**Re: Eagle County Truck Parking Study**

Dear Martha:

Thank you for meeting with us to share CDOT's plan to pursue funding to study the need for truck parking and identify suitable locations for additional truck parking if needed. We support the effort to study this issue and look forward to working with CDOT on the next steps in addressing the issue.

Thank you for your continued commitment and support in addressing the transportation needs of Colorado residents. We very much look forward to working with you and the CDOT team in completing this vital project. Please do not hesitate to contact us or our County Engineer, Ben Gerdes, at 970-328-3560, if we can provide any additional information or assistance.

Sincerely,
