### OWTS Permit

<b>OWTS-026214-2023</b>	OWTS Permit	New	20129 Hwy 82 Basalt Area, CO	El Jebel	\$2,500.00	02/27/2023	03/13/2023
<i>Description: Install the new system exactly as depicted in the Sopris Engineering design dated March 6th, 2023, stamped and signed on March 13th, 2023 by Yancy Nichol, PE. This system is designed to accommodate the maximum daily flows for a 4 bedroom residence.</i>							
<i>The OWTS consists of one sewer line from the residence. A Valley Precast, two-compartment, concrete septic tank equipped with a pump chamber equipped with an Orenco PF3005 high head pump in the second compartment and an effluent filter in the outlet tee will be used. The floats will be set to dose 49.258 gallons for each pump cycle. Install the Automatic Distribution Valve (ADV) at the high point of the system and make accessible at grade. The ADV will alternate doses between two beds of two laterals set on top of a 6in deep sand filter in a 3ft over excavated bed 12' by 30'. Geomat fabric media is to be installed over the distribution laterals. Install distribution lateral orifice size, orifice shields, spacing, and flushing assemblies should be completed as designed. Inspection ports should be present at each corner of the bed. Schedule 40 PVC shall be used beneath all driveway surfaces. Gradation analysis must be submitted to Eagle County EH prior to installation to confirm that sand meets secondary sand media specifications.</i>							
<i>Two test pits must immediately adjacent be conducted and reviewed by the Design Engineer, prior to installation. Contact Environmental Health to see if a representative can be present. Any changes required to the design must first be reviewed and approved by the Design Engineer and an Eagle County Environmental Health Specialist.</i>							
<i>Contact Eagle County Environmental Health and the design engineer well in advance of requesting inspections prior to backfilling any component of the OWTS. The design engineer is responsible for conducting all inspections necessary to certify the installation and assure the functionality of the system. System certification, along with photos and a record drawing is required to be submitted to and approved by Eagle County Environmental Health prior to the use of the system or occupancy of the dwelling.</i>
