City of Columbia Heights | Finance Department

590 40th Avenue NE, Columbia Heights, MN 55421 Ph: 763-706-3600 www.columbiaheightsmn.gov

June 4, 2019

To the Citizens of the City of Columbia Heights, Mayor, Council Members, and City Manager

The Comprehensive Annual Financial Report of the City of Columbia Heights for the fiscal year ended December 31, 2018, is hereby submitted. The City's management assumes responsibility for both the completeness and the reliability of the information contained in this report, based on a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed its anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Redpath and Company, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of Columbia Heights financial statements for the year ended December 31, 2018. Their independent auditors' report is located at the front of the financial section of this report.

State law requires Minnesota cities to issue by June 30th of each year a complete set of audited financial statements for the preceding fiscal year ended December 31st. In addition, state law requires that Minnesota cities undergo an annual Minnesota Legal Compliance Audit.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Columbia Heights' MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

The City of Columbia Heights, a suburb located north of the City of Minneapolis in Anoka County in east-central Minnesota, was originally incorporated as a village in 1898. In 1921, pursuant to the adoption of a home rule City Charter by the qualified voters of the City, a council-manager form of government, was instituted.

The City Council consists of a Mayor and four Council Members. All are elected at-large, on a non-partisan basis. The Mayor serves a two-year term and the Council Members serve four-year terms. The City Manager is appointed by the City Council. The City covers an area of 3.52 square miles and currently has a population of 19,995. The City is empowered to levy a tax on both real and personal property within its boundaries.

All City funds, departments, commissions and other organizations for which the City of Columbia Heights is financially accountable, including all component units, are presented within

City of Columbia Heights Letter of Transmittal June 4, 2019 Page 2

the Comprehensive Annual Financial Report. The Columbia Heights Housing and Redevelopment Authority (HRA) and the Columbia Heights Economic Development Authority (EDA) are included in the reporting entity as blended component units of the City of Columbia Heights due to the fact that the governing boards are substantively the same and the City is in a relationship of financial benefit/burden with the authorities.

The City provides a full range of services to its citizens. These services include, but are not limited to, police and fire protection; water and sanitation services; the construction and maintenance of highways, streets, and infrastructure; library; recreational facilities; and general administrative services.

LOCAL ECONOMY

The City is located within the varied and stable economic base of the Minneapolis-Saint Paul greater metropolitan area, which is a major center for both the state and the upper-midwest. As such, there has been a relatively stable level of employment for City residents and this is expected to continue. In 2018, the largest employers located within the boundaries of the City included Independent School District 13 and one division of Medtronic Inc., a medical device manufacturer.

With its close proximity to the Minneapolis downtown area (4 miles), and single family housing that is affordable compared to the metropolitan area average, there has been a relatively stable demand for housing in the City. However, as an older, fully developed, inner-ring suburb of a major city, the management and residents of the City of Columbia Heights are faced with the challenges of an aging infrastructure and dependency on state aid to supplement local revenues. The City Council and the City's management are taking a proactive approach to dealing with these concerns, and they currently have a number of initiatives in progress to address them. Some of these are described below.

LONG-TERM FINANCIAL PLANNING

The City has a planned Street Rehabilitation Program including, as needed, roadways, alleys, water mains, sanitary sewer and storm sewer improvements. The program divides the City into seven street rehabilitation zones and calls for approximately one zone to be rehabilitated every one to two years. A portion of cost of street rehabilitation is charged to the benefiting properties in the form of special assessments. Utility system improvements are funded by the utility rate structure, which is periodically reviewed for long-term sustainability. In some cases, the City issues bonds to initially finance the project, repaying the bonds with special assessments and/or utility revenues collected over a number of years.

Historically, state aid revenue has been a key component of the City's annual operating and debt service budgets; however, the amount provided by the state has been unpredictable, significantly reduced from historical levels, and sometimes reduced retroactively. To provide for more stable operations, the City's management has developed a multi-year financial plan that gradually phases out the use of state aid in the City's annual operating and debt service budgets, using moderate increases in property taxes. At the current stage of the plan, approximately 40% of the annual state aid not restricted for specific programs is essentially

City of Columbia Heights Letter of Transmittal June 4, 2019 Page 3

treated as a one-time revenue source, and is used for capital projects and equipment that would otherwise be purchased with property taxes. The City Council has reached consensus of opinion in support of the plan. This plan is, of course, dependent on the tax levy and operating budget actually adopted by the City Council each year.

RELEVANT FINANCIAL POLICIES

By Council resolution, a formal policy has been adopted regarding the minimum unassigned fund balance for the general fund. The goal of the policy is to begin each year with sufficient working capital to fund operations. The policy establishes a year-end targeted unassigned fund balance of 45% of the general fund budgeted expenditures for the subsequent year. At December 31, 2018, the unassigned fund balance in the general fund was sufficient to meet this goal.

The City's policy is to budget and recognize license and permit revenues of the community development function, such as building permit revenue, in the planning and inspections fund, a non-major special revenue fund. License and permit revenues of other functions are budgeted and recognized in the general fund. For this reason, license and permit revenues in the general fund are often lower than other comparable Minnesota cities, which more commonly budget and recognize all license and permit revenues in the general fund.

CURRENT MAJOR INITIATIVES

Given the age of the City's housing stock, the Economic Development Authority has implemented a program of purchasing and demolishing substandard residential property to create an inventory of redevelopment property available for resale. In 2018, the remaining lots in this program were conveyed to state licensed home builders. This effectively increased Columbia Heights' estimated market value of residential properties by \$1,954,188. In addition to single family homes, two multi-family facilities opened adding 350 units to the housing stock.

In 2016, the National Civic League awarded the City of Columbia Heights 2016 All America City status for innovative and effective community problem-solving. Only 10 cities in the country were chosen for this honor and Columbia Heights is the only one in Minnesota to be selected this year. The criteria for earning the award included impact, inclusiveness, public engagement and the use of collaborative problem-solving strategies linking the private, public and nonprofit sectors. The City and the Columbia Heights Public School District were cited for their strong collaborative partnerships including the City of Peace Park Initiative in the Circle Terrace Neighborhood, the Hylander gym and the new Columbia Heights Public Library.

In 2018, the Columbia Heights Police Department was recognized by the International Association of Chiefs of Police (IACP) with the IACP Leadership in Community Policing Award. This was awarded for the departments work in community policing strategies, and specifically for its work involving the building of the City of Peace Neighborhood Center at Nawrocki Park. The Center, which celebrated its official grand opening in June, 2018, serves as a park and recreation facility for the Circle Terrace neighborhood. Many agencies, including the Columbia Heights Police Department, the Columbia Heights Recreation Department, the Columbia Heights School District and Anoka County, plan to use the City of Peace Neighborhood Center

City of Columbia Heights Letter of Transmittal June 4, 2019 Page 4

for educational and recreational programming. The programs offered will serve residents through positive interaction, improved outreach and enhanced public safety. The City of Peace Neighborhood Center was made possible through Community Development Block Grant (CDBG) funding in the amount of \$366,771 as well as through other municipal funding opportunities.

AWARD AND AKNOWLEDGEMENTS

The Government Finance Officers' Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbia Heights, Minnesota for its Comprehensive Annual Financial Report for the year ended December 31, 2017. The Certificate of Achievement is a prestigious national award that recognizes conformity with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA program for review.

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the City Manager and City Council, preparation of this report would not have been possible.

Sincerely,

Joseph P. Kloiber

Joseph Klork.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council City of Columbia Heights, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information of the City of Columbia Heights, Minnesota, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia Heights, Minnesota, as of December 31, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 16 of the financial statements, the City of Columbia Heights, Minnesota, adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* for the year ended December 31, 2018. Our opinion is not modified with respect to this matter.

Report on Summarized Comparative Information

We have previously audited the City of Columbia Heights, Minnesota's 2017 financial statements and we expressed an unmodified audit opinion on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information in our report dated June 14, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the schedules of OPEB and pension information, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Columbia Heights, Minnesota's basic financial statements. The introductory section, combining and individual fund financial statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

Kelpath and Corpuny, Ut.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 4, 2019, on our consideration of the City of Columbia Heights, Minnesota's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Columbia Heights, Minnesota's internal control over financial reporting and compliance.

REDPATH AND COMPANY, LTD.

St. Paul, Minnesota

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Columbia Heights, Minnesota (the City), we offer readers of the City of Columbia Heights' financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Financial Highlights

The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at December 31, 2018, by \$69,759,621 (net position). Of this amount, \$24,412,277 or 35% is unrestricted net position which may be used to meet the City's ongoing obligations to citizens and creditors.

During 2018, the City's total net position of the government-wide financial statements was positively impacted in the current year by \$529,755. This resulted from \$885,718 increase within the City's business-type activities, offset by a \$355,963 decrease within the governmental activities.

As of December 31, 2018, the combined fund balances of the City's governmental funds were \$29,676,535. This is an increase of \$1,979,762 or 7% from the prior year. Also, approximately 22% of the combined fund balances of the City's governmental funds were unassigned fund balance, available for spending at the City Council's discretion.

As of December 31, 2018, unassigned fund balance in the General fund was \$6,641,233 or 97% of the total fund balance in the General fund. The City's minimum fund balance policy for the General fund, detailed in the notes to the financial statements, was met at December 31, 2018.

Total bonded debt increased in 2018 by a net of \$384,410; yielding an end-of-year total of \$26,748,046. The increase is the amount by which general obligation refunding bonds issued in December 2018 for \$2,070,000 exceeded scheduled principal payments and premium/discount amortization on all existing bonded debt in 2018. These refunding bonds were issued to redeem certain outstanding general obligation bonds in February 2019, reducing future debt service by an estimated present value of \$185,000.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, culture and recreation and community development. The business-type activities of the City include water, sanitary sewer, refuse, storm sewer and liquor operations.

The government-wide financial statements are presented as Statements 1 and 2 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near term financial decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and change in fund balances provide a reconciliation to facilitate this

comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each major governmental fund. The major governmental funds in 2018 are as follows:

- General Fund
- Municipal State Aid Street Fund
- Capital Equipment Replacement General Government Fund
- Capital Improvements-PIR Fund
- Capital Improvements General Government Buildings Fund
- HRA (Component Unit) Parkview Villa North and South Fund

Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report. The basic governmental fund financial statements are presented as Statements 3 through 5 of this report.

The City adopts an annual appropriated budget for its general and certain special revenue funds listed in the notes to the financial statements. A budgetary comparison statement has been provided for each these funds to demonstrate compliance with this budget.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, refuse, storm sewer, and liquor operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its municipal service center (for vehicle and facilities maintenance), information systems, property and liability insurance, and certain employee benefits. As these internal transactions predominately benefit the governmental rather than the business-type activities, the internal service funds have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, sewer, refuse, storm sewer and liquor operations, all of which are considered to be major funds of the City. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report. The basic proprietary fund financial statements are presented as Statements 6 through 8 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statement is presented as Statement 9 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. Required supplementary information for the General fund are presented as Statement 10 of this report. Certain required supplementary information on pensions and other post-employment benefits are presented as Statements 11 through 15 of this report. Certain additional combining and individual fund statements and schedules are presented as Statements 16 through 66 of this report.

Government-wide Financial Analysis

As noted above, net position may serve over time as a useful indicator of a government's financial position. At December 31, 2018, the City's assets and deferred outflows exceeded its liabilities and deferred inflows by \$69,759,621.

\$39,755,498 or 57% of the City's net position reflects its investment in capital assets (e.g. land, buildings, equipment and infrastructure) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. It should be noted that, although net position invested in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since the capital assets themselves would not be used to liquidate these liabilities.

The restricted portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$24,412,277 or 35%, may be used to meet the City's ongoing obligations to citizens and creditors.

At December 31, 2018, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities.

