Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for County operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our independent audit report on the County's compliance with applicable requirements and safeguarding of public resources for the areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

AUDIT RESULTS

This report describes the overall results and conclusions for the areas we examined. In most of the areas we examined, County operations complied with applicable state laws, regulations, and its own policies, and provided adequate controls over safeguarding of public resources.

As referenced above, we noted certain matters that we communicated to County management and Board of Commissioners in a letter dated September 3, 2019, related to procurement. We appreciate the County's commitment to resolving those matters.

About the audit

This report contains the results of our independent accountability audit of Grays Harbor County from January 1, 2018 through December 31, 2018.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the State Auditor to examine the financial affairs of all local governments. Our audit involved performing procedures to obtain evidence about the County's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, based on our risk assessment for the year ended December 31, 2018, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Procurement – purchases and public works
- Cash receipting – timeliness and completeness of deposits at the fairgrounds, Planning and Building department, and the Clerk's office
- Payroll – gross wages, overtime and settlement pay
- Sheriff – property room, disposition of property, and drug seizure and forfeiture
- Accounts payable – general disbursements countywide and for Superior court
- Surplus – disposition of property
- Odyssey system – procedures over bank reconciliations, adjustments and deposits
- Financial condition and fiscal sustainability
- Open public meetings – documentation of minutes and executive sessions
