

Good morning everyone,

FEMA has launched a rumor control website with correct, key information to address rumors and misinformation on many COVID-19 related topics, such as false information about the National Guard deploying for a two-week national lockdown.

The website is: <https://www.fema.gov/Coronavirus-Rumor-Control> – and for State health information, please visit our site at <https://www.tn.gov/governor/covid-19.html>

I am sharing these links as a way for you to help correct misinformation with your co-workers, customers, employees, family members, and friends, and anyone else who may benefit by having these resources.

Lastly, if you become victim or aware of any new or unique COVID-19 related cyber issues, please feel free to share with me so I, in turn, can share with our federal partners trying to curb incidents/attacks related to COVID-19.

Be safe,  
James
