Village of Glendale Policy for the Naming of Public Places
DRAFT INTRODUCED TO GLENDALE VILLAGE COUNCIL
JUNE 6, 2022; RESOLUTION 2022-17

Section 1. General Guidelines

- 1.1 Under these Guidelines, the Village will consider the naming of public properties, which include publicly owned streets, parks, buildings, or parts thereof.
- 1.2 In considering such proposals, the contribution must be verified by at least two independent sources.
- 1.3 No name will be given to any public property that may limit its use.
- 1.4 The naming of any Public Property shall not provide a property right to the recipient of the naming unless that right is secured contractually.
- 1.5 There is no assumption of right for a private donor to name a property because the property was a gift to the public unless such right was required contractually with an agreement.
- 1.6 The developer may name residential subdivision plats and streets if the names are in compliance with guidelines, the Village Ordinances, and public policy.

Section 2. Standards for Naming

2.1 Community Standards

Naming of Public Places for people, places, events or for any other purpose will be considered for approval by Village Council if the naming qualifies under the standards of community recognition that includes at least one of the following:

- A. A person (living or deceased), group or recognition of great significance (historically or culturally) or demonstrated excellence to Glendale, the State of Ohio, the United States, or the world.
- B. Person may have been associated with Glendale as a resident, an elected official, a volunteer, who was instrumental in furthering the cause of Glendale through leadership or civic responsibility and engaged in activities beneficial to the Village.
- C. The person risked their life to save or protect others.
- D. Recognition is consistent with Glendale public policy.
- E. The naming is deemed to be in the best interest of the Village.
- F. Philanthropic considerations in 2.2 below.

2.2 Private Contractual Agreement Standards

Naming may be considered based on the provision of significant funding that underwrites the cost of renovation or construction of public property. Financial underwriting may be broadly

Village of Glendale Policy for the Naming of Public Places
DRAFT INTRODUCED TO GLENDALE VILLAGE COUNCIL
JUNE 6, 2022; RESOLUTION 2022-17

defined as substantial contributions that completely or significantly enable renovation or construction to occur. This may include monetary gifts, sponsorship agreements or donation of land. Naming of Public Properties in conjunction with a gift, donation, or sponsorship agreement may be reviewed as part of any Village or project specific gift or sponsorship policy and may be exempt from the process outlined in Section 4.1. The project Department or Committee will make a recommendation to Village Council for naming of public places that result from a gift, donation, or sponsor agreement.

- A. Philanthropic naming rights: Property may be named after individuals or groups who have made philanthropic donations of property or who has contributed toward the development of Public Property. The threshold for considering the naming of public places will include at least one of the following:
 - i. Land for the majority of the development was deeded to the Village.
 - ii. Contribution to the capital construction cost associated with developing the project or an amount as established in the specific project funding policy.
 - iii. The donation is not required by the Village or by reason of other ordinance, law or regulation.
 - B. The Village may establish philanthropic naming rights plans for components of facilities (e.g., rooms within a building, athletic fields, gardens, playgrounds, etc.) subject to the following.
 - i. Assets for which naming opportunities may be offered may be valued as a function of capital costs, annual operating and maintenance costs, and desirability or marketability of the opportunity.
 - ii. The agreement is consistent with other policy.
- 2.3 Limitations or Restrictions on Community or Private Agreements
- A. Naming rights may be approved for a specific term, which may not be longer than the useful life of the property, facility, or component.
 - B. Names contrary to public policy, such as discriminatory or derogatory names will not be considered.
 - C. The donation is consistent with public policy.

