CITY OF SAGINAW

1315 S. Washington Avenue
Saginaw, MI 48601
(989) 759-1401

November 26, 2019

To the Honorable Mayor, Members of the City Council,
And Citizens of the City of Saginaw:

In compliance with Section 52 of the City Charter, the comprehensive annual financial report of the City of Saginaw, Michigan for the fiscal year ended June 30, 2019, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including disclosures, rests with the City. To the best of our knowledge and belief, the data presented is accurate in all material respects and is reported in a manner designed to fairly present the financial position and results of operations of the various funds and account groups of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

State law requires that all local governments, subject to a certain size criteria, publish within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles ("GAAP") and audited in accordance with generally

accepted accounting standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report.

Generally accepted accounting principles require that management provide a narrative, introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Saginaw, Michigan has operated under a Council/Manager form of government since January 6, 1936.

As required by City Charter, the nine member City Council is elected at-large on a non-partisan basis to serve four-year terms of office. The Council is vested with all legislative powers of the City except as otherwise provided by state law or the charter. The Mayor is selected from the nine members of the Council via a vote at the first meeting following the election and serves as the executive head of the City for a two-year term. The Mayor presides at all meetings of the Council, and may speak and vote in such meetings as any other member of the Council. The Mayor Pro-Tem is also selected by a vote during the first meeting following the election and performs the duties of the Mayor in his or her absence. The City Manager is appointed by the Council and is the Chief Administrative Officer and the head of the administrative branch of the City government. The City Manager is responsible for administering the policies and ordinances of the Council, for appointing the department heads of the City's various departments, and overseeing the day-to-day operations of the City.

The City of Saginaw is located in east central Michigan near the Saginaw Bay, and covers 18.09 square miles within Saginaw County. The cities of Saginaw, Midland, and Bay City form a metropolitan region known as the Great Lakes Bay Region. Saginaw is the largest of the three cities with a population of approximately 51,508 (2010 census).

The City provides a full range of services to its citizens. These services include law enforcement; fire protection and protective inspection; sanitation; water and wastewater treatment; maintenance of highways, streets, and infrastructure; parks; planning and zoning; other general administrative services; and other services as mandated by law.

Economic Conditions and Outlook

The City remains in stable financial condition, as is demonstrated by the financial statements and schedules included in this report. The top four revenues for the City are generated by the following, in order of revenue generated: 1. City Income Tax 2. State Shared Revenues, 3. Grants, and 4. Property Taxes. It is important to note that the City is limited in property tax collection due to a 1979 Charter amendment that placed a property tax cap on general operating collections. The City may only assess 7.5 mills or collect \$3.8 million, whichever is less, for general operations.

As the economy in Michigan and nationally has declined in recent years, so has the level of state shared revenue allocated to the City by the state government. During fiscal years 2017 through 2019 the City has seen slight increases in state shared revenue, but it is still significantly lower than it should be, had even modest increases been made annually. The City has had to direct additional efforts to collections of delinquent funds owed to the City, such as delinquent income taxes and other fee related revenue. The management team is determined to continue to improve processes and efficiencies to manage and collect all sources of revenue that are due to the City. Furthermore, the continuing development of a fee based service delivery system, where applicable, for the City will be a priority in the upcoming fiscal year as the City will depend more upon service fees as a means to provide the current level of services to the community.

The City of Saginaw has seen a transformation in its economic base. For many years manufacturing associated with the auto industry provided the primary source of employment for the region. The City's economy relied heavily on General Motors

and Delphi Automotive Systems, which accounted for approximately a quarter of the City's taxable valuation and City income tax revenue. In the past few years, the City has experienced a shift in the economy from automotive manufacturing to medical services and the health care industry. Three of the top ten major employers, in terms of income tax withholding, are now in the health care industry (Covenant Health Care, Ascension Health Ministry, and the Department of Veterans Affairs - VA Medical Center).

The City's Office of the City Manager, Office of Management and Budget (SEDC), and Saginaw Future Inc. are currently working on projects to bring new businesses to the City of Saginaw to further diversify the economic base. Central Michigan University College of Medicine has been operating for a few years, with multiple classes studying and working in Saginaw. The school is located at Covenant Medical Center and Ascension Health Ministry, both located in the city. Additionally, the city is experiencing growth in the downtown area, where two significant market rate apartment buildings were renovated for both residential and commercial use and have high occupancy rates for the residential units. The other significant downtown area, Old Town, continues to experience growth, as renovations are taking place on historic buildings to provide housing in the form of condominiums and apartments. Additionally, a new market rate condominium project has been completed and all units are occupied; there is an accompanying residential/commercial rental development that was recently completed as well. These condominiums are located on a formerly vacant lot in the heart of Old Town. Delta College constructed a new campus in downtown Saginaw, and classes, with higher than expected enrollment, began this fall.

SVRC Industries, has redeveloped the iconic former Saginaw News building into a 100,000 square foot mixed-use facility, named the SVRC Marketplace. The Marketplace opened in June 2018 and has become a go-to venue in the downtown area. The SVRC Marketplace is a mixed-use facility supporting a year-round indoor market, consisting of a unique shopping experience offering a wide variety of delicious foods and quaint shops. This eclectic space has opportunities for local entrepreneurs to spread their wings by offering a licensed commercial kitchen and affordable locations within the Marketplace to grow their businesses. The Downtown Saginaw Farmer's Market resides outdoors under the SVRC Marketplace Pavilion. In the coming years the City expects to announce more exciting additions to the local economy.

Long-term Financial Planning

The City anticipates that fiscal year 2020 will be another challenging year as state shared revenue and other City revenues have leveled off or are only slightly increasing, with expenses continuing to grow. The most significant are those related to retirees (healthcare and pension). This situation is not unique to the City of Saginaw, but is one that faces most communities in across the country. Many cities have been forced to reduce services in recent years to deal with historically accrued liabilities. The City has made several changes in the past few years to impact the long-term liability related to post-employment benefits – both pension and healthcare. Saginaw has eliminated the defined benefit pension plan for new hires and eliminated retiree healthcare for employees hired after 2009. The City also opened a new hybrid defined benefit and contribution retirement plan and was able to reamortize the necessary contributions for our traditional defined benefit retirement plans. Furthermore, on

January 1, 2017, the city transferred retirees into healthcare plans that are comparable to active healthcare plans. Previously, the city had 18 different retirement plans that were cost prohibitive. Through senior management's diligent work with these retirees to reduce the 18 plans down to two cost effective healthcare options, operational savings has been and will continue to be realized. We continue to evaluate and work toward additional changes.

The City of Saginaw has taken a proactive approach in addressing the issue of reduced revenue. As stated previously, the City has a renewed focus on collections and timeliness related to accounts receivable. A collections specialist has been working collaboratively with the Office of the City Clerk to ensure the notification and collection of past due Non-owner Occupied fees. Additionally, a City Manager created Management Review team continues to review city operations and make recommendations to reduce expenses and improve efficiency. The Management Review team has evolved from an implementation project team for the citywide staffing and efficiency study to a management group that meets with the City Manager regularly to review city operations and staffing levels. Since implementing many of the recommendations from that study, the team has continued to review operations and make additional recommendations and changes. The City Manager has also established a Financial Management Team to specifically address financial concerns. Finally, the City continues to update or develop fees for services and will continue to review all user fees generated by services provided to the public.

As has been typical for the past several years, the Fiscal Year 2019 budget was developed in a year of financial challenges. Local units of government throughout the country are

struggling to find ways to maintain services, particularly those cities that once relied heavily on the manufacturing industry. City administration's primary goal is to help build our city for the future and to develop it into what we believe it can be going forward. It is an exciting time for the city. Development, opportunity, interest, and investment are all taking place, particularly in the Riverfront District. With all of the changes over the last several years, the city has drastically changed the way it looks and the way that it does business. Community and economic development continue to be key focuses in Saginaw and there are some major initiatives that are happening. The City of Saginaw, in conjunction with the Michigan Municipal League and Saginaw Future, Inc., continues to find ways to enhance city services and entice businesses to the area. Riverfront Saginaw is the focus for commercial and entertainment enhancement in the City, and several like-minded community and business partners are working together to spread the positive message. This group is working together to get the word out about Saginaw. The goal is to accentuate the positives in our city, and let everyone know that Saginaw is open for business! Furthermore, in June of 2019, besides the city becoming a certified Redevelopment Ready Community, the city launched its marketing campaign with the revealing of its marketing video, "This is Saginaw, We Build Opportunity". The intent of this campaign is to attract new businesses, people, and real estate development to the city through changing the city's image.

City administration continues to take a holistic approach to financial planning, organizational development, and citizen engagement initiatives. We are increasing our presence in the community, while maintaining a budget that is solvent and sustainable. Legacy costs continue to be an issue for the city,

and the city is actively engaged with our union groups and retirees to reduce those costs.

As our community changes so does the City of Saginaw as an organization. The economy has forced everyone to make adjustments to the way they live. It has been more difficult than ever to make ends meet. The City of Saginaw is no exception. As you will notice in this budget, as well as by observing City operations, the City is not funding parks and recreation activities in the manner in which we would like. Saginaw is largely relying on volunteers and community groups to help improve and maintain our parks, and also to provide recreation services to our youth. That is why community groups are essential to the success of our City, and we do thank each and every one of those organizations.

In June of 2009, the City's Controller prepared a five-year financial forecast and presented it to the City Council in July of that year. The forecast illustrated what may happen to the City's financial position if it were to continue operating as if the economic climate has not changed. Thinking about future expenses drives city operations to this day. While the audit shows that our financial position has drastically improved, we are always aware of our future expenses and liabilities.

For the past several years the City has been dedicated to developing balanced budgets, establishing and maintaining strategic reserve funds, responsible review of capital improvement plans, and the efficient use of resources. In order to do so, the city has made necessary changes to services and operations to decrease expenses. The goal is to provide the public with the service levels that the city can afford. Expenditures will continue to be reduced through the extensive review of operations, cost containment initiatives, and the

strategic use of resources. Revenue will continue to be enhanced as the City seeks new and alternative methods of funding and focuses on the collection of past due receivables. In the coming years, the City will have to continue to implement bold and innovative measures in order to remain operationally and fiscally sound. Current planning takes this into account and provides a basis from which to focus on change through reforms and related difficult decision making.

Strategic Planning

The City of Saginaw management team and Council believe that long-term planning is vitally important to ensure the City's fiscal viability. The City of Saginaw's City Council and management team meet annually to discuss and prioritize the City's goals and objectives for the year.

In January 2017, The City of Saginaw's City Council, city administration, and members of the public set a five year vision for the City. The City's five key vision areas that came from this session were: 1.) Economic Development of the Urban Core, 2.) Neighborhood Revitalization, 3.) Arts, Culture, and Recreation, 4.) Police and Fire, and 5.) Utilities Infrastructure.

City Council and the Management Team envision a city that has reclaimed its longtime position as the region's most inviting and attractive place to live, work, play, and learn and have begun earmarking funding to meet these goals. This vision spotlights five areas where the City can re-invent itself and transition to the next level of excellence in local governance

Economic Development

In five years, Saginaw will be...

- A diverse economy including medical, manufacturing, government, and agri-business industries.
- Engaged in place-making and development around the riverfront.
- Increasing in small business support and development.
- A community that embraces underserved populations to create pathways to prosperity.

