June 22, 2021

To The Citizens of Eagle County:

State law requires that all local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards (GAAS) by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report of Eagle County for the fiscal year ended December 31, 2020.

This report is the result of the cooperative effort between McMahan and Associates, L.L.C., our independent auditors, the finance department of Eagle County, and other County departments as appropriate. This report consists of management's representations concerning the finances of Eagle County. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, the management of Eagle County has established a comprehensive internal control framework designed to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Eagle County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Eagle County's internal control system has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Eagle County's financial statements have been audited by McMahan and Associates, L.L.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Eagle County for the fiscal year ended December 31, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion and that Eagle County's financial statements for the fiscal year ended December 31, 2020, are fairly presented in conformity with GAAP. As indicated above, Colorado law requires that the financial statements of Eagle County be audited by an independent, external certified public accountant. Accordingly, the auditor's opinion has been included in the financial section of this report.

Eagle County is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Information related to this single audit, including the schedule of expenditures of federal awards, the independent auditor's reports on the internal control and compliance with applicable laws, regulations, contracts, and grants is included in the single audit section of this report.

The County, for financial reporting purposes, includes all funds of the primary government, as well as all of its component units. Component units are legally separate entities which the primary government must disclose in its financial statements.

Blended component units are, from an accounting perspective, part of the primary government's operation and are included as part of the primary government. Eagle County has three blended component units: Eagle County Air Terminal Corporation, Eagle County Housing and Development Authority (which includes Lake Creek Village LLC, The Valley Home Store, and Senior Care Land Company LLC), Eagle Lease Financing Corporation, and Eagle County Justice Center Financing Corporation. In addition, the County has four discretely presented component units: Golden Eagle Elderly Housing Corporation (which includes an investment in Seniors on Broadway), Eagle County Emergency Telephone Service Authority (E 911 Authority), Eagle Riverview Affordable Housing Corporation, and Lake Creek Affordable Housing Corporation. Golden Eagle Elderly Housing Corporation and E911 Authority are reported in separate columns in the government-wide financial statements to differentiate their financial positions and changes in net position from those of the primary government. All of these component units meet the criteria as set forth in Statements Number 14, 39, and 61 of the Governmental Accounting Standards Board.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement that MD&A and should be read in conjunction with it. Eagle County's MD&A can be found immediately following the report of the independent auditors in the financial section of this report.

### **Profile of the Government**

Eagle County was formed in 1883 when a division of Summit County was approved by the State Legislature. Located approximately 90 miles west of Denver and 100 miles east of Grand Junction, Eagle County resides in the magnificent Colorado Rocky Mountains. It encompasses 1,694 square miles and has an estimated population of approximately 55,311. Approximately 80% of the land is publicly owned and is controlled primarily by the U.S. Forest Service and the U.S. Bureau of Land Management.

The County is governed by a Board of Commissioners (the "Board") consisting of three members elected on a partisan basis for four-year staggered terms. The Board takes office on the third Monday in January following each election, at which time the Board elects a chair and vice-chair from among its members.

The Board is charged with the responsibility of governing the County by complying with the Colorado General Statutes, adopting local ordinances, adopting an annual budget, and establishing local annual property tax rates. The Board also appoints the County Manager, County Attorney, and the members of various boards and commissions. Additionally, the Board has authority to call bond referendums, enter into contracts, and establish new programs.

The County Manager is the chief administrative officer of the County and serves at the pleasure of the Board. The major responsibilities of the County Manager include supervising and coordinating the activities of County departments, attending Board meetings, making recommendations on appropriate matters of business, and assisting with the preparation and recommendation of the annual budget. The County Manager also ascertains that all orders and policies of the Board are implemented and represents the County in business with other agencies.

Eagle County management is responsible for establishing and maintaining an internal control structure. Internal controls are defined as the organization and methods used to: 1) safeguard assets from loss by fraud or by unintentional errors; 2) assure the reliability of the accounting data which management may use in making decisions; and 3) promote operational efficiency and encourage adherence to adopted policies.

The annual budget serves as the foundation for Eagle County financial planning and control and is an integral part of the organization's accounting system and daily operations. The budget is a legally adopted document that incorporates input from the citizens of Eagle County and county management. The Board decides which services to provide and how to pay for them through the budget process which creates a legal limit on spending authorizations.

The County provides a full range of traditional county services, including but not limited to: assessment and property tax administration; recording of vital documents and automobile registration; sheriff patrol and jail administration; court facilities; land use planning and building inspections; road maintenance and construction; welfare and public health services; a solid waste landfill disposal facility; airport operations; bus system; fairground; and environmental health protection.

### **Factors Affecting Economic Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

#### *Local Economy:*

The global pandemic of COVID-19 has had immediate impacts to the regional economy and the County's service levels and revenues. The County's unemployment rate in April-June 2020 was between 17%-23%, as compared with the County's 2019 annual unemployment rate of 2.2%. The Eagle County Regional Airport experienced a 23% decline of enplanements in 2020 over 2019. This affected a relatively small per passenger fee collected (9.3% of total service revenues in 2020 versus 12.9% in 2019), whereas revenues received from airlines (53% of total service revenues) remained consistent due to contracts binding airlines to pay a fixed lease space amount. The ECO Transit system experienced a 54% (\$1.3M) decline in service revenue in 2020 over 2019. The County benefited from approximately \$8.3M of the Coronavirus Aid, Relief, and Economic Security (CARES) Act which provides funding for transit agencies, airports, public health agencies and local governments to respond to the COVID-19 pandemic. In 2021, the County anticipates benefiting from at least \$10.7M of the American Rescue Plan Act (ARPA) funding to support needs of the community as a result of the pandemic.

The economy in Eagle County continues to be dominated by the ski industry, real estate, and other tourism-related businesses. Vail and Beaver Creek ski areas, operated by Vail Resorts, are two of the most popular winter destination ski resorts in the U.S.

The County is home to premier golf courses designed by Arnold Palmer, Greg Norman, Robert Trent Jones, Jr. and Tom Fazio, among others. Golf rounds played on the County's 16 golf courses increased 18%. The Sonnenalp and Colorado Country Club of the Rockies saw the largest percentage increase in 2019 to 2020 reported numbers.

The average unemployment rate for Eagle County during 2020 was 9.7%, as compared to 2.2% during 2019. The County's 2020 unemployment rate was 2.4% higher than the state average of 7.3%, and 1.6% greater than the U.S average of 8.1%.

The Eagle County Regional Airport reported a total of 149,839 enplanements in 2020, a 23% decrease from 2019. This decrease was primarily attributable to the COVID-19 pandemic. Airlines temporarily significantly reduced flight service and passenger capacity limits. Airlines providing air service are: American, Delta, and United. The airlines provide seasonal non-stop flights from the following major cities: Atlanta, Chicago, Dallas, Denver, Houston, Los Angeles, Miami, Newark, Phoenix, New York, Salt Lake City, San Francisco, and Washington D.C.

In addition to world-class skiing and snowboarding at Vail and Beaver Creek, tourists visiting the County's scenic, historical and summer recreational areas make a significant contribution to the County's economy. Summer recreational activities in the County include rafting, kayaking, paddle boarding, horseback riding, camping, ghost town exploration, backpacking, mountain climbing, mountain biking, and tennis. In addition, fishing and big game hunting for deer and elk are also large contributors to our economy.

Along with Vail Resorts, Inc., some of the larger organizations that employ Eagle County residents include Eagle County School District, Vail Health, Eagle County Government, the Sonnenalp Resort, and the Westin Riverfront Resort.

2020 Eagle County real estate ended the year with \$3.5 billion in total dollar volume (53% increase over 2019) representing 2,572 transactions (27% increase over 2019). These two changes suggest a greater dollar volume per sales transaction. Average sales price county wide was \$1.4 million and median sales price was \$768K. Average sales price for improved residential real estate increased by 21.9% from \$1.22 million in 2019 to \$1.49 million in 2020.

Led by the Eagle County Housing and Development Authority (ECHDA), several additional County-sponsored affordable housing initiatives continually strive to address the critical need for affordable housing. These programs incorporate several local, state and federal funding sources to provide programs including HUD-subsidized complexes Riverview and Lake Creek Village Apartments, down payment assistance program (DPA), and affordable senior housing (Golden Eagle and Seniors on Broadway Apartments). In 2020, Eagle County completed the construction of a new workforce housing property, Two10 at Castle Peak, located in the town of Eagle and managed by ECHDA.

In 1996, Eagle County voters approved an additional ½ percent sales tax for the creation of Eagle County Regional Transportation Authority (ECO Transit/Trails) to provide a transportation system throughout Eagle County. The system consists primarily of bus transport; however, its mission also includes providing trails and other enhancements to transportation in Eagle County. Ridership on ECO Transit buses decreased from 1,117,000 in 2019 to 719,232 in 2020 due to COVID-19 impacts and capacity restrictions.

#### *Long-Term Financial Planning:*

Challenges facing the County include sustainability, economic diversity, and quality of life enhancements in an environment of limited revenues and increasing costs of providing services.

Thanks to the efforts of our dedicated team at Eagle County, the organization remains in good financial condition. We have appropriately positioned ourselves for the future by being proactive and visionary. In addition, we have continued to focus on fiscal opportunities by seeking program and operational efficiencies. We have maintained an effective level of service for our customers throughout the process, as we are laying the foundation for the County's sustained success.

Eagle County Government's workforce increased from 508 full time equivalents (FTEs) budgeted for 2019 to 519 FTEs budgeted for 2020. Because of the unknowns surrounding the COVID-19 pandemic throughout 2020, we employed fewer FTEs than budgeted throughout the year by leaving positions unfilled. We also offered an early retirement program in 2020, however did not make any other significant staffing reductions. It is important to acknowledge the superb efforts of our employees who provide the exemplary professional service our customers expect and deserve each of whom played a part in the County's pandemic response. Through the contributions of our hard-working staff and despite the COVID-19 pandemic, we moved many of our 2020 strategic priorities forward, some of which are highlighted in the major initiatives section below.

#### *Major Initiatives:*

In 2020, the Board of County Commissioners continued to focus its attention on its strategic plan and "Creating a better Eagle County for all." Additionally, the Board strives to realize its vision: "Eagle County is made up of thriving communities for families and is home to a vibrant workforce, with personal health and wellness achievable for all. Our natural beauty is preserved through purposeful environmental stewardship. We are an international year-round resort destination with a diverse, resilient economy."

Through the strategic plan, the Commissioners identified five goals to help guide our decision-making and our budget for years to come:

- Eagle County is financially sound
- Eagle County is a great place to live for all
- Eagle County protects the natural environment
- Eagle County promotes a diverse and resilient economy
- Eagle County is a high-performing organization

The following list highlights some of the advancements that were made in 2020 towards each of the BoCC's goals:

#### The County is Financially Sound:

- Successfully completed picking up new construction, new subdivisions and changed property values where warranted for the 2020 intervening year appraisal of all property in Eagle County resulting in \$3,542,577,310 taxable assessed value. The Assessor's office handled 301 appeals

of real and personal property in May and June, the lowest number of appeals experienced in the past six reappraisal cycles. In so doing, the Assessor's Office continues to estimate realistic, impartial and equitable value on all Eagle County properties, while being fair and respectful of the people who own those properties.

- Collected nearly \$2M of tobacco sales tax and launched multiple tobacco cessation programs including "Break Up with Nic," an awareness and cessation campaign for middle and high school students to encourage staying or becoming tobacco and nicotine free.
- Following a review of the county's risk management process, significant (\$300K) savings were identified in our workers' compensation insurance for 2020 as compared to 2019.
- The primary government increased its net position \$19.1M in the midst of a global pandemic by cutting costs when appropriate while continuing to offer necessary services to the public.
- Implemented a hiring freeze and offered a voluntary early retirement program to exercise fiscal responsibility and take advantage of vacancy savings in the midst of an uncertain economic situation due to the COVID-19 pandemic.

#### The County is a great place to Live for All:

- Successfully conducted three elections in 2020, including the Presidential Election with 100% accuracy in the postelection risk-limiting audit. In addition, all members of the Clerk's Office election team are now certified Colorado Election Officials with the Secretary of State's Office.
- Invested over \$1.5 million in the early childhood system and programming, supporting families accessing care, the early childhood workforce, and centers and homes providing quality care.
- Created and implemented an Emergency Assistance application process that provided \$1.1M in support to residents and community partners who serve those residents in need due to COVID-19 pandemic.
- Completed construction of Two10 at Castle Peak, the 22-unit workforce housing project.
- During the COVID-19 pandemic and Grizzly Creek wildfire, Eagle County prioritized communication to our Latinx community by ensuring that all marketing and correspondence went out in a linguistically correct and culturally relevant manner.

#### The County Protects the Natural Environment:

- ECO Transit replaced 3 diesel buses with 3 electric buses in 2020 to reduce its greenhouse gas emissions.
- Two10 at Castle Peak was awarded a LEED (Leadership in Energy and Environmental Design) Gold rating.
- 129 acres were added to the Eagle County Open Space program by acquiring the Ridgway property to ensure critical wildlife and riparian habitat and agricultural and ranching heritage are maintained and protected.
- Diverted waste materials from the landfill for recycling or beneficial use, including approximately 1,221 tons of clean tree wood, wood chips, and metal, plus an additional 526 tons of construction and demolition material. Approximately 80 tons of electronics were recycled through the Household Hazardous Waste Facility, and 2,317 tons of recyclables were processed at the Materials Recovery Facility.

