

City of Menasha COVID-19 Data Summary

Date: April 13, 2023

Highlights

- **Vaccine Information**
 - COVID-19 vaccines are safe and effective at preventing infections, hospitalizations, and deaths. Everyone ages 6 months and older is eligible for vaccination. For more information, including information about the Menasha Health Department COVID-19 vaccine clinic, visit our [website](#).
 - If you have questions about the COVID-19 vaccine, call: 211 or 877-947-2211. Language assistance is available. Visit [vaccines.gov](https://www.vaccines.gov) to find a place to get your FREE COVID-19 vaccine.
- **Testing Information**
 - Wisconsinites can order 2 free self-test kits each month through the [Say Yes! COVID Test](#) program. Each test kit includes 5 rapid antigen tests.
 - The [COVID-19 Treatment Telehealth Program](#) provides free and easy access to COVID-19 healthcare, consultation, screening and prescriptions for antiviral treatments. This program is open to Wisconsinites 18 years and older, regardless of insurance status.
 - Visit our [testing sites webpage](#) for more information about where to find a COVID-19 test.

To help prevent the spread of the virus, follow current [isolation](#) and [quarantine](#) guidance if you test positive for COVID-19, have symptoms, or have been exposed.
