or 90 cars every 15 minutes, which is more than double the capacity required to prevent congestion leading to stacking on to County Line Road.
- 4. Assuming our national average of 18% siblings and 25% before care, we will actually only have approximately 17.22 cars arriving between 8:00 8:15, approximately 29.52 cars would arrive between 8:15 8:30, and 29.52 cars would arrive between 8:30 8:45.

Subject: RE: 7508 County Line Rd

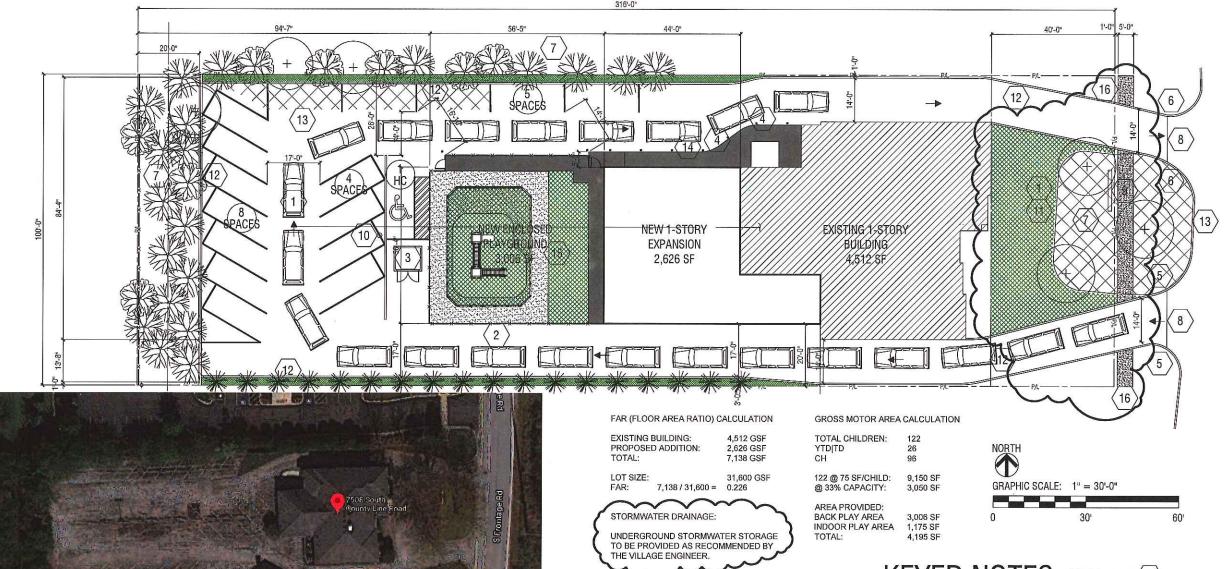

Doug,

It's very flat through this parking lot but stormwater runoff generally drains to the south. From the west end of the existing building, stormwater flows along the south lot line in a shallow swale to the ditch on South Frontage Road (which outfall location must be maintained for this drainage sub-area).

Proposed curb along the perimeter of the parking lot would result in storm sewer pipes beneath the south curbline, would could also collect building downspouts and sump pump(s). Again, stormwater from the existing building and front 1/2 of this lot must be directed to the ditch along the South Frontage Road. Stormwater directed to the rear of the lot should be attenuated, which could be provided in a minor, underground detention system. This could include slightly-oversized storm sewer pipes ending with a restrictor installed in the outflow manhole structure. A drywell is also recommended, per the attached drawing, as was provided at SRALab. Please note that the front of the lot has a depressional storage area that should be checked if it serves an existing stormwater detention system.

Thanks, Dave

BURR RIDGE POLICE DEPARTMENT	Number 20.23
PERSONNEL ORDER	Issue Date December 16, 2020
RESIGNATION NOTICE -OFFICER PATRICK PATLA	Author: Madden
CALEA Ref:	Total Pages:

PURPOSE:

This Personnel Order announces the official notice of resignation of Officer Patrick Patla.

POLICY:

In accordance with Department and Village policy, Officer Patrick Patla officially tendered his notice of intent to resign from the Burr Ridge Police Department effective December 26, 2020. The notice of intent to resign was received by the Chief of Police on December 15, 2020.

Officer Patla's colleagues join the Chief of Police in recognition and appreciation of his service and wish him success and happiness in his future endeavors.

A copy of Officer Patla's notice of resignation is published along with the Personnel Order in PowerDMS to the attention of all personnel

PROCEDURE:

The vacated position of Patrol Officer will be filled, as authorized by the Burr Ridge Village Board, from the standing eligibility list issued by the Burr Ridge Board of Fire and Police Commissioners.

By Order?

John W. Madden, Chief of Police

Patrick Patla 21W334 Temple Dr. Itasca, IL 60143

December 15, 2020

Chief Madden
Burr Ridge Police Department
7700 County Line Rd
Burr Ridge, IL 60527

Dear Chief Madden,

Please consider this my official letter of resignation, effective on December 26, 2020 at 1800 hours.

As you are aware from our conversation of December 13, 2020, I have accepted a job offer with the Lemont Police Department. This decision comes with a heavy heart. For the short time I have been employed with Burr Ridge Police, I have made many friends and enjoyed the camaraderie I have experienced with your Department. The Burr Ridge Police Department is one of the most professional, and well-run police departments I have ever experienced in my career. My decision to move on is strictly family based and how it will benefit them.

Thank you for giving me the chance to continue my career. I will always consider myself in your debt.

I wish the Department and all its employees much success.

Sincerely,

Patrick Patla Patrolman
