# Sustainable Greenfield 2nd Community Gathering To Update Our Master Plan

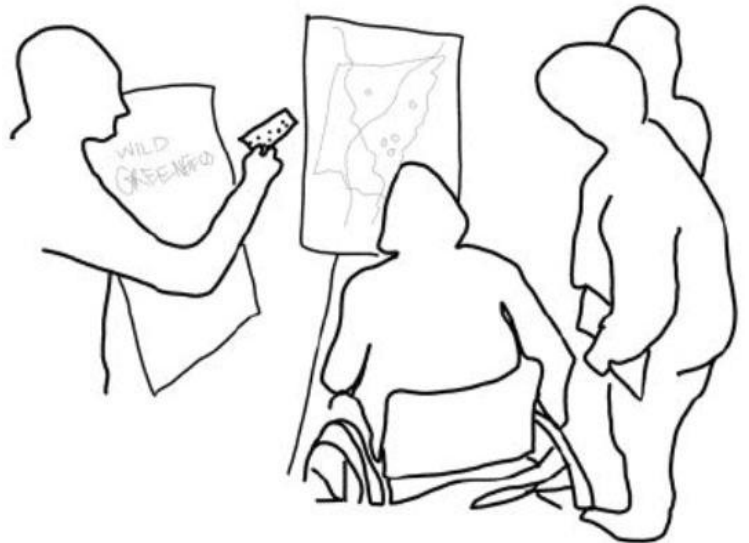

the  
Conway  
School

Monday, March 11<sup>th</sup> • 6:00 – 7:30 pm  
Zoom: [tinyurl.com/5be4a97e](https://tinyurl.com/5be4a97e)

- ✓ **Listen** to our Conway School student team as they share what they learned from community members at our first meeting.
- ✓ **Learn** about their draft recommendations on topics such as development, housing, agriculture, conservation and more for our updated Sustainable Master Plan.
- ✓ **Participate** and tell us your thoughts on the recommendations. What do you think they got right? What is missing or needs work?

*Background: This gathering is the second and final public meeting in which the Conway School will seek input from residents. Your thoughts and ideas will help us update the 2014 Sustainable Greenfield Master Plan, focusing on two chapters: Land Use and Natural, Cultural, and Historic Resources.*

*Analysis and recommendations will be developed through the lens of climate and biodiversity resilience. More info on how else to participate will be available [here](#) in the coming weeks.*
