Approval of Purchase Order 2022-PO-09 Enviro-Clean Equipment - Ravo 5I Series Street Sweeper

FROM:

Mark A. Freiberger, PE, Director of Public Works

RECOMMENDED ACTION:

Approve and authorize Public Works Director Mark Freiberger to sign Purchase Order 2022-PO-09 with Enviro-Clean Equipment of Gresham, OR for purchase of a Ravo 5i Series Street Sweeper in the amount of \$278,083.34, including sales tax.

ISSUE:

Shall Council approve and authorize Public Works Director Mark Freiberger to sign Purchase Order 2022-PO-09 with Enviro-Clean Equipment of Gresham, OR for purchase of a Ravo 5i Series Street Sweeper in the amount of \$278,083.34, including sales tax?

BACKGROUND/SUMMARY INFORMATION:

The city currently owns and operates Unit 327 Broom Bear street sweeper. This unit was purchased in 2013 for \$216,400. The expected life for the unit was 10 years and it is on the Equipment Repair and Replacement schedule for replacement in 2023. The unit is used at least three days per week, and has over 6,100 hours on it presently. It is especially critical for fall leaf pickup, and for summertime maintenance of streets to keep the gutters and stormwater system clean.

This unit, and sweepers in general, are high maintenance due to the type of use. The expected annual repair costs on similar units with three days per week usage is estimated at \$5,000/year (manufacturer's estimate). Repair costs for this particular unit have averaged \$10,8000 per year. Over the past three years repairs have increased to an average of \$17,800 per year. In addition to the cost of maintenance, the city has experienced significant down time due to parts availability. As a result, the unit is increasingly unavailable for core functions. It is presently in the shop for electrical system repairs, and has been out of service since March 2022. The current estimate for return to service is three weeks out. Rental units have been quoted at \$10,000 per week.

It is staff's opinion that the cost of maintaining the existing unit is no longer sustainable. We recommend accelerating the planned 2023 purchase to 2022. We also plan to update the service life from 10 to 8 years in the ERR.

Staff has thoroughly researched available units, and has settled on the RAVO 5i series. Mount Vernon currently operates two of these units, and is satisfied with their performance. This model is somewhat smaller and has a tighter turning radius than the Elgin, and will allow better maintenance of our streets with curbs.

Staff does plan to retain the Elgin as a backup unit and for use during the fall leaf pickup season, where the larger broom is an advantage. We will monitor repairs and dispose of the unit if it continues to be a drain on resources. we would anticipate however that the minimal use after the new unit is in place will greatly reduce this issue.

We understand that one of these units is available for immediate delivery, if ordered by the end of May, 2022. It is essential that we get our sweeping capacity as soon as possible in order to be ready for the Loggerodeo event and to to be in a position to clean up afterwards.

The purchase is proposed through the State of Washington Department of Enterprise Services contract. The state competitively bids for classes of equipment, and the city as a member of the purchasing cooperative can purchase at the state price. Enviro-Clean under Contract 02613p2020 is the state contractor for RAVO equipment. The State Contract information is also listed on the Purchase Order.

FISCAL IMPACT, IF APPROPRIATE:

The unit was budgeted for 2023 at \$263,800. The quoted price is \$256,062 plus sales tax, for an estimated at a final price of \$279,083.34. Budget Amendment 1 includes budget of \$280,000 for the accelerated purchase.

Ordinance 2009-22 Amending Sedro-Woolley Municipal Code Chapter 10.44 'Stopping, Standing, and Parking' to update certain provisions related to parking infractions.

FROM:

Nikki Thompson, City Attorney/Lt. McIlraith, PD

RECOMMENDED ACTION:

Adopt Ordinance 2009-22, amending SWMC 10.44 to incorporate by reference the penalty provisions found in the RCW regarding parking infractions.

ISSUE:

Should the City adopt Ordinance 2009-22, amending SWMC 10.44 to incorporate penalties found in the RCWs relating to parking infractions?

BACKGROUND/SUMMARY INFORMATION:

The current version of the Sedro-Woolley Municipal Code lacks clarity as to the types of parking infractions and the penalty for violations. This ordinance attempts to provide updates to the Code by incorporating the infraction types and penalties found in the RCWs. Amending the Code will alleviate confusion on the part of the Court and the Police Department and create consistency with other jurisdictions.

WHEREAS, the City Council has determined that it is in the public interest to adopt the following code updates;

NOW, THEREFORE THE CITY COUNCIL OF THE CITY OF SEDRO-WOOLLEY, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. SWMC 10.44.010 – Parking prohibited during certain hours on certain streets. SWMC 10.44.010 is hereby amended to read as follows:

10.44.010 Parking prohibited during certain hours on certain streets. When signs are erected giving notice thereof, no person shall park a vehicle between the hours and/or days specified on such signs. Any vehicle parked in violation of this section shall be subject to immediate impoundment of the vehicle at the owner’s expense in addition to any other penalty provided by section 10.44.220.

