May 22, 2019

To Chairman Daniel J. Cronin Members of the DuPage County Board, and Citizens of DuPage County

Ladies and Gentlemen:

State law requires that all local governments publish a complete set of audited financial statements within six months of the close of its fiscal year. This Comprehensive Annual Financial Report (the "CAFR") of DuPage County, Illinois (the "County") for the fiscal year ended November 30, 2018 is presented in fulfillment of that requirement.

It is the responsibility of County management to ensure that all data and information included in the CAFR is complete and accurate. The County's financial management is also responsible for establishing and maintaining a comprehensive framework of internal control designed to ensure that the County's assets are protected from loss, theft, or misuse. As the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The compiling of adequate accounting data is necessary for preparing financial statements that are in conformity with accounting principles generally accepted in the United States ("GAAP"). I believe the data, as presented, is accurate in all material respects, presents fairly the County's financial position and results of operations, as measured by the financial activity of its funds.

Baker Tilly Virchow Krause, LLP have issued an unmodified opinion on the DuPage County, Illinois financial statements for the year ended November 30, 2018. The independent auditors' report on the financial statements, and the supplemental combining and individual funds statements and schedules are included in the Financial Section of the CAFR.

In addition to meeting the requirements set forth, an additional audit designed to meet the requirements of the Single Audit Act Amendments of 1996 and Title II U.S. Code of Federal Regulations (CFR) Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) is performed annually and was performed for the fiscal year ended November 30, 2018.

Management's Discussion & Analysis ("MD&A") immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the County's financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF DUPAGE COUNTY GOVERNMENT

Taking its name from the DuPage River, the County was formed on February 9, 1839 out of Cook County by legislative act and became the 77th county established in the State of Illinois (the "State"). In May 1839, the County elected it first County Officers. The population of the County was estimated at 930,128 as of July 1, 2017, making it the second most populous county in the State.

Within the County, there are thirty-nine municipalities, twenty of which lie wholly within the County, nine townships, fifty-two special districts, and forty-two school districts. The municipalities account for approximately 75% of the County's 336 square miles, while the unincorporated areas make up the remaining 25%. The unincorporated areas of the County are under the jurisdiction of the County Board.

The County, a non-home rule unit of government, exercises its powers through a nineteen-member County Board. The County Board is the legislative authority led by its Chairman. The Board members are elected from threemember districts to four-year terms; the Chairman, and nine other Officials are elected by the voters of the entire County to a four-year term.

The County has four primary functions: to protect people and property, provide public health services, construct and maintain certain highways and infrastructure, and provide general government services, which include, but are not limited to, the assessment, levy, collection, and distribution of property taxes; recording real estate; and providing educational programs.

Protect People and Property ("Public Safety" and "Judicial" Funds) Protecting people and property consists of the operation of the Circuit Court of DuPage County, State's Attorney's Office, Circuit Court Clerk's Office, County Jail, Sheriff's Law Enforcement Department, Public Defender, Probation, and Office of Homeland Security and Emergency Management.

Provide Public Health Services ("Care Center" Fund) The DuPage Care Center (the "Center"), a 350-bed center, provides quality long-term care and short-term rehabilitative services to DuPage County residents. The Center, originally built in 1888, has developed into one of the most modern, best equipped, and professionally staffed treatment and rehabilitation centers for the chronically ill in the State. Over 70% of the residents are Public Aid recipients and 25% are under the age of 55. The Center complies with the standards set by the Illinois Department of Public Health, the Centers for Medicare and Medicaid Services, and the Joint Commission on Healthcare Accreditation.

Construct and Maintain Certain Highways and Infrastructure ("Highway, Streets & Bridges" Fund) Maintaining and constructing certain highways and infrastructure – bridges, sidewalks, paths; etc. – consists of providing safe and efficient means of motorized and non-motorized travel at a reasonable cost.

DuPage County was one of twenty-seven organizations/companies in Illinois that received the 2018 Illinois Sustainability Award for its significant achievements in protecting the environment, helping to sustain the future, and improving the economy. The County received the award based on traffic signal upgrades, installation of energy-efficient lighting on campus, the County's *Sustainability Best Practices Guide*, and other efforts to reduce waste and increase energy.

General Government Services ("General Fund") The General Fund includes County revenues and expenditures for County management and support services; real estate recording; maintaining the County campus; assessing real property; extending tax levies; collecting and distributing property taxes; and supporting various agencies

Also included in the County's financial reporting entity are the following:

- The Health Department, which is a blended unit, as it functions as an integral part of the primary
 government, and its funds are treated as though they were funds of the primary government except for
 the General Fund.
- The DuPage County Emergency Telephone 9-1-1 System Board and the Airport Authority which are component units, due to the significance of their operational and/or financial relationship with the County.
- Water and Sewerage System of DuPage County, Illinois, an enterprise fund established to account for the water and sewer fees that are charged to external users of these services.

BUDGET PROCESS

The development of the annual budget begins with each Elected Official and Department Head submitting a detailed *Request for Appropriation* to the Finance Department. These requests are based on criteria established by Illinois Compiled Statutes and DuPage County Board rules, in the format and timeframe as outlined by the Chief Financial Officer. The Finance Department prepares preliminary revenue and expenditure estimates based on these requests.

A budget survey is placed on the County's website. Committees hold budget meetings, which are open to the public, with Elected Officials and Department Heads to develop and approve budget recommendations. The Finance Department then meets with the Elected Officials and Department Heads to review and compile their budget requests and develop spending and revenue estimates, budget scenarios, and options for review. The County Board Chairman's *Budget Recommendation* is developed, distributed, and published on the County's website. The Finance Committee then passes a proposed final budget that is published and filed with the County Clerk at least 15 days prior to passage. The County Board approves the annual budget.

LOCAL AND ECONOMIC CONDITION AND OUTLOOK

As the second largest of 102 counties in the State, the County is the transportation crossroad of the nation's mail, air, freight, and trucking systems. The County plays a critical role in maintaining an extensive efficient transportation and infrastructure system that includes 6 major highways and 3 major commuter rail lines. Both O'Hare International Airport, ranked the 6th busiest airport in the world, 1st in the world in airplane movements (takeoffs and landings), and 3rd busiest airport in the U.S., and DuPage County Airport provide an edge to the County in meeting the needs of both national and international clients.

The County is a diverse industrial center and a leading economic center in the State. Median household income figures for the County exceed both the State and U.S. averages. The most recent data from the U.S. Bureau of Economic Analysis for 2017 shows the County average of \$89,521 compared to the State and U.S. averages of \$62,992 and \$60,336, respectively.

The County has a diverse economic base, which includes healthcare and social assistance; retail trade; professional, scientific and technical services; and construction. DuPage County is the primary location of the Illinois Technology and Research Corridor (the "Corridor"). Some of the large publicly and privately-held corporations located in the Corridor are Sara Lee Corporation, Office Max, Navistar International, Dover Corporation, Ace Hardware, NICOR, BP, and Tellabs.

The County's unemployment rate in March 2019 was 2.8% compared with 4.5% for the State and 3.9% for the U.S.

DEBT ADMINISTRATION AND BOND RATINGS

The County continues to have access to the bond market to finance the acquisition, renovation, or construction of various capital assets. Management's objective is to effectively plan so it can meet the County's ongoing demands for capital improvement projects and equipment without overtaxing the County's taxpayers to meet the debt service payments on the County's general obligation bonds. The County had approximately \$2.1 million in bonded indebtedness at the end of Fiscal Year 2018 which included fixed and variable rate General Obligation Bonds, fixed rate Revenue Bonds, and variable rate Special Assessment Debt.

The County's underlying rating on its general obligation bonds is currently Aaa from Moody's Investors Service (Moody's), AA+ from Fitch Ratings (Fitch), and AAA from Standard & Poor's Global Ratings (S&P). All three agencies currently maintain stable outlooks on their respective ratings for the County. A rating reflects only the views of the rating agency assigning such rating, and an explanation of the significance of such rating may be obtained from such rating agency.

FINANCIAL PLANNING/ ACT INITIATIVES /ECONOMIC GROWTH

In 2015, the County Board revised its *Strategic Plan* (the "Plan") for DuPage County. The process to update the plan, which took a year, included significant interactions with County residents, elected officials, County staff, and community organizations. The revised plan includes the following three core strategic imperatives.

Financial Planning

To ensure a sound and sustainable fiscal future, the County is committed to a financial plan that includes controlling expenses and short and long-term planning and prioritizing to meet current and future operating and capital needs, while maximizing quality service levels and identifying, assessing, and securing funding opportunities to support the County's strategic priorities and initiatives.

ACT Initiatives

The ACT Initiative (Accountability/Consolidation/Transparency) is a comprehensive reform program designed to improve efficiency, reduce duplication, and encourage resource sharing across County government and its independently administered agencies. In 2011, the Chairman and County Board reviewed its appointed agencies that provide a variety of important public services to residents which highlighted challenges and identified areas for intergovernmental cooperation and management resources.

Because of the ACT Initiative Program, the following changes were made during fiscal year 2018:

- The County worked closely with the Highland Hills Sanitary District to conduct a study to examine the most optimal service delivery mechanism. The study resulted in the County and Highland Hills signing an agreement to transfer to Lake Michigan water and dissolve the Highland Hills Sanitary District.
- The County worked with the Village of Westmont and the leaders of the North Westmont Fire Protection District to identify an alternative funding mechanism for fire and EMS services. Most residents supported a 5-year phase-in of service costs, and the Special Service Area was dissolved.

Reforms made under the ACT Initiative are projected to save taxpayers over \$100.0 million.

Economic Growth

The County continues to play an increasing role in regional economic growth through its leadership in Choose DuPage - Economic Development Alliance ("Choose DuPage"), a joint public/private partnership. Choose DuPage was created to take advantage of DuPage County's unprecedented growth and continue its momentum for the benefit of County businesses and residents. Choose DuPage is the driving force for DuPage County's economic growth.

To ensure the County's continued success for economic growth, Choose DuPage is focused on 5 key areas:

- 1. Attracting companies that would best benefit from Argonne Laboratory's world-class facilities and research.
- 2. Solving commute issues and providing a dependable, cost effective commuting solution.
- 3. Developing and encouraging growth at the 800-acre DuPage Business Center.
- 4. Establishing the Western Access O'Hare corridor as a premier global business location.
- 5. Encouraging the development of foreign-direct investment in the County to improve competitiveness on the global stage and engage in international trade.

INDEPENDENT AUDIT

In addition to auditing the Fiscal Year 2018 County basic financial statements, Baker Tilly Virchow Krause, LLP also conducted the audits of the Clerk of the Circuit Court; DuPage County Emergency Telephone System Board; Water and Sewerage System of DuPage County, Illinois; and conducted the Single Audit of the County's various federal grant programs.

Copies of each audit report, including the schedule of expenditures of federal awards, findings, and recommendations, and the auditors' report on internal control and compliance with applicable laws and regulations, are included in separate annual reports and may be obtained from the Finance Office, Jack T. Knuepfer Building, 421 N. County Farm Road, Wheaton, Illinois, or may be viewed on the County's official website at https://www.dupageco.org.

Sikich, LLP conducted the audit of the Airport Authority.

All independent audits have been performed in accordance with auditing standards generally accepted in the United States of America, and all audit reports received unmodified opinions.

AWARDS AND ACKNOWLEDGEMENTS

<u>Awards</u>

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting ("Certificate") to DuPage County for its *Comprehensive Annual Financial Report* ("CAFR") for the fiscal year ended November 30, 2017. This was the 32nd consecutive year that the County has achieved this prestigious award. To be awarded a certificate, which is valid for one year, the County had to publish an easy-to-read and efficiently organized CAFR that satisfies both GAAP and applicable program requirements.

I believe that the County's Fiscal Year 2018 CAFR meets the requirements set forth by the GFOA and will be submitted to the GFOA to determine its eligibility for a Certificate of Achievement for Excellence in Financial Reporting.

The County also received the GFOA's Distinguished Budget Preparation Award for its Fiscal Year 2018 *Financial Plan*. This was the 14th consecutive year the County has received this prestigious award. To be awarded the Distinguished Budget Preparation Award, the County's 2018 *Financial Plan* (the "*Plan*") had to meet certain criteria as to the Plan's proficiency as a policy document, a financial plan, a guide for operations, and as a communication device.

Acknowledgements

The preparation and completeness of the Fiscal Year 2018 CAFR represents the efforts of many County employees and assistance of Baker Tilly Virchow Krause, LLP who was engaged to audit the County's operations. I would like to express my sincere appreciation to the County staff and to the staff of the certified public accounting firms that contributed in any way to the County's CAFR, as well as to the Chairman and Members of the County Board for their continued support and commitment to the fiscal integrity and financial leadership of DuPage County.

Respectfully submitted,

Galac Paul Rafac

Executive Director/CEO

INDEPENDENT AUDITORS' REPORT

To the Honorable Chairman and Members of the County Board DuPage County, Illinois Wheaton, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of DuPage County, Illinois, as of and for the year ended November 30, 2018, and the related notes to the financial statements, which collectively comprise DuPage County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the DuPage Airport Authority, a discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the DuPage Airport Authority, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the DuPage Airport Authority and the Water and Sewerage System Fund were not audited in accordance with *Government Auditing Standards*.

1

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to DuPage County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of DuPage County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of DuPage County, Illinois, as of November 30, 2018 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note I, DuPage County adopted the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective December 1, 2017. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended November 30, 2018 was conducted for the purpose of forming opinions on the financial statements that collectively comprise DuPage County's basic financial statements. The supplementary information for the year ended November 30, 2018 as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended November 30, 2018, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting accounting and other records used to prepare the basic financial statements for the year ended November 30, 2018, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole for the year ended November 30, 2018.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of DuPage County as of and for the year ended November 30, 2017 (not presented herein), and have issued our report thereon dated May 24, 2018, which contained unmodified opinions on the respective financial statements of the the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information. The supplementary information for the year ended November 30, 2017 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 financial statements. The information has been subjected to the auditing comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended November 30, 2017.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise DuPage County's basic financial statements. The introductory section and statistical section is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2019 on our consideration of DuPage County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering DuPage County's internal control over financial reporting and compliance.

Baker Tilly Virchaw Knowse, LCP

Oak Brook, Illinois May 22, 2019

As management of DuPage County, Illinois (the "County" or "DuPage County"), we offer readers of the County's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended November 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information provided in the letter of transmittal.

Financial Highlights

- At November 30, 2018, the assets and deferred outflows of resources of DuPage County exceeded liabilities and deferred inflows of resources by \$809.9 million (total net position). Of this amount, \$25.1 million represented an unrestricted (deficit) net position. A deficit in unrestricted net position does not indicate inadequate available resources to meet ongoing obligations. Total net position at November 30, 2017 was \$824.6 million.
- In FY2018, the County implemented GASB No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions.* The County is now required to accrue TOTAL OPEB liability, rather NET OPEB Obligation, a portion of the liability. This change in accounting principle resulted in a decrease in the County's beginning net position of \$9.6 million. The beginning net position for governmental activities decreased \$9.3 million, and business type activities' beginning net position decreased \$0.3 million.
- The County's net pension liability decreased \$100.1 million from \$204.5 million at November 30, 2017 to \$104.4 million at November 30, 2018. This decrease was primarily due to total net gains on investments of \$185.9 million, offset by interest on total pension liability of \$92.1 million. The valuation date of the investments and net pension liability was as of December 31, 2017.
- At November 30, 2018, DuPage County reported a combined fund balance of \$213.9 million for its governmental funds. This amount represented an increase of \$3.6 million, or 1.7%, in comparison to prior year. Approximately 31% of this amount, or \$65.6 million, was unassigned, or, available for spending at the County's discretion.
- At November 30, 2018, the total fund balance of the General Fund was \$72.1 million, all of which was unassigned. The total fund balance of the General Fund at November 30, 2017 was \$67.0 million, of which \$66.7 million was unassigned.

