Subject: Required Community Letter of Support for The Dotsero Mobile Home Park

To Whom It May Concern:

Eagle County is providing this non-exclusive letter of support for Vero Broadband as part of the Advance Colorado Capital Project Fund grant application.

The Dotsero Mobile Home Park (DMHP), a predominantly lower income Latinx community of approximately 70 residences, has historically been significantly underserved in terms of broadband infrastructure and service levels. At present, the only Internet services available at the DMHP have been extremely limited and/or of a poor quality.

Eagle County and Vero Broadband are partnering to bring gigabit level broadband services to the DMHP. Providing access to quality broadband service is critical to enable these residents to make use of those digital services on par with the majority of other residents of Eagle County.

We believe this is a needed project to help bridge the digital divide in the DMHP of Eagle County and aligns with the State of Colorado's Broadband objectives, including enhancing educational, economic, health care access and supporting digital inclusion.

This letter was approved by the Eagle County Board of County Commissioners on September 19, 2023.

Thank you for your time, consideration, and ongoing commitment to empowering communities through access to broadband.

Sincerely,

Kathy Chandler-Henry  
Chair

Matt Scherr  
Commissioner

Jeanne McQueeney  
Commissioner