Changes in net position - governmental activities. During the current year, governmental activities decreased the City's net position by \$355,963. This decrease of less than 1% differed from the prior year increase of 5% as follows:

- Governmental activities revenue decreased \$1,313,064 or 7% over the prior year. This included:
 - o A one-time 2017 gain of \$570,000 on the sale of the former Library building.
 - A net decrease in capital grants, largely from the 2017 completion of federally-funded street reconstruction of \$833,000 and a one-time 2017 federal award of \$367,000 for a recreation facility, offset by a 2018 increase in state street reconstruction grants of \$436,500.
 - Charges for services decreased \$932,487 in 2018, due to one-time revenues in 2017 including a \$456,000 exchange contract for street reconstruction with Anoka County, building permits of \$200,000 for a single large redevelopment, and \$150,000 of developer fees from the issuance of conduit debt.
 - Planned increases in property taxes of \$644,148 were offsetting the net decrease in the types of revenue listed above.
- Governmental activities expenses increased \$1,940,404 or 11% from the prior year. Key elements of this change include:
 - There were planned 2018 inflationary increases of 2.5% in most governmental activities, plus labor contract adjustments to make certain compensation comparable to similar positions in other metro cities.

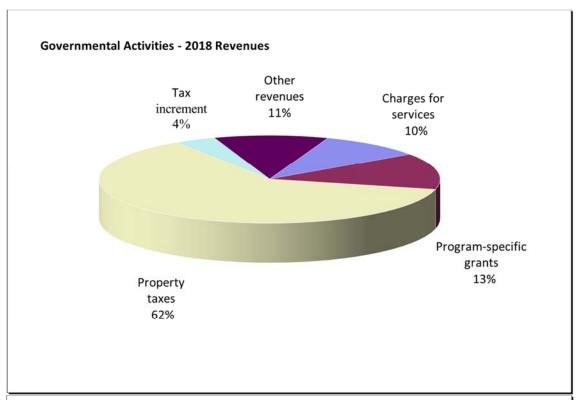

- Public works expenses increased by \$1,389,051, primarily from increased nonfederal construction.
- Culture and recreation expenses increased \$764,197. This reflects certain cost of a new Library facility, including \$372,773 of first year depreciation expense and \$248,775 of project costs not eligible for capitalization.
- 2018 pension expense decreased by approximately \$880,000 from the prior year for the governmental activities' portion of two state-wide cost sharing defined-benefit plans in which the City participates. This was primarily from improved long-term funding resulting from legislative changes to plans terms. More information on these plans is available in the notes to the financial statements.
- 2018 Transfers to/from the business-type activities increased net position of the governmental activities by \$422,474. In the prior year net transfers decreased the net position of the governmental activities by \$231,537. The current year net transfers only include the kinds of routine operating transfers that occur between the governmental and business type activities in most years. Whereas the net transfers in the prior years included these items against a one-time consolidation of all liabilities for pension and other post-employment benefits into the governmental activities.

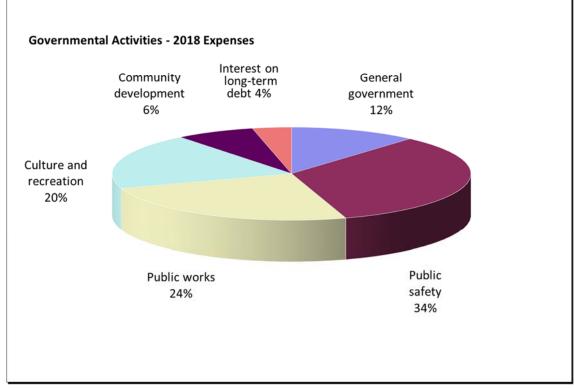

Changes in net position - Business-type activities. In 2018, business-type activities increased the City's total net position by \$885,718. This 5% increase differed from the prior year increase of 3% as follows:

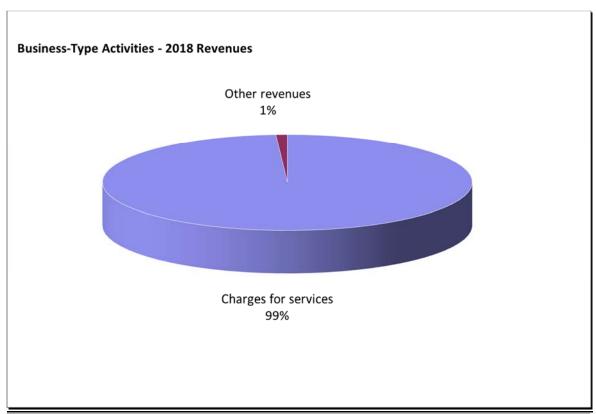

- Business-type activities revenue increased by \$550,401 or 3% over the prior year. This was
 primarily from a \$526,885 increase in charges for services. Approximately two-thirds of this
 was from an increase to utility rates set by the City Council and one-third was from increase
 municipal liquor sales.
- Business-type activities expense decreased by \$332,624. A majority of the decrease or \$592,408, is from reduced consumption of water/sewer and a recycling initiative to lower the amount of refuse. Offset by an increase in liquor operating expense and storm sewer construction.
- For reasons explained above, 2018 Transfers to/from the government activities decreased net position of the business-type activities by \$422,474. Whereas in the prior year, net transfers increased the net position of the business type activities by \$231,537.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on nearterm inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At December 31, 2018, the City's governmental funds reported combined fund balances of \$29,676,535. 79% of this amount or \$23,306,243 was not subject to external legal restrictions. This unrestricted portion of the combined fund balances includes all committed, assigned and unassigned fund balances. The remaining 21% of the combined fund balances is nonspendable or restricted; to indicate that it is not available for new spending because it has already been obligated for prepaid items (\$148,900), debt service (\$3,461,396), tax increment purposes (\$1,991,737), and various other purpose restrictions (\$768,259) detailed in the notes to the financial statements.

The General Fund is the chief operating fund of the City. During the current year, fund balance in the General Fund decreased by \$862,136. This is approximately the amount by which a one-time transfer of \$1,400,000 from the General Fund to the Capital Improvement General Government Buildings Fund exceed routine annual operating transfers into the General Fund. This one-time transfer was part of a plan to accumulate funds for the future building improvement and replacement.

Although general revenues and expenditures were approximately equal in 2018, they increased over the prior year as follows:

- Revenues increased by \$680,595 or 6% over the prior year, primarily due to a \$619,765 increase in property taxes consistent with the City's five-year financial plan.
- Expenditures increased by \$495,427 or 4% over the prior year, primarily due to planned 2018 inflationary increases of 2.5% in both personnel and non-personnel costs of existing departmental operations. Secondarily, there were also:
 - Labor contract adjustments to make certain compensation comparable to similar positions in other metro cities.
 - o 1.35 Full-time equivalent new permanent positions created and hired in 2018.
 - Seasonal staffing additions for the biennial election held in 2018.

The changes in fund balance of the other major governmental funds in 2018, and significant elements of those changes, were as follows:

- The Municipal State Aid Street Fund increased by \$446,554. This is the amount by which restricted intergovernmental revenue received in the current year for maintenance and reconstruction of eligible roads exceeded the amount used in the current year.
- The Capital Equipment Replacement General Government Fund decreased by \$113,931. This is the amount by which capital outlays for equipment, such as vehicles, exceeded current year revenue committed for this purpose.
- The Capital Improvements PIR Fund decreased by \$700,890. This decrease is the amount by which current year street project expenditures, net of related transfers from the Municipal State Aid Street Fund, exceeded special assessments collected in the current year. PIR is the acronym for Public Improvement Revolving Fund.
- The Capital Improvements General Government Buildings Fund increased by \$2,031,026. This increase includes a \$1,423,000 transfer from the General Fund and \$362,651 of residual funds transferred from the completion of new library building project within the non-major funds.
- The Housing and Redevelopment Authority (Component Unit) Parkview Villa North and South Fund decreased by \$7,284 from the transfer of all residual cash to the nonmajor governmental funds for the purposes of the Economic Development Authority (Component Unit.) The Housing and Redevelopment Authority ceased active operations in 2015.

The combined fund balances of the nonmajor governmental funds increased by \$1,186,423 or 10% over the prior year. The most significant elements of this increase were:

- \$2,070,000 of general obligation refunding bonds issued in December 2018 for the February 2019 early redemption of certain general obligation bonds issued in 2009.
- \$362,651 of fund balance transferred to the Capital Improvement General Government Buildings Fund as described above.
- \$330,000 expenditure of fund balance used for parks capital outlays.

Proprietary funds. The City's proprietary funds provide the same type of information that is found in the government-wide financial statements for business-type activities, but in more detail. At December 31, 2018, net position of the major proprietary funds included the following amounts of unrestricted net position:

- Water Fund \$1,012,328
- Sewer Fund \$1,524,456

- Refuse Fund \$1,856,140
- Storm Sewer Fund \$413,812
- Liquor Fund \$3,076,627

The 2018 changes in net position of the major proprietary funds were as follows:

- Water Fund \$497,403
- Sewer Fund \$122,982
- Refuse Fund \$88,068
- Storm Sewer Fund (\$47,297)
- Liquor Fund \$241,765

Other factors concerning the finances of the proprietary funds are addressed above in the analysis of the City's business-type activities.

Budgetary Highlights

General Fund. The changes between the original and final 2018 General Fund budget consisted of several small budget amendments to increase intergovernmental revenue, charges for services, and miscellaneous other revenues, by a total of \$30,990. All of these changes were paired with related increases to budgeted police and fire expenditures. This reflects additional services and training funded by external entities mid-year.

Actual general fund revenues in 2018 were more than budgeted by \$197,303 or 2%. Approximately \$120,000 of this variance is the amount by which excess tax increment refunded to the City from tax increment financing districts exceeded tax-reduction settlements and judgements. These items are reported within the line item for tax revenues when they occur, but are not used in the revenue forecast to develop the budget. Actual intergovernmental revenues and charges for services exceeded the budget by approximately \$44,000 and \$32,000 respectively, primarily due to conservative budget estimates.

Actual general fund expenditures in 2018 were less than budgeted by \$493,591 or 4%. Major elements of this variance include:

- Parks and recreation expenditures were approximately \$88,000 less than budgeted. This
 included approximately \$77,000 of personnel service savings from vacancies, turn over and
 available grant funding for recreation staff.
- Public safety expenditures were approximately \$293,000 less than budgeted. This variance reflects staff vacancies and new hires at entry level wages instead of top scale wages.
 Building maintenance was over budget by \$20,000, as an upgrade to the security system was needed, but not anticipated.

• The remaining variances were distributed throughout the departments of the general fund and were primarily the result of using conservative budget estimates.

Capital Asset and Debt Administration

Capital assets. The City's capital assets for its governmental and business-type activities as of December 31, 2018, amount to \$63,603,545 net of accumulated depreciation. This investment in capital assets includes land, buildings, equipment, infrastructure, and construction in progress.

Significant capital asset activity during 2018 included the following:

	Year	As of December 31, 2018	
Project	Started	Cost to Date	Status
Library Building Replacement	2014	\$10,833,584	in-progress
Street Reconstruction - Stinson Blvd	2016	947,188	in-service
Street Lighting Central 47-51st	2017	1,140,652	in-progress
Neighborhood Bldg Circle Terr	2017	458,522	in-progress
Storm Swr Pipe & Street Improvement	2017	1,230,775	in-progress
Street Rehab Zone 4	2017	23,639	in-progress
Pond Construction Slv Lk Boat landing	2017	40,986	in-progress
Keyes Park Rehabilitation	2018	456,477	in-progress
Street Overlay	2018	31,226	in-progress

At December 31, 2018, the City had \$40,000 of non-cancellable contractual commitments for construction in 2018, primarily for the street reconstruction and sewer lining projects. Additional information on the City's capital assets can be found in Note 5 to the financial statements.

Long-term debt. Total bonded debt increased in 2018 by a net of \$384,410; yielding an end of year total of \$26,748,046. The increase is the amount by which general obligation refunding bonds issued in December 2018 for \$2,070,000 exceeded scheduled principal payments and premium/discount amortization on all existing bonded debt in 2018. These refunding bonds, were issued to redeem certain outstanding 2009 general obligation bonds in February 2019, reducing future debt service by an estimated present value of \$185,000. The 2009 bonds were a portion of the financing used for the City's public safety facilities. The 2018 bonds will be repaid with a combination of existing property taxes and state grants.

Bonded debt outstanding at year end included general obligation bonds, which are backed by the full faith and credit of the City, and revenue bonds, for which only revenues from the related projects financed are pledged for repayment. Some of the general obligation bonds have specific revenue sources pledged other than property taxes, but in the event those other sources were insufficient, the City would be required to fund the shortfall through property taxes.