Overview of the Financial Statements

This section is an introduction to the County's financial statements. The reporting structure focuses on the County as a whole (government-wide) and on major individual funds to provide the reader with an overview of DuPage County's finances and the ability to address relevant questions.

DuPage County's financial statements consist of the following three sections:

- 1. County-wide Financial statements
- 2. Fund Financial Statements
- 3. Notes to the Financial Statements

In addition to the financial statements, the Comprehensive Annual Financial Report (the "CAFR") includes Required Supplementary Information, Supplementary Information, and a Statistical Section (unaudited).

County-wide Financial Statements

The County-wide Financial Statements are designed to provide the reader with a broad overview of the County's finances, in a manner like a private-sector business.

The *Statement of Net Position* presents information on all County assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position (deficit). Increases or decreases in net position are useful for determining the improvement or deterioration of the County's financial position, although non-financial factors, such as government rules and regulations, and the condition of County capital assets, should also be considered in the assessment of the County's overall financial health.

The *Statement of Activities* presents information on how the County's net position changed during the current fiscal year. All changes in net position are reported at the time the underlying event occurs, without regard to timing of related cash flows. As a result, revenues and expenses are reported in the statement for some transactions that provide cash flows only in future years, such as uncollected tax revenue, and expenses for earned, not used, compensated absences and pension obligations.

The County-wide Financial Statements report the following activities and/or types of programs:

• **Governmental Activities** – Most County services are reported as governmental activities, which include public health and safety; highway, streets, and bridges; public and educational services; judicial; and conservation and recreation. The County fulfills its responsibilities related to these activities by operating a jail, crime laboratory, court system, and Care Center; providing law enforcement services; constructing and maintaining a system of highways and infrastructure; and regulating and monitoring new construction within unincorporated DuPage County, Illinois.

General government functions and interest and fiscal charges are also reported as governmental activities. Some of these activities include managing County facilities; assessing, levying, collecting, and distributing property taxes; and maintaining official records for all real estate located in DuPage County, Illinois. The major revenue sources for these activities are county sales taxes, property taxes, and other taxes, such as transfer stamp and off-track betting revenue.

- **Business-Type Activities** The business-type activity of the County is its operation of the Water and Sewerage System of DuPage County, Illinois (the "System"). The System was established as an Enterprise Fund to account for user fees charged for providing water and sewer services to portions of DuPage County. These fees cover all, if not most, of the Systems' operating costs. The Public Works Committee oversees the operational, planning, and policy activities of the System.
- **Component Units** A component unit is a legally separate entity for which the County is financially accountable, and, therefore, is required to be included in the County's CAFR. Component units are reported using one of two methods blending or discrete presentation. A blended component unit is one that is an integral part of the primary government, whereas, a discretely presented component unit is not as closely aligned.
 - <u>Blended Component Unit</u> The Health Department, a blended component unit of the County, provides physical and mental health services to County residents.

 <u>Discretely Presented Component Units</u> - The County has two discretely presented component units: 1.) The DuPage County Emergency Telephone System Board, which provides 9-1-1 emergency telephone services to County residents, and those in various municipalities that include areas in Cook, Kane, and Will counties, except for the Cities of Aurora and Naperville. 2.) The DuPage Airport Authority which manages the DuPage Airport in West Chicago.

Fund Financial Statements

The Fund Financial Statements are designed to report groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or programs. The County, like other state and local governments, uses fund accounting to ensure and show compliance with budgetary and other financial-related legal requirements. All County funds are categorized into one of the three following classifications: governmental, proprietary, or agency.

Governmental Funds – Governmental funds are used to account for primarily the same functions that are reported as governmental activities in the County-wide Financial Statements. Most of the County's services are reported in the governmental funds. The governmental funds financial statements focus on how cash and other financial assets can be readily converted into available resources, and on balances remaining at fiscal year-end that are available for spending. This information is useful for determining which financial resources are available in the short-term to finance the County's various programs and activities.

Because the focus of governmental funds is more limited than the County-wide Financial Statements, it is useful for the reader to compare the information presented for the governmental funds with similar information presented for governmental activities in the County-wide Financial Statements to more fully understand the long-term impact of the County's short-term financing decisions. Both the *Governmental Funds Balance Sheet* and *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* provide a reconciliation to make this comparison between the governmental funds and the governmental activities easier.

The County has established individual governmental funds that are organized according to the following types – Special Revenue, Debt Service, Capital Projects, and Agency. Information for the General Fund is presented separately in the *Governmental Funds Balance Sheet* and *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances*, as it is considered a major fund. The General Fund includes, among others, the following funds: County Sheriff's Department, State's Attorney's Office, Facilities Management, and the Circuit Court.

The following are other major governmental funds reported separately in the governmental funds financial statements:

- <u>Health Department</u> provides physical and mental health services to County residents. This major fund includes the Health Department's General Fund.
- <u>DuPage Care Center</u> provides quality long-term care, as well as short-term rehabilitative services to the County's residents.
- <u>Department of Housing and Urban Development</u> accounts for government funds received to develop viable urban communities in low- and moderate-income areas and provide funding to aid very low-income families in obtaining decent and safe rental housing.

Data from the other governmental funds are combined and presented in a single Non-Major Funds column. Individual fund data for each of the non-major governmental funds is provided in the *Combining Balance Sheet; Combining Statement of Revenues, Expenditures and Changes in Fund Balance;* and *Schedules of Revenues, Expenditures and Changes in Fund Balance* within the CAFR.

Proprietary Funds – Proprietary funds are used to account for services for which the County charges a fee and show the same type of information as in the County-wide Financial Statements, only in more detail. The County has two Proprietary Funds-an Enterprise Fund that was established to account for the operation of the System, and an Internal Service Fund that was established to account for employee health insurance benefits on a cost-reimbursement basis.

Agency Funds – Agency funds are used to account for resources held by the County as an agent for various entities, or for the benefit of parties outside the County. Some agency funds are controlled by a separate government body, as created and authorized under state or federal law. Agency funds cannot be used to support County programs, and, therefore, are not reported in the County-wide Financial Statements.

<u>Notes to the Financial Statements</u> – The Notes to the Financial Statements provide additional information needed for a full understanding of the data presented in the County-wide and Fund Financial Statements.

Required Supplementary Information – In addition to the Financial Statements and Notes to the Financial Statements, the Required Supplementary Information section presents certain historical information with respect to funding of the multi-employer defined benefit plans (Regular, Sheriff's Law Enforcement Personnel, and Elected County Official) administered by the Illinois Municipal Retirement Fund (the "IMRF"), a fund created by the State of Illinois to provide retirement benefits to qualified County employees. This section includes information on contributions made by the County to the IMRF, net change in total pension liability, and the change in the implicit OPEB liability. The *Schedule of Changes in the Total OPEB Liability and Related Ratios* is required to present certain historical information from the last 10 years of actuarial valuations. Due to the implementation of GASB Statement No. 75 in FY2018, prior year information is not available, and, therefore, not presented.

The Budgetary Comparison Information Schedules of Revenues, Expenditures and Changes in Fund Balance-Budget and Actual for the major funds are also presented in this section.

<u>Supplementary Information</u> – The Supplementary Information section is a more detailed presentation of information included in the financial statements for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Agency Funds.

Statistical Section (Unaudited) – The Statistical Section offers operational, economic, and historical data that provide a context for assessing the County's economic condition.

County-wide Financial Analysis

Net Position

As mentioned in a previous section of this narrative, change in net position is useful for determining the status of the County's financial position. At November 30, 2018, the County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$809.9 million.

| Total Net Position | \$ | 715.1 | _ | 733.5 | \$ | 94.8 | \$ | 91.1 | \$ 809.9 | \$ | 824.6 |

Note: Columns/rows may not foot/cross-foot due to rounding.

Note: Amounts for FY2017 have not been adjusted for the County's implementation of GASB No.75 in FY2018.

The largest portion of the County's total net position is its net investment in capital assets (e.g. land improvements; building and improvements; infrastructure, drainage, stormwater; etc.) at depreciated cost less outstanding debt used to acquire these assets. The County's net investment in capital assets at November 30, 2018 was \$707.8 million, or 87.4%, of total net position. Net investment in capital assets increased by \$8.1 million primarily due to depreciation expense exceeding capital asset net additions by \$12.1 million, and a \$23.0 million decrease in outstanding capital-related debt, which excludes unspent bond proceeds of \$0.4 million.

Because the funds used for special service area water and sewer projects are obtained from bonds financed by the County's governmental funds, the long-term debt of the County is presented in Governmental Activities, and the corresponding capital assets are shown in the Business-Type Activities. Net investment in capital assets for FY2018 properly excludes all debt related to special service area projects. Net investment in capital assets for FY2017 included \$3.3 million of special service area debt that was reclassified to Agency Funds in FY2018.

The County uses these capital assets to provide a variety of services to its residents. Although the County's investment in capital assets is reported net of related outstanding debt, the resources needed to repay this debt must be provided from other sources, as the capital assets cannot be used to liquidate these liabilities.

Another part of the County's net position represents resources that are subject to external restrictions as to how these resources can be used. Restricted net position at November 30, 2018 was \$127.2 million, or 15.7%, of total net position. The remaining balance of total net position was a \$25.1 million unrestricted deficit. The increase in the deficit net position of \$16.4 million from prior year was due to the implementation of GASB No. 75, which resulted in a decrease in beginning net position of \$9.7 million; a current year loss of \$5.0 million; and the reclassification of \$3.3 of special assessment debt to Agency Funds.

At the end of the current fiscal year, the County reported positive balances in the net investment in capital assets and restricted categories of net position for the County as a whole, as well as for its separate governmental and business-type activities. Business-type activities reported positive balances in all categories of net position. This representation of total net position was the same in prior fiscal year.

The County's overall net position, as restated, decreased \$5.0 million from the prior fiscal year. The reasons for this decrease are discussed in the following sections for Governmental Activities and Business-Type Activities.

Governmental Activities

During the current fiscal year, net position, as restated, for governmental activities decreased \$9.0 million from prior fiscal year, which resulted in an ending balance of \$715.1 million. This decrease was due to implementation of GASB No. 75, which required the County to accrue TOTAL OPEB liability, rather than NET OPEB obligation, a portion of the liability. Beginning net position decreased by \$9.3 million due to this change in principle.

Compared to prior year, capital grants and contributions were \$36.0 million lower in FY2018. In FY2017, the Illinois Tollway contributed \$25 million for the Elgin O'Hare Expressway, and IDOT contributed \$6.1 million for various highway infrastructure projects.

The increase in general revenues was due to higher State salary reimbursement revenue of \$4.1 million.

Business-Type Activities

The current fiscal year results for the County's business-type activity, the Water and Sewerage System of DuPage County, Illinois (the "System"), were positive. Net position, as restated, increased \$4.0 million, or 4.4%, from prior year. During FY2018, several sewer and water lines that were permitted and constructed in FY2017 were accepted and recorded in the current fiscal year, which accounted for an increase in capital grants and contributions of \$1.7 million compared to prior year. The System also acquired the water distribution capital assets and water operations of another sanitary district, which increased net position by \$1.7 million.

Financial Analysis of County Funds

As noted in a previous section of this narrative, the County uses fund accounting to ensure and show compliance with financial-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on current inflows, outflows, and balances available for spending. This information is useful in the assessment of the County's financing needs. The unassigned fund balance can measure net resources available for discretionary spending. The governmental funds reported by the County include the General Fund, Health Department Fund, Care Center Fund, Department of Housing and Urban Development Fund, and Non-Major Governmental Funds.

At November 30, 2018, the County reported a combined fund balance of \$213.9 million for its Governmental Funds. The combined fund balance increased \$3.6 million, or 1.7%, from prior year. Of the current fiscal year total, \$103.3 million is restricted; \$65.6 million is unassigned; \$43.8 million is committed; and \$1.2 million is non-spendable.

Total revenues from all governmental funds for FY2018 were \$384.5 million, representing an increase of \$7.5 million, or 2.0%, from FY2017. Expenditures for all governmental funds for FY2018 were \$389.4 million, representing an increase of \$10.8 million, or 2.9 %, from FY2017.

The General Fund, the County's primary operating fund, is used to account for its governmental activities. At November 30, 2018, the fund balance of the General Fund was \$72.1 million, increasing \$5.1 million, or 7.6%, from November 30, 2017. The total fund balance at November 30, 2018 is unassigned. General Fund revenues for FY2018 were \$180.2 million, representing an increase of \$5.9 million, or 3.4%, from FY2017 of \$174.3 million.

The following points explain significant increases and decreases of General Fund revenues and expenses:

- Intergovernmental revenues increased by \$4.1 million, or 26%, compared to FY2017 primarily due to higher State salary reimbursement revenue of \$3.1 million. This significant increase is due to the State reducing its reimbursement backlog from ten months to five months.
- Sales tax revenues increased \$2.1 million, or 2.1%, compared to prior fiscal year.
- General Fund expenditures for both FY2018 and FY2017 were approximately \$143 million.

The Health Department reported a fund balance of \$24.4 million at November 30, 2018. This balance represented an increase of \$3.1 million, or 14.8%, compared to \$21.3 million at November 30, 2017. Of the \$24.4 million fund balance, \$24.0 million was committed and both non-spendable and restricted fund balances were \$0.2 million. The Health Department's total revenues increased \$0.9 million, or 2.1%, compared to prior fiscal year. Charges for services revenue increased \$1.2 million from \$13.7 million in FY2017 to \$14.9 million in FY2018. The increase was due to improved collection rates from third-party payers for healthcare services. The improved collection rate was due to internal revenue cycle process improvements. The Health Department's expenditures increased 3.0% compared to prior year, increasing \$1.2 million from \$37.5 million in FY2017 to \$38.7 million in FY2018.

The Department of Housing and Urban Development (HUD) reported a fund balance of \$6.4 million at November 30, 2018. The ending fund balance represented a decrease of \$3.6 million, or 36.1%, compared to the beginning fund balance of \$10.0 million. Of the \$6.4 million fund balance, \$8.9 million was restricted, and the remaining balance was an unassigned deficit balance of \$2.5 million. The decrease in net position was primarily due to increased expenditures by \$3.6 million compared to prior year. At the end of FY2018, the Community Development Block Grant-Disaster Recovery had expenditures of \$3.1 million. HUD reimbursed the County for these expenditures in February 2019. HUD's total revenues decreased slightly from \$9.8 million in prior year to \$9.2 million in FY2018.

The Care Center reported a fund balance of \$6.4 million at November 30, 2018, which represented a \$1.8 million increase compared to \$4.6 million at November 30, 2017. Of the \$6.4 million, \$5.7 million was committed, \$0.4 million was non-spendable, and \$0.3 million was restricted. The Care Center's total revenues decreased \$1.9 million, or 5.3%, compared to prior year due to the prior year write-off of \$1.9 million owed to the Illinois Department of Health and Family Services (the "State"). It was determined that the State would not be pursuing collection of this liability, which was in agreement with other county care centers. Care Center expenditures for both FY2018 and FY2017 were approximately \$34 million.

Proprietary Funds

The County's Proprietary Funds Statements provide similar information found in the County-wide Business-Type Activities Financial Statements, but in more detail.

At November 30, 2018, the unrestricted net position of the Enterprise Fund was \$7.0 million compared to \$7.4 million at November 30, 2017. The unrestricted net position of the Internal Service Fund at November 30, 2018 was \$9.6 million compared to \$7.6 million at November 30, 2017. The \$2.0 million increase in the net position of the Internal Service Fund was primarily due to continued improvement in health insurance claims experience.

