## Village History

The area, which is now Burr Ridge, was once the home of the Sioux, Pottawattamie, Ottawa and Chippewa Indians. After an 1835 treaty, most of the Indians were relocated west of the Mississippi. In the early 1950's, the area was sparsely settled and large tracts of land were devoted to farming. The gently rolling hills and wooded sections of the eastern portion of the area were, for the most part, divided into five acre tracts.

On October 20, 1956, in a garage on Drew Avenue, 143 residents of Robert Bartlett's Estates (the one square mile area southwest of I-55 & County Line Road) cast their votes on the question of incorporation. Two days later, the results were official (76 votes for and 67 against) and the incorporation of the Village of Harvester was confirmed. The new Village had approximately 75 homes and a population of less than 300.

In August 1961, the territory north of Route 66, including the 414acre International Harvester research facility (now the CNH Industrial facility and the Fieldstone, High Grove, Oak Grove, and Chestnut Hills developments) was annexed to the Village. The annexation included the area known as Burr Ridge Estates, which had been developed into five-acre tracts in the early 1950's by the Busby family, whose farm included the ridge along County Line Road near Plainfield Road that they called the "burr ridge" due to the large stand of burr oak trees. In 1962, the name of the community was changed to Burr Ridge. The burr oak leaf became the Village emblem. Its unofficial slogan – "A Very Special Place" – was the title of a small book written in 1976 to reflect on the Village's pride at the time of its 20<sup>th</sup> Anniversary.

It was a small start for the community which, in 1984, became the first in DuPage County to provide Lake Michigan water to all its customers and which would, by 1997, become known as one of the 300 wealthiest communities in America. With the goal of preserving the hallmark woodlands, ponds, and wetlands, while permitting orderly and balanced low-density growth, the Village fathers, in the years after incorporation, monitored the transformation of large tracts of open farmland and woodlands that would, by the 2006 special census, become a planned community of approximately seven square miles, with 11,259 residents residing in 3,000 homes. Today, Burr Ridge is generally bounded on the east by Wolf Road, on the north by 55th Street, on the west by Madison Street (and Route 83 in the southern portion of the Village) and on the south by approximately 97<sup>th</sup> Street. Ideally situated at the intersection of the Tri-State Tollway and the Stevenson Expressway, Burr Ridge offers easy access to Chicago's loop and airports.

The burr oaks still exist in Burr Ridge, along with fine homes on generous lots and distinguished townhome communities. Local shopping and high quality office parks have been blended into this natural setting, attracting those who become both residents and valued members of the business community. The well-balanced mix of the business and residential communities has allowed Burr Ridge to maintain a healthy General fund and one of the lowest tax rates in DuPage County.

Burr Ridge truly is "A Very Special Place."

### Reader Guide

This budget document is divided into sections with major divisions separated by tabs. Each bolded topic below represents a tab.

**INTRODUCTION (Section 1):** The Introduction section contains the budget message and strategic goals from the Village Administrator. This section also contains an overview of the budget calendar, process, and policies in establishing the proposed budget.

**SUMMARY BUDGET (Section 2):** This section presents a summarized picture of major Village wide revenues and expenditures, and capital projects.

**DETAIL BUDGET (Section 3):** The detail budget presents the detailed line item of revenues and expenditures for the entire Village, including notes & highlights from each department within General Fund.

**VILLAGE WIDE SUMMARY (Section 3):** This section lays out the summary of financial operations of the Village in summary by each fund.

**GENERAL FUND SUMMARY (Section 3):** This section contains information about the General Fund summary and lists it by each department. The revenue budget is included in this section.

**BOARDS & COMMISSIONS (Section 3):** This section contains the Boards and Commissions organizational chart, mission statement, fiscal year goals and accomplishments and the expenditures for the Boards and Commissions budget.

**ADMINISTRATION (Section 3):** This section contains the organizational chart, mission statement, fiscal year goals and accomplishments for the Administration department and the expenditures for the Administration budget.

**FINANCE (Section 3):** This section contains the organizational chart, mission statement, fiscal year goals and accomplishments for the Finance department and the expenditures for the Finance department.

**CENTRAL SERVICES (Section 3):** This section contains the expenditures for the Central Services fund.

**POLICE (Section 3):** This section contains the organizational chart, mission statement, fiscal year goals and accomplishments for the Police department and the expenditures for the Police department.

**PUBLIC WORKS (Section 3):** This section contains the organizational chart, mission statement, fiscal year goals and accomplishments for the Public Works department and the expenditures for the Public Works department.

**BUILDING & GROUNDS (Section 3):** This section contains the expenditure budget for Building & Grounds.

**SPECIAL REVENUE FUNDS (Section 3):** This section contains the revenue and expenditure budgets for the Special Revenue Funds: Hotel/Motel Tax Fund and the Motor Fuel Tax Fund..

**CAPITAL PROJECT FUNDS (Section 3):** This section contains a summary section for each of the Village's four Capital Projects Funds and the revenues and expenditures for each fund.

**DEBT SERVICE FUND (Section 3):** This section contains the Debt service fund summary and the revenues and expenditures for the Debt Service Fund.

**WATER FUND (Section 3):** This section contains the Water Fund summary and the revenues and expenditures for the Water Fund.

**SEWER FUND (Section 3):** This section contains the Sewer Fund summary and the revenues and expenditures for the Sewer Fund.

**INFORMATION TECHNOLOGY (Section 3):** This section contains the Information Technology Fund summary and the revenues and expenditures for the Information Technology Fund.

**POLICE PENSION (Section 3):** This section contains the Police Pension Fund summary and the revenues and expenditures for the Police Pension Fund.

**SALARIES** (Section 4): This sections displays the Village Wide budgeted salaries and the salary schedule and ranges for the upcoming fiscal year.

**STATISTICS (Section 5):** The Statistics section provides various information about the Village's population, land area, housing, neighboring communities and other items of interest to the public.

**GLOSSARY** (Section 6): The glossary of terms are relevant to this budget document, containing definitions of financial, non-financial and acronyms used throughout the budget document.

## **BUDGET CALENDAR**

First week of December	Budget Manual is distributed to Department Heads
First week of January	Department Heads submit list of fiscal year 2020-2021 Goals and Objectives to Village Administrator
First half of January	Finance Director and Village Administrator review fiscal year 2020-2021 revenue estimates
First half of January	Department Budgets due to Village Administrator with copy to Finance Director (See Policy regarding complete submission requirements)
Second half of January	Department budget review sessions are held with Village Administrator and Finance Director
Second half of January	Board of Trustees review of Department Goals and Objectives with Village Administrator, Department Heads, and Finance Director
Second half of February	Village Administrator and Finance Director finalize budget document
Last week of February	Preparation of Budget Message and budget printing and assembly
First week of March	Proposed Budget Document submitted to Board of Trustees
First Monday in March (Tentatively)	Budget Workshop with Board of Trustees, Village Administrator, Finance Director, and Department Heads
Second Monday in March (Tentatively)	Budget Workshop with Board of Trustees, Village Administrator, Finance Director, and Department Heads if necessary
Last week in March	Publish "Notice of Availability of Budget and Public Inspection" and notice of Public Hearing
Second Monday in April	Public Hearing on Proposed Budget; Budget Ordinance adopted by Board of Trustees
Before April 30	Village Clerk to file budget ordinance with DuPage and Cook Counties by this date
May 1	Fiscal year begins

## **Budget Process**

Budgeting is one of the most important functions of a government and the funding strategy for services. The budget serves as the current and future business plan for the Village's operations. Beginning in December, the Village follows the below process in establishing the budget:

- 1. Budget Kick-Off December
  - The Finance Director reviews the Budget Guidelines and Budget Calendar with department heads which begins the budget process.
- 2. Departmental Goals and Objectives December/January
  - Each Department summarizes and submits department goals and objectives to the Village Administrator for review. After review, the Administrator presents to the Board of Trustees .
- 3. Revenue Budgets Developed/Department Head Budget Preparation December February
  - Finance Department develops the revenue budget for all funds as the operational "stake in the ground".
  - In December and January, department heads prepare budgets for their individual departments and submits to the Administrator for review and to Finance as a preliminary draft of the budget.
  - Meetings are held with the Administrator and the Finance department to review the preliminary budget requests prior to the budget submittal to the Board of Trustees.
  - Draft budget is finalized after department meetings are held in preparation for the budget workshops.
- 4. Draft Budget/Village Budget Workshops February/March
  - Board of Trustees review the budget at public workshops held in March, allowing for opportunities for public input.
  - The Board provides input to any items that should be added or removed for the final budget.
- 5. Budget Adoption April
  - Staff incorporates any changes made to the draft budget identified from the budget workshops and prepares the final budget document.
  - In accordance with statutory requirements, a public hearing notice is published announcing the date and time of the hearing to obtain any comments from the residents or public. The public hearing is typically held the second Monday of April. The tentative budget is available and may be inspected by the general public at the Village Hall prior to the public hearing. The hearing is open to the public and any person desiring to appear and provide comments on the tentative budget will be heard.
  - The appropriation ordinance is prepared and passed and the budget is legally enacted by Ordinance.

### **Fund Accounting Basics**

- Governments use Fund Accounting to comply with the legal restrictions on the use of public funds.
- The Village utilizes 12 funds to manage it's financial operations.
- A fund is a separate accounting entity with its own set of accounts for revenues, expenditures, and cash reserves.

- Each fund is separate from the total and has it's own use and restrictions.
- The annual budget consists of 12 separate budgets representing each budgeted fund of the Village.

### Fund Type Classification

- <u>General Fund</u> The General fund is the Village's main operating fund. Accounts for all financial resources except those required to be accounted for in another fund.
- <u>Special Revenue Funds</u> Accounts for specific revenue sources that are legally restricted for specified purposes. The Village maintains two Special Revenue Funds, the Motor Fuel Tax Fund and the Hotel/Motel Tax Fund.
- <u>Capital Projects Funds</u> Accounts for the acquisition or construction of major capital projects. The Village has four Capital Projects Funds: Capital Improvements Fund, Equipment Replacement Fund, Sidewalk/Pathway Fund and the Storm Water Management Fund.
- <u>Debt Service Funds</u> Accounts for the payment of general long-term debt principal and interest. The Village has one Debt Service Fund to account for the outstanding debt certificates issued for funding of the new police station.
- **<u>Proprietary Funds</u>** Proprietary funds are used to account for activities similar to those found in the private sector and consist of Enterprise Funds and Internal Service Funds:
  - Enterprise Funds Accounts for business type activities where fees are charged to external users for goods or services with the intent that costs in these funds will be recovered by user fees. The Village maintains two Enterprise Funds, the Water Fund (a Major Fund) and Sewer Fund.
  - <u>Internal Service Funds</u> Accounts for activities of providing goods or services to other funds or departments on a costreimbursement basis. The Village has one Internal Service Fund, the Information Technology Fund.
- **Fiduciary Funds** Accounts for assets held in a trustee capacity for others and cannot be used to support Village operations.
  - **<u>Pension Trust Fund</u>** The Village's Police Pension Fund is the only pension trust fund in the Village.
  - <u>Agency Funds</u> Agency Funds are used to account for assets held by the Village as an agent for individuals, private organizations or other governments/funds. The Village has one Agency Fund, the Special Service Area Fund which is not budgeted in the Village's annual operating budget.

### **BUDGETARY POLICIES AND GUIDELINES**

- 1. The Village operates under the Budget Act in lieu of appropriations. Annual budgets are adopted for the general, special revenue, debt service, capital projects, enterprise, internal service and pension trust funds.
- 2. The budget is prepared on the cash basis of accounting, which is not consistent with the Village annual audited financial statements, which is on the accrual/modified accrual basis of accounting. The significant differences are noted below:
  - a) In accordance with generally accepted accounting principals (GAAP), the Village records changes in market value on applicable Village and Police Pension fund investments on its financial statements. However, changes in market values are not included in the budget.
  - b) Depreciation Expense is reported in the Enterprise and Internal Funds' financial statements but is not budgeted.
  - c) Capital outlay expense in the enterprise funds and internal service fund are included in the operating budget, whereas purchases of items such are included in the capital assets of the enterprise funds balance sheet on its financial statements.
- 3. As previously mentioned in Section 1 Page 1, the Village established Resolution (R-16-18) in which the Village's General Fund will maintain an unreserved fund balance of a minimum of 20% of current fiscal year's operating expenditures. Current expenditures will be paid with current revenues and excess fund balances subject to the fund balance limitation set by Board Policy.
- 4. When possible, departments will avoid deferring essential maintenance and personnel training. However, the departments will stay within budgetary limits, unless approval has been granted by the Village Administrator and/or the Board of Trustees.
- 5. Funds must be available to meet expenditures/expenses if a department will go over budget. The Village Administrator should be notified in advance of purchases that will go over budget.

