Subject: Ferry County Qualified Wetland Specialists List

Ferry County Planning Department has established a list of "Qualified Wetland Specialists" as defined in Section 3.00 of the Ferry County Critical Areas Ordinance:

Wetland Specialist - Someone who is a certified Professional Wetland Scientist or a non-certified professional wetland scientist who 1) has one or more college degrees in science, 2) has at least two years full-time work experience in wetlands, and 3) has completed wetland-specific training programs.

This list is provided to property owners who may need to engage a wetland specialist.

To have your name or your company's name (and contact information) on our Qualified Wetland Specialist List, you will need to provide the following information:

1. Copy of your Society of Wetland Scientists certification; or
2. Copy of academic qualification for making competent wetland delineations, reports and recommendations; and
3. Indication of field experience for making competent wetland delineations, reports and recommendations.
4. Your documentation might also include, for example, a list of wetland reports and field studies you have completed, particularly if they have been reviewed and approved by the Department of Ecology.

If you meet the definition of a "Qualified Wetland Specialist," we will include you and/or your company's information on our list.

This list will be reviewed annually.

If you have any questions please contact our office.
