Section 6: The Commissioner of Noxious Weeds or his/her agent shall notify the landowner and occupant of said land in violation of this Ordinance by service of a notice of such violation, together with a copy of this Ordinance, either by certified mail with return receipt requested or by personal service. Such notice shall advise said landowner and occupant of land that he/she shall have ten (10) days to cut down and/or destroy the noxious weeds, grasses and other vegetation growing upon his/her land in violation of this Ordinance, and that upon failure thereof the Village may cause said noxious weeds, grasses and other vegetation to be cut down and/or destroyed and that the cost thereof shall be a lien against said premises and entered upon the next tax roll of the Village of Decatur, Michigan. Said notice shall further advise the landowner or occupant of said land that he/she shall be subject to a civil fine of not exceeding \$100.00, plus costs, expenses and other sanctions as provided in this Ordinance, for said violation.

Section 7: Instead of the Notice required by Section 6 of this Ordinance, the Village of Decatur may publish a Notice in a newspaper of general circulation within said Village, stating that all noxious weeds, grasses and other vegetation must be cut and/or destroyed by May 1st of each year and continued to be cut and/or destroyed throughout the remainder of the growing season. Section 8: Once a landowner and occupant of said land has been served a notice of violation of this Ordinance and a copy of this Ordinance, as provided in either Section 6 or Section 7

aforesaid and said notification is documented in an official report, there will be no further notification and any subsequent violation may result in the issuance of a citation for a Civil Infraction for violation of this Ordinance.

Section 9: Upon failure of any landowner or occupant of said land, after the ten (10) days notice as hereinbefore provided, to destroy any noxious weeds, grasses and other vegetation in violation of this Ordinance, the Village or its agent may enter upon said premises as many times as is necessary to cut and/or destroy all noxious weeds, grasses and other vegetation growing thereon in violation of this Ordinance. The expense incurred in cutting down and/or the destruction of said noxious weeds, grasses and other vegetation by the Village or its agent shall be a lien against said premises and shall be certified annually, on June 1st of each year, by the Commissioner of Noxious Weeds to the tax assessing officer of the Village of Decatur, Michigan, whereupon such charge shall be entered upon the next tax roll as a charge against said premises and shall be collected, and the lien thereof enforced, in the same manner as general village taxes against such premises are collected and the lien thereof is enforced.

Section 10: Any landowner or occupant of said land who refuses to destroy noxious weeds, grasses and other vegetation as hereinbefore provided, shall in addition to the foregoing, be responsible for a Civil Infraction as a Blight Violation and subject to a civil fine of not exceeding \$100.00 plus any costs, damages, expenses and other sanctions as authorized under Chapters 83 & 87 of Act No. 236 of the Michigan Public Acts of 1961 as amended, being MSA 27A.8302 and 27A.8701 et seq., respectively. Each day a violation of this Ordinance continues to exist shall constitute a separate violation.

Section 11: Sections of this Ordinance shall be deemed severable and should any section, clause or provision of this Ordinance be declared to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so declared to be invalid.

Further, it shall be presumed that a person was operating a motor vehicle while under the influence of an intoxicating liquor if a chemical analysis of his/her blood, urine or breath indicates that the amount of alcohol in his/her blood was in excess of the state's legally established limits of impaired or operating while intoxicated.

A list of such services is defined in Section 2 of this Ordinance and in the schedule of fees as set forth in the Cost Recovery Schedule as adopted from time to time by Resolution of the Village Council of the Village of Decatur MI.

Section 4: Charges imposed upon responsible party.

When the village responds to a call for emergency assistance in connection with a situation as described in the definition of “assessable costs” in Section 2 hereof, actual costs incurred by the village in responding to and mitigating such incident shall be imposed upon the responsible party, including, but not limited to:

- (1) A fee at the prevailing rate for the equipment, materials, supplies, apparatus, and other items required, in the opinion of the officer in command, to respond and be present and/or to stand by at the scene of the emergency response. Such fee shall be for each hour or fraction thereof that the equipment, materials, supplies, apparatus, and other items are used or are required at the site by the officer in command.
- (2) All personnel-related costs incurred by the police department or the department of public works as a result of responding to and mitigating an emergency response or demands for services. Such costs may include, but are not limited to; wages, salaries, fringe benefits, insurance, and other costs which may be a part of the village’s allowed usual and customary established rates for full-time and part-time personnel, whether incurred at regular or overtime rates. Such personnel related charges shall commence at the time village personnel are dispatched to the emergency incident and shall continue until all personnel have concluded their related responsibilities.
- (3) Other expenses incurred by the village in responding to and mitigating an emergency incident, including, but not limited to, rental or purchase of machinery, equipment, labor, consultants, legal and engineering fees, and replacement costs related to disposable personal protection equipment, extinguishing agents, supplies, charges for emergency response teams of other governmental agencies, meals, refreshments for personnel working the scene of an emergency incident and all like and similar incidental costs arising from said emergency response and mitigation.
- (4) Any and all charges to the village imposed by any local, state or federal entity, or the Decatur-Hamilton Fire Administrative Board or the Decatur-Hamilton Quick Response Administrative Board, related to the emergency response incident or service provided.
- (5) The cost of repair or replacement of any apparatus, equipment, protective clothing, or materials damaged, destroyed, or consumed as a result of the response and mitigation activities.
- (6) Costs incurred in accounting for all hazardous material incident-related expenditures to include billing and collection costs and to include actual attorney fees incurred and all related costs associated with collection of

said expenditures, including court costs, witness fees, and expert fees incurred in support thereof.