Neighborhood Revitalization

In five years, Saginaw will have...

- More code enforcement and community policing which will equal higher property values and better quality of life.
- A plan developed for housing in the City.
- Fewer vacant homes.
- Funding to adequately enforce the city's crime-fee lease addendum.
- Valuable use of vacant land created by blight removal.
- Larger neighborhood associations for increased transparency.

Arts, Culture, and Recreation

In five years, Saginaw will be...

- Structurally, focusing on improvements to a Central park area
- Administratively, developing a stronger promotion and cultural identity for the entire Celebration Square and surrounding attractions.
- Integrating promotion of Arts, Culture, and Recreation available in Saginaw into the City's promotional materials.
- Revamping City's promotional materials to meet the goal above.
- Completing the Riverwalk Loop.
- Finding a means to financially support and staff, as necessary, to accomplish the structural and administrative visions.
- Developing a resolution for Council to adopt that commits the City to this central park development, and conveys this to the public.

Police and Fire

In five years, Saginaw will have...

- More public safety resources to better serve the community, resulting in more cases investigated and people feeling safe in their homes.

- Funding to stabilize Public Safety workforce, which will result in improved levels of service to the community.
- Night life safety.
- Stability of jobs to make people want to work/live here.
- More diversity in the fire department.
- A high level of service.

Utility Infrastructure

In five years, Saginaw will have...

- Available resources and capacity to support development within the Water Treatment Plant and the Wastewater Treatment Plant.
- Feasibility of rehab or new water plant established.
- Wastewater improvements and continued maintenance being made and sustained.
- Established asset management plans

Image (Brand, Perception)

In October 2017, City Council adopted a mission statement, a vision statement, and core values.

Mission Statement: The City of Saginaw is committed to providing high quality services to ensure an inclusive, safe, and vibrant community in which to live, work, learn, and play.

Vision Statement: Saginaw, through collaboration and public/private ventures, will be a welcoming community that promotes neighborhood growth; stimulates business development and innovation; and fosters entertainment and educational opportunities for all.

Core Values:

- Diversity and Inclusiveness – We appreciate and value the uniqueness of each individual. We treat everyone with respect and dignity.
- Service, Accountability, and Responsiveness – We put our citizens first by establishing measurable performance goals, recognizing achievements, and responding to needs.
- Unity, Collaboration, and Teamwork – We form effective partnerships that maximize resources and deliver high quality services across the community.

During the strategic planning session, city council and the management team also developed SWOT Analysis for each priority. The entire Strategic Plan can be found on the city’s website at www.saginaw-mi.com.

Financial Information

Budgetary Controls

The City Charter requires the City Council, by resolution, to determine and adopt the budget and make the appropriations for the next fiscal year. It also requires, by resolution, for a tax levy amount necessary to be raised by taxation at least 30 days prior to the first day of the upcoming fiscal year.

Budgetary control is exercised at the department level (appropriation center) in the General Fund and at the fund level for all other funds. An encumbrance is placed on funds as purchase orders are issued as a way of accomplishing budgetary controls. Purchase orders that would exceed activity balances are not released until additional appropriations are made by City Council, or budget transfers, within the scope of authority granted by City Council, are executed. Actual expenditures are compared to anticipated expenditures and significant variances are identified and monitored monthly.

General fund line item budget transfers from one account to another with the same appropriation center (General Government, Fiscal Services, Police, Fire, Neighborhood Services, Public Service – General Fund, and Other General Fund) can be made without City Council approval. All budget transfers from one appropriation center to another must be approved by City Council. In all other funds, line item budget transfers from one account to another within the same department and fund can be made without City Council approval. These adjustments are reflected in the budget amounts in the financial statements.

Internal Controls

Management is responsible for establishing and maintaining an internal control structure designed to ensure that the City assets are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of the control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. We believe that the City's internal controls provide reasonable assurance of the proper recording of financial transactions. Because of inherent limitations in any internal accounting control, errors or irregularities nevertheless may occur and not be detected.

Single Audit

As a recipient of federal and state financial assistance, the City also is responsible for ensuring that adequate controls are in place to ensure compliance with applicable laws and regulations related to those programs. These internal controls are subject to periodic evaluation by the City's management team.

As part of the City's single audit, tests are made to determine the adequacy of the internal controls, including that portion related to federal awards, as well as to determine that the City has complied with applicable laws and regulations.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a certificate of achievement for Excellence in Financial Reporting to the City of Saginaw for its comprehensive annual financial report for the fiscal year ended June 30, 2018. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principals and applicable legal requirements.

A certificate of achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation and completion of the comprehensive annual financial report could not be accomplished on a timely basis without the dedicated services of the entire Department of Fiscal Services. Additionally, we would like to thank all members of City departments who assisted and contributed to its preparation.

We would also like to thank the Mayor, members of the City Council, and various City Departments for their leadership and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully Submitted,

Independent Auditors' Report

To the Honorable Mayor and City Council
City of Saginaw

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Saginaw, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Saginaw, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, retirement system information and other postemployment benefit information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Saginaw's basic financial statements. The introductory section, statistical section, and other supplementary information, as identified in the table of contents, are presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The other supplementary information, as identified in the table of contents, is the responsibility of management and, other than the prior year information, was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other than the prior year information, the other supplementary information, as identified in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical section, which are the responsibility of management, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Prior Year Supplementary Information

We also have previously audited, in accordance with auditing standards generally accepted in the United States, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the City of Saginaw's basic financial statements as of and for the year ended June 30, 2018, which are not presented with the accompanying basic financial statements. In our report dated November 20, 2018, we expressed unmodified opinions on the respective basic financial statements of the governmental activities, the business-type activities, the aggregate discretely present component units, each major fund, and the aggregate remaining fund information. That

audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the City of Saginaw's financial statements as a whole. The 2018 information in the comparative other supplementary schedule is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018 financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2018 information in the comparative supplementary schedules is fairly stated in all material respects in relation to the financial statements from which they have been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2019 on our consideration of the City of Saginaw's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Saginaw's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Saginaw's internal control over financial reporting and compliance.

City of Saginaw
Management's Discussion And Analysis
June 30, 2019

As management of the **City of Saginaw, Michigan**, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the accompanying basic financial statements.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected special assessments and accrued interest expense).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and

intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, general services, and community and economic development. The business-type activities of the City include the Water and Sewer services and the Boat Launch activities.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a Tax Increment Finance Authority, Downtown Development Authority, Saginaw Economic Development Corporation, Local Development Finance Authority, and a Brownfield Redevelopment Authority. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 3 - 1 through 3 - 3 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the

City of Saginaw
Management's Discussion And Analysis
June 30, 2019

information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains eighteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Major Streets and Community Development Fund, all of which are considered to be major funds.

Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for all funds and it is approved by the City Council per the City Charter. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

The basic governmental fund financial statements can be found on pages 3 - 4 through 3 - 9 of this report.

Proprietary funds. The City maintains two different types of proprietary funds: enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its Water and Sewer services and its Boat Launch activities. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City of Saginaw uses internal service funds to account for its Information Systems operations,

Geographic Information Services, Radio Revolving activities, Motor Pool operations, Public Works Building, and Risk Management program.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Fund, Sewer Fund, and Boat Launch Fund, with the Water and Sewer Funds considered to be major funds. Data from the other proprietary funds are combined and presented separately. Individual fund data for the internal service funds are provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 3 - 10 through 3 - 15 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 3 - 16 through 3 - 17 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 3 - 20 through 3 - 53 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information*. This includes the combining and individual fund financial statements and schedules. Combining and individual fund statements and schedules can be found in section 5 of this report.

City of Saginaw
Management's Discussion And Analysis
June 30, 2019

Government-wide Financial Analysis

The City of Saginaw has combined net position of (\$221,825,560). Business type activities comprise \$50,236,988 and governmental activities make up (\$272,062,548) of the total net position.

The table below shows, in a condensed format, a comparison of the net position as for the current date to the prior year.

	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018

Current liabilities	6,433,244	2,849,061	8,286,478	4,301,744	14,719,722	7,150,805
Long-term liabilities	357,796,334	357,472,918	130,593,574	134,967,703	488,389,908	492,440,621
Total liabilities	364,229,578	360,321,979	138,880,052	139,269,447	503,109,630	499,591,426
Deferred inflows	4,237,921	5,359,768	727,989	866,876	4,965,910	6,226,644
Total liabilities and deferred inflows	368,467,499	365,681,747	139,608,041	140,136,323	508,075,540	505,818,070
Net position:						
Net investment in capital assets	41,636,968	39,958,554	77,898,874	76,711,180	119,535,842	116,669,734
Restricted	3,090,661	2,975,993	-	-	3,090,661	2,975,993
Unrestricted (deficit)	(316,790,177)	(324,809,606)	(27,661,886)	(29,187,695)	(344,452,063)	(353,997,301)
Total net position	<u>\$(272,062,548)</u>	<u>\$(281,875,059)</u>	<u>\$ 50,236,988</u>	<u>\$ 47,523,485</u>	<u>\$(221,825,560)</u>	<u>\$(234,351,574)</u>

Business-type activities net position increased \$2,713,503 during the year. Governmental activities net position increased \$9,812,511 during the year. The primary cause of the increase in both business-type activities net position and governmental activities net position is due to open positions which caused salaries and benefits to be lower than expected.

The following table shows the revenue and expense components of changes in net position for the year ended June 30, 2019.

	Governmental Activities		Business-type Activities		Total

City of Saginaw
Management's Discussion And Analysis
June 30, 2019

Governmental Activities

General revenues for governmental activities totaled approximately \$32.7 million for the year ended June 30, 2019. This is an increase from the prior year due to increases in all areas of general revenues. Property taxes provided \$7.2 million in revenues while income tax generated approximately \$14.1 million from residents and non-residents who live or work in the City respectively. Intergovernmental revenues, in the form of state shared revenues, continue to be of concern. While they provided approximately \$8.6 million and have increased slightly in recent years, it is uncertain what will happen in the next several years.

Expenses for governmental activities decreased by about \$6.4 million due to decreases in general government, public safety, and highways and streets. The 2018 expenses were higher than normal due to the recording of the OPEB liability. Additionally, several significant capital items were ordered but not received in the fiscal year and various street construction projects have not been completed.

Business-type Activities

Business-type activities operated by the City include the water and sewer systems and the boat launch. Program revenues from business-type activities were approximately \$39.0 million. Significant items include sewer service - \$20.7 million and water supply - \$18.3 million.

The water and sewer expenses remained stable in fiscal year 2019, increasing less than one percent.

Raw water from Lake Huron is provided via the Saginaw-Midland Municipal Water Supply Corporation (SMMWSC), a joint venture between the City of Saginaw and the City of Midland. The SMMWSC pipeline supplies the City's water treatment plant as well as Midland's large industrial customers. The City owns and operates its own sanitary sewer collection and treatment system. In accordance with regulations promulgated by the Michigan Department of Environmental Quality, the sewer treatment system is operated by the City of Saginaw.

Current economic events

As of the date of this analysis, several issues are worth noting in evaluating the financial condition of the City of Saginaw.

Property tax cap – In 1979, the citizens of Saginaw froze the maximum dollar levy to that of the previous year, which stands to date at \$3,828,788. Therefore the corporate millage rate must be adjusted annually with each change in taxable value to ensure adherence to the imposed dollar levy cap or 7.5 mills, whichever is lower.