State statute limits the amount of certain general obligation debt that a Minnesota city may issue to 3% of the estimated market value of property within a city's taxing jurisdiction. At December 31, 2018, the City's debt limit under this statute was \$40,063,149 and \$19,281,618 of the City's outstanding debt was of the type to which this limit applies.

At December 31, 2018, the City's general obligation bonds have an AA rating from Standard and Poor's and Aa2 rating from Moody's. The outstanding revenue bonds of the governmental activities at December 31, 2018, are repaid only with tax increment and are unrated.

In conjunction with the 2015 sale of real property, the HRA owes a 30-year no-interest note payable to the U.S. Department of Housing and Redevelopment for \$5,200,000 with all principal due in 2047. This amount is included in the financial statements within the amount reported as due to

other governments.

Other long-term obligations consist of compensated absences, post-employment health insurance, and net pension benefit. Additional information on the City's long-term debt is included in Note 7 to the financial statements.

Economic Factors and Next Year's Budget

In 2018, the average annual unemployment rate for Anoka County, which includes the City, was 3.0%. This is a decrease from a rate of 3.5% from the prior year. This compares to the average annual 2018 state and national rates of 3.4% and 3.9% respectively. The Consumer Price Index in the region compares favorably to national trends. These factors were considered when preparing the City of Columbia Heights' 2019 budget.

Requests For Information.

This financial report is designed to provide a general overview of the City of Columbia Heights' finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Columbia Heights, Finance Department, 590 40th Avenue NE, Columbia Heights, Minnesota 55421-3878.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For The Year Ended December 31, 2018

Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:

Net changes in fund balances - total governmental funds (Statement 4)	\$1,979,762
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The difference is the amount by which depreciation exceeded outlays for capital assets.	(1,695,245)
The net effect of various miscellaneous transactions involving capital assets, such as sales, trade-ins and abandonments was a decrease in net position.	(24,193)
The issuance of long-term debt provides current financial resources to the governmental funds, while repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction has any effect on net position however. This amount is the net effect of these differences in the treatment of long-term debt.	(806,086)
Interest on long-term debt is reported in the governmental funds in the year it is paid. Whereas, this amount is reported in the statement of activities in the year in which it accrues.	(4,363)
In the governmental funds, revenues are reported in the year available as current resources. Whereas in the statement of activities, revenues are reported in the year earned.	30,309
The net revenues (expenses) of certain activities of internal service funds are reported within the governmental activities in the statement of activities.	163,853
Change in net position of governmental activities (Statement 2)	(\$355,963)

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Columbia Heights, Minnesota (the City) was incorporated in 1898. A Council composed of an elected mayor and four council members governs the City. The Council exercises legislative authority and determines all matters of policy. The Manager, appointed by the Council, is responsible for the proper administration of all affairs relating to the City.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles as applied to governmental units by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant policies.

A. FINANCIAL REPORTING ENTITY

The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

The City has two component units - the Housing and Redevelopment Authority (HRA) and the Economic Development Authority (EDA). The HRA and EDA are considered component units because the governing boards are substantively the same as that of the City and because the City is in a relationship of financial benefit or burden with each of the entities. It is this criterion that results in the HRA and EDA being reported as blended component units.

The financial position and results of operations of the HRA and the EDA component units are presented using the blended method. These blended component units, although legally separate entities, are, in substance, part of the City's operations. The component units consist of Nonmajor Governmental Funds using the modified accrual basis of accounting, and as such are included in the other governmental funds. Separate financial statements for the HRA and EDA are not prepared.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as *general revenues*.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The City's only fiduciary funds are agency funds. Agency funds are custodial in nature and do not involve measurement of results of operations. Agency fund financial statements use the accrual basis of accounting.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers all revenues, except reimbursement grants, to be available if they are collected within 60 days of the end of the current fiscal period. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, special assessments, intergovernmental revenues, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Municipal State Aid Street Fund is maintained according to state statute to account for maintenance and construction of municipal state aid street systems.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

The Capital Improvement – general government building fund was established for improvements to city buildings.

The Capital Equipment Replacement – general government fund was established to account for the replacement of capital assets as needed.

The Capital Improvement – PIR Fund was established to account for projects that will be assessed to the affected properties.

The HRA (component unit) Parkview Villa North & South fund was established to account for the revenue and expenditures of the senior housing complex.

The City reports the following major proprietary funds:

The water fund accounts for revenues and expenses associated with water services to area residents.

The sewer fund accounts for revenues and expenses associated with sewer disposal within the City.

The *refuse fund* accounts for revenues and expenses associated with organized collection of refuse and recycling within the City.

The storm sewer fund accounts for revenues and expenses associated with storm water disposal.

The *liquor fund* accounts for revenues and expenses associated with the operation of three off-sale liquor stores.

Additionally, the City reports the following fund types:

Internal service funds account for municipal service center, information systems, risk management and certain employee benefit services provided to other departments of the City on a cost reimbursement basis.

Agency - The *permit surcharge agency fund* is used to account for SAC charges and surcharges collected for and remitted to the State of Minnesota. The *Tri-City GIS fund* is used to account for the joint purchase of certain services for which the City is fiscal agent on behalf of the City of Columbia Heights, the City of Fridley and the City of Andover.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are transactions that would be treated as revenues, expenditures or expenses if they involved external organizations, such as buying goods and services or payments in lieu of taxes, are similarly treated when they involve other funds of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water, sewer, refuse, storm sewer and liquor enterprise funds and of the internal service funds are charges to customers for sales and services. Liquor fund sales are reported net of discounts. No other fund provides discounts. For 2018, liquor sales discounts were \$257,568. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. BUDGETARY DATA

The City Manager submits to the City Council a proposed operating budget for the fiscal year commencing on January 1 of the following year. At least one special Council meeting is conducted to obtain public comments as required by the State Truth in Taxation Law.

The City Council annually adopts budgets prior to January 1 for the General Fund and the following special revenue funds:

Nonmajor special revenue funds:

Cable Television fund Library fund Planning and Inspections fund After-School Programs fund Special Projects fund Downtown Parking

Economic Development Authority (component unit):

Economic Development Authority administration fund

The budgets are prepared by fund, function and activity. The budgets are adopted on a basis consistent with generally accepted accounting principles and all appropriations lapse at the end of the budget year to the extent that they have not been expended. Total expenditures appropriated in the budget resolution may not legally exceed the estimated revenues available from various sources.

Formal budgetary integration is employed as a management control device during the year. Budget revisions between functions or activities may be made by the City Manager. Budget revisions at the fund level are authorized by the City Council in accordance with the City Charter at the request of the City Manager. The legal level of budgetary control is therefore at the fund level.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

The City does not use encumbrance accounting.

E. CASH AND INVESTMENTS

Cash balances from all funds of the City are pooled and invested to the extent available in authorized investments. Investments are stated at fair value, except for investments in any external investment pools that meet GASB 79 requirements, which are stated at amortized cost. Investment income is allocated to the individual funds on the basis of applicable cash balance participation by each fund using an average of monthly beginning cash and investment balances.

The City provides temporary advances to funds that have insufficient cash balances by means of an advance from another fund shown as interfund receivables in the advancing fund, and an interfund payable in the fund with the deficit, until adequate resources are received. The interfund balances are eliminated on the government-wide financial statements.

Investments are stated at fair value within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. The hierarchy has three levels. Level 1 investments are valued using inputs that are based on quoted prices in active markets for identical assets. Level 2 investments are valued using inputs that are based on quoted prices for similar assets or inputs that are observable, either directly or indirectly. Level 3 investments are valued using inputs that are unobservable. A detail of the fair value hierarchy of investments held by the City are disclosed in Note 2.

F. RECEIVABLES AND PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. Interfund loans are classified as "interfund receivables/payables." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Because property taxes, special assessments and utility bills form liens on property, no estimated uncollectible amounts are established. Uncollectible amounts are not material for other receivables, and have not been reported.

G. PROPERTY TAX REVENUE RECOGNITION

The City Council annually adopts a tax levy and certifies it to the County in December (levy/assessment date) of each year for collection in the following year. The County is responsible for billing and collecting all property taxes for itself, the City, the local School District and other taxing authorities. Such taxes become a lien on January 1 and are recorded as receivables by the City at that date. Real property taxes are payable (by property owners) on May 15 and October 15 of each calendar year. Personal property taxes are payable by taxpayers on February 28 and June 30 of each year. These taxes are collected by the

NOTES TO FINANCIAL STATEMENTS December 31, 2018

County and remitted to the City on or before July 7 and December 2 of the same year. Delinquent collections for November and December are received the following January. The City has no ability to enforce payment of property taxes by property owners. The County possesses this authority.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The City recognizes property tax revenue in the period for which the taxes were levied. Uncollectible property taxes are not material and have not been reported.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

The City recognizes property tax revenue when it becomes both measurable and available to finance expenditures of the current period. In practice, current and delinquent taxes received by the City are recognized as revenue for the current year. Delinquent taxes that are collected by the County by December 31 (remitted to the City the following January) are also recognized as revenue for the current year. All remaining delinquent taxes receivable in governmental funds are offset by deferred inflow of resources.

H. SPECIAL ASSESSMENT REVENUE RECOGNITION

Special assessments are levied against benefited properties for the cost or a portion of the cost of special assessment improvement projects in accordance with state statutes. These assessments are collectible by the City over a term of years usually consistent with the term of the related bond issue. Property owners are allowed to (and often do) prepay future installments without interest or prepayment penalties.

Once a special assessment roll is adopted, the amount attributed to each parcel is a lien upon that property until full payment is made or the amount is determined to be excessive by the City Council or court action. If special assessments are allowed to go delinquent, the property is subject to tax forfeit sale. Proceeds of sales from tax forfeit properties are allocated first to the County's costs of administering all tax forfeit properties. Pursuant to state statutes, a property shall be subject to a tax forfeit sale after three years unless it is homesteaded, agricultural or seasonal recreational land, in which event the property is subject to such sale after five years.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The City recognizes special assessment revenue in the period that the assessment roll was adopted by the City Council. Uncollectible special assessments are not material and have not been reported.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Revenue from special assessments is recognized by the City when it becomes measurable and available to finance expenditures of the current fiscal period. In practice, current and delinquent special assessments received by the City are recognized as revenue for the current year. Special assessments that are collected by the County by December 31 (remitted to the City the following January) are also recognized as revenue for the current year. All remaining delinquent and deferred special assessments receivable in governmental funds are offset by deferred inflow of resources.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

I. INVENTORIES

GOVERNMENTAL FUNDS

The original cost of materials and supplies has been recorded as expenditures at the time of purchase. These funds do not maintain material amounts of inventories. Real estate held for resale is valued at the lower of cost or estimated net realizable value. Sales of real estate held for resale are recognized as charges for services in the government-wide statements and sale of capital assets in the fund financials.

PROPRIETARY FUNDS

Inventories of the Proprietary Funds are stated at cost, which approximates market, using the first-in, first-out (FIFO) method.

J. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are reported using the consumption method and recorded as expenditures/expenses at the time of consumption.

K. CAPITAL ASSETS

Capital assets, which include land, buildings, equipment, and infrastructure assets (e.g., roads, sidewalks, water systems, sewer systems and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an estimated useful life in excess of one year and an initial individual cost of more than the following:

Capitalization Threshold	
Land	\$1
Buildings	25,000
Equipment	5,000
Infrastructure	250,000

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Infrastructure assets acquired prior to June 30, 1980 are not recorded. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

Property, plant and equipment of the primary government, as well as the component units, are depreciated using the straight line method over the following estimated useful lives:

Capital Assets	
Buildings (and building components)	10 - 50 years
Equipment	3 - 15 years
Infrastructure	20 - 60 years

L. COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits to certain limits. All vacation pay and the vested portion of sick pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. In accordance with the provisions of Statement of Government Accounting Standards No. 16, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

Typically, resources from the employee benefits fund are used to liquidate the liability for compensated absences.

