E. ACTION ITEMS

1. Amendment to Public Nuisances Affecting Health Ordinance Title II Chapter 7. Section 11-7-3 (Bed Bug Management in Unlicensed Residential Rental Structures) T. Drew reviewed recommended changes from last meeting. He also discussed changes he felt needed to be made regarding the placing of placards where bedbugs have been identified. As this is not considered a human health hazard but rather a nuisance placing a placard would be inappropriate. He also discussed the issue of charging tenants for pest control costs as a retaliatory act vs. appropriate tenant cost responsibility. If a tenant feels there has been retaliation from the landlord they will be referred to DATCP for assistance. Another item he discussed was the tenant's responsibility to cooperate with the landlord in the control, treatment and eradication if a bedbug infestation is found or suspected to be in the tenant's rental unit. R. Neeck questioned what if the treatment doesn't work. T. Drew responded there would be follow-up until the infestation is gone. Alderman Nichols suggested that a memo to the council be included when this amendment is brought forth to the council explaining why this is a problem and this is meant to be pro-active for both the landlord and the tenant. Motion to forward the amendment regarding bed bug management in unlicensed residential rental structures (Public Nuisances Affecting Health Ordinance Title II Chapter 7) to the common council made by R. Neeck and seconded by T. Rudolph. Motion carried.

Tom also reported the Commission will be receiving Focus On Energy grants relating to lighting and VFD's installed.

Tom Kispert reviewed Equipment certificate for payments for Contract A (gas monitoring equipment), Contract D (centrifugal solids handling pumps), and Contract P (Diesel Generator Sets). After discussion on the Equipment Certificate for Payments, motion by Commission Falck, second by Commissioner Hamblin to approve for payment Certificate for Payment #4 for Contract A to LAI Ltd. in the amount of \$22,495.50; Certificate for Payment #3 for Contract D to LAI Ltd, in the amount of \$4,749.20; and Certificate for Payment #5 for Contract P to Cummins NPower in the amount of \$38,902.20. Motion carried unanimously.

Tom Kispert reported on a voice mail he received on December 13 from Steve Welch who is the new project manager for the HSI contract for the High Speed Blowers; this is the 4th project manager assigned to this project. Tom Kispert, Manager Much, and Rob Franck discussed the recommendation on how to proceed with this project. The initial thought was to fix the unit ourselves and not be concerned with the warranty since we are not receiving any service currently on the blowers that are under a warranty and they need to be repaired. The best recommendation they are proposing is to follow the path to a different manufacturer of high speed blower equipment. Further discussion followed on the HSI issues and similar issues that are being found out about at other locations where HSI equipment has been installed. Commissioner Gunz indicated we should go down parallel paths; work with the new project manager as well as work on repairs and/or replacing of units. We need to give HSI all the rope they need. Attorney Thiel provided his history of involvement on this matter from June until the breach of contract letter was sent. Rob Franck reported there are currently two blowers locked out due to faulty lug connections. Attorney Thiel reported he will be meeting with Tom, Rob, and Manager Much later this week.

Motion by Commissioner Gunz, second by Commissioner Zielinski to approve for payment McMahon invoices #46510, #46511, #46512, #46513, #46514, #46515, and #46516 in the amounts of \$10,400.00, \$10,200.00, \$2,200.00, \$1,200.00, \$16,329.00, \$2,400.00, and \$55,700.00. Motion carried unanimously.

To accommodate those in attendance, motion by Commissioner Gunz second by Commissioner Zielinski to proceed to Agenda item I – NMSC Property & Liability Insurance Renewal. Motion carried unanimously.

