

**CHEMUNG COUNTY, NEW YORK
2019 MATERIAL AND SERVICE BIDS**

rev 8/06/19

General Comments on Use of Bid Awards:

Bids are awarded as stated on the following sheets. Please take notice of comments and conditions for award.

All bids were awarded on the basis of the lowest bidder meeting all specifications, unless otherwise noted. Should any municipality or agency require a copy of the specification for any item please contact the Public Works Office. Please note that all asphalt related items have escalation and de-escalation clauses in the specifications and actual prices may differ from bid sheet at time of purchase.

Please note that all successful bidders for Public Works contracts (but generally not materials contracts) are required to furnish the contracting municipality with a surety and payment bond in the amount of 100% of the specific work requested by the contract. The successful bidder is also required to procure insurance of at least \$1,000,000 per occurrence, naming the contracting municipality as an additional insured. Please refer to the appropriate bid specification for further details.

Crushed Gravel

RFB 2096

The municipality purchasing the item or items shall determine Low Bidder for crushed gravel items. The bid price listed shall be added to the calculation for hauling at \$.50 per ton-mile. The lowest total cost will indicate the true low bid.

The other consideration is quality of product. If the bidder's product does not exceed the minimum specifications for the particular item, then the purchaser may use the bidder with the next lowest cost that does exceed the specifications.
