1977

Sheet No. 20 A

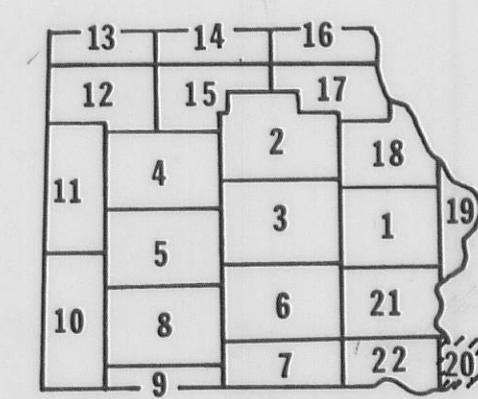

Base map from U.S.G.S. 7.5' Quadrangles

SCALE 1:24,000

A scale bar at the bottom of the map with two horizontal lines. The top line has numerical markings: 1000, 0, 1000, 2000, 3000, 4000, 5000, 6000, 7000, FEET. The bottom line has markings: 1, .5, 0, IKILOMETER.

CONTOUR INTERVAL 40 FEET
DATUM IS MEAN SEA LEVEL

A diagram illustrating the angle between magnetic north and true north. It features two horizontal arrows pointing from left to right. The upper arrow is labeled "MAG. NORTH" in capital letters. The lower arrow is labeled "TRUE NORTH" in capital letters. The two arrows point in slightly different directions, forming an angle at their common origin.

Sheet No.20B

Base map from U.S.G.S. 7.5' Quadrangles

SCALE 1:24,000

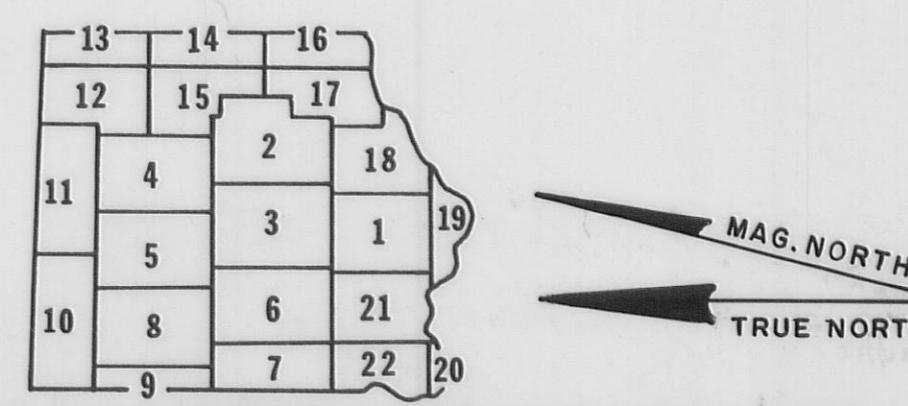

A scale bar diagram for a topographic map. At the top center is the text "SCALE 1:24,000". To the left is ".5" and to the right is "1 MILE". Below this is a horizontal line divided into segments. The first segment is labeled "1000" and the second is "0". Following these are several unlabeled segments. The next labeled segment is "1000" and then "2000", "3000", "4000", "5000", "6000", and "7000 FEET". Below the main line is a shorter line with segments labeled "1", ".5", and "0". To the right of these is "1 KILOMETER". Below the scale bar is the text "CONTOUR INTERVAL 40 FEET" and "DATUM IS MEAN SEA LEVEL".