#### The County Promotes a Diverse and Resilient Economy:

- The Eagle County Clerk and Recorder's Office operations continued with zero interruptions in service despite the COVID-19 pandemic effectively assisting customers remotely and by appointments.
- Supported new businesses and jobs by directing over \$450,000 of pass-through federal grant dollars to the Northwest Loan Fund. The fund offers loans to startup businesses in Eagle County and other northwest Colorado communities.
- Awarded \$1M in Bridge Grant funding to support local businesses adversely affected by state and county Public Health orders.

#### The County is a High Performing Organization

- Collected more than 40,000 property tax payments over the course of five months and distributed funds to school districts, municipalities, metro districts, special districts and the county according to each entity's mill levies. The collection and timely distribution of these taxes allows our local tax authorities to fund their operations, including but not limited to educating our students, providing law enforcement, fire protection, recreational services and municipal and county programs.
- Won the Vail Valley Partnership Healthiest Workplace award which demonstrates our commitment to a culture of wellbeing for our staff and their families.

### *Significant Financial Policies:*

The County is legally required to adopt annual budgets for all governmental and proprietary funds. Expenditures may not legally exceed appropriations at the fund level. Administrative control of the County's budget is exercised at the account classification level. Budget appropriations and encumbered amounts lapse at the end of each year. Encumbrances for capital projects are generally re-appropriated as part of the following year's budget.

The ongoing financial obligations of the 2008 Justice Center expansion as well as the 2019-2020 Two10 at Castle Peak construction are paid through the Capital Improvement Projects (CIP) fund. The CIP funds are derived from a portion of the County's sales taxes that fund County capital additions and improvements.

As a recipient of federal and state financial assistance, the County is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The County's Single Audit reports for the year ended December 31, 2020 are included in a separate section of this report and indicate such controls are in place.

Internal controls over cash include all cash being deposited by the County Treasurer. The exception includes Sheriff Confiscated and Reserve Funds, Inmate Trust Funds, and cash held by separate legal entities (e.g. Eagle County Air Terminal Corporation and ECHDA). The Treasurer invests the funds to achieve the best possible return on investment while preserving the safety and liquidity of the principal.

The County manages worker's compensation claim risk through contracting with a professional insurance company and risks of casualty and property loss by joining a pool with other counties and the State of Colorado.

### **Awards and Acknowledgements**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Eagle County for its comprehensive annual financial report (annual report) for the fiscal year ended December 31, 2019. This was the twenty-second consecutive year that the County has received this prestigious award. To be awarded this certificate, the County published an easily readable and efficiently organized annual report that satisfied GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual report continues to meet the program's requirements and is being submitted to the GFOA to determine its eligibility for another certificate.

The publication of this annual report represents an important achievement in the ability of Eagle County to provide significantly enhanced financial information and accountability to the citizens of Eagle County, its elected officials, County management, creditors, and investors. This report continues the committed objective of the Finance Department to improve the County's overall financial accounting, management, and reporting capabilities.

I wish to express my appreciation to the staff of the Eagle County Finance Department who produced this report with a special thank you to Jessica Clark for leading the charge as well as to Anna Earl, Helen Gies, Mariya Trifonova, and Shauna Huber for their effort and dedication to this project. I wish to acknowledge the guidance and support provided by our auditors, McMahan and Associates, L.L.C. in matters relating to financial statement presentation. I also wish to thank the Board of County Commissioners, other elected officials, the County Manager, Deputy County Managers, department heads and all County staff for their dedicated involvement in the financial affairs of the County.

Respectfully submitted,

Jill Klosterman

## INDEPENDENT AUDITOR'S REPORT

**To the Board of County Commissioners  
Eagle County, Colorado**

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Eagle County, Colorado (the "County"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluation of the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**INDEPENDENT AUDITOR'S REPORT  
To the Board of County Commissioners  
Eagle County, Colorado**

***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Eagle County, Colorado as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis in Section B be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information in section E is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements taken as a whole. The introductory section, combining fund financial statements, individual fund budgetary information, the Schedule of Human Services Fund Expenditures and Federal and State Authorizations, the Schedule of Passenger Facility Charges Collected and Expended, the Local Highway Finance Report, and the statistical section listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the County's financial statements. The combining fund financial statements, the individual fund budgetary information, the Schedule of Human Services Fund Expenditures and Federal and State Authorizations, and the Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

**INDEPENDENT AUDITOR'S REPORT  
To the Board of County Commissioners  
Eagle County, Colorado**

***Other Matters (continued)***

Additionally, the Schedule of Passenger Facility Charges Collected and Expended and the Schedule of Expenditures of Federal Awards included in the Single Audit section are presented for the purpose of additional analysis, as required by the *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"), and are not a required part of the County's financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Passenger Facility Charges Collected and Expended and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2021 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and on compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

## Management's Discussion and Analysis

As management of Eagle County, we offer readers of the County's financial statements the following narrative overview and analysis of the financial activities of Eagle County for the fiscal year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

### Financial Highlights

- The assets and deferred outflows of resources of Eagle County exceeded its liabilities and deferred inflows of resources at December 31, 2020 by \$440M (net position). Of this amount, \$92M is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors. \$68.2M is restricted based on externally imposed requirements and \$279.7M represents net investment in capital assets and therefore is not available for spending.
- The County's total net position increased by \$19M primarily due to increases in operating grants and contributions, property and sales taxes and decreases in the Eagle County Air Terminal's operating expenses. The increase was offset by a reduction in capital grants and contributions.
- As of December 31, 2020, Eagle County's governmental funds reported combined ending fund balances of \$103M, an increase of \$17.1M from 2019. The increase was primarily attributable to decreased construction costs as a result of the 2019 completion of the Edwards roundabout and the airport's deicing and apron projects. Approximately 45% of the total fund balances (\$47M) is available for spending at the government's discretion (committed, assigned and unassigned fund balances). Enabling legislation has restricted \$2.7M for emergencies, \$11.6M for capital improvements and capital-related debt, \$8M for airport expenditures, \$8.7M for roadway improvements, \$10.6M for transit expenditures, \$1.7M for trails projects, \$9.4M for open space, \$856K for human health and services, and \$2.7M for various other purposes.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$24.3M (55% of total General Fund expenditures excluding transfers) compared to \$20.5M (40%) for fiscal year 2019. The increase of \$3.8M was primarily due to increased property and sales tax and licenses and permits revenue.
- Eagle County's governmental capital assets increased by \$2.7M, mostly attributable to the \$3.0M addition of ECO Transit's electric buses offset by associated depreciation of all depreciable assets. Business-type capital assets decreased by \$3.3M, which reflects some additions to Fleet Services, but a larger offset by all depreciable asset's depreciation.
- Eagle County's combined governmental and business-type long-term liabilities decreased by \$3.3M which represents principal and lease payments that were made during the year. Eagle County has an issuer rating of Aa1 rating from Moody's.
- The global pandemic of COVID-19 has had impacts to the regional economy and the County's service levels and revenues. The County has benefited from the Coronavirus Aid, Relief, and Economic Security (CARES) Act which provided funding for transit agencies, airports, public health agencies and local governments to respond to the COVID-19 pandemic. The significance and duration of the overall impacts cannot be reasonably estimated at this time.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Eagle County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of Eagle County's finances, in a manner similar to a private-sector business. These statements incorporate all of Eagle County's governmental and business-type

activities, as well as non-fiduciary component units. They use the economic resources measurement focus and are presented on the full accrual basis.

The *statement of net position* presents information on all of the County's assets and deferred outflows of resources; liabilities and deferred inflows of resources; and the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Eagle County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. This statement captures all revenue and expense activities which result in the year's change in net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows (full-accrual basis). Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Both of the government-wide financial statements distinguish functions of Eagle County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, economic development, transportation, and culture and recreation.

The government-wide financial statements include governmental activities (General fund, Road and Bridge, ECO Transit and Trails, Airport, Public Health, Human Services, Open Space, etc) and business-type activities (Landfill, Eagle County Air Terminal Corporation and Eagle County Housing and Development Authority), together known as the *primary government*, and the following discretely presented component units: Golden Eagle Elderly Housing Corporation and Eagle County Emergency Telephone Service Authority (E 911) for which Eagle County is financially accountable. Financial information for these *discretely presented component units* is reported separately from the financial information presented for the primary government itself and can be found beginning on page C18. The government-wide financial statements can be found beginning on page C1 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources which have been segregated for specific activities or objectives. Eagle County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Eagle County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for the functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheets and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Eagle County maintains 19 individual governmental funds. Information is presented separately in the governmental fund balance sheets and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Fund, ECO Transit Fund, Airport

Fund, Open Space Fund, and Capital Improvement Fund, all of which are considered to be major funds. Data from the other 13 governmental funds are combined into a single, aggregated presentation on page C5 and C7-C8. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages F2-F9 in this report.

Eagle County adopts an annual appropriated budget for all of its funds. A budgetary comparison statement has been provided for all governmental funds to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found beginning on page C4 of this report.

**Proprietary funds.** Eagle County maintains two different types of proprietary funds: *enterprise funds* and *internal service funds*. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Eagle County uses enterprise funds to account for its Sanitary Landfill Fund, the Eagle County Air Terminal Corporation, and the Eagle County Housing and Development Authority. Internal service funds are an accounting device used to accumulate and allocate costs internally among Eagle County's various functions. Eagle County uses internal service funds to account for its fleet of vehicles, casualty insurance premiums and costs, and for its health insurance plan. Because all of these services predominantly benefit government rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Enterprise fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The enterprise fund financial statements provide separate information for the Landfill Fund, the Eagle County Air Terminal Corporation, and the Eagle County Housing and Development Authority, all of which are considered to be major funds of Eagle County.

Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements on pages F26-F29. The basic proprietary fund financial statements can be found beginning on page C10 of this report.

**Fiduciary funds.** *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds include County Treasurer, Sheriff Inmate, and Public Trustee and are excluded from the government-wide financial statement because the resources of those funds are not available to support Eagle County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages C16-C17 in this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found in section D.

**Other information.** The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found in the section labeled "Supplementary Information" as listed in the table of contents.

## **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Eagle County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$440M as of December 31, 2020. The largest portion of Eagle County's net position (63.5%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure); less any outstanding related debt used to acquire those assets. Eagle County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's net investment in capital assets is reported net of related debt, it should

be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Eagle County's restricted net position (15.5%) represents resources that are subject to external restrictions on how they may be used. The remaining balance (21%) is unrestricted net position (\$92M) and may be used to meet the government's ongoing obligations to citizens and creditors.

At December 31, 2020, Eagle County reports positive balances in all three net position categories (governmental and business-type activities as well as component units (not shown here)).

The County's net position increased \$19.1M during 2020.

**Governmental activities.** Governmental activities increased Eagle County's net position by \$18.5M, thereby accounting for 97% of the total growth in the net position of the County. Key elements of this increase are as follows:

- Property taxes increased by \$2.4M (9.3%). Sales taxes increased by \$1.4M (4.6%).
- Program expenses increased by \$361K (0.4%). The open space program expenses increased by \$3.4M (160.6% increase from 2019) as a result of the Ridgway land acquisition. The public works program offsets the increase by a \$6.2M (35% over 2019) decrease in program expenses. The reduction in expenditure represented the completion of Eagle County and Edwards Metropolitan District's portion of the construction of the Edwards Interchange Upgrade Phase 2 project. Transportation represents a \$1.3M (6% over 2019) increase. ECO Transit's federally and state funded electric buses and charging stations contributed to an increase which was offset with a decrease due to the completion, and consequently reduction in related spending, of the apron and de-icing projects at the airport. The remaining program increase in expenses was spread relatively consistently across the general government, public safety, health and welfare programs.

The following bar graph excludes general revenues (property, sales, and other taxes, investment earnings, and miscellaneous revenues) which are also available and critical to support these programs; but indicates the relationship of specific program-related revenues, to the costs of those programs:

**Expenses and Specific Program Revenues -  
Governmental Activities**

**Business-type activities.** Business-type activities increased Eagle County's net position by \$568K. Key elements of the increase are as follows:

- Eagle County Air Terminal ("ECAT") operating expenses decreased 10.6% from 2019 due to pandemic-related reduced terminal activity, but still exceeded revenues and decreased net position by \$264K.
- Landfill service revenues, decreased by 7.6% over 2019 due to offering an opportunity for free disposal in March and April and overall reduced waste due to COVID-19 pandemic, but exceeded expenses and increased net position by \$235K.
- Eagle County Housing and Development Authority ("ECHDA") service revenue decreased by 10.4% over 2019 as a result of COVID-19 pandemic-related rent concessions, but exceeded expenses and increased net position by \$559K.

### Expenses and Revenues - Business-type Activities

## Financial Analysis of the Government's Funds

As noted earlier, Eagle County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the county's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Eagle County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2020, Eagle County's governmental funds reported combined ending fund balances of \$102.8M; an increase of \$17.1M compared to the prior year. Approximately 45% of this total is available for spending at the government's discretion. The remaining 55% of fund balance is not available for new spending because it has been restricted to provide an emergency reserve as required by the Taxpayer's Bill of Rights (TABOR) amendment to Article X of the Colorado state constitution (\$2.7M), or has been restricted for other purposes (\$52.9M). Additionally, certain items are considered non-spendable, such as long-term receivables and prepaid and other assets (\$444K).

The General Fund is the primary operating fund of Eagle County. At December 31, 2020, unassigned fund balance of the General Fund was \$24.3M while the total fund balance was \$37.7M. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 55% of total General Fund expenditures (excluding transfers out), while total fund balance represents 85% of that same amount.

