

Child Abuse

314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Columbia Heights Police Department members are required to notify the county social services agency of suspected child abuse.

314.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse (also known as maltreatment of minors) - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency (Minn. Stat. § 260E.03; Minn. Stat. § 260E.06).

314.2 POLICY

The Columbia Heights Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the county social services agency is notified as required by law.

314.3 MANDATORY NOTIFICATION

Members of the Columbia Heights Police Department shall notify the county social services agency when they have reason to believe any of the following may have occurred or when someone reports any of the following (Minn. Stat. § 260E.06):

- (b) A child is being physically abused or has been physically abused within the preceding three years by a person responsible for the child's care.

Notification is mandatory for any acts of neglect, physical abuse, and sexual abuse that constitute a crime, whether or not the suspect had any relationship to or responsibility for the child (Minn. Stat. § 260E.12).

For purposes of notification, physical abuse includes injuries, mental injuries, or injuries that cannot be reasonably explained (e.g., punching, kicking, burning). Sexual abuse includes criminal

- (e) When the child abuse occurred at a facility or by a person from a facility that requires a state license or a profession that requires a state license (e.g., foster homes, group homes, day care, educator), notification shall also be made to the agency responsible for licensing the facility or person (Minn. Stat. § 260E.11).

314.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.

314.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

314.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the county social services agency. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the county social services agency.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (Minn. Stat. § 260C.175):

- (a) When a court has issued an order for removal.
- (b) When a child is found in surroundings or conditions that pose an imminent threat to the child's health or welfare or that a peace officer reasonably believes pose an imminent threat to the child's health or welfare.
- (c) If an Indian child is a resident of a reservation or is domiciled on a reservation but temporarily located off the reservation, taking the child into custody under this clause shall be consistent with the Indian Child Welfare Act (25 USC § 1922).

314.6.1 NOTICE TO PARENT OR CUSTODIAN AND CHILD

Whenever an officer takes a child into protective custody, the officer shall notify the parent or custodian, and the child (age 10 years or older) that they may request that the child be placed with a relative instead of in a shelter care facility. The officer also shall give the parent or custodian a list, published by the Minnesota Department of Human Services, of names, addresses, and telephone numbers of social services agencies that offer child welfare services. When placement with a relative is requested, the [officer/deputy] will coordinate with the responsible social services agency to ensure the child's safety and well-being in compliance with Minn. Stat. § 260C.181 (Minn. Stat. § 260C.175).

If the parent or custodian was not present when the child was removed from the residence, the list shall be left with an adult who is on the premises or left in a conspicuous place on the premises if no adult is present. If the officer has reason to believe the parent or custodian is not able to read and understand English, the officer must provide a list that is written in the language of the parent or custodian (Minn. Stat. § 260C.175; Minn. Stat. § 260C.181).

314.6.2 SAFE PLACE FOR NEWBORNS

A person may leave an unharmed newborn less than seven days old with the staff of a hospital, urgent care facility or ambulance service without being subject to prosecution (Minn. Stat. § 609.3785). The responsible social service agency is charged with addressing these matters but may contact law enforcement if child abuse is suspected (Minn. Stat. § 145.902; Minn. Stat. § 609.3785).

314.7 INTERVIEWS

314.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

314.7.2 DETAINING ABUSE VICTIMS FOR INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

314.7.3 NOTIFICATION TO PARENTS

Generally, officers should cooperate with parents and guardians and seek consent prior to conducting interviews of children. However, when reasonably necessary, state law grants officers the authority to interview a child who is the alleged victim of abuse or neglect, and any other children who currently reside or have resided with the alleged victim, without parental consent (Minn. Stat. § 260E.22, Subd. 1).

The interview may take place at school or at any facility or other place where the alleged victim or other children might be found, or the child may be transported to, and the interview conducted at, a place that is appropriate for the interview and has been designated by the local welfare agency or law enforcement agency. When it is possible and substantial child endangerment or sexual

Child Abuse

abuse is alleged, the interview may take place outside the presence of the alleged offender and prior to any interviews of the alleged offender (Minn. Stat. § 260E.22).

The officer shall notify the parent, legal custodian, or guardian that the interview occurred as soon as reasonably practicable after the interview, unless the juvenile court has determined that reasonable cause exists to withhold the information (Minn. Stat. § 260E.22).

314.7.4 INTERVIEWS AT SCHOOL

If officers assigned to investigate a report of maltreatment determine that an interview should take place on school property, written notification of the intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property (Minn. Stat. § 260E.22, Subd. 7).

The investigating officer shall determine who may attend the interview, although school officials may set reasonable conditions as to the time, place, and manner of the interview (Minn. Stat. § 260E.22, Subd. 7).

314.7.5 DOCUMENTING AND RECORDING INTERVIEWS

Any statement made by an alleged child abuse victim during the course of a criminal investigation shall be documented. The documentation of the interview must contain, at a minimum (Minn. Stat. § 260E.23):

- (a) The date, time, place, and duration of the interview.
- (b) The identity of the persons present at the interview.
- (c) A summary of the information obtained during the interview if it was not audio recorded.

Members should follow the written guidelines of the county attorney's office regarding recording interviews of a child abuse victim.

314.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

314.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

314.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county social services agency, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

314.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Unit supervisor so an interagency response can begin.

314.9.3 SCHOOL NOTIFICATION

If a juvenile is taken into protective custody after being found in an area where methamphetamine was being manufactured or attempted to be manufactured, or where any chemical substances, paraphernalia or waste products related to methamphetamine are stored, the officer who took the juvenile into custody shall notify the chief administrative officer of the juvenile's school (Minn. Stat. § 260C.171, Subd. 6).

314.10 STATE MANDATES AND OTHER RELEVANT LAWS

Minnesota requires or permits the following:

314.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Minn. Stat. § 260E.35).

Columbia Heights Police Department

Policy Manual

Child Abuse

314.10.2 CHILD MORTALITY REVIEW PANELS

Child mortality review panels are entitled to access all investigative information of law enforcement agencies regarding the death of a child. This department shall cooperate fully with any such team and investigation (Minn. Stat. § 256.01, Subd. 12).

314.10.3 COORDINATION WITH SOCIAL SERVICES

In every case of child abuse that would require notification to a local county social services agency, the investigating officer shall coordinate the planning and execution of the investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. The investigating officer shall prepare a report separate from the social services agency (Minn. Stat. § 260E.12; Minn. Stat. § 260E.14, Subd. 5).

Members may disclose the status of an individual as a predatory offender to a child protection worker who is conducting an assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs under Chapter 260E (Minn. Stat. § 243.166).

314.10.4 NOTIFICATION PROCESS

The Patrol Supervisor is responsible for ensuring the mandatory notifications to the county social service agency are carried out. This should be achieved, in part, by establishing and reviewing related procedures and through ongoing training (Minn. Stat. § 260E.01 et seq.).

314.10.5 COURT-ORDERED FIREARM SURRENDERS

Although not required, this department generally will accept firearms surrendered by a court order from an abusing party or defendant. A decision to refuse a surrendered firearm should be approved by a supervisor.

Firearms will normally be surrendered at the Columbia Heights Police Department; however, when encountering someone in the field who wishes to surrender a firearm, officers should make reasonable efforts to accommodate the request.

Surrendered firearms should be collected and submitted to the Evidence Room in accordance with the Evidence Room Policy.
