Review of the final draft documents of the recodified City ordinances

Ms. Dvoracek guided council through the major changes and additions in the recodification document. Mr. Duffy pointed out some language issues with the dog ordinance. Mr. Hildebrand voiced concerns with the camping and noise ordinances and asked if those three could be pulled out and addressed later after a public hearing on each issue. He suggested that council could pass the rest of the document, adding the dog, noise, and camping ordinances when satisfied with the language. Ms. Dvoracek believes that is possible but will check with Municode. She stated that at this point, any changes made will bring the process to a halt and she does not know if there are financial implications involved. She will have answers to these questions at the regular council meeting on December 7.
