Section 19 - Advertising for Bids.

It shall be the duty of the Mayor or his designee to offer the terms of this Ordinance to the public. - (a) Bids and proposals for the purchase and acquisition of the franchise hereby created shall be in writing and shall be delivered to the Mayor or his designee upon the date(s) and at the time(s) fixed by him or her in said advertisement(s) for receiving same. Thereafter, the Mayor shall report and submit to the Commission, at the time of its next regular meeting or as soon as practicable thereafter, said bids and proposals for its approval.
- (b) The Commission reserves the right, for and on behalf of the Government, to reject any and all bids for said franchise that do not meet the requirements of this Ordinance or if the Application is incomplete and, in case the bids reported by the Mayor shall be rejected by the Commission, it may direct said franchise and privilege to be again offered for sale, from time to time, until a satisfactory bid therefore shall be received and approved.

Upon rendering the initial Telecommunications Service, this bond may be replaced by the performance bond required by Section 23(b), if applicable.
- (d) The Government reserves the right to review any of bidder's supporting documentation which justifies and compliance with laws and regulations.

Section 21 - Compensation.

- (a) During any period of time during which the Government opts to forego collecting a Franchise Fee in lieu of participating Multichannel Video Programming and Service Tax scheme under KRS 136.600 et seq., Franchisee shall not be required to pay Franchise Fees. Section 22 - Additional Requirements.

In addition to all other requirements, and except to the extent prohibited by law, any Grantee not already owning Facilities within the Rights-of-way sufficient to render Telecommunications Services within the City of Franklin, or any Grantee that is required pursuant to law to file for a certificate of convenience and necessity from the Kentucky Public Service Commission in order to replace or significantly upgrade or expand a substantial portion of its existing Facilities within the Rights-of-way, shall also be required to perform the following requirements during the construction, replacement, upgrade or expansion of its Telecommunications System unless the Commission determines that any or all of such requirements are not necessary to adequately protect the interests of the Government:

The schedule shall include sufficient detail for Government to determine the time and locations of construction activities and shall also depict the anticipated time frame of identifiable tasks required for construction purposes, as delineated by the Government. No construction related activities may be

conducted in the Rights-of-way until the schedule is approved by the Government. In addition, at thirty (30) day intervals during construction, the Grantee shall provide the Government with a plan of construction activities setting forth a general description of the activities to be undertaken during the following thirty (30) days and designating the geographical area of the City of Franklin that will be affected. Approval by the Government of these plans shall constitute a condition which must be met prior to undertaking any construction activities.

- (b) The Grantee shall furnish traffic control plans, including site-specific hours of construction, to the Government no later than seven (7) days prior to the commencement of any construction activities. Such plans are subject to approval or modification by the Government. No construction related activities may be conducted in the Rights-of-way without an approved traffic control plan.
- (c) The Grantee shall provide the Government a local telephone contact number, staffed twenty-four (24) hours per day, to enable the Government to report any concerns regarding construction of the Telecommunications System. If the Government reports any concerns to the Grantee, the Grantee shall respond within a reasonable time as specified by Government or as specified elsewhere in this Ordinance. The Grantee shall perform the required repair or correct any adverse impact to Government's use or operations, or the use or operations of a third party caused by the Grantee's construction activities in the Rights-of-way at no cost to the Government.
- (d) Fourteen (14) days prior to commencement of construction, and every thirty (30) days thereafter during construction the Grantee shall publish, at its sole cost, a notice containing a map depicting where construction will occur in the *Franklin Favorite*. Additionally, such notice shall provide a general description of construction activities and a telephone number to be called by citizens with questions concerning construction activities. A copy of said notice(s) shall be provided to the Government.
- (e) The Grantee shall provide at least fourteen (14) days' notice to other utilities in the City of Franklin of its interest in seeking construction permits to open the street before it applies for any street cut permit. The Government shall provide the Grantee with a listing of all such utilities and their points of contact upon request. Such notice shall inform the other utility companies of the Grantee's intent to undertake construction in the affected areas and state that

the other utility companies must notify the Government and the Grantee within seven (7) days of receipt of such notice of their desire to simultaneously lay conduit, or other Facilities, in any trench opened by the Grantee.

- (f) Failure to comply with the above provisions, or the Code may, in the sole discretion of the Government:
 - (1) Be the basis for the Government to reasonably require that the Grantee perform more extensive restoration work than otherwise anticipated by a permit; and
 - (2) May result in the Grantee being assessed an additional premium on any permit fee to recoup any additional costs or expenses reasonably associated with the Grantee's failure.
- (g) Unless otherwise provided an extension by the Commission, the Grantee must make Telecommunications Services available within the City of Franklin within one year from the date of the award of the franchise. This requirement shall not apply to a Grantee that does not provide, or has no intention of providing, any Telecommunications Services to the City of Franklin Customers.
- (h) The Grantee shall maintain accurate Telecommunications System design drawings, maps and improvement plans of the Telecommunications System, in a form acceptable to the Government, in a manner consistent with industry construction standards. The Grantee shall furnish the Government, without charge, with a complete set of "as-built" drawings within sixty (60) days of completion of construction of the Telecommunications System. Such maps and improvement plans shall also be furnished to Government in digital form and shall be provided pursuant to a lawful protective agreement.