Renaissance Zones – Development in Renaissance Zones has increased and allows for residents of the zone to be assessed immaterial property taxes, and no local or state income taxes. Businesses located in the Renaissance Zone are exempt from local and state corporate taxes. Recent medical activity in zones has resulted in job movement from inside and outside of the City into the zones. Recent housing developments have resulted in new residents moving into the zones.

Economic growth – The City continues to experience moderate economic growth, in both residential and commercial properties. The Saginaw Housing Commission continues to provide scattered public housing within the City of Saginaw. Future State of Michigan Public Act 425 Agreements or corresponding service agreements continue to be negotiated with other communities as they increase business and residential development. These agreements will provide a direct revenue flow to the general fund. The most promising Public Act 425 Agreement revenue stream is local income tax.

Local income tax – The City of Saginaw receives approximately 38% of its general fund revenue from local income tax. The income tax revenue has now increased for the fourth consecutive year. For the 2019-2020 budget, the revenue from income taxes is expected to increase approximately \$1,035,000 from the 2018-2019 budgeted amount.

State shared revenues – The City of Saginaw receives approximately 23.4% of its general fund revenue from state revenue sharing.

City of Saginaw
Management's Discussion And Analysis
June 30, 2019

However, projections from the State for the 2019-2020 budget show funding in State shared revenue to slightly increase, specifically the Constitutionally required payments to increase by 2%.

Financial analysis of City funds and budgets

The general fund ended 2018-2019 with a fund balance of approximately \$10.3 million, of which \$219,418 is nonspendable for prepaids and inventory, \$18,704 is restricted for public safety, cemeteries, and economic development, \$142,128 is committed for public safety, cemeteries, and public services, and \$2,716,553 is assigned for public safety, facilities, neighborhood services, public services, general government obligations and general fund repairs.

The unassigned fund balance is \$7,193,805 as of June 30, 2019. The unassigned amount represented 21.0% of the June 30, 2019 general fund expenditures and other financing uses. That same number represents 20.5% of the fiscal year 2019-2020 budget (prior to 2019-2020 budget amendments). The net positions of several restricted fund balances for certain activities have been cleared out by the net pension liability and the net OPEB liability.

Several factors affected general fund operating results:

- City Income tax revenue increased \$395,368
- Redistribution of closed capturing districts, resulting in a one-time property tax revenue increase of \$598,985
- Grants, donations and contributions increased \$1,523,383
- Public safety expenditures increased \$1,908,668

The general fund budget is amended throughout the year. Revenues were \$1,124,167 over budget while expenditures were \$2,600,979 under budget.

The City's June 30, 2019, \$266 million in unfunded health care liability impacts all funds per the December 31, 2018, measurement. Prior to the 2003-2004 fiscal year, the general fund was the single contributing

fund to this liability. After receiving the June 30, 2001 actuary report, other funds were budgeted to contribute. The city has taken many steps to address the unfunded liability and filed a plan with the state to begin funding retiree healthcare, beginning with the fiscal year ending June 30, 2019.

Capital asset and debt administration

Capital assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2019, amounted to \$163,655,426 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, buildings, leasehold improvements, machinery and equipment, office furniture and fixtures, and vehicles.

Major capital asset events during the current fiscal year included the following

- Police Cars - \$685,652
- Concrete and Asphalt Roads - \$3,956,795
- Sewer Primary Clarifier - \$955,471
- Water Plant and Pumpstation repairs - \$1,111,076
- Water lines - \$1,293,032

Additional information on the City's capital assets can be found beginning on page 3 - 33 of this report.

**City of Saginaw
Management's Discussion And Analysis
June 30, 2019**

Long-term debt

At the end of the current fiscal year, the City of Saginaw had total debt outstanding of \$44 million in principal and \$12.9 million in interest. The City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds) as well as installment contracts and capital leases for equipment.

	Governmental Activities		Business-type Activities		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
Loans/bonds	\$ 5,302,606	\$ 657,808	\$ 38,496,183	\$ 12,246,648	\$ 43,798,789	\$ 12,904,456
Capital leases	213,669	19,309	-	-	213,669	19,309
Total	\$ 5,516,275	\$ 677,117	\$ 38,496,183	\$ 12,246,648	\$ 44,012,458	\$ 12,923,765

The City maintains an "BBB+" bond rating with Standard & Poor's for its general obligation debt.

State statutes (Article 7, Section II, Michigan Constitution of 1963) limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total state equalized valuation. The current debt limitation for the City is \$46,389,000, which is significantly higher than the City's outstanding general obligation debt.

Additional information on the City's long-term debt can be found on pages 3 - 37 through 3 - 40 of this report.

Economic factors and next year's budget

The following factors were considered in preparing the City's budget for the 2020 fiscal year:

- 12% decrease in property taxes
- Significant increases to the police pension contributions
- Stabilized annual pension contributions for all other departments
- 26% increase in delinquent income tax revenues
- 8% increase in retiree healthcare costs for the unfunded liability
- Continued increase in active healthcare costs, including short and long term disability insurance and life insurance
- 2.5% increase in full-time wages, based on collective bargaining agreements
- Increase to the Gas and Weight State Shared Revenues due to the \$0.07 increase in the state's gasoline tax
- Lead and copper galvanized line replacement

Contacting the City of Saginaw

This report is intended to aid our residents and other interested parties in understanding the City of Saginaw's financial condition. Questions and comments should be directed to the Fiscal Services Department at the Saginaw City Hall, 1315 South Washington Avenue, Saginaw, Michigan 48601. Fiscal Services staff can be reached at 989-759-1443 or at saginaw-mi@domino.com.

Governmental Funds
Reconciliation of Fund Balances of Governmental Funds
to the Net Position of Governmental Activities
June 30, 2019

Total fund balances for governmental funds	\$ 19,727,391
Total net position for governmental activities in the statement of net position is different because	
Capital assets net of accumulated depreciation used in governmental activities are not financial resources and therefore are not reported in the funds.	29,345,871
Capital assets not being depreciated used in governmental activities are not financial resources and therefore are not reported in the funds.	17,236,570
Certain receivables are not available to pay for current period expenditures and, therefore are deferred in the funds.	1,700,118
Certain liabilities are not due and payable in the current period and are not reported in the funds.	
Accrued interest	(152,502)
Compensated absences	(2,663,994)
Deferred outflows (inflows) of resources	
Deferred outflows (inflows) of resources resulting from the net pension liability	12,118,615
Deferred outflows (inflows) of resources resulting from the total OPEB liability	128,929
Long-term liabilities applicable to governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities.	
Long-term debt	(5,504,225)
Net pension liability	(116,382,383)
Total OPEB liability	(219,178,707)
Internal service funds are included as part of governmental activities.	<u>(8,438,231)</u>

City of Saginaw
Governmental Funds
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2019

Net change in fund balances - Total governmental funds	\$ 4,222,876
Total change in net position reported for governmental activities in the statement of activities is different because	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Depreciation expense	(3,177,965)
Capital outlay	5,723,726
Sale of capital assets (net book value)	(5,371)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.	
Special assessments	(35,007)
Grants	(197,319)
Notes receivable	(18,874)
Expenses are recorded when incurred in the statement of activities	
Accrued interest	(107,330)
Compensated absences	125,525
The statement of net position reports the net pension liability and deferred outflows and deferred inflows of resources related to the net pension liability and pension expense. However, the amount recorded on the governmental funds equals actual pension contributions.	
Net change in the deferred inflows and outflows of resources related to the net pension liability	11,453,290
Net change in the deferred inflows and outflows of resources related to the total OPEB liability	(6,200,748)
Net change in the net pension liability	(15,822,152)
Net change in the total OPEB liability	14,170,611
Bond proceeds are reported as financing sources in the governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position.	
Issuance of debt	(1,461,293)
Repayments of long-term debt	604,985
Internal service funds are also included as governmental activities	537,557
Change in net position of governmental activities	\$ 9,812,511

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the City of Saginaw, Michigan (the “City”) conform to accounting principles generally accepted in the United States of America (“GAAP”) as applicable to governmental units. The Governmental Accounting Standards Board is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant accounting policies used by the City of Saginaw:

Reporting entity

City of Saginaw is governed by an elected nine-member Council. The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Although blended component units are legal separate entities, in substance, they are part of the City’s operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City (see discussion below for description).

Discretely presented component units

The component unit column in the entity wide financial statements includes the financial data of the City’s thirteen component units. These units are reported in a separate column to emphasize that they are legally separate from the City. Separately issued financial statements are not prepared for any of the discretely presented component units.

Tax Increment Finance Authority (TIFA) – Two component units – City Council established TIFA districts pursuant to Act 450 of the public Acts of 1980 for the Saginaw Division Tower and Morley Building projects. Property tax revenues received from the “captured” portion of these properties are restricted to pay project expenditures or set aside for future development within the districts depending on the development plan adopted for each project. The

members of the governing Board of the TIFA are appointed by City Council and development agreements of the TIFA districts are also approved by City Council. The City has the ability to significantly influence the operations of the TIFA. The Morley Building TIFA expired during the current year.

Downtown Development Authority (DDA) – Two component units – The members of the governing Board of the DDA are appointed by City Council and development agreements of the DDA districts are also approved by City Council. Districts were established for the Commerce Center and the DDA 2011. The City has the ability to significantly influence the operations of the DDA. The DDA 2011 district began capturing taxes in fiscal year 2016.

Local Development Finance Authority (LDFA) – Six component units – When legislation expired for TIFA projects (above), City Council established LDFA districts pursuant to Act 281 of the Public Acts of 1986 for the following economic development projects: Thomson Saginaw Ball Screw Company, Sexton, Baker Perkins, Treasure Island, Saginaw Machine Systems and Saginaw Tool and Die. Property tax revenues received from the “captured” portion of these properties are restricted to pay project expenditures or set aside for future development within the districts depending on the development plan adopted for each project. The members of the governing Board of the LDFA are appointed by City Council and development agreements of the LDFA districts are also approved by City Council. The City has the ability to significantly influence the operations of the LDFA. These component units were terminated during the current year.

Saginaw Economic Development Corporation (SEDC) – One component unit – The members of the governing Board of the SEDC are appointed by City Council and they review and approve loans to businesses located within the City limits. The City has the ability to significantly influence the operations of the SEDC.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Brownfield Redevelopment Authority – One component unit – Property tax revenues received from the “captured” portion of these properties are restricted to pay site cleanup expenditures and future development depending on the development plan adopted for each project. The members of the governing Board of the Authority are appointed by City Council and they review and approve development plans for businesses relocating within designated areas of the City where property was once contaminated. The City has the ability to significantly influence the operations of the Brownfield Redevelopment Authority.

Joint venture – Saginaw-Midland Municipal Water Supply Corporation (SMMWSC)

The City of Saginaw purchases raw water from the SMMWSC. This corporation brings water from Lake Huron, beginning at Whitestone Point, through a joint supply line, to Junction Station, at which point it is pumped through separate lines to Midland and Saginaw. The joint line is operated and maintained by the Corporation, which is an inter-governmental body composed of six members. Three members each are appointed by the Saginaw and Midland City Councils. The City of Saginaw owns 23/43rds of the Saginaw-Midland Municipal Water Supply Corporation and the City of Midland owns 20/43rds.

