Regarding: Support of HB19-1033

On behalf of Eagle County, we strongly support HB19-1033. We believe local control is the best means of protecting our young residents from access to and use of an array of tobacco and nicotine products, including vaping paraphernalia and cigarettes. We applaud the bold moves of Basalt and Avon, which are among the first towns in the State to enact strong local tobacco control policies, and would like to follow suit as a County government.. We urge our state legislators to give us the tools, through the passage of HB19-1033, to take meaningful local action to help prevent tobacco and nicotine use by young people in Eagle County. .

Sincerely,

Eagle County Board of Commissioners