Section 23 - Letter of Credit and Performance Bond.

In addition to all other requirements, and except to the extent prohibited by law, any Grantee not already owning Facilities within the Rights-of-way sufficient to render Telecommunications Services within the City of Franklin, shall also be required to perform the following requirements during the construction of its Telecommunications System unless the Commission determines that any or all of such requirements are not necessary to adequately protect the interest of the Government:

- (a) Within ten (10) days after the award of a franchise pursuant to this Ordinance, the Grantee shall deposit with the Government's Division of Revenue a one-year irrevocable renewable letter of credit from a financial institution approved by City of Franklin in the amount of fifty thousand dollars (\$50,000.00). The form and content of such letter of credit shall be approved by the Government. The letter of credit shall be used to insure the faithful performance by the Grantee of all provisions of this Ordinance; and compliance with all orders, permits and directions of any agency, commission, board, department, division or office of the Government having jurisdiction over its acts or defaults under this Ordinance, and the payment by the Grantee of any claims, liens and taxes due the Government which arise by reason of the construction, operation or maintenance of the Telecommunications System.
- (1) The letter of credit shall be maintained at fifty thousand dollars (\$50,000.00) during the entire term of Grantee's franchise, even if amounts have to be withdrawn pursuant to this section.
 - (2) If the Grantee fails to pay to the Government any compensation within the time fixed herein; or, fails, after ten (10) days' notice to pay to the Government any taxes due and unpaid; or, fails to repay the Government, within such ten (10) days, any damages, costs or expenses which the Government is compelled to pay by reason of any act or default of the Grantee in connection with its franchise; or, fails, after three (3) days' notice of such failure by the Government to comply with any provision of its franchise which the Government reasonably determines can be remedied by demand on the letter of credit, the Government may immediately request payment of the amount thereof, with interest and any penalties, from the letter of credit. Upon such request for payment, the Government shall notify the Grantee of the amount and date thereof.
 - (3) The rights reserved to the Government with respect to the letter of credit are in addition to all other rights of the Government and no action, proceeding or exercise of a right with respect to such letter of credit shall affect any other right the Government may have.
 - (4) The letter of credit shall contain the following endorsement:

"It is hereby understood and agreed that this letter of credit may not be cancelled by the surety nor the intention not to renew be stated by the surety until thirty (30) days after receipt by the Government, by registered mail, a written notice of such intention to cancel or not to renew."

- (b) If necessary, after the initial service requirement is met and the bonds required by Section 8 of this Ordinance no longer protect the Government, the Government may require the Grantee to file with the Government a Performance Bond in an amount up to Five Hundred Thousand Dollars (\$500,000.00) in favor of the Government. This bond shall be maintained throughout the construction period. In lieu of the above-mentioned performance bond, the Grantee may deposit with the Government an irrevocable letter of credit from a financial institution located in the City of Franklin in an amount up to Five Hundred Thousand Dollars (\$500,000.00). The form and content of such letter shall be approved by the Government.
 - (1) In the event the Grantee fails to comply with the Code or any law, Ordinance or regulation governing the franchise, or fails to well and truly observe, fulfill and perform each term and condition of this Ordinance or the franchise, including the Grantee's application (as required in Section 4), there shall be immediately recoverable, jointly and severally, from the principal and surety of the bond or the letter of credit, any damages or loss suffered by the Government as a result, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of the Grantee, plus a reasonable allowance for attorney's fees, including the Government legal staff, and costs, up to the full amount of the bond.
 - (2) Upon completion of construction of the Grantee's initial service area the requirement of this additional performance bond shall be waived.
 - (3) The bond or letter of credit shall contain the following endorsement:

"It is hereby understood and agreed that this bond [letter of credit] may not be cancelled by the surety nor the intention not to renew be stated by the surety until thirty (30) days after receipt by the Government, registered mail, a written notice of such intent to cancel or not to renew."

- (4) The rights reserved to the Government with respect to the performance bond or letter of credit are in addition to all other rights of the Government, and no action, proceeding or exercise of a right with respect to such performance bond or letter of credit shall affect any other right the Government may have.

Section 24 - Discontinuing Use of Facilities.

