HOUSING FEE REPORT

EXECUTIVE SUMMARY

In 2018, the Wisconsin State Legislature approved new legislation which requires communities of 10,000 population or more to provide two separate annual reports related to housing and housing fees in an effort to shed light and foster change on affordable housing issues across the state. Specifically, this document meets the requirements for Wis. Stats. 66. 10014 (Housing fee report).

HOUSING FEE REPORT

Requirements of this report include the following elements:

- (1) In this section, “municipality” means a city or village with a population of 10,000 or more.
- (2) Not later than January 1, 2020, a municipality shall prepare a report of the municipality's residential development fees. The report shall contain all of the following:
 - a. Whether the municipality imposes any of the following fees or other requirements for purposes related to residential construction, remodeling, or development and, if so, the amount of each fee:
 1. Building permit fee.
 2. Impact fee.
 3. Park fee.
 4. Land dedication or fee in lieu of land dedication requirement.
 5. Plat approval fee.
 6. Storm water management fee.
 7. Water or sewer hook-up fee.
 - b. The total amount of fees under par. (a) that the municipality imposed for purposes related to residential construction, remodeling, or development in the prior year and an amount calculated by dividing the total amount of fees under this paragraph by the number of new residential dwelling units approved in the municipality in the prior year.
- (3)
 - a. A municipality shall post the report under sub. (2) on the municipality's Internet site on a web page dedicated solely to the report and titled “New Housing Fee Report.” If a municipality does not have an Internet site, the county in which the municipality is located

shall post the information under this paragraph on its Internet site on a web page dedicated solely to development fee information for the municipality.

b. A municipality shall provide a copy of the report under sub. (2) to each member of the governing body of the municipality.

(4) If a fee or the amount of a fee under sub. (2) (a) is not properly posted as required under sub. (3) (a), the municipality may not charge the fee.

Part 2A: The City of Menasha imposes the following fees or other requirements for purposes related to residential construction, remodeling, or development. Only fees the City sets/collects are included in this report. Fees set by others, such as sanitary and utility districts, county and etc., are not included in this report. A complete copy of the fee schedule is included in Appendix A. Table 1 lists the types and amounts of these fees.

The 2019 average total fee cost for a new residential housing unit has been calculated by dividing the total amount of fees collected by the number of new residential dwelling units approved in the City in the prior year (Table 3). The City of Menasha does not charge a water or sewer hookup fee but various utilities throughout the city may charge a fee.

Table 3: City of Menasha Approved Residential Dwelling Units by Type (2019)