### BUDGETARY POLICIES AND GUIDELINES (continued)

- 7. Adequate funding will be provided for all retirement systems for Village employees. This includes the Police Pension Fund, the Illinois Municipal Retirement Fund (IMRF), Social Security and Medicare employer contributions.
- 8. Budgetary monitoring and control systems will be maintained to assure adherence to the budget plan. Monthly/quarterly departmental expenditure reports will be issued to each department head with sufficient detail to assist each department head in controlling the budget. Department heads will be held accountable for their departmental expenditure budgets. Each year the revenue and expenditures projections for the Five-Year Plan will be updated. Projections will include estimated operating costs of future capital improvements that are included in the approved capital improvement budgets.
- 9. User fees and charges in the revenue budgets will be evaluated annually to ensure that fees cover costs, if intended to do so.
- 10. The expenditure budgets should reflect estimated price increases where known. The inflation factor of 2.0% should only be used for estimates where price increases cannot be reasonably projected. Budgets should also identify all potential areas for savings between now and the end of the fiscal year.
- 11. The departmental expenditure budgets should not merely be a straight-line increase over the prior budget year. Department heads are required to justify all budget requests. A needs analysis and/or cost-justification should be prepared were applicable.
- 12. No new programs, commodities, or capital assets (vehicles and equipment) should be added to the budget until these items have been discussed with the Village Administrator. These items should be listed on the goals for discussion with the Village Administrator. Tentative approval should be obtained before added to budget requests.

### BUDGETARY POLICIES AND GUIDELINES (continued)

- 13. When budgeting expenditures, obtain specific inflation increases from vendors if possible, or arrive at current prices for budget requests. The inflationary base of 2.0% should only be used for those expenditure items wherein an increase cannot be determined by other means. Justification of any price increase should be detailed on budget worksheets, particularly if estimate is higher than the inflation factor of 2%.
- 14. Expenditures may not legally exceed the appropriated amounts at the fund level. The Village Administrator has the authority to amend the budget within the individual fund.
- 15. Budget appropriations lapse at year end, therefore expenditures not substantially incurred by the end of the fiscal year end (April 30) must be appropriated in the next fiscal year budget.
- 16. Once the budget is adopted, the Village Board can amend it by ordinance if deemed necessary. If amendments are needed, this is typically done once at the end of the fiscal year.

# Section 1 Introduction

The Introduction Section contains the general information, strategic goals, policies, and the budget message from the Village Administrator to the Mayor, Board of Trustees, and the Residents of Burr Ridge.

### STATEMENT OF COMPLIANCE WITH VILLAGE PRESIDENT AND BOARD OF TRUSTEES POLICY ESTABLISHING A FUND BALANCE FOR THE GENERAL FUND AND MAINTAINING A BALANCED BUDGET

*The Fiscal Year 2020-21 budget provided herein is in full compliance with the Village of Burr Ridge General Fund and Balanced Budget Policy* (Resolution R-16-18). Said policy seeks to maintain Village services and operations in a prudent and fiscally responsible manner for the present and for the future, to establish a minimum fund balance in the General Fund, and to maintain a balanced budget for all Funds.

• The unreserved fund balance level of the General Fund should be a minimum of 20% of the current fiscal year's operating expenditures.

At the end of FY 2020-21, unreserved fund balance in the General Fund is projected to be 65% of total expenditures:

Total General Fund Expenditures in FY 2020-21	= \$8,324,210
20% of Total General Fund Expenditures	= \$1,664,842
Total General Fund Reserves at End of FY 2020-21	= \$5,393,322

• Total budgeted expenditures in the General Fund should not exceed total anticipated revenues for a given fiscal year.

The total revenues in Fiscal Year 2020-21 are less than total expenditures for FY 2020-21:

Total General Fund Revenues in FY 2020-21	= \$8,360,315
Total General Fund Expenditures in FY 2020-21	= \$8,324,210

• Total expenditures in all funds should not exceed total anticipated revenues for a given fiscal year plus any unreserved funds over and above the minimum 20% unreserved General Fund balance referenced herein.

Expenditures in all funds will be less than total revenues plus the required General Fund reserves.

<i>Total Available Reserves at beginning of FY 2020-21</i>	\$33,800,242
Required Minimum General Fund Reserves	<u>\$1,664,842</u>
Available Reserves and Revenues	<i>= \$32,135,400</i>
Total expenditures in all Funds for FY 2020-21	= \$18,627,740

TO: Village of Burr Ridge Board of Trustees
FROM: Doug Pollock, AICP, Village Administrator
DATE: April 27, 2020
RE: Fiscal Year 2020-21 Budget

#### ADMINISTRATOR'S BUDGET MESSAGE

On behalf of the entire Village Staff, I am pleased to submit the Budget for Fiscal Year 2020-21. The FY 2020-21 Budget is a balanced budget and it maintains services from the previous fiscal year.

The typical budget preparation process for the Village of Burr Ridge begins in December of each year with the consideration and passage of the property tax levy. Concurrently, the Finance Department begins to project revenues for the remainder of the current fiscal year and for the next fiscal year. Each Department, in consultation with the Finance Department and Village Administrator, projects its expenses for the remainder of the current fiscal year and prepares budget goals for the upcoming fiscal year. Village staff then shares its revenue and expenditure projections at a workshop with the Mayor and Board of Trustees. This information is then used to prepare a proposed budget for the upcoming fiscal year. On March 13, 2020, the Board of Trustees held a workshop to review the proposed budget.

The budget process was abruptly halted by the COVID-19 pandemic and the issuance of the Governor's emergency stay at home order. As a result, the economic impact caused by the closing of restaurants, hotels and other tax paying businesses had to be calculated and incorporated into a new budget document; all within a very short time frame and with few baseline indicators to extrapolate future economic conditions. This budget message also has been revised to reflect the changing economic conditions. **Revised Budget Response:** In response to the pandemic, the FY 2020-21 Budget has been prepared as an "operational budget"; i.e. a budget focused primarily on basic operations with most capital expenditures set aside pending further review. Within each department's budget, Fiscal Year 2020-21 goals are listed but those requiring significant financial expenditures are listed as being "waitlisted" and pending review. Staff and the Village Board will evaluate waitlisted items on a monthly and quarterly basis to determine if resources are available or if they have otherwise become priorities. Budget amendments will be considered in such cases.

Assessment of Fiscal Year 2019-20 Budget: After significant revenues and expenditure reductions in March and April, we project that General Fund revenues will exceed expenditures by \$38,100. We anticipate a positive balance at the end of the fiscal year despite pandemic revenue shortfalls and necessary but unbudgeted expenditures. The positive balance was achieved despite a reduction in overall revenues of \$336,730 due to the pandemic. A balanced budget was achieved by reducing expenditures during March and April by a corresponding amount (\$369,635).

The detailed budget for each Village Department includes a list of accomplishments for Fiscal Year 2019-20. Notable accomplishments and other expenditures in FY 2019-20 included:

- Expenditure of approximately \$20,000 in legal fees and \$50,000 in consultant fees to address the Sterigenics issue (Sterigenics was a business in neighboring Willowbrook that was emitting toxic chemicals into the atmosphere). A major event in FY 2019-20 was the closing of Sterigenics on September 30, 2019 (Administration).
- The Village joined the West Central Municipal Conference, which should provide opportunities for intergovernmental support and cost sharing (Boards and Committees).

- Completion of the annual Road Program and resurfacing of Burr Ridge Parkway primarily using grant funding (Public Works).
- Creation of the Police Department Honor Guard (Police).
- Creation of an annual business license program to be implemented at the beginning of FY 20-21 (Administration).
- Implementation and training on software systems (BS&A) for work orders, human resources, business licensing, building permits, and records management (Finance).

#### SUMARY OF FISCAL YEAR 2020-21 BUDGET

The budget is divided into six sections:

- 1. Introduction Contains the Administrator's budget messages, vision statement, and strategic priorities.
- 2. Summary Budget– A Village wide summary along with highlights of the three main funds of General, Water, and Sewer.
- 3. Detail Budget The main budgetary data for all funds and all departments.
- 4. Salaries Village wide salaries and personnel data for all funds and departments.
- 5. Statistical Various charts, graphs, and tables of interest.
- 6. Glossary Terminology of items relevant to the budget.

The budget is further separated into 12 active funds each with a distinctive purpose.

#### Section 2: Summary Budget

The Summary section combines all fund and departmental financial operations. The General Fund is the day to day operating fund of the Village. The General Fund is always balanced. Capital Projects Funds are used to finance capital expenditures and will show a deficit when major purchases are made. By using this "savings account funds" strategy, major capital projects and acquisitions are planned for in a financially sound process. As such, the performance of these funds should be evaluated over the course of several years.

Special Revenue Funds capture funds that are restricted in how they are spent. Enterprise Funds are closed funds whereby all revenue generated by the funds are used to maintain the fund. A complete list of all fund types is provided in Section 2.

Overall, the Village is projected to have a healthy reserve of approximately \$34.1 million at the end of FY 2020-21. These reserve funds provide ample security for the continued and uninterrupted operation of the Village government.

#### Section 3: Detail Budget

This section includes all General Fund expenditures necessary for the operation of each Department of the Village government. It begins with a Village wide summary.

Total available funds for Fiscal Year 2020-21 are projected to be \$53 million (\$34 million in reserves plus \$19 million in new revenues). Total expenditures for Fiscal Year 2020-21 are projected to be \$19 million. The total estimated Village reserves on April 30, 2021 are projected to be \$34.1 million. The drop in reserves between the beginning and end of FY 2020-21 is due to one-time capital expenditures in the Water Fund and Capital Project Funds.

**General Fund Summary:** The General Fund is the budget for all municipal services and operations. Historically, the General Fund budget accommodates all daily operational costs and usually includes transfer of surpluses from the General Fund to the Capital Projects Funds and the Information Technology Fund. Due to the economic impacts of the pandemic, the budget does not include these transfers and the General Fund has been cut significantly to include only basic operations.

Specifically, we estimate that General Fund revenues for Fiscal Year 2020-21 will be approximately \$1 million less than would

otherwise be expected. Revenue reductions in the General Fund are expected to be primarily in sales taxes (\$783,560 reduction, 31% less than otherwise expected), places of eating tax (\$155,810 or 37% reduction), and intergovernmental transfer of the State income tax (\$157,870 or 13% reduction).

As a result of the expected drop in revenues, expenditures in the General Fund have been cut by a similar amount. Budget cuts in the General Fund include: annual salary range adjustments (cost of living), non-essential training and travel, new Police vehicles, and reducing transfers to the Capital Projects Funds, the Equipment Replacement Fund, and the Information Technology Fund.

**Boards and Commissions:** This budget provides funding in direct support of the Village Board and the various Committees, Commissions and Boards of the Village. Expenditures for FY 2019-20 exceeded the budget by more than \$67,000 due primarily to legal and consulting expenditures for the Sterigenics issue.

The FY 2020-21 Budget for Boards and Commissions includes new expenditures for membership in the West Central Municipal Conference, creation of a 501c3 corporation, and increased legal fees for union negotiations. Reductions to this budget due to the pandemic total \$43,075.

<u>Administration Department</u>: The Administration Department includes the Village Administrator, Assistant Village Administrator, and community development staff. Expenditures in Administration were reduced by \$60,725 due to the pandemic.

Longtime Village Clerk and Principal Office Assistant Karen Thomas announced her retirement effective May 22, 2020. Karen's full time position as Principal Office Assistant will be filled prior to her retirement. The Village Clerk position will also become vacant at that time. The Mayor and Village Board will need to decide how to fill this vacancy. The Village Clerk term extends to May, 2021.

**Finance Department:** Expenditure reductions in the Finance Department budget due to the pandemic impacts total \$44,885. Prior to the pandemic, the Finance Department established a goal to submit the budget and annual financial report for consideration by the Government Finance Officers Association for the Distinguished Budget Award and Certificate of Achievement for Excellence in Financial Reporting programs. This remains a goal for the Finance Department but may be impacted by the need to produce a new budget in a short amount of time.