General Fund Budgetary Highlights

The DuPage County Board adopted the County's FY2018 budget on November 28, 2017. The County's original total operating budget for FY2018 was \$439.6 million. The original budget for the General Fund, the main operating fund and primary funding source for elected officials and County support functions, totaled \$176.9 million, representing 40.2% of the total original operating budget.

The accompanying financial statements include a *Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual.* The County's budgetary basis of accounting is discussed in the Notes to the Required Supplementary Information.

During FY2018, the County's actual General Fund revenues had a favorable variance of \$3.9 million, or 2.2%, from the original budgeted estimate of \$176.3 million. Positive results in state income tax revenues of \$1.5 million was due to the County not experiencing the 10% decline it had anticipated for FY2018. Other state reimbursement revenues were \$1.4 million higher than the final budgeted estimate due to the State reducing its reimbursement backlog from ten months to five months.

Capital Assets

Capital assets include land and improvements; infrastructure, drainage, and stormwater; water and sewer systems; building and improvements; machinery, equipment and vehicles; intangibles; and construction in progress. The County uses these capital assets to provide services to County residents; therefore, these long-term assets are not available for future spending.

The County's capital assets, net of accumulated depreciation, for its governmental and business-type activities decreased \$12.0 million from prior fiscal year. The overall decrease is primarily due to depreciation expense exceeding additions of depreciable capital assets by \$22.4 million, and an increase in construction in progress of \$9.8 million related to improvements made to the 420 Building.

The County carries out various capital improvement projects annually. Highway and infrastructure projects such as pavement maintenance and traffic signal light upgrade and maintenance are funded by county motor fuel and local gas taxes, and/or state and federal government reimbursements. These funds are included in the Highway Motor Fuel Tax Fund. Construction and repair projects for County facilities are included in the capital projects funds.

Additional information on the County's capital assets can be found in Note IIID. to the Financial Statements.

Debt Administration

The County's general obligation bonds and revenue bonds are issued in accordance with the authorizing bond ordinance adopted by the DuPage County Board. Each bond issue is sold to investors, and net proceeds are used to finance the engineering, construction, and improvement costs of various capital projects, and capital equipment acquisition costs. The Board approves all capital projects and capital equipment acquisitions.

The County's full faith and credit is pledged for on-time principal and interest payments on the general obligation bonds. The County levies ad valorem property taxes on all taxable real property within the County, or special service area, to provide for the debt service payments on the 2016 Courthouse Refunding Bonds and 2009 General Obligation Bonds – Special Service Area #34. The remaining debt is funded by alternate revenue bonds, and the ad valorem taxes are abated. While the County obtains long-term financing for capital asset projects and acquisitions, management's objective is to meet these demands without overtaxing the property taxpayers.

The Transportation Revenue Refunding Bonds are limited obligations of the County, payable solely from the pledged county motor fuel and local gas tax revenues.

* Amounts for FY2017 have not been adjusted for the County's implementation of GASB Statement No. 75 in FY2018.

Note: Columns/rows may not foot or cross-foot due to rounding.

During FY2018, the County's liabilities for long-term obligations decreased by \$112.4 million from prior year. The decrease was primarily attributed to the following:

- The decrease in net pension liability of \$100.1 million was primarily due to total net gains on investments of \$185.9 million, offset by interest on total pension liability of \$92.1 million. This improvement is based on Illinois Retirement Fund reports dated December 31, 2017. Subsequent activity through December 31, 2018 reflects a substantial increase in net pension liability. Despite end of 2018 declines, the stock market recovered in the first quarter of 2019, although market fluctuations are continuing.
- The increase in total OPEB liability of \$9.1 million was due to the implementation of GASB No. 75 – Accounting and Financial Reporting for Postemployment Benefits Other than Pensions (refer to Financial Highlights section above).

The decrease in bonds and notes payable of \$20.2 million was due to principal and interest payments, and amortization of bond premium exceeding new bond issues of \$14.8 million. The County issued general obligation bonds of \$7.5 million to fund construction of the DuPage Public Safety Communications facility, and \$7.3 million of revenue bonds to advance refund the Waterworks and Sewerage Project and Refunding Net Revenue First Lien Bonds, Series 2008A. Additionally, in FY2018, \$3.3 million of no-commitment special assessment debt was reclassified from long-term debt obligations to agency funds.

Economic Factors and Budget Outlook

DuPage County's economy continues to remain strong, as shown by the growth of its Gross Domestic Product ("GDP"), which measures an economy's output. The County's GDP in 2017 (most recent data available) increased 4.2% compared to a 2% growth rate in 2016.

The following are other economic factors that can affect DuPage County, Illinois and may be considered in developing future budgets.

- The DuPage County, Illinois unemployment rate for March 2019 is 2.8%. The unemployment rate continues to be lower than both the State of Illinois and the U.S., which were at 4.4% and 3.8%, respectively.
- Combined sales and use tax revenues are expected to grow 1.5% due to a reduced administrative fee imposed by the State and the impact of the recent Supreme Court decision to change the law to require all e-commerce sites to collect sales tax.
- DuPage County, Illinois' total budget for FY2019 is projected at \$433.8 million, a decrease of \$5.7 million from the FY2018 budget. This decrease is primarily due to decreased capital outlay expenditures.

Requests for Information

This financial narrative is written to provide a general overview of the County's financial position for those interested in the County's finances. Any questions concerning information in this narrative, and/or requests for additional financial information are to be addressed to the Finance Department, DuPage County, 421 N. County Farm Road, Wheaton, Illinois 60187. A complete CAFR is available on the County's website at www.dupageco.org/finance.

Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended November 30, 2018

| Net change in total governmental fund balances | | \$ 3,609,410 |
|--|--|-------------------|
| Amounts reported for governmental activities in the Statement of Activities are different because: | | |
| Governmental funds report purchases of capital assets as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital expenditures \$ Depreciation Net book value of assets retired | 21,637,689 (32,760,245) (5,866,249) | |
| Capital expenditures in excess of depreciation | (0,000,2.0) | (16,988,805) |
| Capital assets transferred to the County are recorded as capital contributions in the Statement of Activities, but do not require the use of current financial resources and are therefore not reported in the governmental funds. | | 294,232 |
| Receivables not currently available are reported as revenue when collected or currently available in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements. | | (396,836) |
| Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. Decrease in accrued interest on debt Decrease in claims payable Decrease in net pension liability Decrease in deferred outflows of resources related to pensions Increase in deferred inflows of resources related to pensions Decrease in total other postemployment benefits liability Increase in deferred inflows of resources related to other postemployment benefits Decrease in compensated absences Amortization of bond premium | 266,506 392,517 97,927,851 (47,149,404) (68,440,311) 530,829 (406,697) 483,333 744,644 | |
| The issuance of long-term debt and related premiums are reported as other financing sources in the governmental funds, but issuance increases long-term liabilities in the Statement of Net Position. Bonds issued | (7,500,000) | (15,650,732) |
| Repayment of principal on long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net | (7,500,000) | (7,500,000) |
| Position. | | 25,567,189 |
| Internal service funds are used by management to charge self insurance costs to individual funds. The change in net position of the internal service fund is reported with governmental activities. | | 2,028,154 |
| Change in net position of governmental activities | | \$ (9,037,388) |

See accompanying notes to financial statements.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DuPage County, Illinois (the County) was organized in 1839. The County is a non home-rule county, under the 1970 Illinois Constitution. The County is governed by a nineteen member elected Board. The County's structure and legal activities are controlled by state statute.

The accounting policies of the County conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the County. The reporting entity for the County consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of two methods, discrete presentation or blending, Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and a management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

Blended Component Unit

DuPage County Health Department

The DuPage County Health Department (the Health Department) provides services to the residents of the County and is governed by the Board of Health, which includes members of the County Board. Additionally, there is a financial benefit and burden relationship between the County and the Health Department. The Health Department's primary operating fund is reported as a major fund, while the Department also includes nonmajor special revenue funds, along with capital assets and long-term debt. Separately issued financial statements of the Health Department may be obtained from the Health Department's offices located at 111 North County Farm Road, Wheaton, IL, 60187.

Discretely Presented Component Units

DuPage County Emergency Telephone System Board

The government-wide financial statements include the DuPage County Emergency Telephone System Board (ETSB) as a component unit. The ETSB provides 9-1-1 emergency telephone services in DuPage County. The board of the ETSB is appointed by the DuPage County Board Chairman and one County Board member serves on the ETSB Board. State Statutes provide for circumstances whereby the County can impose its will on the ETSB, and also create a potential financial benefit to or burden on the County, requiring the County Board to approve the budget submitted by the ETSB Board and placing responsibility for the management of ETSB deposits and investments with the County Treasurer. See Note III.J. As a component unit, the ETSB's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended November 30, 2018. Separately issued financial statements of the DuPage County Emergency Telephone System Board may be obtained from the ETSB's office located at 421 North County Farm Road, Wheaton, IL 60187.

DuPage Airport Authority

The government-wide financial statements also include the DuPage Airport Authority as a component unit. The DuPage Airport Authority is a legally separate organization operating under the direction of a Board of Commissioners. The board of the DuPage Airport Authority is appointed by the DuPage County Board Chairman and approves the annual budget in accordance with State Statutes. See Note III.K. As a component unit, the DuPage Airport Authority's financial statements have been presented as a discrete column in the financial statements. The information presented is for the year ended December 31, 2018. Separately issued financial statements of the DuPage Airport Authority may be obtained from the office located at 2700 International Drive, Suite 200, West Chicago, IL, 60185.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

In June 2015, the GASB issued statement No. 75 - Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. This Statement replaces the requirements of Statements No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB. This standard was implemented December 1, 2017.

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues.

Fund Financial Statements

Financial statements of the County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the County believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

General Fund - accounts for the County's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.

Health Department Fund - used to account for revenues which include property taxes, fees for services and grant funding, and expenditures/expenses pertaining to the general operations of the DuPage County Health Department.

Care Center Fund - used to account for the financing, operations, administration and maintenance of the County's Care Center. Revenues are primarily from charges for service paid by Medicaid, Medicare, private insurance, and other sources.

Department of Housing and Urban Development - used to account for federal grant monies received and expended from the Department of Housing and Urban Development (HUD). Programs operated under this fund include the various HUD Block Grant Programs, the Single Family Rehab Program, housing assistance grants, and grants for the development of a Homeless Management Information System database.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The County reports the following major enterprise fund:

Water and Sewerage System Fund - accounts for operations of the County's Public Works Department, which owns and operates sewage collection treatment facilities and water pumping and distribution systems located in certain areas of the County. The fund is operated, financed and maintained in a manner similar to a private business enterprise.

The County reports the following nonmajor governmental funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Debt Service Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs.

Capital Projects Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

In addition, the County reports the following fund types:

Internal Service Fund - used to account for health insurance provided to other departments and operations of the County on a cost-reimbursement basis.

Agency Funds - used to account for and report assets held by the County in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. These include numerous funds of the County Collector, County Treasurer, Clerk of the Circuit Court, Sheriff, and other agency funds.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, interfund services provided and used are not eliminated in the process of consolidation.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental revenues are recognized as revenues in the period the County is entitled the resources and the amounts are available. Amounts owed to the County which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds follow the accrual basis of accounting and do not have a measurement focus.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements (cont.)

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewerage System Fund are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY

1. Deposits and Investments

Illinois Statutes authorize the County to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Investment Pool.

In the Water and Sewerage System Fund, the investment of funds is restricted by the revenue bond ordinance. The ordinance restricts investment of funds to direct or fully guaranteed obligations of the U.S. Government; interest-bearing time or demand deposits or certificates of deposits with financial institutions that are fully insured or collateralized; or the Illinois Funds Investment Pool.

The County has adopted an investment policy in accordance with Illinois Compiled Statutes. The policy contains the following guidelines for allowable investments.

Interest Rate Risk

The investment policy is designed to obtain a market average rate of return, taking into account investment risk constraints and cash flow needs.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

- D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)
 - 1. Deposits and Investments (cont.)

Credit Risk

The investment policy allows the Treasurer to invest in any type of security allowed by Illinois Compiled Statutes. If the statutes are amended and one or more investments are no longer permissible, the investments will be allowed to mature or can be sold immediately at the Treasurer's discretion.

Concentration of Credit Risk

The County's investment policy requires diversification of the investment portfolio to eliminate the risk of loss resulting from over concentration in a specific issuer, maturity or class of securities. Concentration in short-term corporate obligations will not exceed 90% of the limit contained in Illinois law.

Custodial Credit Risk - Deposits

The County's investment policy requires some form of collateral to protect public deposits in a single financial institution if it were to default. All federally and non-federally insured institutions must fully collateralize deposits using instruments and collateral ratios of 105%.

Custodial Credit Risk - Investments

The County's investment policy requires all securities to be held by a third party custodian designated by the Treasurer and evidenced by safekeeping receipts. Investments are normally held by financial institutions or brokers under Trust agreements arising from Bond ordinances, subject to the custodial agreements of the ordinances.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which the investments could be sold.

See Note III. A. for further information.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)

2. Receivables

Property taxes for levy year 2018 attach as an enforceable lien on January 1, 2018, on property values assessed as of the same date. Taxes are levied in November following the lien date (by passage of a Tax Levy Ordinance). The 2018 tax levy, which attached as an enforceable lien on the property as of January 1, 2018, has been recorded as a receivable and deferred inflow of resources as of November 30, 2018, as these taxes are budgeted to be used in 2018.

Tax bills for levy year 2018 are prepared by the County and issued on or about May 1, 2019, and are payable in two installments, on or about June 1, 2019 and September 1, 2019.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

The County has received federal and state grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The County records a loan receivable when the loan has been made and funds have been disbursed. The amount recorded as economic development and housing rehabilitation loans receivable has not been reduced by an allowance for uncollectible accounts.

It is the County's policy to record revenue when the initial loan is made from the federal and state grant funds. The net amount of the loan receivable balance is included in restricted fund balance. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

3. Inventories and Prepaid Items

Governmental fund inventories are recorded at cost based on the FIFO method using the consumption method of accounting. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on FIFO, and charged to construction and/or operation and maintenance expense when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for capital assets (except for the Care Center and Water and Sewerage System, which uses a \$2,500 and \$25,000 threshold, respectively) and an estimated useful life in excess of one year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated fair value at the date of donation, except for donated capital assets received in a service concession arrangement which are recorded at acquisition value.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

| Building and Improvements | 40 | Years |
|---------------------------|----------|-------|
| Water and Sewer Systems | 15 - 100 | Years |
| Machinery, Equipment, and | | |
| Vehicles | 3 - 10 | Years |
| Infrastructure, Drainage, | | |
| Stormwater | 20 - 50 | Years |
| Land Improvements | 15 | Years |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)

5. Capital Assets (cont.)

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

6. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

7. Compensated Absences

Under terms of employment, employees are granted sick leave, vacation and retention pay benefits in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested sick leave, vacation and retention pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable resources.

Effective December 1, 2011, all sick time hours accrued, unused, and banked were frozen for purposes of eligibility for monetary compensation. This accrued sick time will continue to be eligible for pay based on years of service at the time of separation. For employees hired prior to November 1, 2005 who have accumulated thirty days of sick leave pay, the employee has the option to request monetary compensation for up to five days of sick time per year at a payout percentage based upon the level of continuous years of service. Upon separation or layoff, those employees have the option to receive monetary compensation for accrued, unused sick time at a payout percentage based upon the level of continuous years of service or obtain service credit to the full extent allowed by Illinois law and IMRF policies, if any. Employees hired after November 1, 2005 who have completed eight years of service, upon separation or layoff, have the option to receive monetary compensation for accrued, unused sick time at a payout percentage based upon the level of continuous years of service or obtain service credit to the full extent allowed by Illinois law and IMRF policies, if any. Employees hired after November 1, 2005 who have completed eight years of service, upon separation or layoff, have the option to receive monetary compensation for accrued, unused sick time at 50% of the value or obtain service credit to the full extent allowed by Illinois law and IMRF policies, if any.