M. LONG-TERM OBLIGATIONS

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

N. FUND BALANCE CLASSIFICATIONS

In the fund financial statements, governmental funds report fund balance in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable – consists of amounts that are not in spendable forms, such as prepaid items and assets for resale unless proceeds from the sale are committed or restricted.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Restricted – consists of amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed – consists of internally imposed constraints. These constraints are established by Resolution of the City Council. Once adopted, the limitation imposed requires a similar action be taken to remove or revise the limitation.

Assigned – consists of internally imposed constraints. These constraints reflect the specific purpose for which it is the City's intended use. These constraints are established by the City Council and/or management. Pursuant to City Council resolution 2010-138, the City Manager is authorized to establish assignment of fund balance.

Unassigned – is the residual classification for the general fund and also reflects negative residual amounts in other funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to first use restricted resources, and then use unrestricted as they are needed. When committed, assigned or unassigned resources are available for use, it is the City's policy to use resources in the following order; 1) committed, 2) assigned and 3) unassigned.

O. INTERFUND TRANSACTIONS

Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. Interfund loans are reported as an interfund receivable or payable which offsets the movement of cash between funds. All other interfund transactions are reported as transfers.

P. USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) requires management to make estimates that affect amounts reported in the financial statements during the reporting period. Actual results could differ from such estimates.

Q. COMPARATIVE DATA/RECLASSIFICATIONS

Certain comparative total data for the prior year has been presented in the government-wide financial statements in order to provide an understanding of the changes in the City's financial position and operations. Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

R. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows of resources: In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred Inflows of resources: In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow or resources (revenue) until that time. The city has pension and OPEB related deferred inflows of resources reported in the government-wide statement of net position. Accordingly, the item, unavailable revenue, is reported only in the governmental fund balance sheet. The governmental funds report unavailable revenue from the following sources: property taxes, special assessments, due from other governmental units, and loans receivable.

Pensions: For the purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deletions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The City has an additional item which qualifies for reporting in this category. The item, deferred pension resources, is reported only in the statements of net positions and results from actuarial calculations.

S. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

funds - to arrive at net position of governmental activities

1. <u>EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE</u> GOVERNMENT-WIDE STATEMENT OF NET POSITION

The governmental fund balance sheet includes a reconciliation between *fund balance* – *total governmental funds* and *net position* – *governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation states, "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this (\$23,788,339) difference are as follows:

Accrued interest payable	(\$256,209)
Other postemployment benefits payable	(1,145,513)
Bonds payable	(22,386,617)
Adjustment to fund balance - total governmental	

(\$23,788,339)

NOTES TO FINANCIAL STATEMENTS December 31, 2018

2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund statement of revenues, expenditures and changes in fund balance includes a reconciliation between *net changes in fund balance* – *total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation states, "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The difference is the amount by which depreciation exceeded capital outlay for capital assets." The details of this (\$1,695,245) difference are as follows:

Total capital outlay in government fund financial statements Adjustments for items not capitalized Adjustments to the carrying value of real estate held for resale Depreciation expense	\$1,683,040 (606,446) (396,783) (2,375,056)
Adjustment to net changes in fund balances - total governmental funds - to arrive at changes in net position of governmental activities.	(\$1,695,245)

Another element of that reconciliation states, "The issuance of long-term debt provides current financial resources to the governmental funds, while repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position however. This amount is the net effect of these differences in the treatment of long-term debt." The details of this (\$806,086) difference are as follows:

Debt issued:	
Refunding bonds	(\$2,070,000)
Plus premium on debt issued	(19,921)
Principal repayments:	
General obligation bonds	1,115,000
Revenue bonds	125,000
Amortization of deferred premiums	43,835
Adjustment to net changes in fund balances -	
total governmental funds - to arrive at	
changes in net position of governmental activities.	(\$806,086)

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Another element of that reconciliation states, "Revenue earned in the current year, that is unavailable in the current year is not reported in the governmental funds. Whereas, this amount is reported in the statement of activities in the year in which it was earned". The details of this \$30,309 difference are as follows:

Unavailable revenue - General property taxes:	
At December 31, 2017	(\$233,443)
At December 31, 2018	240,489
Unavailable revenue - Tax increment taxes:	
At December 31, 2017	(8,856)
At December 31, 2018	9,213
Unavailable revenue - Special assessments:	
At December 31, 2017	(1,967,466)
At December 31, 2018	1,990,372
Unavailable revenue - Loan receivable:	
At December 31, 2017	(6,916,000)
At December 31, 2018	6,916,000
Adjustment to net changes in fund balances - total governmental funds - to arrive at	
changes in net position of governmental activities.	\$30,309

T. STATEMENT OF CASH FLOWS

For purposes of the Statement of Cash Flows, the City considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents. All of the Proprietary Funds' equity in the City-wide cash and investment management pool is considered to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 2 DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds of the City. The City's total cash and investment balances as of December 31, 2018 are as follows:

	Carrying
	Amount At
	Fair Value
Investments	\$35,677,168
Deposits	2,375,928
Cash on hand	8,010
(Less) fidcuiary fund cash	
	\$38,061,106

A. DEPOSITS

In accordance with Minnesota Statutes, the City maintains deposits at those depository banks authorized by the City Council, all of which are members of the Federal Reserve System.

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. Minnesota Statutes require that all City deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds. The City has no additional deposit policies addressing custodial credit risk. At December 31, 2018, the bank balance of the City's deposits was insured by the FDIC or covered by pledged collateral held in the City's name.

Minnesota Statutes require that securities pledged as collateral be held in safekeeping by the City Clerk/Treasurer or in a financial institution other than that furnishing the collateral. Authorized collateral includes the following:

- (1) United States government treasury bills, treasury notes and treasury bonds;
- (2) Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- (3) General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- (4) Unrated general obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- (5) Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- (6) Time deposits that are fully insured by the Federal Deposit Insurance Corporation.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Deposits as of December 31, 2018 are as follows:

		Carrying
	Bank	Amount At
	Balances	Fair Value
Demand deposits	\$1,402,590	\$1,170,744
Time deposits	1,205,184	1,205,184
Total	\$2,607,774	\$2,375,928

B. INVESTMENTS

Minnesota Statutes Section 118A authorizes the City to invest in the following:

- Direct obligations or obligations guaranteed by the United States or its agencies, its instrumentalities, or organizations created by an act of congress, excluding mortgage-backed securities defined as high risk.
- b) Shares of investment companies described in Section 118A.05. This includes primarily money market funds rated in the top two rating categories by a national rating service, and companies whose only investments are described in items a) through h) of this note.
- c) Obligations of the State of Minnesota or any of its municipalities as follows:
 - (1) any security which is a general obligation of any state or local government with taxing powers which is rated "A" or better by a national bond rating service;
 - (2) any security which is a revenue obligation of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service; and
 - (3) a general obligation of the Minnesota Housing Finance Agency which is a moral obligation of the State of Minnesota and is rated "A" or better by a national bond rating agency.
 - (4) any security which is an obligation of a school district with an original maturity not exceeding 13 months and rated in the highest category by a national bond rating service, or enrolled in the credit enhancement program pursuant to Section 126C.55.
- d) Commercial paper issued by United States corporations or their Canadian subsidiaries, of the highest quality, and maturing in 270 days or less.
- e) General obligation temporary bonds of the same governmental entity issued under section 429.091, subdivision 7, 469.178, subdivision 5 or 475.61, subdivision 6.
- f) Funds held in a debt service fund may be used to purchase any obligation, whether general or special, of an issue which is payable from the fund, at such price, which may include a premium, as shall be agreed to by the holder, or may be used to redeem any obligation of such an issue prior to maturity in accordance with its terms.

Investments as of December 31, 2018 are as follows:

	Weighted		
	Average	Carrying	Percentage
	Maturities	Amount At	of Fair Value
	In Years	Fair Value	Per Issuer
United States Treasury Bills and Notes	0.2	\$3,490,510	10%
Notes issued by U.S. government agencies:			
Federal Home Loan Bank	3.7	1,991,985	6%
Federal National Mortgage Association	7.3	728,830	2%
Federal Home Loan Mortgage Corporation	3.6	9,651,418	27%
Federal Farm Credit Bank	2.0	989,120	3%
Negotiable Certificates of Deposit*	1.4	14,110,750	39%
Money market mutual funds:			
Evergreen U.S. Government Fund	Less than 1yr	3,187,555	9%
Federated Govt Oblig Instl	Less than 1yr	1,527,000	4%
Total investments		\$ 35,677,168	100%

^{*} from various issuers, each less than 5% of total fair value

The City has the following recurring fair value measurements as of December 31, 2018:

- All others are values using Level 2 inputs, significant other observable inputs.
- Money market mutal funds are investments not categorized.

C. INVESTMENT RISKS

The City's investment policy follows Minnesota State Statutes described above, which reduce the City's exposure to credit, custodial credit and interest rate risks. Additional risk information for the City is as follows:

- a) Interest rate risk Interest rate risk is the risk that changes in interest rates of debt investments could adversely affect the fair value of an investment. To address this risk, the City's policy is to generally hold investments to maturity.
- b) Credit risk investments Credit risk is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligation to the holder of the investment. As of December 31, 2018, the City's investments in the Notes issued by U.S. government agencies were all rated AA+ by Standard & Poor's, and Aaa by Moody's Investors Service. The money market funds in which the City held shares at December 31, 2018, were not rated, but are invested in U.S. Government Obligations and/or securities guaranteed by the U.S. government, and those underlying securities are rated AA+ by Standard and Poors and Aaa by Moody's Investor Service. The City's investment policies do not further address credit risk, beyond the limitations imposed in MN Statutes section 118A.

- c) Concentration of credit risk Concentration of credit risk is the risk of loss that may be attributed to the magnitude of a government's investment in a single issuer. The City places no limit on the amount the City may invest in any one issuer. The table above details the percentage of the City's investments with each issuer at December 31, 2018.
- d) <u>Custodial credit risk</u> Custodial credit risk is the risk that in the event of a failure of the counterparty, the City will not be able to recover the value of its investment securities that are in the possession of an outside party. As December 31, 2018, investments in securities are held by the City's three broker-dealers in the City's name, with \$500,000 of those securities at each broker-dealer insured by SIPC. Each broker-dealer has provided additional protection by providing additional insurance. This additional insurance is subject to aggregate limits applied to all of the broker-dealer's accounts. Investments in money markets are not evidenced by securities that exist in physical or book entry form, and therefore are not subject to custodial credit risk disclosures.

Note 3 RECEIVABLES

Significant receivable balances not expected to be collected within one year of December 31, 2018 are as follows:

	Major Fu	ınds					
	HRA (component Capital unit) Parkview Villa Improvement North & South PIR Fund		2008A Taxable GO Housing Imp Area Bonds Fund	Anoka County Comm. Dev.	EDA Administration	Capital Improvement Development	Total
	North & South	PIK FUND	Area Bonds Fund	Program Fund	(Component Unit)	Development	Total
Special assessments receivable Loan receivable	\$ - 6,585,000	\$1,062,053 -	\$362,371 -	\$ - 231,000	\$ - 100,000	\$ - 77,146	\$1,424,424 6,993,146
Total	\$6,585,000	\$1,062,053	\$362,371	\$231,000	\$100,000	\$77,146	\$8,417,570

On September 24, 2015, the Housing and Redevelopment Authority (HRA) sold a 150 unit senior apartment facility (Parkview Villa North and South) to Aeon, a regional non-profit housing entity. The terms of the sale included a 30 year \$6,585,000 long-term note receivable from Aeon due December 31, 2047. Once the note is collected, the HRA will remit \$5,200,000 to U.S. Department of Housing and Urban Development (HUD), for the dissolution and conversion of the Parkview Villa North portion of the facility as a Public Housing Agency project.

