No public comments

I. ADJOURNMENT

A motion was made by Comm. Heimerman to adjourn the meeting at 6:15 PM. The motion was seconded by Comm. Mueller. The motion carried.

Minutes prepared by PP Stephenson.

MEMORANDUM

To: Landmarks Commission
From: Community Development Department/JS
Date: January 13th, 2021
Re: **Historic District Memo**

At the last Landmarks Commission Meeting members from the public expressed interest in expanding our historic districts.

The City of Menasha Currently has four historic districts: Tayco Street District, Racine Street District, Upper Main Street District and Washington Street District. These districts encompass commercial nodes within historically important parts of the central city.

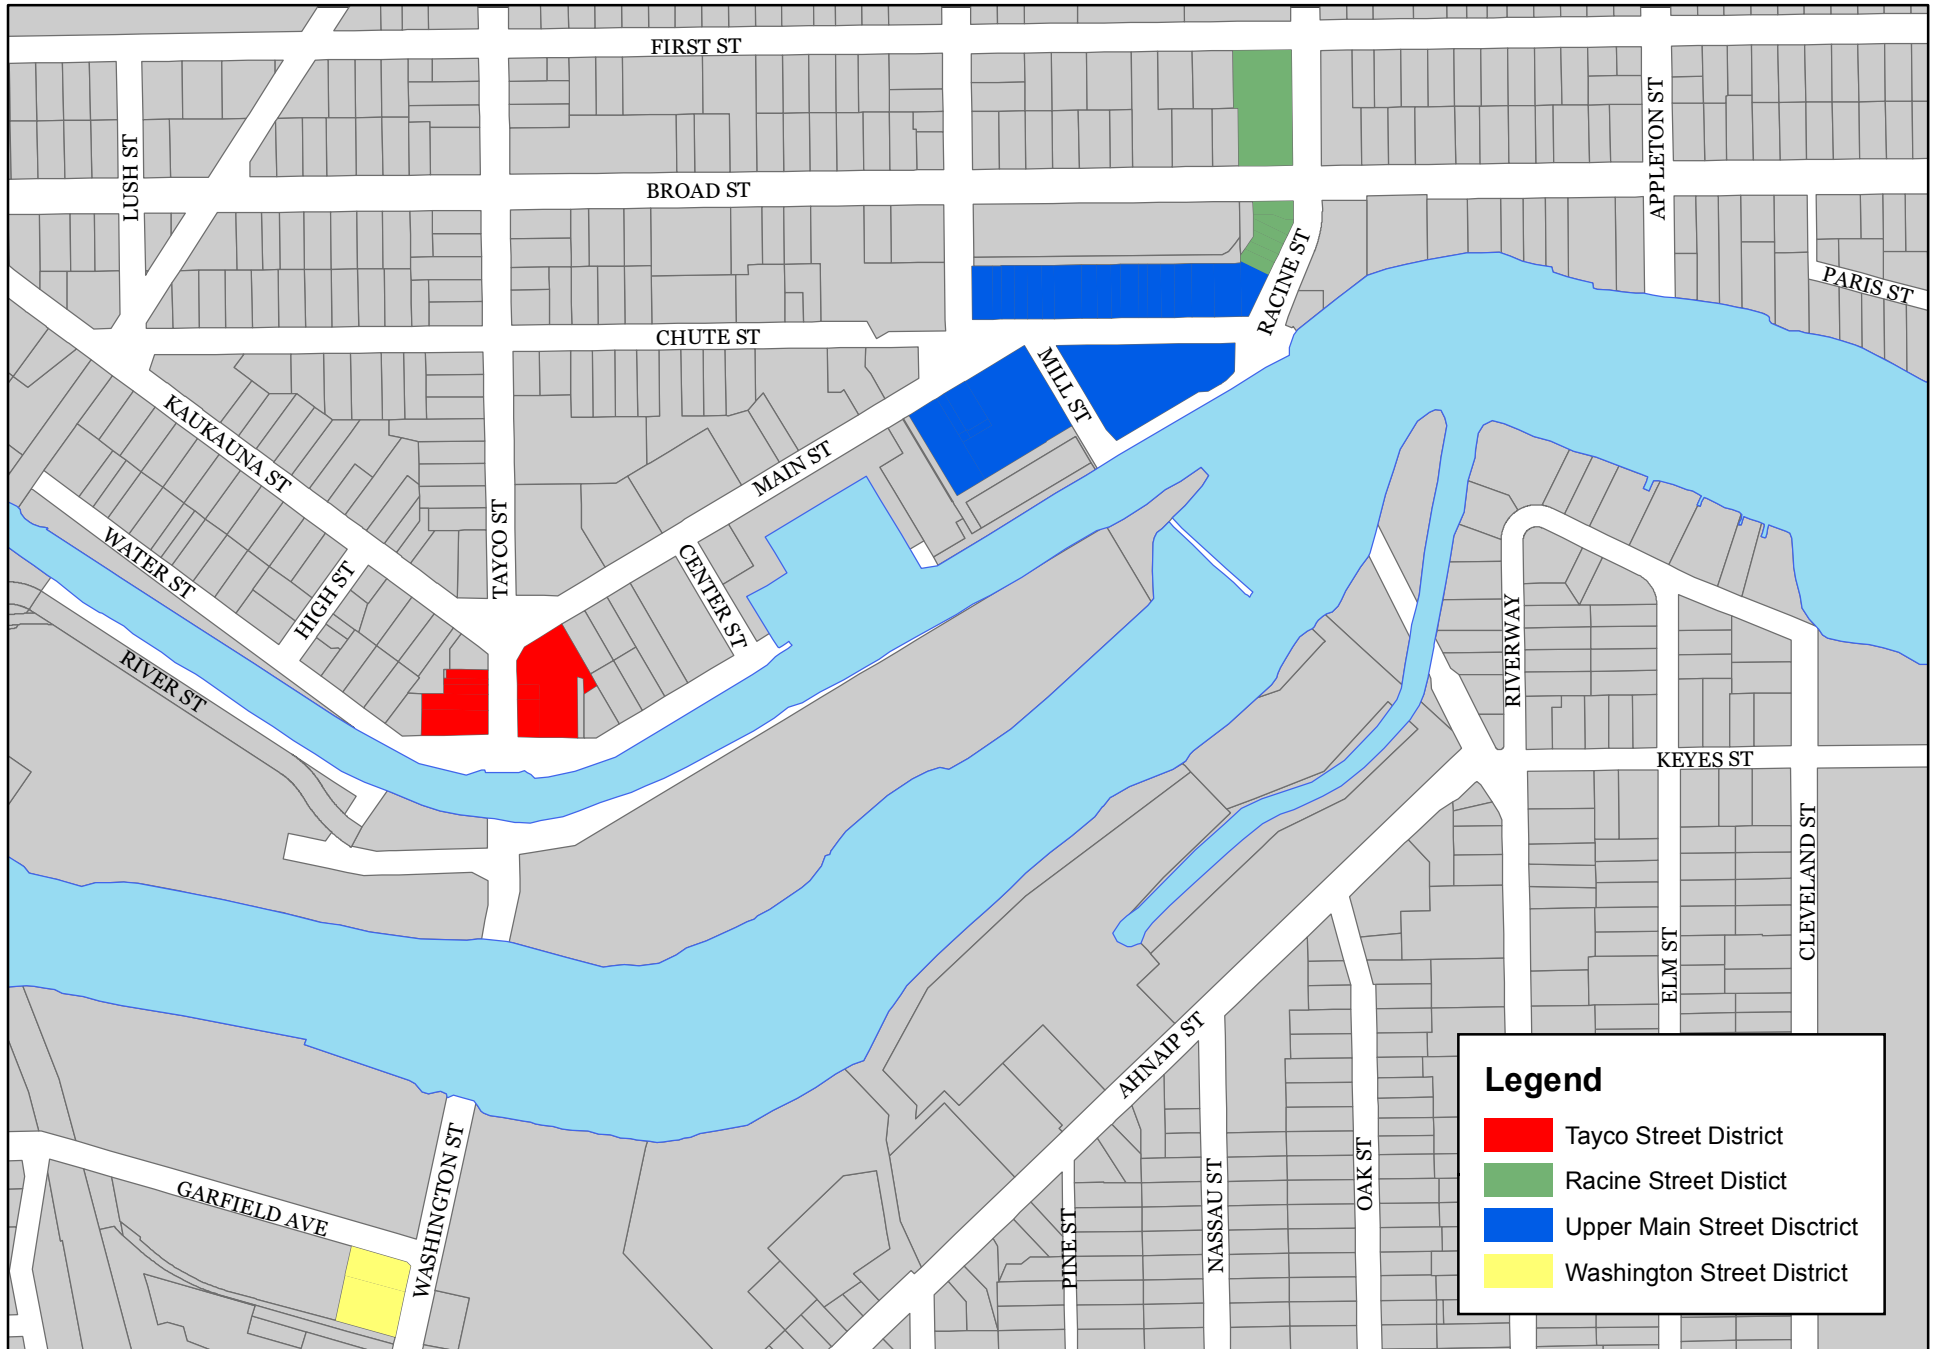

The process for designating historic structures and expanding or creating a new historic district starts with a conversation by the Landmarks Commission. The commission must find one of the following to be true of each building in the proposed historic district.

1. Exemplify or reflect the broad cultural, political, economic, or social history of the nation, state, or community; or
2. Are identified with historic personages or with important events in national, state, or local history; or
3. Embody the distinguishing characteristics of an architectural type or specimen inherently valuable for a study of a period, style, method of construction, or of indigenous materials or craftsmanship; or
4. Are representative of the notable work of a master builder, designer, or architect who influenced his age; or
5. Have yielded, or may be likely to yield, information important to prehistory or history.

