

LOCATION

Swimming pools are allowed only in REAR YARDS and must be set back a minimum of eight (8) feet from the interior and rear property lines. The wall of the pool must also be a distance of five (5) feet from any underground electrical service cables. Accessory structures and equipment such as decks, filters, and pumping equipment must be at least five (5) feet from any property line.

FENCING/BARRIER

A swimming pool must be protected by a four (4) foot high barrier completely surrounding the pool. If the barrier is mounted to a deck surrounding the top of the pool, access to the pool must still be protected by a self-closing, self-latching gate or an approved safety ladder.

PLUMBING and MECHANICAL

All plumbing work must be performed by an Illinois licensed plumber.

ELECTRICAL

All outside receptacle outlets within twenty (20) feet of the pool must be GFCI protected. All outlets must be a minimum of ten (10) feet away from the pool with the exception of a single outlet for the pool filter, which may be no closer than five (5) feet from the wall of the pool. Pool shells, perimeter surfaces, metallic components, underwater lighting, metal fittings, electrical equipment, metal wiring and equipment and pool water shall be bonded according to Article 680 of the Electrical Code.

PERMITS and INSPECTIONS

A building permit is required for the installation of a swimming pool. We will need the following information to process your request:

1. Building permit application
2. Site plan showing pool and equipment placement
3. Plat of survey
4. Description of type and height of fence

Call J.U.L.I.E. at 1-800-892-0123 before you dig.

Inspections:

Inspections will be required upon completion of the various phases of the installation. Arrangements for scheduling an inspection can be made by calling the Village Hall at least 24 hours in advance for information or inspection requests, call (847) 639-3170.