Note 4 UNAVAILABLE REVENUES

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of unavailable revenue reported in the governmental funds were as follows:

	Property	Tax	Special	Loan	
	Taxes	Increment	Assessments	Receivable	Total
Major Funds:					
General Fund	\$232,283	\$ -	\$ -	\$ -	\$232,283

Total depreciation expense - capital assets held by business-type activities	\$719,344

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

Note 6 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

INTERFUND RECEIVABLES AND PAYABLES

Individual fund interfund receivable and payable balances at December 31, 2018 are as follows:

Fund	Receivable	Payable
Major Funds:		
Municipal State Aid Street	\$ -	\$261,977
Capital Equipment Replacement General Gov't	83,000	-
Water	-	66,000
Storm Sewer	-	17,000
Nonmajor funds	438,937	176,960
Total	\$521,937	\$521,937

Included in these balances is an interfund loan from the Capital Equipment Replacement – General Government Fund to the Water Fund for \$66,000 and to the Storm Sewer Fund for \$17,000; to finance utility infrastructure improvements. All other interfund balances at December 31, 2018, reflect lending arrangements to cover deficit cash balances at yearend. Substantially all such other amounts are expected to be repaid within one year.

INTERFUND TRANSFERS

Interfund transfers during the year ended December 31, 2018 are as follows:

	Transfers In							
	Major Funds					Nonmajo	r Funds	_
		Governi	mental		Enterprise	Governmental		
		Municipal	Capital	Capital		Other

2018 interfund transfers were primarily for the following purposes:

- a) To fund capital projects and equipment replacement and consolidate redundant project funds
- b) To fund debt service funds with pledged resources from the funds authorized to collect those resources

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

c) To fund general government functions of the General Fund which are broadly applicable to all activities of the primary government.

Note 7 LONG-TERM DEBT

GENERAL OBLIGATION BONDS

The City issues General Obligation Bonds to provide funds for the acquisition and construction of major capital improvements. General Obligation Bonds are direct obligations and are backed by the full faith and credit of the City. Any deficiencies in pledged revenues will be offset by general property taxes. All of the bonds are serial bonds, which require semiannual payments of principal and/or interest from the date the bonds are issued. There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations and restrictions. General obligation bonds outstanding at December 31, 2018, are as follows:

	Pledged revenue,					
	if any, in addition to	Original	Interest	Issue	Final	Balance
	general property taxes	Issue	Rate	Date	Maturity	End of Year

Total general obligation bonds outstanding						\$24,070,000

CURRENT REFUNDING

On December 27th, 2018, the City issued \$2,070,000 of General Obligation Refunding Bonds, Series 2018A to refund the Public Facility Bonds, Series 2009A. The bonds bear an average coupon rate of 3.2 percent. These refunding bonds were issued to redeem certain outstanding 2009A General Obligation Public Facility Bonds in February 2019. The City refunded the 2009A General Obligation Public Facility bonds to reduce its future total debt service payments by \$242,123 and obtained an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$185,002.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

As of December 31, 2018, the annual debt service requirements to maturity for general obligation bonds are as follows:

Fiscal Year				
Ending	Governmental Activities		Business-Type	e Activities
December 31	Principal	Interest	Principal	Interest
2019	\$2,955,000	\$534,154	\$475,000	\$90,328
2020	925,000	483,790	445,000	81,583

2029-2033	4,585,000	982,772	315,000	3,623
2034-2038	4,410,000	298,786		-
Total	\$19,770,000	\$5,142,825	\$4,300,000	\$495,549

REVENUE BONDS

The City issues revenue bonds for which the City pledges only the income derived from the acquired or constructed assets or redevelopment to pay the debt service. All of the bonds are serial bonds, which require semiannual payments of principal and/or interest from the date the bonds are issued. There are a number of limitations and restrictions contained in the bond indentures. The City is in compliance with all significant limitations and restrictions. Revenue bonds outstanding at December 31, 2018 are as follows:

	Pledged revenue	Original Issue	Interest Rate	Issue Date	Final Maturity	Balance End of Year
Governmental activities: Tax increment revenue series 2016 - Refunding	Tax increment	\$2,435,000	2.28-3.009%	6/30/2016	2/15/2032	\$2,190,000
Total revenue bonds outstanding						\$2,190,000

As of December 31, 2018, the annual debt service requirements to maturity for revenue bonds are as follows:

Fiscal Year						
Ending	Governmental Activities					
December 31	Principal	Interest				
2019	\$125,000	\$63,873				
2020	130,000	61,957

NOTES TO FINANCIAL STATEMENTS December 31, 2018

CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year ended December 31, 2018 is as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable:					
General obligation bonds repaid only with general taxes	\$17,650,000	\$2,070,000	(\$865,000)	\$18,855,000	\$2,740,000
General obligation bonds with other pledged revenues	1,165,000	-	(250,000)	915,000	215,000
Revenue bonds	2,315,000	-	(125,000)	2,190,000	125,000
Unamortized premium/discount	450,531	19,921	(43,835)	426,617	-
Total bonds payable	21,580,531	2,089,921	(1,283,835)	22,386,617	3,080,000
Due to other government al units	5,200,000	-	-	5,200,000	-
Compensated absences	1,297,380	1,002,143	(946,345)	1,353,178	209,900
Net pension liability	9,635,048	-	(1,575,487)	8,059,561	-
Postemployment benefits other than pensions as restated	1,296,890	85,950	(129,968)	1,252,872	
Total governmental activity long-term liabilities	\$39,009,849	\$3,178,014	(\$3,935,635)	\$38,252,228	\$3,289,900
Business-type activities:					
Bonds payable:					
General obligation bonds with other pledged revenues	\$4,710,000	\$ -	(\$410,000)	\$4,300,000	\$475,000
Unamortized premium/discount	73,105		(11,676)	61,429	
Total bonds payable	4,783,105	0	(421,676)	4,361,429	475,000
Total business-type activity long-term liabilities	\$4,783,105	\$0	(\$421,676)	\$4,361,429	\$475,000

Compensated absences, net pension liability and other postemployment benefits are liquidated by the employee benefits fund, an internal service fund.

See note 3 for detail of due to other governmental units.

Note 8 CONDUIT DEBT

From time to time, the City has issued Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from private-sector entity revenues. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The City, the EDA, and the HRA, are not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2018 there was an estimated aggregate principal amount payable of approximately \$48,031,250 in bonds of this type.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

Note 9 FUND EQUITY

A. CLASSIFICATIONS

At December 31, 2018, the City has various fund equities through legal restrictions and City Council authorizations. A summary of such classifications are as follows:

	General Fund	Municipal State Aid Street	Cap Imp Gen Govt Building	Cap Eqp Replacement Gen Govt	Cap Imp PIR	HRA (component unit) Parkview Villa No & So	Nonmajor Gov't	Total
2018 Fund Balance

B. DEFICIT FUND BALANCE

The following funds had fund deficits as of December 31, 2018. The City will finance these deficits through collections of tax increment and other revenues in future years.

Nonmajor Funds:

Debt Service Funds: TIF Central Valu Center TIF Scattered Site

(\$2,638)(174,463)

(\$177,101)

NOTES TO FINANCIAL STATEMENTS December 31, 2018

C. MINIMUM FUND BALANCE POLICY

The City Council has formally adopted a fund balance policy for the General Fund and the Library Fund (a non-major fund). The most significant revenue sources for these funds are property taxes. This revenue source is received in two installments during the year – June and December. As such, it is the City's goal to begin each fiscal year with sufficient working capital to fund operations between each semi-annual receipt of property taxes. The policy establishes a year end target of unassigned fund balance for the General Fund and spendable fund balance for the Library fund equal to at least 45% of the next year's budgeted expenditures. At December 31, 2018, both funds have met this goal.

Note 10 DEFINED BENEFIT PENSION PLANS - STATEWIDE

A. PLAN DESCRIPTION

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

General Employees Retirement Fund (GERF)

All full-time (with the exception of employees covered by PEPFF) and certain part-time employees of the City are covered by the General Employees Retirement Fund (GERF). GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The City has no current employees that are Basic Plan members. All new members must participate in the Coordinated Plan.

<u>Public Employees Police and Fire Fund (PEPFF)</u>

The PEPFF, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the PEPFF also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

Benefits provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

1. GERF Benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989,

NOTES TO FINANCIAL STATEMENTS December 31, 2018

receive the higher of method 1 or method 2 formulas. Only method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for a Coordinated Plan members is 1.2% for each of the first ten years and 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service. The accrual for Minneapolis Employees Retirement Fund (MERF) members is 2% for each of the first 10 years of service and 2.5% for each additional year. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Beginning January 1, 2019, benefit recipients will receive a future annual increase equal to 50% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.5%. For retirements on or after January 1, 2024, the first benefit increase is delayed until retiree reaches Normal Retirement Age (not applicable to Rule 90 retirees, disability benefit recipients, or survivors). A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as if June 30 will receive a pro rata increase.

2. PEPFF Benefits

Benefits for the PEPFF members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50% after five years up to 100% after ten years of credited service. Benefits for PEPFF members first hired after June 30, 2014, vest on a prorated basis from 50% after ten years up to 100% after twenty years of credited service. The annuity accrual rate of 3% of average salary for each year of service. For PEPFF members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

Beginning in 2019, the COLA will be fixed at 1%. Under finding measurments from 2017, the 2.5% COLA trigger was never expected to occur and was subsequently removed from law. Post retirement increases are given each year except for annuitants who have been receiving a benefit for only 31 to 41 months. These annuitants will receive a prorated amount of the increase on a sliding scale.

B. CONTRIBUTIONS

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

GERF Contributions

Coordinated Plan members were required to contribute 6.50% of their annual covered salary in calendar year 2018. The City of Columbia Heights was required to contribute 7.50% for Coordinated Plan members in calendar year 2018. The City of Columbia Heights' contributions to the GERF for the year ended December 31, 2018, were \$459,367. The City of Columbia Heights' contributions were equal to the required contributions as set by state statute.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

PEPFF Contributions

Plan members were required to contribute 10.8% of their annual covered salary in calendar year 2018. The City of Columbia Heights was required to contribute 16.20% of pay for PEPFF members in calendar year 2018. The City of Columbia Heights' regular contributions to the PEPFF for the year ended December 31, 2018, were \$503,189. The City of Columbia Heights' contributions were equal to the required contributions as set by state statute.

C. PENSION COSTS

GERF Pension Costs

At December 31, 2018, the City of Columbia Heights reported a liability of \$4,915,165 for its proportionate share of the GERF's net pension liability. The City's net pension liability reflected a reduction due to a State of Minnesota contribution to the fund in 2018. The State of Minnesota is considered a non-employer contribution entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$161,391. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Columbia Heights' proportion of the net pension liability was based on the City of Columbia Heights' contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City of Columbia Heights' proportion share was 0.0886% which was an increase of 0.0026% from its proportion measured as of June 30, 2017.

For the year ended December 31, 2018, the City of Columbia Heights recognized pension expense of \$456,636 for its proportionate share of the GERF's pension expense. In addition, the City recognized an additional \$37,636 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's 2018 contribution to the GERF.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

At December 31, 2018, the City of Columbia Heights reported its proportionate share of the GERF's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of		_	Deferred Inflow of	
	Re	esources	R	esources	
Differences between expected and	' <u></u>				
actual economic experience	\$	130,097	\$	145,457	
Changes in actuarial assumptions		476,411		552,271	
Differences between projected and					
actual investment earnings		-		493,525	
Changes in proportions		186,131		73,018	
Contributions paid to PERA subsequent					
to the measurement date		230,886		-	
Total	\$	1,023,525	\$	1,264,271	

\$230,886 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	Pension Expense
December 31:	Amount
2019	\$194,083
2020	(215,639)
2021	(347,488)
2022	(102,588)
2023	-
Thereafter	
	\$ (471,632)

PEPFF Pension Costs

At December 31, 2018, the City of Columbia Heights reported a liability of \$3,144,396 for its proportionate share of the PEPFF's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City's proportion was 0.295% which was a decrease of 0.012% from its proportion measured as of June 30, 2017.

For the year ended December 31, 2018, the City of Columbia Heights recognized pension expense of \$292,106 for its proportionate share of the PEPFF's pension expense. The City also recognized \$26,550 for the year ended December 31, 2018, as revenue (and an offsetting reduction in net pension liability) for its proportionate share of the State of Minnesota's on-behalf contributions to the PEPFF. Legislation passed in 2013 required the State of Minnesota to begin contributing to the PEPFF each year, starting in fiscal year 2014.