Once it has been determined that the buildings in question meet one of the above requirements the Commission may vote to move forward with creating a historic district. Residents within 100 feet of the district must be notified with a Class 1 Notice and a public hearing will be held to allow the public to voice their opinion. Within 10 days of the public hearing the Landmarks Commission must vote on whether or not to create the new district. The property owners of the buildings in question will be noticed and are given 30 days to appeal the decision to the Common Council, if they so choose.

This meeting is exploratory in purpose and will determine if Landmarks Commission would like to look into expanding or creating new historic districts.

City of Menasha Historic District Map

SEC. 2-4-8 LANDMARKS COMMISSION.

- (g) **DESIGNATION OF HISTORIC STRUCTURES.** For purposes of this ordinance, a historic structure, historic site, or historic district designation may be placed on any site, natural or improved, including any building, improvement, or structure located thereon, or any area of particular historic, architectural, archeological, or cultural significance to the City, such as historic structures, sites or districts which:
- (1) Exemplify or reflect the broad cultural, political, economic, or social history of the nation, state, or community; or
 - (2) Are identified with historic personages or with important events in national, state, or local history; or
 - (3) Embody the distinguishing characteristics of an architectural type or specimen inherently valuable for a study of a period, style, method of construction, or of indigenous materials or craftsmanship; or
 - (4) Are representative of the notable work of a master builder, designer, or architect who influenced his age; or
 - (5) Have yielded, or may be likely to yield, information important to prehistory or history.
 - a. Designation of historic structures and historic sites.