This joint venture is accounted for in the Water Fund using the equity method. The City reported a decrease in equity of \$299,774 as nonoperating expenses. At June 30, 2019, total outstanding bonded debt and loans of the SMMWSC was \$4,435,000. The City was obligated for \$2,372,209 of this total. During fiscal year 2019, the City paid the Corporation \$229,920 to finance its share of the contractual obligations. The City’s equity of \$16,089,942 in the SMMWSC is recorded as an investment within the Noncurrent Assets section on the statement of net position of the Water Fund.

The financial information for the year ended June 30, 2019, for the SMMWSC is as follows:

Total assets and deferred outflows of resources	\$ 37,650,826
Total liabilities and deferred inflows of resources	<u>7,569,630</u>
Net position:	
City of Saginaw	16,089,942
City of Midland	<u>13,991,254</u>
Total net position	<u>\$ 30,081,196</u>
Total revenues	\$ 4,387,610
Total expenses	<u>4,948,059</u>
Net loss	(560,449)
Net position at beginning of year	<u>30,641,645</u>
Total net position	<u>\$ 30,081,196</u>

Complete financial statements can be obtained at the Saginaw-Midland Municipal Water Supply Corporation, 4678 Three Mile Road, Bay City, Michigan 48706.

Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by

City of Saginaw
Notes to the Financial Statements
June 30, 2019

program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. However, agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are

collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, intergovernmental revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Major Streets Fund receives allocations of State collected gasoline taxes and license fees to be used for the maintenance, repair and construction of major streets and bridges within the City.

The Community Development Fund accounts for the grant revenues and related community development projects under the grants.

The City reports the following major proprietary funds:

The Water Fund accounts for the activities of the City's water distribution and treatment system.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

The Sewer Fund accounts for the activities of the City's sewage disposal and treatment system.

Additionally, the City reports the following:

Capital project funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Permanent funds account for monies provided by a private bequest that must be maintained intact and invested. Investment earnings are used based on the donors' directions.

Internal service funds account for fringe benefit, information services, radio equipment, geographic information systems, and fleet management services provided to other departments or agencies of the City on a cost reimbursement basis.

Agency funds are used to account for assets held for other governments in an agency capacity, including tax collections.

Fiduciary funds are used to account for assets held in trust for other employee benefits.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated

resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sewer and Water Funds and the internal service funds are charges to customers for sales and services. The enterprise funds also recognizes as operating revenue the portion of tap fees in order to recover the cost of connecting new customers to the system. Operating expenses for sewer and water funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, liabilities, and net position or equity

Deposits and investments – For purposes of the statement of cash flows, the City considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

Receivables and payables – All receivables are recorded at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Activity between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to / from other funds” (i.e., the current portion of interfund loans) or “advances to / from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to / from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

All receivables are shown as net of allowance for uncollectible amounts.

Inventories and prepaid items – Inventories are valued at cost, on a first-in, first-out basis (special revenue funds) or average cost (enterprise and internal service funds) methods. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future fiscal years. For such payments in governmental funds the City follows the consumption method, and they therefore are capitalized as prepaid items in both entity-wide and fund financial statements.

Restricted assets – Restricted assets result from revenue bond ordinance reserve requirements and proceeds of bond issues stipulated for construction of capital assets. They also result from other legal and contractual requirements which restrict the use of resources.

Capital assets – Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and an estimated useful life

in excess of two years. Such assets are recorded at historical cost or estimated historical cost, if purchased or constructed.

The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations the City values these capital assets at the acquisition value of the item at the date of its donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if any, is included as part of the capitalized value of the assets constructed. No such interest expense was incurred during the current fiscal year.

Property, plant and equipment are depreciated using the straight-line method over the following useful lives:

Streets system infrastructure	7 to 50 years
Buildings and improvements	50 years
Combined sewer overflow facilities	25 years
Plan equipment	15 years
Radio equipment	8 years
Office and data processing equipment	5 years
Vehicles	5 years

Deferred outflows of resources – A deferred outflow of resources is a consumption of net position by the City that is applicable to a future reporting period. The City reports deferred outflows of resources as a result of pension earnings. This amount is the result of a difference between what the plan expected to earn from plan investments and what is actually earned. This amount will be amortized over the next four years and included in pension expense. Assumption and Experience differences relating to the net pension liability is deferred and amortized over the expected remaining service lives of the

City of Saginaw
Notes to the Financial Statements
June 30, 2019

employees and retirees in the plan. The City also reports deferred outflows of resources for pension and OPEB contributions made after the measurement date. This amount will reduce the net pension liability and total OPEB liability in the following year. In addition, the City reports deferred outflows of resources for deferred losses on bond refunding. A deferred loss results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is amortized using the shorter of the life of the refunded or refunding debt.

Compensated absences – The liability for unused sick and vacation/paid time off (PTO) hours as earned by employees at various rates has been recorded as current and long-term liabilities in the governmental and business-type activities. AFSCME, SEIU and non-union management employees are paid for all of their accumulated PTO days, up to a maximum of 1,312 hours, upon death, termination or retirement. Fire fighters are paid for all of their accumulated PTO days, up to a maximum of 2,148 hours, upon death, termination or retirement. COAM and POAM union employees are paid for one-half of their accumulated unused sick days upon death or retirement up to a maximum of 1,312 hours in addition to their unused vacation hours. Certain employee groups are allowed to accumulate overtime hours and later use these accumulated hours as time off in lieu of a cash payment. The limitations on hours carried forward and paid out vary depending on bargaining units and dates of hire. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-term obligations – In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using

the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The City is subject to a legal debt limit equal to 10 percent of the most recent December 31 assessed valuation of property. As of June 30, 2019, the City has the capacity to issue \$38,490,000 of additional debt.

Deferred inflows of resources – A deferred inflow of resources is an acquisition of net position by the City that is applicable to a future reporting period. For governmental funds this includes unavailable revenue in connection with receivables for revenues that are not considered available to liquidate liabilities of the current period. The City also reports deferred inflows of resources for assumption and experience differences relating to the total OPEB liability, which is amortized over the expected remaining service lives of employees and retirees in the plan.

Pensions – The City offers pension benefits to retirees. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees Retirement System (MERS) of Michigan and additions to/deductions from MERS' fiduciary net position have been determined on the same basis as they are reported to the system. For this purpose, benefit payments (including refunds of employee

City of Saginaw
Notes to the Financial Statements
June 30, 2019

contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other postemployment benefits – For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the plan have been determined on the same basis as they are reported by the City. For this purpose, the City recognizes benefit payments when due and payable in accordance with the benefit terms.

Fund equity – In the fund financial statements, governmental funds report fund balance in the following categories:

Non-spendable – amounts that are not available in a spendable form.

Restricted – amounts that are legally imposed or otherwise required by external parties to be used for a specific purpose.

Committed – amounts constrained on use imposed by the City's highest level of decision-making, the City Council. A fund balance commitment may be established, modified, or rescinded by a resolution of the City Council.

Assigned – amounts intended to be used for specific purposes. The City Council has authorized the City Manager to assign fund balance for a specific purpose. Residual amounts in governmental funds other than the general fund are automatically assigned by their nature.

Unassigned – all other resources; the remaining fund balances after non-spendable, restrictions, commitments and assignments.

The following are the details of the committed fund balance as of June 30, 2019:

General Fund	
Public safety	\$ 51,040
Public services	91,088
Public Employee Healthcare	<u>1,574,735</u>
Total committed fund balance	<u>\$ 1,716,863</u>

The following are the details of the assigned fund balance as of June 30, 2019:

General Fund	
Public safety	\$ 563,044
Repairs	5,539
Public services	284,562
Community services	1,078,408
General government	785,000
Arts and Enrichment Commission	<u>161,057</u>
Total assigned fund balance	<u>\$ 2,877,610</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City's policy is to consider restricted funds spent first.

When an expenditure is incurred for purposes for which committed, assigned, or unassigned amounts could be used, the City's policy is to consider the funds to be spent in the following order: (1) committed, (2) assigned, (3) unassigned.

Comparative data

The financial information for the year ended June 30, 2018, presented for comparative purposes, is not intended to be a complete financial statement presentation.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Adoption of new accounting standards

Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* improves the information that is disclosed in notes to the financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities should be included when disclosing information related to debt. It requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. It will also require that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

Upcoming accounting and reporting changes

Statement No. 84, *Fiduciary Activities* improves the guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The focus of the criteria includes the following: (1) is the government controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds

generally will report fiduciary activities that are not held in a trust or similar arrangement that meets specific criteria. The requirements of this Statement are effective for the fiscal year ending June 30, 2020.

Statement No. 87, *Leases* is to improve accounting and financial reporting for leases. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The effective date is for the fiscal year ending June 30, 2021.

Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. It requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reporting in a business-type activity or enterprise fund. Interest cost incurred before the end of a construction period should be recognized as an expenditure for financial statements prepared using the current financial resources measurement. The requirements of this Statement are effective for the fiscal year ending June 30, 2021.

Statement No. 90, *Majority Equity Interests* improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain components. This statement is effective for the year ending June 30, 2020.

Statement No. 91, *Conduit Debt Obligations* provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2)

City of Saginaw
Notes to the Financial Statements
June 30, 2019

arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. This statement is effective for the year ending June 30, 2022.

The City is evaluating the impact that the above GASB Statements will have on its financial reporting.

Note 2 - Stewardship, Compliance, and Accountability

Budgetary information

The City Charter requires the City Council, by resolution, to determine and adopt the budget and make the appropriations for the next fiscal year and to provide, by resolution, for a tax levy of the amount necessary to be raised by taxation at least 30 days prior to the first day of the upcoming fiscal year. The Community Policing Fund, Local Law Enforcement Fund, Auto Theft Prevention Grant, Police Training Fund, Police ELERV Grant Fund and Youth Initiative Grant funds are budgeted as one fund. Budgetary control is exercised at the department (appropriation center) level in the General Fund and at the fund level for all other budgeted funds. General Fund line item budget transfers from one account to another within the same appropriation center can be made without City Council approval. All budget transfers from one appropriation center to another or from the General Fund contingent appropriation account must be approved by City Council. In all other funds, line item budget transfers from one account to another within the same department and fund can be made without City Council approval.

All unencumbered appropriations lapse at the end of the fiscal year unless specific requests to reserve funds for capital items are made

by the departments and approved by the City Controller. The subsequent fiscal year's budget is then amended when these expenditures are recorded. Encumbrances outstanding at June 30 do not lapse but are brought forward to the new fiscal year.

Significant encumbrances were as follows:

General Fund	\$ 196,477
Major Streets Fund	494,807
Community Development Fund	14,050
Sewer Fund	792,749
Water Fund	561,377
Nonmajor funds	<u>119,372</u>
 Total	 <u>\$ 2,178,832</u>

The General Fund, Community Development, Major Streets, Local Streets, Clean Energy Coalition, Public Safety Millage, Rubbish Collection, Police Grants (all budgeted as one fund), Drug Forfeiture, Andersen Center Operation, and Economic Development special revenue funds are under formal budgetary control as is required by Michigan Public Act 621. Budgets shown in the financial statements were prepared on the modified accrual basis. This is the same basis used to reflect actual results and consists only of those amounts contained in the formal budget approved by City Council. Special revenue funds are considered to be departments for budgetary purposes. All enterprise and internal service funds are budgeted annually for internal control purposes only. Budgetary information for these funds is not required in the financial statements. Budgetary control for the Capital Projects Fund is on a project basis because most exceed one fiscal year. Any funds not expended during the current fiscal year are carried forward until spent or reallocated. City Council does not formally adopt budgets for the trust and agency funds.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

State construction code act

The City oversees building construction, in accordance with the State's Construction Code Act, including inspection on building construction renovation to ensure compliance with the building codes. The City charges fees for these services. Beginning January 1, 2000, the law requires that collection of these fees be used only for construction code costs, including an allocation of estimated overhead costs.

