Why do you like working for Calhoun County?

The county has always been supportive of anything family related. Time off and support for the things that occur in life, both good and bad. Never has that been more evident than in the last 17 months. The County made sure that the employees were taken care of during the pandemic shutdown and made sure there were options to keep us all safe and healthy. I truly appreciate how hard all the departments worked to facilitate working remotely (if that was viable) and keep us all insured and paid. A huge shout out to HR, IT and Employee Wellness. While things are never perfect, wherever you are, Calhoun County has gone above and beyond to keep us safe and still be able to serve the residents of the county.

Favorite thing about your job:

My co-workers who are the kindest, funniest people ever. Both past and present it has been my honor to work with people who cared for me in times of sorrow and joy. Sometimes being able to converse with like-minded people is the best medicine. Good days or bad days, there are so many opportunities for laughter and true human kindness. I also appreciate the serendipitous opportunities to work with various outside organizations which led to meeting so many wonderful people I may never have met if not for my work in the CRP Department of the Prosecutor's Office. Working here I've met some interesting characters, but I've also met some of the most extraordinary humans on the planet and I feel very privileged for that opportunity.

Favorite hobbies:

Spending time with my family (inclusive of my furry kids), and friends. Binging Netflix (both good and just awful shows). Watching the Red Wings or the Chicago Cubs. Decorating for holidays. Reading.
