Grading Permit

GRAD-025854-2022	Grading Permit	New	, CO	Wolcott area	\$0.00	12/09/2022	
<i>Description: This application was submitted by Matt Grizzell of Shannon & Wilson on behalf of the Eagle River Water and Sanitation District. The purpose of the work is to excavate 20 soil test pits on the ERWSD biosolids containment property that is adjacent to the Eagle County Landfill. Each test pit will require approximately 42 cubic yards of excavation, and there will be some grading to allow access to each test pit location. A small amount of material will be removed from the site for testing by Matt and his team. The total excavation will be about 900 cubic yards with about 0.4 acres of disturbance. Most test pits will be accessed by traveling through the landfill to the ERWSD property. Four test pits on the east side of the property will be accessed through the adjacent Vail Honeywagon property. At this time, that access has not been approved by the adjacent property owner, and work on those four pits will not be allowed until the access is approved.</i>							

PERMITS APPLIED FOR GRADING PERMIT: 1