Chris Reichelt, McClone Agency reported the quote received from Cincinnati is the best option; he had contacted Travelers and they did not get back to him. Commissioners discussed removing the Business Income rider; it was a consensus to remove this item. Currently the Commission has a \$10,000 deductible on property coverage. Commissioners further discussed increasing the deductible to either \$25,000 or \$50,000. President Youngquist indicated he would not have a problem with the \$50,000 deductible and saving \$3,500 in premium cost. Attorney Thiel questioned if we could add a rider for the electronics; Chris responded yes you can, but you would lose half of the savings going to the higher deductible. Commissioners further discussed the higher deductible level. After discussion, motion by Commissioner Gunz, second by Commissioner Falck to accept the quote from Cincinnati Insurance; increase the property deductible to \$50,000; remove the Business Income rider; and to remove metering stations and equipment in the metering stations from the list of property values that are under \$50,000 in value. Motion carried unanimously.

The Commission returned to the Agenda as published.

Operating Report. Manager Much reported the plant is operating well; there have been significant loading reductions from Neenah and Menasha. Influent mercury testing has been exceedingly low compared to early in 2013; we have temporarily suspended the extra sampling for mercury in the Neenah sewer system until higher mercury levels return. Manager Much discussed the pretreatment limits and EPA required modifications of the pretreatment program. The NMSC needed to do detailed local limit testing of metals; Manager Much further explained the process on how this is determined. The recommended modifications to the NMSC pretreatment program and metal limits are currently being published by the DNR for a public hearing, and if approved, the NMSC will need to adopt the new limits and each of the member communities will also need to adopt the new limits. After discussion, motion by Commissioner Zielinski second by Commissioner Hamblin to approve the Operating Report for November.

Budget, Finance, Personnel

MCO Contract. President Youngquist reported all the Commissioners were sent a copy of the negotiated contract with MCO. One item needing further discussion by the Commission is item I.B. – Duration of Contract. Attorney Thiel reported the original request from MCO was for a 20-year duration of the contract; he further explained why he changed the duration to a 10-year contract plus two 5-year extensions. Commissioner Zielinski questioned the 180-day termination clause; this would be to give the Commission time to find a replacement. Commissioner Gunz indicated he strongly supports the current language in the duration of contract; he also indicated an incorrect word usage on page 3 of the contract. Additional word corrections and language

modifications were discussed as well as removing one section under the confidentiality clause. After discussion it was agreed the following corrections need to be made: Page 3, paragraph 2, change tortous to tortious; page 6, paragraph 6, change hearing to hearings; page 6, paragraph 12, change to "any MCO General Manager of the NMSC"; page 10, under insurance, add: MCO will name NMSC as an additional insured; page 11, paragraph C, remove references of "and NMSC's Engineer"; page 11, paragraph E.1., delete in entirety. Commissioners discussed contract duration and the two options: 10-year with two 5-year extensions or 20-year contract. Manager Much indicated MCO's desire for the long-term agreement and the benefit to help keep employees and to attract new employees; there is an extreme shortage of talented and knowledgeable operators and there have been efforts to hire MCO employees away from the company. More communities are looking at longer term contracts with MCO and we currently have a new 15-year agreement with another community. Commissioner Gunz expressed his concern there is nothing to allow NMSC to end the agreement; it is guaranteed if you have a good relationship or not, MCO would be here for the 20-years; MCO has significantly more protection with the new agreement verses the current agreement; it is too long of an agreement with no remedy if the relationship sours, I don't expect it to sour; he has not seen a municipal contract for this length of time; the intent with MCO has been stellar, we just need to protect ourselves. After discussion, motion by Commissioner Gunz, second by Commissioner Zielinski to approve the contract with the changes as discussed and to keep the contract term at 10-years with two 5-year extensions. Further discussion ensued, motion by Commissioner Zielinski, second by Commissioner Falck to amend the motion for the contract term to be 20-years. By roll call vote taken, voting aye to amend the motion: Commissioners Zielinski and Falck. Voting nay: Commissioners Gunz, Hamblin, Sambs. Motion to amend the original motion failed. By roll call vote taken, voting to approve the original motion passed unanimously on a 6-0 vote (with President Youngquist voting).

Accountant Voigt discussed the Financial Statements for the month of November 2013. The Clean Water Fund loan interest was paid on November 1; on December 1 the 2003 Bond Issue interest was paid and the Bond Principal was paid off in its entirety. After discussion, motion by Commissioner Zielinski, second by Commissioner Gunz to accept the financial statements for the month of November, 2013. Motion carried unanimously.