The fund balance of the County's General Fund increased by \$3.7M during 2020.

- Taxes decreased by \$1.1M, licenses and permit revenue increased by \$517K, intergovernmental revenue decreased by \$711K, investment earnings decreased by \$588K, and contribution and donations revenues decreased by \$3.5M. The contribution revenue reduction was due to the completion of the construction of the Edwards Phase 2 Interchange in 2019.
- Program expenses decreased by \$7.2M. The decreases in program expenses primarily related to the completion of the construction of the Edwards Interchange Phase 2 project.
- Health and welfare decreased by \$3.4M (100%) as these activities were reported in the Human Services Fund beginning in 2020.
- \$1.9M was received through the CoronaVirus Relief Fund/CARES Act (CVRF) funding to assist in supporting activities related to the COVID-19 pandemic.

The Road and Bridge Fund ended 2020 with a total fund balance of \$8.7M, an increase of \$704K from 2019. The increase in fund balance was due to increases in property tax revenue, charges for services, and the sale of solar panel rights.

The ECO Transit Fund had a total fund balance of \$10.6M, an increase of \$3.9M during 2020. The increase was due to the receipt \$3.6M in CARES Act funding. A \$667K (7%) decrease in program expenditures and the sale of solar panel rights also contributed to the increase in fund balance.

The Airport Fund had a total fund balance of \$8.2M at December 31, 2020, an increase of \$4.7M during 2020. The increase was due to relatively consistent operating revenues and expenditures, but a decrease in required grant match spending for the North Apron and De-Icing projects which were primarily funded through federal grant revenue in 2019. The Airport received \$1.8M in CARES Act funding to be used to cover COVID-19 related expenditures.

The Open Space Fund had a total fund balance of \$9.4M at December 31, 2020. The \$2.5M increase in fund balance was attributable to increased tax revenue (\$428K greater than 2019), intergovernmental funding awarded from Great Outdoors of Colorado (GOCO) lottery proceeds grant program (\$705K) and local donations (\$247K). These awards and contributions were received to support the acquisition of the Ridgway Open Space and offset the cost of this capital outlay.

The Capital Improvement Fund had a total fund balance of \$11.7M, a decrease of \$2.4M during 2020. The decrease was due to decreased sales tax revenue, increased capital outlay expenditures to complete the Two10 housing project begun in 2019, and increased debt service amounts due to the 2019 issued COP's.

**Proprietary funds.** Eagle County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Landfill Fund at December 31, 2020 amounted to \$10.7M; an increase of \$180K from 2019. The unrestricted net position of the Eagle County Air Terminal Corporation was \$776K; an increase of \$745K from 2019. The unrestricted net position of ECHDA was \$19.2M at December 31, 2020; which represents an increase of \$662K from 2019. Other factors concerning the finances of these entities have already been addressed in the discussion of Eagle County's business-type activities.

### **General Fund Budgetary Highlights**

The final amended appropriated 2020 budget for the General Fund forecast a net decrease in fund balance of \$1.2M as compared to a net decrease in fund balance of \$610K in the original adopted budget. Supplemental appropriations increased budgeted revenues by \$5.9M. The final 2020 amended budget increased expenditures and other financing uses by \$6.5M from the original adopted budget. The increase in budgeted revenues was primarily due to the \$1.9M CVRF federal grant. Overall, actual expenditures and other financing uses were \$3.3M less than budgeted. The majority of this decrease is attributable to a decrease in other purchased services (\$944k), reduced fuel costs (\$120K), reduced personnel costs (\$318K), a decrease from expected pass through grants (\$501k) which were ultimately not awarded, and a decrease in expected donations/contributions (\$482k). Revenues and other financing sources were \$1.6M higher than budgeted. The increase in revenues is attributable to an increase in Treasurer Fees (\$404K), Sales Tax (\$305K), Property Tax (\$226K) and Marijuana Sales Tax (\$82K). The General Fund balance increased by \$3.7M, which was \$4.9M better than the budgeted decrease in the final 2020 budget.

### **Capital Asset and Debt Administration**

**Capital assets.** Eagle County's capital assets for its governmental and business-type activities as of December 31, 2020, amount to \$365.6M (net of accumulated depreciation), a decrease of \$621K. Total net change in depreciation of \$16.8M and disposals of \$21.6M outweighed capital assets acquired of \$37.8M. from 2019. Capital assets include land, buildings and improvements, machinery, construction in progress, equipment, and infrastructure.

Major capital asset events during the current fiscal year included the following:

ECO Electric Buses and Charger Stations	\$3.4M
Two10 at Castle Peak additions and completion	\$5.4M
Ridgway Open Space acquisition	\$2.4M

Additional information on Eagle County's capital assets can be found in Note III.G. of the accompanying notes to the financial statements, as listed in the table of contents.

**Long-term liabilities.** At the end of 2020, Eagle County had total long-term liabilities outstanding of \$92.9M. Of this amount, \$5M comprised compensated absences and landfill closure/post-closure liabilities, which are backed by the full faith and credit of the government. The remainder of Eagle County's liabilities consist of certificates of participation, revenue bonds, and mortgage notes payable.

The County had no general obligation debt as of December 31, 2020.

The County's long-term liabilities, net of deferred items, categorized as governmental and business type activities, for the years ended December 31, 2020 and 2019 is as follows:

### Eagle County's Outstanding Long-term Liabilities

	Governmental Activities		Business-type Activities		Total	
	2020	2019	2020	2019	2020	2019

Additional information on Eagle County's long-term debt can be found in Note III.H. of the accompanying notes to the financial statements as listed in the table of contents.

## **Economic Factors and Next Year's Budgets and Rates**

- The COVID-19 pandemic directly impacted unemployment in the County. The average unemployment rate for Eagle County during 2020 was 9.7%, as compared to 2.2% during 2019. April-June 2020 unemployment rates were 17%-23%. The County's 2020 unemployment rate was 2.4% greater than the state average of 7.3%, and 1.6% greater than the U.S average of 8.1%.
- The number of building permits issued throughout unincorporated Eagle County increased by 110 from 691 in 2019 to 801 in 2020. We saw a significant (37%) increase in building valuation in 2020 (\$162M) as compared to 2019 (\$118M). This indicates that each building permit had a higher average valuation in 2020 (\$202k per permit) as compared to 2019 (\$171K per permit).
- Inflationary trends in the region are generally higher than national indices. The Denver consumer price index decreased 1.95% from 2019 to 2020, as compared to the consumer price index for all Urban Consumers, which increased 1.4% from 2019 to 2020.
- Sales tax revenue across all funds increased by \$1.4M (4.6%) from 2019 to 2020. Management anticipated a decrease (10.4%) in sales tax revenue during 2021 as indicated in the 2021 adopted budget. The primary decrease is due to the COVID-19 pandemic and uncertainty around the 2020-2021 ski season and related reduction in 1% and 0.5% sales taxes.

These indicators were considered in preparing and adopting Eagle County's 2021 budget. In the General Fund, 2021 budgeted operating expenditures of \$44.9M are \$772K higher than 2020 actual operating expenditures, 2021 budgeted revenues of \$43M are \$6.5M lower than 2020 actual revenues, and 2021 budgeted net transfers out are \$547K lower than 2020 actual net transfers out. Overall, the 2021 adopted budget shows that the General Fund balance will decrease by \$1.9M by the close of 2021. Since the 2021 budget was adopted in December 2020, management has approved certain changes to the 2021 adopted budget.

## **Requests for Information**

This financial report is designed to provide a general overview of Eagle County's finances for all those with an interest in the government's finances.

This report may be found at [http://www.eaglecounty.us/Finance/Annual\\_Financial\\_Report/](http://www.eaglecounty.us/Finance/Annual_Financial_Report/). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: Jill Klosterman, Eagle County Executive Director of Finance at P.O. Box 850, Eagle, Colorado, 81631.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION

December 31, 2020

Amounts reported for governmental activities on the statement of net position are different because:

Total fund balance - governmental funds		\$ 102,830,995
Capital assets used in governmental activities (excluding Fleet Services) are not currently available financial resources and, therefore, are not reported in the funds.		269,296,099
Long-term receivables related to governmental activities are not currently available financial resources and, therefore, are not reported in the funds.		1,718,572
Long-term liabilities and related deferred items are not due and payable in the current period and, therefore, are not reported in the funds. Long term liabilities and related items include:		
Certificates of participation payable	\$ (18,880,000)	
Accrued interest payable	(71,542)	
Accrued compensated absences	(1,962,719)	
Unamortized deferred debt refunding costs	690,483	
Unamortized debt issuance premium	(2,087,624)	
Net adjustment		(22,311,402)
Internal service funds are used by management to charge the costs of self-insurance activities, other insurance activities, and fleet management to the individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		27,148,423
Total net position - governmental activities		<u>\$ 378,682,687</u>

The accompanying notes are an integral part of this statement.

Eagle County, Colorado

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES  
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended December 31, 2020

Net change in fund balances - total governmental funds \$ 17,128,699

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays and certain investments as expenditures.

However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation or amortization expense. This is the amount by which capitalized items exceeds depreciation and amortization expense in the current year:

Capitalized expenditures	\$ 14,963,476	
Depreciation expense	(13,334,299)	
Amortization expense	<u>(86,632)</u>	
Net adjustment		1,542,545

The net effect of miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is a decrease to net position: (2,919,139)

The issuance of long-term debt (e.g., certificates of participation, capital leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. However, neither transaction has any effect on net position. This is the effect of the difference in the treatment of the repayment of principal of long-term debt in the current year:

Principal repayments	<u>1,635,000</u>	
Net adjustment		1,635,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Details of these items are as follows:

Change in accrued compensated absences	\$ (318,918)	
Change in accrued interest	7,125	
Amortization of debt-related deferrals	<u>285,125</u>	
Net adjustment		(26,668)

Some revenues reported in the statement of activities do not provide current financial resources and are not reported as revenues in the funds: 104,925

Internal service funds are used by management to charge the costs of self-insurance activities, other insurance activities, and fleet management to the individual funds.

The net loss of internal service funds is reported with governmental activities. 1,067,406

Change in net position of governmental activities \$ 18,532,768

## **NOTES TO THE FINANCIAL STATEMENTS**

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Eagle County, Colorado (the "County") was formed in 1883. The governing body of the County is an elected three-member Board of County Commissioners. The County provides the following services directly: general administration, sheriff, jail, coroner, roads and bridges, parks and open space, solid waste landfill, airport, and health and human services. The County provides several additional services through other governmental organizations, some of which are included in, while others might be excluded from this report.

The County's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant policies established by GAAP and used by the County are discussed below.

**A. Financial Reporting Entity**

The reporting entity consists of (a) the primary government, i.e., the County; and (b) organizations for which the County is financially accountable. The County is considered to be financially accountable for a legally separate organization if it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County. Consideration is also given to other organizations that are fiscally dependent, i.e., unable to adopt a budget, levy tax, or issue debt without approval by the County. Organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

The accompanying financial statements present the primary government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations. The discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. Each component unit has a fiscal year end of December 31.

**Blended Component Units****Eagle Lease Financing Corporation**

Eagle Lease Financing Corporation, a Colorado nonprofit corporation, was incorporated in April 1999 to facilitate County financings, including the acquisition of real estate, property, and improvements for lease to the County. The Corporation issued Certificates of Participation in June 1999 (subsequently advance refunded – see Note III.H.) for the construction of a Joint Maintenance Service Center. The financial data of the Corporation was reported as part of the primary government because it was fiscally dependent upon the County and provided financing solely to the County. Although the Corporation is a separate legal entity, for financial reporting purposes, it is considered part of the County and was previously included in the Joint Maintenance Service Center Debt Service Fund through 2016, when the remaining fund balance was transferred from the fund and the fund was closed. There has been no budget or activity since 2016.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**A. Financial Reporting Entity (continued)**

*Blended Component Units (continued)*

Eagle County Justice Center Financing Corporation

Eagle County Justice Center Financing Corporation, a Colorado nonprofit corporation, was incorporated in August 2008 for the purpose of facilitating County financings, including the acquisition of real estate, property, and improvements for lease to the County. The Corporation issued Certificates of Participation in September 2008 (subsequently advance refunded – see Note III.H.) for the construction of additions to the Eagle County Justice Center. The financial data of the Corporation was reported as part of the primary government because it was fiscally dependent upon the County and provided financing solely to the County. Although the Corporation was a separate legal entity, for financial reporting purposes, it was considered part of the County and was previously included in the Justice Center Finance Authority Capital Projects Fund. During 2018, the Justice Center Finance Authority Capital Projects Fund was closed, as the Corporation's activity is now included in the Capital Improvement Capital Projects Fund.

Eagle County Air Terminal Corporation

The governing Board of Eagle County Air Terminal Corporation, a Colorado nonprofit corporation, consists of members of the Board of County Commissioners, and the Corporation provides services exclusively for the benefit of the County. The Corporation was formed in April 1996 to finance and construct the Eagle County Airport terminal. Upon payment in full of all issued bonds and other obligations, the Corporation will be dissolved, and ownership of the terminal along with all remaining assets, if any, will be transferred to the County. Additionally, the County is responsible for all personnel that run the day-to-day operations of the Corporation. It is reported as an enterprise fund.