- (a) If Grantee decides to discontinue use of Facilities within all or a portion of the Streets and does not intend to use those Facilities again in the future, the Government may direct Grantee to remove the Facilities or may permit the Facilities to be left in place as abandoned, which permission shall not be unreasonably withheld or delayed. If Grantee is permitted to abandon its Facilities in place, upon written consent of the Government, the ownership of Facilities in the Government's Streets shall transfer to the Government and Grantee shall have no further obligation therefor. Notwithstanding Grantee's request that any such Facility remain in place, the Government may require Grantee to remove the Facility from the street area or modify the Facility in order to protect the public health and safety or otherwise serve the public interest. The Government may require Grantee to perform a combination of modification and removal of the Facility. Grantee shall complete such removal or modification in accordance with a reasonable schedule set by the Government. Until such time as Grantee removes or modifies the Facility as directed by the Government, or until the rights to and responsibility for the Facility are accepted by another Person having authority to construct and maintain such Facility, Grantee shall be responsible for all necessary repairs and relocations of the Facility, as well as restoration of the Street, in the same manner and degree as if the Facility were in active use, and Grantee shall retain all liability for such Facility.

Section 25 - Offers of Payment.

Bids offered for purchase of a franchise pursuant to this Ordinance shall state the bidder's acceptance of the conditions set forth in this Ordinance. If any bid shall include an offer of payment over and above the terms of the franchise, then a certified check for said amount, payable to the City of Franklin, shall be deposited with the Government. This amount shall be in addition to the provision for any payments contained in Sections 4 and/or 21 of this Ordinance.

Section 26 - Forfeiture.

Any violation by the Grantee or successor or authorized Grantee representative of the provisions of this Ordinance or any material portions thereof, or the failure promptly to perform any of the provisions thereof, shall be cause for the forfeiture of its franchise and all rights hereunder after written notice to the Grantee and continuation of such violations, failure or default, as set forth herein.

Section 27 - Governing Law.

This Ordinance and any franchise awarded pursuant to it shall be governed by the laws of the Commonwealth of Kentucky, both as to interpretation and performance, and in accordance with all federal laws and regulations. The venue for any litigation related to this Ordinance or any franchise shall be in the court of competent jurisdiction in Simpson County, Kentucky.

However, no location of and Poles, Towers, or Support structures of the Grantee shall be a vested interest and such Poles, Towers, or Support structures shall be removed or modified by the Grantee at its own expense whenever the Government determines that the public health, welfare and/or safety would be enhanced thereby.

(b) Where Poles, Towers, or Support structures already existing for use in serving the Government are available for use by the Grantee on reasonable terms and conditions, but it does not make arrangements for such use, the Government may require the Grantee to use such Poles, Towers, or Support structures for reasonable and proper consideration consistent with applicable law or place its facilities underground if it determines that the public health, welfare and/or safety would be enhanced thereby and if such use would not unduly interfere with Grantee's operations.

Section 32. Aesthetic standards.

- (5) All new Towers, Support structures and Poles should be located on the same side of the street as existing Towers, Poles, or Support structures. However, this does not preclude an applicant from locating its Wireless facilities on existing lighted Poles under a decommissioning agreement in which the applicant takes ownership of the lighted Pole.
- (6) The centerline of any new Pole, Support structure or Tower shall be aligned with the centerline of adjacent Poles or trees, unless the new structure's height conflicts with overhead power utility lines. Replacing an existing Pole, Support structure, or Tower with another Pole, Support structure, or Tower in the same location shall not violate this provision.
- (7) All new Poles, Towers, Support Structures or Facilities proposed to be fronting a dwelling shall be placed on property lines, unless it would obstruct sight distance at driveways or other accesses to roadways. In those instances where placement of a new Pole, Support structure, Tower, or Facilities on the property line would obstruct sight distance, the Pole, Support Structure or Tower, or Facilities shall be placed in such a location as to prevent the obstruction of sight distance at driveways or other accesses to roadways. Replacing an existing Pole, Support structure, Tower or Facility with a Pole, Support structure, Tower, or Facility in the same location shall not violate this provision.
- (8) New Poles, Support Structures, Towers, or Facilities shall not be placed in front of store front windows, walkways, entrances or exits, or in such a way that would impede deliveries. - (12) If the applicant elects to decommission an existing lighted Pole in order to install a Wireless facility in its location, the applicant shall comply with this Ordinance, including these aesthetic standards, and any decommissioning agreement between the applicant and the City or its equivalent.
- (13) In those locations where the undergrounding of utilities has occurred, all Facilities shall be placed underground.

- (17) All Facilities, Poles, Towers, and Support structures shall comply with such additional design standards as may be set forth in any written policies or guidelines issued by the City.
- (18) All Poles, Towers, Support structures, and other lines and equipment installed or erected by Registrant under this Ordinance shall be located so as to minimize any interference with the proper use of the Right-of-way with the rights and reasonable convenience of property owners whose property adjoins or abuts any affected Right-of-way. Subject to applicable codes, overhead drops shall be as close as possible to other utility drops in order to concentrate the drops in as small an area as possible to minimize visual clutter and interference with the use of private property.

If any section, sentence, clause or phrase of the Ordinance is held unconstitutional or otherwise invalid, such infirmity shall not affect the validity of the Ordinance.

Section 34 - Effective Date.