Accountant Voigt discussed the Accountant's Report for November 2013. The interest rates on the checking and money market accounts have not changed. MCO generated \$4,400 in income for the Commission in November. The December report will show a substantial decrease in cash from the paying off of the 2003 Bond Issue. Accountant Voigt reported the Cash Flow report was updated to current known information. Motion by Commissioner Zielinski, second by Commissioner Falck to accept the Accountant's Report and Cash Flow Report for the month of November 2013. Motion carried unanimously.

Additional concern regarding work zone safety was brought to the committee where a small detour was set up on Ninth St., law enforcement on site stated signage was incorrect and did not enforce on a witnessed car traveling the wrong way on the Blvd.

T. Jacobson suggested forming an Ad Hoc committee between Public Works Engineering and Menasha Police Department to discuss work zone issues and attempt to come to a resolution. P. Captain made a motion to form this committee motion seconded by V. Maas – Motion Passed. Drew to address this request at the Police Safety Meeting on October 22, 2013.

Intent of the cones is to make driver check for obstructions in front and behind vehicle prior to moving truck. Suggestion made following some incidents of bumping items due to the driver not being fully aware of obstructions in front and behind the vehicle. Committee discussion included circumstances which would require cone placement. Intent of discussion/ proposal is to make sure that the equipment driver was fully aware of surroundings prior to moving.

RE: Winnebago County Industrial Development Board Per Capita Funds

For 2014 the Winnebago County Industrial Development Board has increased its per capita funding for economic development and now is \$1.00 per capita for a total of \$15,108. In most past years funding had been approximately \$0.50 per capita. These funds must be spent in accordance with the attached program policies. It is my intention to include in the City of Menasha's funding plan submittal \$2,500 for the Fox Cities Regional Partnership. This will bring the city's total 2014 contribution to the regional partnership to \$20,000, which is the threshold amount for having a seat on its directing Board of Governors. The seat on the board would be held by Mayor Merkes.

Re: City of Menasha Alcohol Operators License Application

Dear Mr. Gill,

In reviewing your application for an Alcohol Operators License with the City of Menasha and conducting a background investigation in relationship to this application, the following information was determined. As a result of an arrest on October 25, 2012 for Possession with Intent to Deliver Analog of a Non-Narcotic Drug (Class H Felony), you entered a plea of No Contest on April 5, 2013. Furthermore, you agreed to a Deferred Prosecution or Sentence Agreement with the courts at that time, thus admitting to guilt regarding these specific charges and deferring your sentence until after a 24 month period when the Agreement comes to a conclusion.

In addition to the above mentioned Felony Conviction, I would like to add that your application has not been completed accurately in its entirety and very well could be considered void under the City of Menasha Ordinance. Also, I would like to point out that under Question #2, 'Have you ever been convicted of a felony?' you responded no, when in fact your conviction of the above mentioned felony charge indicates you have been.

Based on your background investigation, I will be recommending that the Menasha Common Council deny your request for a City of Menasha Alcohol Operators License, because under Guideline #1 you are considered a Felony Offender.

Engaging in bartending involves the purchase and sale of a closely regulated substance/alcohol. Individuals granted an Operator License must act in cooperation with Law Enforcement to enforce the alcohol beverage laws, drunk driving laws and assist with minimizing disturbances of the peace and maintaining the safety of the community. The incident that you have been convicted of does substantially relate to the license for which you have applied and arose out an incident that occurred on October 25, 2012.

The city of Menasha Police Department is recommending to the Common Council that they deny your application for an Alcohol Operators License within the City of Menasha. The recommendation would be given to the Common council at its next meeting on January 20, 2014 at 6:00 p.m. or shortly thereafter. Should you wish to provide comment

to the Common Council on your application, you may do so during the public participation portion of the meeting.

Sincerely,

Lt. Ron Bouchard
