City of Menasha Closure Updates: City hall, PWF, Menasha Utilities, Library and Senior Center remain closed to public.

Stay Home, Flatten the Curve!

Please stay safer at home! Wisconsin is trying to flatten the curve of the number of COVID-19 cases in Wisconsin. The chart to the right demonstrates the current number of cases confirmed each day. The curve is not flat, yet! Please continue to stay safer at home to help flatten the curve! Remember—there are no medications or vaccines to protect us. Physical separation is the best way to stop this virus from spreading further.

Cumulative total COVID-19 cases by date confirmed

Do you have a vacation home?

Travel between private homes within the state, including seasonal homes or rental cabins, is strongly discouraged. This is for your safety and wellbeing as well as the safety of our rural counties and tribal communities. Non-essential travel outside your current community may spread COVID-19 to areas with very limited health care infrastructure. **If you choose to travel to a second home in Wisconsin, you should be prepared to immediately self-quarantine for 14 days. You should bring your own groceries and essentials, as self-quarantine does not permit shopping at local stores for supplies.**

Wellness Reminders

- Check out [COVID-19: Resilient Wisconsin](#). A resource helping you find healthy ways to cope and stay connected is more important than ever. That is what Resilient Wisconsin offers.

Resilient Wisconsin Tip #1

Get the three goods. That's good-for-you foods, a good night's sleep, and a good amount of exercise every day .