 1. The commission may, after notice and public hearing, designate historic structures and historic sites or rescind such designation or recommendation after application of the criteria in section (4), above. At least 10 days prior to such hearing, the commission shall notify the owners of record, as listed in the office of the city assessor, who are owners or property in whole or in part situated within 100 feet of the boundaries of the property affected. These owners shall have the right to confer with the commission prior to final action by the commission on the designation. Notice of such hearing shall also be published as a Class 1 Notice under the Wisconsin Statutes. The commission shall also notify the following: department of public works, redevelopment authority, parks department, fire and police departments, health department, building inspection department, plan commission, and the city assessor. Each such department may respond to the commission with its comments on the proposed designation or rescission.
 2. The commission shall then conduct such public hearing and, in addition to the notified persons, may hear expert witnesses and shall have the power to subpoena such witnesses and records as it deems necessary. The commission may conduct an independent investigation into the proposed designation or rescission. Within ten days after the close of the public hearing, the commission may designate the property as either a historic structure or historic site, or rescind the designation. After the designation or rescission has been made, notification shall be sent to the property owner or owners. Notification shall also be given to the city clerk, building inspection department, plan commission, and the city assessor. The

property owner may appeal such decision to the common council within 30 days. The commission shall cause the designation or rescission to be recorded, at city expense, in the county register of deeds office.