A summary of the current year activity and the cumulative shortfall generated since January 1, 2000, follows:

Shortfall at July 1, 2018	\$ (7,438,029)
Current year building permit revenue	295,657
Related expenditures	<u>(1,090,563)</u>
Cumulative shortfall at June 30, 2019	<u><u>\$ (8,232,935)</u></u>

Note 3 - Deposits and Investments

At year end the City's deposits and investments were reported in the financial statements in the following categories:

	Cash and Cash Equivalents	Investments	Restricted Cash and Cash Equivalents	Restricted Investments	Total
Governmental activities	\$ 23,747,103	\$ -	\$ 86,488	\$ 2,844,758	\$ 26,678,349
Business-type activities	30,445,413	5,690,343	2,192,943	-	38,328,699
Total primary government	54,192,516	5,690,343	2,279,431	2,844,758	65,007,048
Fiduciary funds	4,540,607	973,340	-	-	5,513,947
Component unit	1,016,437	-	-	-	1,016,437
Total	<u><u>\$ 59,749,560</u></u>	<u><u>\$ 6,663,683</u></u>	<u><u>\$ 2,279,431</u></u>	<u><u>\$ 2,844,758</u></u>	<u><u>\$ 71,537,432</u></u>

City of Saginaw
Notes to the Financial Statements
June 30, 2019

The breakdown between deposits and investments is as follows:

	Primary Government	Fiduciary Funds	Component Units	Total
Bank deposits (checking and savings accounts, money markets and certificates of deposit)	\$ 56,463,797	\$ 4,540,607	\$ 1,016,437	\$ 62,020,841
Investments in securities, mutual funds and similar vehicles	8,535,101	973,340	-	9,508,441
Petty cash and cash on hand	8,150	-	-	8,150
	<u>\$ 65,007,048</u>	<u>\$ 5,513,947</u>	<u>\$ 1,016,437</u>	<u>\$ 71,537,432</u>

As of year-end, the City had the following investments:

Investment	Carrying Value	Rating	Rating Organization
Primary government			
Money market funds	\$ 1,334,783	N/A	N/A
U.S. government obligations			
FNMA	2,368,353	AA+	S&P
FHLMC	2,303,446	AA+	S&P
FHLB	1,828,954	AA+	S&P
FFCB	549,604	AA+	S&P
FNMAM	149,961	AA+	S&P
	<u>7,200,318</u>		
Total primary government	<u>\$ 8,535,101</u>		

Interest rate risk – The City does not have a formal investment policy to manage its exposure to fair value losses from changes in interest rates. The City uses the weighted average maturity method. As of June 30, 2019, maturities of the City’s debt securities were as follows:

	Total	Less than 1 year	1 year to 5 years	6 years to 10 years
U.S. Government agencies	\$ 7,200,318	\$1,696,656	\$ 4,697,784	\$ 805,878

Credit risk – Michigan Compiled Laws, Section 129.91, authorizes local governmental units to make deposits and invest in the accounts of federally insured banks and credit unions that have offices in Michigan. The local unit is allowed to invest in bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States; repurchase agreements; bankers’ acceptances of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions, which are rated as investment grade; and mutual funds composed of investment vehicles that are legal for direct investment by local units of government in Michigan.

Concentration of credit risk – The City has no policy that would limit the amount that may be issued in any one issuer.

Custodial credit risk – deposits – In the case of deposits, this is the risk that in the event of bank failure, the City’s deposits may not be returned to it. The City does not have a policy for custodial credit risk. As of year-end, \$62,616,777 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial credit risk – investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the City does not have a policy for investment custodial credit

City of Saginaw
Notes to the Financial Statements
June 30, 2019

risk. However, while uninsured and unregistered, the City's funds are not exposed to custodial credit risk since the securities are held in the counterparty's trust department in the City's name.

Note 4 - Fair Value Measurement

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2019:

- U.S. government obligations of \$7,200,318 are valued using quoted market prices (Level 1 inputs).
- The interest in pooled investments of \$973,340 is measured at net asset value (NAV) and is invested in MERS Retiree Health Funding Vehicle's MERS Diversified Bond Portfolio.

Note 5 - Receivables

Receivables as of year-end for the City's governmental and business-type activities in the aggregate, are as follows:

	Governmental Activities	Business-type Activities	Component Units
Primary government			
Income taxes	\$ 1,742,667	\$ -	\$ -
Accounts	2,832,233	5,393,448	-
Accrued interest and other Assessments	58,859	1,688	-
Due within one year	187,252	202,714	-
Notes			
Due within one year	49,866	-	-
Due after one year	461,155	-	2,229,836
Total receivables	5,332,032	5,597,850	2,229,836
Less allowance	(970,634)	(225,108)	(28,372)
Total receivables, net	<u>\$ 4,361,398</u>	<u>\$ 5,372,742</u>	<u>\$ 2,201,464</u>
Intergovernmental	<u>\$ 3,334,049</u>	<u>\$ -</u>	<u>\$ 39,892</u>

Note 6 - Interfund Receivables, Payable, and Transfers

The composition of interfund balances is as follows:

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor governmental funds	\$ 15,156
General Fund	Community Development	391,904
Sewer Fund	General Fund	1,295,391
		<u>\$ 1,702,451</u>

City of Saginaw
Notes to the Financial Statements
June 30, 2019

The details for interfund transfers are as follows:

<u>Funds Transferred From</u>	<u>Funds Transferred To</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 756,533
Community Development Fund	General Fund	142,967
Nonmajor governmental funds	Nonmajor governmental funds	154,528
Major Streets Fund	Nonmajor governmental funds	19,272
Sewer Fund	Nonmajor governmental funds	26,677
Water Fund	Nonmajor governmental funds	21,208
General Fund	Community Development Fund	59,204
		<u>\$ 1,180,389</u>

Transfers are used to move unrestricted General Fund revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs. Transfers from the Community Development Fund offset the costs of community police officers. Transfers from the General Fund and Rubbish Fund are for installment contract payments all paid out of the Capital Projects Fund. Additionally, the General Fund, Major Streets Fund, Local Streets Fund, Rubbish Fund, Sewer Fund and Water fund transferred amounts to the Public Employee Healthcare Fund to help cover costs.

Note 8 - Unearned Revenue

Governmental funds and governmental activities report unearned revenue in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the components of unearned revenue are as follows:

	<u>Unearned</u>
Primary government	
Grant receipts prior to meeting eligibility requirements	<u>\$ 93,238</u>

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Note 9 - Long-Term Debt

The City issues bonds to provide for the acquisition and construction of major capital projects. General obligation bonds are direct obligations and pledge the full faith and credit of the City. City contractual agreements and installment purchase agreements are also general obligations of the City. Revenue bonds involve a pledge of specific income derived from the acquired or constructed assets to pay debt service.

Long-term obligation activity is summarized as follows:

	Amount of Issue	Maturity Date	Interest Rate Ranges	Principal Maturity Ranges	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities									
Bonds and notes payable									
Direct borrowings and direct placements									
General obligation bonds									
Capital Improvement Bonds	\$ 3,692,946	2027	3.12%	\$358,785 - \$380,529	\$ 3,348,657	\$ -	\$ 344,289	\$ 3,004,368	\$ 358,875
Energy reduction revolving loan fund	100,000	2028	2.50%	\$6,628 - \$7,906	64,439	-	6,465	57,974	6,628
Notes payable	2,836,424	Varies	3.22 - 3.75%	\$32,000 - \$179,220	1,195,088	1,200,683	155,507	2,240,264	321,669
Total bonds and notes payable					4,608,184	1,200,683	506,261	5,302,606	687,172
Accrued sick and vacation payable					2,955,492	1,550,296	1,666,754	2,839,034	1,751,448
Capital Leases	413,241	Varies	Varies	\$6,025 - \$69,842	63,941	260,610	110,882	213,669	77,484
Total other long-term obligations					3,019,433	1,810,906	1,777,636	3,052,703	1,828,932
Total governmental activities					\$ 7,627,617	\$ 3,011,589	\$ 2,283,897	\$ 8,355,309	\$ 2,516,104

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for those funds are included as part of the above totals for governmental activities.

For the governmental activities, accrued sick and vacation/PTO compensatory time payable are generally paid by the General Fund and certain special revenue funds.

City of Saginaw

required to meet all operating, reserve and debt service requirements. These ordinances also require various accounts be maintained to cover operation and maintenance; improvements and extension; repairs and replacements; and a reserve for bond and interest redemption. Annual contributions are made to these accounts as required and to the reserve for bond and interest redemption to maintain it at a level equal to the largest annual debt service payment outstanding. Any funds remaining after meeting these requirements may be placed in a surplus fund to be used to meet future debt or reserve requirements or to provide a means of financing further improvements and extensions to the water system.

Deferred amount on debt refunding

The City issued bonds in prior years to advance refund and retire previously issued bonds. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt. This amount is reported in the accompanying statement of net position as a deferred outflow of resources and is being charged to activities through the year.

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Deferred amount on refunding	\$ 474,860	\$ -	\$ 25,902	\$ 448,958	\$ 25,901

Defeased debt

The City previously refunded bonds and the resources were used to purchase U.S. government securities that were placed in an irrevocable trust to generate resources for all future debt service payments. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the business-type activities. The defeased debt will be repaid annually through July 1, 2028, with principal installments ranging from \$600,000 to \$900,000 at interest rates of 4.00% to 5.25%.

State law and the City's revenue bond ordinances require that the City maintain such user charges and fees for service as may be

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Pledged revenues

The City has pledged future water customer revenues, net of specified operating expenses, to repay \$10,570,000 in water system revenue bonds issued in July, 2011. Proceeds from the bonds provided financing for replacing water meters, retro-fitting remote water meters, and acquiring automated meter reading equipment. The proceeds also refunded a portion of the 1993 Water Supply System Bonds and paid the costs of issuing the Series 2011 Bonds. The bonds are payable solely from the Net Revenues of the City's Water Supply System and are payable through 2031. The City has covenanted to charge rates which will produce annual Net Revenues sufficient to provide for 110% of annual debt service requirements on all outstanding Bonds for each year and to provide for such other expenditures and funds of the Water Supply System as are required by the Bond Resolution. The total principal and interest remaining to be paid on the bonds is \$9,574,763. Principal and interest paid for the current year and total customer net revenues, net of pension and OPEB expense, were \$798,585 and \$3,570,344, respectively.