Section 2. SWMC 10.44.210 – Enforcement of parking regulations. SWMC 10.44.210 is hereby amended to read as follows

10.44.210 Enforcement of parking regulations.

A. The parking regulations set forth in this chapter shall be enforced by the chief of police or her/his designee(s).

B. Failure to perform any act required or the performance of any prohibited act by this chapter is designated as an infraction pursuant to Chapter [46.63](#) RCW and shall not constitute a criminal offense. The penalty shall be as set forth by section 10.44.220.

C. The chief of police or her/his designee(s) has the authority to issue an infraction when the parking violation is committed in the officer's presence.

D. If any vehicle is found parked or stopped in violation of this chapter, or otherwise violates the provisions of this chapter, the chief of police or her/his designee(s) finding the vehicle shall take its regulation number (license number) and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a parking violation. A parking infraction represents a determination that a parking violation has been committed. The determination will be final unless contested as provided by the Revised Code of Washington, Court Rules and provided on the back of the infraction.

E. The chief of police or her/his designee(s) enforcing the parking regulation of the city shall, and are hereby authorized to, mark such vehicles parked from time to time to aid in the enforcement of this chapter. Such mark shall be in chalk upon the tires of said vehicle or by some other convenient method which does not damage the vehicle. It shall constitute a parking violation to interfere with, conceal, obliterate or erase any mark in violation of this section.

F. Whenever any vehicle or person is in violation of the provisions of this chapter, the department shall deliver a notice of parking infraction to the violator, or, in cases where a vehicle is found without a driver, shall conspicuously affix such notice to the vehicle. Such notice of parking infraction shall be on a form approved by the chief and shall indicate the charge, time of issuance, license number of the vehicle, identify the street upon which the violation occurred, and direct the violator to present the notice at the police department or such other location as may be designated and pay the specified fine or request a hearing as may be specified on the notice.

G. A separate violation of this chapter shall be deemed to have occurred when, after issuance of an infraction, eight or more consecutive hours pass and there has been no change in the status of the offending vehicle.

H. Impoundment. The chief of police or her/his designee(s) may take custody of a vehicle and provide for its prompt removal to a place of safety whenever a vehicle is parked in a public right-of-way or on other publicly owned or controlled property in violation of any law, ordinance or regulation.

1. If a vehicle is impounded pursuant to this subsection H, then in addition to any applicable impoundment and storage fees, the registered owner or his/her representative shall pay all outstanding fines for parking infractions issued against the vehicle for each of which a person has failed to respond, failed to appear at a requested hearing, or failed to pay. Proof of payment shall be provided directly to the Sedro-Woolley police department prior to the vehicle being released by the impound facility to the registered owner.

2. When a vehicle is impounded pursuant to this subsection H, the impound facility shall not release the vehicle unless it has received authorization from the Sedro-Woolley police department. The impounded vehicle may not be redeemed without this authorization. All applicable RCW and/or WAC provisions governing the storage and disposal of impounded vehicles shall apply if the vehicle is not redeemed pursuant to the applicable timeline requirements for the towing company.

3. When a vehicle is impounded pursuant to this subsection H, the officer directing the impound shall notify the registered owner that the impounded vehicle may not be redeemed without authorization from the Sedro-Woolley police department. A diligent attempt to notify the registered owner shall be made within twenty-four hours at the address on the vehicle's registration if the address is within the city of Sedro-Woolley. If the registered owner's address is outside the city limits, notification will be provided by certified mail.

Section 3. **SWMC 10.44.220 – Penalties.** SWMC 10.44.220 is hereby added to Chapter 10.44 SWMC to read as follows:

10.44.220 Penalties

A. Any person violating any provision of this chapter shall be deemed to have committed a traffic infraction, and upon a final determination of having committed such infraction, such person shall be subject to a monetary penalty as set forth in subsection E of this section.

B. There shall be a penalty of \$25.00 for failure to respond to a notice of traffic infraction for violation of the provisions of this chapter or for failure to appear at any requested hearing.

C. In addition, any vehicle parked in violation of any provision of this chapter shall be subject to impoundment of the vehicle at the owner's expense

D. It is a traffic infraction, with a monetary penalty of \$100.00, for any person to park a vehicle or permit a vehicle to remain parked on the streets knowing that time marks had been erased from such a vehicle within the preceding ten (10) hours. A registered owner and/or last operator of a vehicle shall be presumed to know when and whether time marks had been erased from such vehicle.

E. The sections of this chapter are hereby adopted in table form in which each row of the table represents a separate section in which the titles of the adopted statutes are listed in the first column and the reference to their corresponding RCW section numbers are listed in the second column. Copies of the adopted code sections of this chapter are on file in the city clerk's office. Memorandum of Understanding with
Sedro-Woolley School District re
Adjustment of Boundary Lines to
Accommodate Construction of an
Arterial Road

FROM:

Mark A. Freiburger, PE, Director of Public Works

RECOMMENDED ACTION:

Authorize Mayor Johnson to enter into a Memorandum of Understanding between the City and the Sedro-Woolley School District regarding Adjustment of Boundary Lines to Accommodate Construction of an Arterial Road.

