2. Status of Lot Reconfiguration within Lake Park Villas and Ponds of Menasha (Pond Area)

PP Homan indicated that Davel Engineering had prepared the CSMs for Lake Park Villas lot realignments, and the Replat for the Ponds of Menasha. The Replat has been sent to Lexington for review and comments on how to proceed regarding the pond.

Staff reviewed current lot alignments of other areas of the Villas, and determined several areas could also be re-divided to lots with a better building footprint and remove/realign functionally absolute outlots, in particular along the northernmost cul-de-sacs. The RDA directed CDD Keil to receive quotes for CSMs.