Section 5: Cost authorization, determination, and procedure.

(a) The costs described in this Ordinance shall be determined in accordance with a Resolution establishing a Schedule of Fees by the village council. Where applicable, the cost shall be the actual expenses to the police department, department of public works and the village. With respect to apparatus/equipment use charges, the village council shall establish a use charge for each separate piece of apparatus or equipment. Said use charges shall from time to time be established by further resolution of the village council. In the event of an emergency response, the most current prevailing apparatus/equipment schedule fee charge shall be applied.

(b) The village manager or his/her designee shall determine the total assessable costs and shall in consultation with other village personnel and entities involved in responding to a public safety or fire emergency incident determine whether to assess any, all, or part of such costs against any of the responsible parties. In making such determination, the following shall be considered:

- (1) the total assessable costs;
- (2) the risk the public safety or fire emergency incident imposed on the village, its residents and their property;
- (3) whether there was any injury or damage to person or property;
- (4) whether the public safety or fire emergency incident required evacuation;
- (5) the extent the public safety or fire emergency incident required an unusual or extraordinary use of village personnel and equipment, and
- (6) whether there was any damage to the environment.

(c) After consideration of the factors in (b) immediately above, the village manager may allocate assessable costs among and between responsible parties, including allocating all or some of such costs jointly and severally against more than one responsible party regardless of whether a responsible party has other legal liability therefore or is legally at fault.

(d) If the village manager determines not to assess all or a part of assessable costs against a responsible party, such determination shall not in any way limit or extinguish the liability of the responsible party to other parties.

(e) Any assessable cost shall be subject to approval by the village council.

Section 6: Billing and collection of assessable costs.

Following conclusion of an emergency response incident meeting the requirements of this Ordinance, the police chief or the department of public works director, or his/her designee shall submit a detailed listing of all known expenses to the village manager or his/her designee. The village manager or village clerk shall prepare an invoice to the responsible party or entity for

payment, and shall mail the itemized invoice to the responsible party at his/her or its last known address. Such invoice shall be due and payable within thirty (30) days of the date of mailing. If a responsible party shall appeal assessable costs pursuant to Section 7 hereafter, such costs if upheld, in whole or in part, shall be due and payable thirty (30) days from the date of determination of the appeal.

Section 7: Procedure for appealing assessable costs.

Any responsible party who receives an invoice for assessable costs shall have an opportunity to meet with the village manager or his/her designee to request a modification of assessable costs. The responsible party shall request in writing such meeting within ten (10) calendar days of the date of the invoice for the assessable costs. If after meeting with the village manager or his/her designee the responsible party is still not satisfied, he/she may request an opportunity to appear before the village council to further request a modification of assessable costs. A responsible party who desires to appear before the village council must first meet with the village manager or his/her designee as provided above and shall file a written request to appear before the village council with the village clerk within seven (7) calendar days of the date of the meeting with the village manager. Upon receipt of such request, the village clerk will place the responsible party on the agenda of the next regularly scheduled village council meeting, and shall immediately notify the responsible party to appear at such meeting. Any filed request to appear shall specifically identify and explain all reasons why the responsible party believes the assessed costs should be modified. Any reason, basis or argument for modification of assessable costs not set forth in the request to appear shall be deemed waived by the responsible party. Failure to timely file a written request to appear, or failure to appear before the village council on the appealed date, shall constitute a waiver of the responsible party's appealing rights herein provided. After a responsible party has been given an opportunity to appear before the village council, the village council shall promptly determine whether to confirm, modify or void the payment of assessable costs invoiced.

Section 8: Default in Payment.

Any failure by the responsible party for the assessable costs of an emergency response to pay the invoice for same within the time period provided in Section 7 shall be considered a default. In case of default the village may commence a civil lawsuit to recover such costs, plus any additional costs, or expenses for attorney fees and court costs which are allowed by law.

Section 9: Assessable costs and expenses.

Assessable costs and expenses assessed against a responsible party not paid when due, including additional attorney fees and court costs allowed by law, to obtain a judgment against the responsible party shall constitute a lien upon the real property of the responsible party in the village, from which, upon which, or related to which, the public safety or fire emergency incident occurred. Said lien may be enforced by the placement of a Special Assessment on the real property taxes of the responsible party's property. The village treasurer shall certify to the county treasurer the amount of such lien and same shall be entered as a Special Assessment on the next real property tax roll as a charge against the affected real property and the lien thereon

shall be enforced in the same manner as provided and allowed by law for delinquent and unpaid real property taxes.

Section 10: No limitation of liability.

The recovery of assessable costs pursuant hereto does not limit the liability of a responsible party under applicable local, state or federal law.

Section 11: Severability.

Sections of this Ordinance shall be deemed severable and should any section, clause or provision of this Ordinance be declared to be invalid, the same shall not affect the validity of this Ordinance as a whole or any part thereof other than the part so declared to be invalid.

Section 12: Effective Date. This Ordinance shall become effective the 1st day of December, 2011.

Adopted by the Village Council of the Village of Decatur, Michigan on this 7th day of November, 2011.

Section 3. Preamble

It is acknowledged that it is a proper public purpose of the State of Michigan and its political subdivisions to provide housing for low income citizens and to encourage the development of such housing by providing for a service charge in lieu of property taxes in accordance with Act 346. The Village is authorized by Act 346 and this Ordinance to establish or change the annual service charge to be paid in lieu of taxes by any and all classes of housing exempt from taxation under Act 346 at any amount it chooses not to exceed the taxes that would be paid but for Act 346.