Sick time accrued subsequent to December 1, 2011 will accrue and be carried over from year to year up to a maximum of 120 days. This sick time may be used only for the employee's own health condition, to care for an immediate family member who requires the employee's care, or to obtain service credit to the full extent allowed by Illinois law and IMRF policies, if any.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)

7. Compensated Absences (cont.)

Vacation pay is earned on a monthly basis based on years of service. Employees may carry over up to 10 earned vacation days per year. Any unused vacation time above the 10-day carryover maximum, may be forfeited at the beginning of the following calendar year. After completing five years of continuous employment, employees may redeem up to one week of their annual accrued vacation at full value. After completing fifteen years of continuous employment, employees may redeem up to two weeks of their annual accrued vacation at full value.

For employees hired on or before November 30, 2002, the County offered an Employee Retention Program, whereby eligibility begins either at age 55 and 10 years of continuous service, or 20 years of continuous service independent of age. Employees may earn up to 120 paid days with 20 years of continuous service, payable at termination.

Payments for sick leave, vacation and retention pay will be made at rates in effect when the benefits are used. Accumulated sick leave, vacation and retention pay liabilities at November 30, 2018, are determined on the basis of current salary rates and include salary related payments.

8. Long-Term Obligations/Conduit Debt/Special Assessment Debt

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of bonds payable, loans payable, net pension liability, total OPEB liability, and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)

8. Long-Term Obligations/Conduit Debt/Special Assessment Debt (cont.)

On December 9, 2003, the County issued Series 2003 Variable Rate Demand Revenue Bonds in the amount of \$42,000,000. Net proceeds of the issuance were deposited by The Morton Arboretum for costs of certain capital improvements. The Arboretum has signed a promissory note payable to the County, securing all principal and interest due under the bonds. On May 18, 2017, the County issued County of DuPage, Illinois Revenue Bonds (The Morton Arboretum Project), Series 2017, in the amount of \$20,000,000. The bonds were purchased by Bank of America Public Capital Corporation (the Purchaser) with the proceeds loaned to the Morton Arboretum (the Borrower). A portion of the net proceeds of the issuance were wired by the Purchaser into the Borrower's bank account for project costs, including reimbursements, and a portion into the Bond Fund of the Series 2003 Bonds for the partial refunding of the bonds. As it is the intent of all parties that The Morton Arboretum will provide funds for all debt payments, the liabilities have not been recorded on the County's balance sheet. The outstanding balance on the Series 2003 Variable Rate Demand Revenue Bonds, after partial refunding of \$13,000,000, was \$29,000,000 at November 30, 2018. The outstanding balance of the County of DuPage, Illinois Revenue Bonds were \$20,000,000 at November 30, 2018.

On June 15, 2006, the County issued Special Service Area Number 31 Special Tax Bonds, Series 2006 (Monarch Landing Project) in the amount of \$15,000,000. Net proceeds of the issuance were deposited by Erickson Retirement Communities, LLC for the costs associated with the construction of a continuing care retirement community to be known as Monarch Landing. The Bonds are payable from taxes levied on taxable real property in Special Service Area Number 31, which is concentrated to one landowner. Because the County has issued the Bonds as a conduit on behalf of a Section 501(c)(3) organization and it is the intent of all parties that the landowner will provide funds for all debt service payments, the liability has not been recorded on the County's balance sheet. The outstanding balance on the obligation was \$11,920,000 at November 30, 2018.

On March 9, 2010, the County issued Revenue Refunding Bonds (Benet Academy Capital Build Project), Series 2010 (the Bond) in the amount of \$8,890,000. These bonds were issued to refund the total outstanding amount of \$8,770,000 of Variable Rate Demand Revenue Bonds (Benet Academy Capital Building Project), Series 2000 and to pay costs of issuance of the Bond. The bonds were purchased by MB Financial Bank N.A. via a Direct Placement/Bank Qualified purchase with the proceeds loaned to the Borrower - Benet Academy in Lisle, Illinois. As the intent of all parties is that Benet Academy will provide funds for all debt payments, the liability has not been recorded on the County's balance sheet. The outstanding amount of this obligation was \$6,580,000 at November 30, 2018.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)

8. Long-Term Obligations/Conduit Debt/Special Assessment Debt (cont.)

On December 13, 2012, the County issued Special Service Area Number 38 (Nelson Highview) Unlimited Ad Valorem Tax Bonds, Series 2012C in the amount of \$1,500,000. The net proceeds of the bond were used to provide water system improvements for the benefit of the property owners within the Special Service Area, and to establish a reserve fund in the amount of \$117,328. Because the County has issued the bonds as an agent for the property owners, and is in no way liable for repayment, the liability is not recorded on the County's balance sheet. The outstanding amount of this obligation was \$1,160,000 at November 30, 2018.

On November 25, 2013, the County issued Special Service Area Refunding Bonds, Series 2013 in the amount of \$3,650,000 to refund the following bonds: Special Service Area Number 19 (Glen Ellyn Woods) Special Service Area Bonds; Special Service Area Number 25 (Westlands) Special Service Area Bonds; and Special Service Area Number 26 (Bruce Lake) Special Service Area Bonds. The bonds were purchased by PNC Bank and are equally, and proportionally, secured by a pledge of all tax proceeds from the levies on taxable real property in each of the Special Service Areas. Because the County has issued the bonds as an agent for the property owners, and is in no way liable for repayment, the liability is not recorded on the County's balance sheet. The outstanding amount of this obligation was \$1,676,330 at November 30, 2018.

In fiscal year 2018, no-commitment special assessment debt in the amount of \$3,287,189 was reclassified from long-term debt obligations to agency funds.

9. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)

10. Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Statements

Governmental fund balances are displayed as follows:

- a. Nonspendable Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- Restricted Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (ordinance) of the County Board. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the County Board that originally created the commitment.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

- D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, AND NET POSITION OR EQUITY (cont.)
 - 10. Equity Classifications (cont.)

Fund Statements (cont.)

- d. Assigned Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The Board may take official action to assign amounts. Assignments may take place after the end of the reporting period.
- e. Unassigned Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The County considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the County would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

See Note III. G. for further information.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

A budget has been adopted for all governmental funds except for the following: Wetland Mitigation Fund, Child Support Maintenance Fund, Federal Drug S.A. 1417 Fund, State Fund S.A. 1418 Fund, Money Laundering Forfeitures Fund, Environment Related Public Works Project Fund, 2009 General Obligation Bonds - Special Service Area #34 Project Fund, 2011 Drainage Bond Project Fund, and Special Service Area #38 Nelson Highview Fund.

B. Excess Expenditures Over Budget

| Fund | Budgeted und Expenditures | | Actual Expenditures | Exp | Excess enditures Over Budget |
|--|------------------------------|-----------|----------------------------|-----|------------------------------------|
| Special Assessment Debt - Water/Sewer System Projects | \$ | 1,896,825 | \$ 1,898,298 | \$ | 1,473 |

The County controls expenditures at the object level. Some individual objects experienced expenditures which exceeded appropriations. The detail of those items can be found in the County's year-end budget to actual report.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)

C. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of November 30, 2018, the following individual funds held a deficit balance:

| Fund | Amount | | Reason |
|--|--------|-----------|--|
| Sheriff Police Vehicle | \$ | 20,020 | Expenditures exceeding revenues in prior years |
| U.S. Department of Energy | | 43,328 | Grant funds due to the County reported as unavailable revenue |
| U.S. Department of Health and Human Services | | 69,902 | Grant funds due to the County reported as unavailable revenue |
| U.S. Department of Homeland Security | | 2,247,304 | |
| U.S. Department of Labor | | 98,051 | Grant funds due to the County reported as unavailable revenue |
| U.S. Department of Transportation | | 293,504 | Grant funds due to the County reported as unavailable revenue |
| Illinois Department on Aging | | 778,482 | Grant funds due to the County reported as unavailable revenue |
| Illinois Violence Prevention Authority | | 2,433 | Expenditures exceeding revenues in prior years |
| Care Center Foundation | | 1,735 | Expenditures exceeding revenues in prior years |
| Du-Comm Construction Project | | 436,016 | Expenditures exceeding revenues in prior years |
| Illinois Association of Community Action Agencies | | 1,688 | Current year expenditures exceeding revenues |
| Resource Innovations | | 224 | Current year expenditures exceeding revenues |
| Miscellaneous Local Grants | | 2,239 | Current year expenditures exceeding revenues |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The County's deposits and investments at year end were comprised of the following:

| | Carrying Value | Statement Balances | Associated Risks |
|--|------------------------------|-----------------------|---|
| | Value | Dalarices | |
| Deposits with financial institutions | \$237,926,592 | \$249,730,279 | Custodial credit risk |

| Total Deposits and Investments | <u>\$289,705,291</u> | | |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest-bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of November 30, 2018, the County utilized the market valuation method for all recurring fair value measurements and investments were measured using the valuation inputs as follows:

| | November 30, 2018 | | | | | | | |
|--|----------------------|------------------------|-----------|----------------------------|--|--|--|--|
| Investment Type | Level 1 | Level 2 | Level 3 | Total | | | | |
| Money market mutual funds US agency securities - explicitly guaranteed | \$ 14,479,999 - | \$- 1,153,752 | \$ - - | \$ 14,479,999 1,153,752 | | | | |
| US agency securities - implicitly guaranteed | - | 13,099,111 | - | 13,099,111 | | | | |
| US Treasury securities Municipal bonds | - | 4,222,942 4,189,290 | - | 4,222,942 4,189,290 | | | | |
| Corporate bonds | | 10,622,373 | <u> </u> | 10,622,373 | | | | |

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to the County.

The County does not have any deposits exposed to custodial credit risk.

Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Custodial Credit Risk (cont.)

Investments (cont.)

The County does not have any investments exposed to custodial credit risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of November 30, 2018, the County's investments were rated as follows:

| Investment Type | Standard & Poors | Moody's Investors Services |
|--|---------------------|----------------------------------|
| Money market mutual funds US agency securities - implicitly | AAAm | Aaa-mf |
| guaranteed | AA+ | Aaa |
| Municipal bonds | BBB+ to AAA | A3 to Aaa |
| Corporate bonds | BBB+ to AA+ | A3 to Aaa |
| Illinois Funds | AAAm | Not Rated |

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of November 30, 2018, the County's investments were as follows:

| | | Maturity (In Years) | | | | | | |
|------------------------|----------------------|----------------------|---------------------|---------------------|---------------------|--|--|--|
| Investment Type | Fair Value | Less than 1 | 1 - 5 | 6 - 10 | More than 10 | | | |

All of the receivables on the balance sheet are expected to be collected within one year with the exception of loans receivable. The entire balance of loans receivable is expected to be collected after one year.

C. RESTRICTED SPECIAL SERVICE AREA ASSESSMENTS RECEIVABLE

As of November 30, 2018, the Water and Sewerage System has \$3,950,994 due from special service area funds in the region. The balance related to the reimbursement of costs for the York Township water improvement project. The reimbursement will be repaid in installments through fiscal year 2033 and \$3,688,990 of the reimbursement is due after one year.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

Interfund Receivables/Payables

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

| Receivable Fund | Payable Fund | Amount | |
|------------------------------------|-----------------------------------|-----------------|--|
| General | Health Department | \$ 21,115 | |
| | Department of Housing and Urban | | |
| General | Development | 153,231 | |
| General | Nonmajor Governmental | 3,961,789 | |
| General | Water and Sewerage System | 477,637 | |
| Health Department | General | 202,335 | |
| Nonmajor Governmental | General | 241,066 | |
| Nonmajor Governmental | Nonmajor Governmental | 4,200,496 | |
| Nonmajor Governmental | Water and Sewerage System | 61,043 | |
| Water and Sewerage System | Nonmajor Governmental | 77,597 | |
| Total - Fund Financial Statements | | 9,396,309 | |
| | | (0.025.020) | |
| Less: Government-wide eliminations | | (8,935,226) | |
| Total Internal Balances - Governme | nt-Wide Statement of Net Position | \$ 461,083 | |

All amounts are due within one year.

The principal purpose of these interfunds is to support deficit commingled cash balances in various funds by the General Fund. All remaining balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)

Transfers

The following is a schedule of interfund transfers:

| Fund Transferred To | Fund Transferred From | | Amount |
|-----------------------------------|-------------------------------|----|-------------|
| General | Nonmajor Governmental | \$ | 530,000 |
| Care Center | General | | 2,880,000 |
| Nonmajor Governmental | General | | 29,564,962 |
| Nonmajor Governmental | Health Department | | 500,000 |
| Nonmajor Governmental | Nonmajor Governmental | ; | 34,788,585 |
| Total - Fund Financial Statements | 5 | | 68,263,547 |
| Less: Fund eliminations | | (| 68,263,547) |
| Total Transfers - Government | -Wide Statement of Activities | \$ | |

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

F. LONG-TERM OBLIGATIONS

Long-term obligations activity for the year ended November 30, 2018, was as follows:

| | Beginning Balance (as restated) | Increases | Decreases | Ending Balance | Amounts Due Within One Year |

Compensated absences and the implicit total OPEB liability are paid by the fund and department that employs the personnel. Net pension liabilities related to General Fund and Health Department Fund employees are paid out of the Illinois Municipal Retirement Fund and Health Department IMRF Fund, respectively. Net pension liabilities for other employees are paid by the fund and department that employs the personnel.

The County is subject to the Illinois Municipal Code, which limits the amount of certain indebtedness to 5.75% of the most recent available equalized assessed valuation of the County. As of November 30, 2018, the statutory debt limit for the County was \$2,199,258,693, providing a debt margin of \$2,166,168,693.

General Obligation Debt

All general obligation notes and bonds payable and debt certificates are backed by the full faith and credit of the County. The bonds in the governmental funds are paid by future property tax levies or state shared sales tax revenues designated for debt service. The debt certificates are paid by lease payments from DuPage Public Safety Communications.

Included in general obligation debt is a special assessment bond issue, an installment contract, backed by the full faith and credit of the County. It is also backed by a commitment of certain net revenues derived from the operations of the County's Waterworks/Sewerage System. The special assessment debt is paid by a special service area local property tax levied on all property within the boundaries of the special service area.

Revenue Debt

Business-type activities revenue bonds are payable only from revenues derived from the operation of the Water and Sewerage System.

The Water and Sewerage System has pledged future net revenues to repay revenue bonds issued in April 25, 2012 and January 23, 2018. The bonds are payable solely from System-generated revenues and are payable through January 1, 2024. Annual principal and interest payments on the bonds are expected to require 4.00% of gross revenues. The total principal and interest remaining to be paid on the bonds is \$9,002,050. Principal and interest paid for the current year and total net revenues were \$1,605,416 and \$3,123,664, respectively.

On January 23, 2018, the System issued \$7,320,000 in revenue bonds with an average interest rate of 4.5% to perform a current refunding of \$7,235,000 of the outstanding Series 2008A and Series 2008B Revenue bonds with an average interest rate of 2.382%.

The System refunded the 2008A and 2008B Series bonds to reduce its total debt service payments over the next 6 years by \$447,402. This transaction resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$415,343.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

Revenue Debt (cont.)

On March 13, 2012, the County Board adopted a revenue bond ordinance authorizing and providing for the issuance of Water and Sewerage System Revenue Bonds, Series 2012. On November 28, 2017, the County Board adopted a revenue bond ordinance authorizing and providing for the issuance of Water and Sewer System Revenue Bonds, Series 2018. The 2012 and 2018 Ordinances required a "Revenue Fund" and various accounts within that fund to be established. The Ordinances' account structure is as follows:

<u>Operation and Maintenance Account</u> – An amount sufficient to make the amount then on deposit equal to 1/12th of the amount of current expenses budgeted for the current fiscal year.