The City has pledged future water customer revenues, net of specified operating expenses, to repay \$23,730,000 in water system revenue bonds issued in October 2016. Proceeds from the bonds provided financing for replacing a raw water transmission main along Davis Road, replacing finished water transmission mains along Davis Road, abandoning existing water transmission mains along Davis Road, and improvements to the reservoir and pump station in Kochville Township. The proceeds also refunded a portion of the 2008 Water Supply System Bonds and paid the costs of issuing the Series 2016 Bonds. The bonds are payable solely from the Net Revenues of the City's Water Supply System and are payable through 2036. The City has covenanted to charge rates which will produce annual Net Revenues sufficient to provide for 110% of annual debt service requirements on all outstanding Bonds for each year and to provide for such other expenditures and funds of the Water Supply System as are required by the Bond Resolution. The total principal and interest remaining to be paid on the bonds is \$30,357,800. Principal and

interest paid for the current year and total customer net revenues, net of pension and OPEB expense, were \$2,204,450 and \$3,570,344, respectively.

Note 10 - Leases

Capital leases

The City has capital leases for network switches and vehicles. The future minimum lease payments are as follows:

	<u>Year ending June 30,</u>	
	2020	\$ 87,270
	2021	72,854
	2022	<u>72,854</u>
Total minimum lease payments		232,978
Less amount representing interest		<u>(19,309)</u>
Present value of minimum lease payments		<u>\$ 213,669</u>
Asset		
Machinery and equipment		\$ 73,461
Vehicles		303,010
Less accumulated depreciation		<u>(131,031)</u>
Total		<u>\$ 245,440</u>

Operating leases

The City leases various IBM computer equipment under non-cancelable operating leases. Total costs for such leases were \$113,632 for the year ended June 30, 2019.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

The future minimum lease payments for these leases are as follows:

Year ending June 30,		
2020	\$	138,000
2021		138,000
2022		138,000
2023		138,000
2024		138,000
	\$	690,000

Note 11 - Risk Management

The City is a defendant in various civil and administrative legal actions arising during the normal course of its activities. In accordance with *FASB Accounting Standards Codification 450, Contingencies*, the City accrues for loss contingencies when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated.

The City Attorney protects the legal interests of the City by vigorously defending these actions and believes these actions will either be favorably resolved or that it is too early to estimate any possible loss upon the outcome of such cases. Often, the City Attorney negotiates expedient settlements on behalf of the City in amounts substantially less than the amount sought by the claimants. The City does not admit liability, however, in any of the cases settled.

The City is self-insured for workers' compensation. Over the past few years, the number of workers' compensation claims has greatly decreased. In accordance with GASB Statement No. 10, an estimate of the City's workers' compensation liability has been recorded in an Internal Service Fund.

Note 12 - Self Insurance

General liability

The City's insurance carriers are Argonaut Insurance Company for general liability and automobile coverage, and Arch Insurance Company for an additional umbrella policy. The City is insured up to \$10 million with a \$250,000 deductible per occurrence for general and automobile liability and a \$10,000 deductible for automobile physical damage. In addition, BCS Insurance Company provides cyber and privacy liability coverage with a \$10,000 deductible.

The self-insurance program for general liability is accounted for in the self-insurance internal service fund. The revenues for this fund's operation are reimbursements from various funds and a transfer from the general fund. Funds are charged for general liability insurance based on total budget. Losses, deductibles, legal and administrative fees are paid from this fund. The liability for known claims is estimated by ASC, a third-party claims administrator.

The changes in the claims liability for the fiscal years ended June 30, 2019 and 2018 are as follows:

	Beginning Claims Liability	Current Year Claims and Changes in Reserves	Claims Paid	Ending Claims Liability
6/30/2018	\$ 223,100	\$ 359,908	\$ (87,622)	\$ 495,386
6/30/2019	495,386	376,569	(529,866)	342,089

Other types of risk are covered by commercial insurance. There were no insurance settlements that exceeded coverage in the last three years.

Health insurance

The self-insurance program for health insurance is accounted for in the employee benefits agency fund, with any claims charged to the

City of Saginaw
Notes to the Financial Statements
June 30, 2019

applicable departments within the City's other funds, and the Public Employee Healthcare Fund. An independent administrator (Blue Cross) is hired to process the daily claims. The City is responsible for individual claims up to \$140,000 and Blue Cross is responsible for paying the claims above this amount. There were no reductions of insurance coverage from the prior year. The City is also responsible for paying administrative charges. The additions to this fund's operation are reimbursements from various funds. The liability at the end of the year is based on claims already incurred and reported and on estimates of incurred but not reported claims as provided by Blue Cross.

The changes in the claims liability for the fiscal years ended June 30, 2019 and 2018 are as follows:

	Beginning Claims Liability	Current Year Claims and Changes in Reserves	Claims Paid	Ending Claims Liability
6/30/2018	\$ 885,981	\$ 13,267,090	\$(13,266,435)	\$ 886,636
6/30/2019	886,636	13,540,043	(13,462,953)	963,726

Workers' compensation

The self-insurance program for workers' compensation is accounted for in the workers' compensation internal service fund. York Risk Services administers this program. They are responsible for processing incident reports, claims investigation, payment of claims and coordinating workers' compensation cases with the City's human resources division. The revenues for this fund's operation are reimbursements from various funds and a transfer from the general fund. Funds are charged for workers' compensation insurance on a percentage of actual salaries. The percentages vary depending on the payroll classification of each employee and are a composite of the rates of several insurance companies. Deposits for claims and administrative expenses are paid from this fund. The liability for

known claims is estimated by York Risk Services. Incurred but not reported claims are judged to be immaterial by management.

The City also carries excess workers' compensation coverage for claims exceeding \$750,000 through Safety National Insurance Company.

The changes in the claims liability for the fiscal years ended June 30, 2019 and 2018 are as follows:

	Beginning Claims Liability	Current Year Claims and Changes in Reserves	Claims Paid	Ending Claims Liability
6/30/2018	\$ 1,900,921	\$ 234,246	\$ (1,058,851)	\$ 1,076,316
6/30/2019	1,076,316	106,826	(141,579)	1,041,563

Note 13 - Employee Retirement and Benefit Systems

Retirement systems

Municipal Employees' Retirement System (MERS) of Michigan currently administers the Defined Benefit Plan, the Defined Contribution Plan for Non-Public Safety Employees and the Hybrid plan for the City. MERS is an independent, professional retirement services company that was created to administer the retirement plans for Michigan's local units of government on a not-for-profit basis. In addition, the International City/County Managers Association – Retirement Corporation (ICMA-RC) provides the Defined Contribution plan for Public Safety Employees. ICMA-RC's mission is to help public sector employees build retirement security.

Defined contribution pension plan

The City of Saginaw Employees Defined Contribution Pension Plan (the "Plan") is a single employer defined contribution pension plan, established by the City and administered by MERS. All City

City of Saginaw
Notes to the Financial Statements
June 30, 2019

employees hired after July 1, 2000, with the exception of certain bargaining units, were required to participate in the Plan. All IAFF union employees hired after July 1, 2001 were also required to participate in the plan. POAM & COAM union employees hired after January 1, 2002, were required to participate in the plan.

Employees vest in the City's contributions according to years of service completed. Employees with 3 years of service are 20% vested. The vesting schedule increases 20% for each additional year of service, with the employee becoming fully vested upon 7 years of completed service.

At June 30, 2019, there were 140 general city plan members and 57 public safety plan members. The City is required to contribute 10% of the employees' gross wages and the eligible employee is required to contribute 5% of their gross wages for general city employees. The City is required to contribute 13% of the employees' gross wages and the eligible employee is required to contribute 8% of their gross wages for public safety employees. The contribution requirements of plan members and the City are established and may be amended by the City Council.

Employer contributions to the Plan for the year ended June 30, 2019, amounted to \$706,400 and employee contributions were \$377,711.

A stand-alone pension plan report has not been issued for the defined contribution plan.

Hybrid defined contribution and defined benefit pension plan

POAM Union employees hired after January 1, 2015 are required to enroll in the Hybrid Plan. IAFF Union employees hired after January 1, 2016 are required to enroll in the Hybrid Plan and effective July 1, 2016, AFSCME Union, SEIU Union and Non-Union employees are required to enroll in the Hybrid plan.

The Hybrid plan contains both a defined benefit element and a defined contribution element.

For the defined benefit portion of the Hybrid Plan, participants are fully vested at 6 years of completed service. For the defined contribution portion, employees are 20% vested with 1 year of service. The vesting schedule increases 20% for each additional year of service.

At June 30, 2019, there were 121 general city plan members and 56 public safety plan members. The City is required to contribute 10% of the employees' gross wages and the eligible employee is required to contribute 5% of their gross wages for general city employees. The City is required to contribute 13% of the employees' gross wages and the eligible employee is required to contribute 8% of their gross wages for public safety employees. The contribution requirements of plan members and the City are established and may be amended by the City Council.

Employer contributions to the Plan for the year ended June 30, 2019, amounted to \$807,924 and employee contributions were \$438,312.

Defined benefit pension plan

Plan description – The City participates in the Michigan Municipal Employees' Retirement System (MERS), an agent multiple-employer defined benefit pension plan that covers all employees of the City. The plan was established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine member Retirement Board. The system provides retirement, disability and death benefits to plan members and their beneficiaries. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to MERS at 1134 Municipal Way, Lansing, Michigan 48917 or on the web at <http://www.mersofmich.com>.

The contribution requirements of the City are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members are established and may be amended by the City, depending on the MERS contribution program adopted by the City.

Employees covered by benefit terms – At the December 31, 2018 valuation date, the following employees were covered by benefit terms:

Inactive employees or beneficiaries currently receiving benefits	842
Inactive employees entitled to but not receiving benefits	19
Active employees	<u>221</u>
	<u>1,082</u>

Contributions – The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by

MERS Retirement Board. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer may establish contribution rates to be paid by its covered employees. All defined benefit divisions are closed to new hires. Closed divisions to new employees had annual employer contributions ranging from \$0 to \$3,149,616.

Net pension liability – The employer's net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an annual actuarial valuation as of that date. Substantially all funds are used to liquidate this liability.

Actuarial assumptions – The total pension liability in the December 31, 2018 annual actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement include: 1) Inflation 2.5%; 2) Salary increases 3.75%; 3) Investment rate of return of 8%, net of investment expense, including inflation.

Mortality rates used were based on a 50% male and 50% female blend of the following tables: the RP-2014 Healthy Annuitant Mortality Tables, with rates multiplied by 105%, the RP-2014 Employee Mortality Tables, and the RP-2014 Juvenile Mortality Tables. The mortality table used to project the mortality experience of disabled plan members is a 50% male and 50% female blend of the RP-2014 Disabled Retiree Mortality Tables.