Eagle County Housing and Development Authority

Eagle County Housing and Development Authority ("ECHDA") was established in July 2008 as an entity separate from the County, pursuant to Colorado Revised Statutes ("C.R.S.") section 29-4-200 et seq., upon approval by the Board of County Commissioners of a resolution that ECHDA was to be the County's statutory housing authority. ECHDA provides innovative, affordable housing solutions to the working people, elderly, and disadvantaged members of the Eagle County community. ECHDA manages all housing projects with which the County is associated, including Lake Creek Village, Golden Eagle Elderly Housing, Riverview Apartments, and Seniors on Broadway. The Board of County Commissioners comprise ECHDA's 3-member Board. The County is responsible for all personnel that run the day-to-day operations of ECHDA. ECHDA holds a 99.9% member interest in The Valley Home Store LLC, which assists with ECHDA's programs and performs other functions to further ECHDA's purpose. ECHDA is also the sole member of Senior Care Land Company LLC, which holds real property; and Lake Creek Village LLC, which owns and operates the 272-unit Lake Creek Village multi-family affordable rental apartment complex. Separate financial statements for Lake Creek Village LLC can be obtained from:

Lake Creek Village LLC  
P.O. Box 850  
Eagle, Colorado 81631

ECHDA is reported as an enterprise fund.

NOTES TO THE FINANCIAL STATEMENTS

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**A. Financial Reporting Entity (continued)**

*Discretely Presented Component Units*

Golden Eagle Elderly Housing Corporation

Golden Eagle Elderly Housing Corporation, a Colorado nonprofit corporation, was organized in May 2002 for the acquisition, construction, operation, maintenance, and development of property used to provide decent, safe, and sanitary housing within the County for the handicapped and aged, and individuals who meet certain living requirements. The Corporation operates a 36-unit elderly rental housing complex, which the Corporation purchased in March 2003. The County has no financial obligations for the debt or operations of the Corporation. The Board of County Commissioners appoints the Corporation's Board and can impose its will on the Corporation.

Complete financial statements for Golden Eagle Elderly Housing Corporation may be obtained at the entity's administrative offices.

Golden Eagle Elderly Housing Corporation  
P.O. Box 850  
Eagle, Colorado 81631

Eagle County Emergency Telephone Service Authority (E 911)

The Board of County Commissioners appoints the Board members for the Eagle County Emergency Telephone Service Authority. The Authority is responsible for the installation and operation of the emergency telephone service. The County can impose its will on the Authority. Separate financial statements are not issued for the Authority.

Eagle Riverview Affordable Housing Corporation

Eagle Riverview Affordable Housing Corporation, a Colorado nonprofit corporation, was organized in April 1999 for the operation, maintenance, and development of property to be used to provide decent, safe, and sanitary housing at affordable rental rates to individual families of low to moderate income. The County had no financial obligation for the debt or operations of the Corporation. The Board of County Commissioners appointed a majority of the Corporation's Board and could impose its will on the Corporation. In 2010, the significant assets of the Corporation were sold and the Corporation ceased active operations. Consequently, separate financial statements have not been issued for the Corporation since 2011. The Corporation was voluntarily dissolved in January 2019.

Lake Creek Affordable Housing Corporation

Lake Creek Affordable Housing Corporation, a Colorado nonprofit corporation, was formed in May 1993, on behalf of the County, to finance the purchase of a 272-unit, multifamily affordable rental apartment complex located in Eagle County. The County Commissioners were responsible for appointing 4 members of the Corporation's 7-member Board, and could impose their will on the Corporation. The County had no financial obligation for the operations of the Corporation. In 2012, the Corporation sold the apartment complex to Lake Creek Village LLC, defeased all outstanding debt, and ceased active operations. Consequently, separate financial statements have not been issued for the Corporation since 2012. The Corporation was voluntarily dissolved in February 2020.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**A. Financial Reporting Entity (continued)**

*Other Related Entity*

Public Trustee

The Public Trustee is a State statutorily-mandated position, appointed by the Board of County Commissioners, but whose financial transactions are independent of the County. However, all expenditures and associated funding transactions relating to the operations of the County Office of the Public Trustee are included in the General Fund, except those required to be accounted for in a Custodial Fund.

**B. Government-wide and Fund Financial Statements**

The County's basic financial statements include both government-wide (reporting the County as a whole) and fund financial statements (reporting the County's major funds). Government-wide financial statements report information on all the activities of the County and its component units. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The County's public safety, public works, health and welfare, transportation, culture and recreation, and general government functions are classified as governmental activities. The sanitary landfill, ECHDA, and air terminal operations are classified as business-type activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the County's governmental functions and business-type activities. The governmental functions are also supported by general government revenues (property taxes, specific ownership taxes, sales taxes, investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants.

Program revenues must be directly associated with the governmental function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The government-wide focus is on the sustainability of the County as an entity and the change in the County's net position resulting from the current year's operations.

**C. Fund Financial Statements**

The financial transactions of the County are reported in individual fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise assets, liabilities, fund equity, revenues, and expenditures/expenses.

The fund focus is on current available resources and budget compliance.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the County, except those required to be accounted for in another fund.

The *Road and Bridge Fund* accounts for the County levied property taxes for the purposes of construction and maintenance of County roads and bridges. It also accounts for State and Federal monies received to maintain County roads and bridges.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. Fund Financial Statements (continued)**

The *ECO Transit Fund* accounts for the .5% County Sales Tax to be used for operating and maintaining a public transportation system in the Eagle Valley.

The *Airport Fund* accounts for general maintenance and operation expense of the Eagle County Airport. Revenues are principally derived from rental of the airport facilities, concessions, and federal grants.

The *Open Space Fund* accounts for property tax revenues to be used to purchase open space within the County.

The *Capital Improvement Fund* accounts for a portion of the 1% County Sales Tax to be used for community enhancements or related debt repayment.

The County reports the following proprietary or business-type funds:

The *Sanitary Landfill Fund* accounts for the operation, maintenance, and development of the County landfill.

The *Eagle County Air Terminal Fund* accounts for the operation, maintenance, and debt service of the airport terminal.

*Eagle County Housing and Development Authority* is the County's statutory housing authority that accounts for the operation and maintenance of housing activities of the County.

Additionally, the County reports the following fund types:

*Internal Service Funds* account for property and casualty insurance coverage; self-insurance health insurance plan; and the operation, maintenance, and purchase of the County's vehicles, including heavy road equipment.

*Custodial Funds* account for monies held on behalf of other governments and agencies that use the County as a depository; for sales and property taxes collected on behalf of the other governments or agencies; for monies held by the Sheriff's office for inmates; and for assets held in a trustee capacity by the Public Trustee in connection with the execution of foreclosure transactions and in contracts for deed to real property. Custodial funds are excluded from reporting in the government-wide financial statements. Budgets are not adopted for the County's custodial funds.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source, and expenditures or expenses by function.

**1. Long-term Economic Focus and Accrual Basis**

Both the governmental and business-type activities in the government-wide financial statements and the proprietary fund financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flow.

**2. Current Financial Focus and Modified Accrual Basis**

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred.

The exception to this general rule is that principal and interest on general long-term debt and compensated absences are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, charges for services, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when qualified expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the County.

**3. Financial Statement Presentation**

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments where the amounts are reasonably equivalent to the value of the interfund services provided and other charges between the County's landfill function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the landfill function.

Amounts reported as program revenues include 1) fees, fines, and charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)**

**3. Financial Statement Presentation (continued)**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are from operation of the County landfill, the air terminal, and housing activities. Operating expenses for the enterprise funds include operating expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**E. Financial Statement Accounts**

**1. Cash, Cash Equivalents, and Investments**

Except for cash held for third parties (e.g., Public Trustee, Sheriff Confiscated and Reserve Funds, and Inmate Funds) and cash held by separate legal entities, which are included in the Eagle County reporting entity, all cash is deposited with the County Treasurer. The Treasurer invests the funds to achieve the best possible return on the investment. Investments in short-term certificates of deposit or cash equivalents are accounted for as cash in all funds. Interest income is allocated to funds as designated by the Board of County Commissioners. Investments are stated at fair value. The change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

For the purposes of the statement of cash flows, the County defines cash and cash equivalents as amounts in demand deposits as well as short-term, highly liquid investments with original maturities of three months or less.

Cash equivalents are both readily convertible to cash and are so near their maturity they present insignificant risk of change in value due to interest rate changes.

Certain proceeds of debt issuances, as well as certain resources set aside for their repayment, have been classified as restricted assets on the balance sheet because their use is limited by the applicable covenants. Restricted assets also include certain deposits that have been limited as to usage pursuant to escrow and similar agreements.

The County is required to comply with State statutes which specify investment instruments meeting defined rating, maturity, custodial and concentration risk criteria in which local governments may invest, which include (with applicable minimum NRSRO credit rating restrictions):

- Obligations of the United States and certain U.S. agency securities
- General obligation and revenue bonds of U.S. local government entities (AA)
- Bankers' acceptance of certain banks (AA)
- Commercial paper and corporate bonds (A-1)
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds (AAAm)
- Certificates of deposit – non-negotiable
- Local government investment pools (AAAm)

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Financial Statement Accounts (continued)**

**2. Receivables**

All property tax and other receivables are shown net of an allowance for uncollectible accounts.

Loans receivable in governmental funds consist principally of housing loans that are generally not expected or scheduled to be collected in the subsequent year, although payment has started on several of the loans.

**3. Inventories**

Inventories are valued at cost using the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

**4. Prepaid Items**

The County uses the consumption method to account for prepaid items. Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

**5. Equity Investments**

The County's non-controlling equity interests in certain entities are recorded at cost or acquisition value.

**6. Capital Assets**

Capital assets, which include land, buildings, improvements, equipment, vehicle and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The County defines capital assets as assets with an initial cost of more than \$10,000, or \$5,000 for Federal grant funded capital assets, and an estimated useful life in excess of one year. Such assets are recorded at cost where historical records are available and at an estimated historical cost where no historical record exists. Donated capital assets are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital outlay for projects is capitalized as projects are constructed. Costs related to the construction of assets including interest, engineering, legal, surveying, and landscaping that were incurred from the beginning of construction until the assets were substantially complete are capitalized.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****E. Financial Statement Accounts (continued)****6. Capital Assets (continued)**

Capital assets (excluding land, water rights, easements, certain intangibles, and construction in progress) of the primary government and its component units are depreciated using the straight-line method over the following estimated useful lives:

	<u>Estimated lives</u>
Buildings and improvements	7 to 40 years
Land improvements	10 to 20 years
Infrastructure	20 to 75 years
Equipment and fixtures	3 to 25 years

**7. Compensated Absences**

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the obligated governmental fund only if they have matured (e.g., unused reimbursable leave still outstanding following an employee's resignation or retirement). Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the governmental activities column in the government-wide financial statements. Vested or accumulated vacation leave of the proprietary fund types are recorded as an expense and liability of that fund as the benefits accrue to employees. In accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

**8. Contraband Seizures**

Proceeds from the seizure of contraband are used by the County Sheriff for law enforcement activities. The funds have been audited in accordance with the Colorado Local Government Audit Law and are recorded as restricted cash in the General Fund within these financial statements. At December 31, 2020, these assets totaled \$32,998.

**9. Deferred Outflows and Inflows of Resources**

Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then. The County has one item that qualifies for reporting under this category on the Statement of Net Position – Proprietary Funds and the Statement of Net Position. This item is deferred charge on refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has only one item that qualifies for reporting in this category, revenue from property taxes, reported in the governmental balance sheet and on the Statement of Net Position. These amounts are deferred and recognized as an inflow from resources in the period that the amounts become available.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Financial Statement Accounts (continued)**

**10. Fund Equity**

Governmental accounting standards establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications include Nonspendable, Restricted, Committed, Assigned and Unassigned. These classifications reflect not only the nature of the funds, but also provide clarity to the level of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned fund balance is limited to negative residual fund balance. Further details on the various fund balance classifications are provided in Note III.I.

**11. Interfund Transactions**

Interfund services provided and used are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund, are recorded as "due from other funds" or "due to other funds" on the balance sheet when they are expected to be liquidated within one year. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances". If the receivable or payable is not expected to be liquidated after one year, it is classified as "advances to other funds" or "advances from other funds."

**F. Significant Account Policies**

**1. Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the County's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

**2. Credit Risk**

Receivables in the County's funds are primarily due from other governments. Management believes that the credit risk related to these receivables is minimal.

**3. Restricted and Unrestricted Resources**

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY****A. Budgetary Information**

Annual appropriated expenditure budgets are adopted for all governmental funds on a basis consistent with GAAP. Annual appropriation budgets are also adopted for certain proprietary funds on a non-GAAP budget basis and are reconciled to GAAP below:

	Sanitary Landfill	Eagle County Air Terminal	Eagle County Housing & Development Authority	Fleet Services
Change in net position - Budget basis	\$ 428,248	\$ 1,300,298	\$ 1,554,334	\$ (658,027)
add/(less):				
Bond principal payments	-	840,000	-	-
Depreciation and amortization	(373,302)	(2,540,361)	(995,295)	(1,705,863)
Landfill closure/post-closure (costs)/recovery	(154,728)	-	-	-
Capitalized assets	334,541	171,215	-	3,192,087
Net book value of capital asset dispositions	-	(34,769)	-	(204,246)
Change in net position - GAAP basis	<u>\$ 234,759</u>	<u>\$ (263,617)</u>	<u>\$ 559,039</u>	<u>\$ 623,951</u>

The County followed these procedures in preparing, approving, and enacting its budget for 2020:

1. In October of each year, a proposed operating budget is submitted to the Board of County Commissioners for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted by the County to obtain taxpayer comments.
3. Prior to December 31, the budget is legally adopted at the fund level through passage of a resolution for all County funds, except the fiduciary fund types.
4. Formal budgetary integration is employed as a management control device during the year for the General Fund, special revenue funds, capital projects funds, and the proprietary funds.
5. Any revisions that increase the expenditures of any fund must be approved by the Board of County Commissioners by passage of a resolution.
6. Budgeted amounts are as originally adopted or as amended by the Board of County Commissioners. All appropriations lapse at year-end. Several supplemental appropriations were adopted in 2020 by the Board of County Commissioners.