**<u>Central Services</u>**: Central Services is utilized for any expenditures not associated with a specific department. It is managed under the direction of the Finance Department. 80% of the Village's liability insurance is expensed out of Central Services. The other 20% is accounted for in the Water Fund.

The Central Services budget also includes transfers of surpluses from the General Fund to other funds. Prior to the pandemic, transfers totaling \$395,000 were planned (\$15,000 to the Sidewalk/Pathway Fund; \$330,000 to the Stormwater Management Fund; and \$50,000 to the Equipment Replacement Fund). Due to revenue reductions, these transfers are not possible and the related capital projects have been postponed.

**Police Department:** Providing Police services to the Village utilizes 63% of the General Fund Budget. Reductions in the Police Department budget due to the pandemic total \$246,030.

In addition to Village wide reductions in salaries and nonessential training, the Police Department budget includes postponement of vehicle purchases and other equipment. These items will be included in the "waitlist" and will be considered as budget amendments when and if possible.

A significant change originally planned for FY 2020-21 is a

leasing program for all police vehicles. Historically, the Village has purchased police vehicles and sold them at auction at the end of their useful life. By leasing, the Village expects to keep newer vehicles on the street, have a more predictable budget, and reduce costs. With no new vehicles planned for the fiscal year, this program is on hold. At such time that new vehicles may be considered, the leasing program will be considered.

**Public Works/Buildings & Grounds:** The Public Works Department provides engineering services; street and facilities maintenance; forestry and grounds upkeep; and water and wastewater operations. The expenditures in Public Works/ Buildings & Grounds were reduced by \$205,635 due to the pandemic.

**Special Revenue Funds:** Special revenue funds include the Motor Fuel Tax Fund and the Hotel/Motel Tax Fund. Revenue in these funds are restricted by Illinois State Statute to specific purposes.

The **Motor Fuel Tax Fund** is used simply to receive revenues from the State of Illinois and transfer those revenues to the Capital Projects Fund. Motor Fuel Tax Revenues are restricted primarily to roadway maintenance and improvements. For FY 2020-21, the Motor Fuel Tax projected to be distributed to the Village is \$372,740. This is a significant increase over the average of \$275,000 prior to 2019 due to an increase in the State of Illinois motor fuel tax. Motor fuel tax funds will be used in FY 2020-21 for the annual Road Program.

Revenues in the **Hotel/Motel Tax Fund** are generated from a tax on all overnight stays at Burr Ridge hotels. Due to the pandemic, revenues are expected to drop by about 50% (from \$696,831 in FY 2018-19 to \$336,730 in FY 2020-21). Budget reductions for FY 2020-21 are realized primarily by cutting all of the Hotel/Motel Marketing budget (\$350,000).

In FY 2019-20, revisions to the hotel budget include a significant reduction in revenues for March and April 2020 due to the

pandemic and expenditure of \$210,000 for a Tourism Recovery Program. This program provided grants to eligible hotels and businesses to support them during the pandemic economy.

Also of note is the 2019 state law that allows Burr Ridge to use 25% of hotel taxes for capital expenditures. Historically, hotel tax funds were restricted by state law to expenditures that will promote tourism and conventions within the Village or attract non-resident overnight visitors to the Village. Effective August 2, 2019, State law allows certain non-home rule municipalities, including Burr Ridge, to use up to 25% of hotel tax revenues for capital expenditures. Thus, the FY 2020-21 Budget includes transfers of 25% of all revenues and reserves available after August 2, 2019 to Capital Projects Funds.

<u>Capital Projects Funds</u>: Capital Projects Funds include the Capital Improvement Fund (streets and buildings), the Sidewalk/Pathway Fund, the Equipment Replacement Fund, and the Stormwater Fund.

The **Capital Improvement Fund** is used to pay for the annual road program, arterial street improvements, facility improvements, and other related projects. For FY 2020-21, this fund will rely on the Motor Fuel Tax and transfers from the Hotel Motel Tax Fund to fund the Village's annual road program. All other capital projects in this fund have been "waitlisted".

Revenue in the **Sidewalk/Pathway Fund** come from subdivision developer donations. Those dollars are restricted and generally could not be transferred or used for non-sidewalk projects.

As new subdivisions become fewer, this fund has become dependent upon transfers from the General Fund and other sources. There are no new projects for FY 2020-21. Funding for the County Line Road sidewalk, begun in 2019, is available in the Sidewalk/Pathway Fund; thus, this project will proceed. The Garfield sidewalk project, originally planned for 2020, has been postponed. The **Equipment Replacement Fund** is used to pay for purchase of vehicles and equipment for the Public Works Department. Previously, the FY 2020-21 Budget included purchase or leasing of new vehicles. New vehicles have been waitlisted and leasing will be considered if and when new vehicles are needed in FY 2020-21.

The **Stormwater Management Fund** accounts for the periodic maintenance of the Village's stormwater system. Fees from permits assist in providing funding for these projects. \$327,000 was originally set aside for re-construction of a stormwater culvert on Elm Street in FY 2020-21. Engineering for this project will proceed but construction dollars have been waitlisted.

**Debt Service Fund:** The Debt Service Fund accounts for the payment of general long-term debt principal and interest. The Village currently has one outstanding debt – which is the debt owed for 2010 construction of the Police station.

Annual interest payments of \$119,400 for the Police Facility bonds are paid for by the approximately \$120,000 of interest earnings from the reserves of the fund. The principal amount of \$5,970,000 for the Police Facility will become due in December 2022. The Village has a 4 year call feature on the bond, meaning we can retire the 5-year debt a year early, saving the last interest payment of \$119,400.

This fund has \$4.7 million dollars currently available for payment of the \$5,970,000 bond principal. Sources of this equity came from the General Fund (\$800K); Water Fund (\$2.0M); and the sale of the Pump Center property (\$1.9M). Sale of the Rustic Acres property is planned to go toward this debt and should be sufficient to retire the debt.

**Enterprise Funds:** The Water Fund and the Sewer Fund are referred to as Enterprise Funds; meaning that they are self-contained funds wherein all expenses are paid for by revenues generated by the fund. Bills paid by water and sewer customers

are restricted to the purchase of water and maintenance of the water and sewer systems.

The **Water Fund** accounts for all financial activities associated with the municipal water service. Fees from consumption of water (utility billing) and tap on fees from building activities provide the primary source of revenue for the fund. Revenues are used to purchase water and to maintain the distribution system. The Village purchases water from the Village of Bedford Park (Bedford Park purchases Lake Michigan water from the City of Chicago).

In 2018, the Board of Trustees approved rate changes that were intended to maintain sufficient reserves in the Water Fund to pay for anticipated and unanticipated maintenance costs. In particular, in FY 2019-20 \$1,000,000 was spent for replacement water mains. The FY 2020-21 Budget does not include any new projects. However, future budgets will include \$2,400,000 for replacement of water mains and more than \$1,600,000 for maintenance of the two water towers.

The **Sewer Fund** accounts for all financial activities associated with the municipal sewer service in Cook County. The DuPage County Public Works Department provides DuPage County residents with sanitary sewer service. Fees for the use of the system provide a source of revenue for the fund. Expenses and reserves are used to maintain the distribution system and provide for the repair and replacement of the sewer system infrastructure. The Sewer Fund is stable and is growing fund reserves annually.

**Information Technology:** The Information Technology Fund tracks costs associated with technology, computer and telecommunication related issues. Revenues in this Fund are transfers from the General Fund and the Water and Sewer Funds. Village information technology costs for both ongoing operations and future replacement of hardware and software are accounted for in this fund. Funds and departments share in the transfer of funds to pay for these technology services. To

help balance the General Fund budget, transfers from the General Fund were "waitlisted" for FY 2020-21. This fund will need to be monitored to ensure adequate resources in future years.

**Police Pension Fund:** The Police Pension Fund holds assets, in a trustee capacity by the Village, to provide a defined benefit pension plan for sworn police officers employed by the Village.

Revenues in the Police Pension Fund come from five sources. Interest income on investments; employee contributions of 9.91% from active members; employer contributions (annual property tax levy), market gains from investment activities, and transfers from the General Fund.

In 2019, the State of Illinois passed legislation that consolidates the funds for all downstate public safety pensions. As a result, investments of Burr Ridge Police Pension Funds will be made by the consolidated Pension Board. The impacts of this consolidation on Burr Ridge are yet to be determined and will be monitored over time.

The Police Pension Fund continues to be a source of concern given the increasing annual funding obligation. In response, the Village Board has requested consideration of optional funding methods including open amortization and/or increased annual funding. An additional contribution of \$100,000 has been "waitlisted" and will be considered when and if funds become available.

#### Section 4: Salaries

The Salaries section of the budget summarizes and details all full and part time salaries paid to employees. To balance the General Fund budget and offset pandemic revenue losses, annual range adjustments (cost of living adjustment) due on May 1, have been frozen and temporary seasonal salaries have been removed from the agenda.

Otherwise, staffing levels remain static from the FY 2019-20 Budget to the FY 2020-21 Budget with 57 full time employees and 9 part time employees. Generally, staffing levels have remained level for several years.

Over the last few years, the Village's staffing approach has been to maintain current staffing levels but seek to fill vacant positions with employees with more experience, education, and/or skill levels. This approach has been used several times in the last few years and has proven to result in improved and expanded service levels.

#### Summary Comments from the Village Administrator

**FY 2020-21 Budget**: As noted, the preparation of this budget was abruptly halted in March 2020 due to the COVID 19 pandemic and the Governor's stay at home order. The economic impact of the pandemic are significant and will continue into the new fiscal year. Despite these conditions, Burr Ridge is able to maintain basic services and to preserve operating reserves. This has been accomplished by reducing personnel expenses (salaries and benefits) and postponing (wait listing) capital projects that rely on General Fund revenue.

The current economic conditions are uncertain but the FY 2020-21 Budget maintains options to make adjustments as may be needed. Surpluses from previous years are available and may be used if revenues decline further or if emergency expenditures become necessary. We will continue to monitor revenues and expenditures and provide monthly and quarterly updates to the Village Board of Trustees.

**Long Term Budget Goals:** Although this budget has to focus on the short term due to the current economic conditions, it is important to continue to consider options for addressing longterm financial challenges of which there are two primary challenges. One being the annual contribution to the Police Pension Fund that continues to increase and take away funds needed for general operating expenses. The Village continues to research options that will stabilize the amount of the property tax levy that goes to the Police Pension Fund (currently at 66%) and thus, maintain property tax funding for the General Fund.

The second financial challenge is finding a reliable source of revenue to dedicate to the Capital Project Funds. While the Motor Fuel Tax is one reliable source of revenue for capital projects, it is not sufficient and the fund needs additional money if it is to be sustained at previous levels.

The Village has options for addressing these funding issues and the Board of Trustees will continue to look at ways to meet these challenges.

**Commendation to Staff:** All of the Village staff are involved to some degree in the preparation and implementation of the budget. Each Department head meets with the Finance Department and Village Administrator and conducts a line-byline audit of their Department budget. Special acknowledgment is due to Finance Director Jerry Sapp, Assistant Finance Director Amy Nelson, and Accounting Analyst Amy Sullivan. This year in particular, the Finance Department has had to prepare two budgets; the first being pre-pandemic and becoming obsolete overnight due to changing economic conditions; and the second being this revised budget with significant changes to revenues and expenditures.

The budget is now presented to the Mayor and Board of Trustees for your analysis and ultimate approval. Once it is approved, this budget will become your budget – the work plan for the entire organization for Fiscal Year 2020-21 and beyond.