<u>First Lien Interest Account</u> – An amount sufficient to cover interest becoming due on the next succeeding interest payment date on a monthly pro rata basis.

<u>First Lien Principal Account</u> – An amount sufficient to cover principal becoming due on the next succeeding principal payment date on a monthly pro rata basis.

<u>First Lien Bond Reserve Account</u> – An amount equal to the maximum annual debt service with respect to the 2008A and 2012 Revenue Bonds.

<u>Second Lien Interest Account</u> – An amount sufficient to cover interest becoming due on the next succeeding interest payment date on a monthly pro rata basis.

<u>Second Lien Principal Account</u> – An amount sufficient to cover principal becoming due on the next succeeding principal payment date on a monthly pro rata basis.

<u>Subordinated Indebtedness Account</u> – An amount sufficient to cover interest becoming due on the IEPA construction loan on the next succeeding interest payment date, and an amount sufficient to cover the principal of the loan coming due on the next succeeding principal maturity date.

<u>Depreciation Account</u> – An amount equal to the percentage of the Depreciation Funding Requirement as determined by the Superintendent of Public Works whenever the balance in said account is less than the Depreciation Funding Requirement.

<u>General Account</u> – All revenues remaining in the Revenue Fund after all required transfers are made to the respective accounts.

Deposits held in the Revenue Fund are required to be transferred, when available, to the established accounts in the above order. At November 30, 2018, all required balances were in accordance with the Ordinance.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

I. SPECIAL ITEMS

On June 4, 2018, the Water and Sewage System acquired the water distribution capital assets and assumed the water operations of the Highland Hills Sanitary District. The two entities were not included within the same financial reporting entity and the transfer of operations was performed due to the duplicative nature of services provided and potential operational cost savings. The net effect of this transaction increased net capital assets and special items by \$1,745,740.

J. COMPONENT UNIT - DUPAGE COUNTY AIRPORT AUTHORITY

This report contains the DuPage County Airport Authority (the Authority), which is included as a discretely presented component unit.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

a. Basis of Accounting/Measurement Focus

The Authority follows the full accrual basis of accounting and the flow of economic resources measurement focus.

b. Deposits and Investments

The Authority is authorized by State Statutes to make deposits with financial institutions and invest in securities similar to the County. See Note I.D.1.

At year end, the carrying amount of the Authority's deposits and investments were \$24,153,238, consisting of deposits with financial institutions.

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the Authority's deposits may not be returned to the Authority. The Authority's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Authority, and independent third party, or the Federal Reserve Bank. As of November 30, 2018, no deposits were exposed to custodial credit risk.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

J. Component Unit - DuPage County Airport Authority (cont.)

c. Capital Assets

Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Depreciation is calculated using the straight-line method over the following estimated useful lives:

| Buildings | 35 Years |
|---------------------------------|---------------|
| Building improvements | 10 - 20 Years |
| Land improvements | 10 - 20 Years |
| Equipment and vehicles | 3 - 10 Years |
| Runways, ramps and parking lots | 20 Years |
| Office and other equipment | 3 - 8 Years |

Capital asset activity for the year ended December 31, 2018, was as follows:

| | | Beginning Balance | Additions | Deletions | | Ending Balance |
|--|----|-------------------------|---------------------------|------------------------------|----|-------------------------|
| Capital assets not being depreciated Land Construction in progress Total Capital Assets Not Being | \$ | 71,996,590 1,362,142 | \$ 22,728 2,689,945 | \$ 3,074,916 1,661,230 | \$ | 68,944,402 2,390,857 |

d. Long-Term Obligations

| | Beginning Balance | I | ncreases | Decreases | Ending Balance | ounts Due ithin One Year |
|--|----------------------------|----|-------------|----------------------------------|-----------------------|------------------------------------|
| Net pension liability - IMRF Compensated absences | \$ 1,409,253 450,955 | \$ | ۔ 88,922 | \$ 1,409,253 <u>90,191</u> | \$ - 449,686 | \$ - 89,937 |
| Total Long-Term Liabilities | \$ 1,860,208 | \$ | 88,922 | \$ 1,499,444 | \$ 449,686 | \$ 89,937 |

The net pension liability for the IMRF plan is reported as a net pension asset as of December 31, 2018.

e. Employee Retirement System

The Authority contributes to the Illinois Municipal Retirement Fund (IMRF), an agent multi-employer public employee retirement system. See Note IV.A for plan description, benefits provided, actuarial assumptions.

Plan membership. At December 31, 2017, the measurement date, membership in the plan was as follows:

| Retirees and beneficiaries | 23 |
|---|----------|
| Inactive, non-retired members Active members | 56 66 |
| Total | 145 |

Contributions. As set by statute, Authority employees participating in IMRF are required to contribute 4.50% of their annual covered salary. The statute requires the Authority to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Authority's actuarially determined contribution rate for calendar year 2017 was 8.95% percent of annual covered payroll. The Authority also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of December 31, 2017, and the total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

J. Component Unit - DuPage County Airport Authority (cont.)

Discount rate. The discount rate used to measure the total pension liability for IMRF was 7.50%, the same as the prior year valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Authority contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability of the Authority calculated using the discount rate of 7.50% as well as what the net pension liability/(asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.50%) or 1 percentage point higher (8.50%) than the current rate:

| | _1% Decrease_ | | | Current iscount Rate | 1% Increase | | |
|--|---------------|---------------------------------------|----------|--|-------------|--|--|
| Total pension liability Plan fiduciary net pension Net pension liability/(asset) | \$ \$ | 19,702,961 17,904,597 1,798,364 | \$ \$ | 17,349,178 <u>17,904,597</u> (555,419) | \$ \$ | 15,429,529 <u>17,904,597</u> (2,475,068) | |

Changes in net pension liability/(asset). The Authority's changes in net pension liability/(asset) for the calendar year ended December 31, 2017 was as follows:

Increase (Decrease)

| | increase (Decrease) | | | | | | | |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

J. Component Unit - DuPage County Airport Authority (cont.)

Pension expense and deferred outflows of resources and deferred inflows of resources related to pensions. For the year ended December 31, 2018, the Authority recognized pension expense of \$764,568. The Authority reported deferred outflows and inflows of resources related to pension from the following sources:

| | Deferred Outflows of Resources | | | Deferred Inflows of Resources | | |
|--|--------------------------------------|------------------|----|-------------------------------------|--|--|
| Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings on pension | \$ | 51,621 72,231 | \$ | 459,701 407,189 | | |
| plan investments Contributions subsequent to the measurement date | | - 364,049 | | 672,770 | | |
| Total | \$ | 487,901 | \$ | 1,539,660 | | |

The amounts reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as reductions in the net pension liability (asset) for the year ending December 31, 2019. The remaining amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending December 31, | | Amount |
|------------------------------|-----------|--|

K. COMPONENT UNIT - DUPAGE COUNTY EMERGENCY TELEPHONE SYSTEM BOARD

This report contains the DuPage County Emergency Telephone System Board (ETSB), which is included as a component unit.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

a. Basis of Accounting/Measurement Focus

The ETSB follows the full accrual basis of accounting and the flow of economic resources measurement focus.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

K. COMPONENT UNIT - DUPAGE COUNTY EMERGENCY TELEPHONE SYSTEM BOARD (cont.)

b. Deposits and Investments

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposits.

The FDIC and collateral coverage applies to all ETSB accounts, and therefore, the amount of insured funds is not determinable for the Board alone.

| | Carrying Value | Statement Balances | Associated Risks |
|--|--------------------|-------------------------|--|
| Deposits | \$ 740,8 | 69 \$ 1,000,627 | Custodial credit risk |
| Money market mutual funds | 8,684,9 | 8,684,913 | 3 Credit risk, interest rate risk Custodial credit risk, interest |
| US agency securities - implicitly guaranteed | 4,213,5 | 4,213,554 | , |
| US Treasury securities | 1,295,5 | 12 1,295,512 | |
| Corporate bonds | 4,711,4 | 99 4,711,499 | |
| Total Deposits and Investments | <u>\$ 19,646,3</u> | 47 <u>\$ 19,906,105</u> | 5 |

ETSB categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

ETSB utilized the market valuation method for all recurring fair value measurements and investments were measured using the valuation inputs as follows:

| | | November 30, 2018 | | | | | | | | | |
|---|-------------------------|--------------------------|---------|--|---------|--|---|---|--|--|--|
| Investment Type | Investment Type Level 1 | | Level 2 | | Level 3 | | | Total | | | |

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

K. COMPONENT UNIT - DUPAGE COUNTY EMERGENCY TELEPHONE SYSTEM BOARD (cont.)

b. Deposits and Investments (cont.)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of November 30, 2018, the ETSB's investments were rated as follows:

| Investment Type | Standard & Poors | Moody's Investors Services |
|---|---------------------|----------------------------------|
| Corporate bonds Money market mutual funds | BBB+ to AA+ AAAm | A3 to Aaa Aaa-mf |
| US agency securities - implicitly guaranteed | AA+ | Aaa |

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

At November 30, 2018 the investment portfolio was concentrated as follows:

| lssuer | Investment Type | Percentage of Portfolio |
|---------------------------------------|--|----------------------------|
| Federal Home Loan Mortgage | U.S. agency securities - implicitly | |
| Corporation | implied | 7% |
| Federal National Mortgage Association | U.S. agency securities - implicitly implied | 15% |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

K. COMPONENT UNIT - DUPAGE COUNTY EMERGENCY TELEPHONE SYSTEM BOARD (cont.)

b. Deposits and Investments (cont.)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of November 30, 2018, the ETSB's investments were as follows:

| | | Maturity (In Years) | | | | | | | | | |
|--|------------------------|----------------------|---------------------|---------------------|---------------------|--|--|--|--|--|--|
| Investment Type | Fair Value | Less than 1 | 1 - 5 | 6 - 10 | More than 10 | | | | | | |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

K. COMPONENT UNIT - DUPAGE COUNTY EMERGENCY TELEPHONE SYSTEM BOARD (cont.)

d. Employee Retirement System

All eligible ETSB employees participate in the Illinois Municipal Retirement Fund (IMRF), an agent multiple employer public employee retirement system. ETSB employees are pooled with the employees of DuPage County for purposes of actuarial valuation. See Note IV.A for disclosures related to ETSB's participation in IMRF.

NOTE IV - OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

The County's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The County's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Plan description. The County participates in three benefit plans under IMRF. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount or 1/2 of the increase in the Consumer Price Index of the original pension amount.

Under the employer number within Regular IMRF, both the County and ETSB contribute to the plan. The Regular IMRF plan is considered to be an agent multiple-employer plan through which cost-sharing occurs between the County and ETSB.

Plan membership. At December 31, 2017, the measurement date, membership in the plan was as follows:

| | _Regular Plan_ | SLEP | ECO |
|-------------------------------|----------------|------|-----|
| Retirees and beneficiaries | 2,696 | 364 | 31 |
| Inactive, non-retired members | 2,253 | 68 | 12 |
| Active members | 2,340 | 405 | 11 |
| Total | 7,289 | 837 | 54 |

Contributions. As set by statute, county employees participating in the Regular, SLEP, and ECO plans are required to contribute 4.50%, 7.50%, and 7.50%, respectively, of their annual covered salary. The statute requires the County to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's actuarially determined contribution rates for calendar year 2017 were 11.73%, 25.51%, and 73.10%, respectively, of annual covered payroll for the Regular, SLEP, and ECO plans. The County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net pension liability/(asset). The net pension liabilities/(assets) were measured as of December 31, 2017, and the total pension liabilities used to calculate the net pension liabilities/(assets) were determined by an actuarial valuation as of that date.

Summary of significant accounting policies. For purposes of measuring the net pension liabilities/(assets), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Regular, SLEP, and ECO plans and additions to/deductions from the Regular, SLEP, and ECO plans fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Actuarial assumptions. The total pension liabilities for the Regular, SLEP, and ECO plans were determined by actuarial valuations performed as of December 31, 2017 using the following actuarial methods and assumptions:

| | Regular Plan | SLEP | ECO |
|--|--------------------------------------|--------------------------------------|--------------------------------------|
| Actuarial cost method Asset valuation method Actuarial assumptions | Entry Age Normal Market Value | Entry Age Normal Market Value | Entry Age Normal Market Value |
| Investment rate of return | 7.50% | 7.50% | 7.50% |
| Inflation | 3.50% | 3.50% | 3.50% |
| Salary increases | 3.39% to 14.25%, including inflation | 3.39% to 14.25%, including inflation | 3.39% to 14.25%, including inflation |
| Price inflation | 2.50% | 2.50% | 2.50% |

Mortality. For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Long-term expected real rate of return. The long-term expected rate of return on pension plan investments was determined using an asset allocation study in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

| | | Projected Returns/Risks | | | |
|------------------------|------------|-------------------------|-----------|--|--|
| | Target | One Year | Ten Year | | |
| Asset Class | Allocation | Arithmetic | Geometric | | |
| Equities | 37.00% | 8.30% | 6.85% | | |
| International equities | 18.00% | 8.45% | 6.75% | | |
| Fixed income | 28.00% | 3.05% | 3.00% | | |
| Real estate | 9.00% | 6.90% | 5.75% | | |
| Alternatives | 7.00% | | | | |
| Private equity | | 12.45% | 7.35% | | |
| Hedge funds | | 5.35% | 5.05% | | |
| Commodities | | 4.25% | 2.65% | | |
| Cash equivalents | 1.00% | 2.25% | 2.25% | | |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Discount rate. The discount rates used to measure the total pension liabilities for the Regular, SLEP, and ECO plans were 7.50%, 7.50%, and 7.50%, respectively. The discount rates calculated using the December 31, 2016 measurement date were 7.50%, 7.50%, and 7.44%. The projection of cash flows used to determine the discount rates assumed that member contributions will be made at the current contribution rates and that County contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rates. Based on those assumptions, the fiduciary net positions were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefits payments to determine the total pension liabilities.

