Subject: Snow storm announcement

Dear Crooks Community:

In anticipation of the snow storm announced for Tuesday through Thursday, we would like to keep you informed on the snow removal operations and share some reminders:

- First and foremost, we ask for your patience and understanding. Plowing will take time and the priority will be snow emergency routes. Plowing will take place when it is safe to do so for City personnel.
- Please move your vehicles off the street to allow us to plow for the entirety of the snow event. Vehicles remaining on the street risk ticketing for obstruction snow removal operations.
- Plowing operations will occur on a continuous basis, which means roads will be plowed multiple times. The continuous plowing might result in your driveways being filled with snow several times until all plowing operations are completed.
- Roads will be narrow due to the quantity of snow expected. There is limited to no room in the boulevards to move snow.
- Please make sure you clear around your mailboxes and fire hydrants. The mailboxes need to be accessible to USPS for mail delivery, the fire hydrants for the fire department in case of an emergency.
- Avoid unnecessary travel, if possible.
- Keep an eye out for those who might need help in anticipation of the snow storm, your family, friends, neighbors, and community members.
-

Thank you for your understanding and cooperation. Together we will get through this. If you have an emergency, please call 9-1-1.