Respectfully submitted,

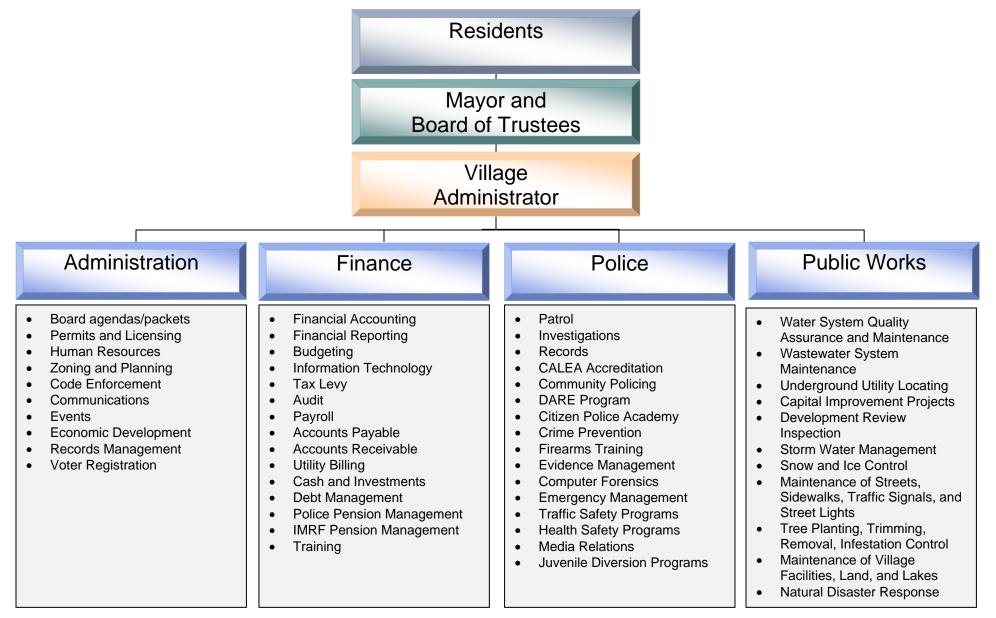

) Buyan Pollock

J. Douglas Pollock, AICP Village Administrator

## Vision Statement

Burr Ridge is a high-quality suburban community with low-density neighborhoods characterized by distinctive homes in natural settings. The Village accommodates residents who seek a sense of privacy in a tranquil environment. We desire to enhance the Village's physical beauty, keeping Burr Ridge a very special place

### VILLAGE OF BURR RIDGE FUNCTIONAL ORGANIZATIONAL CHART

## **Strategic Priorities**

Below are the strategic priorities of the Village of Burr Ridge as identified by the Board of Trustees. All goals, projects, and expenditures undertaken by the Village should be directed toward one or more of the identified core functions listed below.

#### **Protect Public Health and Safety**

The first priority for government is the health and safety of the community. The Village of Burr Ridge is committed to doing all in its authority to promote the public health and safety of the entire community. This function of Village government is achieved via unilateral actions and programs as well as working with other local governments and federal, state and county agencies.

#### Maintain High Quality Physical Infrastructure

Village infrastructure includes streets, sidewalks, water and sanitary sewer facilities, green space, and buildings. Providing and maintaining infrastructure is a critical function of Village government.

#### **Deliver High Quality Village Services**

There are a variety of services that are provided by local government. These services are as diverse as voter registration, community events, and snow plowing of streets. The Village of Burr Ridge is committed to providing local government services in a manner that is professional, respectful, prompt, and efficient.

#### Maximize Human Resources

The people that work for the Village and volunteer their time to the Village (i.e. elected and appointed officials) are the key ingredient to the success of the organization. A commitment to the development and reward of employees and volunteers is both morally correct and fiscally responsible.

#### **Prudent Financial Management**

The Village of Burr Ridge has a fiduciary responsibility to residents, businesses, and visitors to the Village. That responsibility demands that the Village maintain a reliable and prudent financial foundation. A strong financial foundation includes conservative expenditures, reliable revenue sources for essential Village services, planning for long term liabilities, and maintaining sufficient financial reserves.

#### **Effective Communications**

As a public body providing service to the community, the opportunity and ability to communicate internally and externally is necessary for the success of all Village functions. The Village seeks transparency, respect, accuracy, and engagement in all its communications.

#### **Contribute to Prosperous Economic Development**

A healthy local economy contributes to the financial well being of the Village as well as the quality of life for residents and other participants in the local economy. Maintaining property values and attracting businesses that generate tax revenues for the Village and provide services to residents are key components of a healthy local economy.

#### **Promote Intergovernmental Relations and Opportunities**

The Village of Burr Ridge does not exist in a vacuum. Other local governments such as fire, park, and school districts provide services to residents and businesses in Burr Ridge. Economic and social activities in neighboring Villages impact Burr Ridge. County, State, and Federal agencies, laws, and policies impact the Village as well. Intergovernmental coordination supports the delivery of services and public safety and provides opportunities for cost sharing efficiencies.

# Section 2 Summary Budget

The Summary Budget presents a summarized picture of major Village Wide revenues and expenditures in addition to the Village's three main operating funds: the General Fund, Water Fund and Sewer Fund. The Village's Capital Improvement Program is also presented in this section which

outlines the major capital expenditures for the budgeted fiscal year.

#### **VILLAGE WIDE - REVENUES**

#### VILLAGE OF BURR RIDGE SUMMARY BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

Village Revenue Classification		Village	Revenue	Classification
--------------------------------	--	---------	---------	----------------

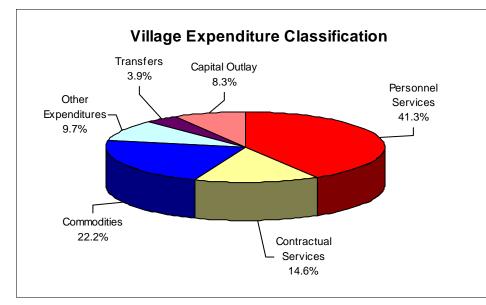

5,548,515
96,385
440,000
1,510,250
7,499,380
210,000
247,660
2,624,310
15,000
733,180

The annual budget is broken down into four main levels:

- Fund Main operating entity
- Department Cost centers of a fund
- Classification Summary of similar revenues or expenditures
- Account Individual line item budgets
- **Taxes** are the largest classification of the overall revenue budget. Included in this classification are sales, property, utility, places of eating, and telecommunications taxes.
- Charges for Services are dollars that the Village expects to recoup for various user fees and charges. These revenues including building permit fees in the General Fund as well as Water Sales and Sewer Fees charged in the Water and Sewer Funds.
- **Cost Recoverable Revenues** are dollars that the Village expect to recoup for various services rendered. These revenues are directly related to various expenditures.

#### **VILLAGE WIDE - EXPENDITURES**

#### VILLAGE OF BURR RIDGE SUMMARY BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

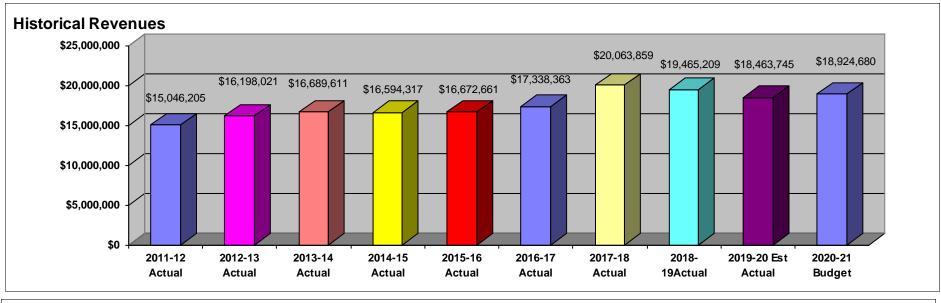

#### Village Expenditure Classification

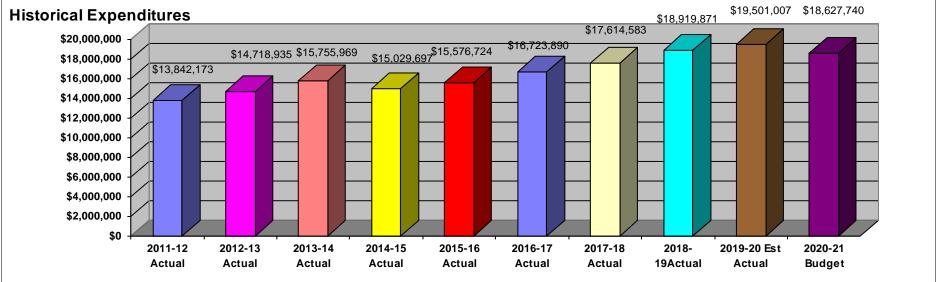

Personnel Services	7,699,340
Contractual Services	2,704,840
Commodities	4,143,405
Capital Outlay	1,540,600
Other Expenditures	1,806,375
Transfers	733,180

- Personnel Services are the largest classification of the overall expenditure budget. Included in this classification are salaries, overtime, health insurance, pension contributions, and training.
- **Contractual Services** are services rendered to Village departments by private firms, individuals or other governmental agencies.
- **Capital Outlay** is the expenditure for major projects or the acquisition of major equipment. Included in the classification are improvements (water, sewer, infrastructure), road programs, vehicles, office equipment, and various equipment used for operations.
- **Commodities** are a budgetary class of consumable items used by Village departments such as office supplies, replacement parts for equipment and gasoline.
- **Transfers** are a fund accounting transaction that reallocates fund reserves to another fund. Transfers out (expenditures) from one fund into another fund (revenues), provides resources for capital outlay and various services.
- Other Expenditures are various expenditures such as marketing, bank fees, committee expenditures and interest payments on debt certificates.

#### VILLAGE WIDE SUMMARY

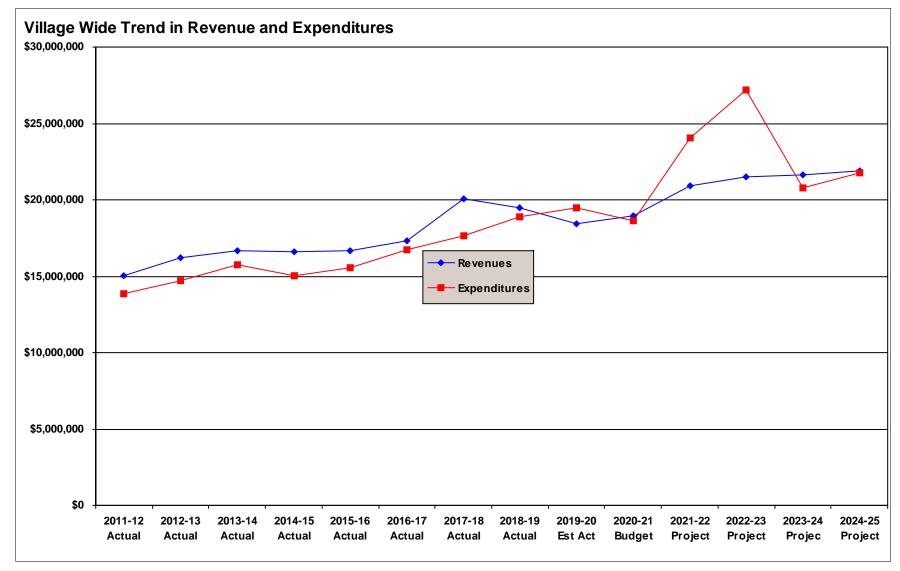

#### VILLAGE OF BURR RIDGE SUMMARY BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

#### VILLAGE WIDE

#### VILLAGE OF BURR RIDGE SUMMARY BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

The increase in expenditures depicted on the above chart for the Fiscal Year 2021-21 budget represents planned capital outlay in the Capital Projects Funds as well as the Water Fund. The spike in expenditures in the Projected 2022-23 budget is primarily a result of the principal payment that is due of \$5.9 million on the Refunding Debt Certificates that will be paid out of the Debt Service Fund.

After FY20-21, the Stafford Woods Escrow is depleted

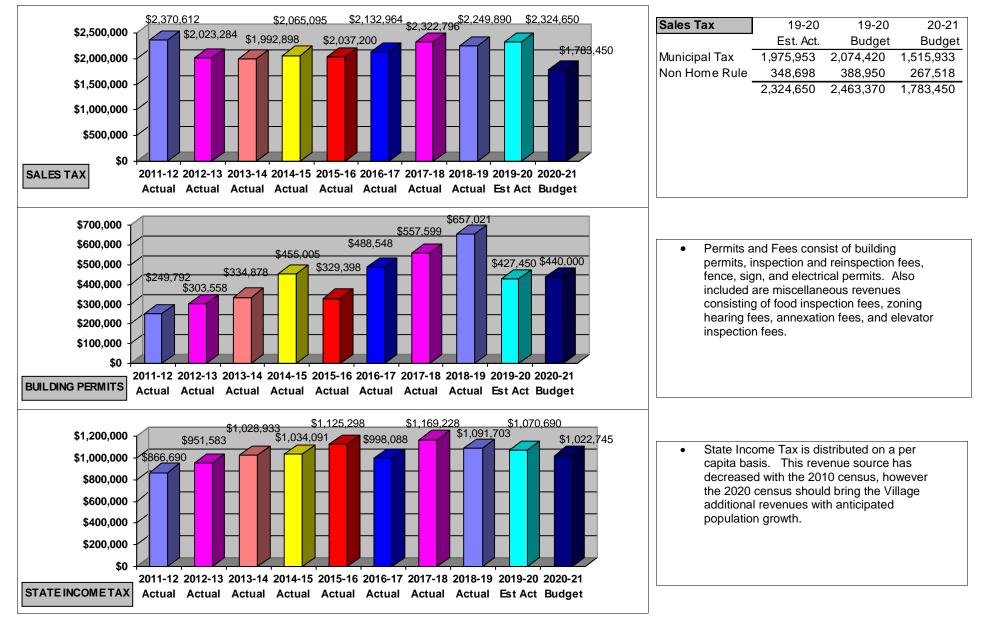

#### PROPERTY TAXES - HOW YOUR TAX DOLLARS ARE ALLOCATED

Property Taxes for the Village consist of three separate levies – General, Police Protection, and Police Pension Property Taxes. As a revenue source, property taxes make up less than 5% of total taxes received by the Village. As depicted below, the Village tax levy represents less than 2% of every tax dollar on the residents' tax bill.

