

# THINGS TO DO AT-HOME

Suggested by: Ms. Mary-Jo

Keller Elementary

1. Paper Plate Rainbow - Can do it with either paint or crayons.

2. Desert Dough - easy at home ingredients: 8 cups flour & 1 cup baby oil...simply mix all ingredients.

3. Baking Soda & Vinegar experiment - we've done this in the classroom. It's super easy and the kids loved it! Put baking soda in different cups. Add food coloring to each cup and mix well. Pour vinegar in the cups and see the "magic"!