The actuarial assumptions used in valuation were based on the results of the most recent actuarial experience study. There were no significant changes in assumptions during the most recent valuation.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of

City of Saginaw
Notes to the Financial Statements
June 30, 2019

investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates or arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Target Allocation Gross Rate of Return	Long-Term Expected Gross Rate of Return	Inflation Assumption	Long-term Expected Real rate of Return
Global equity	55.50%	8.65%	4.80%	2.50%	3.42%
Global fixed income	18.50%	3.76%	0.70%	2.50%	0.23%
Real assets	13.50%	9.72%	1.31%	2.50%	0.97%
Diversifying strategies	12.50%	7.50%	0.94%	2.50%	0.63%
	100.00%		7.75%		5.25%

Discount rate – The discount rate used to measure the total pension liability is 8.00%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plans fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the net pension liability during the measurement year were as follows:

	<u>2019</u>
Total Pension Liability	
Service cost	\$ 1,663,289
Interest on the total pension liability	25,680,216
Other changes	16,430
Experience differences	3,638,071
Benefit payments and refunds	<u>(28,946,607)</u>
Net change in total pension liability	2,051,399
Total pension liability - beginning	<u>334,644,376</u>
Total pension liability - ending (a)	<u>\$ 336,695,775</u>

Plan Fiduciary Net Position

Employer contributions	\$ 15,067,206
Employee contributions	417,958
Pension plan net investment income (loss)	(6,585,645)
Benefit payments and refunds	(28,946,607)
Pension plan administrative expense	<u>(337,481)</u>
Net change in plan fiduciary net position	(20,384,569)
Plan fiduciary net position - beginning	<u>179,541,317</u>
Plan fiduciary net position - ending (b)	<u>\$ 159,156,748</u>

Net pension liability (a-b) \$ 177,539,027

Plan fiduciary net position as a percentage of total pension liability	47.27%
Covered payroll	\$ 12,266,069
Net pension liability as a percentage of covered payroll	1447.40%

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Sensitivity of the net pension liability to changes in the discount rate – The following presents the net pension liability of the employer, calculated using the discount rate of 8.00%, as well as what the employer’s net pension liability would be using a discount rate that is 1% point lower (7.00%) or 1% higher (9.00%) than the current rate.

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Net pension liability	<u>\$ 208,548,009</u>	<u>\$ 177,539,027</u>	<u>\$ 151,026,816</u>

Pension expense and deferred outflows and inflows of resources related to pensions – For the year ended June 30, 2019, the City recognized pension expense of \$19,090,971. The City reported deferred outflows related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Total to Amortize</u>
Net difference between projected and actual earnings on plan investments	\$ 11,213,950	\$ 11,213,950
Experience differences	1,819,035	1,819,035
Contributions subsequent to the measurement date*	<u>7,550,323</u>	<u>-</u>
 Total	 <u>\$ 20,583,308</u>	 <u>\$ 13,032,985</u>

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ending 2020.

Amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

	<u>Year ended,</u>	
2020	\$	5,486,616
2021		1,128,217
2022		2,338,755
2023		<u>4,079,397</u>
		<u>\$ 13,032,985</u>

Employee benefits

In addition to contributing to the Michigan Municipal Employees Retirement System described above, all full time City employees, except sworn Police and Fire personnel, contribute to Social Security (6.20%), up to a maximum of \$7,961, and Medicare (1.45%). All sworn Police and Fire personnel hired after April 1, 1986 contribute 1.45% to Medicare. All regular part time employees, those who work thirty-two hours per week, contribute 1.45% to Medicare and 3.75% to a deferred compensation account in lieu of Social Security. The City contributes a matching 3.75%. Part Time employees hired after July 1, 2011 and working 28 hours per week or less, contribute 6.20% to Social Security and 1.45% to Medicare, the same as a regular full time employee.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

The City paid or accrued premiums, claims and administrative fees to third party administrators for its full time employees totaling \$4,835,249 , a decrease of 14% from the prior fiscal year, as follows:

	<u>6/30/2019</u>	<u>6/30/2018</u>	<u>Change</u>
Health insurance	\$ 4,149,280	\$ 4,877,274	\$ (727,994)
Dental insurance	259,441	264,336	(4,895)
Life insurance	102,255	99,631	2,624
Short/long term disability	267,038	323,849	(56,811)
Vision care	<u>57,235</u>	<u>62,123</u>	<u>(4,888)</u>
Total payments	<u>\$ 4,835,249</u>	<u>\$ 5,627,213</u>	<u>\$ (791,964)</u>

The cost of these premiums is charged to City funds based on the actual cost for each employee.

Other postemployment benefits

In addition to the pension benefits described previously, the City of Saginaw provides retiree Healthcare benefits for retirees and eligible beneficiaries for employees who were hired prior to July 1, 2009. The levels of benefits available are dependent on the plans that were in place at the time of the employee's retirement or those benefits that were made available as the result of a January 1, 2017 court settlement for specified retirees. Employees hired after July 1, 2009 are enrolled in a Health Care Savings Plan and are not eligible for any retiree health benefits.

Life insurance is available for the retiree only upon retirement, based on the benefit level that was in place within their bargaining unit at the time of retirement. Benefit levels range from \$2,500 up to \$10,000. Dental insurance is discontinued upon retirement for all employees with the exception of full time non-union employees and only those fire fighters covered by benefits provided by their respective collective bargaining agreement at the time of eligible retirement.

Vision insurance is terminated for all employees at the time of retirement except full time non-union employees who are vested and retire after July 31, 2001.

In addition to the health care expenditures for full time employees above, expenditures in the amount of \$9,387,442 were recognized for postemployment health care benefits, an increase of 10.9% from the prior fiscal year, as follows:

	<u>No. of Retirees</u>	<u>6/30/2019</u>	<u>6/30/2018</u>
Health insurance	709	\$ 9,342,677	\$ 8,418,324
Dental insurance	87	18,032	19,436
Life insurance	632	24,002	26,653
Vision Insurance	17	<u>2,731</u>	<u>2,548</u>
Total payments		<u>\$ 9,387,442</u>	<u>\$ 8,466,961</u>

The cost of these premiums is charged to City funds based on the actual cost for each retiree.

Employees covered by benefit terms – At the December 31, 2018 valuation date, the following employees were covered by benefit terms:

Active employees	183
Retirees and covered spouses	<u>1,152</u>
	<u>1,335</u>

The plan is closed to new members.

Contributions – The City has the authority to establish and amend the contribution requirements of the City and plan members. The City establishes rates based on an actuarially determined rate. For the year ended June 30, 2019, the City contributed based on the “pay-as-you-go-method”. Going forward, the City will use the actuarially

City of Saginaw
Notes to the Financial Statements
June 30, 2019

determined contribution. Plan members are not required to contribute to the plan.

Total OPEB liability – The total OPEB liability was measured as of December 31, 2018. Substantially all funds are used to liquidate this liability.

Actuarial assumptions – The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, using the following actuarial assumptions, applied to all periods included in the measurement.

Inflation	2.5%
Salary increases	3.75%
Healthcare cost trend rates	8% initial, decreasing by .05% each year to an ultimate rate of 4%

Mortality rates were based on the RP-2014 Mortality Tables for males or females, as appropriate.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period of 2009 to 2013.

Discount rate – The discount rate used to measure the total OPEB liability was 3.64%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates.

Changes in the total OPEB liability:

	2019
Total OPEB Liability	
Service cost	\$ 2,534,106
Interest on the total OPEB liability	8,947,895
Changes in actuarial assumptions	(17,699,012)
Benefit payments and refunds	(9,750,762)
Net change in total OPEB liability	(15,967,773)
Total OPEB liability - beginning	281,963,003
Total OPEB liability - ending (a)	\$ 265,995,230

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.64%) or 1% higher (4.64%) than the current discount rate.

	1% Decrease	Current Discount Rate	1% Increase
Total OPEB liability	\$ 312,027,754	\$ 265,995,230	\$ 229,384,152

City of Saginaw
Notes to the Financial Statements
June 30, 2019

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the City, as well as what the City’s total OPEB liability would be if were calculated using healthcare cost trend rates that are 1% lower (7.0%) or 1% higher (9.0%) than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare Trend	1% Increase
Total OPEB liability	\$ 228,966,442	\$ 265,995,230	\$ 311,996,554

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB – For the year ended June 30, 2019 the employer recognized OPEB expense of \$1,659,453. The employer reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Total	Total to Amortize
Experience differences	\$ -	\$ (4,965,910)	\$ (4,965,910)	\$ (4,965,910)
Contributions subsequent to the measurement date*	5,145,185	-	5,145,185	-
Total	\$ 5,145,185	\$ (4,965,910)	\$ 179,275	\$ (4,965,910)

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the total OPEB liability for the year ending 2020. Of this balance, \$973,340 was contributed to a qualified trust and is shown in the OPEB Fund.

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended,	
2020	\$ (4,965,910)

Note 14 - Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City’s counsel that resolution of these matters will not have a material adverse effect on the financial condition of the City.

Note 15 - Property Taxes

City property taxes are levied each July 1 on the taxable value of property located in the City as of the preceding December 31, tax day and the lien date. In accordance with the provisions of Proposal A (see below), taxable value is the lower of the following three computations: 1) assessed/state equalized value; 2) the prior year’s taxable value multiplied by the increase in the consumer price index or five percent (5%), whichever is less; or 3) the multiplier value. Proposal A requires the City Assessor to annually establish the assessed values and the equalization of said assessed values by the State of Michigan at 50 percent of current market value, prior to the application of formulas to determine the taxable value. Real property taxable value for the July 1, 2018, levy was assessed at \$386,409,220 and personal property taxable value was assessed at \$69,196,184.

City of Saginaw
Notes to the Financial Statements
June 30, 2019

The City of Saginaw's operating tax rate for the fiscal year ended June 30, 2019, was 7.3830 mills (limited to 7.5000 mills). Additionally, the City levied 7.5000 mills for public safety. The City did not levy for debt service.

On March 15, 1994, voters in the State of Michigan approved Proposal A, a property tax reform proposal, which shifted the funding of education from property taxes to a combination of property taxes, higher sales tax and a real estate transfer tax. Property taxes were reduced to a maximum of six mills for homestead property and eighteen mills for non-homestead property; the State Sales Tax was increased from four cents to six cents; and a new real estate transfer tax of \$7.50 per thousand dollars was added. In addition, Proposal A restricted the growth of assessments on individual properties to the increase in the consumer price index or five percent (5%), whichever is less, until ownership of the property is transferred. The citizens of Saginaw subsequently approved an additional four mills for public libraries when Proposal A eliminated their millage from the school's millage and another three mills to operate a public transportation system.

Taxes are due and payable on July 1 at the City Treasurer's Office and become delinquent after 30 days. To all real and personal taxes paid on or after August 1, there is added interest at the rate of $\frac{1}{2}$ of 1 percent for every month, or fraction thereof, from August 1 until the date of payment. A penalty of $\frac{1}{2}$ of 1 percent is also added after July 31. From March 1 and thereafter, real taxes are collected by the Treasurer of Saginaw County, who adds and keeps a collection fee of four percent (4%) on the unpaid balance, and in addition, adds interest at the rate of one percent (1%) per month from March 1 until the date of payment. Unpaid taxes, together with all charges thereon, become a continuing lien on the property assessed. The general tax law provides that real estate with delinquent taxes shall be sold at a state land sale.

Tax Limitation – By general law, property taxes for City purposes are limited to two percent (2%) of the assessed valuation of all real and personal property in the municipality, provided that no such restriction shall prevent the levy of taxes required for the payment of general debt obligations. The charter of the City of Saginaw provided that City taxes shall be subject to the overall limitation (City, School and County) imposed by Section 21, Article X, of the Michigan State Constitution, which is 1-1/2 percent of assessed value exclusive of debt incurred prior to December 8, 1932. Act No. 44, Public Acts of 1948, effective August 20, 1948, amended all Michigan city charters nullifying charter limitations and authorized that the levy for city purposes shall not exceed one percent (1%) of assessed valuation in any one year, unless and until a different tax rate limitation is provided by charter. State equalized valuations have been used in place of local assessed valuations.

