The Eagle County Historical Society has been the keeper of the county's history since 1974. Staffed primarily by volunteers, the ECHS is by this county's standards a very small non-profit with an equally small budget. They provide a valuable service to the county by maintaining a museum that is operated seasonally and attracts from 6,000 – 10,000 visitors annually.

Eagle County is a strong supporter of the society. We recognize the ECHS' need to do some periodic capital spending in order to maintain the museum. Their request for assistance from the Gates Family Foundation is a worthy cause. Keeping the museum intact will benefit all Eagle County residents and many visitors well into the future. Eagle County is providing funding assistance for this project, and we ask that you favorably consider this request.

Sincerely,

Board of County Commissioners
