Village Highlights and Updates

Staff Recognition: I wish to recognize the terrific efforts put forth by Village staff during and after the tragic incident on South Frontage Road this week, including our Police detectives and command officers who did so well to quickly set up perimeters and martial extra-jurisdictional resources, such as MERIT-quick and decisive actions which may have saved further innocent lives. I am also grateful to all employees who assisted in effectively gathering and creating communications for the public and media, keeping the community correctly informed as to the status of the incident. Public safety remains “job one” of government; staff from multiple departments will continue to think critically and examine how we can continue to best serve the public in this regard and be as prepared as possible in the event of emergencies such as this.

Second Elm Street Culvert Grant Award: After the Village was notified of its successful award of a \$785,000 Community Project Funding grant for the Elm Street Culvert project through Rep Sean Casten’s office, the Village has won a second \$50,000 grant for this project through DuPage County’s APA Stormwater Grant Program. This grant will fund all of the planned streambank stabilization programming as part of this project. As the larger pipe will significantly curtail any street flooding through capacity, streambank stabilization will prevent erosion creep into neighboring properties. Thank you to the DuPage County Stormwater Committee, chaired by Member Jim Zay as well as District 3 Member Brian Krajewski, Committee member, for this terrific award!

Senator Duckworth Visit: Senator Tammy Duckworth will be visiting Burr Ridge to tour the Elm Street Culvert project on Saturday, March 26 at 2pm. The event begins at Elm School (15W201 60th Street) and finishes at the Elm Street Culvert site approximately three houses to the south. Senator Duckworth is touring projects that will be funded (at least partially) by a federal allocation from the American Rescue Plan Act (ARPA), such as the Elm Street Culvert. See you there!

Welcome Our Newest Member of the Police Department: This past Wednesday was Nicole Copp’s first day at the Police Department. Nicole will start the Suburban Law Enforcement Academy at COD in Glen Ellyn on Monday, March 28, which lasts approximately 14 weeks. The Board members will have a chance to meet Nicole when she is officially sworn in at a Board Meeting upon her return from the academy. We welcome Nicole and wish her well during her training.

Supervisor of the Year Award: Village Administrator Evan Walter was named Supervisor of the Year by the Northern Illinois University Department of Public Administration. Administration Department Intern Claire Nass nominated Mr. Walter in recognition of his supportive and professional mentoring of our interns. Evan was instrumental in developing the internship program at the Village for NIU students working toward their MPA degree. The Award was presented to Evan at the NIU MPA Spring 2022 Luncheon and Graduate Colloquium. Congratulations Evan!!!

Tri-State Tollway (I-294) Project: The Village is in receipt of a letter from the Illinois Tollway that was sent to residents in the area of the I-294 project advising them of the proposed schedule for the removal of the over-the-road building and bridge at the Hinsdale Oasis.

Preparation for this phase of the project will begin in March with removal of the building planned for this spring, followed by removal of the bridge in the summer. Work is anticipated to be completed by the end of fall. A copy of the letter is attached.

Run the Ridge 5K: Details are being finalized for the May 7th Run the Ridge 5K. The route has been changed from prior years, which gives participants a chance to see different sites of the Village. See the attached flyer for the schedule and registration information. Whether you plan to run or walk, we hope to see you there.

Summer Employment at Public Works: The Burr Ridge Public Works Department is accepting applications for a summer seasonal worker and also an Engineering Intern. Both positions are for a duration of 3 – 4 months over the summer. More information and a link to file a job application can be found [here](#).

Dear Resident:

The Illinois Tollway's Central Tri-State Tollway (I-294) Project is underway to reconstruct and widen the roadway from Balmoral Avenue to 95th Street. The project is replacing old infrastructure and providing congestion relief to meet future transportation demands and address regional needs. The project began in 2018 and is scheduled to be complete in 2026.

To accommodate new roadway and local improvements in your area, the project will require the removal of the over-the-road building and bridge at the Hinsdale Oasis in 2022. The remainder of the oasis will remain open to Tollway customers during and after construction is complete, with parking as well as the 7-Eleven fuel stations with food, restrooms and fuel accessible for customers on both sides of I-294.

We are reaching out to share information about the upcoming construction activity and to provide a point of contact for questions.

Work to prepare for the removal of the over-the-road building and bridge is scheduled to begin in early March, including establishing a secure construction work zone with temporary fencing and lighting. Removal of the over-the-road building is scheduled to take place this spring followed by removal of the bridge structure in early summer, with all work at the oasis anticipated to be complete by the end of fall.

All contractor vehicles associated with the construction activity are required to enter and exit the work site via the Tollway. To minimize impacts to nearby residents, contractors are not authorized to access the worksite from local streets.

For safe removal of the over-the-road structure some overnight work will be required, with some anticipated noise during the removal process. We understand your proximity to this construction area and appreciate your patience during construction.