At December 31, 2018, the City of Columbia Heights reported its proportionate share of the PEPFF's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflow of
	Resources	Resources
Differences between expected and		
actual economic experience	\$ 129,720	\$ 760,458
Changes in actuarial assumptions	4,252,303	5,011,752
Differences between projected and		
actual investment earnings	-	675,961
Changes in proportions	262,502	512,619
Contributions paid to PERA subsequent		
to the measurement date	252,310	
Total	\$ 4,896,835	\$ 6,960,790

\$252,310 reported as deferred outflows of resources related to pensions resulting from the City of Columbia Heights' contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	Αc	djustments to
December 31:	Pe	nsion Expense
2019		(\$138,177)
2020		(276,098)
2021		(507,614)
2022		(1,310,720)
2023		(83,656)
Thereafter		-
	\$	(2,316,265)

NOTES TO FINANCIAL STATEMENTS December 31, 2018

D. ACTUARIAL ASSUMPTIONS

The total pension liability in the June 30, 2018, actuarial valuation was determined using the following actuarial assumptions:

	GERF	PEPFF
Inflation	2.50% per year	2.50% per year
Salary Growth	3.25% per year after 26 years of service	3.25% per year after 25 years of service
Investment Rate of Return	7.50%	7.50%

The total pension liability for each of the defined benefit cost-sharing plans was determined by an actuarial valuation as of June 30, 2018, using the entry age normal actuarial cost method. Inflation is assumed to be 2.50 percent for the GERF and PEPFF. Salary growth assumptions in the GERF decrease in annual increments from 11.25 percent after one year of service, to 3.25 percent after 26 years of service. In the PEPFF, salary growth assumptions decrease from 12.25 percent after one year of service to 3.25 percent after 25 years of service.

Mortality rates for all plans are based on RP-2014 mortality tables. The tables are adjusted slightly to fit PERA's experience. Actuarial assumptions for the General Employees Plan are reviewed every four to six years. The most recent six-year experience study for the General Employees Plan was completed in 2015. The most recent four-year experience study for the Police and Fire Plan was completed in 2016.

The following changes in actuarial assumptions occurred in 2018:

General Employess Fund

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

Police and Fire Fund

• The mortality projection scale was changed from MP-2016 to MP-2017.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Domestic Stocks	39%	5.10%
International Stocks	19%	5.30%
Bonds	20%	0.75%
Alternative Assets	20%	5.90%
Cash	2%	0.00%

E. DISCOUNT RATE

The discount rate used to measure the total pension liability in 2018 was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund and the Police and Fire Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

F. PENSION LIABILITY SENSITIVITY

The following presents the City of Columbia Heights' proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

Sensitivity of Net Pension Liability at Current Single Discount Rate

	General Employees Fund			 Police	and F	ire Fund
1% Higher	8.50%	\$	2,378,815	8.50%	\$	169,507
Current Discount Rate	7.50%		4,915,165	7.50%		3,144,396
1% Lower	6.50%		7,987,772	6.50%		6,741,783

NOTES TO FINANCIAL STATEMENTS December 31, 2018

G. PENSION EXPENSE

Pension expense recognized by the City for the fiscal year ended December 31, 2018 is as follows:

GERF	\$ 494,272
PEPFF	 292,106
_	
Total	\$786,378

H. PENSION PLAN FIDUCIARY NET POSITION

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org; by writing to PERA at 60 Empire Drive #200, St Paul, Minnesota, 55103-2088; or by calling (651)296-7460 or (800)652-9026.

Note 11 DEFINED CONTRIBUTION PLAN

A. FIRE RELIEF ASSOCIATION, PAID ON-CALL DIVISION

The Columbia Heights Fire Department Relief Association is the administrator of a single-employer pension plan for the paid on-call members of the City of Columbia Heights Fire Department.

Through October 26, 1997, the association operated as a defined benefit plan. Effective October 27, 1997, the Association amended its by-laws and converted to a defined contribution plan. The pension plan was fully funded at the time of conversion.

Benefits and contribution requirements are established by the Association's by-laws and can be amended by the Association's Board of Directors with approval from the City. All provisions are within limitations established by Minnesota statutes.

<u>Type of Benefit</u>. The exclusive pension provided by the Association is a "Defined Contribution Lump Sum Service Pension" as defined in Minnesota Statutes §424A.02, Subdivision 4.

<u>Contributions Required and Contributions Made</u>. No contributions are required from the plan members or the City. The plan is funded through state aid, investment income and discretionary contributions from the City. For 2018, state aid was contributed to the plan. This state aid revenue and the related contribution expense/expenditure of \$102,567 are recognized in the accompanying financial statements for the year ended December 31, 2018.

B. COUNCIL MEMBERS

Certain council members of the City are covered by the Public Employees Defined Contribution Plan (PEDCP), a multiple-employer deferred compensation plan administered by the Public Employees Retirement Association of Minnesota (PERA). The PEDCP is a tax qualified plan under section 401(a) of the Internal Revenue Code and all contributions by or on behalf of the employees are tax deferred until time of withdrawal.

The defined contribution plan consists of individual accounts paying a lump-sum benefit, plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses, therefore, there is no future liability to the employer. Minnesota Statutes, Chapter 353D.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes 5% of salary, which is matched by the elected official's employer. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2% of employer contributions and twenty-five hundredths of 1% (.0025) of the assets in each member's account annually.

Pension expense for the year is equal to contributions made. Total contributions made by the City of Columbia Heights for the last three fiscal years were:

		Contribution	on An	nount	Percentage of (Covered Payroll	Required Rate for Employees and
For the Year Ended:	Е	mployee	En	nployer	Employee	Employer	Employers
December 31, 2018	\$	465	\$	465	5%	5%	5%
December 31, 2017	\$	680	\$	680	5%	5%	5%
December 31, 2016	\$	1,470	\$	1,470	5%	5%	5%

Note 12 POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

A. PLAN DESCRIPTION

The City administers a single-employer defined benefit health care plan (the plan). By state statute, the plan provides an implicit rate subsidy for retired participants by allowing retirees under age 65 to purchase health insurance at the premium rate available to active employees. In addition, by state statute, the plan provides payment of insurance premiums, up to age 65, for public safety employees that retire with a qualifying disability, equal to the current employer-paid portion of premiums for an active employee. The employer-paid portion of premiums for an active employee is determined periodically by negotiation between the City and collective bargaining units of city employees. The plan does not issue a publicly available financial report. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

B. FUNDING POLICY

Participants under the implicit rate subsidy provision are required to contribute 100% of the stated premium billed by the insurer. For 2018, participants under disabled public safety retiree provision were required to contribute \$0 for single coverage or a portion of the stated premium billed by the insurer for family coverage.

Under both provisions of the plan, the City is only required to contribute on a pay-as-go basis. This amount is listed below for the current year.

The State of Minnesota, solely at its option, reimburses the City annually for a portion of the City's costs under the disabled public safety retiree provision. Historically, these reimbursements have approximated 60% of the pay-as-go cost of this plan provision. These reimbursements are reported as revenue in the year received, separate from OPEB expenses/expenditures.

C. PARTICIPANTS

As of January 1, 2018 actuarial valuation, participants of the plan consisted of:

Active Employees	117
Inactive employees or beneficiaries	
currently receiving benefits	25
Total	142

D. TOTAL OPEB LIABILITY AND CHANGES IN TOTAL OPEB LIABILITY

The City's total OPEB liability of \$1,252,872 was measured as of December 31, 2018, and was determined by an actuarial valuation as of January 1, 2017. Changes in the total OPEB liability during 2018 were:

Balance- beginning of year	\$ 1,296,890
Changes for the year:	
Service Cost	40,684
Interest	45,267
Changes of benefit terms	-
Differences between expected and actual experience	-
Changes in assumptions	(86,181)
Benefit payments	(43,788)
Net changes	(44,018)
Balance- end of year	\$1,252,872

NOTES TO FINANCIAL STATEMENTS December 31, 2018

E. ACTUARIAL ASSUMPTIONS AND OTHER INPUTS

The total OPEB liability in the January 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

2.75%	
3.50%	
4.11%	
N/A	
	Valuation Trend
	-2.50%
	5.50%
	7.00%
	4.00%
	14
100%	
	3.50% 4.11% N/A

Since the plan is funded on a pay-as-you-go basis, the discount rate was based on the 20 year AA rated municipal bond rate as of December 31, 2018.

Mortality rates were based on the RP-2014 Total Dataset Mortality tables with Scale MP-2014 and Scale MP-2017.

Based on past experience of the plan, 60% of future retirees are assumed to continue medical coverage until age 65. 80% of police/fire employees are assumed to continue medical coverage until age 65.

F. SENSITIVITY OF THE TOTAL OPEB LIABILITY TO CHANGES IN THE DISCOUNT RATE.

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (3.11%) or 1% higher (5.11%) than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
	(3.11%)	(4.11%)	(5.11%)
Total OPEB liability	\$ 1,384,617	\$ 1,252,872	\$ 1,137,666

NOTES TO FINANCIAL STATEMENTS December 31, 2018

G. SENSITIVITY OF THE TOTAL OPEB LIABILITY TO CHANGES IN THE HEALTHCARE COST TREND RATES

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (4.5% decreasing to 3%) or 1% higher (6.5% decreasing to 5%) than the current healthcare cost trend rates.

	Health Cost				
	1% Decrease	Trend Rates	1% Increase		
	(4.5% decreasing to 3%)	(5.5% Decreasing to 4%)	(6.5% decreasing to 5%)		
Total OPEB liability	\$ 1,124,179	\$ 1,252,872	\$ 1,402,265		

H. OPEB EXPENSE AND DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES RELATED TO OPEB

For the year ended December 31, 2018, the City recognized \$73,798 of OPEB expense. At December 31, 2018, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 0	\$ 0
Change of assumptions and other inputs	\$ 0	\$ 74,029

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended	OPEB
December 31,	Expense
2019	(\$ 12,152)
2020	(12,152)
2021	(12,152)
2022	(12,152)
2023	(12,152)
Thereafter	(13,269)
	(\$ 74,029)

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 13 TAX ABATEMENTS – PAY-AS-YOU-GO TAX INCREMENT

A. TAX INCREMENT DISTRICTS

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance which would have a material effect on the financial statements.

B. TAX ABATEMENTS - PAY-AS-YOU-GO TAX INCREMENT

The City provides tax abatements pursuant to Minnesota Statutes 469.174 to 469.1794 (Tax Increment Financing) through a pay-as-you-go note program. Tax increment financing (TIF) can be used to encourage private development, redevelopment, renovation and renewal, growth in low-to-moderate-income housing, and economic development within the City. TIF captures the increase in tax capacity and property taxes from development or redevelopment to provide funding for the related project.

The City has four tax increment pay-as-you-go agreements. The agreements are not a general obligation of the City and are payable solely from available tax increment. Accordingly, these agreements are not reflected in the financial statements of the City. Details of the pay-as-you-go notes are as follows:

TIF District K2, Barnick:

Issued in 1994 in the principal sum of \$50,417 with no interest. Principal and interest shall be paid on August 1, 1995 and each February 1 and August 1 thereafter to and including February 1, 2020. Payments are payable solely from available tax increment derived from the developed/redeveloped property and paid to the City. The pay-as-you-go note provides for payment to the developer when tax increment received in the prior six months is greater than \$3,680.56. The payment reimburses the developer for land acquisition. Principal and interest payments will be completed February 1, 2020. The City shall have no obligation to pay any unpaid balance of principal or accrued interest that may remain after the final payment on February 1, 2020. The current year abatement (TIF note payments) was \$3,020. At December 31, 2018, the principal amount outstanding on the note was \$35,432.