#### WATER FUND EXPENDITURES

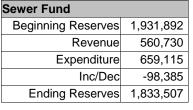

- Water Purchases from the Village of Bedford Park shown in the Commodities classification comprises over half of the Water Fund's budget.
- The Personnel Services charged to the Water Fund are partial allocations of various Village staff's salaries and benefits that provide administration and operation of the water utility.

#### **ENTERPRISE FUNDS**

#### VILLAGE OF BURR RIDGE SUMMARY BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

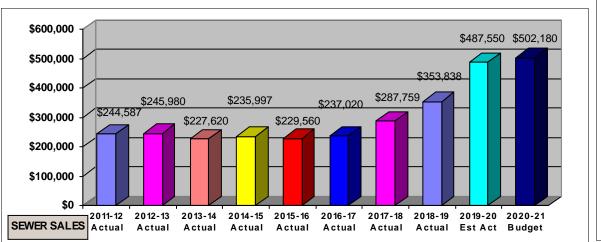

Sewer Fund Revenues

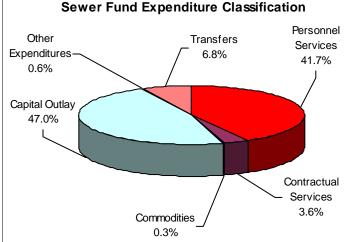

**SEWER FUND** 

- The Sewer Fund accounts for the provision of sewer services to Cook County residents and businesses of the Village.
- All activities necessary to provide such services are accounted for in this funds including administration, operations, maintenance, financing, billing and collection.
- DuPage County residents and businesses receive sewer services from DuPage County and Flagg Creek Sanitary District.

#### Current Sewer Rates

- Residential rates per cycle = flat rate of \$20.00
- Commercial rates per cycle = \$1.05 per 1,000 gallons or \$40.00 times the number of units, which ever is greater.
- Sewer rates scheduled to increase \$5 per year for the next 5 years.

\*Items denoted as "Replace" are capital expenditures that will replace existing capital items after it has extended past the useful life. Items denoted as "New" are capital expenditure items that are new and have never been purchased before and impact this current year operating budget. Items denoted

as "Pending review" are capital items that were originally schedule to be replaced in FY 20-21 that are currently on hold and under review

until we can determine the financial impact of the COVID-19 pandemic.

## Section 3 Detail Budget

The Detail Budget presents the detailed line item of revenues and expenditures for the entire Village, including notes & highlights from each department within the General Fund.

#### VILLAGE OF BURR RIDGE VILLAGE WIDE SUMMARY OF FINANCIAL OPERATIONS FOR FISCAL YEAR ENDING APRIL 30, 2021

	Estimated Reserves May 1, 2020				:	33,800,242		
	Estimated Revenues:							
	Taxes	ł	5,548,515					
	Licenses		96,385					
	Permits And Fees		440,000					
	Intergovernmental		1,510,250					

	Charges For Services	7,499,380	
	Fines And Forfeitures	210,000	
	Cost Recoverable	247,660	
	Miscellaneous Revenues	2,624,310	
	Other	15,000	
	Transfers	733,180	
		Total Estimated Revenues	18,924,680
Estimated Expend	litures:		
	Personnel Services	7,699,340	
	Contractual Services	2,704,840	
	Commodities	4,143,405	
	Capital Outlay	1,540,600	
	Other Expenditures	1,806,375	
	Transfers	733,180	
		Total Estimated Expenditures	18,627,740
		Net Increase (Decrease)	296,940
Estimated Reser	ves April 30, 2021		34,097,182

Note:The net (decrease) in which expenditures exceed revenues in the FY 2020-21 budget is related to planned capital outlay projects in the Capital Projects and Water Funds, in addition to planned expenditures in the Hotel/Motel Fund. In FY 2022-23 the net decrease is related to the principal payment of \$5.9 million on the debt certificates that is due in December of 2022.

#### Administration Department Mission Statement

The mission of the Administration Department is to support elected and appointed officials in the development of the various laws and policies of the Village and to execute those laws and policies as intended by the Mayor and Board of Trustees. The mission is accomplished emphasizing the following values:

- Respect for the authority of the Mayor and Board of Trustees to establish policy and provide direction to staff;
- Always striving for the highest quality; meeting or exceeding all professional standards for public administration and community planning;
- Implement services with empathy, dignity and respect;
- Exercise fiscal responsibility;
- Provide effective leadership;
- Foster communication, teamwork and trust.

All operations of the Administration Department are mindful of the mission and values stated above. Operations include the following:

Staff Support for Mayor, Board of Trustees and Committees/Commissions: To provide the Mayor, the Board of Trustees, and appointed committees and commissions with the resources and support they need for effective and timely decision-making. The Village Administrator is the primary staff liaison to the Mayor and Board of Trustees. The Assistant Village Administrator is the primary staff liaison to the Plan Commission, the Economic Development Commission, the Environmental Quality Commission, and the Bicycle Committee.

Interdepartmental Management and Human Resources: To ensure that each Department and their employees have the resources they need to meet their mission and operational requirements and that each Department complements and supports the mission and operations of the other Departments. The Village Administrator is the chief operating officer for the Village and has primary responsibility for interdepartmental management and human resources.

**Customer Service:** To provide information to the public regarding Village related activities and to process requests for services via the Village Hall front counter, phone calls, emails and other communications. The front office staff, including the Receptionists, Principal Office Clerk, Permit Technician, Executive Assistant, and Management Analyst have primary responsible for customer service at the Village Hall.

**Communications:** To disseminate information to the public via the Village web site, press releases, Village newsletter, social media and other platforms. The Communications and Public Relations Coordinator has primary responsibility for communications.

Administration of Village Codes: To effectively and efficiently administer the Municipal Code, Zoning Ordinance, Subdivision Ordinance, Sign Regulations, Property Maintenance Code, Building Code and related policies and laws enacted by the Board of Trustees. The Assistant Village Administrator has primary responsibility for code administration with significant support from the Management Analyst and Permit Technician.

**Intergovernmental Relations:** To engage with local, state, federal and county governments to bring value and knowledge to the Village of Burr Ridge and to enhance services and issues that have affects greater than the geographic boundaries of the Village. The Village Administrator and Assistant Village Administrator have primary responsibility for intergovernmental relations.

**Community Event Management:** To plan and implement community events sponsored by the Village such as the Concerts on the Green, Car Show, and Fun Runs. The Communications and Public Relations Coordinator has primary responsibility for event management.

**Records Management:** To keep and maintain all Village records and to make those records easily accessible by Village staff and the public. The Principal Office Clerk has primary responsibility for records management.

#### Administration Department Fiscal Year 2019-20 Highlights and Accomplishments

- **2020 Census** The Village Board established the Complete Count Committee to act as a liaison for the community to the Census. Staff has been working alongside the committee to help promote an accurate and complete count.
- Economic Development Committee Established committee agendas for the upcoming fiscal year, as well as on boarded new members of the Economic Development Committee (EDC). The EDC has a full roster and has had four meetings as a group to date. They have been very productive in returning clear direction to staff.
- Downtown Economic Development Established recurring meetings with Village Center and County Line Square ownership and management for purposes of promoting communication and awareness of ongoing issues and pursuit of common development goals. Staff established a monthly meeting schedule with the Village Center to discuss special events, management issues, economic development and planning opportunities as well as provided a platform for Village staff to dialogue with residents of the property.
  - Met with managers/owners of every business in downtown district/property. Staff made significant progress in this venture at County Line Square and has begun to work on tenants at the Village Center.
- Subdivision Development Monitored pending completion of subdivision improvements for Highland Fields 3B, Lakeside Pointe, and Meadowbrook Place. Working with developers of Cottages on Drew PUD and Willow Ridge to begin construction of improvements.
- Community Events Successfully completed several community events including Armed Forces Day, the 16<sup>th</sup> Annual Run the Ridge 5K, Jingle Mingle, and the 12<sup>th</sup> Annual Car Show. With the support of local organizations and businesses, these events drew larger crowds than in years past and were a great success.
- **Communications Plan** Prepared a Village-wide communications plan. Documented all processes in a central, living document with the goal of providing clear, efficient, reproducible lines of communication between authors and audiences.
- Sterigenics Provided leadership on Sterigenics and ethylene oxide issue concluding with Sterigenics announcement on September 30, 2019 that they would not be renewing their lease at either facility.
- New Resident Packet A bound book of information for new residents was created in January 2020.
- **Business License Program** Created, implemented, and developed annual business license program. This program was approved by the Board of Trustees and will launch on May 1, 2020.

#### Administration Department Fiscal Year 2020-21 Goals

Below are short-term goals that the Administration Department looks to achieve in the upcoming fiscal year:

- 2020 Census Support the Complete Count Committee in upcoming census that will take place between March and June.
- **Communication Policy Plan** Implement the comprehensive communication policy plan.
- Economic Development Plan Amend the Economic plan to be more robust and to include an economic development marketing strategy plan.
- Business Incentive Programs Explore a business incentive program to attract sales tax generating developments.
- Annexation Pursue annexation of strategic parcels to increase the Village's tax base.
- **Downtown Development** Pursue strategy and identify opportunities for development within downtown Burr Ridge.
- Improve Occupancy Rates Achieve a 90% occupancy rate at each retail property in the Village.
- Rustic Acres- Rezone and sell Rustic Acres property.
- **On Boarding** Further develop and implement Board and Commissions On-Boarding Policy/Plan.
- **Bicycle Friendly** Pursue award for being a Bicycle friendly community.
- **Boundary Agreement** Pursue a boundary agreement with Willowbrook.
- **Personnel** Recruit and train a new full-time Principal Office Clerk.
- Online Agenda Management Implement and refine an online agenda and ordinance management system.

#### **Finance Department Mission Statement**

The mission of the Village of Burr Ridge Finance Department is to manage and deliver the financial, technology, and analytical services for Village operations. We strive to provide timely and accurate information for decision making for the Village Board and Village Employees in order to better serve the residents and businesses of Burr Ridge.

We accomplish our mission by the management, delivery, and analysis of three key areas of service:

#### • Financial Management

Provide the planning, organizing, and directing of the financial activities for the Village. These activities include accounting, payroll, payables, receivables, utility billing, cash management, investments, debt management, tax levy, auditing and budgeting. Finance provides these services in accordance with generally accepted accounting principles, best practices, and high standards.

#### • Information Technology

Development and maintenance of the Village's current and emerging technologies through a strategic and comprehensive technology infrastructure. This secure infrastructure platform provides Village operations with wide area network service to all facilities, office and field personnel, enterprise wide financial and operational systems, up to date servers and desktops hardware and software, unified email and voice communications, web site and Internet technology. Finance protects all technology, data, and access through a multi layered security strategy that includes firewalls, virus protection, data backups and disaster recovery systems.

#### Business Intelligence

Delivery of Business Intelligence for decision making by utilizing the data collected and processed through the financial management and technology of the Village. Business Intelligence is Finance's end product deliverables of Reporting, Analysis, Monitoring, and Predictive Analytics. These key deliverables are:

<u>Reporting</u> – Collecting and presenting information on current or past activity that has occurred in the areas of budget and financial reporting, payroll, payables, audits, and state and federal requirements.

Analysis - Providing data, charts, statistics, and information to determine why things are happening or trends that are occurring.

Monitoring – Reviewing data that is currently in process to allow for corrections, trend definitions, and decision making in real time.