The details of the budget calendar follow:

December 15	Statutory deadline for adoption of the budget
December 22	Statutory deadline for Board of County Commissioners to certify all mill levies

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)****A. Budgetary Information (continued)**

Property taxes are not due and payable until after the assessment year has ended, and are not included in the budget or statement of revenues, expenditures, and fund balance of the assessment year.

Property taxes are recorded as deferred inflows from resources in the year they are levied and measurable. They are recorded as revenue in the year they are available or collected.

Property taxes are levied on or before December 15 of each year and attach as an enforceable lien on the property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County bills and collects its own property taxes and the taxes for various other entities.

Local property taxes levied for 2019 and collected, net of temporary tax increment financing districts, by December 31, 2020 are recognized as revenue in these financial statements as shown below:

Fund	Assessed Valuation	Amount of Taxes				Percentage Collected of	
		Mill Levy	Levied (in \$000's)	Budgeted (in \$000's)	Collected (in \$000's)	Levied	Budgeted
General Fund	\$ 3,536,959,480	4.590	\$ 16,235	\$ 15,247	\$ 15,473	95.31%	101.48%
Road and Bridge	3,536,959,480	1.359	4,807	4,514	4,581	95.30%	101.48%
Human Services	3,536,959,480	0.935	3,307	3,106	3,152	95.31%	101.48%
Insurance	3,536,959,480	0.115	407	382	388	95.33%	101.57%
Open Space	3,536,959,480	1.500	5,305	4,983	5,057	95.33%	101.49%
		<u>8.499</u>	<u>\$ 30,061</u>	<u>\$ 28,232</u>	<u>\$ 28,651</u>		

The assessed valuation for property in the State of Colorado is determined using base year market values. The certified assessed valuation, net of temporary tax increment financing districts, for 2020 property taxes increased to \$3,536,959,480 from \$3,122,543,140.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)****A. Budgetary Information (continued)**

Supplemental appropriations for the primary government during 2020 resulted in budget amendments as follows:

<u>Fund</u>	<u>Original Amount</u>	<u>Final Amount</u>
<u><i>Governmental Activities:</i></u>		
General Fund	\$ 43,343,066	\$ 49,837,941
Special revenue funds:		
Road and Bridge	8,899,157	8,923,774
ECO Transit	14,056,970	13,737,295
Airport	5,311,846	8,928,122
Open Space	4,128,063	4,445,838
Human Services	7,874,825	8,699,307
ECO Trails	824,118	766,018
Roaring Fork Transit	639,277	973,660
Roaring Fork Trails	74,315	109,410
Conservation Trust	111,200	68,700
Offsite Road Improvements	5,000	257,791
Public Health	5,579,564	5,995,959
Mental Health and Substance Abuse	952,251	1,011,164
Capital projects funds:		
Capital Improvement	4,000,220	10,854,603
Internal service funds:		
Fleet Services	8,288,049	7,984,384
Insurance Reserve	960,313	1,256,766
Health Insurance	11,129,582	9,783,082
<u><i>Business-type Activities:</i></u>		
Sanitary Landfill	3,360,244	3,360,244
Eagle County Air Terminal	5,148,912	5,809,571
Eagle County Housing and Development	5,583,320	5,709,273

Supplemental appropriations for the County's discretely presented component unit during 2020 resulted in budget amendments as follows:

<u>Fund</u>	<u>Original Amount</u>	<u>Final Amount</u>
E 911	\$ 1,099,415	\$ 1,085,676

Eagle County Air Terminal Corporation is exempt from the Local Government Budget Law of Colorado.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)****B. TABOR Amendment**

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR also requires local governments to establish an emergency reserve to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. The reserve is calculated at 3% of fiscal year spending for fiscal years ending after December 31, 1995. Fiscal year spending excludes bonded debt service and enterprise spending. The County has restricted \$2,747,427 of December 31, 2020 fund balances for this purpose, which is the approximate required TABOR reserve amount.

The County's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions, including the interpretation of how to calculate fiscal year spending limits, will require judicial interpretation.

In November 1995, Eagle County voters approved a ballot question to exempt the County from the revenue and expenditure limits of the TABOR amendment, retroactive to 1994.

**III. DETAILED NOTES ON ALL FUNDS****A. Cash and Investments**

The County Treasurer pools cash and investments that are available for use by each of the County's Governmental, Proprietary, Internal Service, and Agency funds as well as on behalf of other governmental entities and agencies. Additionally, several of the County's funds hold restricted and unrestricted cash balances. Cash and investments held by the County Treasurer, with third parties, and by separate legal entities included in the County reporting entity at December 31, 2020, consisted of the following:

Cash on hand	\$ 18,481
Deposits	10,199,513
Investments - Debt securities	72,138,661
Local government investment pool	55,508,271
Total	<u>\$ 137,864,926</u>

The Colorado Public Deposit Protection Act ("PDPA") requires that all units of local government deposit cash in eligible depositories. The PDPA specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance ("FDIC") on deposits held. Each eligible depository with deposits in excess of the insured levels must pledge a collateral pool of defined eligible assets maintained by another institution or held in trust for all of its local government depositors as a group with a market value equal to at least 102 percent of the uninsured deposits.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****A. Cash and Investments (continued)**

The State Regulatory Commission for banks and savings and loan associations are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. The County had bank deposits of \$12,704,816 at December 31, 2020. Of this bank balance, \$1,415,406 is covered by depositor's insurance, and the remaining \$11,289,410 is collateralized with securities held by the pledging financial institution's trust department or agent in the County's name, or in a pledged collateral pool.

A difference of \$2,505,303 exists between bank balance and book balance, due primarily to deposits in transit or outstanding checks at December 31, 2020.

*Fair Value of Investments*

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

At December 31, 2020, the County had the following recurring fair value measurements:

<b>Investments by Fair Value Level</b>	<b>12/31/2020</b>	<b>Fair Value Measurements Using</b>		
		<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
Debt securities:				
U.S. Treasuries	\$ 7,155,629	\$ 7,155,629	\$ -	\$ -
U.S. agency bonds	23,836,605	23,836,605	-	-
Municipal bonds	20,751,956	20,751,956	-	-
Corporate bonds	20,394,471	20,394,471	-	-
Total Investments by Fair Value Level	<u>\$ 72,138,661</u>	<u>\$ 72,138,661</u>	<u>\$ -</u>	<u>\$ -</u>

**Investments Measured at Net Asset Value**

Local government investment pool:	
COLOTRUST	<u>\$ 55,508,271</u>

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

*Interest Rate Risk* – As a means of limiting its exposure to interest rate risk, the County's investment policies limit the weighted average maturity of the County's investment portfolio to two and one-half years. Additionally, those policies require a minimum of 10% of its total investment portfolio in instruments with maturities of 60 days or less. The County also coordinates its investment maturities to closely match cash flow needs. As a result of the limited length of maturities, the County has limited its interest rate risk.

*Custodial Risk* – At December 31, 2020, the County's investments were held in safekeeping at FirstBank Brokerage Services. To be eligible for designation as the County's safekeeping and custodian bank, a financial institution must qualify as a depository of public funds in the State of Colorado as defined in C.R.S. section 24-75-603 et seq. and be a Federal Reserve member financial institution.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****A. Cash and Investments (continued)**

*Concentration of Credit Risk* – The County's investment policies limit investments in certificates of deposit and general obligation and revenue bonds of U.S. local governments to 25% of the County's investment portfolio, each. Additionally, no more than 5% of the County's total investment portfolio may be invested in the general obligation or revenue bonds of any one issuer. At December 31, 2020, the County's investments in Federal Home Loan Bank and Treasury Notes comprised 11% and 6%, respectively, of the County's investment portfolio.

*Local Government Investment Pool* – At December 31, 2020, the County had invested \$55,508,271 in the Colorado Government Liquid Asset Trust ("COLOTRUST"), referred to as the Trust. The Trust is an investment vehicle established by State statute for local government entities in Colorado to pool surplus funds for investment purposes, and is registered with the State Securities Commissioner. It operates similarly to money market funds and each share is equal in value to \$1. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions of each pooled investment. The majority of securities owned by the Trust are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify investments owned by the Trust. The Trust investments consist of U.S. Treasury and U.S. agency securities, and repurchase agreements collateralized by U.S. Treasury and U.S. agency securities. These investments are not categorized because the underlying securities cannot be determined.

At December 31, 2020, the County had an unrealized gain of \$1,614,173, which reflects changes in the fair value of investments. The County had the following cash and investments with the following maturities:

	Standard & Poors Rating	Carrying Amounts	Investment Maturities (in years)	
			Less Than 1 year	1 to 5 years
Debt securities:				
U.S. Treasuries	AAA	\$ 7,155,629	\$ 4,044,848	\$ 3,110,781
U.S. agency bonds	AA+	23,836,605	8,114,469	15,722,136
Municipal bonds	AAA	13,128,431	2,072,180	11,056,251
Municipal bonds	AA+	2,402,189	-	2,402,189
Municipal bonds	AA	5,221,336	-	5,221,336
Corporate bonds	AAA	8,127,233	3,020,733	5,106,500
Corporate bonds	AA+	3,062,663	1,008,002	2,054,661
Corporate bonds	AA-	9,204,575	2,009,607	7,194,968
		<u>72,138,661</u>	<u>20,269,839</u>	<u>51,868,822</u>
Local government investment pool:				
COLOTRUST	AAAm	55,508,271	55,508,271	-
Total		<u>\$ 127,646,932</u>	<u>75,778,110</u>	<u>51,868,822</u>

*Restricted Cash and Investments*

At December 31, 2020 the County held restricted funds of \$32,998 in the General Fund to be used for properly approved capital and operational expenditures related to law enforcement.

Restricted funds of \$1,130,579 were held in the Capital Improvement Fund at December 31, 2020 from proceeds of the Series 2019 Certificates of Participation, to be used for various capital projects.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****A. Cash and Investments (continued)***Restricted Cash and Investments (continued)*

The Eagle County Air Terminal Corporation Fund had restricted cash and investments totaling \$12,392,200 which is restricted by debt covenants; with \$4,198,182 restricted for debt service payments; \$252,075 restricted for operations and maintenance; and \$7,941,943 restricted for construction and other asset additions.

ECHDA held restricted cash and investments of \$3,091, which is restricted by grant documents for funding housing loans. Lake Creek Village LLC, whose sole member is ECHDA and is consolidated with ECHDA for purposes of these financial statements, held restricted cash and cash equivalents totaling \$1,512,838; of which \$334,164 was held as tenant security deposits; and \$1,178,674 was restricted by debt covenants for future tax and insurance payments associated with the insured mortgage.

Golden Eagle Elderly Housing Corporation, a discretely presented component unit of the County, had restricted cash and investments totaling \$180,938 at December 31, 2020; with \$17,592 held as security deposits and \$163,346 restricted by debt covenants for capital improvements and other asset additions.

**B. Interfund and Component Unit Receivables, Payables, and Transfers**

The composition of interfund balances as of December 31, 2020 is as follows:

Due to	Due from						
	General	Road and Bridge	ECO Transit	Airport	Open Space	Capital Improvement	Component Unit
General	\$ -	\$ 13,392	\$ 6,585	\$ 3,096	\$ 525	\$ -	\$ -

Total	<u>\$ 71,655</u>	<u>\$ 12,127</u>	<u>\$ 67,034</u>	<u>\$ 1,244,879</u>	<u>\$ 37,202</u>	<u>\$ 1,883,579</u>

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****B. Interfund and Component Unit Receivables, Payables, and Transfers (continued)**

Interfund and component unit balances at December 31, 2020 represent allocations of resources based upon County Commissioner adopted budgetary policies or as a result of interfund services provided. These remaining balances resulted from the time lag between the dates that transactions are recorded in the accounting period, and payments between funds are made.

At December 31, 2020, the County's interfund balances included the following significant transactions:

1. ECHDA had interfund payables of \$600,000 and \$432,000 to the General Fund and a nonmajor fund, respectively, for money used in housing projects.
2. ECHDA had interfund payables of \$198,765 to a nonmajor fund for payroll and other operating costs.
3. The General Fund has an interfund payable of \$87,315 to the Sanitary Landfill for its allocation of energy credits from the solar panel investment.

Interfund transfers during 2020 were as follows:

Transferred to	Transferred from					
	General	Road and Bridge	ECO Transit	Open Space	Nonmajor Funds	Internal Service Fund
ECO Transit	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 296,453
Capital Improvements	-	-	-	-	88,715	-
Nonmajor funds	2,160,000	-	-	-	-	-
Sanitary Landfill	87,315	-	-	-	-	-
ECHDA	-	-	-	-	152,320	-
Internal service funds	150,000	-	-	-	-	-
Total	<u>\$ 2,397,315</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 241,035</u>	<u>\$ 296,453</u>

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and, 3) provide additional resources for current operations or debt service. All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

During the year ended December 31, 2020, the County made the following significant one-time transfers:

1. A transfer of \$296,453 from the Internal Service Fund to ECO Transit for insurance proceeds received to purchase a new bus.
2. A transfer of \$2,160,000 from the General Fund to a nonmajor governmental fund for the County contribution to the Health Fund.
3. A transfer for \$150,000 from the General Fund to the Internal Service Fund to cover increased insurance costs.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**III. DETAILED NOTES ON ALL FUNDS (continued)**

**C. Operating Leases**

The County is committed under various leases for office equipment. For accounting purposes, these leases are considered to be operating leases, and therefore, the liability and the related assets have not been recorded in these financial statements.