TIF District R8, Crest View Project:

Issued in 2005 in the principal sum of \$780,000 with an interest rate of 11% per annum. Principal and interest shall be paid on November 1, 2005 and each February 1 and August 1 thereafter to and including February 1, 2023. Payments are payable solely from available tax increment derived from the developed/redeveloped property and paid to the City. The pay-as-you-go note provides for payment to the developer equal to 89.78% of all tax increment received in the prior six months. The payment reimburses the developer for land acquisition, site preparation, demolition & removal, soil corrections & remediation, utility work, sidewalks, curb & gutter work, earthwork, and landscaping. Principal and interest payments will be completed February 1, 2023. The current year abatement (TIF note payments) amounted to \$31,643. At December 31, 2018, the principal amount outstanding on the note was \$732,801.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

TIF District R8, Townhouse View Project (Columbia Court Townhomes):

Issued in 2002 in the principal sum of \$175,100 with an interest rate of 9.5% per annum. Principal and interest shall be paid on August 1, 2003 and each February 1 and August 1 thereafter to and including February 1, 2023. Payments are payable solely from available tax increment derived from the developed/redeveloped property and paid to the City. The pay-as-you-go note provides for payment to the developer equal to 89.78% of all tax increment received in the prior six months. The payment reimburses the developer for land acquisition, site preparation, demolition & removal, soil corrections & remediation, utility work, sidewalks, curb & gutter work, earthwork, and landscaping. Principal and interest payments will be completed February 1, 2023. The current year abatement (TIF note payments) amounted to \$13,790. At December 31, 2018, the principal amount outstanding on the note was \$175,100.

TIF District T6, Huset Park Development:

Issued in 2007 in the principal sum of \$6,650,000 plus allowable increase of \$598,782 with an interest rate of 6.00% per annum. Principal and interest shall be paid on February 15, 2009 and each August 15 and February 15 thereafter to and including February 15, 2032. Payments are payable solely from available tax increment derived from the developed/redeveloped property and paid to the City. The pay-as-you-go note provides for payment to the developer equal to all tax increment received in the prior six months that is in excess of the bond payment BTS paying agent fee and \$16,500 per payment period for additional base TIF. The payment reimburses the developer for relocation, demolition, environmental costs, grading & site preparation, onsite roads & utilities, economic development authority costs, land acquisition, and interest on any listed items to the extent such cost represents interest on any valid evidence of indebtedness under federal income tax principles. Principal and interest payments will be completed February 15, 2032. The City shall have no obligation to pay any unpaid balance of principal or accrued interest that may remain after the final payment on February 15, 2032. The current year abatement (TIF note payments) amounted to \$205,588. At December 31, 2018, the principal amount outstanding on the note was \$7,248,782.

Note 14 COMMITMENTS AND CONTINGENCIES

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Workers compensation coverage is provided through a pooled self-insurance program through the League of Minnesota Cities Insurance Trust (LMCIT). The City pays an annual premium to LMCIT. The City is subject to supplemental assessments if deemed necessary by the LMCIT. The LMCIT reinsures through Workers Compensation Reinsurance Association (WCRA) as required by law. For workers compensation, the City is not subject to a deductible.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

Property, casualty and automobile insurance coverage are provided through a pooled self-insurance program through the LMCIT. The City pays an annual premium to the LMCIT. The City is subject to supplemental assessments if deemed necessary by the LMCIT. The LMCIT reinsures through commercial companies for claims in excess of various amounts. The City retains risk for the deductible portions. These deductibles are considered immaterial to the financial statements.

The City carries commercial insurance for other risks of loss, including employee health and disability insurance.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

B. LITIGATION

The City attorney has indicated that any existing and pending lawsuits, claims and other actions in which the City is a defendant are either covered by insurance or development agreements; of an immaterial amount; or, in the judgment of the City attorney, remotely recoverable by plaintiffs.

C. FEDERAL AND STATE FUNDS

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

D. CONTRACTUAL COMMITMENTS

CONSTRUCTION

The City has entered into contractual commitments for street construction projects that are in process at yearend. At December 31, 2018, the City's obligation for such projects was approximately \$40,000.

The City has entered into an agreement for shared maintenance of certain public parking with an area business. At December 31, 2018, the City's obligation for improvements to the parking ramp are \$300,000.

Note 15 RECENTLY ISSUED ACCOUNTING STANDARDS

The Governmental Accounting Standards Boards (GASB) recently approved the following statements which were not implemented for these financial statements:

Statement No. 83 *Certain Asset Retirement Obligations.* The provisions of this Statement are effective for reporting periods beginning after June 15, 2018.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Statement No. 84 *Fiduciary Activities.* The provisions of this Statement are effective for reporting periods beginning after December 15, 2018.

Statement No. 87 *Leases.* The provisions of this Statement are effective for reporting periods beginning after December 15, 2019.

Statement No. 88 *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements.* The provisions of this Statement are effective for reporting periods beginning after June 15, 2018.

Statement No. 89 Accounting for Interest Cost Incurred before the End of a Construction Period. The provisions of this Statement are effective for reporting periods beginning after December 15, 2019.

Statement No. 90 *Majority Equity Interests.* The provisions of this Statement are effective for reporting periods beginning after December 15, 2018.

The effect these standards may have on future financial statements is not determinable at this time, but it is expected that Statement No. 87 may have a material impact.

Note 16 CHANGE IN ACCOUNTING PRINCIPLE

For the year ended December 31, 2018, the City implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. GASB Statement No. 75 established new accounting and financial reporting requirements for governments whose employees are provided OPEB. See note 12 for further information.

The comparative financial statements of prior years have been adjusted to apply the new standards respectively. The following financial statement line items of the Employer Benefit Fund for fiscal year 2017 were affected by the change in accounting principle.

	As Reported	As Reported	
	under GASB No.	under GASB No.

REQUIRED SUPPLEMENTARY INFORMATION NOTES TO RSI

December 31, 2018

Note A LEGAL COMPLIANCE - BUDGETS

The legal level of budgetary control is at the fund level. The General Fund and the following Special Revenue Fund budgets are legally adopted on a basis consistent with accounting principles generally accepted in the United States of America:

• Nonmajor special revenue funds:

Cable Television Fund

Library Fund

After-School Programs Fund

Special Projects Fund

Downtown Parking Fund

Planning and Inspections Fund

Economic Development Authority (Component Unit):

Economic Development Authority Administration Fund

Expenditures occurred in excess of appropriations in the following funds:

- Economic Development Authority Administration Fund exceeded the budget by \$23,692. However, this deficit was charged against fund balance of the fund.
- Downtown Parking Fund exceeded the budget by \$690. However, actual revenue exceeded the budget by \$9,452.

Note B OPEB INFORMATION

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

2018 Changes

Changes in Actuarial Assumptions:

- The discount rate was changed from 3.44 percent to 4.11 percent based on the 20 year AA rated municipal bond rates.
- Decrement assumptions (i.e. withdrawal, retirement and mortality rates) have been updated to be the assumptions used in the July 1, 2018 General Employees Retirement Fund and July 1, 2018 Public Employees Police and Fire Fund actuarial valuations.

Note C PENSION INFORMATION

PERA – General Employees Retirement Fund

2018 Changes

Changes in Actuarial Assumptions:

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.0 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

REQUIRED SUPPLEMENTARY INFORMATION NOTES TO RSI

December 31, 2018

2017 Changes

Changes in Actuarial Assumptions:

- The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016 Changes

Changes in Actuarial Assumptions:

- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years.
- The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

PERA - Public Employees Police and Fire Fund

2018 Changes

Changes in Actuarial Assumptions:

- The mortality projection scale was changed from MP-2016 to MP-2017.

2017 Changes

Changes in Actuarial Assumptions:

- The single discount rate was changed from 5.6 percent to 7.5 percent.
- Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.
- The Combined Service Annuity (CSA) load was 30 percent for vested and non-vested deferred members. The CSA has been changed to 33 percent for vested members and 2 percent for non-vested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.
- Assumed termination rates were decreased to 3.0 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- Assumed percentage of married female members was decreased from 65 percent to 60 percent.
- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing Joint and Survivor annuities was increased.

REQUIRED SUPPLEMENTARY INFORMATION NOTES TO RSI December 31, 2018

- The assumed post-retirement benefit increase rate was changed from 1.00 perfect for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter.

2016 Changes

Changes in Actuarial Assumptions:

- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2037 and 2.5 percent thereafter to 1.0 percent per year for all future years.
- The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate changed from 7.9 percent to 5.6 percent.
- The assumed future salary increases, payroll growth, and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

- This page intentionally left blank -

NONMAJOR GOVERNMENTAL FUNDS

- This page intentionally left blank -

SPECIAL REVENUE FUNDS

A Special Revenue Fund is used to account for the proceeds of special revenue sources that are legally restricted to expenditures for specified purposes.

DEBT SERVICE FUNDS

The Debt Service Funds are used to account for the accumulation of resources for, and payment of, interest, principal, and related costs on general long-term debt (other than debt of the proprietary funds.)

CAPITAL PROJECT FUNDS

The Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds.)

NONMAJOR SPECIAL REVENUE FUNDS

The City of Columbia Heights had the following Nonmajor Special Revenue Funds during the year:

<u>Cable Television Fund 225</u> – established to account for revenues and expenditures associated with the cable television franchise.

<u>Police Forfeiture Fund 265</u> – established to account for forfeited cash and property received by the police department.

<u>Library Fund 240</u> – established in 1993 to account for revenues and expenditures of the library.

<u>After-School Programs Fund 261</u> – established to account for revenues and expenditures associated with various youth enrichment activities conducted by the recreation department and the library, under agreements with Independent School District 13.

<u>Twenty-first Century Arts Fund 262</u> – established to account for revenues and expenditures associated with a grant received through Independent School District 13.

<u>Contributed Projects – Recreation Fund 881</u> – established to monitor contributions for recreational activities and related expenditures.

<u>Contributed Projects – Other Fund 883</u> – established to monitor contributions and related expenditures for activities other than recreation.

<u>Special Projects Fund 226</u> – established to monitor revenues from special projects and related expenditures.

<u>Downtown Parking Fund 228</u> – established to account for revenues and expenditures associated with the municipal parking in the downtown area.

<u>Planning & Inspections Fund 201</u> – established to account for revenues and expenditures associated with planning and building inspections within the City.

<u>Anoka County Comm. Dev. Programs Fund 202</u> – established to account for revenues and expenditures of community development programs funded by or passed-though Anoka County to the City.

- This page intentionally left blank -

<u>Economic Development Authority</u> – a separate legal entity from the City. The mayor and City Council comprise the majority membership of this component unit. Its purpose is to foster economic development in the City.

<u>Economic Development Authority Administration Fund 204</u> – established to account for revenues and expenditures of all EDA activity not accounted for in other EDA funds.

NONMAJOR DEBT SERVICE FUNDS

The City of Columbia Heights had the following kinds of Nonmajor Debt Service Funds during the year:

<u>Bond Debt Service Funds</u> – are separate funds used to account for the revenues and expenditures of each separate bond issue. Both the City and the Economic Development Authority issue bonds.

<u>Tax Increment Financing Funds</u> – are separate funds used to account for the revenues and expenditures of each separate Tax Increment Financing District. The Economic Development Authority authorizes and administers tax increment activities within the City.

NONMAJOR CAPITAL PROJECT FUNDS

The City of Columbia Heights had the following Nonmajor Capital Project Funds during the year:

<u>Economic Development Authority</u> – a separate legal entity from the City. The mayor and City Council comprise the majority membership of this component unit. Its purpose is to foster economic development in the City.

<u>EDA Redevelopment Project Fund 408</u> – used to fund land acquisition and other activities for redevelopment, primarily in the City's commercial areas.

<u>Capital Improvement Parks Fund 412</u> – used to account for improvements in City parks. This includes park dedication fees when available, the use of which is limited by state statute to park improvements.

<u>Capital Improvement Development Fund 420</u> – used to account for improvements to various development areas within the City.

Infrastructure Replacement Fund 430 – used to fund replacement of City infrastructure.

<u>Capital Equipment Cable TV Fund 440</u> – used to fund replacement of cable television capital assets.

<u>Capital Building Library Fund 450</u> – used to fund replacement of the library.

ENTERPRISE FUNDS

The Enterprise Funds are used to account for operations that are financed and/or operated in a manner similar to private business enterprises or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

<u>Water Utility Fund</u> – used to account for revenues and expenses associated with services to area residents.

<u>Sewer Utility Fund</u> – used to account for revenues and expenses associated with sanitary sewer disposal within the City.

<u>Refuse Utility Fund</u> – used to account for revenues and expenses associated with organized collection of refuse and recycling in the City.

<u>Storm Sewer Utility Fund</u> – used to account for revenues and expenses associated with storm water management.

