Sewer & Drain Lining and Sewer Manhole Lining
Contract DPW 24-07
Addendum #2

August 24, 2023

The following additional questions have been received:

1) Are the police detail a pass through?

Answer:

The Contractor shall schedule uniformed special officers for any street where two-way flow of traffic will be impacted down to one lane by the Contractor's work operations. Uniformed special officers will not be needed for cross-country areas where traffic flow will not be impacted and where sewer mains are on the edge or just off-road.

2) Will the City take cleaning debris?

Answer:

Yes. The City will take cleaning debris at the Wastewater Treatment Plant located at 384R Deerfield Street.

3) Is there CCTV for these pipes?

Answer:

All of the CCTV videos and reports that are available for this project are provided by downloading them from Dropbox by invitation. Not all pipe sections have CCTV inspection videos and/or reports available.

4) Will the City be clearing the paper street easement and locate the manholes?

Answer:

Yes.

5) Is MH 1519 on Clark Street buried and is it located in the asphalt?

Answer:

This manhole is not buried and is located off pavement.