<u>Predictive Analytics</u> – Developing strategic, long range planning and decisions utilizing all the data and information from reporting, analysis, and monitoring.

As members of the Government Finance profession, we follow the high standards and ethics required by our profession and are committed to providing quality service to the Village of Burr Residents, Board of Trustees, and Employees with honesty and integrity.

#### Finance Department FY 2019-20 Highlights and Accomplishments

- **Financial Reporting** Developed enhanced quarterly financial statement reporting model and distributed to the Board of Trustees.
- **Personnel** Recruited and onboarded new Assistant Finance Director for the Village due to a vacancy at the beginning of the fiscal year.
- Auditor Selection Per the Village's 6-year rotation policy, created and solicited requests for proposal for a new auditing firm. Concentration will be on local government experience and the ability to assist the Village with submission of the audit for the GFOA Excellence in Financial Reporting Award Program.
- **Gov Deals** Completed the GovDeals Program setup for Village Departments. GovDeals provides services to government agencies that allows them to sell surplus items via the Internet. Set up departmental accounts, selling procedures, and cash receipting processes that comply with Village disposal ordinances and accounting processes.
- Sick Leave Accrual- Revised the Village's non-union employee sick leave accrual policy in an effort to make the sick leave accrual consistent for all non-union full-time employees, automate the accrual, and simplify payroll management.
- ERP System Implementations and Training
  - BS&A Work Orders Provided Public Works Department internal consulting and project management in implementing the Work Orders system to assist Public Works to track and manage their workload across all of their divisions. Integrated with the BS&A Utility Billing to manage service calls for meter readings, replacements, and new installations. Begin moving to paperless, system tracking for various tasks such as main breaks, snow plowing, street repairs, tree maintenance, special projects, etc.
  - BS&A Human Resources Provided Finance and Administration Departments internal consulting for Finance and Administration Departments and project management to re-implement the previously purchased the Human Resource module. System to be used in Finance and Administration to better coordinate information and processes of personnel.
  - BS&A Business Licensing Provided Administration Department internal consulting and project management to implement Business Licensing that provides for tracking businesses, their licenses and fees. Integrate with the BS&A Financials. Custom designed licenses, letters, payments, penalties, and late charges structure.
  - **BS&A Building Permits** Provided Administration Department with internal consulting and project management for additional training, integration and customization on the Permit system and process.
  - Police Records Management System (RM) Provided Police Department with internal consulting and project management to assist in the implementation of the new Police RMS system. Project included coordination with the DuPage County network, police station computers, and squad car mobile data computers.
- Implement First Responder Priority Cell Service Researched and implemented priority cell service for the Police Department using Verizon's system.

#### Finance Department Fiscal Year 2020-21 Goals

Below are short-term goals that the Finance Department looks to achieve in the upcoming fiscal year:

- Annual Budget Redesign the budget content for submitting the Fiscal Year 2020-21 Annual Budget document for a first time submission to the Government Finance Officers Association Distinguished Budget Award Program.
- **Comprehensive Annual Financial Report** Redesign the Fiscal Year 2019-20 annual financial report per the program criteria and submit the audit for a first time submission for the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting program.
- **Paperless Accounts Payable** Evaluate and implement paperless accounts payable process to gain efficiencies in processing and record retention.
- Enhanced Online Payment Capabilities Continue to implement and promote online payment technologies for self-reported taxes, receivables, utility billing and business licenses through the Village's website and offer Village residents and businesses increased customer service.
- **Employee and Village Board Portals** As part of the website redesign project, create two secure login portals for employees and board. Provide access to commonly used documents, forms, applications and website links.
- Intergovernmental Agreement with Village of Hinsdale Create Intergovernmental Agreement with Village of Hinsdale to convert Burr Ridge residences on Hinsdale water to transfer the billing to the Village of Hinsdale as part of their water system.
- **Personnel** Due to employee retirement and years of dedicated service, recruit, replace and train full-time accounting specialist responsible for utility billing.
- Redesign of Village Website Continuing the redesign of the Village website using new design tools, applying new design strategies, improving the look, quality of content, and accessibility of the entire website. Set in place better content management upkeep processes.
- Upgrade Broadcast Capabilities Research and implement a new solution to improve the Village's cable and social media broadcasting capabilities.
- Revise and Re-Record Phone System Auto Attendant Rewrite scripts and re-record the phone systems auto attendant menus to streamline accessibility and improve communications.
- **Technology Training** Staff will continue to provide training opportunities on various systems including BS&A modules, LaserFiche, Microsoft Office applications, and Adobe.

### VILLAGE OF BURR RIDGE POLICE DEPARTMENT ORGANIZATIONALCHART

# Police Department Mission Statement and Description of Operations

The men and women of the Burr Ridge Police Department will perform in such a manner that protects and promotes the public's trust, confidence, and sense of safety and security.

The Department is structured on a team concept with an emphasis on residential patrol, balanced with traffic enforcement to provide for safety throughout the Village. The Department provides numerous outreach programs, including Neighborhood Watch, Citizens Police Academy, DARE, and other crime prevention programs. Officers are committed to a community-oriented approach to police service.

We accomplish our mission by the work of the department's four divisions:

#### Patrol

Patrol represents the department's largest division and is responsible for providing continuous protection and service for the entire Village of Burr Ridge. Many officers have additional specialties including Field Training Officer, Evidence Technician, Drug Recognition Expert, Truck Enforcement Officer, Juvenile Officer, SWAT Team Member, Digital Forensics Examiner and more.

#### Investigations

This division is responsible for the investigation of criminal cases and significant incidents reported to the department. The unit collects information and intelligence about criminal matters to use in preventing and solving crimes. Officers are assigned to Investigations from the Patrol Division for a minimum of two years. Every investigator receives training in evidence collection, interview and interrogation, juvenile law, and numerous other specialty areas. They are members of the Metropolitan Emergency Response and Investigations Team (MERIT) Major Crimes Task Force.

#### <u>Records</u>

This division is responsible for processing and organizing a variety of police reports and radio messages to maintain accurate, current files of all incidents, traffic enforcement, traffic accidents, and other related reports.

## <u>Community Policing</u>

The department's Community Policing Officer teaches the Drug Abuse Resistance Education (DARE) program at local schools. This division organizes the Citizen's Police Academy and is a liaison with local businesses, community groups and residents to provide crime prevention education.

The Burr Ridge Police Department is nationally accredited through the Commission on Accreditation of Law Enforcement Agencies (CALEA). Police Dispatching, E-9-1-1 services and a Computer Aided Records System for the Village of Burr Ridge is provided through the DuPage Public Safety Communications (DUCOMM). Burr Ridge enjoys membership in the Felony Investigative Assistance Team (FIAT), DuPage County Mutual Aid, and the Northern Illinois Police Alarm Systems. The department is a partner in the Cook County-Wide Computerized Booking System through LiveScan.

## Police Department FY 2019-20 Highlights and Accomplishments

- **Implemented a new CAD & Police Records Management System (RMS)** Implemented and trained with DuPage County ETSB Project Manager with the implementation of the county-wide CAD & RMS. Implementation of the CAD / RMS was completed in August 2019. Training will continue after implementation. Due to the nature of the county-wide application, the department is still working through many performance issues with the vendor.
- **Implemented a 12-hour shift program for the patrol shifts** Implemented on a trial basis a 12-hour patrol shift schedule as part of an officer wellness program.
- **Research and Implemented a Police Department Honor Guard -** With the 10<sup>th</sup> anniversary of the Armed Forces Day celebration in 2020, we are planning to have a trained Honor Guard ready for special events.
- **Conduct the 20<sup>th</sup> Annual Citizen's Police Academy:** The 20<sup>th</sup> annual Burr Ridge Citizens Police Academy is scheduled for the spring of 2020.
- **Personnel Highlights** Due to retirements from years of dedicated service and vacancies, the department welcomed two new officers during the year as well as promoted a patrol officer to Corporal. In addition, the department converted two part-time data specialist positions to a full-time data specialist position.
- Awards and Honors Village of Burr Ridge Police Officers received honors in 2019 for service that went above and beyond the typical call of duty. The honors and awards included seven officers receiving the *Life Saving Award*, four officers receiving the *Meritorious Service Award*, and three officers receiving the *Distinguished Service Award*.
- C.O.P.S. Conference The Village of Burr Ridge Police Department once again co-hosted the National Concerns of Police Survivors Conference on Wellness and Trauma during the fiscal year. Over 625 police officers and those working with police departments from around the nation attended this conference which focused on dealing with such topics as stress, officer suicide, PTSD, and pro-active wellness.

## Police Department Fiscal Year 2020-21 Goals

## Police Department Fiscal Year 2020-21 Goals

Below are short-term goals that the Police Department looks to achieve in the upcoming fiscal year. Due to the anticipated economic impacts of the COVID 19 pandemic, funding for some goals has been "wait listed". Wait listed goals will not be pursued unless it is determined that financial resources are available in which case a budget amendment will be considered.

- Adjudication Program Institute in-house adjudication of building code violations, curfew, and juvenile status offenses.
- **Thermal Imaging Monocular** Wait List; Add (2) Forward Looking Infrared devices (FLIR) which are thermal imaging sensors that are used in both daylight and night to locate heat signatures on objects. Said objects can be persons, vehicles and even heat transferred onto pavement.
- **Ballistic Shields-** Wait List; Increase the number of ballistic shields we own to provide one in all vehicles. Currently, we have (3). These shields are lifesaving equipment in active shooter incidents.
- Leasing vs. Purchasing Vehicles Wait List Analyze to determine if leasing or purchasing patrol vehicles work best in our department. At the current time, we need to replace (3) vehicles.
- **Personnel** Due to retirements and disability, we need to recruit, train and replace (3) officers.

Below are long-term goals that the Police Department looks to achieve:

- **AXON Body Cameras and TASER Devices** Wait List Add body cameras and additional TASER devices to meet societal demands and promote transparency in police and public relations.
- **Mobile Video Camera System** Wait List; Add mobile video in conjunction with the body cameras and the camera will have video storage that is cloud based thus eliminating the need for an in-house server system.

# VILLAGE OF BURR RIDGE PUBLIC WORKS DEPARTMENT

## **Public Works Mission Statement**

The Department of Public Works is responsible for the planning, construction, management, repair and maintenance of the infrastructure, right-of-way, buildings, land and other assets of the Village of Burr Ridge. Our mission is to provide prompt, reliable service to the residents and businesses of the community that is delivered in a professional, customer-friendly, attentive and efficient manner. We are committed to protecting the health, safety and general well-being of all Village residents.

We accomplish our mission with our four divisions that manage Engineering, Forestry/Grounds, Operations and Water/Wastewater operations of the Village:

#### Engineering Division

Design and supervision of improvements to the Village's infrastructure, including:

- Streets
- Sidewalks
- Sewer & Water Mains
- Street Lights
- Traffic Lights
- Stormwater Management
- New Developments
- Capital Improvement Projects

#### Forestry/Grounds Division

Responsible for the planting and maintenance of trees on Village right-of-ways as well as the trees, plants and turf on all Village owned properties. In addition, they are also responsible for the following:

- Annual brush-chipping program
- Maintains approximately 30 acres of Village owned open space and lakes
- Removal of diseased trees, storm damage clean up
- Monitoring public & private trees for infestations

#### Operations Division

Responsible for approximately 60 miles of streets, 162 cul-de-sacs, eyebrows and dead-ends, including the maintenance of street signs, streetlights, storm sewers, street sweeping and snow removal. The Operations Division maintains three Village owned buildings and oversees the Village mosquito abatement program. In addition, they are also responsible for the following:

- Routine, Preventative, and Emergency Maintenance of Village owned buildings
- Removal of Snow and Ice
- Maintenance of streets and sidewalks

#### Water/Wastewater Division

Responsible for the pumping, storage and distribution of Lake Michigan drinking water to the Village. The Village water distribution system includes a pumping station, a 3 million gallon underground reservoir, 2 million and 300,000 gallon elevated storage tanks, approximately 81 miles of water mains, over 1,200 hydrants, approximately 960 water main valves and a system of 3 standby wells. Lake Michigan water is rechlorinated at the Burr Ridge pumping station. The Water/Wastewater Division also maintains three sanitary sewer lift stations and 47 miles of sewer mains on the Cook County side of the Village. Wastewater from the Village's collection system is then sent to the Metropolitan Water Reclamation District for treatment. In addition, they are also responsible for the following:

