## Earth Day 2020 Clean Up

In celebration of Earth Day, our amazing City Clerk worked with 60 Lume employee volunteers to help clean up our town. They had an incredibly productive day, and we at City Hall are so grateful for their help!! Lume wasn't the only group out there - the Middle School also sent kids out to help clean up our trails and many of our residents' yards. BlueTriton Brands (*formally Nestle Waters North America*) employees also chipped in cleaning a two-mile stretch along US 10 west of the City. Thank you to everyone who gave their time to help beautify our town!
