RE: Liberty Park Subdivision Water Improvement Project (East & West Phase)  
Project Update & Project Interest Survey

Dear Homeowner:

The Village of Westmont and DuPage County held a resident meeting on November 14, 2022 to present information regarding a Village of Westmont option to provide Lake Michigan water service to your subdivision. As outlined in this meeting, we are now surveying all homeowners within the two different project areas to determine if continued interest remains among the residents for receiving Village of Westmont water service.

The financial summary for the Westmont water service option has been included for your reference. This financial information represents a maximum overall project cost requirement with the associated yearly payments. Should the water projects proceed, any cost reductions and project savings would be passed directly to the residents in the form of reduced annual payments.

Enclosed please find the survey that has also been mailed to all homeowners within the Liberty Park Subdivision water improvement project areas. The overall results of this survey will be used to communicate your area's interest in the project to DuPage County and the Village of Westmont. Please complete and return your survey no later than January 4, 2023 so that we can present the results to our respective Committees and Boards.

It should be clearly noted that this survey is non-binding and will only be used to determine continued resident interest in a water service project within the Liberty Park Subdivision areas. If it is determined that a majority of resident interest exists for the projects, the Village and County may then proceed with the overall Special Service Area(s) formation process through the DuPage County Board. It should be understood that either the east or the west areas of the project may proceed independently, dependent upon the level of support from the residents.

Your input to this survey is an essential component of the overall process, therefore, we urge everyone to complete and return the survey to our department. Please feel free to contact Greg Phillips, Regulatory Manager, at (630) 407-6679 if you have any questions regarding this information.

Respectfully,

Nicholas W. Kottmeyer, P.E.  
Superintendent  
DuPage County Public Works

Stephan M. May, P.E., PTOE  
Village Manager  
Village of Westmont

**Liberty Park Subdivision Water Improvement Project**  
**Special Service Area Formation Vote**  
**December 2022 Homeowner Survey**

This survey is being sent to all property owners within the Liberty Park Subdivision to determine potential interest in receiving water utility service provided by the Village of Westmont. It should be clearly understood that this survey is non-binding; however, the results of this survey will be used to determine if the County will initiate the formation process for a Special Service Area(s) for water service in your area. Therefore, your participation in completing this survey is very important.

Please select the one statement that best represents your view on the formation of a special service area. **Only one vote per lot will be counted.**

**Water Main Service**

\_\_\_\_\_ **I am in favor** of creating a Special Service Area to finance the construction of a public water system throughout my subdivision (East or West) that will be owned and operated by the Village of Westmont. I understand that this survey will be used to determine if there is sufficient interest to proceed with the formation of a Special Service Area.

\_\_\_\_\_ **I am not in favor** of creating a Special Service Area to finance the proposed water system and water main extensions into my area. I understand that this survey will be used to determine whether the Special Service Area formation process will be initiated.

Owner's Name: Printed \_\_\_\_\_

Property Address: \_\_\_\_\_

Parcel Number: From Envelope \_\_\_\_\_

Signature \_\_\_\_\_ Date: \_\_\_\_\_

**Please return this survey by January 4, 2023 in the provided envelope.**  
Any questions please call Greg Phillips at 630-407-6679

You can also send this COMPLETED FORM electronically to  
**LPWater@dupageco.org**
