617.20 Appendix B Short Environmental Assessment Form

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information					
Name of Action or Project:					
Project Location (describe, and attach a location map):					
Troject Eocution (describe, and attach a rocation map).					
Brief Description of Proposed Action:					
Name of Applicant or Sponsor:	Telepl	hone:			
Traine of Apparation of Sponsor.	E-Mail:				
Address:					
Address:					
City/PO:	State:		Zip	Zip Code:	
1. Decided the state of the sta	11	1.		NO	\$750G
1. Does the proposed action only involve the legislative adoption of a plan, leadministrative rule, or regulation?	ocal law	v, ordinance,	-	NO	YES
If yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.					
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If			If	NO	YES
yes, list agency(s) name and permit or approval:					
3.a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed?	_ acres	acres			
c. Total acreage (project site and any contiguous properties) owned the applicant or project sponsor?acres	r control	lled by			
the applicant of project sponsor.					

4.	Check all land u	ises that occur on, adjoining a	nd near the prop	osed action.				
	□Urban	☐ Rural (non-agriculture)	\square Industrial	☐ Commercial	☐ Residential (s	uburbar	n)

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions, the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		

5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?			
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?			
7. Will the proposed action impact existing: a. public / private water supplies?			
b. public / private wastewater treatment utilities?			
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?			
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?			
	No, or small impact may occur	Moderate to large impact may occur	
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?			
11. Will the proposed action create a hazard to environmental resources or human health?			
question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explement of the proposed action may or will not result in a significant adverse environmental impact, p Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determ may or will not be significant. Each potential impact should be assessed considering its setting, probal duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, cumulative impacts.	lease comp have been in nined that the bility of occ	lete Part 3. included by ne impact curring,	
☐ Check this box if you have determined, based on the information and analysis above, and any su that the proposed action may result in one or more potentially large or significant adverse impenvironmental impact statement is required.			
☐ Check this box if you have determined, based on the information and analysis above, and any su that the proposed action will not result in any significant adverse environmental impacts.	pporting do	ocumentation,