Discount rate sensitivity. The following is a sensitivity analysis of the net pension liabilities/(assets) to changes in the discount rates. The table below presents net pension liabilities/(assets) of the County calculated using the discount rates of 7.50%, 7.50%, and 7.50%, respectively as well as what the net pension liabilities/(assets) would be if it were to be calculated using discount rates that are 1 percentage point lower (6.50% for Regular, 6.50% for SLEP, and 6.50% for ECO) or 1 percentage point higher (8.50% for Regular, 8.50% for SLEP, and 8.50% for ECO) than the current rates:

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Pension expense and deferred outflows of resources and deferred inflows of resources related to pensions. For the year ended November 30, 2018, the County recognized pension expense of \$27,697,118, \$17,338,980, and \$65,591 for the Regular, SLEP, and ECO plans, respectively. Pension expense recognized by the County and ETSB were \$44,986,182 and \$115,507, respectively. The County reported deferred outflows and inflows of resources related to pension from the following sources:

| | | Deferred Outflows of Resources | | Deferred Inflows of Resources |
|--|----|--------------------------------------|----|--------------------------------------|
| <i>Regular - County:</i> Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings on pension | \$ | 5,130,570 93,415 | \$ | 17,634,472 |
| plan investments Contributions subsequent to the measurement date | | - 14,643,832 | | 35,689,076 - |
| Total | \$ | 19,867,817 | \$ | 53,323,548 |
| <i>Regular - ETSB:</i> Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings on pension | \$ | 15,160 276 | \$ | - 52,107 |
| plan investments Contributions subsequent to the measurement date | | - 43,270 | | 105,456 - |
| Total | \$ | 58,706 | \$ | 157,563 |
| <i>Regular - Total:</i> Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings on pension | \$ | 5,145,730 93,691 | \$ | - 17,686,579 |
| plan investments Contributions subsequent to the measurement date | | ۔ 14,687,102 | | 35,794,532 |
| Total | \$ | 19,926,523 | \$ | 53,481,111 |
| <i>SLEP:</i> Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings on pension plan investments | \$ | 16,466,685 2,084,654 - | \$ | 4,715,317 4,130,104 16,434,858 |
| Contributions subsequent to the measurement date Total | \$ | <u>9,159,222</u> 27,710,561 | \$ | <u>-</u> 25,280,279 |
| | Ψ | 21,110,301 | ψ | 20,200,219 |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

| | Deferred Outflows of Resources | | | Deferred Inflows of Resources |
|---|--------------------------------------|--------------|----|-------------------------------------|
| <i>ECO:</i> Difference between expected and actual experience Assumption changes Net difference between projected and actual earnings on pension | \$ | - | \$ | 291,514 174,838 |
| plan investments Contributions subsequent to the measurement date | | - 695,948 | | 1,426,597 - |
| Total | \$ | 695,948 | \$ | 1,892,949 |

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liabilities/(assets) for the year ending November 30, 2019. The remaining amounts reported as deferred outflows and inflows of resources related to pensions (\$(48,241,690) for Regular, \$(6,728,940) for SLEP, and \$(1,892,949) for ECO) will be recognized in pension expense as follows:

| Regular Plan | | | | | | | |
|--------------------------------------|----|--|----|--|--|--|--|
| Year Ending November 30, | | County | | ETSB | Total | SLEP | ECO |
| 2019 2020 2021 2022 2023 | \$ | (7,841,857) (10,390,344) (15,038,247) (14,829,115) - | \$ | (23,172) (30,702) (44,436) (43,817) | \$ (7,865,029) (10,421,046) (15,082,683) (14,872,932) - | \$ 2,666,820 1,190,486 (5,167,562) (5,763,739) <u>345,055</u> | \$ (651,781) (236,747) (515,375) (489,046) |
| Total | \$ | (48,099,563) | \$ | (142,127) | \$ (48,241,690) | \$ (6,728,940) | \$ (1,892,949) |

B. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. The County purchases commercial insurance to provide coverage for losses from theft of, damage to, or destruction of assets and errors and omissions. However, other risks, such as healthcare, workers compensation, and general liability are accounted for and financed by the County in Employee Life/Health Insurance Fund (an internal service fund) and the Tort Liability Insurance Fund (a special revenue fund).

Self Insurance

For general liability and workers compensation claims, the County has purchased commercial insurance for claims in excess of premium based policy limits Workers' compensation and general liability claims are paid out of the Tort Liability Insurance Fund. Settled claims have not exceeded the commercial coverage in any of the past three years.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

B. RISK MANAGEMENT (cont.)

Self Insurance (cont.)

For health insurance claims, the uninsured risk of loss is \$100,000 per incident for a policy year. The County has purchased commercial insurance for claims in excess of those amounts. The County has established the Employee Life/Health Insurance Fund to account for health insurance claims. Settled claims have not exceeded the commercial coverage in any of the past four years.

All funds of the County participate in the risk management program. Amounts payable to the Employee Life/Health Insurance Fund are based on actuarial estimates of the amounts necessary to pay prior and current year claims and to establish a reserve for catastrophic losses. The Tort Liability Insurance Fund is supported primarily through property taxes.

A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimable. Liabilities include an amount for claims that have been incurred but not reported. The County does not allocate overhead costs or other nonincremental costs to the claims liability.

For all insured programs, there have been no significant reductions in coverage.

Claims Liability

| Unpaid claims - November 30, 2018 | \$ 1,067,352 | \$ | 2,196,349 | \$ 3,263,701 |

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

C. COMMITMENTS AND CONTINGENCIES (cont.)

From time to time, the County is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the County attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the County's financial position or results of operations.

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

At November 30, 2018, the County had entered into various contracts for road construction and repair, facilities management, and stormwater related construction in the amount of \$60,968,873. Total costs incurred to date on these contracts were \$52,045,026, leaving a remaining contractual commitment of \$8,923,847. The road construction and repair contracts are accounted for in various special revenue and capital projects funds. The facilities management construction contracts are accounted for in the General Fund. The stormwater related construction contracts are accounted for in the Stormwater Management Fund. Work that has been completed on these projects but not yet paid for (including contract retainages) is reflected as accounts payable and expenditures.

D. OTHER POSTEMPLOYMENT BENEFITS

Plan description. The County's cost-sharing defined benefit OPEB plan, the Retiree Healthcare Plan, provides group health insurance plan coverage to active employees and retirees (or other qualified terminated employees) at blended premium rates. The plan is funded on a pay-as-you-go basis and no assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Contributions and benefits provided. DuPage County provides continuing healthcare and life insurance benefits for retirees and their dependents. Benefit provisions and contribution requirements are governed and may be amended through the County's personnel manual and union contracts. The plan provides coverage to active employees and retirees at blended premium rates, resulting in an other postemployment benefit for retirees, commonly referred to as an implicit rate subsidy. Retired employees are required to pay 100% of the premiums for such coverage. Additionally, the plan provides an explicit premium subsidy to certain employees who meet eligibility conditions and other coverage to certain employees as a function of their early retirement agreements.

Employees covered by benefit terms. At November 30, 2017, the actuarial valuation date, the following employees were covered by the benefit terms:

| Inactive plan members or beneficiaries currently receiving benefit payments | 165 |
|---|-------|
| Active plan members | 2,524 |
| Total | 2,689 |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Total OPEB liability. At November 30, 2018, the County reported a liability for its proportionate share of the total OPEB liability of \$10,558,402 and ETSB reported a liability for its proportionate share of the total OPEB liability of \$35,592. The total liability was measured as of November 30, 2018, and was determined by an actuarial valuation as of November 30, 2017. The proportions of the total OPEB liability were based on the share of OPEB cost between the County and ETSB, as determined by the independent actuary, for the measurement year ended November 30, 2018. At November 30, 2018, the County and ETSB's proportions were 99.66% and 0.34%, respectively.

Actuarial assumptions and other inputs. The total OPEB liability in the November 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.00% |
|--|---|
| Health care participation rate | 30% for currently participating employees; 10% for currently waiving employees |
| Healthcare cost trend rates | Initial rate of 6.50%, grading down to the ultimate trend rate of 5.00% in 2025 |
| Retirees' share of benefit-related costs | 100% |

The discount rate was based on the High Quality 20 Year Tax-Exempt G.O. Bond rate.

Mortality rates were based on the RP-2014 Study, with rates improved generationally using MP-2017 Improvement Rates.

The actuarial assumptions used in the November 30, 2018 valuation were based on the results of an actuarial experience study conducted by the independent actuary.

Discount rate. At November 30, 2018, the discount rate used to measure the total OPEB liability was a blended rate of 4.22%, which was a change from the November 30, 2017 rate of 3.59%. Since the plan is financed on a pay-as-you-go basis, the discount rate is based on the 20-year general obligation bond index.

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Changes in the total OPEB liability.

| | County | | ETSB | Total | | |
|--|--------|-------------------------|-------------------------|-------|-------------------------|--|
| Balances at November 30, 2017 Service cost | \$ | 11,107,756 349,083 | \$ 37,444 1,177 | \$ | 11,145,200 350,260 | |
| Interest on total OPEB liability Changes in assumptions | | 384,189 (470,349) | 1,295 (1,586) | | 385,484 (471,935) | |
| Benefit payments Balances at November 30, 2018 | \$ | (812,277) 10,558,402 | \$ (2,738) 35,592 | \$ | (815,015) 10,593,994 | |

Changes of assumptions reflect a change in the discount rate from 3.59% at the beginning of the year to 4.22% at the end of the year.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.22%) or 1-percentage-point higher (5.22%) than the current discount rate:

| | 1% Decrease (3.22%) | | Discount Rate (4.22%) | | 1% Increase (5.22%) | |
|--|------------------------|-----------------------------|--------------------------|-----------------------------|------------------------|----------------------------|
| Total OPEB liability - County Total OPEB liability - ETSB | \$ | 11,316,451 <u>38,147</u> | \$ | 10,558,402 <u>35,592</u> | \$ | 9,862,432 <u>33,246</u> |
| Total OPEB liability - Total | \$ | 11,354,598 | \$ | 10,593,994 | \$ | 9,895,678 |

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (5.50% decreasing to 4.00%) or 1-percentage-point higher (7.50% decreasing to 6.00%) than the current healthcare cost trend rates:

| | 1% Decrease (5.50% Decreasing to 4.00%) | | | althcare Cost rend Rates (6.50% ecreasing to 5.00%) | 1% Increase (7.50% Decreasing to 6.00%) | |

| Total OPEB liability - Total | \$ | 9,617,155 | \$ | 10,593,994 | \$ | 11,724,717 |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

OPEB expense and deferred outflows of resources and deferred inflows of resources related to **OPEB**. For the year ended November 30, 2018, the County and ETSB recognized OPEB expense of \$686,118. At November 30, 2018, the County and ETSB reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|---|---|
| <i>County:</i> Changes of assumptions | <u>\$</u> | <u>\$ 420,890</u> |
| Total | <u>\$</u> | \$ 420,890 |
| <i>ETSB:</i> Changes of assumptions | <u>\$ </u> | <u>\$ </u> |
| Total | <u>\$ </u> | \$ 1,419 |
| <i>Total:</i> Changes of assumptions | <u>\$</u> | <u>\$ 422,309</u> |
| Total | <u>\$</u> | \$ 422,309 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year Ended November 30: | County | | ETSB | | Total |
|--|---|----|--|----|---|
| 2019 2020 2021 2022 2023 Thereafter | \$ (49,459) (49,459) (49,459) (49,459) (49,459) (173,595) | \$ | (167) (167) (167) (167) (167) (584) | \$ | (49,626) (49,626) (49,626) (49,626) (49,626) (174,179) |

Notes to Financial Statements As of and for the Year Ended November 30, 2018

NOTE IV - OTHER INFORMATION (cont.)

E. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- Statement No. 83, Certain Asset Retirement Obligations
- Statement No. 84, *Fiduciary Activities*
- Statement No. 87, *Leases*
- Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements
- Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- Statement No. 90, *Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61*

When they become effective, application of these standards may restate portions of these financial statements.

Notes to Schedule:

The County implemented GASB Statement No. 68 in fiscal year 2015. Information prior to fiscal year 2015 is not available.

Valuation date:

Actuarially determined contribution rates are calculated as of December 31 each year, which is 11 months prior to the beginning of the fiscal year in which contributions are reported. The information presented is the most current available.

Methods and assumptions used to determine contribution rates:

| Actuarial cost method | Entry age normal |
|-------------------------------|--|
| Amortization method | Level percentage of payroll, closed |
| Remaining amortization period | 26 years |
| Asset valuation method | 5-Year smoothed market |
| Inflation | 2.75% |
| Salary increases | 3.75% to 14.50% including inflation |
| Investment rate of return | 7.50% |
| Retirement Age | Experience-based table of rates that are specific to the type of eligibility condition |
| Mortality | RP-2014 CHBCA |
| | |

Other information:

There were no benefit changes during the year.

See independent auditors' report and accompanying notes to required supplementary information.

Notes to Required Supplementary Information For the Year Ended November 30, 2018

BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Budget amounts are as originally adopted by the County Board. All annual appropriations lapse at fiscal year end.

Prior to November 30, County management submits to the County Board a proposed operating budget for the fiscal year commencing December 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted to obtain taxpayer comments. Prior to November 30, the budget is legally enacted through passage of an ordinance. Formal budgetary integration is employed as a management control device during the year of all governmental funds, except those without a budget as identified below.

The County is authorized to change budgeted amounts within any fund; however, revision must be approved by two-thirds of the members of the County Board. No revisions can be made increasing the budget unless funding is available for the purpose of the revision. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the appropriation level. The appropriated budget is prepared by fund, function, and department. County management is authorized to transfer budget amounts between objects within an appropriation; however, the County Board must approve any budget transfers between appropriations, departments, or funds.

Budgets were approved for all governmental funds except for the Wetland Mitigation Fund, Child Support Maintenance Fund, Federal Drug S.A. 1417 Fund, State Fund S.A. 1418 Fund, Money Laundering Forfeitures Fund, Environment Related Public Works Project Fund, 2009 General Obligation Bonds - Special Service Area #34 Project Fund, 2011 Drainage Bond Project Fund, and Special Service Area #38 Nelson Highview Fund.

Additionally, the Health Department budget does not include non-cash support in the form of vaccines.

BUDGET RECONCILIATIONS

| | Revenues | E | Expenditures |
|--|------------------|----|--------------|
| Health Department Fund Budgetary Basis | \$ 41,777,555 | \$ | 38,140,041 |
| To adjust revenues for vaccines | 516,092 | | - |
| To adjust expenditures for vaccines | - | | 514,664 |
| Health Department Fund GAAP Basis | \$ 42,293,647 | \$ | 38,654,705 |

SUPPLEMENTARY INFORMATION

As of and for the Year Ended November 30, 2018

GENERAL FUND

The General Fund is the County's main operating fund and primary funding source for various County functions. It was established to account for general undesignated revenue such as sales taxes; income taxes; a portion of the property tax levy; and certain fees, fines, charges, and reimbursements. These revenues do not have specific purposes as to their use.

The General Fund was also established to fund the following functions: public safety and criminal justice; community and human services; and general government functions such as the recording of real estate, collecting taxes, assessing property taxes, and supporting various agencies.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Budgeted Funds Only

Health Department Illinois Municipal Retirement (IMRF) – This fund was established to account for restricted revenues used for payment of the Health Department's contribution to the Illinois Municipal Retirement Fund.

Health Department Federal Insurance Contributions Act (FICA) – This fund was established to account for payments required by law under the Federal Insurance Contributions Act that are made to the Federal Government for the Social Security and Medicare programs.

Illinois Municipal Retirement (IMRF) – This fund was established to account for restricted revenues used for payment of the County's contribution to the Illinois Municipal Retirement Fund.

Social Security – This fund was established to account for payments required by law under the Federal Insurance Contributions Act that are made to the Federal Government for the Social Security and Medicare programs.

Tort Liability Insurance – This fund was established to account for property tax revenues and General Fund subsidies restricted for payment of worker's compensation and liability insurance related expenses.

Stormwater Management – This fund was established to account for property tax revenues, stormwater permit fee revenues, and General Fund subsidies, all of which are restricted for payment of expenses incurred for the development and implementation of stormwater drainage programs. The legislative-approved levies protect County residents from major flooding problems.

Court Document Storage – This fund was established to account for court document storage fees assessed for court document imaging and technology-related expenses incurred to maintain a high degree of accuracy, timeliness, and completeness of court electronic records, and all e-records maintained by the clerk.

Crime Laboratory – This fund was established by Illinois State Statute to account for criminal laboratory analysis fees levied by the court and charged to offenders. The fees are collected by the Clerk of the Circuit Court and remitted to the Crime Lab. This fund was also established to account for expenses incurred to process lab reports and for general operating expenses of the Sheriff's Crime Lab.

County Clerk Document Storage – This fund was established to account for special fees charged for certified copies of vital records and to account for expenses incurred for equipment, material, and necessary items for implementation and maintenance of the County Clerk's document storage system.

Arrestee's Medical Cost – This fund was established to account for fees assessed on criminal cases for which there was a guilty verdict and reimbursements made to the County Sheriff's Department for medical costs incurred for inmates housed in the County Jail.

Children's Waiting Room – This fund was established pursuant to Ordinance OJU-001-98 to account for filing fees collected on civil cases. The fees are used to provide a healthy, safe, and well-supervised environment for children of citizens who are taking care of business in the County Courthouse.

