

City of
GREENFIELD, MASSACHUSETTS
OFFICE OF THE MAYOR

CITY of GREENFIELD
SOCIAL MEDIA
POLICY AND PROCEDURES

PURPOSE:

This document defines the social media policy for the City of Greenfield, MA, referred to herein as “the City”. This policy is intended to provide guidelines to ensure that social media tools are used properly and to address potential risks. The City recognizes that the secure use of social media can enhance communication, collaboration, and information exchange; streamline processes; and foster productivity. To address the fast-changing landscape of the Internet and the way residents communicate and obtain information online, City departments may consider using social media tools to reach a broader audience, and further the goals and missions of departments, where appropriate. The City has an overriding interest and expectation in deciding what is “spoken” on its behalf on social media sites.

This policy is not meant to address one particular form of social media; rather social media in general, as advances in technology will occur and new tools will emerge. The City also recognizes the role that social media sites play in the personal lives of some City personnel. The personal use of social media can have bearing on City personnel in their official capacity. This policy establishes guidelines for the use of social media, management of social media and provides guidance on management, administration, and oversight.
