- Library Board Meeting: Fourth Tuesday of every month, at 5:30
- TDC Board Meeting- Fourth Thursday of every month, at 10:00 am

#### New Indoor Kiosk and Web-Based Payment System

The City of Deming is excited to announce the launch of our new indoor kiosk and web-based payment system. These platforms, designed explicitly for utility payments, are available for use at no additional charge.

1. **Indoor Kiosk:** Our indoor kiosk is now functional, providing a safe platform for self-service transactions anytime. The kiosk accepts cash, checks, or credit. Please note that kiosks do not provide cash back; any excess amount will be credited to your account.
2. **Web-Based Payment System:** We have launched a user-friendly online payment system, available for all customers to pay their utility bills at their convenience. Credit/ Debit and checks are accepted online. <https://pay.cityofdeming.org/>
3. **Outdoor Kiosk:** Please be informed that our outdoor kiosk is currently under construction. It will be open for use once the protective awning is installed.

Please note that payments can take up to 48 hours to show posted. We appreciate your understanding and cooperation as we strive to enhance our service delivery.

#### First Municipal Fly in A Great Success

In partnership with the Young Eagles EAA Chapter 530 and the Department of Transportation Aviation in the City of Deming hosted an exciting event featuring the Young Eagles - a dedicated group of pilots passionate about inspiring youth interest in aviation. This fly-in event offered more than 60 children an opportunity to experience free airplane rides, fostering a love for aviation within our community.

The fly-in was a resounding success. The children could see planes up close, meet pilots, and take to the skies for an exhilarating ride over our beautiful city.

The event was made possible by the efforts of our staff and the generosity of the Young Eagles pilots, who volunteered their time, planes, and fuel. Seeing the children's excitement as they stepped off the planes was incredibly rewarding.

We want to make the municipal fly-in an annual tradition in our city. Events like this fly-in spark dreams and plant the seeds for future careers in aviation.

#### Outdoor Economics Conference

City of Deming staff attended the 2023 Outdoor Economics Conference and gained insights into outdoor economies. Key takeaways included the economic value of trails, transforming unpaved roads into bike tour assets, enhancing visitor experiences, and emphasizing sustainability and community involvement. The conference provided valuable information, and we are committed to applying them to make Deming a more vibrant, welcoming, sustainable city.
