Dear Amy,

The Eagle County Board of County Commissioners supports the Pitkin County Open Space and Trails' grant request to install a center pivot irrigation system at Glassier Open Space. Glassier Open Space is a treasured agricultural property that was made possible through a partnership among Eagle County, Pitkin County, Great Outdoors Colorado, Town of Basalt, and the Mid-Valley Trails Committee. The addition of a center pivot will make the property more productive and efficient with irrigation water, and is an important step in greater improvements that will benefit wildlife and neighboring properties. This project will allow Pitkin Open Space and Trails to pursue important research regarding water use, which will benefit other open space programs and agricultural producers..

Thank you for your consideration of this project.

Sincerely,

Jeanne McQueeney