The Illinois Tollway continues to coordinate with municipalities along the corridor throughout the design, planning and construction of this project, committed to reducing the impact of the project on neighboring communities. As a part of that commitment, the Tollway has already installed a new noisewall around the Hinsdale Oasis and will work to limit overnight construction to the extent possible.

Subject: Illinois Municipal League Statehouse Briefing - March 21, 2022
Date: Monday, March 21, 2022 11:26:56 AM

March 21, 2022

This edition of the *Statehouse Briefing* includes the Illinois Municipal League's (IML) compilation of Local Government Distributive Fund (LGDF) resources, weekly bills of concern, an Illinois Department of Labor (IDOL) announcement and a reminder about an upcoming local government workshop being hosted by the Illinois Department of Revenue (IDOR).

IML Compiles Local Government Distributive Fund (LGDF) Resources

One of IML's top legislative priorities is the restoration of LGDF funding to units of local government. With only a few weeks left until the General Assembly's scheduled adjournment, legislators are developing the State Fiscal Year (SFY) 2023 budget and its accompanying budget implementation (BIMP) bill. It is critical that an increase in LGDF be part of those discussions. [IML's fact sheet on LGDF is available via this link.](#)

IML is asking that state legislators not only preserve LGDF in the SFY 2023 budget, but also incrementally increase the LGDF rate from the current 6.06% of income tax collections to 8%. In furtherance of that goal, [IML is supporting HB 4169 \(Rep. DeLuca, D-Chicago Heights\).](#) [IML's position paper on HB 4169 is available via this link.](#)

IML is again requesting that municipal officials call their State Representative to support HB 4169. If you do not have contact information for your State Representative, [please consult the General Assembly website, which is available via this link.](#)

As a resource to our members and to state legislators, IML has compiled LGDF information, including a fact sheet, historical rate information, press releases and more, on a dedicated webpage available at iml.org/lgdf.

-

Weekly Bills of Concern

In the House

- [SB 1750 – Property Tax-Disabled Vet Exemption \(Oppose, Mandate Bill, Revenue Reduction Bill\)](#)

In the Senate

- [HB 209 – Food Service Ban Latex Gloves \(Neutral, Mandate Bill, Preemption Bill\)](#)
- [HB 4489 – GATA-Applicability \(Support, Key Bill\)](#)
- [HB 4604 – Occupational Safety-Various \(Neutral\)](#)
- [HB 4931 – Emergency Medical Dispatchers \(Oppose\)](#)
- [HB 5447 – Pension Code-Downstate Police Survivors \(Oppose, Key Bill, Mandate Bill, Revenue Reduction Bill\)](#)
- [HB 5538 – Prevailing Wage-Public Works \(Oppose, Revenue Reduction Bill\)](#)

Municipal officials can register their position on legislation assigned to legislative committee hearings at my.ilga.gov ([available via this link](#)). All legislation, as well as IML's position on the bills we are tracking, is available on our website at iml.org/billtracking.

IML Letter Regarding Statement of Economic Interests Forms

On March 4, [IML Executive Director Brad Cole sent a letter \(available via this link\)](#) to the four legislative caucus leaders requesting that the General Assembly revisit and modify the changes that were made in 2021 to the Statement of Economic Interests form that many municipal officials are required to complete.

IML has heard from hundreds of municipal officials expressing serious concerns about how to accurately and adequately complete the new form. As a resource to our members, IML has developed a fact sheet to assist municipal officials in the completion of the Statement of Economic Interests form ([available via this link](#)).

IDOL Concludes Enforcement of Employment of Illinois Workers on Public Works Act

On March 15, IDOL announced the conclusion of the enforcement of the Employment of Illinois Workers on Public Works Act, due to the improving economy in Illinois and the statewide unemployment rate falling to 5%.

The law, which requires contracts for public works projects supported by state funds to employ a workforce that includes a minimum of 90% Illinois residents when unemployment rates exceed 5%

for two successive months, was activated in July 2020, due to high unemployment rates caused by the COVID-19 pandemic.

On March 14, the U.S. Department of Labor announced the state's jobless rate was 5%, triggering the suspension of enforcement. More information about the Employment of Illinois Workers on Public Works Act is [available via this link](#).

IDOR Announces Virtual 2022 Local Government Workshop – June 15, 2022

IDOR has announced that their 2022 Local Government Workshop will be held virtually on Wednesday, June 15, from 9:00 a.m. to 12:00 p.m. This year's workshop will focus on correspondence that is sent by the Local Tax Allocation Division (LTAD) and how local government officials should respond; reports that are available and how to order and utilize them; and, information that is available on the IDOR website to assist local government officials.

Interested officials can register by contacting LTAD by phone at (217) 785-6518 or by email at REV.LocalTax@illinois.gov.