On November 6, 1979, pursuant to an initiatory referendum, the City Charter was amended by the electors of the City of Saginaw to reduce the maximum property tax, which may be levied by the City in any year from 10 mills to 7.50 mills. The amendment further provided that if in subsequent years the assessed value of all property within the City is increased for any reason, this maximum 7.50 mill rate would have to be permanently reduced so as to yield the same gross dollar revenue as the fiscal year 1979 property tax revenue yield (\$3,828,778). The amendment further provided for up to a 3 mill emergency levy if a specific emergency is declared by the Mayor and concurred with by a 3/4ths vote of the full Council.

Note 16 - Tax Abatements

The City enters into property tax abatement agreements with local businesses under several programs as authorized under Public Act 146 of 2000, as amended (PA 146), Public Act 147 of 1992 (PA 147), Public Act 198 of 1974, as amended (PA 198), Public Act 328 of 1998 (PA 328), Public Act 346 of 1966 (PA 346), and Public Act 381 of 1996, as amended (PA 381).

City of Saginaw
Notes to the Financial Statements
June 30, 2019

PA 146 (Obsolete Property Rehabilitation Act) provides property tax exemptions for commercial properties that are rehabilitated and meet the requirements of the Act. Properties must meet eligibility requirements including a statement of obsolescence by the local assessor. The property must be located in an established Obsolete Property Rehabilitation District. Exemptions are approved for a term of 1 to 12 years as determined by the City. The City abated \$42,149 related to PA 146 during fiscal year 2019.

PA 147 (Neighborhood Enterprise Zone Act) provides property tax exemptions for properties that provides for the development and rehabilitation for residential housing and meet the requirements of the Act. Properties must be in a designated neighborhood enterprise zone. Exemptions may range from 6 to 17 years dependent on the type of property. The City abated \$291 related to PA 147 during fiscal year 2019.

PA 198 (Industrial Property Tax Abatement) allows abatements to encourage Michigan manufacturers to build new plans, expand existing plans, renovate aging plants, or add new machinery and equipment. High technology operations are also eligible for the abatement. Once approved the firm pays an Industrial Facilities Tax (IFT), instead of property taxes, which reflects the abatement savings.

The exemption covers only the specific project that is the subject of the application. Any buildings and equipment that existed prior to the construction of a new facility are not exempt. Likewise, any structures or equipment added after completion of the project are fully taxable. The IFT on new plant and non-industrial personal property is computed at half the local property mileage rate, resulting in a reduction of property taxes of approximately 50%. For an obsolete plant or machinery that is being replaced or restored, the IFT is frozen at the assessed value of the plant prior to improvement, resulting in a 100% exemption from property tax on the value of the improvements.

A speculative building would be eligible for a reduction in property taxes of approximately 50%. Commercial personal property will receive an automatic reduction of 12 mills for local school on their

property tax bill. The City abated \$53,058 related to PA 198 during fiscal year 2019.

PA 328 (Personal Property Tax Relief in Distressed Communities) allows eligible distressed communities to abate taxes on new investments made by eligible commercial businesses that reduce unemployment, promote economic growth, and increase capital investment. Neighborhood Enterprise Zone designation would qualify a community as eligible for the PA 328 exemption. Eligible projects include manufacturing, mining, research and development, wholesale trade, and office operations. Retail businesses and casinos are not eligible. Abatements reduce property taxes by the full millage rate. The law does not specify a maximum or a minimum number of years to be abated. The City abated \$432,747 related to PA 328 during fiscal year 2019.

PA 346 (State Housing Development Authority Act) provides property tax abatements in the form of payments in lieu of taxes for nonprofit housing corporations, consumer housing cooperatives, limited dividend housing corporations, mobile home park corporations, and mobile home park associations. Properties must meet eligibility requirements. The City abated \$124,936 related to PA 346 during fiscal year 2019.

PA 381 (Brownfield Redevelopment Abatement) encourages the purchase and revitalization of properties in which redevelopment or reuse may be complicated by the presence or perception of contamination. Revitalizing and redeveloping these properties protects the environment, reuses existing infrastructure, minimizes urban sprawl and creates economic opportunities. The City abated \$5,179 related to PA 381 during fiscal year 2019.

The City Charter caps the property tax revenue at \$3,828,778. The 2018 real and personal levy totaled \$3,322,690. Therefore, the net effect of the all the tax abatements listed above was \$506,088. As

City of Saginaw
Notes to the Financial Statements
June 30, 2019

property values increase, the effect of these abatements will decrease.

Note 17 - Endowments

The City has received multiple donor-restricted endowments for cemeteries and parks with an original total value of \$47,000. The City has interpreted the Uniform Prudent Management of Institutional Funds Act as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The City classifies the original value of \$47,000 as non-spendable fund balance. The remaining portion of the donor-restricted endowments that is not classified as non-spendable is classified as restricted for Cemeteries and Parks. At June 30, 2019, the City has \$185,323 that has accumulated through net appreciation and interest and dividend earnings that is available for authorization for expenditure by the City Council for the specified purposes. Any spending is authorized through budgetary appropriation, as outlined in the City Charter. Any expenditures of said fund balance will be in done accordance with the original trust documents.

Note 18 - Economic Development Projects

Brownfield Authority Site Remediation Revolving Fund (“SRRF”)

The City received funding from the U.S. Environmental Protection Agency for a Brownfield Assessment Demonstration Pilot. Peerless Environmental Services, Inc. was selected to prepare an inventory of contaminated sites, prioritize the sites and perform environmental assessments. Businesses must prepare a Redevelopment Plan to clean up the site and make improvements. The eligible costs can be reimbursed from property taxes that are captured from the increase in the taxable value established at the date the City Council approves the Plan and the taxable value after improvements are completed. School taxes are excluded from captured taxes unless the project receives special review from the Michigan Department of Environmental Quality.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

LOCAL STREETS FUNDS

The Local Streets Fund receives allocations of State collected gasoline taxes and license fees to be used for the maintenance, repair and construction of streets and bridges within the City.

PUBLIC SAFETY MILLAGE FUND

The City levies a special property tax earmarked to support the cost of police and firefighters. This fund accounts for the tax levy proceeds and other reimbursements. It also records the expenditures for the payroll and related costs of the police officers and firefighters assigned to this fund.

RUBBISH COLLECTION FUND

This fund accounts for the annual household rubbish fees, compost fees, and trash removal fees. It also records the expenditures for rubbish collection, hauling and disposal, recycling, composting and trash cleanup.

CLEAN ENERGY COALITION FUND

Clean energy coalition receives funding from Michigan's Cities of Promise municipalities to establish a clean energy program that will encourage ongoing energy efficiency and renewable energy installations and programs by improving municipal facilities with energy efficiency and renewable energy equipment.

COMMUNITY POLICING FUND

This fund accounts for the revenues and expenditures of Police officers assigned to various City neighborhoods. This program provides the residents with a greater sense of protection and gives them the responsibility for developing and implementing problem solving strategies for their neighborhoods.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

LOCAL LAW ENFORCEMENT

This fund accounts for grant funds received from Saginaw County. The funds are used by the City of Saginaw Police department to purchase equipment and for training.

POLICE TRAINING FUND

The fund accounts for allocations received from the State of Michigan pursuant to Act 302 of the Public Acts of 1982. Distributions are made twice annually based on the number of sworn Police officers. These funds can only be expended for direct costs of criminal justice training of Police officers.

POLICE ENHANCING LAW ENFORCEMENT RESPONSE TO VICTIMS (ELERV) FUND

The fund accounts for grant funds received from the Office for Victims of Crime. The funds are used by the Saginaw Police Department to implement an ELERV strategy, which includes enhanced police practices, cooperation between police and organizations, and improves law enforcement response to victims of crime.

YOUTH INITIATIVE GRANT FUND

This fund accounts for grant funds received from Saginaw County. The funds will be used to engage youths and their families in programs that will enhance their self-awareness, self-esteem and reduce their use of substances through participation in substance abuse programs.

DRUG FORFEITURE FUND

This fund accounts for all expenditures and funds received from the forfeiture of cash and property seized during drug raids.

ANDERSEN CENTER OPERATION FUND

This fund accounts for the operation and maintenance expenditures, foundation, private, and corporate contributions, and building rentals for the Andersen Enrichment Center as well as numerous community events.

ARTS AND ENRICHMENT COMMISSION FUND

This fund accounts for the private, corporate, state and federal contributions to provide financial support to cultural and creative arts organizations and to sponsor various social and community events to improve the quality of life in the City.

NONMAJOR GOVERNMENTAL FUNDS
(continued)

SPECIAL REVENUE FUNDS

PUBLIC EMPLOYEE HEALTHCARE FUND

This fund was established to start funding the unfunded health insurance premiums that are fully paid for all City retirees.

CAPITAL PROJECTS FUND

This fund accounts for the revenues and expenditures related to the acquisition, development, improvement, and/or maintenance of capital assets.

PERMANENT FUND

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for cemetery care and parks improvements purposes in support of the City's programs.

INTERNAL SERVICE FUNDS

INFORMATION SERVICES FUND

Computer and information services are provided to City operating departments through this fund. The operation is financed by service charges levied against user departments and service contracts with other governmental agencies.

GIS FUND

This fund is used to account for the development and operations of a City-wide geographic information system. Money for the operation of this fund is supplied from contributions from other City funds.

MOTOR POOL FUND

This fund is responsible for maintaining vehicles and other motorized equipment for use in general City operations. The costs of maintenance and repairs are recovered through rates charged to City operations using the vehicles and equipment.

RADIO FUND

This fund acquires, installs and maintains two-way radio equipment for use by City operating departments. Rental fees are charged to using departments to recover the cost of maintaining and replacing equipment.

SELF INSURANCE FUND

This fund was established by City Council to serve as a general insurance reserve for liabilities and claims not covered by commercial carriers and to pay deductibles. This fund accounts for the payment of insurance premiums, the distribution of insurance costs to other City funds and records the insurance claims liability.

WORKERS' COMPENSATION FUND

This fund accounts for all expenses, revenues and claims liability relating to the City's self-insured workers' compensation program. Premiums are charged to other City funds based on budgeted salaries.

PUBLIC WORKS BUILDING FUND

This fund was established to account for all operating and capital expenses required to maintain the Public Works Service Center. Rent is charged to the departments occupying the building based on square footage.

Total direct and overlapping debt			<u>\$ 48,492,625</u>

Sources: Debt outstanding and estimate share of overlapping debt provided by Municipal Advisory Council of Michigan.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimate the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Saginaw. This process recognizes that, when considering the government's ability to issue and repay long term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Limitations on Borrowing

(1) Act 279, Public Acts of Michigan, 1909, as amended, and provisions of the City Charter state that net bonded indebtedness of the City shall not exceed 10 percent of the City's Assessed valuation.

Bonds which are not required to be included in this computation of net indebtedness, according to said Act 279, are:

- A. Special Assessment Bonds
- B. Mortgage Bonds
- C. Motor Vehicle Highway Fund Bonds
- D. Revenue Bonds
- E. Bonds issued, or contracts or assessment obligation, incurred to comply with an order of the Water Resources Commission or a court of competent jurisdiction
- F. Other obligations incurred for water supply, sewage, drainage or refuse disposal projects necessary to protect the public health by abating pollution.