- Water Quality Assurance and Compliance Testing and Reporting
- Routine and Emergency Water Distribution System Repairs
- Water Meter Reading and Meter Replacement
- Underground Utility Locating

## Public Works FY 2019-20 Highlights and Accomplishments

- Downtown and Neighborhood Street Improvements Completed Burr Ridge Parkway resurfacing project in the heart of downtown Burr Ridge. The Village obtained a federal grant for 70 percent of the construction cost. The Villages 2019 Road Program resurfaced over two miles of Burr Ridge neighborhood streets and crack sealed an additional four miles of streets.
- **Grant Funding** Successfully submitted applications to DHSEM Urban Area Security Initiative (UASI) for grant funding toward Village Hall security, and other projects.
- Street Light/Street Sign Inventory Completed inventory of streetlights and street signs for the Village with the assistance of the GIS intern and CloudPoint, the Village's GIS consultant. The department will complete BMP database, update tree inventory in FY 20-21.
- **Bi-Annual Street Condition and Rating Report** using the engineering intern, the department conducted the bi-annual street condition and rating report for 2019, and updated the 5-year Road Program and presented to the Street Policy Committee in December.
- **County Line Road Sidewalk Project** Construction began in the fall on the sidewalk gap alongside the east side of County Line Road from Longwood Drive to 60<sup>th</sup> Street at Katherine Legge Memorial Park. Staff coordinated and managed the construction that is currently in progress and completion is expected in spring 2020.
- Water main replacement projects Two aging sections of the Village water main were replaced in the Fall 2019. Staff coordinated and managed the construction with an engineering consultant for the water main replacement projects along County Line Lane and Carriage Place in the Carriage Way Subdivision, and Chasemoor Drive at 79<sup>th</sup> Street.
- **Parkway Tree Replacements** During 2019, the Village removed 140 trees because of emerald ash borer (EAB) infestation and replanted nearly 100 new trees. The Village continues to treat Ash trees
- **Implemented Work Order Module** With the Finance Department, staff implemented and trained on the new BS&A Work Order module, starting with utility billing and meter replacement. This module automates the previously manual process with efficient use of technology.

## Public Works Department Fiscal Year 2020-21 Goals

Below are short-term goals that the Public Works Department looks to achieve in the upcoming fiscal year. Due to the anticipated economic impacts of the COVID 19 pandemic, funding for some goals has been "wait listed". Wait listed goals will not be pursued unless it is determined that financial resources are available in which case a budget amendment will be considered.

- Natural Chemicals Wait List; Implement an environmentally friendly alternative to conventional chemical insecticides by using the EarthRight
  program for mosquito control. Products are made from naturally derived ingredients and have equal effectiveness to the chemical alternative.
- Liquid Chloride Tank, Pump and Devices Wait List; Add a 2nd liquid tank to aid in snow and ice control operations to maintain roads in the best condition possible while also reducing salt use, operational costs and environmental impacts.
- Plow Extensions for 1-Ton Snow Plows Wait List; Add a wing extension to accelerate snow removal in cul-de-sacs and help eliminate some of the complaints from homeowners experiencing larger than normal windrows of snow in their driveways.
- Replace Power Washer for Public Works Garage Previous power washer is 15 years old and parts are no longer available. It is needed to pressure
  wash the department's fleet especially removing dirt and corrosive and deicing chemicals from the large trucks to prolong their life and maintain
  their appearance.
- Village Hall Sprinkler Systems Repairs- Repair and replace sections of pipe, switches, and gauges from original sprinkler system to bring it to current requirements since it is leaking.
- 2020 Road Program- Devon Ridge Subdivision, Lake Ridge Subdivision, Sealcoating municipal parking lots; miscellaneous crack sealing, pavement marking and pavement patching.
- Elm Street Culvert Replacement Project Elm Street at 63rd Street ditch has overtopped with floodwater and metal pipe is failing. Replacement of the culvert needed to address the drainage and life safety issues. Engineering for this project is included in the budget; construction funding for this project is on the Wait List.
- North Frontage Road Guardrail Replacement North Frontage Road guardrail needs to be replaced with numerous sections being rusted and beyond repair and repainting to protect the adjacent pathway and roadside hazards.
- Village Facility Improvements: Wait List; HVAC controls, sensors, and valves will be replaced since they are original and it will provide an efficient, automated system and reduce the load on the boiler and chiller allowing comfortable conditions in the Board room and staff area while substantially reducing our natural gas bill and electric usage. Public Works fluorescent lighting will be replaced with LED lighting in the main garage and office areas.

- The Village is divided into 7 areas for maintaining a cyclical 7-year tree trimming program. Area 2 deferred, trim in FY20-21 with half of Area 3.

- Trimming generally excludes untreated ash trees.

\* Com Ed incurs all costs on 5th year (Veg. Mgmt. Plan exp. Apr. 2029).

\*\*Deferred item in FY 20-21 until further review due to pandemic

## VILLAGE OF BURR RIDGE EXPENDITURE BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

#### Notes

Other Contractual Services	19-20	19-20	20-21	
	Est. Act	Budget	Budget	
Mosquito Abatement	45,400	45,840	45,400	
Miscellaneous	7,360	1,000	1,000	
West Nile Virus Gravit Trap	0	3,000	0	
Mandatory CDL Drug Testing	1,110	1,200	1,200	
Fall Brush Pickup	24,115	24,115	25,505	
Emergency Brush Pickup	0	15,000	15,000	
	77,985	90,155	88,105	

- 3-year contract expires Dec. 2020, renew existing contract

- Brush pick-up by contractor is now Fall only.

- Miscellaneous incl. policy reimbursement for resident driveway culverts

- West Nile Virus Gravit Trap included in Mosquito Abatement contract

#### Supplies - Equipment

Equipment supplies includes parts, supplies and accessories for equipment operated by the Engineering, Operations, and Forestry/Grounds Divisions of Public Works. This includes equipment such as mowers, weed whips, snow plows, salt spreaders, pumps, welding supplies, scrubber, shop equipment, core drill, tractors, payloader, etc.

- Shared equipment includes: Payloader, Backhoe & Skidsteer (50% PW/50% Water)

Supplies - Trees	19-20	19-20	20-21
	Est. Act	Budget	Budget
ParkwayTrees	11,550	12,000	12,000
Resident Tree Program *	2,475	5,000	5,000

#### 22 Motor Fuel Tax Fund

#### VILLAGE OF BURR RIDGE REVENUE AND EXPENDITURE BUDGET FOR FISCAL YEAR ENDING APRIL 30, 2021

#### Notes

#### Transfers to Capital Improvement Fund

Funding for the Road Program is done by utilizing available revenues and fund reserves from MFT and available reserves in the Capital Improvement Fund. Any remaining dollars needed are transferred from the General Fund. In June 2019, the Illinois General Assembly passed legislation that increased the state's Motor Fuel Tax by 19 cents per gallon on gasoline, which in turn, a portion is passed onto the Village as additional revenue. This increase results in additional funding available to be transferred for Road Program funding.

Total	287,430	156,600	67,525

In November 2010, the tax Hotel/Motel Tax fund rate was increased to 4%.

The ordinance provides that revenues from the Hotel/Motel Tax Fund be used by the Village solely to promote tourism and conventions within the Village or otherwise to attract tourism and conventions within the Village or to attract non-resident overnight visitors to the Village.

\*Item deferred for further discussion in FY20-21 due to the pandemic.

Economic Business Support is a program developed for the COVID-19 pandemic.

Section 5 Statistics

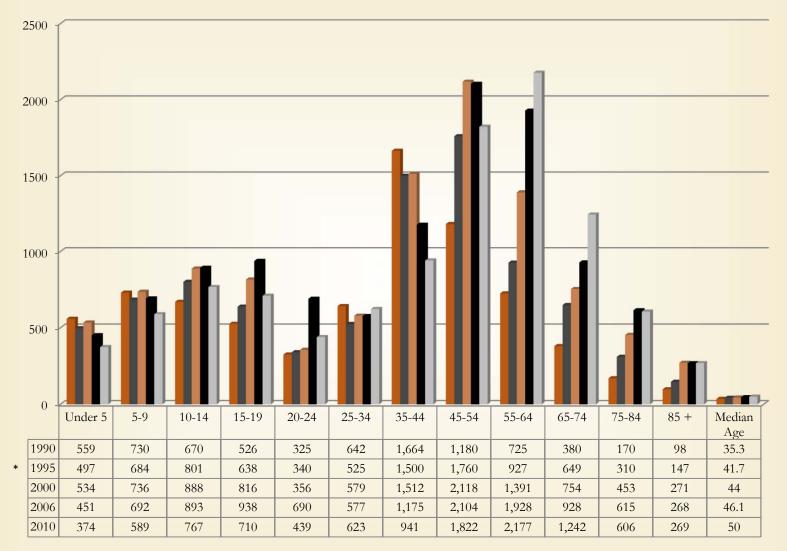

The Statistics section provides information about the Village's population, housing and other items of interest to the public.

## Burr Ridge Population History

# Population by Age

■1990 ■1995 ■2000 **■**2006 ■2010

Section 5 - Page 2

\* 1995 Census data did not include Oak Hill residents

# **Population Information**

#### **Educational** Attainment

(Population 25 Years and Older)

	1990	2000	2010
Less than 9 <sup>th</sup> Grade	2.3%	1.4%	1.3%
9 <sup>th</sup> – 12 <sup>th</sup> Grade (No Diploma)	4.4%	3.3%	2.3%
High School Graduate	17.1%	15.6%	13.5%
Some College	25.5%	18.3%	12.1%
Associate's Degree	6.3%	3.1%	2.7%
Bachelor's Degree	26.6%	32.2%	35.0%
Graduate or Professional Degree	17.8%	26.0%	33.1%

#### Gender

	1990	1995**	2000	2006	2010
Men	3,774	4,382	5,087	5,456	5,149
Women	3,895	4,396	5,321	5,803	5,410

#### Income

	1990	2000	2010
Median Family	\$94,647	\$151,126	\$174,044
Median Household	\$87,078	\$129,507	\$143,669
Per Capita	\$37,797	\$58,518	\$88,530

In Burr Ridge, income levels are considerably higher than the national and regional averages and provides for a stable tax base. However, Burr Ridge has not relied exclusively on its resident tax base. Sales tax revenue is the single largest source of revenue in the General Fund and a large portion of the sales tax revenue generated in Burr Ridge comes from business-to-business transactions.

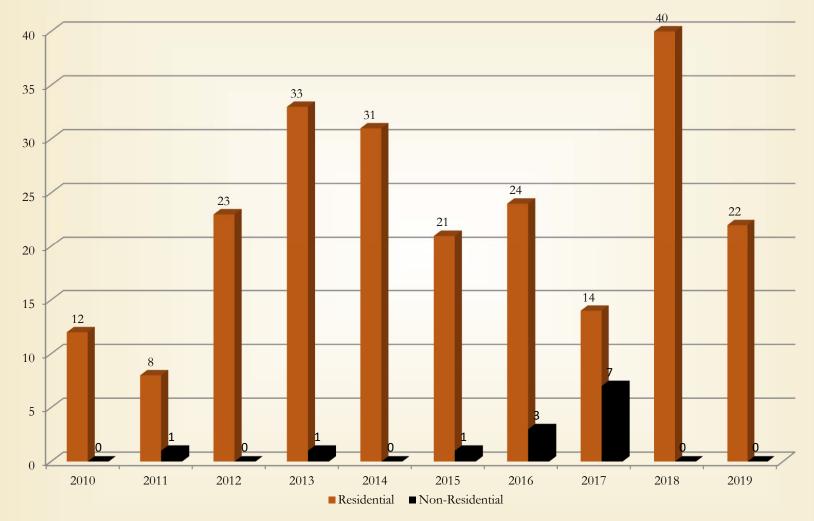

# Housing

#### Housing Units & Occupancy

	1990	1995*	2000	2006	2010
Number of Housing Units	2,657	3,244	3,679	3,933	4,289

Renter Occupied	3.9%	3.8%	4.7%	1.8%	4.7%
Average Household Size	3.15	2.96	2.87	2.96	2.87

\* 1995 Census data did not include Oak Hill residents

## Building Permit Activity Ten Year History

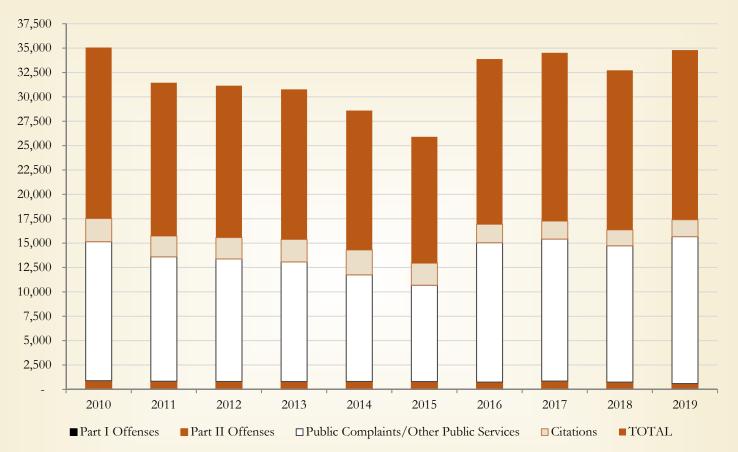

# Total Equalized Assessed Valuation Ten Year Trend

## Police Department Calls for Service

Part I and Part II crime categories, established by the FBI, are used nationally to identify types of crime. Part I crimes include homicide, sexual assault, robbery and Part II crimes are generally less serious but do include DUI, domestic battery and assault. The majority of Part I crimes in Burr Ridge are related to burglary and the majority of Part II crimes are related to juveniles, motor vehicles, driving without a license and criminal damage to property.

