Supervisor Colavita explained the installation is wireless, with no connection to homes or structures, and reported the per pole fee schedule is set by the FCC.

Councilwoman Marcotte responded to Mr. Sweeny’s concerns regarding excess wiring would be addressed during the Franchise Agreement negotiations.

There being no further questions from the public, Councilwoman Marcotte asked Mrs. Snyder which communities have approved License Agreements, how many boxes are included in the Agreement and is that number adequate moving forward to will additional boxes be requested.

Mrs. Snyder responded that New Rochelle, White Plains and Yonkers have previously authorized the installation agreements. In addition, Mrs. Snyder explained that the Agreement represents Phase 1 for 15 boxes. Additional boxes would have to be negotiated.

Councilman Dooley inquired as to the size of the boxes. Mrs. Snyder reported the boxes are 16 x 8 inches, the side of a 5-gallon pail.

There being no further questions from the Town Board, Supervisor Colavita reported receiving 2 emails expressing concern regarding the safety of the boxes. The Supervisor asked the Town Attorney to review a recent finding by the Courts regarding a request to the FCC to clarify an explanation that the boxes are not unsafe.

Mrs. Snyder indicated the decision by the Courts reaffirmed that there are no health concerns and asked the FCC to support that conclusion.

The Supervisor suggested the Town Board hold the Public Hearing open until the October 5th Town Board Meeting to allow the Board and the public the opportunity to further research.

C) **MEMORANDUM FROM COMPTROLLER RE: LIBRARY CAPITAL PROJECT REQUEST**

Supervisor Colavita reviewed a memo submitted to request approval of the Library Project and to request a transfer from the Library’s fund balance.
The Library has water coming into the building which has damaged the bathroom, elevator room and part of the building. The Library has had an architect review the issue along with a structural engineer. The cost of fixing this issue is approximately $500,000.

The front upper entrance of the library will have to be excavated, the roofing removed and the two rooms (handicapped bathroom and elevator motor room) will have to be rebuilt. The water coming in through the walls has compromised the cement blocks. We don’t know if the area was improperly waterproofed or not waterproofed at all since the outside of the walls are underground. This was all done when the elevator was put into the building in the 80's.

Tracy Wright has been able to secure $250,000 from Assemblywoman Paulin and has applied for a New York Construction Grant through the Library system. The balance of $110,000 will need to come from the Library’s fund balance. There are sufficient funds in the Library fund balance to cover this request.

Supervisor Colavita offered a motion that was seconded by Councilman Marcoccia to approve a RESOLUTION authorizing the Library project and transfer of $110,000 from the Library Fund Balance.

On the roll call, all voted "AYE." Motion carried.

This project will be done in various phases and will provide a two-bay garage to enable the repair of multiple vehicles simultaneously. We will gain vehicle storage for winter time use and new, modern lifts for cars and trucks, increasing safety. Mechanics will be able to perform repairs indoors, out of the elements. Lastly, all town wide vehicle repairs will be done at one central location.

On the roll call, all voted "AYE." Motion carried.

E) MEMORANDUM FROM SUPERINTENDENT OF HIGHWAYS RE: APPROVAL OF NYS DEPARTMENT OF TRANSPORATION SUPPLEMENTAL AGREEMENT NO. 1 TO SNOW AND ICE CONTRACT D014878 TO ADJUST ANNUAL ESTIMATED EXPENDITURE 2020/2021 SNOW AND ICE SEASON

The Town is under a five (5) year agreement with the NYS Department of Transportation for Snow & Ice control of NYS Roadway, Route 22. The Department of Transportation no longer needs to approve one-year extensions every year, however are required to adjust the estimated expenditure each year of the contract term to account for changes in Labor, Equipment & Material costs depending on previous winter conditions.

The NYS Department of Transportation made a recalculation for the 2020/2021 Snow and Ice Season, reducing the estimated labor, material & equipment costs from $25,274.42 to $24,449.71, as outlined in the calculation worksheet. NYS is requiring that the Town of Eastchester sign a Supplemental Agreement to reflect this contract adjustment.

Per a request from Rocco Latella, Superintendent of Highways, Supervisor Colavita offered a motion that was seconded by Councilwoman Nicholson to approve a RESOLUTION authorizing the execution of Supplemental Agreement No 1 to Contract D014878, allowing the revision of the Municipal Snow and Ice Agreement's Estimated Expenditure for the 2020/2021 snow season.

On the roll call, all voted "AYE." Motion carried.

F) MEMORANDUM FROM ASSESSOR RE: TAX REFUND APPLICATION – 62 BRAMBACH AVENUE

Per a request from Assessor Todd Huttunen, Councilman Dooley offered a motion that was seconded by Councilwoman Marcotte to approve a RESOLUTION authorizing a 2021 County and Town Tax refund in the amount of $2,265.88 for property located at 62 Brambach Avenue (Section 51, Block 1, Lot 1).

The refund, which has been approved by the Westchester County Tax Commission, is due to a clerical error on the 2020 Assessment Roll. A Partial Tax Exemption for Real Property of Senior Citizens was removed in error therefore producing an incorrect 2021 County and Town Tax Bill.
On the roll call, all voted "AYE." Motion carried.