Section 3. Cost Considerations on Naming Rights

- 3.1 A permanent sign, or a plaque which explains the significance of the name, may be placed at the site. Costs of the sign or plaque will be borne as follows:

Village of Glendale Policy for the Naming of Public Places
DRAFT INTRODUCED TO GLENDALE VILLAGE COUNCIL
JUNE 6, 2022; RESOLUTION 2022-17

- A. Costs of signs for Village-named streets will be borne entirely by the Village unless otherwise agreed to by the parties.
 - B. Costs of signs for dedicated and accepted streets in privately developed residential subdivisions will be borne by the Village unless otherwise agreed to by the parties.
 - C. Costs of signs or plaques for other properties requested and named by the Village will be borne entirely by the Village unless otherwise agreed to by the parties.
 - D. Costs of signs of plaques for other Village Properties requested for naming by a private person or entity will be shared by the Village and the requesting party as follows:
 - i. Costs for a plaque or sign of uniform, reasonable size which would normally be placed upon the public property will be borne by the Village.
- 3.2 The granting of naming rights will not entitle the naming entity to preferential treatment outside any specific naming rights agreement.
- 3.3 The content of any sign or plaque as required in Section 3.1 must be in writing and approved in the process under Section 4.1 below.

Section 4. Process

- 4.1 In naming public properties, initiated either by the Village or by an individual or group, the following process shall be followed:
- A. The requesting entity should submit an application to the Village Administrator's office who shall review the application and forward it to Council with a recommendation for consideration at the next most convenient Council meeting.
 - B. Upon notice of the application, the Village Council will then, by majority vote, decide whether to forward the application to an appropriate committee or whether to take no further action on the request or to act on the recommendation immediately. If the decision is to forward the application to a Committee of Council, the following procedure applies:

Village of Glendale Policy for the Naming of Public Places
DRAFT INTRODUCED TO GLENDALE VILLAGE COUNCIL
JUNE 6, 2022; RESOLUTION 2022-17

- i. The committee may obtain the agreement of the individual or next of kin in the case of deceased individuals or authorized representative of the organization.
 - ii. The committee must reach a decision for naming within 90 day or report back to Council on the need for additional time.
 - iii. The Village Council will consider the recommendation of the committee and determine, by majority vote, whether or not to approve the application.
 - iv. Approved applications must be kept on file with the Village office to provide a permanent record.
- 4.2 Size of signs and plaques and placement may be regulated by the Village Code of Ordinances and if applicable may be approved by the appropriate Village Official.
- 4.3 Tradition and continuity of name and community identification are important community values, and therefore, the intent of naming is for permanent recognition. If Council determines that renaming may be in the best interest of the Village, the following process and considerations should be followed:
 - A. Renaming a Village property, when that Village Property is already named for a person or organization, should only be undertaken where the person or organization for whom it is named is determined to be disreputable, immoral, or otherwise undeserving the honor of having it name on a Village Property.
 - B. Honorary dedications may include adding a secondary name that complements existing official names rather than replacing existing names.
- 4.4 The Village reserves the right to amend these guidelines through the legislative process.

The Police Pension Fund is a Special Revenue fund that receives revenue from inside millage totaling 0.30 mills. This amount received is restricted in use.

These Special Revenue Funds receive monies from the State of Ohio and Hamilton County through various state and local taxes. These funds are restricted to the specific function of the fund. There are also grant monies and donations received from the State and private donors that are restricted in use.

Included among these funds is the Community Fund. Revenues for this fund include donations and registration fees for the Glendale Car Show, building rent paid by the tenant of 38 Village Square (currently CF Bank) and miscellaneous donations. Additionally, the Glendale Quiet Zone project donations and related expenditures are kept in this fund.

Community events, including the Memorial Day Parade, Street Fair, Shakespeare in the Park and the Cincinnati Civic Orchestra are paid from the Community Fund.

Enterprise Fund

These proprietary funds include Water, Wastewater and Building Department. Under Water and Wastewater, there exist funds for Operating, Debt Repayment, Capital and Repair/Replacement for each utility. These funds generate revenue through quarterly utility billing, tap and meter fees, inspection fees and building permit fees.

The estimated Water debt payments for 2023 total \$200,584 and the estimated Sewer debt payments for 2023 total \$464,416.

Capital Funds

The Village Capital, Village Plan & General Improvement Fund (VPGI), and Glendale Fire Apparatus Fund are capital funds. Beginning with the 2019 appropriations, some previous expenses categorized as 'capital' were appropriated against General Fund budgets. VPGI revenue was generated by inheritance tax receipts (ending in 2012) and these funds are currently invested in CDs, Treasury notes and commercial paper, for no longer than 5-year terms. Earned interest is then reinvested within this fund.