**D. Loans and Noncurrent Receivables**

**1. Loans Receivable**

The County supports a variety of loan programs to encourage home ownership in Eagle County. These loans receivable are due from Eagle County homeowners, secured by deeds of trust on the underlying properties, and have varying interest rates and maturities. The balance of such loans – all of which the County considers collectible – outstanding at December 31, 2020 was \$2,903,822.

**2. Note Receivable – Seniors on Broadway, LP**

In October 2007, the County executed a \$1,315,000 promissory note with Seniors on Broadway, LP ("SOB LP"). The note, which matures in December 2050, is secured by a deed of trust on all constructed leasehold improvements related to SOB LP's housing project. Interest accrues and compounds annually at a fixed rate of 3.2% per annum, which approximates the effective interest rate. At December 31, 2020, SOB LP owed the County a principal balance of \$1,315,000 on this note, plus accrued interest of \$403,572.

**3. Notes and Other Receivables – Riverview Apartments Preservation, LP**

In August 2010, ECHDA executed a Pre-Development promissory note with Riverview Apartments Preservation, LP ("RAP LP"), in the amount of \$2,172,000. The note, which matures in August 2065, is secured by a second deed of trust on RAP LP's housing project. The note bears interest at 3.94%, per annum, and requires annual payments, beginning in 2011, to the extent of RAP LP's surplus cash. At December 31, 2020, RAP LP owed ECHDA a principal balance of \$2,172,000 on this note, plus accumulated accrued interest totaling \$1,076,939.

In August 2010, ECHDA executed a \$1,144,598 Green Retrofit promissory note with RAP LP, to fund certain improvements. The note, which matures in August 2065, is secured by a third deed of trust on RAP LP's housing project. The note bears interest at 3%, per annum, and requires annual payments, beginning in 2011, to the extent of RAP LP's surplus cash. At December 31, 2020, RAP LP owed ECHDA a principal balance of \$1,144,598 on this note, plus \$342,122 of accumulated accrued interest.

In August 2010, ECHDA executed a \$450,000 CDH Loan promissory note with RAP LP. The note, which matures in August 2065, is secured by a fourth deed of trust on RAP LP's housing project. The note is non-interest bearing, and requires annual payments, beginning in 2011, to the extent of RAP LP's surplus cash. At December 31, 2020, RAP LP owed ECHDA a principal balance of \$450,000 on this note.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**III. DETAILED NOTES ON ALL FUNDS (continued)****D. Noncurrent Receivables (continued)****3. Notes and Other Receivables – Riverview Apartments Preservation, LP (continued)**

In August 2010, ECHDA executed a \$1,951,496 Bridge Loan promissory note with RAP LP. The note, which matures in August 2065, is secured by a fifth deed of trust on RAP LP's housing project. The note bears interest at 3.94%, per annum, and requires annual payments, beginning in 2011, to the extent of RAP LP's surplus cash. The terms of the note also required RAP LP to reduce the principal balance of the loan to \$538,407 by the earlier of April 2012 or the date on which the Investor Limited Partner funded its entire capital contribution under RAP LP's Partnership Agreement. The required principal reduction payment was made in 2011. At December 31, 2020, RAP LP owed ECHDA a principal balance of \$538,407 on this note, plus accumulated accrued interest totaling \$379,849.

In August 2010, RAP LP entered into a Development Services Agreement with ECHDA for the provision of services to oversee development and construction of RAP LP's housing project. Under the agreement, ECHDA is to receive a development fee totaling \$500,000 which is payable from available cash flow and upon RAP LP's receipt of the Investor Limited Partner's required capital contributions in accordance with RAP LP's Partnership Agreement. Through 2011, ECHDA had earned the entire development fee of \$500,000. At December 31, 2020, RAP LP owed ECHDA development fees totaling \$189,644.

Riverview Apartments Preservation LLC – whose sole member is ECHDA – is the General Partner of RAP LP and, pursuant to RAP LP's Partnership Agreement, is to be paid an annual partnership management fee, payable only to the extent of RAP LP's sufficient Cash Flow, as defined. RAP LP owed accumulated accrued partnership management fees totaling \$212,331 at December 31, 2020.

**4. Note Receivable – Castle Peak Senior Care, LLC**

In June 2015, ECHDA executed a \$5,000,000 promissory note with Castle Peak Senior Care, LLC ("Castle Peak"), in connection with Castle Peak's development and construction of a senior living facility. The promissory note, which matures in June 2070, is secured by a subordinate deed of trust on the project. The note bears interest at 2% per annum and requires annual payments be made each year, to the extent of surplus cash. At December 31, 2020, Castle Peak owed ECHDA a principal balance of \$5,000,000 on this note, plus \$556,390 of accumulated accrued interest.

**5. Note Receivable – 6 West Apartments, LLC**

In February 2018, ECHDA executed a \$323,879 promissory note with 6 West Apartments, LLC ("6 West Apartments") in connection with the County's dedication of certain water rights (through transfer of certain of the County's shares in Eagle Park Reservoir Company to support 6 West Apartment's development and construction of a deed-restricted rental apartment project. The promissory note, which matures no later than February 2033, is secured by a subordinate deed of trust on the project. If the note is not repaid in full by February 2023, the terms of the promissory note require 6 West Apartments to pay ECHDA a proportionate share of the appreciation in value of the project upon maturity. In February 2020, the promissory note was paid in full by 6 West Apartments.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****D. Noncurrent Receivables (continued)****6. Note Receivable – Spring Creek Gypsum, LLLP**

In October 2019, ECHDA executed a \$500,000 promissory note with Spring Creek Gypsum, LLLP ("Spring Creek") in connection with Spring Creek's development and construction of low income housing. The promissory note, which matures in February 2038, is secured by a subordinate deed of trust on the project. The note bears interest at 3% per annum and requires annual payments be made each year, to the extent of surplus cash. At December 31, 2020, Spring Creek owed ECHDA a principal balance of \$500,000 on this note, plus \$6,041 of accumulated accrued interest.

**E. Equity Investments**

Eagle Park Reservoir Company ("ERPC"), a Colorado nonprofit corporation, was formed in May 1998 to acquire water diversion, storage facilities, and water rights; to operate water storage facilities located in Eagle County; and to deliver water from its storage facilities on behalf of its shareholders. Each share in EPRC entitles the holder to specified annual water yield from EPRC's storage facility. During 2020, the County transferred its remaining 874.4 Class A, Series 2 shares to Upper Eagle Regional Water Authority to cover Authority fees for future affordable housing projects.

ECHDA's 100% membership interest in Riverview Apartments Preservation LLC is reported at \$154.

**F. Other Investments**

During 2015 and 2016, the County purchased investments in the production capacity of solar panels located in a local solar array farm, which will generate credits over a twenty-year term, based on the output of the panels, to reduce the County's utility expenses in future years. The County's investment is carried at cost, net of amortization over the twenty-year contract period.

During 2020, the County sold the 2015 investment in the solar array for \$1,534,482, resulting in a loss on the sale of \$123,235.

The County's investments in solar arrays at December 31, 2020 are as follows:

	<b>Governmental Activities</b>	<b>Business-Type Activities</b>
Solar array, at cost	\$ -	\$ 1,345,206
Less: Accumulated amortization	-	(336,302)
Investment in solar array, net	<u>\$ -</u>	<u>\$ 1,008,904</u>

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****H. Long-term Debt**Governmental Activities:**1. 2015 Refunding Certificates of Participation**

In December 2015, the County, through Eagle Lease Financing Corporation and Eagle County Justice Center Financing Corporation, issued \$19,215,000 in Refunding Certificates of Participation to 1) advance refund all outstanding Series 2005 Refunding Certificates of Participation, and 2) to redeem on December 1, 2018 all Series 2008 Certificates of Participation maturing on or after December 1, 2019 and pay principal and interest on the outstanding Series 2008 Certificates of Participation until that redemption date. The Series 2015 Refunding Certificates of Participation bear interest at 2% to 5% per annum, and mature in annual increments from December 1, 2016 through 2029. Net proceeds of \$3,470,410 (after payment of underwriter fees and other issuance costs) were deposited with the trustee for redemption of the Series 2005 Certificates of Participation. Net proceeds of \$17,993,909 (after payment of underwriter fees and other issuance costs) were used to purchase obligations that are unconditionally guaranteed by the U.S. Government, which were deposited into an irrevocable trust with an escrow agent to provide for all future debt service payments on the Series 2008 Certificates of Participation. Lease revenues are pledged to debt service on the 2015 Certificates of Participation. The 2015 Refunding Certificates of Participation will be serviced by the County's Justice Center Financing Authority.

The trustee, UMB Bank, N.A., has leased the Eagle Justice Center Addition to the County for a period concurrent with the term of the Series 2015 Certificates of Participation.

This refunding was undertaken to reduce total debt service payments by \$985,567 and resulted in an economic gain of \$228,153.

**2. 2019 Certificates of Participation**

In May 2019, the County issued \$8,310,000 in Certificates of Participation to finance the construction of a 22-unit workforce housing project. The Series 2019 Certificates of Participation bear interest at 5% per annum, mature in annual increments from December 1, 2020 through 2029, and are secured by lease revenues.

**3. Annual Debt Service Requirements – Governmental Activities**

Debt service requirements to maturity for certificates of deposit associated with the County's governmental activities are as follows:

Years Ending December 31	Governmental Activities					
	2015 Certificates of Participation		2019 Certificates of Participation		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2021	\$ 1,015,000	\$ 561,500	\$ 695,000	\$ 382,500	\$ 1,710,000	\$ 944,000
2022	1,070,000	510,750	730,000	347,750	1,800,000	858,500

2024	1,180,000	401,000	800,000	273,000	1,980,000	674,000
2025	1,235,000	342,000	845,000	233,000	2,080,000	575,000
2026 - 2029	5,605,000	717,750	3,815,000	488,500	9,420,000	1,206,250
Total	<u>\$ 11,230,000</u>	<u>\$ 2,990,250</u>	<u>\$ 7,650,000</u>	<u>\$ 2,036,000</u>	<u>\$ 18,880,000</u>	<u>\$ 5,026,250</u>

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****H. Long-term Debt (continued)***Business-type Activities:***4. Air Terminal Corporation Revenue Bonds**

In June 2011, pursuant to the provisions of a Trust Indenture, Eagle County Air Terminal Corporation issued Airport Terminal Project Revenue Refunding Bonds, Series 2011A and Series 2011B (collectively, the "Series 2011 Bonds") in the principal amounts of \$7,190,000 and \$2,880,000, respectively. The Series 2011A bonds bear interest at 3% - 6% per annum, and mature through May 1, 2027. The Series 2011B bonds bear interest at 2.05% - 4.4% per annum, and matured through May 1, 2016. Proceeds of the Series 2011 Bonds were used to advance refund all then-outstanding Series 2001 Bonds previously issued by Eagle County Air Terminal Corporation.

In September 2017, pursuant to the provisions of a Trust Indenture, Eagle County Air Terminal Corporation issued Airport Terminal Project Revenue Refunding Bonds, Series 2017A and Series 2017B (collectively, the "Series 2017 Bonds") in the principal amounts of \$835,000 and \$29,145,000, respectively. The Series 2017A bonds bear interest at 2% - 4% per annum, and mature through May 1, 2019. The Series 2017B bonds bear interest at 2% - 5% per annum, and mature through May 1, 2041. Proceeds of the Series 2017A bonds were used to refund all then-outstanding Series 2006B bonds, and proceeds of the Series 2017B bonds were deposited with the Trustee to fund Project improvements.

The Series 2011 Bonds and Series 2017 Bonds are revenue bonds, which constitute special obligations of Eagle County Air Terminal Corporation secured solely by a Trust Estate. The Trust Estate includes all right, title and interest of Eagle County Air Terminal Corporation in the Project Revenues, all funds held by the Trustee, the Ground Lease, the Project Agreement and the Terminal Agreements (as described in the Trust Indenture, as amended) and other tangible and intangible assets. The Indenture and related Bond Resolution require that the revenue of the Project is to be used first to pay operating and maintenance expenses of the Project; then to establish and maintain revenue bond funds; and remaining revenues may then be used for any lawful purpose. Eagle County Air Terminal Corporation is in compliance with all significant financial requirements as of December 31, 2020.