As of and for the Year Ended November 30, 2018

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Budgeted Funds Only

Stormwater Variance – This fund was established to account for fees assessed with a fee-in-lieu of required site runoff volume under the DuPage County County-wide Stormwater and Flood Plain Ordinance and expenses incurred to enhance existing site runoff storage facilities, construct off-site facilities, and their related components; provide maintenance of Stormwater facilities, or undertake other development that provides a watershed benefit.

Recorder Geographic Information Systems (G.I.S.) – This fund was established to account for additional fees charged on a per recorded document basis and costs incurred to maintain the technology and resources required for G.I.S. development and maintenance.

Geographic Information Systems (G.I.S.) – This fund was established to account for service fees assessed for assistance provided to County departments and agencies in the studying of existing business processes and the re-engineering of workflows to improve and enhance public services via integration of spatial technologies. This fund was also established to account for equipment and personnel expenses incurred to implement and maintain the Geographic Information System.

Sheriff's Basic Correctional Officers Academy – This fund was established, in accordance with the Illinois Police Training Act, to account for reimbursements from the University of Illinois, on behalf of the Police Training Institute and State of Illinois, for expenses incurred to professionally train correctional officers. The Academy is an affiliate of the University of Illinois Police Training Institute, a partner of the Illinois Law Enforcement Training and Standards Board.

Building, Zoning, and Planning – This fund was established to account for revenues and expenses related to the regulating and monitoring of new construction, and remodeling of existing structures in unincorporated DuPage County. Revenues are earned via building permits, building inspections, and enforcement of adopted building codes and ordinances. This fund was also established to account for revenues earned and expenses incurred for disposing of waste responsibly, increasing recycling rates, improving sustainability efforts, and overseeing enforcement of environmental laws.

Neutral Site Custody Exchange – This fund was established to account for special fees collected by the Clerk of the Circuit Court and expenses incurred for operating a facility that provides neutral and transitional exchange services that allow children to transition with less stress.

Sheriff Police Vehicle – This fund was established by Illinois State Statute to account for court-levied fines imposed on offenders of certain criminal offenses. The fines are collected by the Clerk of the Circuit Court and remitted to the Sheriff Police Vehicle Fund. This fund was also established to account for purchase and maintenance expenses of sheriff police vehicles.

Office of Homeland Security and Emergency Management (OHSEM) Community Education and Volunteer Outreach Program – This fund was established to account for fees received and expenses incurred for OHSEM's annual Advanced Severe Weather Seminar and quarterly meetings of DuPage County Emergency Management Coordinators.

DuPage Care Center Foundation Funded Projects – This fund was established to account for funds received and spent for capital asset construction or improvement projects at the DuPage Care Center.

As of and for the Year Ended November 30, 2018

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Budgeted Funds Only

Coroner's Fee – This fund was established to account for fees collected by, or on behalf of, the Coroner's Office to be used for purchases and maintenance of electronic and forensic identification equipment, for purchases of related supplies, and for general operating expenses of the Coroner's Office.

Circuit Court Clerk Operations and Administration – This fund was established to account for court supervision fees allocated to the Circuit Court Clerk to be used for general operating expenses of the Circuit Court Clerk Office.

Juvenile Transportation – This fund was established to account for property tax revenues and state salary reimbursements to fund costs incurred to provide 24/7 intake screening to determine if delinquent minors need to be securely detained, to provide detained minors transportation to court, and to act as an advocate for residents who are detained under the authority of our jurisdiction.

Drug Court and Mental Illness Court Alternative Program (MICAP) – This fund was established to account for state salary reimbursements and fees imposed on defendants who have been convicted, or granted supervision, in a criminal case. This fund was also established to account for expenses incurred to provide judicial monitoring and secure professional services for substance abuse and mental health needs.

Local Gasoline Tax – This fund was established to account for revenue received for the County's local gasoline tax, highway permit fees, and construction cost reimbursements. This fund was also established to account for expenses incurred for general operations of the department; road, bridge, and trail construction, repair, safety; and engineering and land acquisition needs related to capital improvements.

Motor Fuel Tax – This fund was established to account for revenue received for local distribution of the State motor fuel tax and construction cost reimbursements. This fund was also established to account for expenses incurred for road and bridge construction, repair, and safety; and engineering and land acquisition needs related to capital improvements.

Animal Care and Control– This fund was established to account for various fees assessed to promote harmonious relationships among humans and animals and to account for expenses incurred to operate and maintain the animal shelter and provide medical, cleaning, and other professional services to the animals.

Law Library – This fund was established to account for filing fees and copier usage fees received and expenses incurred to provide legal information services to all licensed attorneys, judges, and other public officers of the County, as well as to all members of the public, in accordance with Illinois State Statute.

Probation and Court Services – This fund was established to account for court-imposed fees on offenders who are on probation and expenses incurred to assist the court in achieving increased public safety and offender rehabilitation, provide complete and accurate reports to the court, and enforce court-ordered conditions.

Tax Sale Automation – This fund was established to account for a special fee assessed on purchases of property being sold due to delinquent taxes and costs incurred related solely to the automation of property tax collections and/or delinquent property tax sales.

As of and for the Year Ended November 30, 2018

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Budgeted Funds Only

Recorder Document Storage – This fund was established to account for assessed recording fees and a portion of the expenses incurred to operate and maintain the public land records system.

Court Automation – This fund was established to account for special court fees assessed and expenses incurred to support and maintain the computer hardware and software used by the Clerk, Court, and other justice agencies.

Wetland Mitigation Banks– This fund was established to account for application fees received for permitted wetland impacts and expenses incurred to accommodate the mitigation of designated wetland property supplanted by development under the DuPage County Countywide Stormwater and Floodplain Ordinance.

West Branch Wetland Mitigation Bank/Danada Wetland Mitigation Bank/Dunham Wetland Mitigation Bank/Oak Meadows Wetland Mitigation Bank – These funds were established to account for the costs of construction and maintenance of these new wetlands to offset development per the Stormwater Ordinance and federal 'no net loss' goals, as needed.

Township Project Reimbursement – This fund was established to account for costs related to township road projects managed by the County. Townships enter into intergovernmental agreements giving the County the authority to oversee and complete a project. The townships reimburse the County for all project costs incurred.

Century Hill Light Service Area – This fund was established to account for property tax revenues received and expenses incurred to maintain, repair, and replace existing street lights within the Century Hill Light Service Area.

State's Attorney Records Automation – This fund was established to account for administrative fees received and expenses incurred to purchase, set up, and maintain an automated record keeping and document management system. These costs include the related hardware, software, and research and development.

Circuit Court Clerk Electronic Citation – This fund was established to account for e-citation fees received for traffic citations issued and expenses incurred for equipment needs and support for the development of necessary application modifications, as well as technical and end-users.

Water Quality BMP in Lieu – This fund was established to account for assessed fees-in-lieu of providing post construction best management practices under the DuPage County Countywide Stormwater and Floodplain Ordinance. This fund was also established to account for expenses incurred for the design, construction, and maintenance of water quality or runoff volume reduction improvements.

U.S. Department of Energy – This fund was established to account for funds received directly from the Federal Government and spent on Weatherization Assistance for Low-Income Persons Program Grants, which focus on improving home energy efficiency for low-income families through the most cost-effective measures possible.

As of and for the Year Ended November 30, 2018

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Budgeted Funds Only

NONMAJOR GOVERNMENTAL FUNDS

Debt Service Funds

Budgeted Funds Only

Special Assessment Debt – Water/Sewer System Projects - This fund was established to account for pledged property tax revenue and the payment of principal, interest, fiscal agent fees, and other costs on the Special Service Area (SSA) Bonds for which the County is obligated in some manner. The bonds were issued to finance various water/sewer system projects within local tax districts. The local property taxes, while limited to property within the SSA, are unlimited as to rate and amount and are in addition to any other taxes levied against property within the SSA.

1993 General Obligation Refunding Bonds – Jail Project (Alternate Revenue Source) - This fund was established to account for pledged sales tax revenue and payment of principal and interest on the General Obligation Refunding Bonds. These bonds were issued to do an advance refunding of the outstanding General Obligation Bonds (Alternate Revenue Source – Jail Project) that were issued in 1991.

1993 General Obligation Refunding Bonds – Stormwater Project (Alternate Revenue Source) - This fund was established to account for pledged Stormwater Management property tax revenue and payment of principal and interest on the General Obligation Refunding Bonds. The bonds were issued to do an advance refunding of the outstanding General Obligation Bonds (Alternate Revenue Source – Stormwater Project) that were issued in 1991.

2010 A&B Taxable General Obligation Bonds (Alternate Revenue Source – Recovery Zone Economic Development Bonds and Build America Bonds-Direct Payment) – This fund was established to account for pledged sales tax revenue and payment of principal, interest, and fiscal agent fees on the Taxable General Obligation Bonds. The bonds were issued to finance a portion of the acquisition, construction, and installation costs of various improvement projects throughout the County.

2011 General Obligation Refunding Bonds – Drainage Project (Alternate Revenue Source) - This fund was established to account for pledged sales tax revenue and payment of principal, interest, and fiscal agent fees on the General Obligation Refunding Bonds. The bonds were issued to do a current refunding of the outstanding General Obligation (Alternate) Bonds, Series 2011 that were issued to finance a portion of the acquisition, construction, and rehabilitation costs of various drainage improvement projects in unincorporated areas in the County.

2015A Transportation Revenue Refunding Bonds - This fund was established to account for pledged motor fuel and local gas tax revenue; payment of principal, interest, and fiscal agent fees on the Transportation Revenue Refunding Bonds; and transfer of excess funds to the Motor Fuel and/or Local Gas Tax Fund. The bonds were issued to do a current refunding of the outstanding Transportation Revenue Refunding Bonds, Series 2005.

2015B General Obligation Refunding Bonds – Drainage Project (Alternate Revenue Source) - This fund was established to account for pledged sales tax revenue and payment of principal, interest, and fiscal agent fees on the General Obligation Refunding Bonds. The bonds were issued to do a current refunding of the outstanding General Obligation (Alternate Revenue Source – Drainage Project) Refunding Bonds, Series 2005.

As of and for the Year Ended November 30, 2018

NONMAJOR GOVERNMENTAL FUNDS

Debt Service Funds

Budgeted Funds Only

2016 General Obligation Refunding Bonds – Stormwater Project (Alternate Revenue Source) – This fund was established to account for pledged Stormwater Management property tax revenue and payment of principal, interest, and fiscal agent fees on the General Obligation Refunding Bonds. The bonds were issued to do a current refunding of the outstanding General Obligation Refunding Bonds (Alternate Revenue Source – Stormwater Project), Series 2006.

2016 General Obligation Refunding Bonds - Courthouse Project (Limited Tax) - This fund was established to account for pledged property tax revenue and payment of principal and interest on the General Obligation Refunding Bonds. The bonds were issued to do a current refunding of the outstanding Limited Tax General Obligation Refunding Bonds (Courthouse Project), Series 2006.

2017 General Obligation Debt Certificates – This fund was established to account for lease payments and various cost reimbursements from DuPage Public Safety Communications (DU-COMM) and payment of principal and interest on the General Obligation Debt Certificates. The bonds were issued to finance a portion of the construction and equipment costs of the new 9-1-1 facility.

2009 General Obligation Bonds – Special Service Area #34 Project (Limited Tax Certificates of Indebtedness – Hobson Valley) This fund was established to account for pledged local property tax revenue and payment of principal, interest, and fiscal agent fees on the General Obligation Bonds. The bonds were issued to finance the construction, operation, and installation of a water supply system in Hobson Valley-Special Service Area #34. (Budget accounted for in - Special Assessment Debt – Water/Sewer System Projects)

NONMAJOR GOVERNMENTAL FUNDS

Capital Projects Funds

Budgeted Funds Only

2010 Taxable General Obligation Bond Projects Fund – This fund was established to account for the proceeds received from the sale of the 2010 A & B Taxable General Obligation Bonds and expenditures made for various Transportation, County Campus Infrastructure, and Information Technology Improvement Projects.

Highway Impact Fees Administration – This fund was established to account for County-assessed highway fees received and expenditures made for administrative costs of construction and maintenance of highways, sidewalks, and paths.

Highway Impact Fee Service Areas 1 through 9 – These funds were established to account for County assessed highway fees received and expenditures made for improvements and/or expansion of the transportation infrastructure within the service areas

County Infrastructure – This fund was established to account for subsidies received from the General Fund, as determined by the County Board, and expenses incurred on County Infrastructure projects for Transportation, Drainage Construction, Facilities Management, Information Technology, and/or Security.

Du-Comm Construction Project – The Du-Comm construction project is a joint project between the DuPage County Emergency Telephone System Board and DuPage Public Safety Communications (Du-Comm). This fund was established to account for the bond proceeds received from the sale of the 2017 General Obligation Debt Certificates, construction cost reimbursements from Du-Comm, and costs incurred on the construction of the new 9-1-1 facility located on the County's campus.

Special Service Area #35 Lakes of Royce Renaissance – This fund was established to account for costs incurred on the construction of a new public water system in the special service area.

Health Department Infrastructure – This fund was established to account for the funding and costs incurred on capital projects. The Board of Health determines the capital projects needed to preserve, build, or improve the Health Department's infrastructure.

AGENCY FUNDS

COUNTY COLLECTOR

General– This fund was established to account for the collection and distribution of real estate taxes for the various taxing bodies within the County.

Bankruptcy Escrow – This fund was established to account for monies set aside for payment of taxes due from parties that have filed for bankruptcy.

COUNTY TREASURER

Escrow – This fund was established to account for monies placed in escrow, via court order, in probate cases when an heir is unknown or cannot be found.

Township Projects – This fund was established to account for receipt and disbursement of township Motor Fuel Tax monies.

Condemnation – This fund was established to hold monies, via court order, which represents compensation due to the property owner for pending resolution of condemnation proceedings.

Employee's Special Wage Deduction – This fund was established to account for receipt and disbursement of withholdings to satisfy wage summons.

Sale in Error Interest – This fund was established to provide a mechanism to pay accrued interest charges payable on tax sales made in error. An annual tax sales fee finances this fund.

Domestic Relations Legal – This fund was established to account for receipt and disbursement of a special fee to assist indigent individuals in domestic relations matters. The administration of this fund is under the jurisdiction of the Chief Judge of the Judicial Circuit.

Kogen Trust Agreement – This fund was established to account for a previous escrow deposit related to the Kogen Trust and various other parties.

Local Law Drug Enforcement – This fund was established to account for the receipt and disbursement of funds received from fines assessed by the courts on adjudicated drug cases to be used by the Sheriff for drug enforcement purposes other than salaries.

CLERK OF THE CIRCUIT COURT

Criminal Traffic – This fund was established to account for receipt and disbursement of fees collected in criminal traffic cases.

Bond – This fund was established to account for collection and subsequent refund, or forfeit, of bonds posted with the Court.

Civil Fee – This fund was established to account for civil fees collected and expended separate from criminal fees.

Investment – This fund was established to account for amounts temporarily transferred from the above Clerk of the Circuit Court Agency funds that can be invested.

As of and for the Year Ended November 30, 2018

AGENCY FUNDS

COUNTY SHERIFF

Chancery Sales – This fund was established to account for transactions relating to the Sheriff's Office sale of foreclosed properties.

Commissary – This fund was established to account for profits earned on jail commissary transactions that are used for inmate welfare purposes.

Inmate Special – This fund was established to account for the total of all transactions in accounts held for each inmate.

Arson Task Force – This fund was established to account for receipts and expenditures of monies by the Arson Task Force developed by municipalities to mutually assist in arson-related matters.

Investigative – This fund was established to account for transactions relating to the Sheriff's Office investigations requiring monies in advance.