<u>Liquor Fund</u> – used to account for revenues and expenses associated with the operation of three off-sale municipal liquor stores.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing on a cost reimbursement basis of goods or services provided by one department or agency to other departments or agencies within the City.

Municipal Service Center Fund

<u>Central Garage</u> - used to account for the costs of operating a maintenance facility for automotive equipment used by other City departments. Such costs are billed to other departments at actual cost plus a fixed overhead factor. The automotive equipment itself is acquired by the various user departments, which are responsible for financing replacement vehicles as necessary.

<u>Building Maintenance</u> – used to account for the costs of staff charged with maintaining City facilities. All costs are recorded in this fund and are financed by transfers from user departments.

<u>Information Systems Fund</u> – used to account for the costs associated with information systems within the City. All costs are recorded in the fund and are financed by transfers from user departments.

<u>Risk Management Fund</u> – used to account for certain costs of the City's risk management services and to build a reserve for catastrophic losses. All costs for premiums, claims and claims administration are recorded in the fund and allocated to user funds based on a percentage risk factor.

<u>Employee Benefits Fund</u> – used to account for long-term obligations for compensated absences, pensions, and other post-employment benefits earned by employees' services.

AGENCY FUNDS

Agency Funds are used to account for assets held by a government in a trustee or agent capacity for individuals, private organizations, other governments and the like.

The City of Columbia Heights had the following Agency Funds during the year:

<u>Permit Surcharge Fund</u> — used to account for building permit surcharges collected for and remitted to the State of Minnesota, and sewer availability charges (SAC) collected for and remitted to the Metropolitan Council.

<u>Tri-City GIS Fund</u> – used to account for joint purchases of geographic information services by the Cities of Columbia Heights, Fridley and Andover.

III. STATISTICAL SECTION (UNAUDITED)

- This page intentionally left blank -

STATISTICAL SECTION

The following detailed statistical tables are presented to provide a context for understanding and evaluating the information presented in the other parts of this report. Unless otherwise noted, the information in these statistical tables is derived from the City of Columbia Heights' Comprehensive Annual Financial Reports for the relevant years. Certain information in prior years' presentations have been reclassified and/or adjusted in these tables to conform to the current year presentation. These tables address the five categories of information listed below.

Financial Trends - Tables 1 through 4

These tables contain trend information to help the reader understand how the City's financial performance has changed over time.

Revenue Capacity - Tables 5 through 8

These tables contain information to help the reader assess the factors affecting the City's ability to generate property taxes.

Debt Capacity - Tables 9 through 13

These tables contain information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information - Tables 14 and 15

These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.

Operating Information - Tables 16 through 18

These tables contain information about the City's operations and resources to help the reader understand the relationship between the City's financial activities and the services the City provides.

⁽A) 2012-2018 taxable market values used to calculate tax capacity values in this table are reduced by the market value homestead exclusion, which is new for 2012.

Source: Anoka County Auditor's Tax Certificate

⁽B) The category "Other Property" is substantially all commercial/industrial property, plus nomimal amounts of railroad and personal property.

⁽C) The Metropolitan Fiscal Disparities Act was first implemented for taxes payable in 1975 for the seven Metropolitan counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington. Forty percent of the increase in commercial-industrial (including public utility) valuation in each assessment district since 1971 is contributed to an area-wide tax base. Using the factors of population and real property market value, a per capita distribution index is calculated. This index is employed in determining what proportion of the valuation shall be distributed back to each assessment district.

2017	68.546%	27.633%	34.633%	10.304%	141.116%
2018	67.645%	27.900%	33.269%	9.871%	138.685%

(A) These property tax rates are stated as a percentage of tax capacity value. Refer to Table 5 for tax capacity value. Tax capacity values after 2011 are reduced the market value homestead exclusion, which excludes a portion of homesteaded value from taxation. Consequently, post-2011 tax rates are stated higher for any given levy amount, relative to prior years.

Rates are determined by tax district. Within the Anoka County property tax system, the City is an individual tax district. Thus the City direct rate is an individual rate, and is not comprised of component direct rates.

- (B) Overlapping rates are those of local and county governments that apply to property owners within the City. Most, but not all, overlapping rates apply to all City property owners. For example, although the school and county property tax rates apply to all City property owners, special district rates apply only to the City property owners whose property is located within each special district's geographic boundaries.
- (C) Special districts include Metropolitan Council, Metropolitan Transit District, Metropolitan Mosquito Control District, N.E. Metro School District 916, Rice Creek Watershed District, Anoka County Housing and Redevelopment Authority, Anoka County Regional Rail Authority, County/City Radio, Columbia Heights Housing and Redevelopment Authority and the Mississippi Watershed Management.

2018	11,325,010		-	11,325,010

(A) Under state law for years prior to 2012, the stated amount of the annual property tax levy adopted by the City Council included both the actual property tax plus an amount termed the "state market value homestead credit." The state market value homestead credit was determined by a formula in state law. To the extent this market value homestead credit was paid by the State of Minnesota and received by the City in any given year, it was reported as intergovernmental revenue in the City's financial statements. Only the portion of the gross levy that was actually levied upon property is reported as property tax revenue in the City's financial statements.

(B) Anoka County adjusts the property tax levy adopted by the City Council for certain items. These are primarily excess tax increment reimbursements and rounding. Abatements or increases of tax to individual taxpayers are not included in these adjustments.

This table only includes tax levies for the City of Columbia Heights, the primary government. It does not include tax levies for the special taxing district of the Columbia Heights HRA, a component unit of the City.

⁽A) Based on population and income data in Table 14. Certain information from prior years' presentations have been restated in this table to conform to the current presentation.

- (C) In 2017 Liquor Facility Lease Revenue Bonds were refunded with pledged revenue General Obligation Bonds
- (D) Includes \$2,070,000 restricted from refunding issued December 2018 for February 2019 redemption.

⁽B) Based on the estimated market value of property in Table 5.

The estimated market value of property bears a stong relationship to the debt capacity of the City.

It should be noted however, that in the State of Minnesota, property tax revenue is dependent on the tax capacity value of property. Tax capacity value is derived from estimated market value by a set of class rates and other adjustments as determined by the State legislature. The historical relationship between estimated market value and tax capacity value for property in the City is shown in Table 5.

Business-type General Obligation Bonds With Pledged Revenues	Less: Business-type Restricted for Repayment	Subtotal of Business-type Net General Obligation Bonded Debt	Percentage of Business-type Revenue	Total Net General Bonded Debt	Per Capita (A)

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT December 31, 2018

Decei	IIDCI	Э±,	2010

Governmental Unit (A)	Debt Outstanding	Estimated Percentage Applicable (B)	Estimated Share of Overlapping Debt
Debt repaid with property taxes:			
Anoka County	\$82,535,000	4.5492%	\$3,754,682
Independent School District 13	10,625,000	72.7383%	7,728,444
Metropolitan Council	185,340,000	0.0423%	78,399
Subtotal - overlapping debt			11,561,525
City direct debt - governmental activities			21,580,531
Total direct and overlapping debt			\$33,142,056

- (A) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the taxpayers of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the taxpayers should be taken into account.
- (B) The percentage of overlapping debt applicable is estimated using adjusted taxable net tax capacity values of property, which is the tax capacity value after adjustments for captured tax increment value and area-wide allocations (see Table 5). Applicable percentages were estimated by determining the portion of each governmental unit's tax capacity value that is within the City's boundaries and dividing it by each unit's total tax capacity value.

Legal Debt Margin Calculation for Fiscal Year 2018	
Assessor's Estimated Market Value (A) Debt limitation percentage (A)	\$1,335,438,300 3%
Debt limit	40,063,149
Net debt applicable to limit (B)	19,281,617
Legal debt margin	\$20,781,532
Legal debt margin as a percentage of limit	51.87%

Legal Debt Margin Calculation for Fiscal Years 2009 Through 2017

Fiscal Year	Debt Limit	Net Debt Applicable to Limit	Legal Debt Margin	Legal Debt Margin as a Percentage of Debt Limit
2009	\$42,618,129	\$13,940,000	\$28,678,129	67.29%
2010	38,979,705	13,855,000	25,124,705	64.46%
2011	35,278,494	12,698,431	22,580,063	64.01%
2012	29,067,313	10,275,000	18,792,313	64.65%
2013	29,819,529	12,685,000	17,134,529	57.46%
2014	28,634,250	12,260,000	16,374,250	57.18%
2015	32,815,845	18,460,000	14,355,845	43.75%
2016	33,967,719	18,330,232	15,637,487	46.04%
2017	36,420,279	18,100,531	18,319,748	50.30%

- (A) The debt limit within Minnesota Statutes, Section 475.53, subd.1) is as follows:
 - 1. For years after 2013, 3% of the Assessor Estimated Market Value of taxable property within the City.
 - 2. For years prior to 2014, 3% of the Taxable Market Value of property within the City, after exclusions.
- (B) M.S.A. Section 475.51 (definitions) Subdivision 4. "Net debt" means the amount remaining after deducting from its gross debt the amount of current revenues which are applicable within the current fiscal year to the payment of any debt and the aggregate of the principal of the following:
 - 1. Obligations issued for improvements which are payable wholly or partly from the proceeds of special assessments levied upon property specially benefited thereby, including those which are general obligations of the municipality issuing them, if the municipality is entitled to reimbursement in whole or in part from the proceeds of the special assessments.
 - 2. Warrants or orders having no definite or fixed maturity.
 - 3. Obligations payable wholly from the income from revenue producing conveniences.
 - 4. Obligations issued to create or maintain a Permanent Improvement Revolving Fund.
 - 5. Obligations issued for the acquisition and betterment of public water works systems and public lighting, heating or power systems, and of any combination thereof or for any other public convenience from which a revenue is or may be derived.
 - 6. Not applicable.
 - 7. Amount of all money and face value of all securities held as a Debt Service Fund for the extinguishment of obligations other than those deductible under this subdivision.
 - 8. All other obligations which under the provisions of law authorizing their issuance are not to be included in computing the net debt of the municipality.
- (C) The City's debt is also limited by their Charter, Section 72. Per this Section, the limit on debt is 10% of the 2017/2018 Assessor's Estimated Market Value, or \$133,543,830. The City's outstanding debt, including revenue subject to the City Charter is \$19,281,618, which remains below the allowed City Charter debt limit.

Note: The above table shows the distribution of all employees by head count (including full-time, part-time and paid on-call), by function. This bears a strong relationship to the distribution of employee costs across functions. However, many employees provide services to more than one function, and employee costs are charged to each function based on the services received by each function.

Certain information from prior years' presentations has been restated in this table to conform to the current presentation.

- (A) Public safety operating indicators include services provided to the City of Hilltop under contractual agreements. The City of Hilltop is completely encircled by the City of Columbia Heights and has a population of 744.
- (B) This operating indicator includes duplicate counts for participation in more than one team/league by some persons.
- (C) This operating indicator includes duplicate counts for attendance at more than one program by some persons. It is rounded to the nearest thousand attendees based on review of attendance data.
- (D) This operating indicator includes inspection permits issued for new construction, building alteration/addition, plumbing, heating, street excavation and sign installation.
- (E) In 2016, a new library was constructed. The library was closed for 4 weeks for relocation and had roughly 200 less public service hours.

Certain information from prior years' presentations have been restated in this table to conform to the current presentation.

MINNESOTA LEGAL COMPLIANCE REPORT

To the Honorable Mayor and Members of the City Council City of Columbia Heights, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia Heights, Minnesota as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Columbia Heights, Minnesota's basic financial statements, and have issued our report thereon dated June 4, 2019.

The Minnesota Legal Compliance Audit Guide for Cities, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the City of Columbia Heights, Minnesota failed to comply with the provisions of the Minnesota Legal Compliance Audit Guide for Cities. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City of Columbia Heights, Minnesota's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council and Management City of Columbia Heights, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia Heights, Minnesota, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Columbia Heights, Minnesota's basic financial statements, and have issued our report thereon dated June 4, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Columbia Heights, Minnesota's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Columbia Heights, Minnesota's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Columbia Heights, Minnesota's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify

City of Columbia Heights, Minnesota Report on Internal Control over Financial Reporting and on Compliance and Other Matters Page 2

any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Columbia Heights, Minnesota's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