ISSUE:

Shall Council authorize Mayor Johnson to enter into a Memorandum of Understanding between the City and the Sedro-Woolley School District regarding Adjustment of Boundary Lines to Accommodate Construction of an Arterial Road?

BACKGROUND/SUMMARY INFORMATION:

The City is in the process of planning for a new arterial roadway to be called North Trail Road to connect Cook Road to Jones Road as part of the Jones/John Liner/Trail Road Corridor. The city has entered into a Developer Agreement (DA) with the Bucko Family that sets the alignment for the new roadway through the Bucko property. This DA anticipates that the roadway will traverse the east and north boundary of the SWSD White Lane Transportation Center - see Exhibits D and E of the attached draft Memorandum of Understanding (MOU) for the proposed alignment. The city is also in the process of acquiring the Nelson property located east of the SWSD property for the connection of N Trail to Cook Road. The attached MOU was prepared by the City Attorney with input from Public Works. The MOU describes proposed boundary line adjustments to exchange surplus properties from the Nelson acquisition and from the Bucko Plat dedications for SWSD property to be used as right of way for the new roadway.

The intention of the MOU is to allow for the process to determine the value of the property exchange and certain provisions for construction of boundary fences, driveways and other elements in order to exchange value for value to the maximum extent feasible. The actual BLA process will follow completion of negotiations between the SWSD and the city. The city plans to use Universal Field Services (UFS), our Jones/John Liner/Trail Road Corridor Property Acquisition contractor for the work to determine values and to prepare the required documents for the BLA. It is anticipated that this process will be completed over the next six months.

Director Freiburger met with the SWSD Board of Directors on May 9, 2022 and presented the MOU details to the Board. The Board received the presentation positively and authorized Superintendent Mickelson to sign the attached MOU.

FISCAL IMPACT, IF APPROPRIATE:

The intention of the BLA is to minimize cost of the required real estate for the project, and to minimize impact on the Transportation Facility. The city has separately funded acquisition of the Nelson property as budgeted in Budget Amendment 1. UFS costs will be the subject of a separate memorandum once a task order is completed for the work. There will also be survey costs to develop legal descriptions for the BLA, also yet to be determined. These costs will be born by the Corridor project. Budget Amendment 1 included funding for the Nelson acquisition and for miscellaneous work to support the Corridor project. Final costs will be the subject of an additional budget amendment when the costs are known.

Exhibit E proposes to route the new road along the northern and eastern portions of Parcel 37255 owned by the District; and

WHEREAS, the City has met with Sedro-Woolley School District staff on May 19, 2021 to review the proposed alignment. Grant for Residential Customer
Arrearages

FROM:

Debbie Burton, Interim Finance Director

RECOMMENDED ACTION:

Authorize Interim Finance Director Debbie Burton to submit an application through the WA State Department of Commerce for the Residential Customer Arrearages Program

ISSUE:

Should Council authorize Interim Finance Director Debbie Burton to submit an application through the WA State Department of Commerce for Residential Customer Arrearages Program?

BACKGROUND/SUMMARY INFORMATION:

In 2022, the legislature appropriated \$100 million for public and private water, sewer, garbage, electric and natural gas utilities arrearages. The funding will be used by utilities to reduce eligible residential customer arrearages accrued between March 1, 2020, and Dec. 31, 2021 compounded by the COVID 19 20 pandemic. Only customers who have received help from the Low Income Home Energy Assistance (LIHEAP) and Low Income Household Water Assistance (LIWAP) programs or rate-payer-funded benefits are eligible to receive funding. Utilities have until May 27, 2022 to sign-up for this new program. Funds will be passed through to the Skagit County Community Action Agency who will determine the eligibility for residents of Sedro-Woolley.

The funding formula is under development, but the legislature has provided guidance for Commerce:

- Each participating utility's proportion of the aggregate amount of arrearages among all participating utilities;
- Whether the utility has leveraged other fund sources to reduce customer arrearages;
- Utility service areas that are situated in locations experiencing disproportionate environmental health disparities; and
- American community survey poverty data

FISCAL IMPACT, IF APPROPRIATE:

Potential increase in garbage and sewer utility revenue

- We have Officer Rachael Humberg scheduled to attend Commercial Motor Vehicle enforcement training in July. This will follow with additional field training with an experienced Commercial Motor Vehicle officer. Then Officer Humberg will be able to conduct Commercial Motor Vehicle safety inspections and enforce violations. SWPD is looking forward to having this program back in our community.
- Lexipol Policy Status-The first Tier of policies have been approved and sent out for acknowledgment to police staff. This has been a long grueling review of policy with more to come. This is web based and easy to access for officers to refer to out in the field as needed.