Federal Law Enforcement Treasury – This fund was established to account for transactions relating to drug enforcement expenditures in coordination with federal agencies. Funding is provided by court order pursuant to drug cases.

Drug Traffic Prevention (State) – This fund was established to account for transactions relating to drug enforcement expenditures in coordination with state agencies. Funding is provided by court order pursuant to drug cases.

Sheriff's Administrative – This special Sheriff's fund was established to account for transactions that require advanced funding. The funds are then subsequently reimbursed.

Federal Drug Traffic Seizure – This fund was established to account for collection and disbursement of legally seized funds. The funds are used for narcotic investigations, drug prevention, drug education and training as directed by Federal statutes.

Sex Offender – This fund was established to account for collection of annual statutory registration fees paid by registered convicted sex offenders residing in the County.

Extradition – This fund was established to account for transactions relating to transportation provided by the Sheriff's Office to prisoners.

Chancery Surplus – This fund was established to account for funds from sales of homes that have been foreclosed. The funds may be distributed to the property owner, or to a party with a lien on the property.

Real Estate Personal Property Levy – This fund was established to account for transactions related to Levies (formerly Levy & Replevin) for the processing and sale of property.

Inmate Sedentary – This fund was established as a holding account for the personal funds of an inactive inmate that are to be picked up by the inmate. An inmate's personal funds are held when an inmate is released after bookkeeping hours.

Murder Violent Offender Against Youth – This fund was established to account for registration fees paid by violent sex offenders against youth. These fees are maintained separately from general sex offender fees and are used for programs to prevent murder violent.

Federal Law Enforcement Justice – This fund was established to account for awarded Federal Justice funds which are required to be used solely for law enforcement.

Money Laundering Seizure – This fund was established to account for money seized from investigations that relate to money laundering and awaiting disposition from the courts.

As of and for the Year Ended November 30, 2018

AGENCY FUNDS

OTHER AGENCY FUNDS

County Clerk – This fund was established to account for transactions relating to the redemption of delinquent tax sale payments.

State's Attorney – Tax and Investigative – This fund was established to account for transactions relating to State's Attorney investigations which require advance funding.

County Probation Department – This fund was established to account for transactions relating to amounts paid by offenders to their victims, as a condition of probation.

Care Center – Special – This fund was established to account for transactions within the clearing account used to split individual resident checks among multiple funds.

Care Center – Residents' Agency – This fund was established to account for resident assets that are in the custody of the Center. These assets are to be used for the residents' personal expenditures.

Care Center – Administrative – This fund was established to account for transactions occurring within the Care Center activity and donation accounts that are not a part of conventional Care Center governmental operations.

Special Service Area #32-Riviera Court/Special Service Area #33-Judith Court – These funds were established to account for all resources received and used for a water supply system to be constructed and installed within the special service areas.

Special Service Area #26-Bruce Lake/Special Service Area #25-Westlands/Special Service Area #19-Glen Ellyn Woods – These funds were established to account for local property taxes, and payment of principal, interest, and agent fees on the 2013 Special Service Area Refunding Bonds. The bonds were issued to finance the construction and installation of a sanitary sewer system within the special service areas, and to pay the bond issuance costs.

Special Service Area #38-Nelson Highview – This fund was established to account for local property taxes, and payment of principal, interest, and agent fees on the 2012 Special Service Area Bonds. The bonds were issued to finance the construction and installation of a sanitary sewer system within the special service area; fund a debt service reserve; and to pay the issuance costs.

Anti-Crime Contribution Committee – This fund is used to account for receipt of fees collected in criminal cases, and disbursed to approved, and established, local anti-crime programs.

Statistical Section Table of Contents November 30, 2018

The information in this section is not covered by the Independent Auditors' Report, but is presented as supplemental data for the benefit of the readers of the comprehensive annual financial report. The objectives of statistical section information are to provide financial statement users with additional historical perspective, context and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to better understand and assess DuPage County's overall financial health.

| <u>Contents</u> | <u>Page</u> |
|---|-------------|
| Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time. | 274 - 283 |
| Revenue Capacity | |
| These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax. | 284 - 300 |
| Debt Capacity | |
| These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future. | 301 - 308 |
| Demographic and Economic Information | |
| These schedules offer demographic and economic indicators to help the reader understand the environment within the County's financial activities take place. | 309 - 311 |
| Operating Information | |
| These schedules contain information about the County's service and resources to help the reader understand how the County's financial information relates to the services the Government provides and the activities it performs. | 312 - 315 |
| Required Information for Continuing Disclosure Undertaking | |
| These schedules contain information required for the Continuing Disclosure Undertaking related to the Water and Sewerage Revenue Bonds. | 316 - 317 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes:

1. Beginning in 2018, the County implemented GASB 75 which resulted in the recording of a OPEB expense.

2. Beginning in 2015, the County implemented GASB 68 which resulted in the recording of a pension expense.

3. 2009 amounts have been restated to reflect removal of ETSB as a blended component unit and to include two funds previously reported as agency funds.

- (a) Property values are assessed at 33 1/3% of estimated actual value.
- (b) Per \$100 of equalized assessed valuation. 'The Total Direct Tax Rates are applicable to the Tax Levy Year.
- **Note 1:** The County assesses property annually. Assessed value is net of tax exempt property.

Note 2: Taxes assessed and levied in the year indicated and collected in the subsequent year.

Note 1: The assessed valuation is an approximation based on the records maintained by DuPage County. Since most large taxpayers have numerous parcels of real property, it is possible to miss some valuations as well as some of the largest taxpayers.

Note 2: The total assessed value used for the year listed above (current fiscal collection year) can be found by obtaining the previous year's (levy year) total assessed value in the "Assessed Value and Estimated Actual Value of Taxable Property" schedule, I-5.

Note 1: This schedule does not include property taxes levied and collected within the Special Service Areas.

Note 2: Tax collections are shown net of any Court-ordered abatements.

Note 3: Tax extension amounts include any amounts added to the levy by the County Clerk to cover the loss and cost of collecting the tax in the case of bonded indebtedness, and for amounts levied for pension fund purposes. The tax extension is also based on the state-certified equalization factor to the appropriate assessed values, and a subtraction of any homestead exemptions.

(1) Taxes are levied and then collected in the subsequent year (these collections are current). Collections that occur after one year subsequent to the Tax Levy year are deemed "Non-current" and are displayed in this column.

- (1) PA95-0708 became law increasing sales tax to the County by .25 cents per dollar assessed on sales and services in DuPage County in 2008. The RTA sales tax revenue received in 2008 reflect eight months of RTA sales tax revenue.
- **Note 1:** Sales taxes in this schedule are shown on a modified accrual basis and are shown in the annual financial report on the General Fund Schedule of Revenues (C-3). A portion of sales taxes are recorded as revenue directly in the 2005, 2011, and 2015B G.O. Alternate Revenue Source Drainage Project debt service funds, along with the 2011 Drainage Bond Project Fund. The Unincorporated (CT) sales tax component includes local use tax revenue.
- Note 2: CT One percent of local portion of tax collections (unincorporated areas equivalent to 16 percent of tax collections).
- **Note 3:** CT Amounts above include both sales and local use taxes as it is presented on the General Fund Schedule of Revenues in the "Retailers Occupation Tax" revenue line.
- Note 4: CST Quarter percent of countywide portion of tax collections (equivalent to 4 percent of tax collections).

- (1) Population figures are obtained from the U.S. Census Bureau and are estimated as of every July 1, 20XX. The 2010 population is the official census number for DuPage County.
- (2) Included in Gross General Obligation Bonded Debt are the following: 1993 G.O. Refunding Bonds (Alternate Revenue Source Jail Project); 1993 G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project); G.O. (Alternate) Bonds Series 2001 (Drainage Project); G.O. (Alternate Revenue Source Stormwater Project) Series 2001; G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2001; G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2001; G.O. Refunding Bonds (Alternate Revenue Source Jail Project) Series 2002; G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2002; G.O. (Alternate Revenue Source Drainage Project) Refunding Bonds Series 2005; Limited Tax G.O. Bonds (Courthouse Project), Series 2006; G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2006; G.O. Limited Tax Certificates of Indebtedness, Series 2009; G.O. (Alternate Revenue Source), Series 2010; G.O. (Alternate Revenue Source) Series 2011; G.O. Refunding Bonds (Alternate Revenue Source), Series 2010; G.O. (Alternate Revenue Source) Series 2011; G.O. Refunding Bonds (Alternate Revenue Source), Series 2015; B.

For the year ending 11/30/2013, the G.O. (Alternate) Bonds Series 2001 (Drainage Project); the G.O. (Alternate Revenue Source - Stormwater Project) Series 2001; the G.O. Refunding Bonds (Alternate Revenue Source Jail Project Series 2002; and the G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2002 bonds have fully matured and are included above for prior years' reference. In June 2015, the G.O. (Alternate Revenue Source - Drainage Project) Refunding Bonds Series 2005 were refunded with the G.O. Refunding Bonds (Alternate Revenue Source), Series 2015B Bonds. In 2016, the Limited Tax G.O. Bonds (Courthouse Project), Series 2006 were fully refunded with the Limited Tax G.O. Refunding (Courthouse Project), Series 2016 Bonds; and the G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2006 bonds were fully refunded with the G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project) Series 2006 bonds were fully refunded with the G.O. Refunding Bonds (Alternate Revenue Source Stormwater Project), Series 2016 Bonds; and the G.O. Refunding Bonds (Alternate Revenue Source - Stormwater Project), Series 2006 bonds were fully refunded with the G.O. Refunding Bonds (Alternate Revenue Source - Stormwater Project), Series 2016 Bonds.

| Total Overlapping Debt | - | 13,358,248,939 | | 2,263,052,539 |
| Total Direct Debt and Overlapping Debt | | \$ 13,544,693,883 | | \$ 2,449,497,483 |

Note: Taxing districts are separate and distinct governmental entities where all, or a portion of the governmental entity lies within DuPage County.

- (1) Includes the City of Chicago (O'Hare Airport) for which a minor portion overlaps into DuPage County. The Chicago Park District and Chicago City Colleges taxing boundaries are coterminous with the City of Chicago.
- (2) Debt Percentage Applicable to County is calculated by applying the ratio of assessed value of the specific district to that portion which is in DuPage County. Percentages have been rounded to the nearest hundredth.
- (3) Represents direct debt for governmental activities, as reported by various governments. Overlapping governments without direct debt are not shown. Some data is an estimation and was compiled by a review of the bonded debt information filed with the DuPage County Clerk.
- **Source:** Information obtained from the DuPage County Clerk's Office.

Legal Debt Margin Information

Last Ten Fiscal Years

| | 2018 | 2017 | 2016 | 2015 |
|---|-------------------------|------------------|-------------------------|-------------------|
| Assessed value of property (2014 Assessment) | \$ 38,247,977,262 | \$36,179,309,823 | \$ 33,900,296,790 | \$ 32,504,572,590 |
| Debt limit - 5.75% of assessed value | 2,199,258,693 | 2,080,310,315 | 1,949,267,065 | 1,869,012,924 |
| Debt applicable to limit: Limited Tax General Obligation Bonds | 33,090,000 | 33,905,000 | 36,050,000 | 43,590,000 |

| Total Debt Applicable to the Limit as a Percentage of Debt Limit | 1.50% | 1.63% | 1.85% | 2.33% |

- **Note 1:** State statutes limit the County's outstanding general obligation debt to no more than 5.75 percent of the assessed value of property. Details regarding the County's outstanding debt can be found in the Notes to the Financial Statements. The legal debt margin is the County's available borrowing authority under State finance statutes and is calculated by subtracting the total debt applicable to the legal debt limit from the debt limit.
- **Note 2:** Only the Series 2016 Limited Tax General Obligation Bonds (Courthouse Annex) and Series 2009 General Obligation Bonds (SSA #34 Project) are funded by a tax levy, and therefore are subject to the legal debt margin. Prior to 2018, applicable debt did not include the 2009 General Obligation Bonds (SSA #34 Project).

- **Note 1:** Prior to 2018, the 2015A Transportation Revenue Refunding Bonds were classified on this schedule as revenue bonds in Governmental Activities. This bond is backed by the full faith and credit of the County, and, therefore, is properly classified as a general obligation bond. Amounts prior to 2018 have not been adjusted to reflect this change.
- **Note 2:** In 2018, \$3,287,189 of no-commitment special assessment debt was reclassified from long-term debt obligations to agency funds. The 2009 General Obligation Bonds (Special Service Area #34) is backed by the full faith and credit of the County, and, therefore, is properly classified as a general obligation bond. The amounts prior to 2018 have not been adjusted to reflect this change.

(1) In accordance with the 2018 refunding bond ordinance, gross revenues include all revenues available for debt service payments. Gross revenues include connection charges and capital contributions. In 2018, gross revenues also included special item - transfer of operations revenue.

(2) Operating expenses exclude depreciation, and amortization of bond discount and issuance costs, and fiscal agent fees.

(3) Coverage ratio is calculated by dividing net revenue available for debt service by the sum of interest payments and principal retirements.

- (1) Population figures are estimates obtained from the U.S. Census Bureau, except for 2010 which is the actual population as per the census. Estimates for 2006 through 2014 have been revised per the Census Bureau, the revisions are not reflective here.
- (2) Total Personal Income, and Per Capita Personal Income, and Per Capita Income (based on a four year average) information is obtained from the Bureau of Economic Analysis and U.S. Census Bureau. 2018 numbers are not available for the County as of May 2019.
- (3) Total Personal Income includes net earnings by place of residence; dividends, interest, and rent; and personal current transfer receipts received by the residents of DuPage.
- (4) PCPI is calculated as the total personal income of the residents of an area divided by the population of the area. Per capita personal income is often used as an indicator of consumers' purchasing power and of the economic well-being of the residents of an area.
- (5) Unemployment rate figures were obtained from the Illinois Department of Employment Security and are annual averages.

Note 1: Employee head counts are as of the fiscal year end.

Note 2: Prior to FY17 head count information includes full and part-time employees. It does not include temporary employees or employees on disability. Two part-time employees are considered one FTE employee. Starting in FY17 the headcount value represents full time employees only.

- **Note 3:** FTE numbers are not the total approved County's budgeted head count at the beginning of the year. The budgeted value may be slightly greater than what is shown here.
- **Note 4:** In Fiscal Year 2015 the function roll up for each department was re-assessed. Fiscal Year 2015 and beyond reflects changes made to department's functional group categorization.

¹ In billions

² In millions

³ Estimated from monthly amounts

⁴ In 2018, OHSEM changed metric focus from report numbers gathered to set data acquired from employee time logs. Metrics now reflects the department's previous indicators are retained for historical purposes only.

⁵ Psychological services were transferred to the Health Department in early 2018.

⁶ In 2013 Stormwater introduced General Certifications to reduce the regulatory burden of stormwater application and review for routine types of activities. The General Certifications, while still reviewed by regulatory staff, have switched many permit reviews from Stormwater Management to EDP's Regulatory Services.
⁷ Starting in 2014 information specifying total citations and DUI's processed were included.

^e In 2016, the DuPage County Office of Homeland Security & Emergency Management assimilated the Office of Risk and Emergency Management from the DuPage County Public Health Department. Operating indicators for 7 Units in operation are reflected as of 2016. EOC Activations are part of the Incident Reports Total.

⁹ In 2017 Animal Care and Control updated their indicators to reflect all animals transacting through the department.

¹⁰ Live Release Rate is calculated as [Positive Outcomes / (Positive Outcomes + Adjusted Total Euthanasia)]

¹¹ Stormwater removed Stream Maintenance Miles Completed and Cubic Yards of timbers removed in FY17, while adding Acres of Land Maintained, Floor Operations, outfalls monitored, Spill/IDDE Response and Flood Elevation Requests