Debt service requirements to maturity for revenue bonds associated with the County's business-type activities are as follows:

Years Ending December 31	<b>Business-type Activities</b>	
	Revenue Bonds	
	Principal	Interest
2021	\$ 880,000	\$ 1,586,800
2022	925,000	1,543,575

2024	1,020,000	1,446,300
2025	1,075,000	1,393,050
2026 - 2030	6,285,000	6,047,325
2031 - 2035	8,090,000	4,248,000
2036 - 2040	10,380,000	1,950,500
2041	2,405,000	60,125
<b>Total</b>	<b>\$ 32,030,000</b>	<b>\$ 19,772,475</b>

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****H. Long-term Debt (continued)***Business-type Activities (continued):***5. Eagle County Housing and Development Authority – HUD-Insured Mortgage Notes**

In December 2012 and in connection with the acquisition of the Lake Creek Village affordable apartments complex (the "Project"), Lake Creek Village LLC ("LCV LLC", whose sole member is ECHDA) entered into a mortgage note agreement (the "HUD-insured Mortgage") with Wells Fargo Bank, N.A. ("Wells Fargo") in the principal amount of \$29,360,000. The HUD-insured Mortgage is insured by the U.S. Department of Housing and Urban Development ("HUD") under section 223(f) of the Housing and Community Development Act of 1992, as amended, and is secured by a first deed of trust on the Project. Interest accrues on the principal amount outstanding at 2.5% per annum, with one interest-only payment due January 1, 2013 and blended monthly payments of \$104,961 beginning February 1, 2013 until maturity on January 1, 2048. Unless otherwise directed by HUD, the HUD-insured Mortgage may not be repaid prior to February 2014, and any prepayment between February 2014 and January 2023 requires LCV LLC to pay Wells Fargo a prepayment penalty of between 9% and 1% of the prepayment amount, depending on the prepayment date.

In August 2017 and in connection with the re-siding project, LCV LLC entered into a mortgage note agreement (the "Re-siding Project Mortgage") with Wells Fargo in the principal amount of \$7,822,600. Proceeds of the loan were disbursed by Wells Fargo as the re-siding project progressed. However, savings realized during the re-siding project reduced the final principal amount of the Re-siding Project Mortgage to \$7,292,200. The Re-siding Project Mortgage is insured by HUD under section 241(a) of the National Housing Act of 1934, as amended, and is secured by a second deed of trust on the Project. Interest accrues on the principal amount outstanding at 4.18% per annum, with interest-only payments beginning September 1, 2017 and blended monthly payments of \$36,139 beginning January 1, 2019 until maturity on January 1, 2048. Unless otherwise directed by HUD, the Re-siding Project Mortgage may not be repaid prior to January 2019, and any prepayment between January 2019 and December 2028 requires the Company to pay Wells Fargo a prepayment penalty of between 10% and 1% of the prepayment amount, depending on the prepayment date.

Debt service requirements to maturity for mortgage notes associated with the County's business-type activities are as follows:

Years Ending December 31	<b>Business-type Activities</b>	
	Mortgage Notes	
	Principal	Interest
2021	\$ 790,592	\$ 902,609

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****H. Long-term Debt (continued)****6. Discretely Presented Component Units****A. Golden Eagle Elderly Housing Corporation**

In connection with Golden Eagle Elderly Housing Corporation's acquisition of the Golden Eagle Apartments (the "Project") in March 2003, the Corporation assumed \$1,063,478 of promissory notes (the "2003 Note") payable to Rural Housing Service ("RHS"); a division of the U.S. Department of Agriculture. The 2003 Note is secured by the Project, and other assets and revenues of the Corporation. The 2003 Note bears interest at 6% per annum and is due in monthly blended installments of \$5,600. The Corporation receives varying monthly interest subsidies from RHS. During 2020, these subsidies totaled \$32,951. The 2003 Note is amortized over 50 years, with a balloon payment of unpaid principal and accrued interest due March 14, 2033.

On December 8, 2006, the Corporation executed another promissory note for \$362,870 with RHS (the "2006 Note"); the proceeds of which were used to fund capital improvements. The 2006 Note is secured by the Project, and other assets and revenues of the Corporation. The 2006 Note bears interest at 5.875% per annum and is due in monthly blended installments of \$773. The Corporation receives a monthly interest subsidy of \$1,111 from the RHS. During 2020, these subsidies totaled \$13,338. Monthly payments are due beginning February 1, 2007, with a balloon payment of unpaid principal and accrued interest due January 1, 2037.

Debt service requirements to maturity for Golden Eagle Elderly Housing Corporation's mortgage notes are as follows:

Years Ending December 31	Component Units	
	Mortgage Notes	
	Principal	Interest
2021	\$ 12,841	\$ 63,626
2022	13,629	62,837
2023	14,466	62,001
2024	15,354	61,113
2025	16,297	60,170
2026 - 2030	97,776	284,557
2031 - 2035	852,778	126,367
2036 - 2037	272,420	2,675
<b>Total</b>	<b>\$ 1,295,561</b>	<b>\$ 723,346</b>

The compensated absences liability will be paid from the following funds from which employees' salaries are paid: General Fund, Road and Bridge Fund, ECO Transit Fund, Airport Fund, Open Space Fund, Human Services Fund, ECO Trails Fund, 800 MHZ Fund, Public Health Fund, Housing Fund, Sanitary Landfill Fund, and the Internal Service funds.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**III. DETAILED NOTES ON ALL FUNDS (continued)**

**H. Long-term Debt (continued)**

**8. Conduit Debt Obligations**

From time to time, the County has issued Private Activity Bonds to provide financial assistance to private sector entities for the acquisition and construction of housing and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private sector entity served by the bond issuance. Neither the County, nor the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2020, four series of Private Activity Bonds were outstanding, with an aggregate principal amount payable of \$21,010,000.

**9. Debt Requirements**

The County is compliant in ongoing disclosure requirements to the secondary bond market in accordance with the Securities and Exchange Commission's Rule 15c2-12.

**I. Fund Balance Disclosures**

The County classifies governmental fund balances as follows:

*Nonspendable* – includes fund balance amounts inherently nonspendable since they represent inventories, prepaid items, and long-term portions of loans receivable.

*Spendable Fund Balance:*

*Restricted* - includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.

*Committed* - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority, which are the Board of County Commissioners. The County must make formal action through resolution to establish, modify, or rescind committed fund balance amounts.

*Assigned* – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Board of County Commissioners or its management designees. The County Manager has authority to establish, modify, or rescind assigned fund balance to a specific department or project within a fund, as stated in the County's adopted financial policies.

*Unassigned* – includes residual positive fund balance within the General Fund, which has not been classified within the other above-mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**III. DETAILED NOTES ON ALL FUNDS (continued)****I. Fund Balance Disclosures (continued)**

The Board of County Commissioners adopted a minimum fund balance policy via resolution, which includes the following requirements:

- 1) A reserve has been established to minimize the effect of an unexpected revenue shortfall. The minimum balance of \$6.4 million is shown as committed fund balance in the General Fund. Expenditures from the reserve require approval by the Board of County Commissioners via a supplemental appropriation. There are no required additions to the reserve.
- 2) A reserve has been established to minimize the effect of extreme events. The minimum balance of \$6.7 million is shown as committed fund balance in the General Fund. Expenditures from the reserve require approval by the Board of County Commissioners via a supplemental appropriation. There are no required additions to the reserve.

The County's restricted amounts are to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit this, such as grant agreements that require dollar for dollar spending. Additionally, the County would first use committed, then assigned, and lastly unassigned amounts when expenditures are made.

Components of fund balance classifications reported on the governmental funds balance sheet are as follows:

<b>Purpose</b>	<b>Fund</b>	<b>Non-spendable</b>	<b>Restricted</b>	<b>Committed</b>	<b>Assigned</b>
Other assets and prepaid expenses:					
	General Fund	\$ 65,126	\$ -	\$ -	\$ -

**IV. OTHER INFORMATION****A. Pension Plans**

The County participates in the Colorado Retirement Association ("CRA"), a multiple-employer public employee retirement system, which is a qualified plan as defined by Internal Revenue Code section 401(a) and C.R.S. section 24-54. CRA was formerly known as the Colorado County Officials and Employees Retirement Association ("CCOERA"), with the name change effective in June 2019. The plan provides retirement benefits through a defined contribution plan to participating Colorado counties, municipalities, and special districts. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings. CRA administers this plan on behalf of the County.

State statute assigns the authority to establish and amend the benefit provisions of the plans that participate in CRA to the respective employer governments.

There are no unfunded past service liabilities. All full-time employees are required to participate in the plan after the first paid wages. The County is required to contribute 3% - 6% of employee and 12% of elected officials' compensation, respectively, excluding overtime. The employee is required to contribute an amount equal to the County's contribution, and may contribute up to an additional 10% of after-tax compensation. The County's contribution for each employee, including earnings thereon allocated to the employee's account, vest at the rate of 20% for each year of participation in the plan. County contributions and earnings forfeited by employees who leave employment before fully vesting are returned to the County.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**IV. OTHER INFORMATION**

**A. Pension Plans**

The County's total payroll for 2020 was \$47,712,652 and covered payroll was \$36,661,858. During 2020, the County and employees made the required contributions amounting to \$2,072,099 each, for a total of \$4,144,198.

Additionally, the County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code section 457. The plan is also administered by CRA. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are to be held in trust for the exclusive benefit of the plan participants and their beneficiaries. The County makes matching contributions equal to 2% of contributions made by each employee. Employees are immediately 100% vested in amounts contributed by the County. Contributions were limited by the Internal Revenue Service to \$18,000 for the year ended December 31, 2020. During 2020, employee contributions and County matching contributions totaled \$529,030 and \$13,951 respectively.

**B. Risk Management**

**1. County Workers' Compensation Pool**

The County is exposed to various risks of loss related to injuries of employees while on the job. The County joined other counties in the State of Colorado to form the County Workers' Compensation Pool ("CWCP"), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and that the Pool will purchase insurance through commercial companies for members' claims in excess of specified self-insured retention, which is determined each policy year.

**2. Colorado Counties Casualty and Property Pool**

The County is exposed to various risks of loss related to casualty and property losses. The County has joined other counties in the State of Colorado to form Colorado Counties Casualty and Property Pool ("CAPP"), a public entity risk pool currently operating as a common risk management and insurance program for member counties.

The intergovernmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and that the Pool will purchase insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year. In the past three years, the amount of settlement for any claim has not exceeded the insurance coverage in any instance.

The Insurance Reserve Internal Service Fund has been established to accumulate funds to pay the County's annual casualty and property contribution to CAPP, as well as all deductibles resulting from claims. A property tax mill levy provides the primary source of revenues for this fund.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**IV. OTHER INFORMATION (continued)****B. Risk Management (continued)****3. Health Insurance**

The County has established two health insurance plans to provide medical benefits to eligible employees. Both plans are self-funded, and the potential claims liability is determined annually based on previous year actual expenditures. The County is responsible for the payment of these premiums as well as the claims submitted for payment to the self-funded plans. A third party stop-loss provider has been contracted to provide coverage of any claims against the self-funded plan in excess of \$110,000 individually, or \$8,857,789 in the aggregate.

The Health Insurance Internal Service Fund has been established to account for the health insurance plans provided by the County to its employees. The premiums charged are allocated to the County funds that employ those covered by the health insurance plans. Settlements have not exceeded coverages for each of the past three fiscal years.

Incurred but not reported claims are recorded as a liability of the Health Insurance Fund. At December 31, 2020 these claims were estimated by the administrator at \$1,077,800.

	2020	2019
Unpaid claims, beginning	\$ 1,104,700	\$ 1,181,500
Incurred claims, including IBNRs	6,594,998	8,404,806
Claims paid	(6,621,898)	(8,481,606)
Unpaid claims, ending	<u>\$ 1,077,800</u>	<u>\$ 1,104,700</u>

**C. Claims and Contingencies****1. Pending Litigation**

The County is involved in various lawsuits. Where the County Attorney is the attorney of record for Eagle County, the County Attorney does not believe the potential loss to the County from any of these lawsuits would have a material impact on the financial statement.

**2. Leases**

The Eagle County Air Terminal Corporation leases space within and outside the air terminal facility to airlines, car rental agencies, and other concessionaires. The cost and carrying value of the air terminal facility is included in capital assets disclosed in Note III F. The future minimum rentals on the non-cancelable leases for the years subsequent to December 31, 2020, are as follows:

2021	\$ 647,109
2022	81,931
2023	81,931
2024	75,104
Total	<u>\$ 886,075</u>

The lease agreements with the airlines state that the Corporation will rebate to all signatory airlines 50% of any Net Concession Revenues, up to a maximum of \$300,000. The amount rebated for 2020 was \$300,000.

## NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

**IV. OTHER INFORMATION (continued)****C. Claims and Contingencies (continued)****3. Closure and Post-Closure Care Costs**

State of Colorado "Regulations Pertaining to Solid Waste Disposal Sites and Facilities, 6 CCR 1007-2" require that owners or operators of any solid waste disposal site/facility shall maintain in written documented form current cost estimates for hiring a third party to close such site and facility and to conduct post-closure care of such site/facility. The owner or operator of any solid waste disposal site and facility shall establish financial assurance sufficient to ensure payment of such costs.

The County uses the "Local Government Financial Test" as its financial mechanism to financially assure full payment of all closure, post-closure, and if applicable, corrective action estimated costs.

As of December 31, 2020 estimated total costs to close the landfill and provide 30 years of post-closure care were:

Closure cost estimate	\$ 3,659,895
Post-closure cost estimate	2,076,506
Total cost estimate	<u>5,736,401</u>
Current capacity filled	<u>51.64%</u>
Current cost estimate	<u>\$ 2,962,277</u>
Current closure cost estimate	\$ 1,889,970
Current post-closure cost estimate	1,072,307
Current cost estimate	<u>\$ 2,962,277</u>

Closure costs fluctuate due to ongoing landfill development and would be expected to become somewhat lower as supplementary structures are constructed.