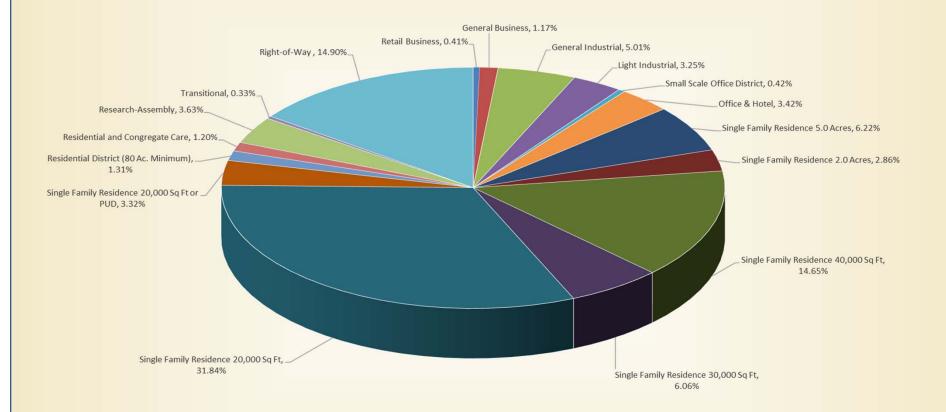

It should be noted in 2019 that the increase in overall calls for service relates to the new dispatching system that was implemented in June 2019. The higher number of calls are due to the increased data collected in the new system.

### Lake Michigan Annual Water Consumption

Due to high rainfall totals in 2019, consumption levels in FY 2019-20 were at the lowest levels since 2014. As a result, Water Sales and Water Purchases for FY 2019-20 were lower than budgeted.

# Land Area by Zoning Type

The Village of Burr Ridge covers 4,703 acres of land within the Village. The above chart shows that nearly 65% of the village is zoned for Residential use.

### **Economic Profile**

#### **RESIDENTIAL WATER SUPPLY RATES: 2014 - 2019**

Section 6 Glossary

Glossary of Terms relevant to the budget.

Abatement: A complete or partial cancellation of a levy imposed by a government. Abatements usually apply to tax levies, special assessments and service charges.

Accrual Basis of Accounting: A method of accounting that recognizes the financial effect of transactions, events and interfund activities when they occur, regardless of the timing and related cash flows.

**Appropriation:** An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is limited to the time it may be expended. The appropriation provides the legal authorization for corporate authorities (municipalities) to expend funds.

Assets: Property owned by a government that has a monetary value

Assessed Valuation: A judgment of the worth of real estate or other property by the County Assessor as a basis for levying taxes.

Audit: An examination that reports on the accuracy of the annual financial report prepared by the Village; usually prepared by a private firm retained by the Village.

**Bond**: A written promise to pay a specified sum of money at a fixed time in the future, carrying interest at a fixed rate, usually payable periodically.

Bonded Debt: A portion of money owed (indebtedness) represented by outstanding bonds.

**Budget**: A one year financial document embodying an estimate of proposed expenditures for a given period and the proposed means of financing them with available revenues and resources. This is the actual working document for Village operations.

Budget Adjustment/Amendment: A procedure for the Village Board to revise the budget after it has been approved.

Budget Document: The instrument used to present a comprehensive financial plan of operations of the Village.

**CAFR** - Comprehensive Annual Financial Report. A document containing the Village's financial statements and in-depth analysis of those statements as examined in the Village's annual audit. See also *Audit*.

Capital Assets: Assets of significant value with a useful life of several years. Capital assets are also known as fixed assets.

Capital Budget: A plan of proposed capital outlays and the means of financing them for the current fiscal period.

CIP: Capital Improvement Plan. A five-year plan that projects proposed capital expenditures.

**Capital Outlay/Expenditure**: Expenditures which result in the acquisition of or addition to fixed assets such as the purchase of equipment, machinery, land and buildings.

**Capital Projects:** A specific identifiable improvement or purpose for which expenditures are proposed within the capital budget or capital improvement program. Examples include new roads, watermain improvements, buildings, and large scale remodeling projects.

**Cash Management:** The management of cash necessary to pay for government services while investing temporary cash excesses in order to earn interest revenue. Cash management refers to the activities of forecasting the inflows and outflows of cash, mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships, and investing funds in order to achieve the highest interest and return available for temporary cash balances.

Chart of Accounts: The classification system used by the Village to organize the accounting for various funds.

Commodities: Budgetary class of consumable items used by Village departments such as office supplies, replacement parts for equipment, and gasoline.

**Contingency**: A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted for.

Contractual Services: Services rendered to Village departments and agencies by private firms, individuals or other government agencies.

**Debt:** An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants, and notes.

**Debt Service Funds:** A fund established to account for the accumulation of resources for, and the payment of, bonds and general long-term debt principal and interest according to a predetermined schedule.

Deficit: The excess of expenditures over revenues during an accounting period.

**Depreciation:** The process of estimating and recording the lost usefulness, expired useful life or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation or the cost to reserve in order to replace the item at the end of its useful life.

**Department**: A major administrative organizational unit of the Village, which indicates overall management responsibility for one or more activities, for example, the Public Works or Police Department. Also, a budgetary unit of division used to separate revenues and expenditures by Village operating departments.

Eliminations: When funds are consolidated, transactions between funds are eliminated in order to eliminate double accounting.

**Encumbrance:** The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for future expenditures.

**Enterprise Fund**: A separate fund used to account for services supported primarily by service charges, for example, water and sewer funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the public on a continuing basis are finances or recovered through user fees. Enterprise funds are also used to account for operations where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Equalized Assessed Valuation:** The Board of Review, on a county basis, reviews the assessed valuation of all townships and may assign multipliers to make assessed valuations from township to township equal. If necessary, the State will then assign multipliers for counties in order that all property will be assessed at  $33^{1/3}$ % of market value.

Estimated Actual: The amount projected to be spent or collected during the current Fiscal Year.

Estimated Revenue: The amount projected to be collected during the Fiscal Year.

**Expenditures**: The outflow of funds paid or to be paid for an asset obtained or goods and services obtained, regardless of when the expense is actually paid. An encumbrance is not an expenditure, rather, it reserves funds to be expended.

**Fiscal Year**: A designated twelve-month period designated by the calendar year in which it ends for budgeting and record keeping purposes. The Village's Fiscal Year begins May 1<sup>st</sup> and ends April 30<sup>th</sup>.

**Fixed Assets**: Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment. See also *Capital Assets*.

Full Accrual Accounting: A method of accounting that requires income and expenditures to be accounted for as and when they are earned or incurred, not when the money is received or paid.

Full Faith and Credit: A pledge of the general taxing power of a government to repay debt obligation (typically used in reference to bonds).

**Fund**: A budgetary and accounting entity that is segregated from other funds for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. A fund is the largest budgetary unit and is used to account for significant projects

**Fund Accounting:** The organization of Village accounts on the basis of funds and account groups, each of which are considered a separate accounting entity. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund Balance: The excess of a fund's assets over its liabilities and reserves, which is held in reserve for future emergency spending.

**Fund Type:** In governmental accounting, all funds are classified into eight generic fund types: General, Special Revenue, Debt Service, Capital Projects, Special Assessment, Enterprise, Internal Service, and Trust and Agency.

Generally Accepted Accounting Principals (GAAP): Uniform minimum standards for financial accounting and reporting. The primary authoritative body on the application of G.A.A.P. to state and local governments is the Governmental Accounting Standards Board.

**Governmental Accounting Standards Board (GASB)**: The oversight board responsible for establishing financial reporting requirements for governmental and public agencies.

General Fund: The fund that is available for any legal authorized purposes and which is typically used to account for all revenue and all activities except those required to be in accounted for in another fund.

General Obligation Bonds: Bonds for whose payments the full faith and credit of the municipality are pledged.

**Grant:** A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

**GFOA:** Government Finance Officers' Association

**Health Insurance Fund:** A non-operating budgetary unit utilized for internal purposes only. Financed by employer and partial employee paid premiums for health insurance benefits for employees, retirees and outside participants.

**IMRF Pension Fund**: The Illinois Municipal Retirement Fund provides retirement benefits for all retired non-sworn City employees and their beneficiaries.

Intergovernmental Revenues: Revenues from other governments in the form of grants, entitlements, shared revenues or payments in lieu of taxes.

**Internal Service Fund:** A fund used to account for the financing of goods and services provided by one department or agency to other departments or agencies of a government on a cost reimbursement basis.

Investment: Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals or base payments.

Levy: (Verb) To impose taxes, special assessments or service charges for the support of government activities. (Noun) The total amount of taxes, special assessments or services charges imposed by a government.

Line-Item Budget: A budget format that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

Long-Term Debt: Bonded debt and other long-term debt obligations, such as benefit accruals, due beyond one year.

MFT: Motor Fuel Tax; a revenue collected on a per capita (per person) basis.

**Modified Accrual Accounting**: A method of accounting that requires income and expenditures to be accounted for when available and measurable and expenditures are recorded when the liability is incurred.

**Operating Budget**: The portion of the budget that pertains to daily operations that provide basic government services; presents proposed expenditures for the fiscal year and the revenues to fund them. See also *General Fund*.

Ordinance: A formal legislative enactment by the governing board of a municipality.

**Outlays:** Checks issued, interest accrued on the public debt, or other payments made, offset by refunds and reimbursements.

**Pension Trust Fund:** A trust fund used to account for public employee retirement systems.

**Performance Measures**: Objective and/or quantitative indicators used to show the amount of work accomplished, the efficiency with which tasks are completed and the effectiveness of a department or program.

**Property Tax:** Taxes levied on real property according to the property's valuation and the tax rate.

Rating: The credit worthiness of a municipality as evaluated by independent agencies.

**RMS**: Records Management System

**Retained Earnings**: An equity account reflecting the accumulated earnings of the Village's enterprise funds.

Reserve: An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and, is, therefore, not available for general appropriation.

**Revenues**: Funds that the Village receives as income from an outside source. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues, and interest income.

**Risk Management:** An organized attempt to protect a government's assets against accidental loss in the most economical method.

**Special Assessment Funds:** A fund used to account for the financing of public improvements or services deemed to benefit the properties against which special assessments are levied.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

**Surplus:** An excess of the assets of a fund over its liabilities and reserves.

Tax Levy: The total amount to be raised by general property taxes for operating and debt service purposes specified in the Tax Levy Ordinance.

**Tax Levy Ordinance**: The annual ordinance that identifies the amount of property taxes to be levied.

Tax Rate: The amount of tax levied for each \$100 of equalized assessed valuations. The tax rate multiplied by the equalized assessed valuation equals the tax levy.

**Transfers In/Out:** A legally authorized funding transfer between funds in which one fund is responsible for the initial receipt and the other fund is responsible for the actual disbursement.

**User Fees**: Fees that are levied by the municipality on users of a service. User fees are designed to place the cost of a municipal service or program on the beneficiaries (users) of that service. For example, water rates are user fees charged to users of Lake Michigan Water.

Worker's Compensation Fund: A non-operating budgetary unit used to account for all worker's compensation expenditures.