The County reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$2,962,277 reported as landfill closure and post-closure care liability at December 31, 2020 represents the cumulative amount reported to date based on the use of 51.64% of the capacity of the landfill. The County will recognize the remaining \$2,774,124 estimated costs of closure and post-closure care as the remaining capacity is filled. The current approved disposal facility is estimated to have a life span of 22 years and is expected to reach capacity somewhere between 2021 and 2042. Actual closure/post-closure costs may be higher due to inflation, changes in technology, or changes in regulations.

The County makes annual contributions to finance closure and post-closure care costs. At December 31, 2020, investments of \$2,962,277 are held for these purposes based upon the formula noted above. These investments are included in the cash and investments balance in the Landfill Fund of \$11,759,979 at December 31, 2020. The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by increasing charges to future landfill users or from subsidizing these costs with future tax revenue.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020

---

**IV. OTHER INFORMATION (continued)**

**D. Restatements**

The beginning net position for the Human Services Fund has been increased by a total of \$326,473 as a result of the County recognizing previously deferred Collaborative Management Program revenue and restricting net position.

## **NON-MAJOR GOVERNMENTAL FUNDS**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for a specific purpose. The County has the following non-major special revenue funds:

### Human Services Fund

To account for payments in cash, commodities, and food stamps to qualifying persons. Financing is provided by an annual property tax mill levy and grants from the State of Colorado and the Federal government.

### ECO Trails Fund

To account for the .5% County Sales Tax to be used for community enhancements and maintenance of a trails system within the Eagle Valley.

### Roaring Fork Transit Fund

To account for the .5% County Sales Tax to be used for operating and maintaining a public transportation system in the Roaring Fork Valley.

### Roaring Fork Trails Fund

To account for the .5% County Sales Tax to be used for community enhancements and maintenance of a trails system within the Roaring Fork Valley.

### Conservation Trust Fund

To account for State of Colorado lottery proceeds that are restricted to capital parks and recreation expenditures.

### 800 MHZ Fund

To account for revenues received for the maintenance of the County's microwave system used in law enforcement.

### Offsite Road Improvements Fund

To account for fees dedicated to perform traffic studies near new developments and provide recommendations of necessary road improvements.

### Emergency Reserve Fund

To account for emergency funds set aside in compliance with Article X, Section 20 of the Colorado Constitution.

### Public Health Fund

To account for revenues received for the administration of the Eagle County Public Health Agency, as required by Colorado state statute.

### Mental Health and Substance Abuse Fund

To account for the County Sales Tax, up to 5% of retail marijuana sales and excise tax, to be used as funding for mental health and substance abuse services in Eagle County.

### Housing Loan Fund

To account for housing assistance funds established for the County's down payment assistance program.

### Housing Fund

To account for revenues received for administration of all housing-related programs other than the Housing Loan Fund and the Workforce Housing Rental Fund.

### Workforce Housing Rental Special Revenue Fund

To account for revenues received from operation of workforce rental housing owned by the County.

Debt service	\$ 325,694	
Investment fee	<u>282</u>	
Total - Passenger facility charges expensed		<u>325,976</u>
Unliquidated passenger facility charges - ending		<u><u>\$ 558,942</u></u>

Notes to the Schedule of Passenger Facility Charges Collected and Expended:

Note 1. Basis of Presentation:

The accompanying schedule of Passenger Facility Charges ("PFCs") collected and expended includes the PFC activity of Eagle County Air Terminal Corporation (a component unit of Eagle County, Colorado), and is presented on the cash basis of accounting. The information in this schedule is presented for purposes of additional analysis as specified in the *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in preparation of, the basic financial statements.

PFC expenditures may consist of direct project costs, administrative costs, debt service costs, and bond financing costs, if requested in the application. Eligible expenditures not requested or approved in the application are not applied against PFCs collected. The accompanying schedule of PFCs collected and expended includes eligible expenditures that have been applied against PFCs collected as of December 31, 2020.

**(THIS PAGE INTENTIONALLY LEFT BLANK)**

The public report burden for this information collection is estimated to average 380 hours annually.

## **STATISTICAL SECTION**

## **STATISTICAL SECTION**

This part of Eagle County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

### Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

### Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

### Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

### Operating Information

These schedules contain service and infrastructure data to help readers understand how the information in the County's financial report relates to the services the government provides and the activities it performs.

*Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.*

Wal-Mart Stores	Retail	267	0.9%	n/a	n/a
Gallegos Corporation	Construction	101	0.3%	220	0.7%

(1) Due to the seasonal nature of the majority of the businesses in the County, these employers have provided estimated employee figures based on the ski season, which runs from approximately mid-November through mid-April and the off-season/summer season which generally runs from mid-April through mid-November.

(2) Vail Health was previously known as Vail Valley Medical Center.

Note: Rank listed based on responses only, not actual Top 10 employers in Eagle County

Due to employer confidentiality, the estimated number of employees will be reported as a range going forward

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**To the Board of County Commissioners  
Eagle County, Colorado**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Eagle County, Colorado (the "County") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 22, 2021.

### ***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT  
To the Board of County Commissioners  
Eagle County, Colorado**

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; ON COMPLIANCE WITH THE PASSENGER FACILITY CHARGE PROGRAM; AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE PASSENGER FACILITY CHARGE AUDIT GUIDE FOR PUBLIC AGENCIES**

**To the Board of County Commissioners  
Eagle County, Colorado**

### ***Report on Compliance for Each Major Program***

We have audited the compliance of Eagle County, Colorado (the "County") with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020 and its compliance with the compliance requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies* (the "Guide"), issued by the Federal Aviation Administration, for its Passenger Facility Charge program for the year ended December 31, 2020. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs and to the Passenger Facility Charge program.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and to the Passenger Facility Charge program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (the "Uniform Guidance"), and the Guide. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and on the Passenger Facility Charge program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and on the Passenger Facility Charge program. However, our audit does not provide a legal determination of the County's compliance with those requirements.

*Member: American Institute of Certified Public Accountants*

FRISCO: (970) 668-3481

**INDEPENDENT AUDITOR'S REPORT  
To the Board of County Commissioners  
Eagle County, Colorado**

***Opinion on Each Major Federal Program and Passenger Facility Charge Program***

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and on its Passenger Facility Charge program for the year ended December 31, 2020.

***Report on Internal Control Over Compliance***

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with types of requirements that could have a direct and material effect on each major federal program and on the Passenger Facility Charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and the Passenger Facility Charge program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or the Passenger Facility Charge program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or the Passenger Facility Charge program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or the Passenger Facility Charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the Guide. Accordingly, this report is not suitable for any other purpose.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**For the Year Ended December 31, 2020**

**Part I – Summary of Auditor’s Results**

*Financial Statements:*

Type of auditor’s report issued	Unmodified
Internal control over financial reporting:	
Material weakness identified	None noted
Significant deficiency identified	None noted
Noncompliance material to financial statements noted	None noted

*Federal Awards:*

Internal control over major programs:	
Material weakness identified	None noted
Significant deficiency identified	None noted
Type of auditor’s report issued on compliance for major programs	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Title 2, U.S. Code of Federal Regulations, Part 200	No

Major programs:

Rural Rental Housing Loans	CFDA #10.415
Forest Service and Roads Cluster	CFDA #10.665
Mortgage Insurance Rental Housing	CFDA #14.134
Formula Grants for Rural Areas -Section 5311	CFDA #20.509
Coronavirus Relief Funds	CFDA #20.019
Temporary Assistance for Needy Families	CFDA #93.558
Child Care Development Cluster	CFDA #93.575
Head Start Cluster	CFDA #93.600
Medicaid Cluster	CFDA \$93.778

Dollar threshold used to identify Type A from Type B programs:	\$750,000
Identified as low-risk auditee	No

**Part II – Findings Related to Financial Statements**

Findings related to financial statements as required by <i>Government Auditing Standards</i>	None noted
Auditor-assigned reference number	Not applicable

**Part III – Findings Related to Federal Awards**

Internal control findings	None noted
Compliance findings	Yes
Questioned costs	None noted
Auditor-assigned reference number	2020-001

**Eagle County, Colorado**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**For the Year Ended December 31, 2020**  
**(Continued)**

Reference Number	Findings								
2020-001	<p><b>Finding:</b> Cash Management</p> <p><b>CFDA No. 20.509 Formula Grants for Rural Areas</b>  <b>Department of Transportation, Award Numbers – 20-HTR-ZL-03079 and 20-HTR-ZL-03232, Award Year 2020</b>  <b>Passed-through Colorado Department of Transportation</b></p> <p><b>Criteria:</b> In accordance with Uniform Guidance 2 CFR section 200.305(b)(5) and the above-mentioned grant awards, the County, to the extent available, must disburse funds available from program income before requesting federal cash draws. In other words, the County must submit monthly requests for operating and administrative expense reimbursements net of any fare box or bus pass revenues earned.</p> <p><b>Condition:</b> We noted three months where the required fare revenues were not properly included on the requests for reimbursement, thereby excluding those revenues for consideration against the amounts requested to be reimbursed.</p> <p><b>Questioned Costs:</b> None.</p> <p><b>Context:</b> We tested each of the monthly requests for reimbursement submitted to the Colorado Department of Transportation for the year ended December 31, 2020. In our testing, we found that the following months fare revenues were not included in such reimbursements:</p> <table> <tr> <th style="text-align: center;">Month</th><th style="text-align: center;">Amount Excluded</th></tr> <tr> <td style="text-align: center;">March 2020</td><td style="text-align: right;">\$129,614</td></tr> <tr> <td style="text-align: center;">June 2020</td><td style="text-align: right;">\$361</td></tr> <tr> <td style="text-align: center;">October 2020</td><td style="text-align: right;">\$3,204</td></tr> </table> <p><b>Effect:</b> Not reporting the fare box revenues in the monthly requests for reimbursement could result in improper overpayments to the County.</p> <p><b>Cause:</b> The personnel responsible for preparing the monthly reimbursement reports believed there were no revenues to report, due to the closures and temporary cessation of transit operations caused by the COVID-19 pandemic.</p> <p><b>Identification as a repeat finding:</b> Not applicable.</p> <p><b>Recommendation:</b> We recommend the County implement an additional review process, where the monthly requests for reimbursement are reviewed prior to submittal and that all fare box revenue reports are downloaded from the County's accounting software, and retained for reference, even in months where the revenues are believed to be \$0. Additionally, the County should utilize incurred expenses after any vendor credits or returns, instead of gross incurred expenses.</p> <p><b>Views of Responsible Officials and Planned Corrective Action:</b> The County agrees with the finding. See separate auditee document at pages H7 for planned corrective actions.</p>	Month	Amount Excluded	March 2020	\$129,614	June 2020	\$361	October 2020	\$3,204
Month	Amount Excluded								
March 2020	\$129,614								
June 2020	\$361								
October 2020	\$3,204

**Reference  
Number**

---

**Summary Findings**

---

**2020-001**

**Finding:** During Eagle County Government's 2020 Single Audit brought forth a finding which required a Corrective Action Letter or Plan. The following item related to ECO Transit's federal grant reimbursements in 2020:

- Reporting is an applicable compliance section for program 20.509 and the program revenues were under reported by about 129k in March 2020 (did not report the fair box amount against expenses). Ultimately ECO did not get too much federal funding because there are grant limits and ECO had expenses sufficient to receive the full grant, and thus did not incur a liability.

---

**Reference  
Number**

---

**Corrective Action Plan**

---

**2020-001**

**Corrective Action Plan:** ECO Transit described the auditor's finding of an error in failing to account for fare revenues (farebox and pass sales) received during March 2020, June 2020, and October 2020 which CDOT acknowledged and understood. CDOT and ECO Transit are currently contracting for additional federal funding, consisting of CRSSA & Winter Surge dollars. The Winter Surge portion is funding from the original CARES Act which was held back by CDOT to assist agencies with dealing with additional winter season transit demands. CDOT recommended that the new funds, which will be eligible for reimbursement of expenses since October 2020, should incorporate the fare revenue previously missed.

As a corrective action, ECO Transit will include the fare revenues from March, June, and October 2020, as well as the additional fare revenues received during the subject month, in the first reimbursement submission under this contract.

**Anticipated Completion Date:** This has been completed.

**Responsible Individuals:** Jared Barns, Planning Manager ECO Transit

**Eagle County, Colorado**  
**SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS**  
**For the Year Ended December 31, 2020**

There were no findings for the year ended December 31, 2019.

**Notes to the Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2020**

**Note 1. Basis of Presentation**

The Schedule of Expenditures of Federal Awards includes the federal grant activity of Eagle County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Therefore, some amounts presented in this schedule may differ from amounts presented or used in the preparation of the general purpose financial statements.

**Note 2. Determining the Value of Non-cash Awards Expended**

Commodities: Fair market value of commodities at the time of receipt, or the assessed value provided by the Federal agency.

Food issuances: Fair market value of food stamps at the time of receipt, or the assessed value provided by the Federal agency.

Immunization incentive funds: Dollar amount of vaccines used, provided by the Federal agency.

**Note 3. Indirect Facilities and Administration Costs**

The County does not use the 10% de minimis cost rate allowed in §200.414, Indirect (F&A) Costs, of the Uniform Guidance. Instead, the County prepares an annual cost allocation plan to allocate indirect costs.

**Note 4. Loans Outstanding**

The County had the following direct loan balances outstanding at December 31, 2020:

Program Title	Federal CFDA Number	Balance of Direct Loans
Rural Rental Housing Loans	10.415	\$ 1,295,558
Mortgage Insurance Rental Housing	14.134	31,788,471
